By now I'm sure each and every one of you has seen or heard about the new "Food Pyramid" that has been released.

This pyramid has appeared on the front page of nearly every publication in the nation, from tabloids to major newspapers. It has flashed across television screens nationwide

One would think it rated right up there with a mjor earthquake (in fact it's gotten as much attention as the recent one in California) a new world leader, or a major change in U.S. Policy.

It replaces, we are told, the old "food wheel" which gave equal value to all foods.

The food pyramid which some people wanted released originally listed meats and dairy products as options!

Once more I'd like to lash out at the vegetarians. We were created as omnivores..we need a certain amount of meat in our diet.

Of course, the emphasis in the new pyramid is aimed at chloresterol..the big bogeyman in our society.

I'm not saving that it isn't a problem..or that most of us have poor eating habits.

But I am convinced that our nation is caught up in a kind of

"Fad Eating' Whatever the new health food craze is ...millions of us herd together and stampede right towards it.

Back in the 50's we were all urged to eat lots and lots of eggs, milk, cheese and red meat.

During the 70's it became the "thing" to eat "organically grown" food.

Lately it has been low fat, low salt, high exercise that we have been bombarded with.

Yet, as research continues, we are told that "well, there's good chloresterol and bad

chloresterol' Then there's the report that says salt may not be the culprit in high blood pressure we once thought it was-only some people are "salt sensitive" . Lack of calcium may be a bigger prob-

So why don't we wait a while, eat sensibly, and not jump on very band wagon that trundles down the road?

Probably because we are bombarded with new studies, findings, and ideas from all quarters. And who benefits the most? The food and fitness industry, which has hoardes of researchers figuring out new catch words and new ways to market millions upon millions of dollars worth of "healthy" foods!

There is no telling how much money has been spent on the creation "food pyramid". It has been "released" on the world as if something major had occurred. Just tell me though-what has

The Country Cooking Column is coming to you this week from the dining room of Lenita and Earl Unruh. Being married for 16 years and originally from the Texas Panhancle, they have made Milton their home for the last 11 years. They have three sons: Isaac, 15; Chris, 10; and Trey,

8, all of the home. The Unruh's attend

the Church of Christ in Blossom.

Lenita's hobbies include sewing, flower gardening, sports, cooking, traveling, camping, shopping, garage sales, collecting antiques, drawing hous plans and school events. She enjoys sewing for herself. She doesn't sew for the boys since they donb't wear ruffles and lace. She enjoys decorating the house with such things as wallpaper and especially loves to shop. Her philosophy is "shop til you drop". Being the chief go-fer and secretary of their business, she stays very busy. She also enjoys working with the computer.

The family travels to Colorado every summer, and it is one of her favorite places to go. She has only mixxed about six summers going there during her entire lifetime. Having three boys and all are involved in some sporting activitiy, it keeps her hopping from place to place. Lenita and Earl designed their dining room lately to occupy two special hutches. One belonged to her grandmother and the other was Earl's grandmothers. Being co-president of De-

port PTO this year, the club has been very active with different events.

You can notice in the picture Lenita collects Hershey cookbooks and this has been her nickname all through her life. Her mom and dad are Sue and Joe Hershey from Texline. Lenita loves chocolate and loves to cook with it. She is sharing several of her favorite recipes and we hope you enjoy them. The Brownies came form her parents and this is one of the first foods she learned to cook. The Potato Casserole recipe came from a Mennonite cookbook about six years ago and was recommended by her sisterin-law, Laura Hershey of Amarillo. This is one of Isaac's favorites and a dish he often prepares himself. The Chocolate Upside Down Cake

came from Earl's family about 16 years ago and is his favorite dessert. The Crazy Crust Pizza is a fast food when you are in a hurry and it is excellent. This recipe came from a cookbook about two year sago.

The Hershey Bar Pie came from her sister-in-law, Letha Hershey of Colorado about five years ago.

We hope you enjoy the recipes this week and if you have a suggestion, request or a recipe to share, call 652-6032 or write to Rt. 1, Box 56C, Deport, TX. I am also including a recipe for syrup pie. Thanks to Kitty Mays of Clarksville for sharing it with us.

Patriot Sports Report

Pats Move Into Tie For First

By David Singleton

The Prairiland Patriots used heavy hitting and solid pitching to move into a tie for first place. Back to back 11-1 victories over Mineola and Rain shave positioned the Pats to make a run at the District 13-3A title.

Winnsboro and Prairiland each have identical 6-3 records in conference play. A win against Wills Point Tuesday will ensure a trip to the playoffs, but the Pats hope to win the title and advance as the first place team.

In Tuesdays game against Mineola, the Patriots used 11 hits to crush the rival Yellowjackets. Chad Whitley led off the third inning with a long homer over the left field fence. This upped the Pats lead to 4-1.

Larry Smith followed with a walk, and Patrick Williams doubled pinch runner Jeremy Pasquill Ito third base. Brandon Bell doubled in Pasquill and sent Williams to third. Shortstop Jimmy Little proceeded to lay down asacrifice squeeze bunt to score

Williams, Mark Farris drew a walk to put runners at the corners, and an errant throw to third base allowed Bell to scamper home.

Up-stepped left fielder Shane Morton who promptly delivered a two run home to give the Pats a 9-1 lead. James Freelen followed with a single, and Whitley struck his second massive blow in the inning, a left field triple.

Friday's game with the Rains Wildcats finished with similar fireworks. Teh Pats scored three runs in the third, taking advantage of Wildcat errors and RBI's by Bell and Whitley . But unlike Tuesday's game, this contest was decided in the fifth in-

Freelen started the rally beating out an errant grounder. Whitley sent Freelen to third on a ground rule double. Larry Smith was safe at first on another Wildcat fielding error. Freelen scored and Whitley moved to third base. Pasquill entered the game to run for Smith, and be promptly stole second base. Cody Bowen grounded to third, but the Rains third baseman threw wide to the plate and Whitley scored.

Williams singled to right scoring Pasquill and sending Bowen to second. David Singleton lined a single to center scoring Bowen and Williams. Jimmy Little followed with a single putting runners at the corners. Singleton stole home on a wide pitch and Little moved around to third. Jason Whitley walked and stole second

With runners on second and third, Morton singled in Little and sent Whitley to third. An errant pick off at third sent Whitley in for th eleventh Patriot run. The game was called due to the ten run rule.

Brandon Bell recorded the pitching victory, and he gave up five hits. in five innings.

other man-made structure, which by reason fo faulty construction or other cause is liable to cause injury or damage by collapsing or by a col-lapse or fall on any part of such

(d) Any building, shed, fence or other man-made structure which because of its condition or because of lack of doors or windows is available to or frequented by malfactors or disorderly persons who are not lawful occupants of such structure.
(e) All buildings or structures that

have become deteriorated to the extent that the roof, windows and doors or any other portions of the building or structure which protect from the weather will no longer reasonably protect from the weather, whether such deterioration results from natural causes, or through damage from exposure to the elements (especially wind, hail or rain) or through fire or through any other

(f) All buildings or structures rated that they are in danger of col-lapse, or which cannot be expected to withstand storms such as may be reasonably anticipated in th earea.

(g) All buildings or structures ructed hereafter which are not conformity with the city building code as same now exists or as it may have been amended to exist at the

time of such construction. (h) All buildings or structures as are now constructed, or as are permitted to be constructed in the future, so as to constitute a menace to health or safety, including all conditions conducive to the harboring of rats or mice or other disease-carrying animals or insects, reasonably calculated to spread disease, and including such conditions hazardous to safety as inadequate bracing or the use of deteriorated materials. Section II-Substandard buildings or structures declared public nui-

sance.
Substandard building or structures within the terms of this article which shall constitute a menace to the alth, morals, safety or general if are of the occupants thee of or of the public are declared to be public nuisances and shall be ordered to be vacated, repaired or demolished as provided in this article.

Section III-Inspection of buildings as structures reported substan-dard; preparation, filing, distribu-

tion of report.
The Mayor, any member of the city council or any city personel may direct the building inspector to make an inspection of any building or structure in the city reported to be or believed to be substandard as defined by section I and upon being so directed, the building inspector shall make such inspection. He shall prepare and file with the Mayor, the council or city personel a writt4en report of said inspection, giving therein a general description of the building or structure in question, a

description of the land on which it is located and street address, and stating his opinion as to whether or not such building or structure should be ordered to be vacated, repaired or demolished as provided in this article. In addition to this inspection and written report, the city council may direct the city personel to en-gage some person other than a city employee to make an inspection of said building or structure and to prepare and file a written report with the Mayor or council based upon said inspection and containing the same information required in the above report by the building inspector. Upon the filing of said written report or reports, the city personel will have copies thereof prepared for and distributed to the Mayor, each member of the council and city

Section IV-Conditions, regulations and procedures for declaring building or structure substandard. Final determination of whether a building or structure is substandard and required vacation, repairing or demolishing shall be made under the

following conditions, regulations and procedures: (a) Emergency measures. When there exists an emergency, as defined in the following subparagraph, certain measures which may be taken, notice which shall be given of the order therefore and the procedures which shall be followed in carrying out said measures are as

(1) When it shall appear to the city building inspector that a building or structure in the city is a substandard building under the terms of this article and that such building structure or the manner of use constitutes an immediate and serious danger to life or property, the condition shall be deemed to justify the use of emergency measures and upon being so advised by the city building inspector, the mayor, city council or city personel may order any of the fol-lowing emergency measures to be

(A) Immediate vacation of such building or structure or of adjoining building sor structures;
(B) Vacation of the danger area

around such building or structure; (C) Such emergency shoring up and bracing of walls, roofs and supports as are required to render such building or structure safe; (D) The destruction of such walls,

roofs and supports or of the entire structure or so much theeof as can-

(E) Posting of notices on or near such building or structure which notify the public of such orders an order all persons to keep out of such building or structure and the areas of

danger surrounding it.
(2) When any of the above-mentioned measures are ordered to be taken, notice of such order shall be given as follows:

(A) Except as provided by (B) below, a copy of said order shall be delivered either personally or by certified mail to the person or persons shown by the tax rolls of the city and county to be the owner or owners of said building or structure:

(B) In the event personal service cannot be made and the owner's address is unknown, such notice shall be given by publication at least two (2) times within ten (10) consecutive days in a newspaper or general circulation published within the city; provided however, that if in the udgement of the city building inspector the notice requirements set forth herein and in (A) above would create such delay as would materially increase the danger to life or property, such notice need not be given to taking the measure which has been ordered. It shall be sufficient in such case for notice to be given within a reasonable time after

he measure has been taken. (3) In the event that the notice required above cannot be given or is unnecessary, or in the event that such notice is given and the owner or owners shall fail or refuse to carry out such orders-either by private contract or through an agency of the city-and the cost thus incurred shall constitute a valid lien against the property upon the filing of a state-ment of the expenses incurred with the county clerk of Titus County.

(b) Normal procedures. Where an emergency does not exist, the following steps shall be taken to deter-

mine whether or not a bulding or structure is substandard and the action to be taken if said building or structure is determined to be sub-

(1) After the reports have been filed, as set out in Section III, the city personel shall set a date for hearing the report by the city council and the owner or owners of said building shall be given notice of such hearing

(A) The notice shall be written and shall be directed to the person or persons shown by the tax rolls of the city and county to be the owner or owners of such building or structure. Said notice shall state the date, time and place of said hearing and city the owner or owners to appear and show cause why such building or structure should not be declared to be substandard and why such owner or owners should not be ordered to vacate, repair or destroy

said building or structure. A copy of the building inspector's report shall accompany the notice.

(B) Except as set forth in (C) below, a copy of said written notice shall be delivered either personally or by certified mail to said owner or owners, or an authorized representa-tive thereof if the same be known, and shall be so delivered not less than ten (10) days prior to the hear-

(C) In the event personal service cannot be made and the owner's address is unknown, such notice shall be given by publication at least two (2) times within ten (10) consecutive days in a newspaper of general circulation published within the city and by posting a copy of said written notice in a place of prominence on the building or structure in question at least ten (10) days before said

(2) At the time and place stated in the notice of hearing, the city council shall hold said hearing and the owner or owners may make such presentation as he or they desire. After the hearing has been closed, the council shall then make a final determination of whether or not such building or structure is a substan-dard building or structure. If the council determines that the building or structure has the appearance of being abandoned or is uninhabitable, that it is not repairable, and that it constitutes a nuisance to the citizens of Talco, or a fire hazard to the surrounding property, the council shall issue such orders as shall appear reasonable necessary to pre being a hazard to life or property and to eliminate the substandard quali-ties of the building or structure,

including but not limited to: (A) Order demolition of said building by the owner or
(B) File suit in the appropriate. court seeking an order declaring the building or structure a nuisance or

fire hazard and directing its demoli-

(C) Order the owner to proceed to make repairs.
Section V.-Council to furnish owner copy of findings; time limit'

destruction by burning.
A copy of the council's findings and order set forth in the preceding section shall be delivered either personally or by certified mail to end owner or owners, or an authorized representative thereof if the same be known, and the owner or known, and the owner or owners shall have thirty (30) days in which to comply with the order to repair or demolish and clear the premises. In the event such personal service cannot be made and the owner's or owner's address is unknown, such notice of the council's findings and order shall be given by publication at least two (2) times within ten (10) consecutive days in a newspaper of general circulation published within the city and by posting a copy of said written notice in a place of prominence on the building or structure in question. There may be instances in which the structure could be destroyed by

ming, and if the owner will agree to a destruction by burning, the matter will be referred to the fire chief who will determine whether or not the structure can be burned without danger to surrounding properties and if so, it will be burned at the city's expense and under direction of the fire chief; provided however, the owner or owners shall be responsible for the removal of all debris and rubbish from the premises after the structure is burned and for the

cost of same Section VI-Failure of owner to comply; demolition by private contract or city; cost to constitute lien;

If the owner does not repair or demolish in the time set out in the order of the city or the court, the city may proceed by private contract or by the city, to demolish the building or structure and clear the premises. In the event the building or structure is demolished, the cost thereof shall be charged to the owner and shall be secured by a lien on the property. The Mayor and council will determine this cost and cause the same to be filed in the deed records of Titus County, along with a description of the property and this lien shall be foreclosed as in Article 342.007 of the Texas Health and Safety Code Section VII-Failure to comply

with article constitutes misde-

meanor, penalty.

Any person who shall willfully refuse or fail to leave a building which has been ordered vacated under the terms of this article, or who shall enter a building which has been ordered vacated under the terms of this article, or who shall enter ar area around such building that has been declared to be dangerous and notice of which declaration shall

have been posted, and any person who shall interfere with or hinder the vacation, repair or demolition of any building under the terms of this article shall be deemed guilty of a misdemeanor and shall be subject to a fine as provided in Section IV of the Code, and each and every day's violation shall constitute a separate and distinct offense. In case the owner or occupant of any substan-dard building ordered vacated, re-paired or demolished under the terms of this article shall be a corporation and shall violate any provision of this article, the president, vice-president, secretary or treasurer of such corporation, or any manager, agent

or employee of such corporation shall be also severely liable for the penal-ties herein provided.

PASSED, APPROVED AND ADOPTED THIS 27th DAY of April, 1992, by the City Council of the City of Talco, Texas.

K.M. Sloan, Mayor

Jone Clemmons, City Secretary 5-7
