Talco Trojans Take Hughes Springs Friday 50-6 for Conference Win

By GERALD STANSELL
Talco's Trojans won their second consecutive 14-A conference game by defeating Hughes Springs, 50-6 Friday night, to remain undefeated in this district.

While the Trojans were rolling nearly 300 yards rushing, their strong forward wall was holding Hughes Springs to nothing Hughes Springs did not make a first down the first half.

Talco recovered a fumble on the opening kickoff and on the first play from scrimmage Bobby Martin rambled 45 yards. Fullback Elton Belcher plunged over for the extra point.

The Trojans recovered another fumble to set up their second touchdown. Belcher went over from the seven-yard line and the extra point was good.

Quarterback Freddie Rodgers passed 33 yards to Earl Hawkins and the extra point was good for a 20-0 score at the half.

Martin romped six yards for the second half's first tally. Jack Smith crashed over from the seven to run the score to 32-0. Martin again broke loose this time for 25 yards.

Trailing 38-0, Hughes Springs drove to Talco's ten yard line where Nichols passed to Hughes. Talco came back to score again. Rodgers pass to Hawkins covered 22 yards for a tally.

In the last few seconds of the game Martin ran 15 yards for his fourth touchdown.

The whole Talco team received deserving credit after the game from Coach M. G. McGill. Everyone in uniform saw action in the wild-scoring tilt.

Dept.	Talco	H. Springs
First downs	17	5
Yards rushing	298	120
Passes attempted	6	4
Passes completed	3	2
Yards passing	78	9
Punts	2	2

Former Talco Lady Dies Oct. 12

Mrs. Wallace Kelley, 73, Hutchinson County public servant for more than 20 years, died Sunday afternoon, Oct. 12, in North Plains Hospital in Borger. Funeral services were held Wednesday afternoon at the First Baptist Church in Stinnett.

On Jan. 1 she was to retire as district clerk, a post she held ever since the death of her husband in 1940. She first began working in the district office when her husband was appointed to the post in the late 1920's and then re-elected in successive terms until his death. Her public work dates back to Mt. Pleasant and Amarillo, where she began working in the office of county clerk in 1924.

Mrs. Kelley was born Olive Loveless, sister of Mrs. Oscar Goodloe. When a young girl she taught school at Goolsboro, two miles east of Talco. Mr. Kelley, an uncle of Herbert and R. R. Kelley, also taught at Goolsboro. After their marriage they lived in Mt. Pleasant.

She is survived by one daughter, Mrs. Glen C. Adams, Dallas; a son, Maurice L. Kelley, Dallas; two sisters, Ms. J. F. Hastings, South Gate, Calif., and Mrs. O. S. Goodloe, Talco; two brothers, C. E. Loveless, South Gate, Calif., and F. A. Loveless, Corpus Christi, and one grandson.

CUB SCOUT MEETING ON MONDAY NIGHT

All Cub Scouts, parents of Cub Scouts and "would-be-Cubs" are requested to meet Monday night, Oct. 27, in the Educational building of the Methodist church for a re-organizational meeting. J. Arvil Hickman, field worker for the Boy Scouts and Cub Scouts, from Mt. Pleasant, will be present and it is hoped that new dens can be organized and new Cubs registered at this time. Time of the meeting is 7:30 p. m.

Mrs. D. E. Howard has returned from a visit with her daughter, Mrs. Cleo Johnson and children in Harrison, Ohio. Another daughter, Mrs. Vernon Stewart and Mr. Stewart joined her in Oklahoma City and made the trip to Harrison. Mr. and Mrs. Stewart, Dewey Dean Howard, employed in Dallas, also spent the week end with his parents.

New Location and Three Failures

C. N. Housh of Houston, has filed to drill a new test in the Talco field. It is No. 9 John Hargrove with site 1,160 from the south and 2,000 from the west lines of the John Levins survey and on a 75-acre tract.

In Lamar County two recent failures are listed. Two miles south of Arthur City, Thomas Lott No. 1 Charles Price, S. M. Fulton survey, quit at 1,115 feet. W. E. Stewart No. 1 Bywaters estate, Joseph Kimball survey, five miles south of Roxton, went to 2,832 in the Paluxy.

In Red River County quick finish was written for Restal Drilling Company No. 1 Southern Pine Lumber, D. D. Bruton survey, twelve miles north of Clarksville. It was abandoned at 2,190 with no shows.

Plugging orders are due to be given for A. O. Phillips and John B. Stephens No. 1 Sam Bell, Mary Mays survey, three miles southeast of Pittsburg. Depth was around 8,400 in the Travis Peak with no shows reported.

Unconfirmed reports credit plans with progressing toward a Smackover lime test over two miles north of Pittsburg. Tentative location is given as the A. C. Peck survey, which is in an area where several major firms have holdings and would be in line to assist the venture.

Humble Employees Celebrate a Great Safety Record

Production department of Humble Oil Company, East Texas District, is celebrating a million man hours accident-free safety record. Safety engineers of the company have increased their chest expansion a couple of inches and their Safety Bulletin editor is walking on air with his fingers crossed.

No man in the great East Texas District in the production department—the most dangerous of all work—has recently had any lost time from an accident and a million man hours have been worked by the men since one occurred.

Honoring the event, barbecues are being held in the various camps over the great field, with a professional caterer from Fort Worth serving the food.

Talco district helped celebrate the event on Tuesday afternoon, when plates of delicious barbecue, coffee, cold drinks, onions, pickles, potato salad, a cooked fruit and slave were served to Humble employees and a few invited guests at Humble picnic grounds. Over 400 plates were served.

Each employee was also presented a Sheaffer pen, with his name and that of his district printed thereon.

There were numerous visitors from other districts present and a most enjoyable social time spent.

Cold Wave Drops Mercury, No Rain

A dry cold wave moved into this area Monday night sending the mercury down into the 40's. Skies were partly cloudy Tuesday. A combination of haze and smoke is visible in this section. Clear skies Wednesday saw temperatures rise in the 60's. Weathermen predict another cold wave is on its way.

No rain accompanied the cold wave and none is predicted in the next few days. Rain is badly needed throughout the territory and state. A good soaker would replenish dwindling water supplies, condition the land for planting of winter crops, and aid things in general.

Ballot to Be Used Nov. 4 is Size of Newspaper Page

Ballot to be used in Nov. 4 election is as large as a page in this newspaper and has eight columns. Only the first two columns and the first two names in those two columns are of importance in naming a president and vice-president.

Names of Stevenson and Sparkman for president and vice-president appear in the first column. Names of Eisenhower and Nixon appear in the second column. Mark thru the names you oppose and leave those you wish to vote for, or put an X opposite the name you wish to vote for and scratch his opponent.

If you do not want to vote for either of the men in the Democratic or Republican column, scratch them in both columns and write their names in the eighth or "Write-in" column.

It is a big ballot, but not complicated. Election officials will give you information, but it is against the law for them to tell you how to vote. They are required to be impartial—not partisan—in assisting you.

Rail Commission Orders Record Crude Flow

Texas oil allowables will rise to a new record in the first two weeks of November.

After that, the Railroad Commission may call for a slowdown to prevent the build up of a surplus.

That was the commission's decision Friday after a state-wide prorotation hearing where oil industry spokesmen differed on whether Texas' output should go up or down.

The commission ordered an 87,547-barrel daily increase, to 3,372,252 barrels.

But it warned that a reduction may be ordered effective Nov. 14, date of the next state-wide hearing, if supplies seem excessive then.

The new order calls for twenty-three days operation state-wide and eighteen in East Texas. Special restrictions include Hawkins field, seventeen days; Pickton, six; Pantex, sixteen, and Fort Chadbourne closed. Wells connected to Phillips Petroleum Company's Goldsmith gasoline plant will produce seventeen days.

Mrs. Earl Good and daughter and Mrs. C. E. Walker of Mt. Pleasant, visited Mrs. Sally Gage during the week end.

Cattle Prices Up Highest in Weeks

By TED GOULDY
Fort Worth.—Most heartening news to livestock producers in weeks was the rally of cow prices late last week and which carried over into Monday's trade. Cows sold Monday \$1 to \$2 above the low time last week. There was a better feel to the trade, though stocker demand remained very dull, and some signs of improving stocker demand at northern points were encouraging.

Hogs opened the week with a 25 cents higher to 25 cents lower market to top at \$18.50 to \$19 at Fort Worth. It was notable that hogs closed at the day's low points here and at other major markets. Sows drew \$14 to \$17. The stronger tone to the market at Fort Worth and at other points around the market circle was particularly good news since October's twin goblins, deteriorating ranges and heavy receipts, plunged calves to the lowest levels for the current crop and to the lowest point since OPA controls were removed.

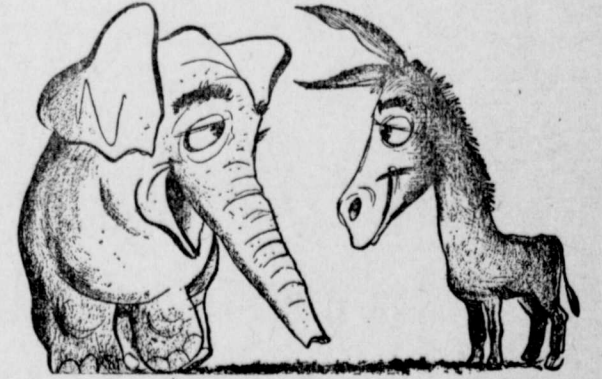

Good and choice slaughter steers and yearlings sold for \$23 to \$31, and common to medium sorts sold for \$13 to \$21, with cutter grades at \$10 to \$13. Fat cubs sold for \$12.50 to \$15.50 and some heiferettes topped at \$18. Canners and cutters sold for \$8 to \$13, few under \$3. Bulls drew mostly \$10 to \$17, a few best at \$18 and above.

Good and choice slaughter calves sold mostly at \$16 to \$22 and a few fancy heavies of 500 to 600 pounds drew \$22 to \$26 and better in the baby beef class. Common and medium slaughter calves drew \$12 to \$16 and culls sold for \$10 to \$12. Choice stocker steer calves and steer yearlings sold at \$22 down, sparingly, mostly \$21 down. A few cows went back to the country at \$12 to \$16.

Two Bogata Negroes Injured in Wreck

Allen Morgan and a Smith boy (both colored) of Bogata, were injured in a car accident Saturday night near Gintown, when the car in which they were riding struck a light pole. Morgan suffered a broken right leg and Smith received numerous lacerations about the face and neck. They were brought to the Grant Hospital in Deport and given first aid treatment, and then transferred by J. M. Grant ambulance to the Red River County Hospital in Clarksville.

Mr. and Mrs. Harry Anderson and Mr. and Mrs. David White of Mt. Pleasant, visited Mr. and Mrs. O. D. Welch Sunday afternoon.

A Sorry Mess

This year's general election is the most important one that has faced voters since before the Civil war, in this country editor's humble opinion. Everyone should go to the polls and vote. If you haven't formed an opinion, talk the matter over with the Lord. He is a great help in time of trouble, and these are troubled times.

An undeclared war that bypassed constitutional authority, is being fought; our boys are being killed and maimed—over one hundred and twenty thousand to date. The present administration's sorry foreign policy and a desire to maintain the borrowed-money prosperity with another war are responsible for these troubled times. With the nation deeply in debt and refusing to get in there and win the undeclared war as General MacArthur got fired for trying to do, it is a long drawn-out affair with no end in sight.

Young men just reaching manhood can make no plans. Young boys have only the army to look forward to. The nation has only bankruptcy and defeat by Russia to look forward to if present policies, both foreign and economic, are continued. Russia planned it that way and said so a quarter century ago.

What are you going to do about it, Dads and Mothers? This editor is going to refuse his vote to the so-called Democratic party that got us into this terrible mess. He is putting a great leader that directed the winning of World War II for us above perverted Democratic party bosses and voting for his country and for Ike Eisenhower.

With the hottest political campaign on for president this state has ever experienced, it is time to keep our tempers—and our friends. Go to the polls and vote as your conscience dictates and permit the other fellow the same privilege—it is his constitutional right.

This editor will vote against both constitutional amendments submitted to the people in the general election on Nov. 4. In our humble opinion both have a leaning towards socialist legislation, and the Lord knows we have had enough of that kind out of Washington for 20 years. And as usual, they provide for additional cost to the tax payers.

We assume that President Truman's whistlestop trips across the country are being paid for from the Democratic fund. All other trips he makes are paid for by the taxpayers, including those made on a million-dollar luxury

EDITORIALLY SPEAKING

BURT LOCKHART
in Pittsburg Gazette

At the present price, crying over spilt milk is justified.

It is much easier to tolerate evil when everybody is practicing it.

The trouble with many people is that they take on more sins than they can afford.

"People who say they sleep like a baby, don't have one," says somebody who knows.

A philosopher puts it this way: "Don't itch for something you're not willing to scratch for."

The five-cent piece seems to be worth so little that it is ashamed to go to church any more.

There seems to be a world of difference between a Texas Democrat and a Truman Democrat.

Next to defending his rights, the average man will go all out sometimes to defend his wrongs.

Maybe the reason Time flies is because he knows what a mess the world is in and wants to get away from it all.

Drinking coffee from a saucer may not be according to Emily Post, but the drinker seems to enjoy it to the last tilt.

You can go a long way, Bud, by having plenty of pull, but you had better be prepared to take over when pull pulls out.

The new Bible is off the press. It is the first revised edition in 340 years. No change in the spirit of the Ten Commandments, though.

An exchange reports the following sign in a beauty parlor window: "Don't whistle at a girl leaving here. She may be your grandmother."

There is always something inspiring and interesting about the successful man who defies difficulties and lifts himself up by his own bootstraps.

There is some consolation in the thought that we don't have to believe anything the presidential candidates say unless our candidate says it.

Another good thing about the grapevine system of communication is that it doesn't call for a rate increase every two or three years.

Americans are fast realizing that loyalty to their country is more important than party alignment. Lack of loyalty the past ten years has revived the old Chinese proverb, "It's later than we think."

We assume that President Truman's whistlestop trips across the country are being paid for from the Democratic fund. All other trips he makes are paid for by the taxpayers, including those made on a million-dollar luxury

Still a War on—

Whitewright Sun: "There's still a war on, American young men are still having arms and legs horribly torn and shot off, stragglers back in a daze from deadly all-night fighting, some of it hand to hand. And some are not coming back at all."—(From a front-line dispatch by a war correspondent.)

When you're thinking of the prosperity we're said to be having, just remember that those boys fighting in Korea are paying for it. "We've never had it so good," "Don't let them take it away," and the other catch phrases don't apply to the boys on the battlefield. They would be glad to let somebody "take it away" if it would get them out of fox holes and back to civilian life.

Another Whiskey Plant Destroyed

Sheriff Amos Beatty and Deputies Slim Hulen and Henry Barton demolished a six-barrel moonshine establishment three miles southwest of Bagwell. Officers discovered the still and kept it under observation two days or more, but evidently the operators became aware of this surveillance because they did not come near.

The outfit, with a quantity of mash, ready for processing were destroyed. This was a location in an area which has not previously been identified with the illicit manufacture of whiskey in Red River County.

Book Lovers Club With Mrs. Haynes

The Book Lovers Club met Friday in the home of Mrs. Haynes, vice-president Mrs. Morris, presiding. Club prayer was given by Mrs. Cato. Lasting Impressions was the topic for roll call. After reading the minutes and the distribution of the books, the cemetery committee reported that the cemetery had been mowed and raked and invited the public to visit it and see how nice it looks.

The program, "Visual Education" with Mrs. Cox in charge was enjoyed. Mrs. Smith gave the history of visual education and Mrs. Morris gave a piece by James R. Aswell on Tomorrow's Class Room.

Mrs. Blackburn and Mrs. Morris won lovely prizes in the game contest. All members are urged to be present at the next meeting to elect officers.

The hostess served refreshments to Mes. Blackburn, Carter, Smith, Cox, Kelley, Jones, Morris, Reed, Cato, Davis, Hill, and one of our honorary members, Mrs. Sue Thomas. The next meeting will be Oct. 31 with Mrs. E. W. Smith hostess and Mrs. Haynes program director.

WORTH YOUR WHILE!

Friends, I believe it is worth your while to invest in the service of God. I think it the greatest investment you ever made. The time will come when life's race is run; when its battles have been fought and victories won; when you must launch out into the fathomless depths of the eternal beyond. Are you ready for that day to come? Where will you spend eternity? Make your decision now. This is an important hour. The very angels crowd the galleries of glory to watch, with breathless interest, the struggle in your soul. Turn your face toward the Master before the hour of choice shall pass away forever.

Invest your all in the service of Him who died that you might live. Pay whatever price is necessary; become God's child, regardless, and then lean upon His everlasting arms while the shadows are passing. If this you'll do, heaven will surely send a company of angelic pall-bearers to gather around your dying couch, and when the spirit takes its flight, they will gladly bear it home to glory, where it may nestle in the bosom of a Father's love, while eternity's ages roll by.

Fine Arts Observes Federation Day

A group of 65 federated club women met at the Humble Recreation Hall Tuesday at 2 p. m., as guests of the Fine Arts Club, Talco, who presented a program in observation of Federation day, followed with a seated tea. Guests were greeted at the door by Mrs. Fred D. Love, president, Mrs. C. C. Collins and Mrs. Howard Johnson. Mrs. G. N. Anderson presided at the guest book. Mrs. Love welcomed members and guests, and gave special recognition to out of town clubs and district officers. Mrs. Howard Johnson, program chairman, presented Mrs. Greer, who addressed the gathering on the various phases of federated club work, using as her theme "Education and service to maintain and advance the Christian and democratic principles," especially emphasizing the important work to be accomplished in citizenship, Americanism and peace.

She said that women's clubs are a distinguishing characteristic of our way of life, and a good club is like a university, a phase of adult education. All clubs make a great contribution to the community, state and nation. With all the privileges enjoyed in club work, there are also many duties to perform; that in being district president there is a tremendous amount of work entailed. She suggested many phases of federated work to follow, through group effort in our leisure time. She especially asked that we have a program on citizenship and Americanism, so as to help build better communities, live better lives, build better homes, better schools and churches, and to rededicate ourselves for a stronger America and for world peace. Mrs. Greer also asked that we observe United Nations day in our club work, showing our desire for peace.

A panel discussion on "United Nations on Community Level" was then presented by Mrs. J. Frank Palmer, Mt. Pleasant, and Mrs. Jack Graham, Tyler. Miss Phillis Ann Kerr, Tyler, of the Girl's Forum, explained about the opportunities available, and gave some idea of the plans and projects, through the Girl's Forum.

Adjournment followed with the group giving the Club Collect in unison, led by Mrs. Love and Mrs. Johnson. During the tea hour music was presented by Miss Linda Haynes at the piano. Tea arrangements were in charge of a special committee consisting of Mrs. C. C. Collins, chairman, Mrs. G. M. Burnham, Mrs. Odell Morrison and Mrs. G. N. Anderson. On the lace covered tea table and throughout the hall the fall motif was used in arrangements of beautiful flowers and leaves by Mrs. C. N. Hunt. Mrs. Hunt also presided at the punch bowl.

Out-of-town guests included clubwomen from the following clubs: Mt. Pleasant, Culture, Delphian, 20th Century, Fine Arts;

Talco Scouts Are Very Active

We would like to bring you folks up to date on your Troop and Post happenings for the past few months. Certainly we haven't been idle. It's just that we haven't had time to tell you about it.

As a result of the profits made at the concession stand at the ball park, we were able to purchase four big 9x12 wall tents and four trail cook kits. One of the Explorer crews has already used this equipment on an overnight camp and the entire Boy Scout troop plans an overnight encampment the first of November.

During September, both Scouts and Explorers made a trip to Dallas, where they saw the Texans and New York Giants, professional football teams, play in the Cotton Bowl.

Last Thursday the Explorers were taken to Dallas to witness a wonderful demonstration of Indian costumes and dances put on by the nationally famous Cash-are Indians Boy Scout troop from La Juaata, Colo.

Of course, the Explorers were able to take in the fair, but seeing those Scouts dance was something each one of us will never forget.

As a result of this trip our boys are really enthused and they are forming an Indian dance team and already have started work on their costumes. Oh, yes, the Explorers have taken up a new activity. As part of our four sided program—the social phase—we are square dancing and enjoying every minute of it. We certainly hope we can continue.

The Parent-Teachers Association have asked us to put on a program for them the second week in November. Right now, we are working very hard in preparation for this.

Well, that about brings us up to date. You will be hearing from us from time to time.

We are always looking for new members, so encourage your boy to join us and share in the fun and real boy's activities that we enjoy.—Reporter.

SCHOOL TALK

By PEGGY CORNELIUS

These last two weeks have been busy weeks for all of THS students. Nearly every boy and girl was either helping some teacher record our six-weeks grades or electing nominees for the Hallowe'en queens, or making plans for home-coming.

The nominees for this year's Hallowe'en queens are:

First grade—Judy Jagers. Second grade—Barbara Harris.

Third grade—Martha Lewis. Fourth and fifth grade—Teri-ta Hill.

Sixth grade—Sylvia Lewis. Seventh and eighth grade—Martha Easterling.

Ninth grade—Margaret Tarp-ley. Tenth grade—Tommie Cal-loway.

Eleventh grade—Nancy Kelly. Twelfth grade—Clara Hoff-paur.

Two queens will be chosen, one from grade school and one from high school. The two queens who have the largest amount of money the night of the Hallowe'en show will be crowned as queens of Hallowe'en. All money that the queens receive while running as a candidate will go to the senior class fund. So let's all vote for two queens of our choice.

Friday was a day that all Talco High students will always remember. Friday morning all ex-students and the student body gathered in the auditorium for a very interesting program put on by the school choral club and the school band. The chorus sang under the direction of Mr. Larry Bridges, "Coming Thru the Rye" and "Kentucky Baby." The band under the direction of Mr. Baylor White, played "On the Street" and "Boggie March."

That afternoon the pep rally for the Hughes Springs football game, which was in the gym, turned out to be very successful. The cheer leaders and majorettes and oh, yes! the two new major-ettes, Spanky Hawkins and Gene Worthington, were all very entertaining to all of the students.

The reason Spanky and Gene were twirling with the majorettes was because last Friday they twirled in the pep rally and we won our football game over Dain-gerfield 38-6. We don't know if their twirling had anything to do with our winning the game or not, but several boys suggested that they twirl again.

If Spanky and Gene keep on twirling and we keep winning, they will probably be among the greatest twirlers ever to hit THS.

After the pep rally, school was dismissed and everyone left for home, only to be back in time for the game that night. That evening seemed like old times just to see so many familiar faces at the football game. Some ex-students didn't get to make the

home-coming, but just the same, we still missed you.

Everywhere you looked you either saw someone talking to a former classmate, or maybe someone with a contented look about the ball game that was being played or perhaps you even saw someone with a "Gee, but its good to be back home" expression. If you didn't notice anyone with these looks or expressions, that's all right, too, because the game was exciting.

At the half time the Hughes Springs band and the Talco High School band performed. The Mustang band gave a very interesting performance by making several kinds of hats. The Trojan band carried out the program of the day by performing the words "Hi Exes."

This just about completes School Talk for this week, but I'll be back next week and it was good to see all of you ex-students home. We hope all had a very nice home-coming and that each and everyone gets to make next year's home-coming at THS.

Needle in Tummy Produces Pain

An Idabel, Ok., resident, Luther DeBerry, formerly of Bogata, had been having "stabbing pains" in his stomach lately every time he partook of a big meal.

Doctors X-rayed him, and got the point—an object that looked like a common, ordinary sewing needle imbedded in his stomach.

DeBerry says there hasn't been such a needle around his house in 20 years, and figures it must have been cruising around in his body all that time.

While they had him open, they also took out his appendix. Just for laughs, they wanted to use the same needle to sew him up with, but the thread the doctor used wouldn't fit the eye.

FRIENDSHIP COFFEE BY FINE ARTS CLUBWOMEN

First of a series of morning "Friendship Coffees" as scheduled for the current club year by the Fine Arts Club was given Friday at 9:45 a. m. at the Howard Johnson residence. Hostesses for the occasion were Mrs. M. E. Jones and Mrs. Johnson.

Club members and their guests present were Mmes. G. N. Anderson, Omer Cole, C. C. Collins, J. P. Davis, George Edgerton, C. N. Hunt, Fred D. Love, C. C. McKnight, Odell Morrison, F. H. Pothoff, J. H. Weatherall and D. H. Winchell.

USED CARS

About half the people in North Texas and Southern Oklahoma have asked us at one time or another what we would take for the old brown Model "A" Ford we rebuilt for our own use. We have decided to sell it. We have replaced or rebuilt nearly everything on it, including new radiator, rebuilt motor, clutch and transmission; new brakes, shock absorbers; rebuilt body and new top; all glasses; heater; knobies on rear; new battery, etc.

We have spent \$500 to \$600 on it and would like to get about half our money out of it. \$295

American Liberty Refinery Produces Many Things from Talco Crude Oil

American Liberty Oil Refinery at Mt. Pleasant is a big concern and produces a variety of products, most of it from Talco crude oil. The following article concerning it appeared in a recent issue of the Mt. Pleasant Times:

Local citizens saluted American Liberty Oil Company during Oil Progress Week by erecting an exhibit in a downtown store window.

This exhibit is built around a scale model of the catalytic cracking unit, to be constructed by the Fluor Engineering Company for the local refinery.

Listed by attractive signs are some of the outstanding facts regarding the oil industry in Titus County and the important part oil plays in the economic picture of this area, such as:

Oil was discovered in Titus County in the Talco field in 1936; Peewitt Ranch field in 1950, and Sugar Hill field in 1952. Production of oil in 1950 was 3,642,012 barrels and production from 1936 to 1950 was 76,921,557 barrels. The value of oil produced in 1950, using the figure of \$2.58 per barrel, which is the average price for Texas, makes a total value of \$9,912,390. The number of producing wells in Titus County in 1951 was 838.

Planned expansion program, (new cracking unit) \$2,600,000. Also in the exhibit is a model oil well, complete with electric pumping facilities and storage tanks which was made by Don Pardo, and a display of sample products produced at the American Liberty Refinery.

The value placed on the investment in Mount Pleasant by American Liberty is set out as follows:

Present plant investment \$7,000,000.
Total potential investment \$9,600,000.
Other vital statistics included in the display are: number of employees, 268; annual payroll, \$1,000,000, and plant site of 120 acres.

A listing of the products and word was received here Wednesday of the death of the mother of Oren and Oakley Williams, Miss Mae Williams, Mrs. A. C. Waddell and Mrs. M. E. Jones. Her home was in Arkansas.

Rev. and Mrs. R. E. Baucum were in Ft. Worth from Monday until Thursday attending the Baptist General Convention of Texas. The Brotherhood had charge of the Wednesday evening prayer service.

Week end houseguests at the G. N. Anderson residence, Humble Camp, were Mrs. Anderson's brothers and sisters-in-law, Mr. and Mrs. Ralph F. Miller of Millersburg, Penn., and Mr. and Mrs. Roy T. Miller of Harrisburg, Penn. Enroute home to Pennsylvania, the Millers visited an aunt, Mrs. L. L. Ferree, New Iberia, La., another sister, Mrs. G. R. Keiter and family, Orlando, Fla., and a brother, L. L. Miller and family in Baltimore, Md.

An apology is due Talco students for the lack of proper publicity of their activities during the week end. The cause, Miss Peggy Cornelius consented to write all the details of events, visitors, etc., but she was stricken with flu Saturday. She was bitten by a squirrel two weeks ago and when the flu attacked her she and her parents thought she might be taking hydrophobia and all thoughts of ex-students vanished. She was able to return to school Wednesday.

the annual production for each product produced by American Liberty Refinery is included in the exhibit and reads as follows:

Gasoline (U. S., motor, regular, premium) 49,000,000 gallons.
Naptha (textile, cleaners, paint thinner, rubbing solvent, lighter fluid) 16,200,000 gallons.

Distillate oils (kerosene, range oil, furnace oil, diesel oil) 39,300,000 gallons.
Heavy fuel oils, 19,500,000.

Special asphalt (roof coating, plastic cement, asphalt paint, sewer joint cement, undercoating, aluminum paint, emulsion) 3,160,000 gallons.
Asphalt (penetrating, cut back, road oil, special cut back, oxidized asphalt roofing), 98,700,000 gallons.

Liquid petroleum gas (butane, propane), 2,520,000 gallons.
All this added together makes a grand total of all products produced at the American Liberty Refinery of 228,360,000 gallons each year.

Sixty per cent of the crude oil used in these processes was taken from Titus County sources and 2,600,000 barrels of crude oil was used in the process.

A model patrol plane, built by W. M. Phinney, pipeline flyer for the company hovers over the scene displayed in the exhibit.

This exhibit truly expresses the appreciation of American Liberty's value to the community.

The above figures of 60 per cent of the refinery's crude oil receipts from Titus County does not cover production from more than 200 wells in North Franklin County, which is also a part of the great Talco field, nor 62 wells of the Sulphur Bluff field in northern Hopkins, which is an off-shoot from the Talco fault, as is Peewitt Ranch and Sugar Hill in Titus County.

The Talco Times adds the above paragraph to keep the record straight. Figures quoted above appear to concern only Titus County, while Franklin, adjoining on the west is a great big hunk of the Talco oil field proper.

Habeas Corpus literally means, "you may have the body."

Talco Activities Ten Years Ago

Week of October 23, 1942

Applications for ration books for gasoline were out Oct. 27.

Ten per cent hike in hog production was asked by Wickard. Special emphasis was placed on the necessity for increasing farrowing in the Western Corn Belt and in the Plains States.

Talco Trojans had lost to Mt. Pleasant Tigers 25-0.

C. O. Lide of Mt. Pleasant was reported improved at a hospital there.

Red River County's poor farm of 250 acres had been auctioned off. Byron Black bought it in at \$4,800.

Mr. and Mrs. Joe Bridges of Ft. Worth, had announced the birth of a 6-lb. and 10-oz. daughter, named Tanya Simone. The mother is the former Dorothy Kidd.

A cow belonging to Lennie Wicks had found twin heifer calves.

Mr. and Mrs. R. W. Prestidge had entertained the 42 Club with 16 guests present.

Mrs. R. F. Goodwin had been hostess to the WHD Club with ten members and two visitors present. Hot chocolate and angel food cake were served.

Bethany Sunday School Class officers elected were: Mrs. R. S. Welborn, pres.; Mrs. B. E. Dunagan, vice-pres.; Mrs. M. S. Spruill, 2nd vice-pres.; Mrs. D. Pair, 3rd vice-pres.; Mrs. Grover Adams, 4th vice-pres.; group captains, Mrs. Ray Womack and Mrs. H. F. Teague; Mrs. B. E. Dunagan, reporter and Mrs. N. W. Neugent, choirleader.

Sugar stamp No. 9 allowed 3

pounds of sugar for home use between Nov. 1 and Dec. 15.

Men from this area who had enlisted in the armed service were T. V. Skaggs of Deport and Morris Wilson of Bogata.

Pat M. DeBerry, Bogata boy, was credited with downing two Jap planes.

S-S J. W. Childers, son of W. B. Childers, Bogata, had been killed in action in the South Pacific.

Alcorn Wants to Help Candidates Work Out Their Farming Problem

Editor's note: Achin Alcorn, philosopher on his Johnson grass farm on Sulphur, has a new slant on the farm problem, his letter this week reveals.

Dear Editor: I was listenin to the radiod the other night tryin to keep up with the Presidential race, you know with the major candidates and their henchmen all makin from four to fifteen speeches apiece a day a man has about as much chance of keepin up with the race as he has of keepin up with the conversation of sixteen women at four tables of bridge, but I remember hearin one candidate say "you can't run a farm from a swivel chair in Washington," and he's right.

But what I want to know is why can't you? Why ain't they workin on it?

I suppose what the candidate meant was the only place you can run a farm from is a tractor seat, but if you ask me that's about the worst place I can imagine to run a farm from.

I don't know that there'd be any point in workin out the details so completely you could run a farm from a swivel chair in Washington but runnin one from a swivel chair on your front porch at home would be good enough for me. In fact, I wouldn't even insist on a swivel chair, no use runnin up the tax bill any higher, a rockin chair would do me just as well.

What I would like to see is some of the candidates make some promises in that direction. Up to now, agriculture has been promised everything anybody could think of, with the exception of the one thing all the candidates avoid: how to run a farm without goin up one row and down another. It's all right to

have the candidates promise us high prices from now on and telephones and electricity and roads and permanent peace and low interest rates and improved fishin, but those things don't hold a light to the real farm problem.

I'm always interested in hearin the politicians discuss the farm problem, just to see what they think the problem is, but up to now they've missed it altogether. If you ask me, the farm problem is plowin, beddin and re-beddin, but the platforms are strangely silent on this.

Yours faithfully, A. A.

Wonder How Miss Gilbert Is in "History"?

By now I guess you've heard about the spelling errors in the kids' report cards this week. A typical card looked like this:

Arithmetic.....	B
Geography.....	B-
Spelling.....	C
Grammar.....	B

I don't know if Miss Gilbert, the principal, actually wrote those cards, but she took full responsibility. This morning I hear she got up in the Assembly Hall—before all the students—and started writing GRAMMAR with two "a's" on the blackboard 100 times!

From where I sit, I'll bet this makes her even more popular with the students. It's nice to see an expert admit she occasionally makes a mistake. Too many so-called "experts" claim they're never wrong on such subjects as what you or I ought to eat... what we should wear... whether we should enjoy beer or butter-milk. A really wise person never claims to "know all the answers" all the time.

Mr. and Mrs. Jim Kirby of Sulphur Springs, visited her mother, Mrs. John Roach and Mr. Roach, Sunday.

HELPED MAILMAN

The rather punk clerk was telling his colleagues in the office about the muscle-building course he was taking.

"Been taking it for two years now," he said. "Every week the mailman brings me heavier weights and bigger equipment."

"But," commented one of the man, "you don't seem to be any more muscular than you were two years ago."

"No," said the little man, "but you just ought to see my mail-man."

Candidates Not Now Using Most Powerful Appeal for Getting Votes

By GEORGE S. BENSON
None of the political candidates now bidding for votes has, to my knowledge, used the most powerful appeal—the promise of a living standard for everyone twice as high as today's. It isn't something government can do for us, but it definitely is something the private enterprise system can achieve in a nation having the right kind of governmental leadership — wise and courageous management of government under sound governmental policies. People have a normal longing for prosperity and plenty. It is basic — fundamental — in human nature. Thus the promise of a better life is powerful.

In the American system the key to prosperity is production. There are two kinds of production — production for war and production for normal peaceful use. Beginning in 1938, when Hitler's Germany made its first warring moves, our nation began to build up a war production prosperity. Most of us can remember that in 1938 the depression that had begun in 1930 had been only slightly relieved in spite of extreme measures taken by government. In fact, in 1938 we still had 10,000,000 people unemployed.

WAR SPENDING
In 1938, even with its huge expenditures on depression projects, the Federal government spent only \$6.9 billion. But late that year Hitler's aims became clearly evident. Our military spending leaped upwards. In 1939 the government spent \$8.9 billion; in 1940, \$9.2 billion. Then, with Hitler on the rampage in Europe, we went all out. War production and spending rose to the greatest height in history. The government spent \$13 billion in 1941, \$34 billion in 1942, \$79 billion in 1943, \$95 billion in 1944, \$98 billion in 1945, and \$60 billion in 1946.

Everybody got more dollars. We had a war prosperity. But our nation was paying a ghastly price in human lives and resources. Our battle casualties reached the awful total of 948,574—which means an average of 20,000 casualties from each of our 48 states. And the war swiftly stripped us of a tremendous amount of our natural resources. Nowhere was this more strikingly demonstrated than in Arkansas where a 25-35 year supply of aluminum ore was clawed out of the earth in a period of months.

ANOTHER WAR
The World War II spending had

John Roosevelt Speaking for Ike

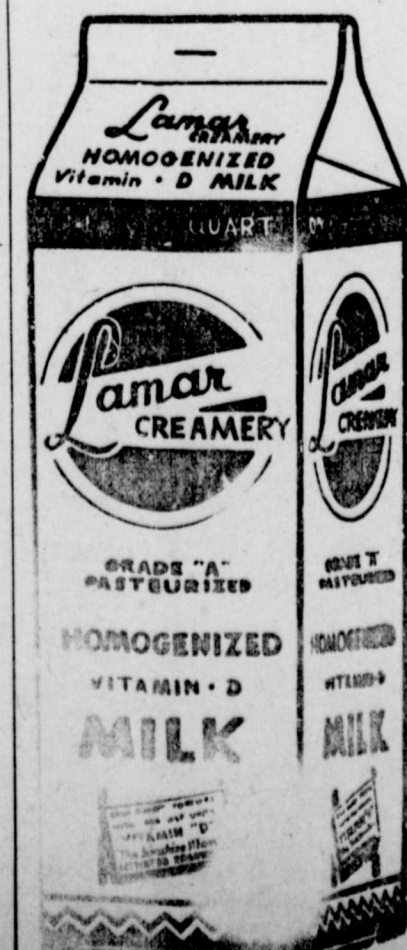

Marshall.—John Roosevelt, son of the late president who four times was elected president, as a Democrat, is to be a Texas visitor this week end campaigning as a Democrat for Eisenhower.

Campaigning in behalf of General Eisenhower, the son of the late president is coming to Marshall for a campaign speech under the sponsorship of Harrison County Democrats for Eisenhower.

"I am a Democrat," Mr. Roosevelt has said on his tour. "I shall always adhere to Democratic principles. Unfortunately, some of those running on the Democratic ticket are running on a platform the principles of which are not those of the true Democratic party."

"Today is a time when we should stand by principles; principles laid down by our forefathers; and for the man whom we believe best will serve this country. That man is Dwight D. Eisenhower, in whose behalf I am happy, as a Democrat, to do whatever I can."

Usually a pessimist is a man who financed an optimist.

DIAGNOSIS
"Well, now, Mrs. Jones, what are the symptoms of your husband's case?"
"Oh, doctor—for one thing, he talks to himself."
"You don't say!"
"Yes, but, of course, he doesn't realize. He thinks I'm listening."

THIS MAN IS READY
The ferry captain shouted into the crew's quarters: "Is there a mackintosh down there big enough to keep two young ladies warm?"
Came voice from below: "No, but there's a McPherson here who's willing to try."
