In the District Attorney's race Bird Old Jr. of Mt. Pleasant, with a total of 7,724 votes, defeated James R. Cornelius Jr. of Jefferson, who polled a total of 7,124 votes.

Wright Patman, holding a coun-604. y lead of 3,592 to 1,831 over Joe McCasland for Congress, pulled far away throughout the district and won by a decisive victory.

Other races of interest in the county included the contest between Hollie Banks, W. D. (Duffy) Moore and Leo Wilson for 112, Dickson 513. Commissioner, Precinct 1. Banks won a majority over both his berson 3,943, Laird 1,166. opponents.

In the sheriff's race, Lloyd Sinclair, lacked 35 votes defeating L. D. (Jabo) Landers and Motsy Gaddis.

For tax assessor-collector, Jimmie Barrett held a wide lead over Smedley 2,270, Keenan 2,300. both Lynch Harper and Charles Stephenson but failed to get a majority sufficient to close out the campaign.

Edwin White and Homer Bowden, for district clerk, won commanding leads in a field of six candidates that include Chas. W. Robinson, D. C. Morgan, J. O. Milstead and Walter G. Jackson. R. W. (Humphrey) Jones and

Harry Taylor won places in the run-off for County Judge in another six-man field that included Jack Cross, Thomas J. (Jack) Hood, R. H. (Bob) Gregory and Ad Rogers. The fight was unusually stiff between Jones, Taylor, Hood and Cross.

In other Commissioners' races Woodrow) Traylor and J. R. Nichalson in Precinct 2; Eugene Mankins defeated Alvin Blalock for Precinct 3, and a run-off developed in Precinct 2 between J. Q. Roper and Morris White, Charles Taylor and W. C. (Neal) Moore dropping behind.

Winnsboro Oiler moved up one Dies game on the Talco Oilers Tuesday night by winning the second ball game of the series 9 to 5. Winnsboro started it off in the Bell. first inning by scoring 3 runs on 3 hits. Then with one out in the 4th inning, Davis, the Winnsboro catcher, hit one high over the left field fence with one man on.

Talco broke the ice in the seventh with Odell Morrison getting a double off the right field wall and scoring on a single by Pinky Griffin. Talco began the bottom of the ninth like a house afire and before Winnsboro could silence the big Talco bats they had scored 4 runs on 3 hits, but it was not enough and Winnsboro wo nthe game 9 to 5. He invited his readers to check with the returns and note the batting average. He said these candidates are all good men and Texans would in his humble opinion, do well to nominate them.

Election figures show they were all nominated except Bell, and he is in a run-off with Frank P. Culver.

Martin Dies lacked 1,600 votes receiving a majority over six opponents, and on Tuesday John Lee Smith, second high man, conceeded the nomination to Dies.

Only one runoff in a state race wil be held Aug. 23. That will be in the contest for Supreme Court, Place 1, between Frank P. Culver of Fort Worth and Spurgeon H. (Spud) Bell of Houston. Many readers, 'especially women, thanked the editor for his recommendation for state officers last week, and some accused him of owning a crystal ball.

He wishes his batting average in other affairs was as good as in this election forecast-if it was E he would be a more useful citizen and a better editor.

THE ACTION OF BAPTISM

Often today we hear religious people talk about modes of baptism, and in the religious world we find sprinkling, pouring, affusion, and immersion all recognized and accepted by different peoples as baptism. In (Eph. 4:5) Paul declares that "there is one baptism." Is it true that this baptism can be performed in any, or all, of the aforementioned four ways?

The English word "baptize" is simply the Greek word "baptizo" spelled with English letters, and any Greek scholar of renown will declare that the word "baptizo" means: to dip, to plunge, to submerge, to overwhelm, or to cover up. Baptizo cannot be properly translated to mean anything else. Hence, one cannot properly speak of modes of baptism, any more than one can properly speak of shades of white. Baptism is always a dipping, a plunging, a submerging, an overwhelming, a covering up. Anything other than this would not, and could not, be baptism. But, let us notice a few Bible examples in which the action of baptim is set forth.

When Jesus was baptized of John in the Jordan (Mt. 3:13-17) it is said that he "went up straightway out of the water." Now I raise the question: "Could one come up straightway out of something without first going down into it?" The implication of this passage, then, is that Jesus, in being baptized, went down into the water. When Philip baptzed the eunuch (Acts 8:38) "they went down both into the water BOTH Philip and the eunuch; and he baptized him." Twice in this passage it is said that both the candidate and the administrator went down into the water. Surely, the Lord wanted us to see that the eunuch did not received either sprinkling, pouring, or affusion, but that he was immersed.

By inspiration, baptism is declared to be a burial. "Therefore we are buried with Him by baptism into death . . . (Rom. 6:4). "Buried with Him in baptism, wherein also ye are risen with Him through faith of the operation of God, who hath raised Him from the dead" (Col. 2:12).

Friends, when the Bible so plainly sets baptism forth as a burial, how can honest people continue the practice of sprinkling, pouring, and affusion; and say they are just as acceptable as immersion?

Remember, it is the truth that makes men free (Jno. 8:32). This is offered that we may see the truth concerning the action of baptism.

from all parts of the county, who are conscientious, law-abiding citizens, who have no axe to grind and no favors to seek except to investigate under their oaths the conditions with reference to law enforcement. Let me present to you a portion of a report made by a Grand Jury of Titus County with reference to the law enforcement record of the present Sheriff.

serve to know about the record he has made, and it is through this ad and

other ads that I will run in the papers that I will present the record he has

made. I know of no group of persons who know more about the record that

a law enforcing officer is making than that group which composes the

Grand Jury of a county. A Grand Jury is composed of twelve (12) men

At the September term of our District Court in 1951, a Grand Jury was empanelled by the District Court. At the end of this term of court, this Grand Jury filed its report, which is a public record filed in the office of the District Clerk of Titus County, and in Paragraph 4 of this report, the following is found:

"AS CHARGED BY YOUR HONOR, WE HAVE MADE AN IN-VESTIGATION INTO THE UNLAWFUL TRANSPORTATION AND SALE OF INTOXICATING LIQUORS IN TITUS COUNTY. WE FIND THAT THE LIQUOR LAWS HAVE BEEN FLAGRANT-LY VIOLATED AND WE FURTHER FIND THAT VERY LITTLE EFFORT HAS BEEN, AND IS NOW BEING, MADE TO AP-**PREHEND THE OFFENDERS."**

This report was signed by the Foreman of the Grand Jury and which Grand Jury consisted of twelve (12) men of Titus County, and this report was presented to the Judge of the District Court in open court. This is their opinion as to the record being made by the present Sheriff. Do you think this report would indicate that the present Sheriff is enforcing the laws of Titus County without favor to anyone? It would seem from this report that the record of the present Sheriff in the enforcement of the law in Titus County is not what he says it is.

The Sheriff's office belongs to the people of this county and no man is entitled to ask for, nor should he receive your support for, a second term if he fails and refuses to perform his sworn duty to enforce the laws of this State. I promise you that if I am elected, that I will endeavor to enforce ALL the laws and not attempt to enforce some of the laws and excuse the violation of others.

I solicit the help and cooperation of every voter in Titus County in this run-off election and I assure you that I am going to make a fight for the office and as the campaign progresses, I will present to the people of Titus County the facts with reference to the record of the present Sheriff and I believe when this record is presented and is fairly considered by the voters of Titus County, that I will be elected.

Sure, I'd like to have a vacation like anyone else, but this is the busiest time of the year for me.

You see, during the extreme heat of midsummer, I have to work longer and harder than ever providing folks with the air conditioning and refrigeration they need to keep cool. Fans and window coolers are in use many more hours per day. And refrigerators and home freezers work overtime furnishing extra refrigeration and extra quantities of ice cubes, cold drinks and frozen desserts.

Quite naturally, this extra work is reflected in my monthly pay. But the difference is small compared to the comfort I bring. I'm still the lowest-cost servant you can hire-and the more hours I work the less I cost you per hour.
