Another Week of Temperatures Over 100 Degrees

Aside from a few showers Sunday and Monday that cooled the atmosphere a bit, this drouth-seared area has experienced above 100 degree temperatures for another week. The showers were spotted and in this immediate vicinity Fulbright probably received more rain than any other community on Sunday afternoon. It will require a two to three inch rain now to do this area much good.

It is the hottest, most prolonged drouth this area has suffered in many years, and it is said to be much worse in central Texas. Dairymen and stock owners from the coast and further northward have no pastures and are coming into this section to buy hay. Pastures are seared now and cotton is popping open prematurely. Prospects four weeks ago have been greatly reduced.

Heavy lands with early cotton had a good crop made before the searing heat came, but light lands and late cotton have suffered and the bolls are very small.

Cattlemen with seared pastures, especially in the San Antonio area, are rushing cattle to market, and receipts there and at Fort Worth have been unusually heavy.

There have been no heat prostrations nor deaths in this area so far as this newspaper has been able to learn, but over the state thirty deaths are attributed to the heat.

Cooler temperatures were predicted for Northeast Texas on Thursday.

President Vetoes Pension Raises

Washington. — President Truman has vetoed proposals (1) to increase pensions of war veterans disabled by non-military causes and (2) to grant broader pensions to some veterans' widows.

He figured the first proposal would cost the government \$16,700,000 for the first year alone.

It would have increased some pensions from \$67-\$72 a month to \$120.

Compensation for veterans disabled as a result of military service is not affected.

STUDENTS TO RECEIVE DEGREES FROM ETSTC

Five students from the Bogata area will receive degrees at ETSTC in commencement exercises at Commerce on Sunday, Aug. 19, at 3 p. m. Students receiving Bachelor of Science degrees are Hugh Forester, Mable Barry Hale, Charlene Hazlewood, all of Bogata.

Master of Education degrees will be awarded to Robert E. King, Bogata; and Vivian Smith Westbrook, Johntown.

Daughter Humble Employee Drowns At Baytown

Cynthia Ann, nine-year-old daughter of Mr. and Mrs. Ray Woodard of Deport, was drowned Wednesday afternoon at the Episcopal church encampment grounds at Baytown, her parents were advised at 6 o'clock Wednesday evening.

The message stated that efforts were still being made to revive her. She had gone to Houston with her elder sister, Camille, a week ago last Sunday, and a card to her grandparents, Mr. and Mrs. W. K. Read, received Wednesday, advised that she had learned to swim.

The father, Ray Woodard, is an Humble employee. The tragedy occurred about 4:45 Wednesday afternoon.

Funeral arrangements were incomplete Thursday morning, pending arrival of relatives from Houston.

Surviving besides the parents and sister, is a brother, Mike Woodard of Deport; her grandparents, Mr. and Mrs. W. K. Read of Deport, Mrs. Faye Woodard, Minter, and Talma Woodard.

New Fishing and Hunting License On Sale Soon

Fishing and hunting licenses for the fiscal year beginning Sept. 1 will be on sale the last week in August.

Approximately 315,000 fishing licenses and 310,000 hunting licenses will have been issued to Texans for the current fiscal year ending August 31.

One important change to sportsmen is the combined \$2.15 resident hunting license which is good for both big game and small game, barring antelope which requires a special \$5 permit. All persons over 17 years of age, hunting beyond their home county must have a hunting license.

The resident license for fishing in fresh water costs \$1.65. It must be used by all persons over 17 years of age when fishing beyond their home counties or adjoining counties. Licenses must be possessed even then if artificial bait is used in the home county or artificial bait or live bait are used in adjoining counties.

SHOWER IN HONOR OF BRIDE-ELECT

Mrs. Ellen White, Mrs. Billie Gartman, Mrs. Gordon Simmons, Mrs. Milton Bolin, Mrs. C. S. Case, Mrs. Paul Black, Mrs. Ruth Belcher and Mrs. Davis Calloway were hostesses to a shower for Miss Ola Dean Rumsey of Pittsburg, bride-elect of Charles Russell, on Saturday at the Humble Recreation Hall. Twenty-six guests registered. Mrs. W. W. White of Quitman, served.

Mother of Bogata Woman is Dead

Mrs. Minta Young, 81, widow of the late R. E. Young and resident of Pine Bluff, Ark., the past 35 years, died at Davis Hospital, where she had been undergoing treatment. She had been in declining health the past year.

A native of Arkansas, Mrs. Young was born in Monticello on Aug. 17, 1870, daughter of Oscar and Elizabeth Jordan, pioneer residents of Drew County. Mrs. Young received her education in the schools of Lincoln County and moved to Pine Bluff with her family 35 years ago. She was a member of the Calvary Baptist Church.

Survivors include two daughters, Mrs. H. L. Stubblefield of Bogata and Mrs. H. C. Braden of Sherrill, Ark., five sons, Benny and E. F. Young, Pine Bluff; Earl Young of Dallas, Cloyce and Marvin Young, Memphis, Tenn.

Funeral services were held Saturday at Calvary Baptist Church with the Rev. E. W. Johnson, pastor in charge. Burial was in Salem cemetery.

Farmers Warned Of Prussic Acid

Farmers who use Sudan or Johnson grass as a pasture for cattle were warned this week that these plants may contain a dangerous amount of prussic acid under certain conditions.

Dr. C. M. Patterson, Extension veterinarian, says these plants and others of the sorghum family, produce a cyanide compound, prussic acid, following wilting of the plants by drouth, heat or frost.

Dr. Patterson also says prevention of this condition is best accomplished by controlled grazing, so that animals are not grazed on grass that could be dangerous during the hot part of the day.

Anglers Pay Big Telephone Bill

A news item from Mt. Vernon in the Dallas News says that two fishermen got their telephone wires crossed in Cedar Lake.

Game wardens got a line on them.

The men were using a telephone box connected with wires that ran from their boat into the water. When they rang the phone, electric currents went into the water to paralyze fish.

Cost of their calls, tolls set in Justice of the Peace Court, was \$61.

AMERICAN LIBERTY EMPLOYEE HURT

E. B. Wilson, American Liberty employee in Saltillo, fell from a truck on the highway Monday near Saltillo and is in a Dallas hospital in a critical condition. He is the brother-in-law of Supt. S. O. Loving.

Three New Wells At Pewitt Ranch

Randy Moore has completed his C-7 in the Pewitt Ranch area and set pipe on Monday.

Humble has completed its No. 14 in the Pewitt Ranch and was setting pipe on Tuesday.

Coats & Moore No. 4-A Pewitt, H. P. Banks survey, is the latest completion reported for the Pewitt Ranch field. It pumped 240 barrels of oil daily from 4,533-38 in the Paluxy.

Recent leasing southeast of Pan American Production southeast of Mount Pleasant saw 950 acres taken out of the J. B. Hill, D. Bradley and D. McCall surveys. W. B. Hinton leased 750 acres in the same area.

Home-Coming at Rosalie Sunday

The Rosalie community held its centennial home-coming Sunday, Aug. 12. The Methodist church was used for the program.

The crowd, including home-comers from extreme West Texas, Arkansas, Tennessee and Seattle, Wash., started gathering about 10 o'clock.

The morning program started with a song service led by Mrs. E. T. Jeffrey. This was followed by a welcome from E. T. Jeffrey. Rainey Patton, who acted as master of ceremonies, gave a talk on home-coming. Mrs. Sam Holder read, "Memories of Rosalie," following which opportunity was given for all who wished to speak.

A bountiful lunch was spread on tables in the grove. The afternoon was spent in singing and visiting.

Return Bogata Soldier's Body For Burial

The body of Corporal Wayne K. Cothren, son of Jess Cothren, Bogata, is one of 485 being returned to the States aboard the Virginia City, the Department of Defense announced Friday.

The ship docked at San Francisco Sunday.

Bodies will be sent with an escort to the point designated by each individual next of kin.

Mr. and Mrs. C. E. Blackburn and Charles went to Dallas Sunday to meet Bobby Ann, who had been visiting relatives in Long Beach, Calif., for several weeks. While in Dallas they visited Mr. Blackburn's sister, Mrs. Temple Murray and family and returned home Monday.

A picnic was held Sunday afternoon at Humble lake honoring W. E. Lewalling of Long Beach, Calif. Guests were Mr. and Mrs. E. A. Brown of Mt. Pleasant, Mr. and Mrs. Hughie Harper, Mrs. M. A. Coker, Mr. and Mrs. Robert Harper, Mr. and Mrs. O. D. Welch and Mrs. Lallie Welch.

Mrs. Webb, Mr. and Mrs. Orva Webb, their children, Mrs. Dorothy Livermore and children attended the funeral of Mr. Webb in Horton Friday. Burial was made in Horton cemetery. Mr. Webb, father of Orva Webb, died at his home in Gladewater Wednesday of a heart attack.

W. W. Richeson and Miss Joyce Richeson went to Denton Monday to bring Mrs. Richeson home from school. Mrs. Richeson went on a tour of the west with a group of students for her last six weeks' work. On their return from Denton they went through Justin and Miss Nita Faye Hughes accompanied them home for a visit.

How to Stay Cool In 100 Degrees

Austin. — You can install a personal air-conditioning system in 100-degree weather by following the advice of a University of Texas faculty member.

Dr. C. J. Alderson, assistant professor of physical and health education, suggests the following combination when temperature outside is higher than normal body temperature (98.6 degrees):

Wear a fibrous, loose-woven garment.

Try to find dry air which is moving.

Work up a sweat (this is easy). A gunny sack would be the ideal costume for Texans in 100-degree weather, Dr. Alderson says. It holds moisture and allows circulation of air, thus producing a cooling evaporation process.

If you don't like the gunny sack idea, wear some type of loose, fibrous, light clothing. This allows for effective perspiration and circulation of air, and it isn't so heavy to carry around. Be sure the neck is well-ventilated. Wear an open-collared shirt, because the throat acts as the body's thermostat.

Eat lighter-type foods in the summer, Dr. Alderson advises—liquids, coarse foods, vegetables, fruits, fruit juices, melons and tomatoes. Take more rest, and try to avoid strenuous activities.

OLD SARGE

REMEMBER ME?
I could be Willie, the kid who delivered the groceries to your house, or I could be Joe, the guy at the service station, who serviced your car before the war—I could be Jack, the young fellow who had just started to work in the bank when the little brown men rained hell on innocent Pearl Harbor that day in December.

Perhaps I was in the infantry—and got mine at Normandy or Bloody Okinawa—maybe I fell the victim of famine and starvation in a prisoner of war camp—I could have been shot down that day after I accounted for two Japanese vessels—and went down in flames. Perhaps I manned a deck gun that day when we were struck by a "tin fish"—or a Kamikazi—and went down with my ship. Maybe I was destroyed in the African Desert by Rommel's artillery—could be that it happened to me at Salerno—I might have been in the Coast Guard—or perhaps the "Unsung Seabees"—I might have been killed at the Inje Reservoir in Korea—regardless of my status then—I was a guy in uniform—your representative to preserve Democracy and win a war against enemy aggression.

You remember me now—sure you do—you put the rifle in my hand—"go destroy," win—save our land—you shouted "Hip! Hooray!"—but look at me today—you see I live in a land of no return—never can I come back—never will I return to those I held most dear—never can I mingle with my old pals. As for myself, I can only say that I am not sorry this happened to me, for in my heart I know that I carried on the tradition taught me since childhood about my forefathers at Bunker Hill, the Alamo, and the Argonne—within me is the self-satisfaction that I did not break the chain of Democracy handed me.

But I do wish to ask you, "Have you forgotten me?"—What are you doing to preserve the peace for which I died?

Ask yourself this question now—and please—whatever you do never allow Communism to grow as fast as Democracy—if so—we cannot sleep.—Grapeland Messenger.

Short Season for Deer Hunting in Hopkins-Delta

White Oak Game Preserve, a five-year project that brought 600 deer and 150 wild turkey into the White Oak Creek area in Hopkins County, has been turned back to the original landowners. When deer season opens next November 16, there should be some good deer and turkey hunting. The area was leased from the owners for game propagation.

Hopkins County will have a 10-day deer season this fall, from November 16 through 25. Delta County will have the same 10-day season. Lamar, Fannin and Red River Counties are to have their usual five-day deer season, November 16 through 20. Bowie County will have a closed season this fall.

Lamar Dist. Fair At Paris Aug. 27 Through Sept. 1

The annual Lamar District Fair will get underway on Aug. 27-Sept. 1, Harry Wilson, fair president, has announced. Judging schedule includes the women's and girls' department, poultry and rabbits on Aug. 28; junior project and educational exhibits, swine and women's and girls' department, Aug. 29; grass and dairy judging, Aug. 30, and dairy judging continued on Aug. 31.

Liquor Possession Costs Man \$250

Billy Lowery of Paris was fined \$250 and court costs Wednesday after pleading guilty in County Court to a charge of unlawfully possessing liquor in a dry area.

A similar charge against Judy Clark, who was arrested along with Lowery in the case, was dismissed by Judge Joe Hammack for insufficient evidence.

The couple were arrested last week by agents of the Texas Highway Patrol and Texas Liquor Control Board in a car near Deport with 20 cases of beer and three cases of whiskey.

J. K. (Kenneth) Cunningham, former Deport resident, who died after a train wreck near Baton Rouge, La., early Friday, was buried at Paris Sunday. Son of Mrs. J. W. Cunningham, 946 S. Main St., he was post exchange manager of the veterans hospital at Alexandria, La. His death was reported due to a heart attack after the wreck.

Farmers Income Up 39 Per Cent

Austin. — Texas farmers' total cash income for the first half of 1951 was 39 per cent greater than in the same 1950 period, the University of Texas Bureau of Business Research reports.

Revenue from Texas poultry was up from \$5,951,000 (million) to \$27,651,000 in the most impressive gain. Egg profits were up, too, from \$18,595,000 to \$52,481,000. Incomes from grain sorghums and calves both increased more than 100 per cent.

Milk and milk products (up 84 per cent), corn (up 54 per cent), hogs (up 46 per cent) and cattle (up 36 per cent) brought significantly larger sums to raisers. Cattle and milk and milk-products, the two most important commodity classes during the first half of 1951, brought Texas cattlemen \$183,179,000 and dairymen \$103,957,000.

Thieves Take New Refrigerator from House at Pattonville

Thieves entered the new house of Mr. and Mrs. Austin Sparks at Pattonville about 10 days ago and hauled away a new electric refrigerator. The refrigerator, which cost about \$300, had not been used and a cook stove were stored in the building. Entrance was gained thru a window and the door unlocked from the inside.

The Sparks, who have been employed elsewhere for some time, have been working on their new home, located on Highway 271 west of Pattonville, in their spare time.

Officers were notified and are making an investigation.

ANNOUNCE ENGAGEMENT OF MAMIE DEAN ROBERTS

Mr. and Mrs. Hobert Roberts of Bogata, announce the engagement and approaching marriage of their daughter, Mamie Dean, to Kenneth Towers, son of Mr. and Mrs. Charlie Towers of Talco. The wedding will take place Sept. 1.

Mr. and Mrs. R. L. Clark attended the funeral of his uncle, Bud Clark in Cason Tuesday afternoon. Mr. Clark died in veterans hospital in McKinney Sunday.

Mrs. E. Unsell returned on Thursday from a visit with her daughters, Mrs. Bud Siefert and Mrs. Vern Moore and their families in San Antonio and Bloomington.

James M. Floyd Buried Monday

Funeral services were held in
Fort Worth Monday for James
M. Floyd of Dallas, advertising
director for the Lone Star Gas
Company, widely known attorney
and leader in community affairs
dedicated to human welfare. Mr.
Floyd was 50 years of age. Big,
jovial and friendly, Mr. Floyd
was a familiar figure at conven-
tions and other gatherings of the
advertising and newspaper pro-
fession in the Southwest. He was
in constant demand as a speaker
and during his more than four-
teen years with Lone Star had
made many appearances at civic
and church meetings through the
gas company system in Texas and

Alcorn Knows About How to Beat the Heat, But Not How to End Korean War

Editor's note: Achin Alcorn, philosopher on his Johnson grass farm on Sulphur, is affected by the heat again, his letter this week reveals.

Dear Editor: There have been times when I felt it was necessary to figure out an excuse for not working, and times when I haven't worked, excuse or not, but when the temperature reaches 100 out here I just lay down whatever I have in my hand and sit. May not be able to do anything about the weather, but I blamed sure can do something about myself.

I know there are people who argue you're better off if you just keep on working when it's hot, but that seems like a mighty big price to pay just to be better off.

A neighbor of mine says he forgets about the heat by thinking of how cold he was last winter, but I ain't never been able to kid myself in such a fashion. It reminds me of tryin to lift your spirits by thinkin about the time you got 35c a pound for a steer while the one you're sellin now is goin for 21c. I can remember four years ago I thought I was out-smartin a man when I sold

him a calf for 16c a pound, and while the same calf will bring 30c a pound now, that ain't no consolation to me, as it would also have brought 35c four months ago. Tryin to keep cool now by thinkin about last winter is about like bein tickled over high taxes now because they was low in 1911, like bein over-joyed with a sorry bill Congress passed because they passed a good one year before last.

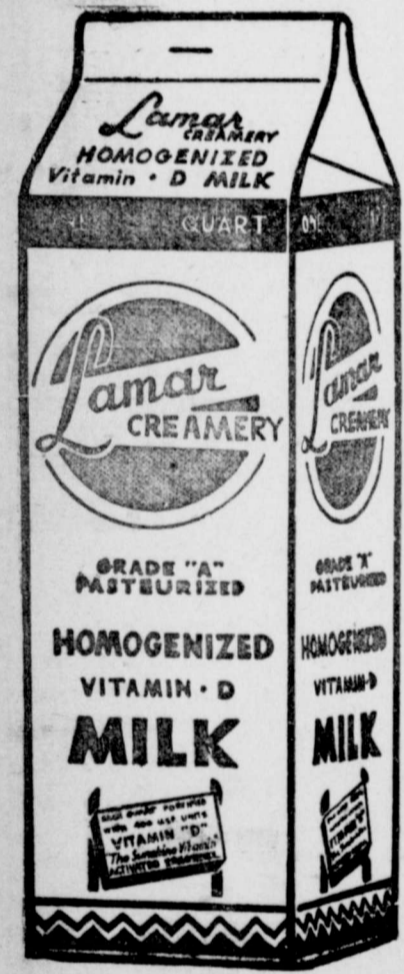

As far as I'm concerned, the weather's been too hot, and while I know there are people who will say if you don't like the heat, work harder and get some air-conditionin, the idea of workin yourself half to death the first two-thirds of your life in order cool off the last third never has appealed to me. There are ways to beat the heat from the start, and the best way I know is to sit still, and that's what I'm doin. Me and Congress know how to handle a situation like this.

I notice they're still arguin about what they're gonna talk about if they have a peace conference in Korea. If the world was as slow about startin a war as it is about endin one, no tellin how long we could drag out peace. Yours faithfully, A. A.

Constitutional Amendment

HOUSE JOINT RESOLUTION, NO. 2

proposing an amendment to Section 49-b, Article III, Constitution of Texas, so that the total amount of bonds or obligations that may be issued by the Veterans' Land Board is increased to One Hundred Million Dollars

(\$100,000,000); providing for the issuance of said bonds and certain conditions relating thereto and the use of the Veterans' Land Fund; providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 49-b, Article III, Constitution of Texas, be amended so that the same will hereafter read as follows:

"Section 49-b. There is hereby created a Board to be known as the Veterans' Land Board, which shall be composed of the Governor, the Attorney General, and the Commissioner of the General Land Office. The Veterans' Land Board may issue not to exceed One Hundred Million Dollars (\$100,000,000) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veterans' Land Fund. Such bonds shall be executed by said Board as an obligation of the State of Texas, in such form, denominations, and upon the terms as are now prescribed by Senate Bill No. 29, Chapter 318 of the Acts of the Fifty-first Legislature (provided, that when the limitation of Twenty-five Million Dollars (\$25,000,000) is used in said Senate Bill No. 29, the same shall hereafter be construed as One Hundred Million Dollars (\$100,000,000), or as said Act may be hereafter amended, or by other laws that the Legislature may hereafter enact; provided, however, that said bonds shall bear a rate of interest not to exceed three per cent (3%) per annum, and that the same shall be sold for not less than par value and accrued interest.

"In the sale of any such bonds, a preferential right of purchase shall be given to the administrators of the various teacher retirement funds, the Permanent University Funds, and the Permanent School Funds; such bonds to be issued as needed, in the opin-

ion of the Veterans' Land Board. "The Veterans' Land Fund shall be used by the Board for the sole purpose of purchasing lands suitable for the purpose hereinafter stated, situated in this State, (a) owned by the United States, or any governmental agency thereof; (b) owned by the Texas Prison System, or any other governmental agency of the State of Texas; or (c) owned by any person, firm, or corporation.

"All lands thus purchased shall be acquired at the lowest price obtainable, to be paid for in cash, and shall be a part of the Veterans' Land Fund.

"The lands of the Veteran's Land Fund shall be sold by the State of Texas to veterans of the present war or wars, commonly known as World War II, and to Texas Veterans of service in the armed forces of the United States of America subsequent to 1945, as may be included within this program by legislative act, in such quantities, and on such terms, and at such prices and rates of interest, and under such rules and regulations as are now provided by law, or as may hereafter be provided by law.

"All moneys received and which have been received and which have not been used for repurchase of land as provided herein by the Veterans' Land Board from the sale of lands and for interest on deferred payments, shall be credited to the Veterans' Land Fund for use in purchasing additional lands to be sold to Texas Veterans of World War II, and to Texas Veterans of service in the armed forces of the United States of America subsequent to 1945, as may be included within this program by legislative act, in like manner as provided for the sale of lands purchased with the proceeds from the sales of the bonds, provided for herein, for a period ending December 1, 1959; provided, however, that so much of such moneys as may be necessary during the period ending December 1, 1959, to pay principal of and interest on the bonds heretofore issued and on bonds hereafter issued by the Veterans' Land Board shall be set aside for that purpose. After December 1, 1959, all moneys received by the Veterans' Land Board from the sale of the lands and interest on deferred payments, or so much thereof as may be necessary, shall be set aside for the retirement of said bonds and to pay interest thereon, and any of such moneys not so needed shall not later than the maturity date of the last maturing bond or bonds be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law. All bonds issued hereunder shall, after approval by the Attorney General of Texas, registration by the Comptroller of the State of Texas, and delivery to the purchasers, be incontestable and shall constitute obligations of the State under the Constitution of Texas. Of the total One Hundred Million Dollars (\$100,000,000) of bonds herein authorized, the sum of Twenty-five Million Dollars (\$25,000,000) has heretofore been issued; said bonds are hereby in all respects validated and declared to be obligations of the State of Texas. This amendment shall become effective upon its adoption."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State of Texas on the second Tuesday in November, 1951, at which election all voters favoring the proposed Amendment shall write or have printed on their ballots the following words:

"FOR the Amendment to Section 49-b Constitution of Texas, for increasing Veterans' Land Fund for the purchase of lands in Texas to be sold to Texas Veterans of World War II, and to Texas Veterans of service in the armed forces of the United States of America subsequent to 1945."

Those opposing said proposed Amendment shall write or have printed on their ballots the following words: "AGAINST the Amendment to Section 49-b, Constitution of Texas, for increasing Veterans' Land Fund for the purchase of lands in Texas to be sold to Texas Veterans of World War II, and to Texas Veterans of service in the armed forces of the United States of America subsequent to 1945."

If it appears from the returns of said election that a majority of the votes cast were in favor of said Amendment, the same shall become a part of the State Con-

EXTRA HOT WEATHER
means I've been working
EXTRA HOURS for you!

No one needs to tell you that this summer has been one of the hottest in many years.

And that means I've been working many extra hours every day for my customers—running their portable fans, evaporative coolers, attic fans and air conditioners almost around the clock—and providing the extra refrigeration and extra quantities of cold drinks and ice cubes they need.

Naturally some electric bills will be higher because of all this extra work—but the added cost is small compared to the comfort and health protection I bring. Think of the many extra hours I've worked and you'll agree I represent a real bargain in summertime better living.
