One Killed and Three Hurt in Traffic Wreck

A steel bridge approach railing instantly killed one Red River County woman and scalped another late Tuesday night as it knifed through an automobile on Highway 24 south of Paris three miles.

Mrs. Ollie Wicks, 45, Jolntown, apparently died instantly as the long metal sliver partially severed her head.

Mrs. Enoch Black Sr., 48, also of Jolntown, was scalped and is at St. Joseph's Hospital in serious condition.

Escaping with minor injuries were Mrs. Lynell Wicks Black, 20, driver of the car, and her little sister, both daughters of the fatally injured woman.

Mrs. Lynell Black told State Highway Patrolman Bob Ashmore that the accident occurred when she fell asleep at the wheel. The group was returning home from Dallas after carrying the young Mrs. Black's husband, the son of Mrs. Enoch Black, there to catch a bus to return to his California military station.

Traveling north toward Paris, the car swerved off the highway and struck the outer end of the low-level railing.

The long metal strip freakishly curled up and over the hood of the hurtling vehicle, drove through the right side of the front windshield and on through to erupt through the rear—completely impaling the car.

Mrs. Wicks was sitting on the right side of the front seat and was the first victim of the knifing metal. Mrs. Enoch Black was on the right side of the rear seat, the sliver scrapping across the top of her head.

Patrolman Ashmore said that Mrs. Black is small in height, and this fact probably enabled her to miss the full impact of the steel beam.

The car rolled over and down an incline after the crash, pulling the railing and its ground imbedded supports with it.

Insects Still a Threat to Cotton Says Agent

Cotton insects are still a threat to the cotton crop. Many fields are being poisoned at the present time for both weevil and bollworm control, says Red River County Agent Herman Lynch.

Most fields getting three or more applications of poison at five day intervals are relatively free of weevils. Fewer bollworm eggs are being found in most fields, and farmers are hoping the infestations will stop. Continued dry weather and maturing plants could possibly end the major threat to the early planted fields.

Regular applications of poison should be continued at five day intervals in fields having injurious population counts of weevils or bollworms.

The scene was discovered shortly before midnight by passing motorists, who summoned ambulances to carry the injured to the hospital.

The fatality was the third from traffic accidents in Lamar County so far this year.

And the accident was the second major traffic crash on county highways within less than 24 hours. Four persons were injured, three of them seriously, about 2:30 a. m. Tuesday in a truck-car collision east of Paris.

Mrs. Linnie Wicks is survived by her husband, three daughters, Mrs. Bill Whitlock, Dallas, Mrs. Enoch Black Jr., Carolyn Jean of Jolntown; three sisters, Mrs. Archie Mayes, Mrs. Bob Gilbert, Mrs. Beatrice Duvall, all of Amarillo; four brothers, Gaddis Mauldin of Mauldin, Ocie Mauldin, Talco, Carl and Travis Mauldin of Galena Park.

Funeral services will be Friday.

Lamar County milk producers will ballot Friday, Aug. 3, as to whether or not they want federal regulations of milk marketing conditions.

Four Men Hurt in Head-on Wreck Highway 271

Four persons were injured, three of them seriously, in a head-on collision of a loaded trailer truck and an automobile just east of Paris on Highway 271 early Tuesday morning.

Hurt in the crash were: Victor E. Easterwood, 20, of Paris, Rt. 6, who received a broken arm, serious cuts about the hip and other injuries.

Charles Route, 39, 1631 Maple Avenue, Paris, was cut and bruised.

Joe Jones, 28, of Talco, suffered a broken leg and other injuries.

Troy Richardson, 37, Snyder, also has a broken leg and cuts and bruises.

All the injured but Route were retained at a Paris hospital, but none of them was believed to be in critical condition.

State Highway Patrolman Bob Ashmore reported that the vehicles smashed together on the south side of Highway 271 about one-half mile east of the Paris city limits. The crash occurred shortly before 2:30 a. m.

The truck, driven by Easterwood, was loaded with hay and traveling east. The automobile was driven by Jones and going west.

Charges of driving while intoxicated were filed Tuesday in Lamar County Court against Jones.

Jones was trapped in the 1950 Ford car for about 20 minutes before officers and volunteers could free him from the crushed driver's position. Front of the vehicle was demolished.

The steel top of the truck cab was ripped away and unfolded in a grotesque manner over the hood of the automobile.

Hay from the trailer of the truck was scattered about the scene.

Route was a passenger in the truck, while Richardson was with Jones in the car.

Talco P. O. Receipts Higher This Year

Talco Post Office is getting along nicely so far as business is concerned, according to Postmaster George Barber.

Receipts for the first six months of this year showed an increase of \$65.16 over the figures of the first six months of last year.

Salaries of postal employees and the number employed are based on local receipts. Do business with the local postoffice and help maintain our second-class rating.

Gordie Robinson Dies from Heart Attack Monday

Gordie M. Robinson, 58, passed away at his home in Glendale community at 11 p. m. Monday night, after suffering a heart attack. He had been enjoying his usual health until this attack.

He is survived by his wife and two sons, Capt. A. L. Robinson, U. S. Air Force, stationed at Camp Edwards, Calif., and J. W. Robinson, HN, U. S. Navy, stationed at Pearl Harbor; two daughters, Mrs. Estell Hudson and Mrs. Cleon Shidler of Oklahoma City; one brother, A. V. Robinson of McCrury; two step-sisters and six grandchildren. Funeral arrangements are incomplete, awaiting arrival of two sons in service.

Deceased was born in Little Rock, Ark., on July 24, 1893.

East Texans Held After Drug Raid

Two East Texans were arraigned Wednesday before United States Commissioner Clara C. Faust at Paris, on charges of unlawfully possessing narcotics.

Charged were Homer Elmer Gunn of Mount Pleasant, and Ebb Fisher of Seven Pines, Gregg County.

Both men waived examining trial. Gunn's bond was set at \$10,000 and Fisher's at \$5,000. The two men were arrested by Liquor Control Board officers during a raid at a house in Mount Pleasant. The officers seized two glass jars containing white capsules during the raid.

The charge against Gunn and Fisher specifically accused them of unlawfully possessing approximately 300 grains of morphine, dilaudid and tenatane without having paid special tax thereon or registered same with collector of internal revenue.

Former Resident Buried Thursday

Mrs. Susie Emma Jenkins, resident of the Talco area for a considerable length of time, out who has lately made her home with her children in Freeport, passed away in that city July 24 at the age of 75 years.

Funeral services for Mrs. Jenkins were held at Midway Church, west of Talco, under direction of Rev. Perry Griffith, and burial was in the nearby cemetery.

Mrs. Jenkins is survived by one son, William Edward Jenkins of Freeport; seven daughters, Mrs. Ola Owens, Leonard; Mrs. Vida Morgan, Overton, and Mae Hutton and Mrs. Evelyn Jackson, Mrs. Emma Scott, Mrs. Grace Hamilton and Mrs. Eleanor Stephens, all of Freeport. Other survivors include two sisters, Mrs. Lottie Davies and Mrs. Nannie Hale, both of Chicota; twenty-two grandchildren and fourteen great-grandchildren.

Avery Peach Crop Being Marketed

Peaches have been moving from Avery orchards in substantial volume the past week at prices up to \$5.00 a bushel for top quality fruit.

Some of the larger orchards in that area were damaged by hail and yields are spotted. Where the weather losses were not sustained, however, producers are doing exceedingly well with their 1951 crop.

One orchard owner in the Avery community will market 6,000 to 8,000 bushels of choice fruit this season. Last year hail demolished his peach crop.

Avery is the largest peach shipping center in Northeast Texas, with hundreds of acres of trees in production within a radius of a few miles of the town.

Hay Crop Short Due To Hot, Dry Weather

Hot and dry weather continues in this section. The mercury has soared upward into the upper 90's and has hit the 100 mark for several days. Some farmers are doing late poisoning for cotton damaging insects.

The hay crop is short in this area this year. Most meadows are yielding about one-half of the amount produced last year. Increased production of cattle has made the demand greater than in previous years. Pastures and late feed crops are in need of a good soaking rain.

J. D. Pittman of Wichita Falls, is here to visit relatives.

New Assignment Capt. Johnson

Edwards AFB, Calif. — Capt. Weldon V. Johnson, 34, son of Mrs. Zura H. Johnson, Rt. 2, Deport, has been assigned to duty at the Air Force Flight Test Center, Edwards Air Force Base, Muroc, Calif.

Edwards AFB, which just recently was designated the Air Force Flight Test Center for the Air Force's newly organized Air Research and Development Command, is a major testing ground on the Mojave Desert for aircraft and aviation equipment used by the Air Force.

Capt. Johnson graduated from Deport High School in 1935. He enlisted in June, 1935; received his commission in the Signal Corps in 1943; is a veteran of World War II, serving 34 months in the Pacific; reverted to enlisted status on active duty on April 27, 1950, and was then ordered to duty as a captain on August 26, 1950. Capt. Johnson transferred from Norton AFB to Edwards AFB on July 19, 1951.

Capt. Johnson is married to the former Marie Stanish of San Antonio. They have one daughter, Carolyn Lee, age 3½.

Capt. Johnson is a brother to Mrs. A. G. Norwood and Mrs. Dick Rodgers of Talco.

Talco Wins Protest Game With Gilmer

Jack Winn successfully defended his protest on Thursday night's game with Gilmer at a league meeting in Pittsburg on Monday night. The vote was unanimous in favor of Talco and the game was awarded to Talco.

Near fights broke out in the meeting when Gilmer's director started to criticize the other directors for their stand on the protest. Talco was awarded the game.

Talco Postoffice Asking for Bids

Talco Postmaster George Barber has posted an advertisement in the postoffice soliciting proposals to furnish suitable quarters for the Talco postoffice for a term of five or ten years, beginning May 13, 1952.

Floor space of about 1,300 square feet is desired and bids addressed to P. T. Inspector L. W. Davis, 424 Texas Street, Shreveport, La., will be accepted up until Aug. 27.

Gilmer Defeats Talco Oilers Thursday 3-1

By JACK WINN
In a league game played Thursday night in Gilmer, the Gilmer Bucks defeated Talco 3-1 in their last league game of the season. The game was highlighted by many rhubarbs, with the Talco Oilers swarming out on the field on several occasions to protest the base umpiring. Several bad calls were made against the Oilers and the Oilers left the game feeling like the game should have been in Talco's favor 1-0. Jack Winn lodged a protest with the league president on the game.

Talco Oilers' chance for a place in the East Texas Amateur play-off took a jolt at Pittsburg Tuesday night, when the Pittsburg Pirates handed the Oilers a 4-3 beating. Both sides got eight hits; Pittsburg made four errors to Talco's one, but the Oilers made several mental errors and also pulled several boners on running bases. Abshire was the loser; Alberdine the winner. MacKinstry relieved Abshire and pitched great ball.

Health Officer Warns Against Common Fly

Austin.—Thousands of children and adults die every year from diseases carried by the fly. Typhoid fever, tuberculosis, polio, summer complaint, cholera, intestinal diseases, and frequently death follow closely in the trail of the common house fly.

"Control of the fly menace comes at the top of the list of necessary public health measures which should be applied by every city and community in the State," urged Dr. Geo. W. Cox, State Health Officer.

"The most effective measure for control is to prevent breeding," Dr. Cox said. "Flies breed in filth, and about eight days are required to complete a life cycle. During her life time of several months, one house fly lays from 600 to 1000 eggs. Thus it can easily be seen that in a season which usually begins in the spring of the year, the descendants from one fly number countless thousands.

"To eliminate flies, the breeding places must be destroyed. Manure piles, garbage, and other organic filth furnish the requirements of warmth, moisture, and food necessary for the propagation of the fly. Flies should be kept from contact with food or drink or utensils in which such food and drink are prepared and served. Likewise, they should be kept from access to privy vaults where they pick up the infections, which they later spread to humans by contact with the food and drink, and by unwashed hands and utensils.

"See that your windows, doors, and porches are screened so that the stray fly from some careless neighbor will not molest your family. See that your grocer keeps meat, vegetables, and fruit screened from flies.

"Organize health measures to destroy the breeding places, control the flies' access to your home and food, and establish standards of cleanliness in your community that will eliminate the fly."

J. B. Hahn orders The Times sent to Mrs. Neal Hahn of Freer as a birthday gift. She will be reminded of his thoughtfulness for the next 52 weeks.

FRANKLIN VOTERS FAVOR INCREASE COUNTY TAXES
A light vote was cast in the tax election Saturday in Franklin County. The measure carried by a vote of 197 for and 77 against.
The vote authorizes the levying of a 30c county ad valorem tax to replace the state tax of the same amount eliminated by a constitutional amendment last year.
A total of 270 votes were cast. The county's voting strength is about 2,500.
A similar proposal is up for election in Red River County, according to posted notices.

J. R. Westbrook Store in Deport Destroyed by Fire
Fire of unknown origin destroyed the stock and fixtures of the J. R. Westbrook & Son Grocery and Market in Deport Sunday morning about 4 o'clock. The Westbrook food locker plant in the adjoining building on the south was slightly damaged.
The blaze was discovered by Othor Pearson, Deport night-watchman, when he heard glass break in a window in the rear of the building and went to investigate. He turned in the alarm and Deport Volunteer Firemen who immediately responded were able to bring the blaze under control and prevented it from spreading to adjoining buildings. Vernon Westbrook who operated the store and owns the locker plant, estimated the total loss at between \$20,000 and \$25,000. He said insurance carried on the stock, fixtures and plant will fully cover the loss. Mrs. A. W. Simmons, who owns the building, had some insurance coverage. Woodwork was badly burned and windows broken.

Good Demand for Stocker Cows at Fort Worth

By TED GOULDY

There has been a consistent demand, despite the dry weather, for stocker cows in recent weeks. This has been a source of some wonderment to many. Apparently there is still some room for cows in a good many spots despite the dry conditions in most sections of the Southwest.
The farm population of cattle is getting very high, most people with farm-sized operations have found that cows and calves furnish a highly profitable side-line to go with their farm operations. This is especially true where legumes, clovers and other good forage is being grown in a soil building program.

One of the biggest guessing games in livestock circles right now concerns the price of supply of protein feed supplements that will be available this coming fall and winter. Some feeds are being booked in relatively small quantities, while many mills and many stockmen are holding back until the size of the upcoming cotton and corn crops is a little more certain. Whatever happens, it looks like another big feeding year for moth livestock and poultry.
Recent rains in the Panhandle are causing some speculation about fall stocker prices. Some observers feel that there is already season enough in the Pan-

handle wheat fields to get a good stand of wheat going early this fall.
Some stocker men feel that stocker prices in September may be higher than they will be in the next few weeks. This is a certainty if the wheat grazing deal in the Panhandle and Plains turns out well.

One of the biggest checks for a single shipment of cattle in the history of the Fort Worth market went to Wilmer Seay of Oscar, Okla., last week. He had 220 three-year-old supplementally fed grass steers that weighed 1,327 pounds at \$34.40. Check was over \$106,000.00.

Talco Happenings Ten Years Ago

Week of August 1, 1941
Mrs. Leona Bryan, 39, of Cunningham, had died in a Paris hospital.

Funeral services had been held at the Mt. Vernon Baptist Church for Mrs. Milton Bolin, 22, of the Lavada community.

L. E. Gilbert, one of the teachers in Talco school, had resigned and had been elected superintendent of a school near Lufkin.

Robert W. League, three year old son of Mr. and Mrs. J. W. League of Talco, was in Paris for surgical treatment.

Grady Farrier of Omaha, had died in a Dallas hospital.

Kenneth Westbrook had installed a new meat market in his store.

Talco Public School had set Sept. 8 as the opening date.

Work was nearing completion on the new highway between Talco and Mt. Pleasant.

Drivers License Fees Will Rise Sept. 7

Texas motorists who renew, or obtain for the first time, their private driver's license after Sept. 7 will find that inflation has taken another crack at them.

On that date will become effective a new law, passed by the 52nd Legislature, which raises the fees to \$1, double the present sum.

In addition, the commercial operator's license will cost \$2, also a 100 per cent increase over the present fee.

The chauffeur's license will remain the same, \$3.

The need for additional funds for the State Department of Public Safety to carry on its job of controlling traffic and tussling with crime is given as the reason for the boost.

Engagement Announced

LINDA HOLMES CELEBRATES BIRTHDAY

Linda Holmes entertained several guests at her home in Humble Camp on July 23 in honor of her eighth birthday. The guests enjoyed playing several games directed by Becky Foster.

They were invited in to see Linda blow out her candles. Then all joined in and sang the traditional "Happy Birthday" song.

Refreshments of cake and ice cream, topped with chocolate, and favors of bubble gum were served to nine guests: Marjorie Richardson, Mary Ann Brown, Calvin Hammond, Patsy Ann Rhodes, John Burnham, Janice Jones, Jerry Robinson, Butch Walker, Sandra Penn and the honoree.

Mr. and Mrs. R. J. Rosson announce the engagement and approaching marriage of their daughter, Jane Gayle, to Mr. Wayne T. Norman of Van.

The future bridegroom is the son of Mr. and Mrs. J. W. Norman of Van. The wedding will be Sept. 1st at the Calvary Baptist Church.

Alcorn Offers Farm to Repel Invasion Of Foreign, Airborne Crop Insects

Editor's note: Achin Alcorn, philosopher on his Johnson grass farm on Sulphur, has another idea to get out of work, if you ask us, his letter this week reveals.

Dear Editor: It was so hot out here yesterday I was able to read only the front page of my newspaper, takes too much energy to turn a page in weather like this, and down toward the bottom of the page I noticed an article advising farmers to keep an eye on germ warfare.

That is, as I understand it, the next war will have some novel ideas in it, apart from shootin at each other, and among these will be biological warfare, which I understand consists of the enemy spreading disease among livestock, or boll weevils in the cotton, or potato bugs in the potatoes, or corn borers in the corn, etc.

Now you take the ordinary farmer, he's gonna have a hard time discoverin when war has been declared, as he's already afflicted by about all the insects there are. Why I've seen years when my crops was so infested, if I'd known about biological warfare, I'd figured the rest of the world had just declared war on me. Talk about wild rumors, we're gonna have plenty, but the

thing has its brighter side. For example, it's gonna be mighty handy to be able to tell your wife, no use tryin to make a crop this year, them Russian airborne boll weevils will get it before a man has a chance to get started, or them Chinese beetles will sabotage me, sure as anything.

And I've been thinkin, what this country needs is an anti-insect belt, a buffer area, sort of like a radar net-work, to repel an invasion, to sort of protect the rest of the crops, and if suitable financial payments can be arranged, I will enlist my farm in such a plan. Will let it grow up in weeds and grass, so when foreign insects hit here, they'll starve to death before they get on over into the real farmin section. By strategically locatin similar farms throughout the country, we might be able to whip the thing. Washington ought to get to work on this right away. Will be glad to lease my farm for a reasonable amount to the government, and meanwhile will bend every effort to get it in the proper run-down shape and will guarantee to keep it that way. When danger threatens American agriculture, you'll find me willin to do my part.

Yours faithfully, A. A.

State's School Aid Set at \$62 a Pupil

State aid of \$62 per student in public schools was voted Saturday by the Board of Education for the next school year.

It was an increase of \$2 over the apportionment originally set for this year. An additional \$2 was paid, however, because a surplus accumulated in the fund.

INSPECTORS CAPTURE THREE ILLICIT STILL

Texas Liquor Control Board inspectors in June reported the seizure of three illicit stills. With the stills, which had a cubic capacity of 160 gallons, inspectors captured 450 gallons of mash and made three arrests. Seven gallons of moonshine liquor were destroyed.

One still was taken in Panola County, and two in Titus County.

Constitutional Amendment

HOUSE JOINT RESOLUTION, NO. 2

proposing an amendment to Section 49-b, Article III, Constitution of Texas, so that the total amount of bonds or obligations that may be issued by the Veterans' Land Board is increased to One Hundred Million Dollars (\$100,000,000); providing for the issuance of said bonds and certain conditions relating thereto and the use of the Veterans' Land Fund; providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 49-b, Article III, Constitution of Texas, be amended so that the same will hereafter read as follows:

"Section 49-b. There is hereby created a Board to be known as the Veterans' Land Board, which shall be composed of the Governor, the Attorney General, and the Commissioner of the General Land Office. The Veterans' Land Board may issue not to exceed One Hundred Million Dollars (\$100,000,000) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veterans' Land Fund. Such bonds shall be executed by said Board as an obligation of the State of Texas, in such form, denominations, and upon the terms as are now prescribed by Senate Bill No. 29, Chapter 318 of the Acts of the Fifty-first Legislature (provided, that when the limitation of Twenty-five Million Dollars (\$25,000,000) is used in said Senate Bill No. 29, the same shall hereafter be construed as One Hundred Million Dollars (\$100,000,000), or as said Act may be hereafter amended, or by other laws that the Legislature may hereafter enact; provided, however, that said bonds shall bear a rate of interest not to exceed three per cent (3%) per annum, and that the same shall be sold for not less than par value and accrued interest.

"In the sale of any such bonds, a preferential right of purchase shall be given to the administrators of the various teacher retirement funds, the Permanent University Funds, and the Permanent School Funds; such bonds to be issued as needed, in the opinion of the Veterans' Land Board.

"The Veterans' Land Fund shall be used by the Board for the sole purpose of purchasing lands suitable for the purpose hereinafter stated, situated in this State, (a) owned by the United States, or any governmental agency thereof; (b) owned by the Texas Prison System, or any other governmental agency of the State of Texas; or (c) owned by any person, firm, or corporation.

"All lands thus purchased shall be acquired at the lowest price obtainable, to be paid for in cash, and shall be a part of the Veterans' Land Fund.

"The lands of the Veteran's Land Fund shall be sold by the State of Texas to Veterans of the present war or wars, commonly known as World War II, and to Texas Veterans of service in the armed forces of the United States of America subsequent to 1945, as provided in the Constitution of the State of Texas.

Enoch Black Jr. left Tuesday for Fort Ord, Calif., after a furlough here with his parents. He will be sent overseas immediately after reporting for duty. Mrs. Black plans to live in Dallas, where they both had employment before he was drafted into the service.

Mr. and Mrs. F. M. Foster, Mrs. Katie Pirtle and Hugh Mayfield of Johntown and Mr. and Mrs. J. C. Vaughan and Mr. and Mrs. Thomas Wright of Bogata, attended services at the Baptist church at Sugar Hill Sunday, where Bro. John Peritt of Mt. Pleasant, is conducting a revival.

Mr. and Mrs. Pete Hall and daughter, Linda Rose of Santa Ana, Calif., and Mrs. Lee Oisack, visiting J. E. Vaughan and wife left Sunday for Dallas.

may be included within this program by legislative act, in such quantities, and on such terms, and at such prices and rates of interest, and under such rules and regulations as are now provided by law, or as may hereafter be provided by law.

"All moneys received and which have been received and which have not been used for repurchase of land as provided herein by the Veterans' Land Board from the sale of lands and for interest on deferred payments, shall be credited to the Veterans' Land Fund for use in purchasing additional lands to be sold to Texas Veterans of World War II, and to Texas Veterans of service in the armed forces of the United States of America subsequent to 1945, as may be included within this program by legislative act, in like manner as provided for the sale of lands purchased with the proceeds from the sales of the bonds, provided for herein, for a period ending December 1, 1959; provided, however, that so much of such moneys as may be necessary during the period ending December 1, 1959, to pay principal of and interest on the bonds heretofore issued and on bonds hereafter issued by the Veterans' Land Board shall be set aside for that purpose. After December 1, 1959, all moneys received by the Veterans' Land Board from the sale of the lands and interest on deferred payments, or so much thereof as may be necessary, shall be set aside for the retirement of said bonds and to pay interest thereon, and any of such moneys not so needed shall not later than the maturity date of the last maturing bond or bonds be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law. All bonds issued hereunder shall, after approval by the Attorney General of Texas, registration by the Comptroller of the State of Texas, and delivery to the purchasers, be incontestable and shall constitute obligations of the State of Texas. Of the total One Hundred Million Dollars (\$100,000,000) of bonds hereinafter authorized, the sum of Twenty-five Million Dollars (\$25,000,000) has heretofore been issued; said bonds are hereby in all respects validated and declared to be obligations of the State of Texas. This amendment shall become effective upon its adoption."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State of Texas on the second Tuesday in November, 1951, at which election all voters favoring the proposed Amendment shall write or have printed on their ballots the following words:

"FOR the Amendment to Section 49-b Constitution of Texas, for increasing Veterans' Land Fund for the purchase of lands in Texas to be sold to Texas Veterans of World War II, and to Texas Veterans of service in the armed forces of the United States of America subsequent to 1945."

Those apposing said proposed Amendment shall write or have printed on their ballots the following words:

"AGAINST the Amendment to Section 49-b, Constitution of Texas, for increasing Veterans' Land Fund for the purchase of lands in Texas to be sold to Texas Veterans of World War II, and to Texas Veterans of service in the armed forces of the United States of America subsequent to 1945."

If it appears from the returns of said election that a majority of the votes cast were in favor of said Amendment, the same shall become a part of the State Constitution and be effective from the date of the determination of such results and the Governor's proclamation thereof.

Section 3. The Governor of the State of Texas shall issue the necessary proclamation for said election, and shall have the same published as required by the Constitution and laws of this State.

"FOR the Amendment to Section 49-b Constitution of Texas, for increasing Veterans' Land Fund for the purchase of lands in Texas to be sold to Texas Veterans of World War II, and to Texas Veterans of service in the armed forces of the United States of America subsequent to 1945."

Those apposing said proposed Amendment shall write or have printed on their ballots the following words:

"AGAINST the Amendment to Section 49-b, Constitution of Texas, for increasing Veterans' Land Fund for the purchase of lands in Texas to be sold to Texas Veterans of World War II, and to Texas Veterans of service in the armed forces of the United States of America subsequent to 1945."

If it appears from the returns of said election that a majority of the votes cast were in favor of said Amendment, the same shall become a part of the State Constitution and be effective from the date of the determination of such results and the Governor's proclamation thereof.

Section 3. The Governor of the State of Texas shall issue the necessary proclamation for said election, and shall have the same published as required by the Constitution and laws of this State.

Second Cup Coming Up

Washington.—The Agriculture Department had good news for coffee drinkers Sunday—coffee supplies may be 10 per cent larger in the twelve months ahead.

A survey of coffee-producing areas indicates production for export this year will total about 33,000,000 bags or 3,000,000 more than during the past season.

But the department cautioned consumers against expecting a price-depressing surplus.
