

**Nichols
Worth**

By Nanalee Nichols

What price can be placed on friendship? They just don't make that much money in the world! Thomas and I have just returned from vacation...10 days of gorgeous unreality.

But, for a while it looked as if there wouldn't be a vacation...because everything that could go wrong was.

It's always hard to get off on a trip in our business.

Stuff has to be prewritten, arrangements made for delivering the papers, people have to be lined up to take care of the house, the animals, the cattle.

To complicate matters further this year we had four heifers about to calve.

Of course, one of those heifers calved two days before we were due to leave...and didn't have a clue as to what that calf was.

She simply didn't want the baby, didn't like it, wouldn't have it.

Being rather isolated, we always have our close friends from Paris in to housesit, feed the menagerie, and water my multitude of plants. Usually it's fun for them...they sun on the deck, cook on the grill, generally enjoy the change.

They moved in, fed the inside cat, the outside cats, the dogs and ducks, watered the inside plants, watered the outside pot plants and watered the outside flower beds.

Their teenage son went up every evening and put the cow in the chute so that the calf could eat. He was unable to do it in the mornings because it was still dark when he had to get up and ready to drive to school.

So another friend got up early every morning and repeated the process. Still another friend was on "standby" to fill in if one of the other two couldn't be there. And finally, there was a young friend who was going to take the calf to bottle raise if that became the best option.

When we arrived home it was to find all was well.

Our plants were well taken care of, the dogs and cats were happy, the cow still doesn't know what that little thing following her around is, but at least is "chute trained", the last heifer is safely calved and the office staff had taken exquisite care of virtually everything that needed tending care of.

We handed out gifts, but just don't have enough money in the world to buy what all these good friends deserve!

It's incredible the amount of time and trouble these people went to so that we could have our yearly 10 day vacation from reality.

Most of us have friends like this...people who are willing to do whatever is necessary...who would, as the expression goes, "go above and beyond the call of duty" to help another.

They are beyond price...but one thing each of us can do is express our sincere appreciation to them now and again.

That's what I'm doing right now...saying "Thank you, thank you, thank you" to each and every one of them.

Do you have some friends who need thanking too? Most of us do.

A Plea For Help

There is a problem at the Deport Post Office. I would like to ask for the help of each and every citizen in Deport in solving this problem.

If the problem cannot be stopped then there will be no alternative other than locking the post office lobby when I leave at 4:00 p.m. each day. This is a step that I DO NOT want to have to take, since I know it would be a great inconvenience to many, many people who collect their mail after post office hours.

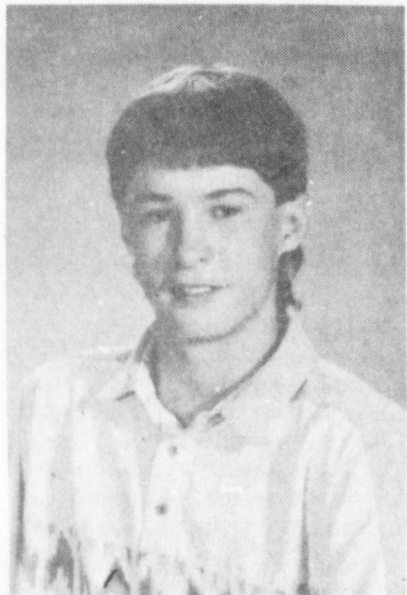

Someone is vandalising the banners, posters and notices that are up in the lobby e. Even worse they are urinating on the floor and in the waste basket! This is a federal offense that could result in severe penalties for the person committing these acts.

Almost daily I am having to mop and clean up this filth. It cannot continue. It is unpleasant not only for me...but to those who come into the post office.

I am asking for the help of any and every citizen in Deport in bringing this disgusting problem to a halt. If you see anyone "hanging around" the post office, or catch anyone acting suspiciously, please notify me or call the authorities.

If you have any idea who might be doing this please tell in confidence and I will take proper steps. Help bring this problem to a halt before the actions of one or two people results in inconvenience for many.

Sincerely,
Barbara Sadler, Deport Post Master

Grandson of "World's Biggest Man" Spends Christmas With Deport Kin

(Reprinted From The Deport Times, publication date unknown)

Being grandson of the "biggest man in the world" makes J.A. Wadley, former Deport man, a target for a barrage of questions wherever he goes, even though he is not physically a chip off the old block.

Mr. Wadley, who resided at Deport for four years in the 1890's... (the following portion of the article is unreadable)... He is the son of of Henry Wadley and Mary Darden, his ... (unreadable)... being a daughter of the famous Mill Darden, reputed to have weighed 1040 pounds before his death.

The giant was born in the hills of North Carolina in 1799 and moved to Henderson County, Tennessee in 1822. He was said to have stood seven feet and six inches and to have

worn a coat that could be buttoned around three men, each of whom weighed more than 200 pounds. Mrs. Wadley recalls that his trousers waistband would button around seven averaged-sized women. This remnant of clothing was kept as a family heirloom until in 1880 it was put on exhibition at the Nashville State Fair.

His appetite and ability to stow away food was the talk of his part of Tennessee in his day. His traditional breakfast consisted of 40 biscuits, a pound of butter, two and half pounds of bacon and... (unreadable)... The uncrowned king of... (unreadable)... of his day established a record even in death. His special-built coffin occupies a grave... (unreadable)... feet and six inches long and is buried beside his wife, who weighed only 99 pounds.

Her name was Tamesia Cooper.

Mr. Wadley, who will be 72 next July, says there were no Fairbanks scales in his grandfather's day and the way they arrived at his great weight was to mark the wagon springs when he sat in the seat and then to put other weights on the seat when he got off.

Having many old-time friends in this section, Mr. Wadley orders The Times sent to his address, R5... (unreadable), Tennessee.

G.D. Pomroy, 601 Old Jefferson Road in Paris is seeking some help from our readers. He has found a clipping (reproduced above) which has no date concerning relatives of his. Anyone who might be able to tell him the time this took place or any other information is asked to contact him. Ed.

Country Cooking

By Gernie Bankhead

GETTING INGREDIENTS ready for her Dump Cake is Rita Daugherty, who is sharing

in this week's Country Cooking Column. (Staff Photo by Gernie Bankhead)

The Country Cooking Column is coming to you this week from the kitchen of Rita and Roger Daugherty. Originally from the Dallas area, they have been married and have lived in Blossom for 18 years.

Rita and Roger have three children: Roger Jr. and wife Debbie and two children of Blossom; Steven and wife Debbie and one child of Paris; and Traci of Paris. They attend the Our Lady of Victory Catholic Church in Paris.

Rita is a bookkeeper for Wells, Billman and Associates, a CPA firm in Paris and has been with them for six and one-half years.

Hobbies of hers are camping, making crafts like painted shirts, fishing and cooking. Their favorite camping spot is Cypress Springs, but they spend a lot of time at Pat Mayse Lake.

Rita has chosen a variety of recipes to share this week and we hope you enjoy them.

The Pinto BEans and Hot Links are originals of Roger's. He created the recipe about one year ago.

The Mexican Dinner recipe came from a friend in Tennessee about six years ago.

The Peach Dump Cake recipe came from a recipe book long ago and she recently changed the original recipe to this one using peaches. You can use any fruit you wish.

The Cowboy Coffee Cake came from a pamphlet about 15 years ago. She used to make it for the kids breakfasts when they were at home because it is fast and easy and the children really enjoyed it.

The Ginger Crinkle Cookies came from her sister-in-law Hilda Snow, about five years ago.

The Pudding Pecan Pie came from "Mr. Foods" about six months ago.

The Fruit Salad came from her late mother, Francis Rains, about 10 years ago.

We hope you enjoy these recipes and if you have a suggestion, a recipe to share or a request, call 652-6032 or write to Rt. 1, Box 56C, Deport, Texas.

Nursing Home Residents Entertained With Party

Residents of Deport Nursing Home were entertained with a party on May 12, hosted by the Kirkland Bible Class of the First United Methodist Church.

Betty Warden presented a program of "Western Music Brought Alive". The residents all participated with various movements to the music. Special dances were presented by Delilah Currin, Ester Malone and Pat Jones while Casey Grant performed an amusing rendition of the Charleston and along with Suzy Kelsey, a mighty fine bit of the Jitterbug.

The refreshment table featured a dark rose cloth, centered with a floral arrangement of day lilies, honeysuckle, Queen Annes lace and mint leaves, arranged by Dawne Darden.

George Ann Garrett prepared trays of tasty sandwiches which were served with chips, olives, cake, cookies and punch.

McClass members prepared bags of cookies and cakes for the residents to take to their rooms.

Frankie Archibald, accompanied the group at the piano for group singing.

The party was part of the class's Outreach Ministry. The class tries to

care for various needs of the residents throughout the year. Clothing, hair care, visitation and reading material are provided. They seem to really enjoy having the adult Bible studies in parge print, which the class provides quarterly.

Some of these residents have no family, so a visit to them would be most meaningful.

Pats Take Second, Advance To Play-Offs

By David Singleton

The Prairiland Patriots finished the 1992 regular baseball season Thursday afternoon at Pattonville.

The Pats overpowered the Wills Point Tigers 9-0 and moved into a first place tie with Winnsboro.

The Patriots started their attack in the bottom of the first when Shane Morton walked and took second on a balk call. James Freelen singled in Morton, but he was gunned down trying to stretch the hit into a double.

Chad Whitley singled, stole second, and scored when Cody Bowen doubled to left field. Patrick Williams singled in Bowen and David Singleton walked to put runners at first and second. Jimmy Little slapped a single up the middle, scoring Williams.

Morton stepped to the plate for the second time in the inning, and he promptly drove the ball to left center, scoring Singleton and Little. Freelen got his second hit of the inning, scor-

ing pinch runner Jason Whitley. When the smoke cleared, the Pats closed the inning out sporting a 7-0 lead.

Freelen picked up his second and third RBI in the third inning, upping the score to 9-0. Mark Farris kept the Tigers frustrated all day. They managed only one hit in seven innings, and twelve Tigers went down swinging at the plate.

Saturday night found the Patriots at North Lamar's field taking on the Winnsboro Red Raiders. James Freelen singled in the first, and Chad Whitley was safe on an error. But the inning ended with Freelen sliding into a tag on an attempted double steal.

Brandon Bell retired the Raiders in the bottom of the first on three fly balls. Bowen reached second on an overthrown ball in the top of the second, but a great leaping grab of a hardliner off Little's bat ended the inning without a score.

The Pats managed runners at first and second in the top of the third, but as in the first two innings, they could not get the clutch hit needed to score.

The Raiders picked up the first run of the game in the bottom of the third and that lead held up until the top of the fifth. Little opened with a single. Bell failed to move him along, but Morton singled to plate Little and tie the game.

In the bottom of the sixth, the Raiders scored a run off of a walk and two singles. Mark Farris relieved Bell on the mound, but an errant pick off at second allowed another run to score.

Morton managed a single in the final stanza but was left on first when the game ended. Winnsboro was awarded the District 13-3A championship and will advance as the number one seed into the play-offs.

Prairiland will face the Queen City Bulldogs in the first round of bi-district play this week.

VFW Post 3990 & Auxiliary To Sell Buddy Poppies

The VFW Post 3990 and Ladies Auxiliary will have a Memorial Day Service beginning May 23 with the sale of Buddy Poppies at various places in town.

The sale of Buddy Poppies preceding Memorial Day is the traditional way to bring attention to the sacrifices made by the nation's war dead in their struggle to keep America free.

Proceeds from the poppy sale are used exclusively to assist disabled

and needy veterans and the widows and children of deceased veterans.

On Monday, May 25, a Memorial Day Service will be held at the Post Home in Reno at 11 a.m. with a POW/MIA candlelight service to follow.

Everyone attending will be treated to a meal furnished by the VFW and Ladies Auxiliary. The public is cordially invited to attend.

Arm your home against energy waste with caulking and weatherstripping

Wipe out air leaks around windows and doors, and you can declare a victory in the battle against energy waste. Caulking and weatherstripping are your best weapons in this fight against leaks... leaks that can waste from 15 to 30 percent of the air you pay to heat and cool.

Caulking and weatherstripping are highly effective, but they're relatively inexpensive — and easy. You can probably caulk and weatherstrip your home in a weekend.

For more information about fighting energy waste, call or visit your local Texas-New Mexico Power Company office and ask for the free brochures, "Straight Talk about Weatherstripping" and "Straight Talk about Caulking."

Anaplasmosis. An infectious disease of cattle caused by a blood parasite, *Anaplasma marginale*, which destroys red blood cells and results in an anemic condition in cattle. The disease is most prevalent during the summer months and is more common in the Plains and Gulf states.

A DEAD COW COULD BE A SIGN THAT IT'S IN YOUR HERD.

For some producers, dead or dying cattle could be the first sign of Anaplasmosis in the herd. It pays to know the symptoms: yellowed eyes and muzzle, loss of appetite, weakness and an unsteady gait.

It also pays to know ways to prevent Anaplasmosis. After all, avoiding the problem is easier and less expensive than treating the problem.

The simple and inexpensive solution to this complex problem is Purina's Mills Anaplasmosis Block. The only approved block to aid in the prevention of Anaplasmosis. Place them in key areas whenever biting or bloodsucking insects are present. These blocks contain Aureomycin™ and will give you convenient and effective Anaplasmosis prevention for only a few cents per head, per day. There's none of the added aggravation, labor and expense that is associated with vaccination programs.

So prevent Anaplasmosis before a dead cow shows up in your herd by using the Anaplasmosis Block with Aureomycin from Purina Mills.

Once More To The U.K!

Once again we have been on our yearly vacation trek. Once more we feel a little embarrassed to print an account of our journey, but folks tell us they do enjoy them. If you don't care about them...just pass this story by!

When we began planning for a vacation this past January we fully intended to travel with our friends, Richard and Helen Nance, up to their old "stomping grounds" along the north west coast in Washington and Canada.

But when the great airfare to London came up, I gave my sales pitch for that!

We arrived after the eight and one half hour flight (overnight) red eyed and stiff, like every other person on the plane, except for those affluent souls who can afford first class.

A quick trip to our hotel resulted in a shower, clean clothes and then it was off for a half day tour to Leeds Castel (not to be confused with Leeds,

Leeds castle is surrounded by 500 acres of landscaped beauty.

The Duckery has pools and ponds, and is thick with dozens of varieties of ducks, geese and swans, including a number of pairs nesting on little islands in the middle of ponds, or under scrubs. It was a bit startling to be walking along a path and hear a sudden hiss as a protective nester warned us away.

Up the hill the castle reared in majestic beauty. The foundations date from the 13th century! The inside rooms are handsome, set with tiny panes of leaded glass, furnished with beautifully polished furniture dating from the 15th and 16th centuries.

The floors were of English oak, planks well over a foot wide and virtually knot free.

We wandered our way through the galleries where minstrels used to play, through the great hall where fresh flowers graced a dining table that would seat 50 people.

Purple flowers grew in the cran- nies of the massive stone walls as we emerged into a gray but rainless day.

We trotted up the hill for a cream tea, then. Seated under a thatched roof and oak beams we drank the ubiquitous hot tea, and devoured thick raisin studded scones smothered in whipped cream.

Thus refreshed in spite of having been up for almost 24 hours, we wandered back down the hill past massive horse chestnut trees and cedars that loomed above us with the growth only several hundred years can give.

Rocking along on the bus it seemed that we would surely go to sleep on the return trip, but we finally got back to the Kennedy Hotel to find our good friend, Mic Fuller, waiting for us in the lobby!

Hugs and kisses were exchanged and we gabbled and gossiped after not having seen our English friend for two years.
