## Warning Issued About Bad Food

AUSTIN.—The coming of warm weather brings a warning from Dr. Geo. W. Cox, State Health Officer, for all persons to be on the alert regarding food poisoning. Most cases investigated by the State Department of Health disclosed that improper food handling was responsible for the illness.

Food poisoning is commonly caused by bacteria in food. In general there are two types, food poisoning and food infection. Food poisoning is caused by bacteria in the food that produce a poison and usually the symptoms appear within a few hours. In food infection, the bacteria do not produce a poison, but attack the body. This takes longer so symptoms usually do not appear for 12 to 24 hours after eating.

In both kinds of illness the symptoms may be similar: nausea, vomiting, diarrhea, abdominal pain and fever may all occur. In food poisoning nausea and vomiting may predominate while in food infection diarrhea may be the prominent symptom.

As a prevention Dr. Cox suggests that all food be protected against flies and other pests. Refrigerate all perishable foods including meats, poultry and cream-

Lewis O'Shields has been stationed in Camp Roberts, Calif., for the past eight months, serving with the U. S. Army. He will report to New Jersey June 1, where he will be sent to Europe for overseas duty. Mrs. O'Shields will remain in Odessa, where she will be employed.

Mrs. H. J. Trimble returned Tuesday from a Dallas hospital, where she was a surgical patient.

## Discrimination, Gals Call It

London.—Women civil servants, long campaigning for equality with men, have hit out at landladies who prefer male boarders.

Delegates to the National Association of Women Civil Servants annual conference, most of whose 5,000 members are single, said that landladies darn socks for single men boarders but often refuse to take in single women.

## New Company Acquires Stock NET Motor Lines

Controlling interest of North East Texas Motor Lines, pioneer motor freight transportation company, has been acquired by North East Texas Company, Inc., according to George Robinson, vice-president of NET.

Stockholders in the new company are O. P. Thornhill, Miss Dorothy Atkins, M. L. Steger, M. O. Dunn, and T. L. Evans, all of Dallas.

Mr. Thornhill is president and general manager of the group and will maintain his offices in Dallas. N. L. Steger is vice-president and Miss Atkins, secretary-treasurer. Miss Atkins and Mr. Dunn will work in the Paris office.

Mr. Robinson will continue as a vice-president of the firm. In the trucking business since 1919, Mr. Thornhill, a veteran truck line operator, was president and general manager of East Texas Motor Freight Lines, Dallas, until 1949.

## Lt. Bob Alsobrook Home from Korea

Lt. Bob K. Alsobrook, son of Mr. and Mrs. Doug Alsobrook of Rugby, who has been in Korea 11 months, returned home Monday. Bob was drafted in November, 1950. He entered artillery officers training school at Fort Sill July 16, 1951, and was commissioned Dec. 18, served at Fort Hood with the 1st Armored and was sent to Korea in June, 1952.

Bob was wounded on the eastern front fighting July 16, 1952, fragment of a 75 recoilless shell striking him in the knee. He was serving as a forward observer with the Korean Infantry at the time.

Bob didn't go to the hospital with his wounded knee, but received treatment in the field.

In January he was promoted to first lieutenant and sent to the Division School of Standards. He left Korea on May 9 and arrived in Seattle on May 24 and flew to Oklahoma City the same day. Bob expects to retire from the Army on June 3 and will return to Rugby to farm.

"I am very happy to be back home and think we live in the garden spot of the world," Bob told the editor. May we add that home folk are just as happy to have him back as he is to be back.

## Suffers Injuries When Car Overtakes

Mrs. Luke Phelps of Bogata, was able to return home Friday from McAlester, Ok., where she had been hospitalized several days before, following chest and neck injuries received in an automobile accident near McAlester. The car skidded on slippery pavement, turning over, then righted itself. Her sister-in-law also received broken ribs and other injuries and both were given first aid treatment at a hospital there.

Mrs. Phelps and three children were on their way to Hartshorne, Ok., to visit her mother, Mrs. J. J. McCullar, when the accident occurred.

### JUSTICE FINALLY PREVAILS

Political and court battles that have been fought for years and a fight that saw Texas go Republican for the second time since the Civil war, has finally been won by the states over a grafting, stealing, unprincipled Truman administration that had no respect for sanctity of treaty and contract.

President Eisenhower signed a bill into law last Friday returning to the states what had rightfully belonged to them for over 100 years.

Mr. Eisenhower's statement on the bill signing said:

"I am pleased to sign this measure into law recognizing the ancient rights of the states in the submerged lands within their historic boundaries. As I have said many times I deplore and I will always resists federal encroachment upon rights and affairs of the states. Recognizing the states' claim to these lands is in keeping with basic principles of honesty and fair play."

The Americans did not make a mistake when they elected this able, fair-minded man to lead our nation. Confidence in and respect for the government has increased measurably since he took office.

Saturday is Memorial day. Let's remove our hats and stand with bowed heads in memory of those who made the supreme sacrifice for their country, and for others we have loved and lost a while.

At long last the Legislature has passed and the governor signed a DWI (driving while intoxicated) bill that provides a minimum jail sentence of three days in addition to the usual fine. Then, lawyer-like, they tacked on a clause that permits judges to commute the sentence to six months probation. But the people will not stand for much "commuting." They are tired and fed up on drunk drivers who endanger the lives of other on the highways, and a judge who values his political hide will not abuse his commuting privilege.

Rev. John Dvorak of the Talco Methodist Church delivered the baccalaureate address to the graduating class Sunday evening, Dr. James G. Gee, president of E. T. S. T. College in Commerce, was speaker Monday evening at the graduation exercises. His subject, "True to Our Traditions," was a continuation of the salutatory address by Miss Joyce Ann Richeson.

## EDITORIALLY SPEAKING

BURT LOCKHART  
in Pittsburg Gazette

Those Texas clouds had no silver lining last week.

Push & Pull is a combination that can't be licked.

We are looking for a new gadget that will do away with work.

So live, Bud, that you will always enjoy the confidence of your wife and banker.

This is a land of milk and honey, yet millions of our people have never tasted real butter.

A Memphis paper observes that statesmen make wars, soldiers fight them and Congress investigates them.

It is our imaginary troubles that get most of our attention. They are petted and pampered until they become real ones.

The government will be justified in reducing taxes when it cuts down expenses. That is one financial rule that works only one way.

We came across a man the other day who was putting off living until he made a million dollars. He may find that it is later than he thinks.

Texas acknowledges with everlasting gratitude a return of the tidelands to her rightful ownership. There would have been no cause for rejoicing had Stephenson or Truman been the White House occupant.

Old timers in the year 1990 may look back to the 1950's as the good old days when gasoline was only 25 cents a gallon, when automobiles could be bought as low as \$2,000, and when a \$900 house could be built for only \$10,000.

## Editor's Boyhood Chum's Son Grad Naval Academy

From Elmer E. Sheeley, Jr., of Hollywood, Calif., comes an invitation to this editor to attend graduation exercises of the United States Naval Academy at Annapolis, Md., on June 5. We tender heartiest congratulations and best wishes to Lieutenant Sheeley, and assure him the invitation is appreciated.

Its receipt brings a flood of yesterday's memories when his father and this editor were neighborhood and school chums and sold the Dallas News on the streets of Dallas, dug up melted copper where a street car barn had burned to sell for junk copper and did anything else that was honest and honorable to make a few pennies. We would steal a few peaches, pecans and water melons to eat, but that doesn't count.

As a school boy Elmer Sr. drew the best pictures on the blackboard of any kid in school. Later he painted the scenery in the old Dallas opera house, then hid himself to Hollywood where his talents were used as an artist for Cecil B. DeMille in the motion picture industry. When DeMille wanted anything, Sheeley drew, sawed, cut and painted it.

This editor visited in Los Angeles in 1927 and called Sheeley. "Where are you?" he demanded. We named the hotel. "Pack your bag and my car will be in front of it in twenty minutes. There is not a hotel in Los Angeles good enough for you," he added.

And now he has a son who was born after that visit in 1927, graduating from Annapolis. A portion of his training was received under the direction of its then superintendent, Admiral Jas. L. Holloway, a distant relation of the writer. Truly, time waits for no man.

## A Crown For Your Queen

No husband takes his wife's cooking as a matter of fact. But every now and then, a work of culinary art brings into sharp focus the importance of cooking at its royal best with a modern, automatic gas range.

Light and beautiful cakes are always a challenge to the cooking techniques of the modern homemaker. But with the automatic gas range, even this challenge is made easier. The even circulation of air

throughout a modern gas range oven takes the guesswork out of fine baking.

So when your little lady comes forth with a beautiful cake — topped with a creamy, luscious icing — crown her "Queen" with the appreciation she deserves. . . . For hers is truly a regal art in achieving dishes fit for a king!

## There's Economy in These Beef Cuts

Surveys show that the average homemaker makes use of less than 10 per cent of the scores of available meat cuts. Since price per pound is affected by this demand for a comparatively few cuts, it is evident that she is overlooking many cuts that would help to stretch her meat dollar. Because meat is the center of the meal and is important in the food budget, it is of distinct advantage to be familiar with as many cuts as possible. The above chart presents a graphic picture of less-demanded beef cuts and their origin. The shaded areas, representing 60 per cent of the carcass, are sources of these lesser-known cuts. Unshaded areas provide the cuts in most popular demand. In addition to their price advantage, the less-demanded cuts afford increased variety in the menu, and are as rich in nutritive value as the more demanded cuts.

## E. L. Swarts Dies Of Heart Attack

## Paris Junior College Honors Mrs. J. H. Moore, Deport, with Honorary Degree

Paris Junior College conferred the honorary degree of Associate in Arts upon Mrs. J. H. Moore of Deport, at the close of the annual graduating exercises of the College in the auditorium of the college on Wednesday evening.

Mrs. Moore was selected for this honor for her outstanding work in Parent-Teachers Associations and other activities. Dr. J. R. McLemore, president of Paris Junior College, told The Times: "Recommending that this honor be bestowed was a committee of our Board of Regents and with approval of our entire faculty," Dr. McLemore added.

Mrs. Moore is a past president of the Texas Congress of Parents and Teachers and a past president of Third District, Texas Federation of Women's Clubs. She has long been active in church and club work locally, and her many friends in this part of the state will agree with Paris Junior College's Board of Regents and its faculty that the honor was worthily bestowed.

Three other persons have been similarly honored by Paris Junior College: Dr. Frank Wear,

MRS. J. H. MOORE

former president of Trinity University and a Paris Presbyterian minister for many years; A. W. Neville, veteran editor of the Paris News and Judge W. F. Moore, practicing Paris attorney.

### FORMER BOGATA BOY WEDS MASS. GIRL

Mr. and Mrs. Bud Cawley have received announcement of the marriage of Miss Mary Lyons and R. V. Bryant at St. Paul's Cathedral in Worcester, Mass., May 3 and will make their home at 142 Ingleside Ave.

The bride is the daughter of Mr. and Mrs. Thomas F. Lyons of Worcester, Mass., and the groom is the son of R. J. (Bud) Bryant of Dallas.

R. V. received his basic training at El Paso, transferring to Massachusetts before overseas assignment to Germany. Received his discharge after three years army duty. He was reared at Bogata and has made his home with Mr. and Mrs. Cawley after his family moved to Dallas several years ago.

### CARD OF THANKS

To each and everyone who helped in any way to make our sorrow bearable during the long illness and death of our wife and mother, we want to say, thank you. Also to those who so thoughtfully prepared our home for her bier, to those who sent food, flowers and messages, to those who sang so beautifully, to those who conducted the sweet service and especially to Dr. Miller who attended her. May God bless you when your hour of sorrow comes, and may faithful friends be standing by to aid you as you have us. The Husband and Children of Mrs. Clyde Holder.

## Lamar Co. Now Leads State in FM Highways

Due to that million and a half dollars in bonds people of Lamar County voted several years ago to turn over to the State Highway Department for construction of Farm-to-Market roads, the county now has more such roads than any other of Texas' 254 counties.

This is according to L. D. Cabanis, resident district engineer, Texas State Highway Department at Paris.

A break-down of road figures shows Lamar to have 231.17 miles of FM highways under maintenance.

24.27 miles FM highway under construction.

80.93 miles U. S. and State.

The district office in Paris is preparing three maps of the roads. One will show the county before the agreement work was begun. Another will show all construction under the agreement and the third will picture present road facilities in the county.

## Moore is Promoted Ass't Chief Patrol Border Inspector

Herman Moore, son of Mrs. G. C. Moore of Bogata, was recently promoted to the position of Assistant Chief Patrol Inspector in the U. S. Immigration Border Patrol, Del Rio sector, which territory comprises approximately one third of the State of Texas.

Herman entered on duty with the Immigration Service as a patrol inspector at Laredo in March, 1942, and, except for military duty during World War II, served in that capacity at various locations along the Mexican border until July, 1951, at which time he was promoted to the position of Patrol Inspector in charge at Del Rio.

He at one time was associated with the United States Immigration Border Patrol Training School at El Paso, and Las Cruces, N. M., as instructor in immigration law.

## Resurfacing U. S. Highway 271 Will Not Come Too Soon for Safe Road

Contract which has been let for resurfacing U. S. Highway 271 from Paris, via Deport to Bogata will not receive attention too soon.

Several years ago the legislature passed a law permitting truckers to increase the weight of their loads by more than 33 per cent. U. S. Highway 271 had until that time. But engineers built the road to withstand weights allowed by law at that time.

When a third more tonnage was permitted the good road started breaking up. Outlaw truckers who overloaded under the present law created a lot of the dam-

age. Great diesel-driven cars hurtle along it at night 65 and 70 miles an hour. Continued rains this spring softened the roadbed and oozes muddy water at man the joints.

Repair crews of the State Highway maintenance department have resurfaced with asphalt spots, pumped concrete in sagging joints and did what could to keep the highway safe, but rough.

Maybe resurfacing with drainage facilities will help the fact still remains that highway was not built to speed the speeding monsters that the law, both as to speed weight.

## Titus Countians Get Degrees

Seven Titus County residents were awarded degrees at ETSTC last Sunday. They are: Mrs. Mozelle Russell Hughes, Talco, Bachelor of Science; Mrs. Jane Ross Norman, Talco, Bachelor of Arts in library science; Solon O. James A. Garfield, who died at 49, lived the shortest life of any U. S. President.

## Italian Bees Pick On Robert Harvey

Robert Harvey, prominent cattleman and farmer, who lives southwest of Deport, had troubles a plenty last week. A swarm of Italian bees took up their abode between the walls of his home. He found the small hole where they entered and stopped it up, but that didn't stop the constant buzzing sound they produced.

Rather than put up with the noise until they starved to death, he bought an insect powder to destroy them. Harvey likes honey, but doesn't want it deposited between the walls of his home.

## Alcorn Favors President Eisenhower's Practice of Not Telling His Golf Score

Editor's note: Achin Alcorn, philosopher on his Johnson grass farm on Sulphur, is talking about something he doesn't know anything about this week, again.

Dead Editor: I was out on my farm yesterday thinkin about whether I ought to take up golf, just in case I ran into President Eisenhower, and I got to thinkin about the practice he has established of not telling his score, and I want you to know I approve of it.

People talk too much. They ask too many questions. Somebody is always askin me if I'm through plowin yet, and as far as I'm concerned it's a personal question, like how much money you got in the bank, and from now on me and Eisenhower are gonna follow the same pattern, with him not tellin his golf score and me not tellin the status of my plowin.

Another question I don't go for is, how much cotton you got

planted this year? I got the same amount of cotton I planted in 1939, and it's still in the ground as far as I know as it hasn't come up yet. People seem to forget that farmin and golfin are pretty much the same, you do both for the exercise, and if you don't feel like either one today you can put it off till tomorrow and that's your business, at least that's the way I look at farmin and I suppose it's the way Eisenhower looks at golfin. I don't think he looks at the advantage of livin out here over havin to live in the White House.

Out here, about all the problems I got are domestic problems, but every mornin when Eisenhower wakes up he's got not only domestic problems but foreign problems, national problems, Republican problems, Democratic problems, tax problems, budget problems, deficit problems, speech-makin problems, Joe McCarthy problems, I tell you, plowin has politics beat all to pieces as recreation.

But even if I don't play golf myself, I'd like to suggest that more political leaders in Texas ought to brush up on the game. Nobody knows when one of em is gonna have to go up to Washington to ask for some form of aid or another and it's possible a little golf-playin ability might be just the thing. Ain't anybody countin on needin any help, I don't suppose, but there sure ain't no harm in brushin up on the game, just in case.

Yours faithfully, A. A.

## Talco and Talpa Mail Gets Mixed

The Postoffice Department was cutting the ham too thin when it permitted two Texas towns to be named Talco and Talpa. Some of The Talco Times mail is often sent to Talpa. That town is in Coleman County and probably older than Talco. We have an old postoffice guide that is 30 years old and it shows Talpa.

Talco postoffice was established as Goolesboro May 13, 1878 and changed to Talco Aug. 4, 1910, a short time before the P. & Mt. P. Ry was built from Paris to Mt. Pleasant.

Names was suggested from the states Texas Arkansas and Louisiana. A candy company operating in those states at the time

### DEAD OAK YIELDS A LIVE JACKPOT

Brookfield, Mo.—Sawing down a dead oak tree Wednesday, Gail Harrington and his father found the huge tree contained plenty of wildlife.

They flushed out a swarm of hornets, a raccoon, two squirrels, a family of field mice and a black snake.

used the name Talco.

We don't know if the town could be considered sweet, but its oil field for seventeen years has added millions of dollars in wealth to Texas, gave employment to thousands at good salaries and footed the tax bills of Titus and Franklin counties, amounting to 54% in Titus and 78% in Franklin. The state tax over that period is also a tidy sum. Anyone have the figures?

### Canadian Dollar Cut to \$1 U. S.

NEW YORK. — The Canadian dollar—which has outranked the U. S. dollar in value for more than a year—sank to its lowest level in 13 months Wednesday and dropped below par with the U. S. dollar in at least one foreign exchange trading center.

New York banking circles attributed the recent gradual but steady decline in the value of the Canadian dollar to hardening of the U. S. dollar. American investors are switching from Canadian to American securities and exchanging the Canadian money they receive from sale of Canadian stocks and bonds for U. S. currency, it was pointed out.

Portugal is due east of New York City.
