All I wanted to do was kill some flies. How could anything so elemental become such a major ordeal?

But, it didn't begin with flies. It began with kittens. To be precise, it began with two orphaned kittens that I had finally taught to eat out of a saucer.

Just big enough to suck up milk and thinned down cat food, the kittens were happy out in the laundry room. The only thing was, the flies tried to get to the food too.

Not being a fly aficionado, I pondered how best to eliminate the pesky winged marauders. The "No Pest" strips that used to work so well have been eliminated from the market. Sprays would undoubtedly settle on things kittens roll on, lick or generally come in contact with. I wasn't in love with the idea of sitting in the wash room with a fly swatter all the time, either.

So, I bought a fly trap. That's what they call this devilish article...a fly trap. I thought that meant it was something that lured the flies inside where they died.

But no...it was a round cardboard tube covered with gummy, sticky, gooey, disgusting stuff!

Still, it seemed a good idea. I was careful to mount it high up on the side of the freezer so that no kitten could get into it.

For two days all was well. The flies were entangled in the sticky mess and died. The wash room was considerably more fly free.

But Friday night I was in a hurry. As I prepared to put down the dish of kitten-supper I made an error in judgement...a serious one.

As I was raising up from my feeding chore my bare arm, back at that unreachable area on the shoulder, brushed the trap. It stuck. Being a little larger than a housefly I thought I could pull free. I did. The only problem was that the fly trap remained stuck to me instead of remaining on the freezer.

Of course, the only way to get hold of this disgusting article was to grasp it firmly with one hand and yank. This resulted in the fly trap coming off my arm...but remaining firmly glued to my hand! I had to carefully pry it loose with the other hand. I felt like Brer Rabbit with Tar Baby!

The worst was over, right? Wrong!

I found myself liberally smeared with this gooey mess, and decorated with a few dead flies too! Oh, Yuck!

I tried soap and water. No use. Fingernail polish remover...Un. Alcohol...Nope. I even tried hair spray. Nothing doing. I was beginning to panic. Visions of spending the rest of my life decorated with fly stickem appeared. I simply couldn't continue to exist coated in glue and dead flies! To make a bad situation worse I was starting to break out under the glue!

Finally, Thomas arrived to save the day. He thought of using paint thinner. That did the trick.

Ahhh, to be fly and glue free.

Looking back I realize it was one of those magic moments that could have captured big bucks if put on video. However, I'm not willing to repeat the whole scene to be filmed.

The fly trap? Oh, it's nailed up near the ceiling, far, far out of even my accidental reach!

Beware of Telephone Scam

Attorney General Dan Morales has warned Texans to beware of telephone solicitors posing as Internal Revenue Service agents.

In this scam, people are told they have just won a contest and qualify for a large award, provided they first pay federal taxes on the award. The victims are told to send the money to

a bogus IRS address and then never see their supposed "Winnings".

Morales said persons called by someone making this offer should write down who they claim to be and the type of offer; then notify their local Better Business Bureau and the nearest office of the Attorney General Consumer Protection Division.

MARLENE MORGAN of Deport is the featured cook in this week's Country Cooking Column. (Staff Photo)

Country Cooking

By Judy Screws

This week I went to Deport and visited in the home of Marlene and Gary Morgan. Once again, I am faced with the dilemma of condensing what I want to write to fit in the allotted space.

I've learned that you often meet the folks you want to continue knowing through the children in your life. Marlene and I met through my granddaughters and her granddaughter, Leslie Spangler, who is the daughter of Marlene and Gary's older daughter, Tiffany. The Morgans also have a younger daughter, Erin Wright. Erin and her husband, Ronnie, have two children, Justin and Mallory.

Marlene, who is a supervisor in the drive-through division of Lamar National Bank, just lights up when she talks about her job. She says that she just loves the job and the people she works with. Gary works at Phil Whitaker's Pawn Shop and is involved in leather work and archery. He is also learning to paint. If the pictures hanging on the walls in their home are any evidence, I'd say he has already learned. Marlene's hobbies include cross stitch, sewing and reading. Her favorite books are mysteries. This alone puts her in a class of special people. Folks who love mysteries are real people. I've even been known to read a mystery at times. Every time I can get hold of one.

Marlene originally came from Arizona. Her parents and her grandmother still live there. She was able to vacation for two weeks this year with her family there and says she had a wonderful visit.

Marlene is an active member of the Church of Jesus Christ of Latter Day Saints in Paris. She has taught the Primary group for many years and expressed how very pleased they are with their new church building.

When I asked Marlene what she enjoyed cooking the most, she said that most of the time she cooks easy things that she can put together without much fuss. Then at Thanksgiving and Christmas she cooks everything she can think of.

Glenda Shumway, Marlene's stepmother, gave her the Steak Bake recipe 26 years ago. She was given the Favorite Cookie Recipe by a good friend, Pam Price, who has since moved to Wisconsin. The Hamburger Pie recipe came from a Community Public Service cookbook and Melissa Taack gave her the Layered Cornbread Casserole recipe.

I'm afraid I overstayed my welcome at Marlene's. We had such a nice visit, we couldn't seem to find a quitting place.

Don't forget to call and write in suggestions and recipes to Box 293, Bogata or call 632-4543.

Twenty years ago our family moved to Bogata to be associated with James Grant in the operation of Grant Funeral Home of Deport and either town or surrounding communities. You folks took us under your wing, loved us, cared for us and made us feel as though we were one of you.
We now have been fortunate enough to purchase the funeral homes and not only express our deepest appreciation for your past support and encouragement, but promise you the very best in service and dedication in your needs.
Thank you for caring about us and for your love and appreciation. We intend to make you proud of our dedication to this area and to its people.

Patriots Lose To Fast Foxes

The Prairiland Patriots were plagued by fumbles and left Caddo Mills with a 14-0 loss.

The Caddo Mills Foxes received a thorough pounding from the varsity patriots for a 0-0 halftime score, but some swift moves and some Patriot mistakes resulted in the second half win.

Prairiland began with two speedy first downs, but fumbled on the third down.

A second possession saw James Dudley at the Fox 7, but a 10 yard penalty interrupted that drive. Chad Whitley's fourth down pass was intercepted in the end zone by a Caddo Mills player.

The Patriots took possession for the third time at the 10 yard line and

an 18 yard Whitley keeper, with another nine added on had things looking good. Twenty-five more looked even better until a clip nullified it.

A field goal attempt was short from 29 yards out, though, leaving the Patriots scoreless. At halftime Caddo Mills had 41 yards offense.

After the half however, the Foxes came back with a different strategy that changed the game entirely.

The Foxes were unstoppable mounting up a 57 yard drive.

Excellent defense by Cody Bowen and Stephen Swaim stalled the drive on the 20, and a penalty after 3rd down had Caddo Mills with a 4th and 20 at the 30 yard line.

A pass ended on the five yard line,

but the Foxes punched it on through with a good extra point.

Dudley racked up 25, then Whitley passed to Brandon Johnson for nine more yards. Three first downs took the patriots fifty yards, until they were foiled by a fumble.

Once more the Patriots drove down field, from their 15, using Whitley, 10 by Dudley, and 8 to Bowen. A lost fumble ended their hopes.

An escaped Fox went 28 yards to rack up the last score of the evening.

The Patriots had 5.2 for each rushing attempt, Whitley completed seven of 18, using five different receivers.

The Patriots will play Valliant At Valliant this Friday night at 8:00 p.m.

JV Defeats Caddo Mills

By James Taylor
The Prairiland Junior Varsity squad opened the 1992 season with an impressive 13-0 win over the Caddo Mills Foxes.

Prairiland's defense was applying constant pressure to the Caddo Mills offense. When the Foxes quarterback went back for a pass, he repeatedly felt the heat from Jason Pruet, Chris Bramlett and Thomas Wheelchel. To the despair of Caddo Mills, their running game wasn't working either. Even if Caddo Mills did break a good run, Jerry McClure was there in the secondary eagerly awaiting to stop the runner.

After two quarters had gone by, the scoreboard read 0-0. However, when the third quarter began, the Patriot offense came alive. With good runs by Pruet, McClure and John Lewis, Prairiland found themselves

on their own 6-yard line. Coach Baker called a running play, that once again went to Pruet right up the middle for the score. Pruet also kicked the extra point.

The final quarter started with the defense of Prairiland still holding. Once again it was time for the offense to shine. And that it did. With good blocks by the line and running back Chris Bramlett, the other backs had a chance to "fly". Just when Caddo Mills felt that nothing else could go wrong, it did. What went wrong for the Foxes was a sweep to Pruet that went 18 yards for the score. However, Pruet's extra point was wide. The final score read Prairiland Caddo Mills 0.

The JV squad travels to Chisum on September 10 for their next game.

Arm your home against energy waste with caulking and weatherstripping

Wipe out air leaks around windows and doors, and you can declare a victory in the battle against energy waste. Caulking and weatherstripping are your best weapons in this fight against leaks ... leaks that can waste from 15 to 30 percent of the air you pay to heat and cool.

Caulking and weatherstripping are highly effective, but they're relatively inexpensive — and easy. You can probably caulk and weatherstrip your home in a weekend.

For more information about fighting energy waste, call or visit your local Texas-New Mexico Power Company office and ask for the free brochures, "Straight Talk about Weatherstripping" and "Straight Talk about Caulking."
