Talco Youth Dies In Auto Wreck, Two Injured

One Talco youth was killed about 3 o'clock Monday afternoon and two men were injured as a result of an automobile mishap on Highway 271, about a mile south of Talco. All three were residents of Talco.

Killed in the accident was Robbie Joe Easterling, 18, son of Mr. and Mrs. W. E. Easterling. Charley Lee Grissom, 28, was admitted to Taylor Hospital, Mt. Pleasant, for treatment of serious injuries and Raymond Smith, 27, was rushed to a Texarkana hospital for immediate dental surgery after many of his teeth were knocked out and his jaw was fractured, investigating officers said.

The accident occurred during a driving rain, and according to Jay Mayes, highway patrolman, the car skidded on wet pavement, left the road and crashed into a tree. Eyewitnesses to the accident reportedly stated that the car was not traveling at an illegal speed, indicating that something could have gone wrong with the car mechanically.

The trio, authorities said, were enroute from Talco to the home of Grissom's father-in-law, Bert Hanks, to get a trailer in which they planned to move a cow. Hanks lives on Highway 271, about five miles south of Talco.

Young Easterling's body was taken to Smith-Bates Funeral home in preparation for funeral services which were held at the Calvary Baptist Church at 2 o'clock Wednesday afternoon. The services were under direction of Rev. John Dvorak, Rev. R. E. Baucum and Rev. Martin of Hagansport. Burial was in the Talco cemetery.

The youth is a native of Franklin County, and was reared in the Hagansport community. He had resided in Talco for the past five years, however, and is survived by his parents, and one sister, Miss Bettie Sue Easterling.

Active pallbearers for the Robbie Joe Easterling funeral service were his schoolmates: Billy Ramey, Rex Sikes, Jack Smith, Jimmy Stewart, Jackie Medlin and Gilbert Burks. Honorary pallbearers were J. W. Via, Roy Primm, Lemuel Hargrove, Eugene Brown and W. L. Cox.

Out of town relatives and friends who attended the funeral were Mr. and Mrs. Charles Sturgeon and children of Texarkana, Miss Doris Strawn of Texarkana, Pearlene Joice, Dallas; Mrs. Lou Peake, Rex Burks and Betty and Pansy Hamilton of Oklahoma City, Mrs. Luther Hank of Sulphur Bluff, Mrs. Effie Tiffie, Mena, Ark.; Jack Henry and Eula Irby of Mt. Talco Oilers Split Series With Their Winnsboro Rivals

By JACK WINN

Talco Oilers split their two game series with the Winnsboro Oilers, taking the first game 8-7 and dropping the second 4-0.

Rooster Westbrook, Burrus and Duncan teamed to hold the Winnsboro nine to 11 hits, while their teammates slammed out 14 off Art Blair. Johnnie Stone slammed a home run, a double and two singles in four tries; Slider hit two home runs and a single for 4 tries. Glover also hit for the circuit. Marshall Brown and Joe Davis hit round trippers for the visitors.

In the second game the Winnsboro nine scored four runs in the first inning as all the breaks went against Talco. Two balls that would have ordinarily gone for easy outs to Slider, took crazy hops and went for hits. Duncan pitched 3-hit ball, but lost the game.

Oil's Beat Kilgore Tuesday 9 to 2

By JACK WINN

The Oilers, behind the four-hit pitching of Jack Seabaugh, slammed the Kilgore Drillers here Tuesday night to the tune of 9-3. Johnnie Stone and Odell Morrison hit for the circuit for the Oilers and Durham hit one for the Drillers.

Oil Activities in Red River, Bowie

In southern Red River County drilling has reached 5,435 at Seaboard Oil No. 1 Coline Development, I. Tejada survey, planned Smackover lime test ten miles northeast of Talco. On a drill-stem test at 4,929-51 in the Travis Peak the well got salt water with no oil show.

In Bowie County over a mile north of Simms townsite in the central part of the county, Amerada Petroleum Corporation, operating from Longview is to drill No. 1 Dorothy Nell Watts as a 4,500-foot Paluxy sand test. Site is 660 from the north and 1,980 from the east lines of a 292-acre tract in the David Looney survey.

Showers Break Month Heat Wave

Scattered showers Sunday and Monday dropped the mercury from the near 100 degree temperatures, prevailing in this area for the past month, to a low of 69 Sunday night.

While the showers were not heavy enough to be of great benefit to the corn crop, gardens, tomatoes, pasture and grassland were helped some. Much of the corn crop is too far gone to be benefited.

Cotton, apparently doing all right in the drouth and heat, will also benefit from the rains, but farmers will be on the look-out for a build-up of insects. Some late-planted cotton had not come up because of lack of moisture, and this may bring the seed up.

While the showers Sunday and Monday broke the heat wave, more rain is needed to put a good season in the ground and to replenish in some places dwindling water supplies.

Total rainfall here this year is 27.90 inches as compared with 19.95 inches to this date last year.

Shower in Honor Mrs. Elton Belcher

A miscellaneous bridal shower was given Saturday afternoon in the annex of the Calvary Baptist Church, honoring Mrs. Elton Belcher. The table was laid with a beautiful white linen cloth with a centerpiece of gorgeous pink, white and blue daisies. The names, Sally and Elton, were stamped in gold on blue napkins.

Miss Clydene Rutledge presided at the guest book and Miss Vera Bennett presided at the punch bowl. The bride received many lovely gifts. The hostesses, Mrs. R. T. Fuller, Mrs. C. A. Bennett, Mrs. Guy Ferris and Mrs. Bill Miller, served squares of white cake with blue icing topped with pink candy roses and fruit punch, to the following guests:

Mrs. R. B. Stevens, Miss Clydene Rutledge, Miss Vera Bennett, Mrs. W. H. Cogburn, Miss Beth Rosson, Mrs. R. J. Rosson, Miss Beulah Smith, Mrs. Henry Thomas, Mrs. R. E. Baucum, Miss Helen Joe Nelson, Mrs. S. O. Loving, Mrs. H. M. McMasters, Mrs. J. B. Nelson, Mrs. H. F. Teague, Mrs. Buck Wilkinson, Mrs. Roy Beasley, Mrs. W. E. Hawkins, Miss Janice Hawkins, Mrs. A. E. Taylor.

Those sending gifts, but who were unable to attend the shower were: Mrs. Sidney Frugia, Mrs. H. C. Thomas, Mrs. R. H. Ackley, Mrs. Cordie Kent, Misses Frankie and Bettie Kent, Mrs. Sally Gage, Mrs. T. L. Barton, Mrs. W. E. Hoffman, Mrs. P. P. Hendrix, John and James Tarpley, Mrs. P. O. Wilhite, Mrs. W. F. Miss Rutledge is Selected Princess Of Talco Oilers

Talco Oilers selected Miss Clydene Rutledge of Talco to represent them as their princess at the all-star game at Daingerfield on Saturday night, when a big celebration will be held and the queen selected from other princesses named by the other ball clubs in the league.

There were three contestants for Miss Talco, Miss Dorothy Bowden and Miss Becky Foster and Miss Rutledge. The selection was made on Tuesday night just before the game with Kilgore.

To vigorous rounds of applause the girls paraded from first to third base, pausing at home base. All three then assembled at home base and ball club members assembled for Talco Oilers to make comparisons and cast their votes.

Following selection of Miss Rutledge, Arnold Glover, representing the team, placed a crown upon her head and gave her a resounding smack on the lips. It must have tasted like Star Navy from the expression on the winner's face.

Sam Gresham Dies Of Heart Attack

T. S. (Sam) Gresham, resident of Titus County for the past 46 years, died suddenly at his home north of Mt. Pleasant about 6:30 o'clock Monday morning. His death was attributed to a heart attack.

Mr. Gresham moved to Titus County soon after his marriage in 1907 and had made his home here since. He was 68 years of age and was a prominent farmer. His body was found by his wife in the barn behind their home on the old Talco highway, only a short time after he was stricken.

Mr. Gresham is survived by his wife and four sons, Prince and Marlin Gresham of Kilgore; Jerome Gresham, Mt. Pleasant, and Sam Gresham Jr., Camp Polk, La. Other survivors include a brother, M. M. Gresham of Fort Worth and five grandchildren.

Funeral services were held on Wednesday afternoon, under direction of Rev. Max Barton. Burial followed in the Old Mt. Pleasant Cemetery. Pallbearers were

Much Activity at TPL Generating Plant on Sulphur

Those who have visited the new Texas Power and Light Co. 80,000-KWH plant being constructed on Sulphur near Jolntown, marvel at the magnitude of the plant and well they may.

Steel frame work for the big outdoor boiler and generator is going up. A warehouse has been constructed and a deep well for good water drilled and an overhead tank built.

Levee dirt work for construction of the 600 acre lake to impound water looks like it is about two-thirds completed.

Poles, cross-arms, great rolls of copper wire and insulators have been unloaded at Talco. The plant is scheduled to be completed early next year.

Gov. Shivers Asks Prayers for Rain

AUSTIN. — Gov. Allan Shivers called Wednesday for a day of prayer and fasting for rain, thanked the Republican administration for its speedy drouth disaster relief program, and talked of an inter-state meeting of drouth-state Governors.

The Governor called on ministers of all faiths and their congregations to participate next Sunday in a day of prayer in seeking relief from the troubles of drouth.

"A large area of Texas is in the midst of a major drouth which is adversely affecting the people, the crops, the livestock and the general welfare of the state," said the Governor in an official memorandum.

"As much relief as can be given by human means has been granted by agencies of the state and federal government.

"It is fitting that, in this time of trouble, we should turn to the One who is the source of all help."

Shivers telegraphed President Eisenhower that the people of Texas appreciated the speed with which attention was given by him, Secretary of Agriculture Ezra Benson and Civil Defense Administrator Val Peterson to Texas' request for a drouth disaster area declaration.

Mr. and Mrs. Ray Taylor and children of Red Water, spent the week end with Mrs. Taylor's sisters, Mrs. W. T. Lewis and Mrs. Billy Joe Vickers and families. Their two daughters who had been here for a week returned home.

members of the Odd Fellows Lodge and that order also conducted graveside rituals.

J. R. Lee Passes Away Monday

Funeral services were held at the Methodist church Monday afternoon at 3 o'clock for J. R. Lee who passed away at his home in Talco at 7 o'clock Saturday from the effects of a lengthy illness. Rev. John Dvorak, pastor, was in charge. Pallbearers were Aubrey Harris, Dr. W. L. Kelley, Paris; Dale Tiller, Clarksville; Jack Nixon, Farris Brown, V. P. Gibson. Honorary pallbearers were W. H. Hughes, S. A. Tidwell, George Barber, Gregory Saltee. Burial was made in Talco cemetery.

Mr. Lee with his family came to Talco from Mt. Vernon to work in the drug store in 1919. After a few years he was employed by the Paris and Mt. Pleasant Railroad and continued in that capacity until he retired in 1950 because of ill health.

He is survived by his wife, the former Miss Emma Lee Stewart, whom he married in June 1900; a daughter, Mrs. Gladys Lee Seward of Ft. Worth, a son, J. B. Lee, Raleigh, N. C., and two grandchildren, two brothers, Rev. W. S. Lee of Okanawa, Ok., and J. P. Lee of Comanche.

Relatives and friends who attended the J. R. Lee funeral service here Monday were Rev. and Mrs. W. S. Lee of Kansasia, Ok., Mr. and Mrs. L. L. Lee of Bennington, Okla., Mrs. W. H. Oswald of Kansas City, Mo., Mrs. Howard Watters, J. H. Hendricks, Mrs. Steven Creed, Mrs. Christine Nadin and Sam Jones of Ft. Worth, J. P. Puckett, Mrs. Nova Puckett, Mrs. Bell Puckett, F. B. Two Cases Polio In Titus County

The first report of polio in Titus County for the current season was announced Wednesday, with two cases involved. Both are in the same family and are children of Mr. and Mrs. John Terrell of the Liberty Hill community.

The children, John Marion Terrell, 14, and Bruce Terrell, 10, were sent to St. Michael's Hospital, Texarkana, Tuesday by Dr. James E. Ball. A definite diagnosis of polio for the younger boy was returned by the hospital staff and similar symptoms were reported for John Marion.

At latest reports, however, paralysis was not prevalent.

Miss Addie Sue Elliott is visiting relatives in Avery.

Save the Dollar

A sound money policy for this country has been one of the cardinal editorial urges of this newspaper since Roosevelt started throwing our sustenance about in a ridiculous manner twenty years ago. But he was a piker compared to Truman. What happens to the money of bankrupt nations? The following dispatch from Turin, Italy will give you a fair idea:

"Found sewn in a mattress at the home for the aged poor here Saturday: 200,000 lire in pre-1918 Italian bills, worth more than \$50,000 in their prime, now worth less than \$350."

Think it over, and then decide to vote for men for national office who will vote to preserve the value of the American dollar, now worth 53 cents, compared to the advent of Roosevelt and Truman.

Want Highways to By-Pass Town

(From The Deport Times)

It has not been too many years ago since many small towns were opposing the State Highway Department when it wanted to by-pass them with big highways and give them Business Loop connections.

Denton was one of such towns that wanted the big highway right down its Main street. So U. S. 77 and 377 converge at Denton's square. Now business men are petitioning the Highway Department to route them around that town.

When U. S. Highway 271 was built thru Deport, The Times was criticized by some for advocating that it by-pass Deport and that a Business Loop be built.

Looking at the picture today, we wonder what Deport would do with thru traffic down its Main street, and how many people would have been killed since the new highway was built thru the southern part of the town?

P. O. Deficit

If the Postoffice Department wants to recoupe a portion of its loss of six hundred million annually, let it turn the heat on congress to pass a law that will make these slick-paper, heavy weighing magazines pay the cost of handling them. They are listed in the same category with newspapers, but they entertain rather than inform the people.

There are many such publications we could well do without. We would have a cleaner-minded citizenry if they were not allowed circulation thru the mails. There is a lot of trashy suggestive stuff that TPA tried to get denied use of the mails several years ago, but with little success.

Commies and a few sob sisters are bawling the execution of Julius and Ethel Rosenberg, who betrayed American atomic secrets to Russia. They are the first persons in American history to be executed for espionage, but a man or woman who would murder his own nation by betraying her military secrets is a thousand times lower down than a snake's belly and should have died as they did.

THE AMERICAN WAY

Sound Flood Control

Our neighbor, the Mt. Vernon Optic-Herald, came out with a 24-page dairy edition last week, replete with stories of successful Grade A dairying in Franklin County. Were it not for dairying, beef cattle and oil, Franklin County would be poor indeed.

Alvis Park, who with Claud Ribble, own the Automatic Gas Co. at Paris, gave the editor a rain gauge last week. He didn't get it set up in time to record last Sunday's shower, but since rainfall was light, it probably would not have registered, anyway. We do appreciate the gift and it will come in handy when weatherman decides to open the floodgates again.

Achin Alcorn, our unenterprising correspondent, down on Sulphur, lets down his hair this week to talk about congressmen who voted themselves tax exemptions for living expenses while in Washington. Same old piffle-wifel stuff that got this country's finances in such a deplorable condition and created a tax burden that is beating the life out of initiative and enterprise. The tax burden is so heavy that law makers who created both the great national debt and the tax

law can't take it, but expect their constituents to do so. We don't know what the Senate will do with the bill, but there will be a hot time in congressional races next year. The people are not going to forget.

Got \$5,800 to Spare

Our national debt, which now is close to \$263,000,000,000, could be paid off immediately. All that is necessary is for each and every family in this country to donate \$5,874.

Yes, that's correct. Your family's share of our staggering debt is more than \$5,800. That is our heritage from a series of wars coupled with waste and financial recklessness in government. And that's why our biggest domestic problem is to cut government costs, to balance the budget, to start reducing the debt as soon as we can, and to reduce the tax burden.—Ex.

Oklahoma Legislature has had the good judgment to put Channel and Blue catfish back on the game fish list in that state. Commercial fishermen were taking those over 24 inches long. They were also spoiling a lot of good fishing for those who fish for pleasure.

Two classes of people draw more criticism than they deserve: those who make a lot of money and spend it, and those who make a lot and don't spend it.

This editor is mighty proud of four rural communities in the counties in which he tries to publish newspapers—Titus, Red River and Lamar. Titus took the lion's share in pasture improvement awards for the entire state, in a contest sponsored by the Dallas News. West New Hope won the big prize of \$500 and Marshall Springs, also in Titus, won \$100 and third place in district awards, as did Mabry in Red River County and Maxey in Lamar. Philip Ausmus, Maxey community chairman, was nice enough to extend the editor an invitation to attend the picnic and award meeting on Wednesday night, but he has to put this baby (newspaper) to bed on Wednesday nights before he can go anywhere.

Family's Welfare

in the Hands of Strangers

If you do not leave a Will, or fail to name an Executor of your estate, the court will appoint an administrator.

The person named may be a total stranger to your family, without knowledge of your personal affairs or those of your beneficiaries. He may be some one you would not think of naming.

You can avoid leaving your family's welfare in the hands of strangers by having your attorney draw your Will, naming this bank Executor of your estate.

In doing this, you will be sure that your family's financial welfare will be in the care of men who give to such problems the same faithful care and thoughtful attention they would give to their own families.

Alcorn Is In Favor of Bill to Allow Living Expenses Come Off Income Tax

Editors' note: Achin Alcorn, philosopher on his Johnson grass farm on Sulphur, obviously is on a wild goose chase this week, but there are certain charms about his proposal, even though he'll get nowhere with it with Congress.

Dear Editor: It's customary I know to take pot shots at Congress, a man who can't find something bad to say about Congress given day in the week just ain't tryin', but I read in a newspaper last night where the House of Representatives in Washington voted a measure which I take my hat off to.

That is, I'll take my hat off to provided they extend the measure to take in the entire country.

The bill will allow a Congressman to deduct as legitimate expenses on his income tax whatever it costs him to live in Washington. As I understand this, Congress figures a Congressman's living expenses while he's in Washington are bonafide business deductions for income tax purposes, and if there ever was a step in the right direction, that's it.

It hasn't been the income tax that bothers people, it's the size of the tax itself, and the only reason the size is big is because the government doesn't allow a man to take off enough expenses. Now under this new plan, provided it's extended to everybody, not just Congressmen, a man could take off all his living expenses on his income tax report. Now we're gettin somewhere. I figure if I try hard enough I can always make my living expenses come out to where they exactly take up all my income tax, and under such an arrangement who cares how high the income tax rate goes?

But you take under the present system, it doesn't matter how far a man goes in the hole tryin to make a livin, if he makes a paper profit he still has to pay an income tax, whether he's paid his grocery bill or not.

Of course, Congress may not intend to extend this new system all the country, but I always what's good enough for a Congressman ought to be good enough for me, and I figure my living expenses out here on my Johnson grass farm are just as important to me and the economic welfare of the country as a Congressman's living expenses in Washington, and I'm in favor of bein allowed to deduct mine, too.

People who've been harpin on the necessity of cuttin down on the income tax rate have been workin on the wrong end of the problem. All we need to do is

increase the number of expenses we can deduct, and let the rate alone. Let me know the minute Congress extends this measure to everybody, as I sure want to come out even this year.
Yours faithfully, A. A.

Navy to Hit First If War Comes

Washington. — The Navy's big carriers operating in the Mediterranean would strike the first atomic blow at Soviet Russia the moment a war in Europe breaks out, navy sources have disclosed. Hours before the Air Force's big strategic bombers would be ready to fly from their home bases in this country or from advance bases in Britain and North Africa, the Navy's atomic fighter-bombers, the F-2HB Banshee and AD-5B Skyraider, would be lugging a five and one-half-foot, 1,000-pound bomb slung amidships toward Russia, these informants said.

Last September 12, the Chicago Tribune Press Service correspondent with "Exercise Mainbrace," North Atlantic Post naval maneuver in the North Sea, reported the Navy had been carrying atomic weapons crews and atomic weapons equipment for nearly a year. The navy has not officially announced that its Midway class flattops are carrying A-bombs nor has it indicated which planes are equipped to carry the bombs. Atlantic Pact sources, however, have indicated that the 45,000-ton Midway class flattops are carrying atomic bombs below the hangar decks.

The OASIS on your route

The traveler of ancient times sought rest and refreshment at an oasis on his route.

So does the traveler of modern times . . . he stops at an oasis that prepares his automobile for another hundred miles or more of driving . . . at an oasis that provides ice water and a chance to stretch . . . at an oasis that offers clean and sanitary rest rooms . . . at an oasis where our traveler can give and get a friendly greeting.

Today's oasis is the service station on the American highway.

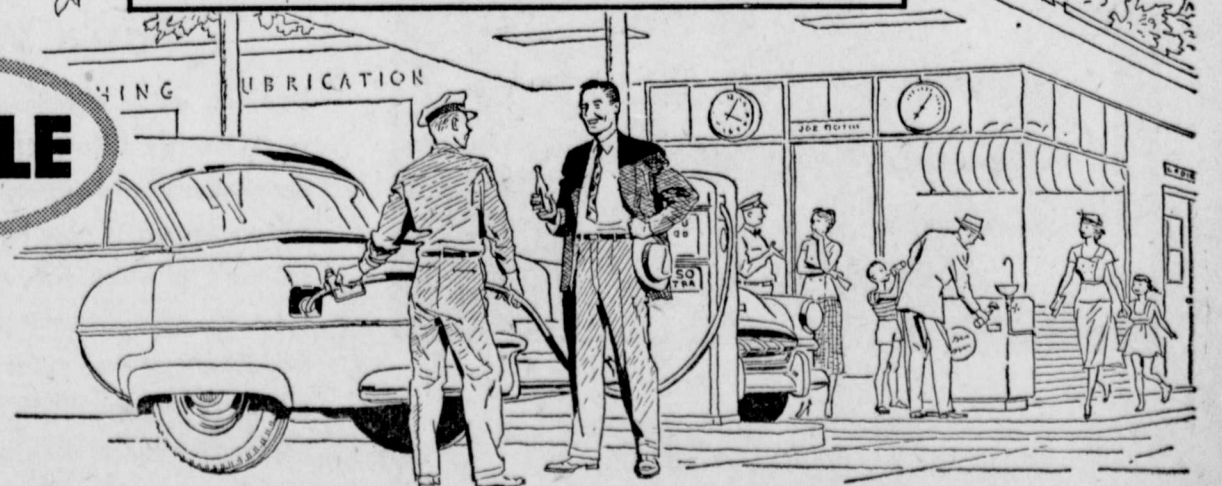

It makes your trip. It provides your contact with the country through which you're driving. On its driveway you feel at home; you get the impression wherever you stop, that this is your America.

Not one service station, but thousands of them. All along the highways you'll find them staffed and equipped to give your car the expert care it requires, to make your brief visits on their driveways comfortable and pleasant.

The service station where you buy gasoline and motor oil is your chief contact with the American oil industry. It is probably an individual enterprise; and it competes to give you better service and better products than another station down the street or on the other side of town. No small part of the oil industry's progress in the service of the motorist finds final expression on service station driveways.

Opinions Issued Attorney General Office in June

Austin.—Attorney General Jno. Ben Shepperd has released a digest of all opinions issued by his office during the month of June. Opinions of general interest for the month include:

Awarding a prize at a drawing for which anyone may register without requirement of attendance at the drawing or purchase of any merchandise is not a lottery.

A county may rent a truck owned by an hourly employee of the county for the use of the county Road and Bridge Department.

Waiver may not be used by a

defendant in a misdemeanor case in lieu of his personal appearance or that of his counsel.

A county commissioners' court may raise its own pay if other county officials are also raised. Such raise could not be retroactive to 1948.

A county commissioners' court does not have authority to grant permits for the transportation of overweight or oversized equipment on State highways.

If there is no bidder at a tax sale bidding the full amount of the judgment against the land sold, it is the duty of the sheriff or other officer making the sale to bid in the property for the State for the full amount of the judgment. A sale for less than the amount is void.

The Teacher Retirement System cannot pool all of the assets of all of its funds for investment purposes.

Hunting Permitted Local Reserve

Austin.—The Director of Wildlife Restoration for the Game and Fish Commission clarified regulations covering the newly established Snake Creek Wildlife Reservation area in northern Morris and Titus Counties. He said the five-year closed season effective until January, 1958, applies only to deer and that the landowners, who have pledged more than sixty thousand acres to the project, may legally permit hunting of squirrels, doves, waterfowl and other species subject of course, to the state laws.

The Director pointed out that persons desiring to benefit from the open seasons as permitted by law must obtain permission from the owners of the land where they wish to hunt. The Snake Creek area is one of several created in Texas whereby landowners and hunters are cooperating with the Game and Fish Commission to restore big game.

The Director of Wildlife Restoration said this particular area was set up last fall too late to begin restocking operations immediately but he emphasized that the Snake Creek program has a high priority under the coming fall trapping operations. The area is along White Oak and Snake Creeks and also adjoins Sulphur River on the north.

Quick Decisions Necessary for Safe Auto Driving

Chicago.—Can you make quick decisions? If you can't you had better stay off the nation's highways and streets over the Fourth of July week end, the National Safety Council said.

"It has been estimated that the average motorist has to make from 20 to 50 decisions per hour, depending on the traffic, and a wrong decision can be fatal. In extremely heavy traffic, like that during holidays, a driver is never more than a second away from an accident."

Nearly 40 million motor vehicles are expected to jam the highways, and their speedometers are expected to clock close to four billion miles. The increasing number of new cars on the road and the substantial rise in gasoline consumption, plus the fact that many summer vacationists will use the three-day week end as the beginning or end of their regular vacation periods, threaten a heavy death toll unless extra care is used, the Council warned.

Excessive speed contributes to one out of three fatal traffic accidents.

Speed control is the personal responsibility of every driver. A heavy foot on the throttle can mean a heavy heart for someone.

Start early for holiday motor trips to reduce the temptation to speed.

Obeys common sense as well as legal speed limits.

Keep your car under control at all times, so you can stop quickly if circumstances demand.

Keep fresh and alert at the wheel. You can't make split-second decisions if you're tired and fuzzy.

Keep a safe, clear stopping distance between you and the car ahead. Watch cars behind in your rear-view mirror.

Signal for turns well before turning. Avoid abrupt stops.

Slow down at sundown, and be sure you can stop within the range of your lights.

Reunion of Red River Group in Lubbock July 5

Plans were made recently at a meeting of officers and committees for the annual reunion of former residents of Red River County and their families, to be held at McKinsey State Park, Lubbock, on Sunday, July 5.

All former residents of Red River County and their families are invited. A large crowd is expected, including some present residents of Red River County.

Those attending are urged to bring lunch baskets. At noon dinner will be served picnic style.

Arrangements have been made for water, ice, picnic tables and other necessary things. Medical authorities do not advise the application of beefsteak on a black eye.

4 Counties Plant Pine Seedlings

Counties of Titus, Franklin, Red River and Lamar all engaged in tree planting with seedlings supplied by the State Nursery, according to a report just issued for all Texas counties.

Titus led the four counties with 16 planters who secured 23,000 slash pine, 2,500 short leaf and 1,100 long leaf for a total of 26,600 of all species.

Red River was second with seven planters who put out 10,500 slash pine, and 1,000 long leaf for a total of 11,500.

Franklin had four planters who used 2,100 slash, 8,000 long leaf for a total of 10,200.

Lamar had two planters who used 1,000 long leaf and 200 others not designated.

Names, Names and More Names

Commerce.—An examination of the class rolls at ETSC is more like a glance through a volume of who's Who.

Enrolled for the first term of the summer session are a Sarah T. Hughes, a Jimmie Davis, a James Bowie and a Francis Scott Key.

Mrs. Hughes is not the famous woman judge, however, as her name implies. She is a graduate elementary education major of Gilmer. Nor is Davis the hill-billy song writer and former governor of Louisiana. He is James Edgar Davis, business major of Dawson.

James Bowie, not the hero of the Texas revolution, is a physical education major of Talco, and Francis Scott Key is a graduate education major of Hope, Ark., instead of the author of "The Star Spangled Banner."

Loan Rate Down On Cotton Seed

The government loan rate on 1953 cotton seed will be less than it was last year.

The new rate, based on 75 per cent of parity, will figure \$54.50 per ton.

Seventy-five per cent of parity price will make them \$54.50 under the loan. That's for seed grading 100.

The loan rate last year was based on 90 per cent of parity and the loan rate was \$66.40 per ton.

From where I sit... by Joe Marsh

Bad Case of the "Ztutters"

Our copyboy is out sick. So the editor (me) is taking over some of his chores—which include running the addressing machine on "mailing-out night."

Last week I didn't have the usual number of papers left over for sale at the office. Couldn't figure what had happened—until Chub Zimmer called to ask why he'd gotten 56 copies.

Then I realized—"Zimmer" is the last name the machine prints. Guess I forgot to turn it off... and it just kept grinding out Chub's name on all the remaining copies. That machine just didn't know when to stop.

From where I sit, people are like that sometimes. They often don't know what to stop. Like those who are prejudiced against someone with an accent, perhaps... or against someone who likes a cool bottle of beer with his supper. So, in these columns I try to persuade everyone to "throw the switch" on prejudice so it won't get repeated.

Shower Honors Mrs. James Cain

A bridal shower was given on Friday afternoon from 2 until 4 in Humble Recreation Hall for Mrs. James Cain, nee Alice Ruth Williams of Longview.

Hostesses were Mmes. Ruby Lewis, Edith Cato, Lou Ann Gandy, Edna Thurman, Dora Frye and Juanita Rodgers. The colors of yellow and green were carried out in the flower arrangement and table appointment. Daisies and snapdragons were the flowers used. Mrs. Ruby Lewis poured punch; dainty cake and salted nuts completed the hospitality plate. Mrs. Dora Frye and the honoree and her mother, Mrs. Nora Williams, received the guests. Mrs. Lou Ann Gandy registered the requests in the bride's book. Mmes. Thurman, Cato and Rodgers assisted in other courtesies.

The honoree received many lovely and useful gifts. Among those registering were Mmes. L. B. Davis, N. A. Stephenson, R. R. Kelley, W. T. Thurman Sr., Jim Morris, Freddie Rodgers, Roy Prim, Richard Williams, J. W. Via, L. B. Kaylor, Nadine Caldwell, Nora Williams, Misses Betty Thurman, Martha Lewis, Carolyn Lewis, Wanda Williams and Gala Lou Caldwell, Bobbie Williams. Many other lovely and useful gifts were received from those unable to attend.

Jerry Worden is a patient in a Mt. Pleasant hospital.

Bernice McCullers Weds Carroll Steel

Miss Bernice McCullers, daughter of Mrs. R. L. McCullers of the Panther's Chapel community, and Carroll Steel, son of Rev. and Mrs. Chas. Taylor, Mt. Vernon, were married Saturday evening at 7:30 at the Methodist church. Rev. John Dvorak, pastor of the church, read an impressive ceremony in the presence of their parents and a few relatives and friends.

They left immediately after the ceremony for a week in Colorado, after which they will be at home with Mrs. McCullers in Panther's Chapel community.

Relatives and friends who attended the rites were Rev. and Mrs. Chas. Taylor and son, Cleatus W. Taylor, Mrs. R. L. McCullers, Mr. and Mrs. Milton Bolin, Mr. and Mrs. Charles Broach, Winfield, Mrs. Hose Goode, Lake Chapel, Mrs. Frank Sloan and Miss Nelda Martin.

CARD OF THANKS

We want to thank our friends for the lovely floral offerings, beautiful cards, words of comfort and food sent us at our mother's and grandmother's passing. They were deeply and sincerely appreciated. The Lightsey Family.
