TWENTIETH YEAR

TALCO, TITUS COUNTY, TEXAS, FRIDAY, APRIL 15, 1955

NUMBER 10

POTENT NEW POLIO VACCINE IS RULED SAFE AND EFFECTIVE

Ann Arbor, Mich. — A potent new 1955-model Salk vaccine began rolling Tuesday night to doctors' offices to end polio's long reign of terror.

The vaccine was officially licensed for public use by the National Institutes of Health only hours after it had been found effective and powerful in preventing paralytic polio.

The vaccine in mass tests last year proved its ability to prevent up to 90 per cent of cases of paralytic polio.

But since then it has been improved, and this new 1955 model vaccine is the one which the public will begin to get very soon, perhaps within a few days time.

This vaccine is far better than the vaccine tested last year, and it can theoretically prevent paralytic polio 100 per cent, declared Dr. Jonas Salk, brilliant young Pittsburgh, Pa., scientist who developed it.

Children would get only two shots of this new vaccine—spaced two to four weeks apart—if Dr. Salk's recommendations are followed. They would get at third shot no earlier than seven months after that.

Dr. Salk finds this spacing best as the trigger of the body's mechanism, flooding billions

of protective antibodies into the blood-stream. It is these antibodies which build a wall between children and paralytic polio.

"Grave consideration will be given" to Dr. Salk's 2-shot recommendation, said Dr. Hart E. Van Riper, medical director of the National Foundation for Infantile Paralysis. The present plan is three shots, given within five weeks time.

The soaring, historic news that the Salk vaccine works, was announced, after long months of secret research, by Dr. Thomas Francis Jr., University of Michigan epidemiologist, who headed the task of determining its effectiveness.

Children, kept living and well, tell the full import of his story: Only 71 children were paralyzed by polio last summer, out of the 440,000 vaccinated.

But 445 children were paralyzed among the 1,400,000 surveyed who didn't receive the vaccine. A total of only 113 youngsters were stricken by polio—paralytic and nonparalytic types—among all those vaccinated.

But a total of 750 were felled by polio among the nonvaccinated.

No dead among the children who took the full series of shots.

Polio Vaccine to Be Administered When Available

When and how much Salk polio vaccine will be made available for residents of Titus County still was a big question Wednesday, according to Dr. W. A. Taylor, county health officer, who said that just as soon as full information can be obtained from state health authorities it will be passed on to the public.

To date between 550 and 600 first and second grade school children in the county have signed up for polio inoculations, and when the vaccine is received it will be administered to those children without charge at Titus County Memorial Hospital. The inoculations will be supervised, in the presence of attending physicians, by Mrs. W. A. Ferguson, county school nurse, and Mrs. L. F. Benson, nurse for the Mt. Pleasant schools.

All other children in the county must obtain their inoculations from their family doctor, local authorities said.

Active Leasing at Sulphur Bluff East of Talco

An active lease buying program has developed around the Sulphur Bluff Paluxy sand field in Hopkins County, apparently based on geologic prospects for Smackover lime production.

Most of the buying is in the vicinity of a 1947 Smackover lime failure drilled south of the field by Dilworth Hager, Dallas, and others on H. W. Wilson land in A. O. Wetmore survey. That well had some oil show in the 9,300-foot level.

Several thousand acres have been placed under lease at a reported average bonus of \$10 an acre for 10-year term. Those engaged in the buying are Gulf Oil, Skelly Oil, Atlantic Refining, Frank J. Hall, Shreveport, and S. A. Cochran, Tyler.

Activity is in the Wetmore, J. B. Hill, Jasper CSL and J. D. Clifton surveys.

E. C. Casey, Tyler, is credited with leasing east of the Talco field, taking nearly 500 acres out of the W. N. Baker and MEP&P surveys. Leases are for 10 years, and bonus was said to be \$15 per acre.

Name Joe Steed Acting Postmaster

Joe W. Steed has been named acting postmaster of Mt. Pleasant. Steed's appointment came from Arthur Summerfield, postmaster general of the United States.

Steed has been field representative for the Texas Real Estate Commission for a long time, with 22 counties included in his territory. He has been a resident of Mt. Pleasant since 1953.

Steed was born and reared in Winstonsboro, and before moving to Mt. Pleasant taught school in Omaha. He presently in county Democratic chairman.

and Mrs. R. T. Fuller, Mrs. Sherman Taylor, Mrs. Chas. Russell, Mrs. B. Gartman, Mrs. Joe Denton, Mrs. F. B. Haynes, Miss Linda Haynes, Mrs. C. E. Griggs, Mrs. Sidney Frugia, Mrs. G. M. Burnham and Mrs. G. G. Ryan Mrs. Jane Norman of Wichita Falls and Mrs. H. T. Hankins of Denton, accompanied Mr. and Mrs. R. J. Rosson.

Receives Third Degree Burns

A Negro woman, daughter of Porter Brooks, suffered third degree burns when the home of Willie and Dittie Thomas (colored), burned Tuesday night of last week east of Fulbright.

It was reported she was building a fire in a cook stove and poured coal oil from a five gallon can on live coals, causing the blaze. She was burned about the feet, legs, face and a large part of her body. She was carried to a Paris hospital for treatment.

The four room house, belonging to Tom DeBerry of Bogata, had all the contents were burned.

Rosson Relative Dies in Dallas

Mrs. H. T. Wilson of Dallas, sister-in-law of Mrs. R. J. Rosson, passed away Monday after a long illness. Funeral was held in Naples Wednesday with burial near Naples.

Attending from here were Mr.

Former Talco Girl In Car Crash

A panel truck operated by Clifton Sells was struck broadside by a late model Ford and overturned about 6 p. m. Friday at the intersection of Eighth street and Edwards Avenue, Mt. Pleasant. The Ford was driven by Mrs. Mary Good and occupied, also, by her little daughter, Mary Ann.

No critical injuries were sustained by the occupants of either vehicle.

According to investigating officers, Sells drove his truck across the intersection in the path of Mrs. Good's automobile, with the latter said to have had the right-of-way.

Talco Officials Take Oath Office

Talco's newly elected mayor and two commissioners took the oath of office on Wednesday, April 6, with City Attorney T. R. Florey Jr., acting as administrative officer.

Sworn in were Jerry Jones, mayor, and A. G. Norwood and C. R. Sikkes, commissioners.

The body immediately went into session. First for consideration was the matter of delinquent water bills. Everyone who has not done so is asked to pay his water bills promptly.

New, modern street lights were ordered erected from First to Sixth streets and from Wilson to FM71 along Highway 271. Community Public Service Co. has agreed to supply the new street lights.

Dr. E. L. Miller was appointed City Health Officer.

Regular meetings of the City Commission will be held on the second Thursday of each month, at 7:30 p. m.

Lions Club Hears Insurance Man

Talco Lions Club met Tuesday in the school cafeteria with 21 members present. Guest speaker was John Krisher, District Engineer for the Texas Employers Insurance Association. His message was entitled "Insurance is Your Business."

Directors of the Lions Club considered the possibility of helping promote a fund raising campaign for the purchase of new fire fighting equipment, including a truck. Different ideas were considered, but no definite plans were arranged.

G. N. Anderson, Supt. for Humble Oil and Refining Co., Frank Tietz, Clerk of Humble Oil and Refining Co., and W. H. Baten of the Talco school, were guests at the meeting. The next regular meeting will be on Tuesday night, April 26 at 7:30 p. m.

Mr. and Mrs. Jack Winn visited Dood Emerson in a Sulphur Springs hospital, Sunday, where he is receiving treatment for a heart attack suffered a few days before.

Ben Loving, Jerry Worden and Jack Smith, students of East Texas State Teachers College in Commerce, spent the Easter holidays with their parents, Mr. and Mrs. S. O. Loving, Mr. and Mrs. Chas. Worden and Mr. and Mrs. C. E. Smith, respectively.

Johntown to Vote On \$55,000 Bond Issue for School

Red River County Judge Gavin Watson, Jr., has signed an order for an election for the issuance of \$55,000 in bonds by the Johnstown Common School District for the erection of a new school building. James Watts was named presiding judge of the election, which will be held Saturday, April 16.

The order was signed following presentation of a petition calling for such an election signed by 28 residents of the district. The community had previously voted in a mass meeting with a bond representative to circulate the petition.

Sponsors of the election have indicated that if the bonds are issued, no district school tax increase will be necessary because of additional taxable property which has come into the district.

Dismuke Promot'd Lieut. Colonel

Recent United States Air Force promotion orders have earned Jerry Dismuke, son of Mrs. A. J. Dismuke, 201 N. Park St., Commerce, the rank of Lieutenant Colonel.

Col. Dismuke, Chief of the Mission Planning Branch, Operations Division of Headquarters, Second Air Force, is stationed at Barksdale Air Force Base, Shreveport, La.

Entering the Air Force in 1940, Col. Dismuke served nearly six years before separating from the service in 1946 to enter business at Mt. Pleasant.

However, he was recalled to active duty in 1951, served as Squadron Operation Officer during the Korean fighting with the 307th Bomb Wing, Kadana Air Base, Okinawa. He participated in 20 B-29 Superfort missions over Korea.

Married to the former Margaret Cato, daughter of Mr. and Mrs. J. L. Cato, Talco, they are currently residing on Barksdale Air Force Base with their son, Jerry W. (Woody) II, and daughter, Darra Jean, 9.

Dismuke graduated from the East Texas State College Training High School and East Texas State College in 1939 with a B. S. degree.

Week end guests of Mr. and Mrs. R. S. Welborn were their children, Mrs. C. W. Holder and son, Johnny of Grand Saline, Mr. and Mrs. S. E. Welborn and daughter, Sandra of Gladewater and Robert Welborn Jr. of San Angelo.

Ben Loving, Jerry Worden and Jack Smith, students of East Texas State Teachers College in Commerce, spent the Easter holidays with their parents, Mr. and Mrs. S. O. Loving, Mr. and Mrs. Chas. Worden and Mr. and Mrs. C. E. Smith, respectively.

LOCAL POWER COMPANY SEEKS INDUSTRIES FOR THIS AREA

Community Public Service Company which serves this area with electric current, is spending some money to invite new business and industries to this section.

A letter from R. L. Bowen to this newspaper calls attention to a page ad to appear this month in Southern Progress Blue Book. The ad lists all the towns served by the company in this area and sets out advantages of interest to manufacturers.

Mr. Bowen's letter says in part: "We share the interest that you and other business men of your city have in attracting new businesses and industries to your town."

Heavy Rainfall Wind Damage is Recorded Tuesday

Heaviest rain in a long time fell in the Deport area Tuesday, beginning about 3 a. m. Government rain gauge in charge of A. C. Nixon registered 2.04 inches.

Sulphur and White Oak creeks, swollen by Saturday's .55 inch rain put them out of their banks over the bottoms.

It was a hard washing rain. Fields were packed and some terraces broken. A light hail accompanied a heavy cloud that came over about 9 a. m.

Rain was not so heavy at Bogata nor Talco and Mt. Pleasant reported only 1/4 of an inch.

Rain was caused by a cold front from the northwest that sent the thermometer down from Monday's high of 77 degrees.

More rain has fallen in April than the 3.32 inches recorded in all of April last year.

High wind that accompanied the rain did some damage over the area.

Bell is President Of PJC Regents

Rayburn Bell was re-named president of the Board of Regents of Paris Junior College in the organization election of the Board Tuesday.

Other officers elected were Raymond Wunsch, vice-president and Leighton Cornett, secretary. The Board approved Dr. M. A. Walker to continue the unexpired term of Dr. T. E. Hunt.

The votes of the recent election were canvassed and Gyles Norwood and Donald Smith were declared to be elected and Cornett was approved as re-elected.

Mrs. Elwood Jones visited her mother, Mrs. Sally Wages in Commerce Friday and Saturday.

"One method we are using to focus attention on the advantages your town (and other Texas areas we serve) is a full-page advertisement, in the 1955 edition of the Blue Book of 'Southern Progress,' due off the press the middle of April.

"Copies of the Blue Book containing our ad will be mailed to 10,000 manufacturers, industrialists, investment bankers, sales executives, and capitalists in all parts of the United States. The magazine, whose purpose is bringing industries to the South, has been published since 1909, and its mailing list of prospects for southern plant sites is one of the best."

Pinkie Griffin Enters Training Boy Scout Work

James A. (Pinkie) Griffin of Deport, who has been employed by Humble Oil Company in the Talco field for the past four years, has resigned to enter training for Boy Scout work.

He left Saturday for New Jersey, where he will take a two months' training course as a Scout executive and expects to be stationed at Hugo, Okla. Mrs. Griffin and sons, Jimmie and Eddie, will remain in Deport until that time.

Griffin was born and reared at Deport, son of Mr. and Mrs. J. B. Griffin. He served in the Air Force during the war, married Bessie Lee Lake of Commerce upon his return home, secured his degree from ETSTC, and taught one year at Pittsburg before going with Humble.

He played professional baseball for several years, has served as Scoutmaster of the Deport Boy Scout troop and sponsored Little League baseball at Deport. He has always been interested in boys' activities and successful in working with them.

Fat Man Survives Police Check-Up

Greenville, S. C.—A man advertised as "the fattest in the world" successfully survived a police investigation here. "Blimp" Levy, who claims to weigh 763 pounds, was on exhibit on Main street for the benefit of the American Legion.

A. B. Satterfield told Police Officers R. D. Cook and E. L. Atkins that he thought the "fat man" a phony.

The officers investigated. Their report: "Genuine flesh and blood."

TALCO

Purchasing Power Up 5 Per Cent

Washington.—The government reports that February living costs remained unchanged from January but factory worker take-home pay and buying power rose to a record high.

The Bureau of Labor Statistics said its living cost index for the third straight month was 114.3 per cent of the 1947-49 average. Food prices were slightly higher in some cities.

The bureau reported that average earnings less taxes for a factory worker with three dependents rose to \$89.17 a week in February and to \$61.91 for a single worker. This was 76 cents higher than in January for each type worker.

The purchasing power of the average factory worker has increased about five per cent in the last year because of higher take-home pay and a slight living cost decline.

Fire Destroys Skating Rink

Fire destroyed the Guy Walker skating rink at Talco on Tuesday afternoon, causing a loss of about \$5,000 with no insurance.

Fire is thought to have started from an electrical short. The building was covered with aluminum which melted under a fierce fire created by the celotex ceiling.

The hardwood floor was damaged in some spots by fire and water-soaked.

Talco's Volunteer Fire Department did a good job of stopping the fire and preventing destruction of the Sloan residence, adjoining the rink. The rink was a popular spot, especially for teenagers in Titus and adjoining counties.

Mrs. Robbie McCuller and baby of Longview, visited the Pleas McCuller family the week end.

HEART DISEASE PROBABLY HAS NOT INCREASED...

The increasing number of reports of heart disorders as a cause of death has been brought about by the success of medicine. Many persons who formerly might have died of other diseases now live long and useful lives—eventually to succumb to a failing heart which has performed its lifetime of duty.

Therefore—as we grow older, the care of the heart must be considered in our every activity. Have regular check-ups by your Doctor, and follow his guidance carefully. He probably can help to keep your heart functioning for many extra years of buoyant and happy life. Whenever medication is required, we will be happy to have you bring your prescriptions to this Pharmacy.

EDITORIALLY SPEAKING

BURT LOCKHART
in Pittsburg Gazette

The time for relaxation is when
you are too busy to take it.

Some wit has discovered that
a parking meter is a snitching
post.

One of the rarest blessings of
life is being poor and not know-
ing it.

Every boy has a chance to be
president, but he prefers to be
Leo Durocher.

We ask the legislature to put
teeth in the laws, then pay law-
yers to pull 'em.

In the spring the old man's fan-
cy slightly turns to lawnmowers,
hoes and rakes. No romance
there.

A curfew for the kiddies in
many instances may not be as
important as a curfew for the
adults.

No one objects to his friends
dolling up his character as long
as they employ plenty of verbal
frills and furbelows.

"Most divorcees are anti-trust
suits," says a magazine writer,
which, interpreted, means that
neither mate trusts the other.

Ever notice how much more
likely you are to catch cold work-
ing in your wife's garden than
sitting in a water-soaked boat
fishing?

The fact that the rich have
more worries than the poor, does
not keep us from wanting to swap
some of our poverty for their
worries.

It sometimes happens that
when a Texas woman is undecided
whether to divorce or shoot
her husband, she compromises by
doing both.

It might help our economic and
spiritual welfare if we were as
anxious to do something for the
Lord and the government as we
are to get help from them.

It is doubtful if a French chef
can prepare a food so delicious
as that which an old grandmother
can prepare for her grandchild
with two pieces of bread and a
spread of jam.

Senator Sparkman thinks the
Republican party has become a
war party. Has the Senator for-
gotten that the Democrats were
in power when the last three wars
were fought?

CARD OF THANKS

I want to thank Dr. Miller,
Miss Clay, doctors and nurses of
the Mt. Pleasant Hospital and
Clinic, friends and neighbors for
everything they did for me. Also
for the cards and flowers I re-
ceived while I was sick. I love
every one of you.

Tommie Belcher.

Average Family Earnings

The average American family
earned \$5,330 in 1954 and had
\$4,820 left to spend after Federal
income taxes were taken out.
This is amazing.

However, it should be borne in
mind that this is the total fam-
ily earning and not the average
earned by an individual. Even so,
it is a figure that illustrates
why the United States is able to
maintain a remarkably high
standard of living.

A Commerce Department re-
port shows that 40 per cent of the
families of the U. S. had incomes
over \$5,000 a year and 55 per
cent earned \$4,000 or more. Six
per cent earned less than \$1,000
and three per cent, more than
\$15,000.

Personal earnings totaled 272
billions before taxes. Of this 85
billions went to families with
less than \$5,000 a year, 117 bil-
lions to those in the \$5,000 to
\$10,000 range, and 70 billions to
families with incomes of over
\$10,000.

There were 50,500,000 family
units last year. This was broken
down by the department into
5,500,000 farm families, 9,500,000
unattached individuals not living
with relatives, and 35,000,000 non-
farm families of at least two per-
sons.

Non-farm families received 84
per cent of the total income. The
average earnings of this group
was by far the highest—\$6,390 as
compared with \$3,460 for farm
families and \$2,630 for individu-
als.

A "marked difference" was
noted by the department in the
distribution of income within
three groups. Of eight million
consumer units with incomes un-
der \$2,000, four million were in-
dividuals and two million were
farm families. Non-farm units
made up 25 million of the 28 mil-
lion families with incomes over
\$4,000.

Figures alone do not give the
full picture of the economic sta-
tus of the different groups, how-
ever, since many individuals are
young persons who do not work
full time, and farm families pro-
duce much of their own food.—
Kaufman Herald.

NO TURNIP

"I borrowed twenty dollars
from a man and last week he came
around to collect. He asked,
'Where is my twenty dollars?'
And I said, 'I'm broke. Remem-
ber you can't get blood out of a
turnip,' so he hit me smack in the
nose. My nose bled—which
proves one thing: I'm no turnip."

Socialistic Legislation

A life insurance company paid
off a \$20,000 policy when 85-year-
old Nathan Adams, Dallas bank-
er had a birthday recently.

"It's nice to get it, but you
can't keep it; the government
will get it pretty soon." Adams
stated.

To any thinking person the
question of why the government
should take it quite naturally
arises.

But they will, both state and
federal government, in inher-
itance taxes. Instead of spending
his money on high living, Adams
thought he was saving it for his
children by buying life insurance.

This is just another instance of
socialistic legislation passed by
law-making bodies during the
past quarter century. Industry,
thrift and frugality are taxed for
benefit of improvident, laziness
and indifference.

GAYLA LOU CALDWELL HAS EASTER PARTY

Gayla Lou Caldwell and her
grandmother, Mrs. Bob McClung,
entertained a number of small
friends Thursday afternoon from
2 until 4 with an Easter party.

Seasonal games were played,
highlighted with an egg hunt.
Mrs. Ardell Flanagan took mov-
ing pictures of the egg hunt.

Refreshments were served to
Mike Haynes, Anna Sue and Jan-
ie Webb, Larry Don Elkins, Caro-
lyn and Kathryn Gandy, Billy
Wayne and Alfred Flanagan of
Mt. Pleasant, Andy Morris, Caro-
lyn Gauntt, Pamela Miller, Jim-
my Buchanan, Jane Dell Flana-
gan, Bonnie and Barry Cook,
Sheryl and Lynn Harton, Tim
Edge, Randy Sikes, Mmes. Gene
Gandy, Lloyd Gauntt, Ardell
Flanagan, Ray Buchanan, Ren-
ford Sikes and Opal Morris.

THANK YOU

We wish to take this opportuni-
ty to express our sincere thanks
and appreciation to any and
everyone who helped us in any
way. We could never find words
enough to thank you. Everything,
large or small, was greatly ap-
preciated. May God bless each
of you.

The J. D. Henry Family.

CARD OF THANKS

I wish to express my sincere
thanks to all my dear friends for
their visits, cards and flowers
during my recent illness.

Mrs. R. S. Welborn.

PERFECT SUBSCRIBER

Keeping an accurate mailing
list of subscribers of a weekly or
any newspaper, is a big job. It
involves a lot of time and effort,
especially when folks move
around a lot. Here's a descrip-
tion of a "Perfect Subscriber" as
seen from the circulation end of
the newspaper game.

He has a very simple name and
address that are practically im-
possible to misspell.

He always sends a check in an-
swer to your first renewal notice
to cover the longest subscription
you sell.

He has always lived in the
same house and intends to stay
there.

He discusses articles from your
publication with his friends and
associates.

He never writes you a letter
which requires a personal an-
swer.

He uses your publication as a
gift to take care of a lot of Christ-
mas shopping.

He writes to at least six of your
advertisers each year and always
tells them where he saw their
ads.—West News.

CHILD PSYCHOLOGY

Each day for a week the ac-
countant had been arriving at the
office looking more and more
haggard. Finally, his boss asked
him what was the trouble.

"Well," said the hollow-eyed
man, "my mother-in-law gave
Junior a drum for his birthday
... and he's up every morning
at five o'clock pounding on it. My
wife won't let me take it away
from him and I don't know what
to do."

"Humm!" the boss mused.
"That shouldn't be too difficult.
Suppose you just buy Junior a
jackknife . . . and ask him if he
knows what's inside the drum."

It's that time of the year when
one learns that it is better
to give than to receive—because
it is deductible.

Some wag said that the reason
there are more twins born now-
adays is that children are afraid
to come into this world alone.

Sitting Bull is buried at Stand-
ing Rock Agency, Fort Yates
North Dakota.

TIMER**
"Money doesn't talk these
days. It goes without saying!"

FAMOUS TEXANS' RECIPES

Baseball Immortal Prefers Beef Loaf All Year Long

Dizzy Dean

Fort Worth—"Dizzy's Beef
Loaf, hot or cold,
is kept in our ice
box all year
long," Mrs. J. H.
"Dizzy" Dean,
wife of base-
ball's most col-
orful figure, con-
fided on the eve
of 1955's dia-
mond season.

"I guess nobody knows better
than Diz the sustained energy, the
muscle-building proteins and the
lasting nutritional value to be got-
ten by eating beef every day." Mrs.
Dean said. "He prefers chuck
roasts to rib roasts and would
rather have his favorite beef loaf,
a good round steak or one of the
several ways we fix ground beef
than any other meat dish."

Perhaps Dizzy Dean, a Texan-
by-choice, likes "seasoned" beef
recipes over just-broiled-and-
served varieties because of the
zest and gusto of his own person-
ality. Who can deny this and re-
member his famous "slud into
third" phrase and his continued
adaptation of the English lan-
guage to suit the demands of a
vast following over CBS's tele-
vised "Game of the Week"?

Talco Activities Ten Years Ago

Week of April 13, 1945

Billy Ray Dickerson and J. W.
France were stationed at Great
Lakes Naval Training Station.

Jewel Smith, S2c, who had fin-
ished his boot training at San
Diego, Calif., had visited his wife
and daughter at the home of his
parents, Mr. and Mrs. J. J. Smith.

Mrs. Beulah Whatley had re-
ceived a letter from her son, Pfc.
A. C. Whatley, with the 62nd
AIB in the European theatre of
war. The men in his company
had been congratulated for their
meritorious service in breaching
the Siegfried line, that resulted
in the capture or destruction of
enemy forces at Palatinat.

Mayor Lloyd Graf and Com-
missioners Jim Morris and C. E.
Burkham had taken the oath of
office and had taken over the
management of city government.
Com. Burnham soon resigned and
E. Cato had been appointed to fill
his place. J. W. Edwards had
been selected for city secretary
and Pleas McCullers had been
retained as engineer for the water
department.

Pfc. Wallace C. Fry of Talco,
R2, had served as an ambulance
driver. Since D-day ambulance
drivers of the United States
Army general hospital in Eng-
land had worked night and day
to meet the incoming ships and
planes that had brought wounded
soldiers from the western front.
Mike Langley, who drilled the

discovery well in Talco in 1936
had received word that his ne-
phew, Lt. Col. Marshall E. Lang-
ley, had been killed in action in
Germany.

Talco had taken honors at the
16-A Conference held there.

D. Oliver, 80, had died at his
home in the Farmers Academy

Red River County had been
one of the five Texas counties
selected by Health Officer Dr.
G. W. Cox, for experimental use
of the miracle insecticide, DDT.

John Burks Post of the Amer-
ican Legion had purchased the
old school building for the Legion
home.

G. L. (Red) Dabbs, former res-
ident of Deport and Talco, had
suffered fracture of the left hip
and cuts and bruises in an auto
accident on Highway 271, near
Gate 2 of Camp Maxey.

Wayne M. Duncan, son of Jas.
W. Duncan of Talco, had been
promoted to captain. Capt. Duncan
was stationed with the veter-
an "Jungle Air Force" that had
battled the Japanese from Guad-
alcanal to China.

John Vannoy Cates, former
student at Talco, was in the Pa-
cific as a member of the Mer-
chant Marines.

P. and Mt. P. rail service had
been resumed after high waters
had flooded White Oak creek on
March 30. A mile of track had
been washed out in the Sulphur
and White Oak bottoms, and
three bridges had been wrecked.

Bob Chesshir of Hagensport,
had been honored on his 75th
birthday.

FISHING NEWS

By JACK WINN

Heavy rains have kept most of
the fishermen indoors for the past
several days. This has given
them a chance to get their favor-
ite reel oiled and sharpen the
hooks on their pet bait. Fishing
should be good after the water
clears, as there is more water
available now than has been in
the last three or four years.

Gene Gandy has been the top
fisherman during the last two
weeks. His six pound, eight
ounce bass moved Harold Trimble
down into third place. Howard
Johnson's 7-1 beauty still holds
the top spot. Gene caught his
bass in Lake Texoma.

Gene and Jack Gandy motored
over to Lake Bistineau, brought
33 bass, weighing up to 4 pounds.

Reports are coming in of big
catches at Lake Whitney, Tex-
oma and Possum Kingdom lakes.

Don't plan a vacation and fish-
ing trip to Don Martin lake in
Old Mexico, as no fish are there
and the road from Laredo to the
lake is impassable. The report is
that the lake has gone dry. At
one time this lake was probably
the best black bass lake in the
world, with no size or number
limit.

The guides would bet anyone
a dollar a cast that they would
at least hang a fish. No one kept
a bass if it didn't weigh as much
as five pounds. It is really a
shame that this grand lake had
to go dry.

Bring me your fishing news
and I'll see you next week.

GOVERNMENT SURPLUS IS \$4 BILLION

Washington.—Memo to Ameri-
cans.

Each one of you owns \$26.30
worth of food and fiber in Uncle
Sam's storage. In addition, each
American has \$18.20 invested in
loans outstanding to farmers.

That was the figure at the end
of 1954 in the inventory of gov-
ernment-owned farm surpluses.
Their total value was \$4,230,963-
386.

In addition, the government
has outstanding on farm products
under federal price supports
loans totaling \$2,940,262,000. This
makes for a total investment of
\$7,171,225,000 in farm products.

CHEATING

Sweet old lady (to golfer hunt-
ing for his ball): "Would it be
cheating if I told you where it
was?"

George W. Bond Issues Statement

To the Citizens of Talco:

I take this method of thanking
you for your many favors extend-
ed to me while I served as Mayor.

As most of you know, when I
took over in this capacity the city
was in bad shape. I did every-
thing I could to improve it and
I leave that for you to judge for
yourself. I tried to give you the
best City Government that was
possible under the circumstances.
Much money was needed to re-
pair the water system and we did
the best we could to take care of
that. In fact I operated the City
business just as I would have my
own.

Now there was some misunder-
standing about the amount of
cash on hand in the bank here in
Talco, so I asked Jerry Jones for
a statement. I never tried to
hide or cover up anything.

The statement reads: I, Jerry
Jones, Mayor of the City of Talco,
do, have this day received of G.
W. Bond, money deposited at the
Talco State Bank the sum of
\$12,079.91, signed, Jerry Jones
and notarized by Mrs. Ida Welch.

Again I want to thank all my
friends for their support and vote
in this election. I remain

Yours very truly,
Signed: G. W. BOND.

CORRECT

Elmira, N. Y.—A school teacher
asked a youngster what month
has 28 days. After considerable
thought he said, "They all have."

Mrs. Ruby Fox of Mt. Pleasant and Tinnie Cox of Mt. Sylvia,

GOVERNMENT "INHERITS" MILLIONS

Newspapers recently ran a picture entitled "Heiress Counts Up Millions."

It showed a lucky girl standing beside a safety deposit box. Along side of her, taking out the securities, were a tax examiner and the state treasurer.

The headline should have read "State and Federal Governments Inherits Millions"—because they will get the lion's share of the money and the girl won't get a thin dime until after their claims are satisfied.

The advocates of government ownership of business who curse capitalism and private profits never mention that government today through taxation skims the cream off any profits or savings above the lower brackets.

Tax exempt government business enterprises could not operate as they do without the taxes taken from the profits of private enterprise.

It's time to get the shoe on the right foot.—Beeville Bee-Picayune.

Peggy Swarts Weds Dan Johnson

Miss Peggy Swarts and Dan Johnson of Texarkana, were married Thursday, April 7 in a double ring ceremony at the home of the officiating minister, Rev. George McCauley in Mt. Vernon.

WOMEN AND WHEELS

Baby Travels in Style

By Mary Lou Chapman

Some people prefer having a car to a baby. Others vice versa. But you can have both.

Babies and cars go very well together nowadays, and in high style, too, because manufacturers of auto accessories and children's clothing have seen to it that your infant can be safe, comfortable and well-fed while traveling via automobile.

BED FOR BABY
For the tiniest baby, there is the car-bed that can be placed securely in several positions, either in the front seat beside you, or in the rear seat.

This comes in a number of styles and degrees of luxury. Most are canvas and have a padded interior of nylon or plastic which can be removed for cleaning.

The car-bed can be used as a bed for baby if you are going visiting. It can be removed from the car and carried easily. (He takes his nap while you and his grandmother have tea.) Some car-beds also can be transformed into a car-chair for the child as he grows older.

If you want a simpler arrangement, a bed "harness" is available that can be pinned with large pins onto the seat of your car. The child is gently fastened into this, and can roll over a bit, but cannot fall from the seat.

This, too, could be transferred to one of grandmother's full-size beds, so the baby could nap there.

You probably have seen the car-chair made especially for toddlers. Some come equipped with steering wheels, so the youngster can "help drive." These will keep the 1-year-old to 3-year-old baby safely and happily in place in a moving vehicle.

COMFORTS OF HOME
Speaking of diapers, the "disposable" cellulose type is marvelous for traveling. There are a number of designs to choose from.

Plastic, non-breakable bottles are available for small travelers. If you're on an extended journey, there is a bottle warmer that can be plugged into the cigarette lighter socket of your car. It can also heat a jar of baby food.

All of the above can be found in most department stores. The bottle-warmer, the car-bed and car-chair are sold also at most auto accessory stores. One final item, available from your car dealer, is a rear door safety lock, to prevent children from opening the door while in transit.

How well-equipped they are—our traveling young!

CHILD'S CONVERTIBLE
For infants traveling in colder climates, we found an interesting new baby bunting which can

Mr. and Mrs. Odie Gibson and Don went to Henderson Saturday to take Mr. and Mrs. Earnest Gibson home after a visit with them. They went on to Jacksonville to spend Sunday night with Mr. and Mrs. Jim Bagby.

Webb, Annie Sue and Jane attended the program presented by Miss Elizabeth Allum's sixth grade room in assembly for elementary school Thursday morning.

Separated Siamese Twins Doing Well

Chicago. — The 22-month-old Polipinyo Siamese twins from Thailand were separated in a delicate 3½-hour operation Tuesday at the University of Chicago's Billings Hospital.

A hospital spokesman said the operation could be termed "successful" although there still is danger of complications setting in later.

A team of doctors headed by Dr. Lester Dragsted found the girl twins, who were joined at the abdomen, had separate gastro and intestinal tracts which opened into separate gall bladders.

Surgery disclosed, however that the two livers had been fused. The physicians said they merely divided the double liver between the two girls.

The Dionne quintuplets were born on May 28, 1934.

Spring Meeting of CPS Co. Employees Held at Sherman

Annual spring meeting of Community Public Service Company employees of the Northeast Division was held in the Grayson Hotel in Sherman, Monday, April 11. The morning session was devoted to a general assembly with speakers from the Fort Worth office and local and division employees on the program. J. H. Phillely, local manager at Detroit and group leader, introduced the speakers. Lunch was served in the hotel and the afternoon was devoted to sectional meetings. Following dinner in the King Cotton room, awards were presented by Mr. R. L. Bowen, president and general manager of Community Public Service Company.

Among those receiving awards from this area were Leon White, merchandise manager, Division Office, Whitewright, received a watch for 25 years service with the company.

C. B. Bardwell, local manager in Deport received a 20 year pin which has the Company insignia and a diamond.

Those attending from this area were Mr. and Mrs. T. T. Kinsey, Mrs. Hester Roberts, J. Lee Smith, Floyd Hamilton, Joe Gar-

SMART ALEX FROM TEXAS

Tulsa, Okla. — "What's your name?" Detective Capt. Harry Stege and Detective Bob Forche asked the man in a routine check of taverns.

"Alexander Merriweather Screwdriver and I'm from Muleshoe, Texas," was the reply.

The disbelieving officers took the man to police headquarters for further identification check.

The man was released after his social security card, driver's license and other identification showed he was Alexander Merriweather Screwdriver of Muleshoe, Texas.

FAIR OR FOUL

"Two!" shouted the pint-sized umpire.

"Two what?" snarled the giant catcher.

"Yeh, two what?" echoed the hulking batter.

"Too close to tell," muttered the umpire.

WANTED MORE CAKE

Little Tommy came home from school with a black eye. "What have you been up to?" demanded his mother.

"I've been fighting Billy Briggs," the boy confessed.

"Well, tomorrow morning take him some cake and make friends," his mother told him.

Tommy did so, but the following afternoon he came home with his other eye blackened. "Good heavens!" exploded his mother, "who did that?"

"Billy did," said Tommy. "He wants more cake."

CENTENARIAN CITES COLD SHOWERS, WALKS

Providence, R. I.—A cold shower and a three-mile walk before breakfast might help you to live to be a hundred. Anyhow, that's what Nicola Calerone included in his daily routine until he was 95, and he passed the hundred-mark this fall.

Highlights and Sidelights FROM Your State CAPITOL

By VERN SANFORD, Texas Press Association

Austin.—Easter bunny brought the golden egg! That, in an eggshell, describes developments in the Capital City over the week end. House members returned to Austin from the Easter holiday to discover that members of the revenue and taxation committee who remained on the job, had brought out a compromise tax bill. It promised \$45,000,000 in new money.

Chairman Stanton Stone and House Speaker Jim Lindsey regard it as their number one project for the week. Although the committee sidetracked Gov. Allan Shivers' single-shot bills and adopted Chairman Stone's omnibus bill, Governor Shivers said it was a workable basis for providing what is needed.

Actually the bill gives Governor Shivers more than half of his announced desires. He praised the committee and asked that the balance of his "program" be restored somewhere along the way.

Approved by the committee was the one-cent per pack tax increase on cigarettes, asked by the governor. Also included was a one-cent per gallon gasoline tax, which was half what the governor suggested. An increase in beer operators license fees was injected into the bill as a concession to strong House sentiment to include beer in the new-money scheme. A fourth tax item was diesel fuel at 1.5 cents per gallon. Under the proposed levies, \$25,000,000 would be added to highway improvements annually, and \$20,000,000 would go into the general fund.

House Speaker Jim Lindsey took a strong stand for the compromise plan. Governor Shivers complimented him for the progress made over the long week-end.

Waiting for nearly \$60,000,000 in new money, before it can reach the governor is the \$1,500,004 biennial appropriation now in conference committee.

Governor Shivers regretfully left the scene of action. He went with Mrs. Shivers to Chicago where she will receive treatment for an ear ailment. She had a mastoid operation last year.

Before leaving Texas, the Governor stated that he felt the current 120-day session, due to end May 10, might run two weeks beyond the four-month mark. Legislators, now drawing \$25 per day, draw no pay after 120 days, unless a new session is called. Shivers has expressed his dislike for special sessions.

CHARGES PILE UP—Charges continued to mount against Bascom Giles, former commissioner of the general land office. Latest were four felony theft charges placed against Giles by District Attorney Les Proctor of Travis County. It brought the total charges to date to \$1,065,688.

Also charged on four felony theft counts was J. Paul Little, Crystal City attorney. Giles and Little were each accused separately of theft from the state in four veterans land transactions last year in Zavala County. The total amount involved was \$377,344. Byrd Cattle Company refunded \$25,068 to the state on one land deal.

Meanwhile, a Travis County grand jury continued its investigation of veterans land deals. Giles' trial in the first of the felony indictments against him, to be heard in San Antonio District Court, was postponed until May 23. His attorney told the court that Giles was too busy with new charges and new civil suits to go to trial.

GILES IS DEFENDED—Stanley L. Fry, a Reeves County landowner, testified before the Senate investigating committee that Giles was a "hard trader for the state." "Giles," said Fry,

"argued and sweated over land prices and traded just as hard as if it was his own personal money."

Sen. Jimmy Phillips, chairman of the committee, asked Fry: "Did you pay Giles anything, or any employee of the board?" "Not a dime," was the witness' answer.

LAND PROGRAM'S FUTURE—Despite a "no" vote by Attorney General John Ben Shepperd, the veterans land program may be extended to veterans of World War I and Korea. Other members of the land board—Governor Shivers and Land Commission J. Earl Rudder—voted to urge the legislature to offer the people a constitutional amendment on the question.

Shepperd said that while he favored the philosophy of veterans land benefits, he would withhold his approval of any new program until the legislature enacts "clear and strict regulations" as to its administration. Meanwhile, veterans organizations were to decide whether to ask the program's continuation. A hearing is set for April 18 on Sen. George Moffett's bill designed to add another \$100,000,000 to the veterans land program, via a constitutional amendment.

SHORT SNORTS: Navigation was taken out of the Trinity River Authority bill by the House.

Unemployment compensation benefits will be increased from \$20 to \$25 under a bill passed by the Senate. A bill to permit the state to fix minimum prices on natural gas has failed so far to get House approval. Water conservation groups won a round when the Senate decided to let the people vote on a \$100,000,000 bond issue next September.

The House is debating a counter-bond plan. Final action sent to the governor a bill to put "Section 1303-B" trust companies stocks under state securities control.

Also passed was one of the major corrective insurance bills dealing with fire and casualty companies. Both houses have approved an increase in drivers' license fees to \$2 (every two years), effective Sept. 1. It will permit the hiring of 200 additional highway patrolmen. A bill to prohibit the carrying of pistols in automobiles was withdrawn after a swarm of protests by motorists. Pensions of \$100 per month for teachers, after 10 years of service, are called for in a proposed constitutional amendment passed by the Senate.

Passed by both Houses and awaiting concurrence in amendments was a bill to ban objectionable comic books. The House has refused to consider a bill calling for removal from office of elected public officials who refuse to give testimony when their agencies are being investigated.

Friday Deadline Car Inspections

Motorists have another deadline to meet Friday, April 15.

The date marks the final day for having vehicles inspected for 1955 without running the risk of arrest and fines.

City, county and state law officers will begin making arrest Saturday of motorists who drive their vehicles without the 1955 inspection tags. Highway Patrolmen have orders to start making arrests Saturday.

VOICE FROM THE GALLERY

A certain minister, who was noted for his long sermons, reached at length a kind of resting-place in his discourse. Pausing to take a breath, he asked the question, "And what shall I say next?"

A voice from the congregation, "Amen."

JOHNTOWN

By MRS. G. A. VAUGHAN
Buford Hervey, who has spent a 20-day leave with his parents, Mr. and Mrs. Jim Hervey, left Wednesday, reporting to San Francisco for further service in the U. S. Navy. Buford is looking forward to getting his discharge in September of this year.

Mrs. H. E. Hawkins of Corpus Christi, and Mrs. W. J. Hawkins visited Mr. and Mrs. James E. Thomas at Bogata Monday.

Visitors at dinner Sunday of Mr. and Mrs. Frank M. Pew and Mrs. W. J. Hawkins were Mr. and Mrs. H. E. Hawkins and two children of Corpus Christi, Mr. and Mrs. M. H. Dryden, Mary and Charles and Earl Hawkins and children of Longview.

Mr. and Mrs. E. V. Pirtle and family of Longview, spent the week end at their home here.

IT CAN'T BE

One morning, while shaving, a fellow was cursing and swearing so loudly it attracted the attention of his wife, who was preparing breakfast in the kitchen. "What's the matter?" called his young spouse.

"My razor—it won't cut!" he shouted.

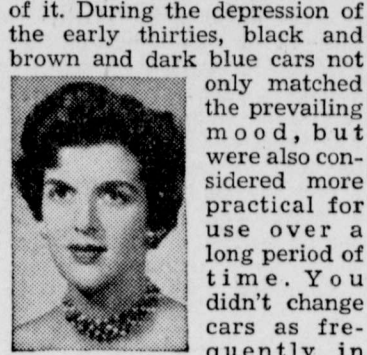

"Don't be silly, dear," she declared. "You mean to tell me your beard is tougher than linoleum?"

WOMEN AND WHEELS

Parking Lots Alive With New Car Colors

By Mary Lou Chapman

Americans want exotic new colors in cars these days. Why? General prosperity is one reason. We will buy a bright red or yellow car today because we know we can change before we tire of it. During the depression of the early thirties, black and brown and dark blue cars not only matched the prevailing mood, but were also considered more practical for use over a long period of time. You didn't change cars as frequently in those days.

Miss Chapman
Nowadays, with modern paint developments, light colors are as durable as dark ones.

War Affected Tastes

World War II played a part in our desire for more color in everything. We were ready for a new approach to civilian living. One interesting aspect of this was ex-army men who wouldn't buy anything in khaki color when peace came, and ex-navy men who wouldn't wear blue. This was noticed with interest in men's clothing stores. The same thing was true in the demand for new and different colors in automobiles.

Sunny climates have also exerted an influence. It's a fact that Californians and Texans love vivid automobiles, because their weather allows a more relaxed and colorful existence.

(The East and Middle West ask for more conservative colors.) But the warmer climates seem to be winning out. Visitors to those areas have returned home with a new eye for color.

Youth a Factor

More young people are financially able to buy cars these days. Their purchases are almost always in the brighter color range.

Women are responsible in a large part, too. When it was found that women have something to say in the purchase of the family car in 80% of the cases, manufacturers paid more and more attention to feminine taste.

We women are generally more color conscious than men, and want the same color vitality in cars that we look for in dresses and interior decoration.

Take a look at some busy parking lot near you and examine the wide range of color in the cars parked there. It's simply amazing, the number of brilliant hues you'll find.

(Fashion writer, artist, and TV personality, Miss Chapman is a native of Detroit and has spent the last several years working with automobile stylists, designers and engineers at Chrysler Corporation.)

Doctor Vetoes Garner's Trip

Uvalde.—Cactus Jack Garner had his tuxedo all brushed and his glad rags laid out, but the doctor has said he can't go to Washington this week to help honor his old friend, House Speaker Sam Rayburn.

Arthritis in both feet prevented the former Vice-President from making what was to have been his first trip to the Capital since he quit public life in 1941, bitter over his differences with Franklin Delano Roosevelt, who ran for a third term.

The 86-year-old Garner had been looking forward to attend-

TWO TV SHOWS GOING OFF AIR

New York.—Low audience ratings and high production budgets are knocking several more television shows off the air.

Two scheduled for the ax are Father Knows Best, starring Robert Young, and I Married Joan, starring Joan Davis. The Young show bowed off CBS March 27 and Miss Davis' program left NBC April 4.

The fete next Saturday for his protegee and fellow Texan. He had reservations to fly from San Antonio.

Garner told friends he had not worn anything except a soft sort of house shoe for 14 years. The arthritis causes swelling and discomfort.

Alcorn Disturbed Over Insistence Of Experts His Future is Secure

Editor's note: Achin Alcorn, philosopher on his Johnson grass farm on Sulphur, discusses the future of agriculture this week, a subject he knows as much about as he does anything else.

Dear Editor: I was out here the other day reviewing my assets, going over in my mind what the agricultural situation is and trying to figure out if I was about as well off as the amount of work I'm willing to put out would entitle me to be, and on the whole, despite the fact things could be a lot better, I guess you could say I'm still getting along and after all when you can say that, things are in normal shape.

I was figuring up my assets on the margin of a newspaper and after I got through calculating I looked the paper over and ran into an article that set me to worrying.

In this article, the Secretary of Agriculture was trying to prove that farmers are in fine shape and things ought to continue that way.

Now I'll tell you, when the experts start trying to prove to me my future is secure, my first reaction is to begin wondering if something's wrong, and one of the arguments advanced by Sec. Benson didn't help a bit.

According to him, one of the reasons times are good and are gonna get better for the farmers is that he sees "a continuation of high domestic demand for food."

As I understand this, he believes farming is secure because people are gonna keep on eating food, and in one sense he's right, that is, I believe it's a fairly safe prediction that there will never come a time when people will lose interest in something to eat, but on the other hand I doubt if there ever was a time n the past when they lost interest in that either, and everybody knows

there have been times in the past when farmers were busted.

I tell you, basing farming prosperity on the proposition that there's gonna be a steady demand for food is hunting pretty hard for something to be optimistic about. I believe farming is gonna continue to be a good enterprise, but I ain't basing it on the idea it has to be because people have to eat. You might as well argue banking is gonna stay good every month out of the year forever because people like money.

I'd appreciate it if the experts would stop telling me when I'm well off. The minute I ain't, I'll know it. Yours faithfully, A. A.

Test in Making Southeast Titus

In Titus County a Woodbine sand exploration reported in the making for the southeast corner of the county in lease buying credited to A. A. Buchanan Estates, San Antonio, at \$3 an acre plus drilling obligation. Working location is listed as the Patton 200-acre tract in the northwest part of the James Chagan survey. This is about three miles northwest of Cason townsite.

WHY TEARS?

A neighbor went over to a young bride's house and found her in tears.

"What's the matter, dear?" "I baked a cake and put it in the refrigerator early this morning and it isn't frosted yet!"

COOK ELECTRICALLY ...it's CLEAN!

Cleanest cooking method known! That's electric cooking with a modern electric range. Electric heat is as clean as electric light. Utensils stay bright as new without scouring. Kitchen walls, curtains and woodwork stay color-fresh with less washing and care. Make your next range an ELECTRIC and enjoy cooking that's really CLEAN!

See the new Electric Ranges now on display at your appliance dealer's or at our office. Cook CLEAN... electrically!

From where I sit... by Joe Marsh

Learn How to Pull Together

Saw a kid go by the Clarion office on a brand-new coaster wagon yesterday—and it reminded me of when my brother and I were about forty years younger.

Our folks weren't poor, but there wasn't enough to buy two wagons for Christmas. We got one between us. Dad made a rule that we each could have it for a week—but the boy with the wagon was responsible for keeping the kitchen wood-box filled.

Seemed a bargain to Bud and me—at first. But soon we discovered it was no more fun playing

alone than working alone. It wasn't long before we were sharing the wagon in return for sharing the chores.

From where I sit, you can't enjoy a privilege yourself if you're going to deny it to others. There are some folks who want the right to enjoy their favorite beverage—but would deny me my right to an occasional glass of beer. I doubt if such people get their full "share" of happiness, though.
