ter and Becky.

Okla.

With the deer hunting season opening Monday, there is a bus- field of Red River County will iness matter that deserves serious be drilled by Seaboard Oil Comattention by land owners in this area, concerning leasing of land to hunters. Don't take a hunter's money for a lease if you don't have a reasonable amount of legal bucks. It isn't fair-it isn't good sportsmanship-neither is it hon-

Last season the writer hunted with four other men in Northeast Red River County. Only one No. 1 J. C. Calabria, which is prolegal buck was shot at by five men in five days of hunting. They

ad paid the land owner \$250 for at five days and they were all xperienced deer hunters. He should have returned their money.

And what is a reasonable amount of legal game? For eighteen years the writer hunted in Llano, Mason and Kerr counties. the objective in the fourth ven-Thirteen of those years was on one ranch in Llano County, which lease he lost when the property changed hands.

With seven men in the party we did not think we had done much good unless we had from four to six bucks hanging in camp by noon on the opening day of HAS CHILI SUPPER the season. If a hunter don't average at least one shot a day, he hasn't had much deer hunting.

One exceedingly dry season, when bucks were scarce, Alfred the Humble recreation hall. Serv-Bierschwaile, on whose ranch we ing on the social committee were hunted for 13 years, returned \$50 Mrs. Ruby Mitchell, Mrs. Virginia to each man who did not kill a Seabaugh and Mrs. Nita Seabuck. We had killed only four, baugh. instead of the usual dozen or so.

In addition, Bierschwaile would R. R. Rothwell and children, Mr. l a sheep or hog and send it and Mrs. Charles Russell and d an employee to our camp to children, Mr. and Mrs. M. J. Penbarbecue it for the party.

We repeat-don't take a hunt- and children, Mr. and Mrs. Bill er's money for a lease unless you Seabaugh and children, Mr. and know you have a reasonable Mrs. Jack Seabaugh and children, amount of legal game. It isn't Mr. and Mrs. Rex Mitchell and fair, honest nor honorable to do children, Mr. and Mrs. Don Win-

Defective wiring wake him. It is believed death and caused the fire.

A passing motorist reported the fire to the city hall.

### **Counties Receive Bond Assumption Account Surplus**

Distribution of the lateral road fund in Texas for 1953 has been announced by the Board of Coun-

ty Road Bond Indebtedness. Each county's share of proceeds of the one-cent gasoline tax collected to retire outstanding road district bonds that were assumed by the State some years ago has been figured on a formula basis. Some counties had no bonds to be assumed. Others have paid such

Sandlin Celebrates obbligations. All funds allotted these debt-free counties may be obbligations. All funds allotted used for new construction.

Total distribution for Texas is \$7.300,000, same as for each of the last three years. Northeast Texas counties in this area are sharing in this allocation as follows:

County For Debts Building Titus 785.95 22,225.24 Bowie . \$10,800.00 \$44,043.81 33,872.22 Lamar 16,569.76 Red River 22,427.25 20.935.33 8,313.18 3,507.13 Camp Delta 17,734.11 Hopkins \_28,735.46 11.497.18 16,154.61 Morris

### by a wider margin than ever

A few weeks after the Japanese surrender in World War II, the Humble Company introduced a vastly improved Esso Extra gasoline to Texas motorists.

At that time, the Company promised a policy of continuous improvement: Humble told motorists that Esso Extra would never take second place in quality.

That promise has been kept. Improvement of Esso Extra has been continuous. Statewide, Esso Extra has consistently led other Texas gasolines in quality. Statewide, Esso Extra has been No. 1 in quality every year.

And now, because Texas motorists driving modern automobiles have learned that Esso Extra gives them extra performance, Esso Extra is also No. 1 in sales.

The improvement in the quality of Esso Extra announced by this advertisement is substantial - it is a major improvement. It places Esso Extra far ahead of other gasolines in the quali-ties that are reflected by performance in your car.

Today, Esso Extra gasoline is No. 1 in Texas by a wider margin than ever

IUMB

Esso Extra gasoline, statewide, has consistently led all other Texas gasolines in quality; now, new improvements have widened the margin between Esso Extra and the rest: Humble Esso Extra bas no equal throughout the state of Texas.

### Tests prove Esso Extra's superior quality!

There are three qualities of a gasoline that are brought out in the performance of your car. In all these three qualities, Esso Extra leads.

Extensive and continuous laboratory testing of Esso Extra and other gasolines proves Esso Extra's superior qualities, and these laboratory tests have been confirmed by road testing in specially equipped automo-

Esso Extra leads in anti-knock performance: In today's automobile engines, with their high compression ratios, anti-knock performance is the most noticeable quality of a good gasoline. There is no substitute for this quality. Only a gasoline with a high octane rating - that is, high anti-knock performance - burns so evenly and completely that it transfers all the usable energy from the gasoline to the pistons. When your car's engine pings or knocks, you're losing power. Esso Extra has the highest anti-knock performance in Texas.

Esso Extra leads in power: High anti-knock performance assures more power. Since Esso Extra has the highest anti-knock performance in Texas, it gives you more power than any other Texas gasoline. This

conclusion has been verified by special laboratory testing equipment which actually measures the power delivered by a gasoline burning in an automobile engine. Road tests by both Humble technicians and independent research facilities have confirmed the laboratory tests. Your car will develop extra power when you use Esso Extra.

Esso Extra leads in quick starting: In comparative tests with other gasolines, Esso Extra's quick starting characteristics were rated "Excellent," while those of other popular gasolines ranked from "poor" to merely "adequate." When you use Esso Extra your engine starts at almost the *instant* you press the starter button. But quick starting is more than a convenience. It saves gasoline, and it prevents gasoline dilution of the crankcase oil. If you use your car mostly for town driving, you will specially appreciate Esso Extra's quick starting qualities.

And for good measure, Esso Extra contains a patented solvent oil: This oil is not a lubricant. Its purpose is to dissolve the gummy substances that collect carbon on top of pistons and under valves, and thus help to prevent carbon deposits in the upper parts of the engine.

### See for yourself-test Esso Extra in your own car

Esso Extra will give you the same results obtained by researchers when you test it in your car. Its quality is so superior that you will notice at once that Esso Extra gives you extra quick starting, extra anti-knock performance, extra power.

You'll discover that you enjoy your car more, that it runs better, that you're getting - at last - the performance you expect from a modern automobile. No other gasoline can duplicate Esso Extra's performance *in your car*, because no other gasoline matches Esso Extra's quality.

Fill up with improved Esso Extra gasoline at any Humble sign — it's the same extra performance gasoline at every Humble sign.

## with BETTER LIGHT for home study

If your child is falling behind in his homework and failing to get good grades, it may be because of tired eyes, caused by poor lighting.

Help him make better grades with better light at his study table. Arrange two pin-up lamps with 100-watt inside frosted bulbs as shown. Or get a good table study lamp with a 150-watt bulb and a diffusing bowl to soften the light and prevent glare.

Either way, you'll be giving your child abundant eye-easy light to protect his eyes from strain and make his homework easier.

Your lighting equipment dealer or our office will gladly help you choose the proper light for home study. See about it today!
