

## Duke is Honored By Sweeney Folk

Theo Duke, son of Mr. and Mrs. W. E. Duke of Talco, was signalingly honored at Sweeney recently. He is a graduate of Talco High School and learned about the picture show business under W. L. Cox at the Strand. Here is what the Sweeney newspaper says about the event;

"Few persons have ever garnered for themselves so many friends in just four short years as did Theo Duke, genial picture show manager."

"Sweeney lost one of its citizens last week, when 'Duke' was transferred to Bastrop, that had the rare distinction of being liked by everyone. To older folk of the community he was a fine young man, and to the younger generation, he was 'one of the boys.'" To everyone, even though they hadn't been here long enough to know him well, he was a "damn good" theater manager.

"Mr. Duke, a young man in his early twenties, came here four years ago, with his pretty little wife and fit in with the activity of the town like a glove. The family has grown to include two young sons, Darry and Mike."

"I'm sure it wasn't coincidental that he was transferred to Bastrop for that is where he served his apprenticeship as assistant manager. If it had not been that the move was a promotion, the Sweeney citizens would have petitioned that he stay, but his friends want the best for this progressive, civic minded young fellow."

"Duke" had the "nack" of being able to get along with everyone and entered into any civic project that didn't take him away from his job, for first he was theater manager, a position he took very seriously and did a first class job."

"He was an enthusiastic sports fan but since all the local sports activities took place when his snow was running, he confined his enthusiasm to talking it over with the boys the morning after."

"Friday, Jan. 6, was his last night at the theater here. All the merchants got together and decided they couldn't let him leave without a token of their appreciation for the cooperative way he had worked with them during his stay here. So as a complete surprise, 'Duke' was a 'show stopper' at his own theater at 8 o'clock. The show stopped and the lights flashed on. Duke was

## Rudd Candidate For Re-Election

To the Voters of Titus County:

I am taking this method of announcing my candidacy for reelection to the office of District Clerk.

In doing so, I wish to state I am at present serving my first term in that office, and have done everything I could possibly do to administer its duties in a way that you would expect the affairs of the office to be handled.

Any help or influence you give me in the campaign will be deeply appreciated and will be remembered.

Sincerely,  
**JIM RUDD.**

## Sloans in Charge Trojan Cafe

The Johnnie Sloans are again in charge of their Trojan Cafe, having taken over Monday from the Bill Perdues, who operated the place during the past year.

Mrs. Sloan is an experienced cafe operator. See The Trojan ad in this edition.

"picked up" in the lobby by City Marshal Tipps, and escorted to the stage where Mayor J. R. Smith, representing the citizens, made a speech lauding Duke for his accomplishments during his stay here and E. L. Slay on behalf of the merchants presented him with an electric mixer and a beautiful set of cuff links.

"For one time the friendly picture show man was speechless. He was overcome emotionally, for in his friendly unassuming manner, he was the last one to think anyone would ever pay him tribute."

## Halliburton Going To Winnsboro

Halliburton Oil Well Cementing Co. is moving its headquarters from Talco to Winnsboro, and with the change will go two families that Talco will regret very much to lose: The T. C. Littles and J. W. Whatleys. The change is being made this week end.

Halliburton came to Talco with the field in 1936. T. C. Little came to Talco to sell Ford cars for Earl Lide and later went with Halliburton.

The Winnsboro office is being established to be nearer the center of the company's work. It will continue to service Talco and will also work the Winnsboro, Quitman, Picton, Yantis and other small fields.

"I regret very much to leave Talco after twelve years' residence here and the many friends I have been fortunate to make during that time," Mr. Little told The Times editor. "Please change the address of my Talco Times to Box 355, Winnsboro, and I will be seeing you occasionally. We are not renting out our Talco property and are burning no bridges," he added.

## Judge Roy Bean Assesses Fines

Bad weather, illness and absence from town of officers of the Burks-Clear Post caused Judge Roy Bean to postpone holding his usual court and assessing fines, whether or not they were guilty, at Christmas time a month ago. But the venerable judge finally got around to the matter last Saturday and when the exchequer was checked there was more than \$218 to take care of the indigent of this community.

More power to you, Judge. They are usually guilty, regardless of the charge, and we haven't heard of anyone demanding a jury trial.

## Saturday Aunt Silly Day in Talco

Aunt Silly will arrive in Talco next Saturday afternoon on the 3:30 bus. Saturday has been proclaimed as Aunt Silly day in Talco by Mayor Dick Rodgers and it is reliably reported that any man caught on Talco's streets next Saturday wearing any hat except that of feminine headgear will be fined one dollar.

## Weekly Report Talco Clinic

Cynthia Ann Richey, Talco Rt. 2, sprained her ankle while at school Wednesday.

W. T. Sullivan is responding nicely to his treatment following a heart attack Saturday morning.

J. J. Smith was admitted to the Mt. Pleasant Hospital Tuesday for treatment.

Miss Joan Ford was treated for a sprained ankle on Jan. 18.

## 15,641,310 Bales Cotton Ginned

The Census Bureau reported that 15,641,310 running bales of cotton from the 1949 crop were ginned prior to Jan. 15.

This compares with 14,140,444 bales ginned to the same dates last year and 11,390,100 the year before.

Ginning this year and last, respectively, by states: Arkansas 1,584,835 and 1,834,810; Louisiana 632,993 and 730,004; New Mexico 253,410 and 223,134; Oklahoma 571,520 and 360,244 and Texas 5,742,043 and 3,051,571.

## PARENT-TEACHERS ASS'N HEARS DR. SCOTT

Talco Parent-Teachers Association met in regular session in the school auditorium on Thursday evening, Jan. 19. After a short business meeting Dr. Harvey Scott of Texarkana, brought a timely message to the group. He used as his topic, "Parental Responsibilities." Dr. Scott is our district chairman of Parent Education. Refreshments were served to about 100 guests in the Home Economics room.

## Aunt Silly Comes To Talco With All Local Cast

"Aunt Silly" comes to Talco with an all local cast and chorus. The hilarious comedy of fun, "Aunt Silly" has come to Talco. The story is located in Dillsford, a pleasant town on the banks of the beautiful Ruffle River. "Aunt Silly" is a three-act comedy of laughs from beginning to end, sponsored by the American Legion—Burks-Clear Post 290.

It is the story of Sam Sellum, who has returned to Dillsford after a long time and the mayor, his life long friend, persuaded him to take the part of Aunt Silly when Cecelia Dill, the real Aunt Silly is taken ill and can't come. You won't want to miss seeing the Great Senator Pomposus as he goes after Aunt Silly's money.

This hilarious comedy is to be presented Monday and Tuesday nights, Jan. 30-31 at the Talco High School auditorium at 7:49 p. m. under the direction of Jean Norris, a professional director. "Aunt Silly" has ten characters and a cast of 100.

The cast in order of the appearance are Wanda Pittman, Jackie Wynn, Eugene "Sheeney" Blalock, Jewel Haynes, Floyd Parrish, Mac Pittman, Charlene Westbrook, Kenneth Westbrook, Harry Carlisle and Beulah Smith.

The "Toyland Revue" includes Charlotte Sikes, Lauanne Rogers, Douglas Miller, Nancy Buchanan, Marjorie Richardson, Eddie Brown, Kenneth and Johnny Davis, Dickie Parrish, Virgil Jones, Linda Kay Thomas, Dickie and Perry Dalby, Larry and Nelda Blasingame, Barbara Davis, Phillip Cox and David Northam.

There will also be two beautiful numbers given with eight beautiful girls: Fay Cox, Earlene Lee, Ethel Alsobrook, Doris Penn, Patricia Hammond, Dale Neeley, Kathryn Newman and Wanda Barnwell. Also eight handsome young boys, including Johnny Giddens, Billy Ray Whitney, Ben Loving, J. B. Walker and Wayne Smelly.

Specialty numbers to be rendered throughout the play and in the Patio Party will be by Bonnie Dunagan, the Pine Heads (Don Spruell, James Burgin and Eugene Blalock), Sallie Taylor, Jane Kelly, Patricia Ryan, Sugar Bob Combs, Sue Davis and Joyce Wells.

The "guests" who come to see the hilarious comedy will be ushered in by four charming young ladies, Gladys Matlock, Jean Blackburn, Joan Calloway and Alice R. Williams.

Don't miss this wonderful show, with all these kiddies and people from Talco at the High School auditorium Jan. 30-31.

## Scholastic Award Legion Auxiliary

Because both the valedictorian and salutatorian of Talco High School graduating class are awarded scholarships by colleges and universities over the state, the American Legion Auxiliary of Burks-Clear Post decided to post a scholarship for the third highest grade of any member of this year's graduating class, if his or her father was a war veteran. In the event the student's father was not a veteran, the scholarship will go to the next best grade student whose father was a veteran.

There will be no restriction on the college or university. It can even be a Junior College. If a business college is selected the fund will be limited to \$80.

The scholarship must be used by the person to whom it is awarded or the award will be changed to one who will use it.

Talco Legion Auxiliary has only ten active members at present. The membership roll should be much larger. There is a very definite work for such an organization in any community with a Legion Post, and veterans should use their influence to increase the membership of the local organization.

## Four Are Injured In Car Crash

Mr. and Mrs. O. M. White of Pittsburg, and their 4-year-old son were hospitalized at Mt. Vernon, following a head on collision with another car driven by Frank Carr Jr., of Mt. Vernon.

Mr. White suffered a chest injury, and lacerations about the face and body. Mrs. White suffered severe cuts and bruises about the chin and the baby was severely cut and bruised. Young Carr was bruised and badly shaken up by the impact.

The accident occurred near White Oak Creek bridge when young Carr driving north undertook to go around a truck. He pulled into the left lane and met the White car head on. He says he did not see any lights. Both cars were badly smashed.

CANDIDATES FOR DEGREES AT U. T.

## This Budget Needs Balancing

Titus County's contribution to the March of Dimes in 1949 amounted to \$912.63.

Hospitalization and treatment for twelve polio victims reported in this county cost \$5,506.18.

The National Foundation supplied the local chapter with \$2,705 for treatment of the Titus County victims.

It is now costing \$126 a week to provide treatment for one child alone.

No one knows how much will be needed in 1950 to care for polio victims, but it could be more than last year. Give generously.

Looks like Texas cigarette smokers will be the goats when the legislature convenes. There is also talk of a sales tax. Shame on Texas lawmakers, with billions of feet of natural gas being pumped to every great city in the nation for which very little tax is collected.

Veterans Administration at Washington is going to close the 1000-bed hospital at McKinney and another will be built over at Bonham that will cost the taxpayers many thousands. This newspaper has been zealous in advocating the best of care for veterans injured in the line of duty, but it is just pork barrel practices as this that make taxpayers mad. Bonham, you know, is Speaker Rayburn's home town.

Dr. S. D. Weaver, 62, noted Dallas surgeon, who saved this editor's life after a drunken driver had nearly killed him in Dallas six years ago, died Friday. He was of the quiet, studious type of man, unmarried, and did an immense amount of charity practice, his obituary now reveals. For those who could pay he charged plenty, but this editor would not have complained had his bill been double the amount of his statement.

Campaign conducted by newspapers for safer driving in Texas is finally beginning to pay off, except in the small towns. In 1949, compared to 1948 the highway death rate is down 8%; country roads 9%; cities 5%. But the country towns under 2,500 population show an increase of 6%. For the state at large the death toll is down 6%. Small towns should take action to improve this poor showing. School driver-training has helped. Maybe a few stiff fines and taking away of the driver's license would be a deterrent. Stunters and show-offs should be taught that streets and highways are not place for a circus.

No one can live through a Christmas in America and say Santa Claus is dead.

## EDITORIALLY SPEAKING

BURT LOCKHART  
in Pittsburg Gazette

Now that Grand Old Texas has a \$26,000,000 deficit, it can sympathize with Washington.

Occasionally we come across a man who makes so much money he can't afford to enjoy life.

Some of our Texas cities are getting so big that the gangsters keep busy killing off each other.

The more labor saving devices we invent the harder we work to get enough money to buy them.

Genius has provided the automobile with mechanical brains. The Creator provides the driver with the other kind.

Adam and Eve were fortunate. They put over the world's greatest project—sin—without a congressional investigation.

Anyway, we are using our foreign relations to good advantage. We are blaming them for some of our bad financial mistakes.

Mr. Truman's deficit speech consisted of 27,000 words. Boiled down, he could have said it in five words: "We are in the hole."

Although you bring up a child in the way he should go, the chances are that he will consider the going too slow for his generation.

If you are able to laugh and can make the world laugh with you, what are you waiting for? The radio companies will pay you \$30,000 a week.

Every time we pick up a newspaper or magazine something is printed that reminds us this is an era of square deals, queer deals and dirty deals.

"If you're looking for my husband," said a woman in a distant city, "He's gone fishing. Just walk down to the bridge until you find a pole with a worm on each end."

The magazines print richly colored ads showing glamorous resorts for spending the winter. All you need is three months' vacation and about forty dollars a day.

As we understand the President, everything is as lovely as a day in June, even though he has left us in a five billion-dollar hole. There's nothing for us to do now but to dig up \$289 each and get out of the hole.

The world has gone a long way the past forty years. The big job now is to keep it going. With half the world making deadly weapons and the other half begging for them, the future is unpredictable.

We frown on Socialistic tendencies in this country, and then send millions of dollars to Great Britain to help her support So-

## Clarksville Loses Bus Driver Case

Court of Criminal Appeals has denied the City of Clarksville's motion for rehearing the case of J. M. (Sodie) Watson, Continental Trailways bus driver.

Watson, freed on appeal last November, has been carrying on a legal battle with the City of Clarksville over a speeding fine, imposed more than a year ago. He appealed to the state court from denial of a writ of habeas corpus in a Dallas district court, and he was freed last Nov. 30.

Watson has sued the City of Clarksville and City Marshall Curtis Lemon for \$20,000.

cialism. It looks at times as if our administration has an incurable case of chronic inconsistency.

Texas is \$26,000,000 in the red and more taxes will be needed to square things. Let's see—didn't the last legislature ask the people to vote them an increase in pay that would have swelled the annual expenditures more than \$2,000,000?

## Wilson Presented Jaycee Honor

Moss Wilson, 34-year-old Paris businessman, was presented the Jaycee distinguished service award key on Friday at the annual banquet.

Sydney Lee, past president of the Dallas Jaycees and named one of the five outstanding young men in Texas during 1949, was principal speaker at the dinner.

Wilson was president of the Paris Rotary Club and head of the Paris parks council during the past year. He is a member of the Paris Housing Authority, past president of the junior chamber of commerce and a former chairman of the March of Dimes. He also has taken part in many other civic activities.

He is an older brother of Jack Wilson, assistant football coach at Baylor University.

## Liquor Case Gets Fine of \$750.00

Liquor violators are receiving stiff fines in County Judge Jack Springer's court at Paris. A transport car with 272 half-pints of liquor and 288 of gin was picked up on North Main in Paris by officers. The driver was fined \$750 and costs of \$22.50. His load was unstamped.

Recently a liquor violator paid a \$1,000 fine and costs.

**Book Lovers Club With Mrs. Cox**

The Book Lovers Club met Friday in the home of Mrs. W. L. Cox, with Mrs. E. W. Smith as program director. Buttercups, hyacinths and red and blue berries were very artistically arranged throughout the entertaining rooms.

The meeting was opened by the president, Mrs. Francis Dalby, and during the business session the club voted to give \$5.00 to the March of Dimes.

Mrs. Smith made a brief talk on "Profitable Hobbies," after which she introduced Mrs. L. H. Wilson of Mt. Pleasant, who demonstrated to the club her very interesting and well as profitable hobby, that of making and etching beautiful metal trays. In behalf of the club Mrs. Dalby presented Mrs. Wilson with a beautiful corsage, of red carnations.

Assisted by Mrs. Sue Thomas, the hostess served a very attractive refreshment plate of open-face sandwiches, cheese balls, stuffed dates, pickles, cake and pineapple eggnog to the following members and one visitor: Mmes. B. L. Gieger, O. S. Goodloe, Jim Morris, Dick Rodgers, E. E. Nugent, Harold Williams, E. Unsell, E. W. Smith, Sue Thomas, Francis Dalby, R. R. Kelley, the hostess and visitor, Mrs. L. H. Wilson.

The next meeting will be with Mrs. W. H. Crawford as hostess and Mrs. E. E. Nugent as program director, Feb. 3.

**Talco Happenings Ten Years Ago**

WEEK OF JAN. 26, 1940

A total of 23 stills had been captured in Titus county in 1939.

Leonard O. Gross and Miss Bua Lee Robertson had been married.

Mrs. W. Y. West had died at a Paris hospital. Burial was to be at Goldwaiter.

Jackie Parnell Caldwell, 15, son of Mr. and Mrs. John Caldwell, had died at home in the Green Hill community.

Virginia Howard, 16, had died following a short illness of pneumonia.

Talco school had been dismissed for a day due to a break in a gas main.

Frozen water lines and bad weather had slowed oil field operations in the Talco field.

Patients at Paris hospital from Talco were Louise Thompson, Mrs. H. L. Brelsford and two children and Mrs. L. R. Beenson and her twin son and daughter.

Mrs. John V. Freeman had died at her home at Green Hill.

R. T. Wilkinson Jr. had announced for judge of the 76th district.

Mrs. O. T. Stephenson had returned from a hospital at Rotan.

Mrs. Dick Rodgers was teaching for Miss Thompson and Miss Odie Morris who were ill.

A daughter had been born to Mr. and Mrs. J. Morgan; also to Mr. and Mrs. Marvin Watkins. Miss Virginia Hargrove was a student at TCW in Ft. Worth.

A two inch snow, the second in 1940, had fallen in this section. The mercury dropped to zero, the lowest in 10 years.

Mr. and Mrs. Elmer Rogers and their son had met violent death at their home at Ft. Towson, Ok. on New Years. Two negro ex-convicts had signed written admission of the crime and of setting fire to the house.

Nine pigs belonging to Silas Howell at Cunningham, had frozen to death during the cold weather.

**Talco P. T. A. Has Study Course**

Thirteen members of the Talco PTA assembled at the school building to study the procedure course. Mrs. T. A. Swenson, Third District president, was the instructor for the study. Courses taken in the Talco Parent-Teacher's Association will be completed by Feb. 15. Certificates will be given to the members completing the course. Dinner was served to this group in the school cafeteria: Mmes. Buford Jones, C. A. Watson, O. B. Moon, A. L. Rodgers, Omer Cole, W. H. Hammond, W. W. Richeson, W. A. Thurman, W. T. Lewis, L. B. Gage, Joe T. Mitchell, H. G. Dyess and Miss Bonnie Belle Jack.

**Lincoln's Sayings Very True Today**

Abraham Lincoln had a philosophy that is as true today as when he wrote it. He said:

1. You cannot bring about prosperity by discouraging thrift.
2. You cannot strengthen the weak by weakening the strong.

**A SENSE OF HUMOR**

During the night, two burglars entered a service station. One approached the locked safe, took off his shoes and socks, and began to pick the lock with his toes. "What's the matter with you? his partner blurted. "Let's open this thing and get out of here!" "Naw, it'll only take a minute longer this way, and we'll drive the fingerprint experts crazy."

That's exactly what will happen to your

**Penalty on Taxes Begins on Feb. 1**

Municipal, county and school district tax collectors warn property owners that January is the last month to make current ad valorem tax payments without being assessed a penalty.

City, county and school district taxpayers will be assessed a 1% penalty on February payments, with the assessment rising a similar amount each following month until the taxes become delinquent, officials pointed out.

**Spring-like Weather Sends Mercury Up**

Forecasts for freezing rains and colder weather were predicted for Wednesday night and Thursday.

Spring-like weather, with thermometers registering as high as 80 degrees, has prevailed in this area for a week. Strong southerly wind has helped dry roads and fields. Cover crops, damaged by the freeze, have put out and winter grass is growing good.

Farmers are in need of dry weather in order to prepare their land for corn planting and other feed crops. More acres will be planted in feed crops this year than last because of the cotton reduction program.

**BIRTHDAY PARTY FOR JO ANN COX**

Miss Jo Ann Cox was honored with a surprise birthday party Saturday night after the basketball game between Talco and Mineola. It was given at Humble recreation hall by Mrs. Annie Gage and Mr. and Mrs. J. E. Cox.

Guests were served punch and a three layer tier cake that had "Sweet Sixteen" written on the top. Attending the party were: Patsy Burnham, Edward Frye, Betty Belcher, Neal Hahn, Norma Boyd, Claud Boyd, Margaret Dillard, T. G. Temples, Jean Rodgers, Vernon Riddle, Glenda Ferris, J. B. Walker, Helen Gibson, James Burgins, Gene Cox, Don Spruell, Jimmy Stewart, Dean Howard and Martha Gage. Some gifts were sent by friends who were unable to be there. The party came to a close about eleven-thirty.

**DISCRIMINATION**

"I hear you have broken your engagement to Joe because your feelings toward him aren't the same. Are you going to return his ring?" "Oh, no. My feelings toward the ring are the same as ever."

**Pecan Plantings Given a Boost**

Texas' official tree—the pecan—may have its most eventful year in the history of Texas during 1950.

The man with the idea was Jim Rosborough, A&M horticulturist for East Texas. He proposes to start half-century pecan tree plantings in all parts of Texas.

He pointed out that the pecan tree is the official tree of Texas and that at this midway mark in the twentieth century it is fitting that "we establish planting of this tree on a wide scale. These trees can still be in production at the beginning of the year 2000 and will mark a colorful milestone in the development of our state. Our children and grandchildren can enjoy the fruits and the beauties of the sturdy pecan tree."

**NOT ONE LEFT**

Following a sermon on the beauties of brotherly love, an old man proudly announced, "Well, Reverend, I'll be 95 next month, and I can truthfully say that I haven't an enemy in the world."

"That's a great credit to you, sir," approved the minister. "How did you manage it?" "Simple enough," was the reply. "I just outlived the so-and-sos."

## Paris Youngsters Find Human Skulls

There was no skull duggery when Paris youngsters found a couple of human skulls in a trash can. Police were called by parents for investigation, and the mystery was soon solved.

The skulls had been used in studying head structure by a Paris doctor many years ago. His surviving wife had finally decided to discard them.

**What is advertising, anyway?**

A lot has been written about advertising.  
A lot of speeches have been made about it.  
But the whole fact in a nutshell is—advertising is simply a time-saver.  
It saves time for the man or woman who wants to buy something—and for the store or factory with something to sell.  
And like most time-savers, it's a money-saver too.

**When To Stop ADVERTISING...**

WHEN EVERY MAN has become so thoroughly a creature of habit that he will certainly buy this year where he bought last year.

WHEN YOUNGER, and fresher, and spunkier concerns in your line cease starting up and using the newspapers to tell people how much better they can serve them than you can.

WHEN NOBODY ELSE thinks "it pays to advertise."

WHEN POPULATION ceases to multiply and the generations that crowd on after you, and never heard of you, cease to exist.

WHEN YOU HAVE convinced everybody whose life will touch yours, that you have better goods and lower prices than they can ever get anywhere outside of your store.

WHEN YOU PERCEIVE it to be the rule that men who never do and never did advertise are outstripping their neighbors in the same line of business.

WHEN MEN STOP making fortunes right in your sight, solely through the discreet use of this mighty agent.

WHEN YOU CAN FORGET the words of the shrewdest and most successful business men concerning the main cause of their prosperity.

WHEN YOU WOULD rather have your own way and fail than take advice and win.

WHEN YOU WANT to get rid of the trouble of waiting on customers.

WHEN YOU WANT to go out of business with a stock on hand.

## Texas Lagging in Planting Trees

College Station: Texas with a much greater land area ranked tenth among the 1949 planting season. Texans planted 16,223 acres for the period extending from July 1948 through June 1949. Florida led all states with 37,048 acres planted in the same period.

The total area planted in Texas in previous amounted to 79,471 acres. Almost 96,000 acres had been re-forested in Texas by June 1949. Ninety-four per cent of the total area planted in the 1949 planting season was on privately owned Texas land. Only 1,032 acres were planted on public lands owned by State and Federal agencies.

Don Young, head of the Texas Forest Service Management Department, estimates that approximately 800,000 acres of idle East Texas land is in need of planting. Approximately 17 million tree seedlings were grown by the Texas Forest Service at the Indian Mound Nursery this year.

Other southern states ahead of Texas in the area reforested in the 1949 season were: Alabama, Georgia, Louisiana and South Carolina.

Plant trees, Texans, many of them and plant pecans for both food, shade and timber.

The only way to keep some New Year resolutions is to wrap them up in cellophane and pack them way down in the deep freeze unit.

## Alcorn Agrees to Moving of National Capital But Doesn't Want it Near Him

Editor's note: Achin Alcorn, philosopher on his Johnson grass farm on Sulphur, probably is mistaken about the matter he's writing about this week, but we find it's easier to print his stuff than to have him going around talking about us.

Dear Editor: I noticed in a copy of a paper which I pulled out from under the wash pot just before my wife started a fire with it, no sense in getting so steamed up over clean clothes you neglect your mind, where some Congressman is trying to move the United States capital out of Washington. Says the seat of government ought to be moved to a better location, and I expect to see a lot of towns jump in with offers and claims why the capital ought to be moved to their area Chambers of Commerce all over the country are probably polishing up their stories now.

I don't see it that way. That is, it wouldn't make any difference to me if they moved the capital, just so they didn't lose my name on the out-goin government

check-writin list, but I blamed sure don't want the thing around here. Ruin a community faster'n a small pox epidemic.

You take your community. Ain't nobody outside of us and you town folks got much use for it, but ain't nobody actively opposin it. Yet you put the capital of the United States around here and this would be the worst cussed place on earth.

Right now you can blame high taxes, high costs, labor troubles, wastefulness, your own failure, a sick cow, the price of cotton, insects, etc., on Washington, but if they moved the capital here everybody'd be blamin it on us. I can hear em now, sayin what in the world will they think up next? It's them bureaucrats that's causin all the trouble. What this country needs is to clean out from one end to the other.

No sir. They can leave the capital in Washington, or take it to Mississippi or North Dakota, but I blamed sure don't want it around this part of the country. Be the most embarrassin thing that could happen to us.

Yours faithfully, A. A.

## Normal Humans Grow Mentally At Any Age

AUSTIN.—We do not all grow, develop, mature—nor do our organs degenerate—at the same rate, says Dr. Geo. W. Cox, State Health Officer.

"Today, a man of 60 may be as young, vigorous and vital as the average man of 40. On the other hand he may look and act like a man of 80, old, weak and miserable. A man of 60 may have a 40 year old heart, 50 year old kidneys and an 80 year old liver.

"The physical changes which come with age alone are not entirely decline, either. Speed of reaction does diminish, but endurance increases in certain capacities. As speed declines, skill is increased with practice, and as strength declines, judgement increases. Automobile driving ability, for example, improved from 24 to 43 in the average individual and at 65 is superior to that of the 20's.

"Normal human beings can grow mentally at any age. The worst of all old-age diseases is neglect. Many factors that help make a healthy, happy old age are (1) eating right; (2) regular physical examinations and (3) keeping physically and mentally active without overtaxing ourselves. There is a rapidly growing branch of medicine, known as geriatrics, that specializes in disease and conditions of the aging.

## Armless Publisher Dies in Ft. Worth

Funeral services were held at Ft. Worth recently for Aaron Smith, 81, who overcame the handicap of being born without arms and became an attorney and newspaper and magazine publisher.

At his death he was secretary-treasurer of the Southern Florist and Nurseryman, a trade publication.

As a child, Smith learned to write with his mouth and his toes, acquiring great dexterity.

At sixteen, Smith decided to become a lawyer. By studying law books at home he passed the bar examination at the age of twenty. He practiced law briefly at Mt. Pleasant, and then purchased the Mt. Pleasant Times-Review which he sold in 1899 and moved to Weatherford.

## Crops Replacing Cotton Acreage on Grey, Black Land

By TOM E. PRATER  
Lamar County Agent

Many inquiries as to what crop may be used to replace the acreage of cotton which has been taken out of production, have come our way in the past few weeks. Those who have already grown hubam clover know that this is a good crop in the black and gray land areas and this is what we believe you should consider using as a cash crop and a soil builder on that land that you won't be able to plant to cotton.

Several have inquired as to the possibilities of Madrid sweet clover in this area. Quite a bit of experiment work has been done at Denton Experiment Station and reports seem to be favorable for this area. It is a biannual clover and of course does not produce seed until the second year. It will produce from one to one and a half tons of excellent quality hay the first year or is very good for grazing from about the first of June until late November, according to the Experiment Station reports.

The seed are ripe about the same time as vetch, which is around the 1st to 10th of June. The yield has compared very closely to that of hubam, in fact, in some cases it has been more. The seed are relatively scarce and command a good price at the present time. It should be seeded from Feb. 1st to March 15th at the rate of about 15 lbs. per acre in a drill, 20 lbs. broadcast or 5 lbs. per acre in 3ft. rows.

Method of seeding is best to seed alone or plant alone if a good crop of hay or seed is needed. It should not be planted on land that is affected by cotton root rot. It could be used as an annual and turned under without a seed crop this first year before too much damage was done by the root rot but in that case hubam clover would probably be the best since your seed crop would be mature before any damage was done. In fact, the deep roots produced by the hubam help aerate the soil and reduce the damage of root rot.

## Dairy Clinic at Junior College Saturday, Feb. 4

On Feb. 4, the first Saturday in February, a Dairy Clinic will be held at the Paris Junior College auditorium. It will start at 10 a. m. with Dick Burleson, Associate Dairyman, Texas A. & M. Extension Service, discussing feeds and feeding of dairy cattle.

At 11 a. m. Dr. W. C. Banks, Extension Veterinarian, will discuss mastitis and its control, and any other diseases that you care to ask him about. From 11:40 until 12 o'clock, there will be a general discussion on dairying problems.

From 12 until 1 o'clock will be dinner time at the Paris Junior College cafeteria which you can treat yourself to a "Dutch" dinner. It usually costs about 50 or 60 cents for each individual, depending on the amount that you consume.

From 1 until 2 o'clock, Archie Meekma, Assistant Dairyman, Texas A. & M. Extension Service, will talk on management of the dairy herd. From 2 to 2:30 there will be a discussion of winter and summer temporary pastures.

From where I sit... by Joe Marsh

**Give Us Back Our Sidewalks, Slim!**

I wrote that over an article in the Clarion last week, but I didn't like doing it. After all, the man it was aimed at—Slim Henderson—is a good friend of mine.

Slim came into quite a windfall last month, and bought the old Clarke place. The deed gave him title to all the land—right down to the street. Then Slim started to take up the sidewalk to make his lawn look better.

I felt it wasn't fair to the town and said so in my article. Next morning Slim comes around and wants to know what I mean—get-

ting folks riled against him. I fear orney myself, and we had quite a set-to over the whole business.

From where I sit, that was foolish. Once we'd cooled off (over lunch and a bottle of beer at Andy's Tavern), Slim decided the sidewalks should stay—for the common good and I promised next time I'd take a good look at the other fellow's point of view before writing any articles about him!
