Contractors Move Road Building Machines to Talco

Contractors are moving in equipment for construction of F. M. Road 71 from Wilkinson thru Talco to the Franklin County line. Distance is ten and a quarter miles and contract was awarded to Pioneer Trucking and Construction Co. of Grapeland, who bid \$103,869 on the job. It is for grading, drainage structures and prime seal coating and work is expected to get underway shortly. This road will connect up with a road built the past year from a point in Hopkins County, across the northern part of Hopkins and Franklin Counties, up to the Titus County line.

It is reported that the half mile or more from Franklin County to Highway 271 in southwest Talco will be built at once to provide an all-weather road between Talco and Bogata while a new bridge is being constructed over Sulphur on Highway 271.

Main portion of the construction on FM 71 will begin at Wilkinson and work west, it is reported.

Susan J. Fuhr Weds Conway Childers

Mrs. Conway Childers was, before her marriage to Mr. Childers on May 27th, Miss Susan Jane Fuhr. She is the daughter of Mr. and Mrs. O. L. Fuhr. She is a graduate of Texas State College for Women in Denton and was at the time of her marriage employed at Dallas.

Mr. Childers was reared in Dallas, where they will make their home.

TALCO EAGLES TAKE TWO BALL GAMES

Saturday, June 11 and Sunday, June 12, the Talco Eagles took two ball games from the Morris County Red Sox. The Eagles posted a 4-3 victory Saturday night and a 5-4 Sunday. One home run was made by the Eagles; two pitchers saw action.

Mrs. F. Williams Passes Away in Her 78th Year

Mrs. Fannie C. Williams, elderly resident of the Wilkinson community east of Talco, passed away at her home Monday morning of last week.

Deceased was 78 years of age and had been a resident of Titus County practically all of her life. Her death was due to an illness of long duration, resulting from infirmities.

Mrs. Williams is survived by four sons, Henry Williams, Talco; Sam and Pink Williams, Mt. Pleasant, and Howard Williams, Dallas. She is also survived by a half brother, C. B. Harris, Talco, and numerous other relatives.

Funeral services were held at Wilkinson at 11 o'clock Tuesday morning, under direction of Rev. M. M. Pate, and burial followed in the De Shield Cemetery.

Pallbearers were Dutch Dyke, Ben H. Thompson, Allen Dyke, Grayson Byron, Everett Logan and Moody Belcher.

Band Members Receive Jackets

Jackets for the senior band members arrived Monday and were delivered by Mr. Wilms. Receiving jackets were: Eugene Davis, Doris Pittman, Ellanore Ferris, Wanda Morris, Forrest Wimbish, Dale Faulkner, Wanda Rogers, Billie Dean Scarborough and Audra Britt. Lon Jones and Claud Parr would have been eligible had they not received jackets from athletics.

Business men who made the presentation possible were: Jack Winn, L. B. Davis, Riley Gibson, Joe Mitchell, Charlie Roberts, Wright's Cleaners, Jack Brown, Troy Lewis, J. L. Hughes, Felix Jones, Talco State Bank, E. C. Burge, Charlie Worden, Tidwell Dry Goods, Kelley Hardware & Furniture, Sikes Grocery, Coker's Variety Store, Trojan Cafe, Carlisle Jewelry, Walker's Skating Rink, O. E. Jerry Spruell went to Dallas Wednesday to began work.

Talco Oilers Lose Three Games

Talco Oilers were defeated at Sulphur Springs last Thursday, after leading the Eagles throughout the game until they got within one out of victory. The final score was 4-3.

The Mt. Pleasant Cubs came to see the Oilers Sunday afternoon in the Oilers' first game in daytime this season and handed them a 4-3 defeat, their first victory over the Oilers in five starts this season.

Tuesday the Winnsboro Oilers came up to see the Talco Oilers. In this game everything happened. The Winnsboro boys set some kind of a record for this league as they banged out nine doubles off the offerings of the three Talco hurlers who labored on the mound. The game was played before an overflow crowd who saw Talco get off to a four run lead in the first inning, as they garnered four runs off "Pos" Long, and sent him to the showers. It looked as if Winnsboro had finally met their first defeat in league play, but they came back in the third inning to make the score four all. From this point on the game was loosely played on both sides, ten errors being committed, and that is a very conservative count. The final score was Winnsboro 19, Talco 8.

MRS. WALTON BUYS MODERN CLEANERS

Mrs. O. B. Walton has purchased the cleaning and pressing plant of Modern Cleaners from L. L. Morris and is now in charge of the business. She is experienced in this kind of work, and is using space this week to invite patronage.

New Wildcat Making Hole

Byars & Peveto are making hole below 1,500 feet in No. 1 Galley, a northwest offset to No. 1 Tulley. The Galley is located 450 feet from the northwest line and 207 feet from the northeast line of the 16-acre tract in the SPRR survey near Hagansport in North Franklin County.

Rain and Wind Visit This Area

A strong wind and a big rain did considerable damage in this area early Tuesday morning. Some corn was blown down and land badly washed. Official rain gauge at Deport recorded 1.25 inches at that time.

Farmers need some pretty, dry weather to clean crops of foulness which has come up since the rain. Insects, fleas and worms are damaging cotton in some localities.

How Short-Changer Works His Swindle

How does a short-changer work his swindle?

This simple and old trick is worked this way: The crook, let's say, goes into a restaurant and orders a meal. With his check he walks to the cashier, to whom he presents a \$10 bill to pay the check. She hands him back a \$5 bill, four ones and some coins. He takes another single bill from his pocket, hands her five ones and asks for a \$5 bill. She gives it to him, holding the five ones in her hand. "Now," says the short-change artist quickly, "I'll give you this \$5, you give me back my \$10 and we'll be square." If she does (and they usually do) she's out \$4, some change, and the price of a lunch—From Questions and Answers by E. Halde-man-Julius.

Burks-Cloar Post Names Officers

Burks-Cloar Post American Legion elected new officers last Friday night for the ensuing year. They are: Frances Dalby, Post Commander; Jerry Caldwell, Vice Commander; J. D. Northam, adjutant; A. B. Later, service officer; Ike Reid, Chaplain.

Deer Season for Red River, Lamar Fannin Counties

A bill by Representative Phil Brooks that has passed and been signed by the governor, abolishes a closed deer season in Lamar, Red River and Fannin Counties.

Deer hunting becomes legal in Lamar and Red River Counties for the first time since the early '30s. Closed season in the two counties was to have run out in November of 1950. Fannin County had a brief season last year.

Reb Burks, game warden for this area, says he understands that the bill calls for a five-day season in the three counties sometime next November or December. In South Texas deer counties, open season runs from November 1 to January 1, but because of the scarcity of deer here, it'll be limited.

Red River County, says Burks, really needs a deer season. There's a good supply of the animal in that area and farmers are reported to be complaining about deer bothering their crops.

Game Warden Oma Puckett, Red River County, reported recently that deer were in abundance in his area. A few years ago, the Game Commission placed deer on a preserve in Red River County.

Those deer grew up and multiplied. Now, the preserve has been liquidated and the deer are running free. North of Clarksville, clear to the Bowie County line, they're reported numerous.

Above all, the game wardens warn, don't shoot until the season opens. There's a stiff fine for anybody caught hunting deer out of season.

Fannin Man Leaves 105 Descendants

BONHAM. — Funeral services for John Wesley Freeman, who is survived by 105 direct descendants, were held Monday.

Survivors are three sons, W. H. Freeman, Handley; Paul Freeman, Sulphur Springs; Jim Freeman, Oklahoma City; five daughters, Mrs. Carrie English, Bailey; Mrs. Minnie Moore, Pasadena, Calif.; Mrs. Nettie Kimbell, Groesbeck; Mrs. Jim Glasgow, Arlington; Mrs. Rebecca Tarpley, Bonham; thirty-nine grandchildren, forty-eight great-grandchildren and ten great-great-grandchildren.

State Health Officer Advises Slowdowns

Better slow down, Mister! Take it easy. Quit worrying. Quit racing to the cemetery.

That is the advice of State Health Officer George W. Cox, who has just added up last year's death causes in Texas.

There were 60,034 deaths from all causes. Heart disease was the cause of 16,638 of them. Cancer came second with 6,913. Apoplexy and accidents were third and fourth, in that order, with 5,046 and 5,164 deaths, respectively.

Much of the heart disease, Dr. Cox said, brings death from doing too much, going too fast, worrying and fretting.

Mr. and Mrs. E. E. Neugent visited relatives in Atlanta last week end.

Pittsburg Fights Against Polio

Pittsburg city officials are urging the people to clean up in the fight against polio, according to the Gazette. There has not been a case in that city. Here are the officials' recommendations:

Clean up all breeding places for mosquitoes and flies. Garbage should be put in covered containers or completely disposed of by burning or burying.

All homes and businesses should be connected with the sewer line, and all outdoor toilets should be fly proofed.

Livestock or poultry in cities should be prohibited or closely supervised.

Mr. and Mrs. B. J. Walls spent the week end with relatives in Dallas.

Reidout-Gill Wedding June 2

Miss Dorothy Nell Reidout and Jerry Gill of Mt. Pleasant, were married at the home of the officiating minister, T. P. Griffith at Lavada, June 2. They were accompanied by the bride's sister, Mrs. Aubrey Harris, and Mr. Harris of Talco.

The bride is the daughter of the late Graden Reidout and Mrs. Bessie Reidout of Mt. Pleasant. She is a graduate of Talco schools, was employed in Mt. Pleasant for several years and is now employed in Daingerfield.

The groom is the son of Mr. and Mrs. Tobe Gill of Hamlin and is now employed in Mt. Pleasant. They will live in Mt. Pleasant.

BOOK CLUB WITH MRS. KELLEY

Mrs. R. R. Kelley was hostess to the Book Lovers Club in her lovely new home Friday, June 10. Roses and daisies were used very effectively throughout the entertaining rooms. Twelve members answered roll call, and the president, Mrs. Cato, presided over a short business session.

Mrs. O. S. Goodloe was program director. She was assisted by Mrs. J. L. Cato, her subject being "Aims of Education." Mrs. C. E. Jones, "Aim of Education, Spiritual." Mrs. Sue Thomas, "What is an Educated Man?" Due to illness in the family, Mrs. Goodloe was absent, but much credit is due her for a splendid program. In the Game of Wits that followed, Mrs. E. W. Smith won the prize.

During the social hour, refreshments were served to the following: Mmes. Dick Rodgers, Francis Dalby, Eva Jones, Sue Thomas, L. L. Reed, Jim Morris, Joe Hall, J. L. Cato, E. W. Smith, C. E. Jones, W. L. Cox, two visitors, Mrs. W. R. Jones and Mrs. Elwood Jones, and the hostess, Mrs. Kelley. The club has adjourned for the summer. The next meeting will be with Mrs. Jim Morris, Sept. 2.

TEA-SHOWER HONORS BRIDE-ELECT

Mmes. Leo Roberts, J. W. Patterson, I. L. Reed, Lloyd Gaunt and Chas. Russell were hostesses for tea and miscellaneous shower at the recreation hall Wednesday, June 8 for Miss Ruth McAfee, bride-elect of James Murphy of Van.

Miss Ruby Patterson presided at the bride's book and the hostesses served refreshments to the guests. Mrs. T. N. Murphy of Troup, mother of the groom, was an out of town guest.

Invents Silencer For Snoring

Chicago.—Claud Porter of Chicago, disclosed a gadget which he maintains can reduce to silence the 40,000,000 snorers who have made nights horrid with their nocturnal bleats and whinnies.

A plastic device, it fits into the mouth like joined upper and lower dentures. It is solid except for pin-size air holes.

Porter's theory is that snoring is caused by a strong draft of air pouring into the throat through open-mouthed sleepers. This, he asserted, sets loose parts like the lips, uvula, soft palate, cheeks and tonsil pillars to vibrating like an elderly streetcar with resultant sound effects.

His device, Porters reasoned, shuts off the draft and forces the snorer to breathe through the nose. He said it has been tried successfully on 100 test cases.

It brought a hush, Porter said, on all types from the whining whistle, through the redundant snore, to the truly deadly lip-fluttering blast.

His research, Porter said not very loudly, disclosed that half the country's snorers are women. The no-snore device was invented by a doctor who remained anonymous to satisfy the medical ethical precepts.

Vernon Guest Honored by Paris Legion Post

Vernon Guest, first Lamar Co. man to lose his life in World War II, has been honored by the Paris Legion Post, which has changed its name from Winfield F. Brown Post to Brown-Guest Post in order to honor the first Lamar Co. men to lose their lives in both wars.

Vernon Guest was the son of Mr. and Mrs. Harve Guest of Deport and permission to use his name was granted by them and by the Warren Teague Post of Deport.

Vernon was an electrician's mate, served in the Pacific for a short time and was then transferred to the Hornet, then in the Atlantic. He was later transferred to another ship that disappeared in the North Atlantic with its entire crew in the early part of 1942. On May 8 that year the Guests received notice that their son and his ship were missing. He was officially pronounced dead by the War Department two years later.

Talco Happenings Ten Years Ago

Week of June 16, 1939

G. L. Whatley 17, and Olen Williams 18, narrowly escaped death when their car stalled on a railroad track near Pittsburg and they escaped just before the train hit the car.

Funeral services had been held for Eva Sue, four months old daughter of Mr. and Mrs. Ed Monroe of Kinney Point.

Sam Williams, president of the Titus County Fair Ass'n, had announced plans for the September fair were well under way.

An 8½ lb. daughter had been born to Mr. and Mrs. Gertie Buchanan at Hagansport, and a daughter named Wava Frances had been born to Mr. and Mrs. Jesse York at Talco.

Miss Athalene Holder of Talco, and Clyde Thomas of Sulphur Springs had been married.

The annual home-coming was to be held at the Baptist Church

at Jowntown.

R. H. Crawford, manager of the Lavada baseball team had challenged any amateur team within a hundred miles radius.

Merchants were advertising dressed fryers at 39c each.

Funeral services had been held for Wright Patman Howard, three year old son of Mr. and Mrs. C. R. Howard of the Bridges Chapel community.

A check for \$50.00 had been received by the Bogata Fire Department as a token from the Paluxy Asphalt Co. of Talco in appreciation of the assistance rendered, following the explosion that damaged and fired the plant on May 31.

It Pays to Advertise.

What is advertising, anyway?

A lot has been written about advertising.

A lot of speeches have been made about it.

But the whole fact in a nutshell is—advertising is simply a time-saver.

It saves time for the man or woman who wants to buy something—and for the store or factory with something to sell.

And like most time-savers, it's a money-saver too.

HOMEMAKING GIRLS GO TO DAINGERFIELD

Tuesday the Future Homemakers of Talco went to Daingerfield for FHA Day. Twelve girls of the Talco Club attended the picnic. All schools of this district were to meet at Daingerfield, but due to unfavorable weather, only four schools were represented—Daingerfield, Hughes Springs, Avinger and Talco.

The Talco girls, accompanied by their teacher, Miss Betty Gilmore, all brought lunches, which they ate about an hour before going for a swim. Those who missed this trip surely missed a wonderful time.

The girls taking summer homemaking have been working in the Home Economics Department this week, doing cleaning and equipment work.

SO THAT TAX-PAYERS MAY KNOW

PUBLIC NOTICES NOW MANDATORY—Governor Beauford Jester is shown here as he affixes his signature to Senate Bill No. 375. The bill, known as the Mandatory Publication Law, requires that all public notices called for by Texas Statutes be published, or the official responsible for such publication suffer loss of salary, or removal from office for neglect of duty. Senator James E. Taylor of Kerens, pictured on Jester's left, sponsored the legislation through the Senate. House sponsor was Philip L. Williams of Kaufman. Covered by the law are all public officers of the state, counties, cities, and school districts. Governor Jester signed the bill into law June 8, and it became immediately effective.

FRIDAY, JUNE 17, 1949

It is the usual case for peace officers to put the bad boys in the "cooler". Lamar County Jail-er Ricks has asked the Commissioner's Court to buy a cooler or refrigerator to put in the jail. It will probably be bought and then the jail will preserve bad boys and their foods.

This editor often sticks his neck out. Couple of weeks ago he said Mother's Day took the sentimental stuff and that Father's Day was a flop, or words to that effect. Since then he has received a passel of poems on Father's Day. With all this "Pop, Governor, Old Man" references, we didn't think there were too many families who appreciated the sacrifices the averages father makes for his family. Perhaps there are some who do. Anyway, Sunday is Father's Day and an occasion to let him know you do appreciate him.

Contents of a man's stomach are exempt from search and seizure without a legal warrant, so ruled Federal Judge W. H. Atwell of Dallas. The case grew out of a narcotics peddler who swallowed the evidence and then agreed to have his stomach pumped out. "If a man's home is sacred against illegal search, so is his body," ruled this federal judge, who has done more to help Texans keep their constitutional liberties than any federal judge we know about in these days of declining democracy and constitutional liberties.

GENERAL INSURANCE

IT'S BETTER TO BE SAFE THAN SORRY

FELIX JONES

There was a lot of criticism when cattle thieves in this area were recently given five-year suspended sentences. Over in Dallas last week five young men charged with rape, pleaded guilty and received like sentences. Respect for law and order have taken a great fall, and the first thing we know there will be cases in which outraged and disgusted citizens start taking the law into their own hands. Fact is you never hear court houses referred to a temples of justice any more. What we need is some juries with sufficient intestinal fortitude to do their sworn duty.

Ted Gooley, popular WBAP broadcaster, who reads editorials appearing in Texas weekly newspapers over the air waves every Sunday morning at 10:30, quoted a couple from this great family journal last Sunday. It is a compliment to the editor to write something amusing, informative or interesting enough to be repeated over the air by Ted, and we appreciate it, but our wife insists that he quit calling us Sam Holiday. There was a period when we had only one newspaper for which to act as a shock absorber, and we then went hunting, fishing and golfing when we pleased. We played around so much that a neighboring publisher dubbed us Holiday. During the past fourteen years we have had three newspapers to look after and they have stopped all that fun except press conventions and a deer hunt every November. Anyway, the editor's wife thinks any man who works from 70 to 80 hours a week is anything but a Holiday.

This writer has had 36 years of experience as a publisher and more than that as an editor, but he doesn't know all there is to learn about the newspaper business. Like the doctor who takes post-grad work or the minister who attends a pastor's school, he tries to keep abreast of what is new and better in his line of work. For that reason he seldom misses a meeting of the Texas Press Association, where men from many parts of the nation who have done outstanding work in various phases of newspaper publishing tell how they did the job. The T. P. A. holds its annual meeting in Galveston this week end and it is the intention of this editor and his wife to attend. He joined the Association in 1913 and has missed only two meetings since that time, due to illness. The last time he attended such a meeting in Galveston was in 1935 when he had the honor to be president of the organization. He expects to take along the note book and pencil and jot down some ideas that will help make this newspaper a better one.

EDITORIALLY SPEAKING

BURT LOCKHART
in Pittsburg Gazette

Ballot scratching has cured many a man of the itch for office.

It's been a small world ever since airplanes and radios were invented.

Bud, the world will never let you down as long as you hold your chin up.

A Socialist is one who wants to divide up all the wealth in the country except his own.

A moth never complains of the high cost of living. He goes right along eating holes.

It is hard to make the public believe we once had a congress that held the budget down to a lone billion.

Now that Japan is taking on American ways, our first observation is that divorcees are increasing over there.

June is bursting out all over with heat and sunshine, and that brings on talk about perspiration and a trip to the mountains.

Everything indicates that Mr. Truman's socialized medicine bill is going to come out of the political hospital with a black eye.

A bill has been introduced in Congress limiting cotton acreage. The limit will be based on the acreage for the past four years.

Ex-President Hoover is showing the government how it can save four billion dollars a year. The economists will listen and get a lot of good ideas, but the other crowd is in the majority.

After all, there will be a state election this year. The date is September 24, when three amendments are to be approved or rejected.

They are doing everything possible for rent control, strike control, money control and crop control. Temper control has been badly neglected.

Seeing the world is interesting and important, but if you want to have a good opinion of the world you'd better keep your eyes closed to a lot of it.

An 18-year-old high school boy shortstop has signed up with the Chicago White Sox for a \$50,000 bonus, which is another evidence that education pays.

Remember way back when a man could borrow a hundred dollars from his neighbor without giving him a mortgage on his crop and a pair of mules?

We don't blame radio comedians for making fools of themselves if they can cash in for a cool million. Many people make fools of themselves for less.

Since "brains" are now put into machines, our reader up the street says he sees no need for college diplomas. Evidently it has not occurred to him that the men with diplomas are the ones who have equipped the machines with brains.

Stanley Walker, free-author and newspaperman, will speak at the Texas Press Association's 70th Annual Convention to be held in Galveston on June 16-18. Walker studied journalism at the University of Texas. He worked on the Dallas Morning News; was city editor of the New York Herald-Tribune; managing editor of the New York Mirror; associate editor of the New York Magazine and editor of the now defunct Philadelphia Evening Public Ledger. He has authored such famous books as "City Editor", and "Mrs. Astor's Horse." His articles have appeared in such widely recognized national magazines as the Saturday Evening Post, Mercury, Harper's, Woman's Home, Companion, Esquire, and Reader's Digest. Walker is a man of definite and out-spoken convictions—equally at home in the boxing ring, editing a big-city daily, or on the speaker's rostrum.

VISUAL EDUCATION FOR BOY SCOUTS

As a part of the Crusade to Strengthen the Arm of Liberty the Lone Star Area Council is adding a visual education library to its training program for adult leaders in Cub packs, Scout troops and Senior units. When completed the Council will have some 20 different sound films available to use in training leaders in all communities served by the Council.

In the old fashioned days no home was complete without lightning rods and eight to ten children.

Ever notice how long it takes one to introduce a well known speaker at a dinner? The bigger the man the longer the introduction.

That proposed amendment raising the pay of legislators to \$3,600 and calling for an annual session of the legislature is going to bring on a lot of talk. A lot of people will want to know why a legislature should meet every year when it can spend all the state's money in ninety days.

Canada runs its post office department with a profit, and its postal rates are lower than ours. The U. S. post office department went into the red half a billion dollars last year. Some one suggests that we import a few Canadians to show us how to operate the department with a profit.

OLD TIMES WERE BETTER

Ten married couples were having a get-together. As they reminisced about the events of the past, one husband remarked, "By the way, whatever became of the old-fashioned girls who fainted when a man kissed them?"
His wife gave him a withering look.
"What I'd like to know," she retorted, "is whatever became of the old-fashioned men who made them faint."

ADVICE FOR CERTIAN PEOPLE

Don't feel sorry for yourself. Feel sorry for the people who have to live with you.

A DUMB CLUCK EGGED HIM ON

TYLER. — A 50-year-old negro charged with chicken theft, entered a plea of self-defense Wednesday.
He stuck with his story, and it got him a suspension of his 2-year prison sentence. As the negro explained it to Judge Otis Dunagan, he was waiting for a friend when this chicken started "prancing up and down" before him and suddenly flew into his arms.

HEART IN HIS MOUTH

An Irishman in the army was telling his friend of his narrow escape in Paris.
"The bullet went in me chest and came out me back," said Pat.
"But," answered his friend, "it would go through your heart and kill you."
"Me heart was in me mouth at the time," was the quick reply.

CAN'T REMEMBER

Professor: "Do you know what happened in 1776?"
Freshie: "Gosh, no. I can't even remember what happened last night."

PAYS OFF

"How do you manage to get money from your husband?"
"Oh, it's easy. I just say I'm going back to mother, and he hands me the fare."

A man's biggest mistake is to suppose that grass widows are green.

DOG RESCUED AFTER MONTH IN A WELL

Gladewater.—Thirty days ago a collie pup disappeared from the Dana Williams home at the White Oak community near here. Last week an oil field worker heard the feeble cries of the dog in an abandoned 30-foot water well. Using a ladder he descended and rescued the dog. At last report the dog was catching up on his eating, but he wasn't the least bit thirsty.

Cotton Loans Are Available Aug. 1

Regular government cotton price support loans of 90 per cent of parity won't be available until Aug. 1, but an advance loan set-up was made for Lower Rio Grande Valley and South Texas producers, whose cotton is harvested long before Aug. 1. Lending agencies will be able to convert the advance loans to regular loans later.

The regular loans will be available until May 1, 1950, and will mature July 31, 1950, or earlier upon demand. The 1949 price support loan program method will be the same as for 1948.

The base cents-per-pound loan rate will be announced in August, after the parity price has been determined at the beginning of the marketing season.

Alcorn Wants Experts to Breed Cows That Can Live On His Weedy Pasture

Editor's note: As far as we can tell, Achin Alcorn, philosopher on his Johnson grass farm on Sulphur, has reached the apex in laziness, as his letter this week will reveal.

Dear Editor: For years now I've been observin' the experts such as soil conservationists, the county agents, A. & M. College, etc., while they worked on the problem of improving agriculture and while I am in favor of doing it as long as it don't take more work on the improvement than it does on the system I got in effect now, I have been noticin' a general tendency in the wrong direction.

That is, take livestock, which is a speciality with me, that is, I raise a few steers for the market, fattening em on young Johnson grass and finishin' em out on grain if you call Johnson grass after it's headed out grain, but some expert is always tellin' me I ought to improve the variety of my pasture. Ought to get rid of the cockleburrs and bloodweeds and thistles and needle grass and bull nettle and develop home grasses that cows can thrive on.

This is what I am talkin' about. The experts are goin' in the wrong direction. Instead of tryin' to improve the quality of my grass, which I'm smart enough to see only means a lot of work for me, why don't they spend some time adaptin' cows to my weeds? I can't see why man has to do all the improvin'. Let the cows do it once in a while.

Everybody knows even without the advice of a expert if you give a cow alfalfa hay and cottonseed cake and fresh young clover and tender Bermuda grass and Kentucky bluestem and so forth she'll do fine, but it takes work to get that sort of diet. What I'd like to see is A. & M. develop a cow that would do fine on the kind of pastures I've already got. As far as I'm concerned, cows was made for man, not man for cows, and if there's any adaptin' to be done it ought to be done by the cow.

If A. & M. is interested in this I will be glad to turn my pasture over to em, with a guarantee it's just like nature intended it to be, and if they can develop a strain of cattle that can thrive on what I've got to offer em, they'll revolutionize the cattle industry and all I expect in return is a

reasonable fee for the use of my land.

Anybody knows you can raise better cattle if you work harder, what I want is better cattle with less work, as I believe I'd rather have poor cattle and feel rested than have fat cattle and be tired out. If only one of us can be comfortable, I'd rather it be me. Ain't you the same way about your newspaper?

Yours faithfully, A. A.

Veteran Land Bill Becomes Law

Veterans legislation, permitting them to buy land was passed without a negative vote in both Houses of the Legislature last week.

It permits a Texas veteran of World War II to purchase a farm or ranch home, costing not more than \$75,000, through a \$25,000-000 loan fund operated by the board. He may pay as little as 5 per cent of the purchase price down and finance the balance on an on-or-before note for forty years at 3 per cent interest. He may select a tract of privately owned land for his purchase, provided that it carries at least half the mineral rights.

Lightning Kills War Veteran

Bonham. — Riley Beasley, 33-year-old veteran was killed instantly Friday when struck by lightning.

He was plowing with a tractor less than 100 yards from his house. Beasley had been riding his 22-month-old daughter, Rileene, on the tractor with him and had just handed her to his wife and started up again when the bolt of lightning struck from an almost clear sky.

Mrs. Beasley, who had walked twenty feet, was knocked down, but she and the child were unharmed. Beasley slumped on the tractor, which continued about fifty yards before Mrs. Beasley was able to get to it and stop it.

Reward Is Offered For Missing Plane

A \$1,000 reward was posted Friday for information leading to the finding of a private plane which disappeared May 29 on a hop from Hot Springs, Ark., to Stephenville, Texas.

Aboard the plane were T. C. Elkins and his pilot, Ben Ferguson of Stephenville.

The reward was offered by citizens of Stephenville and Merkel. Persons with information were requested by the missing men's relatives to call Gene Elkins at the Broadway Hotel, Prescott, Ark.

ONLY A DAD

(Father's Day, June 19)

Only a dad, with a tired face,
Coming home from the daily race,
Bringing the little of gold or fame
To show how well he has played the game,
But glad in his heart that his own rejoice
To see him come and to hear his voice.

Only a dad with a brood of four,
One of ten million men or more,
Plodding along in the daily strife,
Bearing the whips and scorns of life
With never a whimper of pain or hate
For the sake of those who at home await.

Only a dad, neither rich nor proud,
Merely one of the surging crowd,
Toiling, striving from day to day,
Facing whatever may come his way;
Silent, whenever the harsh condemn,
And bearing it all for the love of them.

Only a dad, but he gave his all
To smooth the way for his children, small,
Doing, with courage stern and grim,
The deeds that his father did for him.
This is the line that for him I pen—
Only a dad, but the best of men.

Farm Incomes and Price Supports

Although almost everyone knows of farmers who have "made money" during the past 8 or 10 years, most farmers have not been "doing as well" as the people in town or city.

J. H. Kostris, Chairman of the Titus County Agricultural Conservation Committee, backs up this statement with the fact that the average net income of farm people in 1948 from all sources was only \$909 per capita, including the value of home-produced food and income from non-farm sources. This compared with the non-farm average of \$1,569.

Mr. Kostris said the consumers are often misled by the prices they have to pay for groceries and other commodities produced on the farm. Too often, they are not aware of the prices actually received by farmers.

According to Mr. Kostris, figures show that for the wool in a \$50.00 suit, the farmer received about \$5.70; for \$10 worth of meat, the farmer received about \$5.10; for the tobacco in a 20 cent pack of cigarettes, the farmer received about 2 2-5 cents; for the wheat in a 14½ cent loaf of bread, the farmer received about 3 cents; and if the farmer had given away the hide for a \$10 pair of shoes, they would still cost \$8.63.

Too often, Mr. Kostris said, this spread between what the farmer gets and what the consumer pays and the difference between farm and non-farm incomes are overlooked when farm programs and price-support measures are being discussed.

TRAFFIC ACCIDENTS TAKES LIVES

Report of the State Highway Patrol shows no deaths in Red River County thru May of 1948 and 1949. Titus County had two thru May last year and none this. Franklin County had one this year and none last.

In the entire district, composed of 19 counties there were 130 traffic accidents, 16 of them fatal.

A good way to widen out the straight and narrow path would be for more people to walk on it.

Robert E. Stripling, former Chief Investigator, House Committee on Un-American Activities, will speak at the Texas Press Association's 70th Annual Convention to be held in Galveston, June 16-17-18. His topic will be, "Is the Communist Conspiracy a Threat to the United States Today?"

Valley Tomato Crop Gathered

WESLACO. — A dull market and falling quality brought the shipment of green-wrap tomatoes from the Lower Rio Grande Valley to a virtual halt Friday. Most independent sheds over the Valley have closed down.

While it was one of the shortest—from the standpoint of both acreage and duration—the spring 1949 tomato deal in the Valley also was one of the hottest. Acreage was only about half that usually planted here in the spring. Heavy shipments lasted only three weeks from the opening May 15.

Within this time, however, 5-346 cars moved out for a return of approximately \$3,742,200 to the growers. Prices averaged 3c for the season. Cannerys are now paying \$20 a ton for ripe tomatoes for canning.

New Fishing Law Favors the Kids

These high-powered boys who pop a mean fly line or throw a wicked plug with expensive rod and reel for game fish, and who poke fun at the lowly catfish fisherman, will envy a law just passed at Austin. Under its provisions cat fishermen and kids under 17 get a break.

The measure also cuts down on book work by fishermen. All they need to do after Sept. 1 is buy one and only one \$1.65 license. The bill, if signed by the governor, will eliminate all special lake and regional licenses that have plagued Texas fishermen for years.

If you fish with live bait like minnows or crawdads, you don't need a license if you stay in your home county.

If you fish with dead bait such as liver you don't need a license if you stick to your home county. That's aimed at helping catfishermen.

If you are under 17, you don't need a license at all. That's the break for the kids.

But if you fish with artificial flies or plugs you must have a license no matter where you fish in fresh water.

HUMOR AND LAW

George Ade finished his speech at a dinner party, and on seating himself a well-known lawyer rose, shoved his hands deep into his trousers' pockets, as was his habit, and laughingly inquired of those present:

"Doesn't it strike the company as a little unusual that a professional humorist should be funny?"

When the laughing had subsided, Ade drawled out:

"Doesn't it strike the company as unusual that a lawyer should have his hands in his own pockets?"

Scouting Age to Be Lowered

Ranks of the Boy Scouts will be swelled next fall when age limits in Scouting are lowered.

Recent action of the National Council lowered age limits on Cub Scouting to 8, 9 and 10 years; Boy Scouts, 11, 12 and 13 years, and Seniors (to be called Explorers) to 14, 15, 16, and 17.

Waits Bus Lines Changes Hands

Change of ownership of the Waits Bus Lines serving Deport, Bogata and Talco was effected last week when Tom Mooney of Greenville bought controlling interest. Waits owned 17 busses, serving Northeast Texas. Mooney owns a line that operates from Greenville to Dallas and other points.

Don't Fence Yourself In

Every spring, Handy Peterson and Easy Roberts patch up the stone wall that separates their farms. They walk along talking—Easy on one side, Handy on the other—picking up the fallen stones and putting them back.

Afterwards, over a friendly glass of beer, Easy says, "You know, wall-mending is a nice neighborly custom, but we really don't need that wall. We keep it up just because it happens to be there."

"Yes," says Handy, "a lot of walls and fences and boundaries keep on separating people for no

good reason. Maybe we'd all be better off if some of them were torn down, instead of kept standing."

From where I sit, Handy said a mouthful. Take the "walls of intolerance" that people build up against each other. I like a temperate glass of beer now and then, you may prefer buttermilk—but that's no reason for me to criticize you, or you, me. Let's live and let-live together—making more friends and fewer "walls."
