Talco Red Sox Win Fourth Game In Pony League

Talco Red Sox defeated the Mt. Pleasant Saints Saturday by policies, jewelry and other things a 5 to 4 score, in a game that lasted ten innings, and the Mustangs nosed past the Piggies 3 to 2 in a couple of thrillers at Talco. In the opener Clark, for the Red Sox and McClinton, for the Staints, staged a nine inning pitching duel, before they gave way.

Clark allowed four runs off of six hits while striking out fifteen batters. McClinton permitted four runs on seven hits while striking out seven.

Morris, for the Red Sox, struck out the only three batters that faced him. Wright had one out in the tenth before Gibson scored the winning run on a passed ball.

Clark and Gibson paced Talco at the plate, each getting two hits out of four official times at bat and Bradley with two ground rule doubles, which bounced over the fence in almost the same spot, out of five times at bat.

In the second game the Mustangs outlasted the Piggies and won by a 3 to 2 score. BOX SCORES

So Long, Albert!

A wire from Grapeland late Tuesday advised this editor of Luker, who for nearly half a century was editor and publisher of the Grapeland Messenger, and one of our dearest friends. A blood clot suddenly took him away. He was about 68 years old and had owned and published The Messenger since he

This writer has read the newspaper for 42 years. During all that time it has been one of Texas' best small town newspapers. In the thirties there was keen competition between it and The Deport Times in contests conducted by the State Fair of Texas for the state's best small town week-The Times won the honor in 1934 with The Messenger runnerup. The next year The Messenger won it with The Times runner-up.

The Lukers raised two fine sons, Merl and Ed, who have been in charge of The Messenger for the last year or two, while their dad took things a little easier from the high-pressure grind of a country editor.

Albert Luker was a high-type Christian gentleman; a pastpresident of the Texas Press Association, with a quiet, modest, unassuming attitude that readily won him friends among the newspaper fraternity. To Mrs. Luker, his two sons and their families we extend our deepest sympathy.

Oats are being harvested and the vield better than it has been for many years, growers report. The cotton crop looks mighty good, and one can smell the corn growing from an automobile on the highway as dark green stalks shoot upward. If we can escape devastating wind and hail storms and get a few more gentle rains, this area will produce bumper crops of all kinds this year.

Last week an advertisement was sent in announcing a regular monthly meeting of Talco school board for Tuesday, June 7 at 7 p. m. It was signed by a Talco citizen. Since The Talco Times does not charge for news items, the name was deleted and Wilson of Maple Springs, Mr. and the article published as a news tion of notices of church services item. Pressley-Preston Rites at Quanah

Trezzie A. Pressley, son of Mrs. P. G. Hightower of Deport, and his bride, the former Miss Peggy Preston of Quanah, are at home in Commerce, following their marriage, May 28, in Quanah. Mrs. Pressley is the daughter of Mr. and Mrs. T. M. Preston of Quanah.

Rev. Jack Johnston officiated at the ceremony in First Baptist Church there. Dwight Hightower of Jacksonville, was soloist.

The bride, given in marriage by her father, wore a white satin gown with short train, the lacecovered bodice and also the lace cap to which her fingertip veil was attached, being pearl-embroidered. She carried a white Bible topped with a white orchid and carnation cascade.

Mrs. Jack Johnston was matron of honor, and bridesmaids were Miss Bobbye Lee Casey, Lockney, and Miss Wanda Middlebrook, Muleshoe.

The bridegroom's stepfather, Rev. P. G. Hightower, Deport Methodist pastor, was best man and ushers were Jack Preston, Quanah; James Hightower and Charles A. Bennett, Jr., Dallas.

The wedding reception was held in the church annex. Among out-of-town guests were Mrs. P. G. Hightower, Miss Martha Ruth Hightower, Deport; Mrs. Charles Barnett, Jr., and Mrs. James Hightower, Dallas.

The climax came when a 75year-old, retired mail carrier, John Cass Adrian, was arrested and charged with attempting to extort \$800,000 from the former land commissioner. Filing of the charge against Adrian was preceded by a series of events, all kept secret, dating back to Feb. 1.

Giles reported receiving two letters, prior to the one Adrian is charged with mailing, in which the writer each time asked for

Travis Co. Sheriff T. O. Lang revealed that the first letter, received by Giles before he was indicted, threatened to expose documentary evidence unless \$5,100 was paid. With this letter was a crude drawing. It directed Giles to a culvert south of Austin where he was to leave the money, wrapped in a burlap sack.

A trap was set. Giles drove to the drop site and left \$70 in a burlap sack, as deputies watched the area. No one stopped to pick up the sack. But a man later identified as Adrian drove by After 36 hours of waiting, Giles returned to the culvert and pick ed up the money.

A third letter then came. It was dated Feb. 11. It advised Giles that the writer was aware of the trap. It read "All three of us was watching you with field glasses when you placed the law on both sides of the culvert . .

This letter directed Giles to prepare \$800,000 in \$20, \$50 and \$100 bills for deliver at a place and time to be designated in a future letter. But the promised instructions were never received.

When arrested, Adrian flatly denied knowing anything about the extortion attempt. He was released after posting a \$1,500 bond. Trial was set for June 13.

MORE TAXES COMING-Jefferson Davis' birthday was celebrated by the Legislature. The solons handed Governor Shivers a tax bill! It levied an additional \$49,000,000 per year. Thus ended another bitter tax battle

An finally voted, the measure provides \$57,038,000 added revenue for general purposes during the next two years. Also \$41,-069,000 additional for road work. Thus it furnishes the funds to unblock the \$56,000,000 new money requirements of the \$1,525,-000,000 appropriations bill already passed.

It's biggest take was from beer. And a bitter-end fight by beer partisans nearly wrecked the measure in its final stages. Their argument was based on the fact that confeerees dropped out of the final bill the Senate's "token" \$2,000,000 levy on "dedicated" natural gas and an intangible as-

sets tax on gas pipelines. On final passage the tax bill cleared the house only by a 72 to 67 vote; and the Senate by a 18 to 13 margin. Included in the tax bill was a one-cent increase in the present four-cent gasoline tax; a one-cent increase in the present four-cent cigarette tax; and an increase of \$2.30 per barrel, or six mills per bottle, on beer. Senators voted a \$3.30 per barrel beer increase while Representatives favored small increases in beer and wine dealers' license fees. Dropped on the final round were the House taxes on cigars, tobacco, trading stamps, and an increase in the natural gas production tax. Rejected were numerous Senate proposals for gross receipts levies on manufacturers, hotels, motels, department stores, metals and chemical industries.

A \$6,500,000 cushion was given the general revenue fund for the next two years. This permitted passage of several small appropriation bills for new courts; for putting state employees under federal social security; another \$475,000 for legislative expenses; and grants to state agencies for further investigation of the Land

Don't argue with this baby!

All Chevrolet's competitors and most of the high-priced cars tried it recently in official NASCAR* trials—and took a licking!

Meet the champ! The new Chevrolet "Turbo-Fire V8" - the most modern V8 on the road today. Here's what happened-

Daytona Beach. NASCAR Acceleration Tests Over Measured Mile From Standing Start. Chevrolet captured the 4 top positions in its class! 8 of the first 11! And on a time basis Chevrolet beat every high-priced car, too-but one! But wait!-this is just the beginning!

Daytona Beach. NASCAR Straightaway Running. Open to cars delivered in Florida for \$2,500 or less. Chevrolet captured the first two places, 7 out of the first 11 places!

Daytona Beach. NASCAR 2-Way Straightaway Running Over Measured Mile. Open to cars from 250 to 299 cu. in. displacement. Chevrolet captured 3 of the first 5 places!

Columbia, S. C. NASCAR 100-Mile Race on half-mile track. Very tight turns. Chevrolet finished first!

Fayetteville, N. C. NASCAR Late Model Event. Chevrolet again finished first. Because of even tighter turns the driver chose to run the entire 150 laps in second gear! Yet no overheating or pit stops!

These facts you can't laugh off. Sales leader. Road leader. A crowning achievement of Chevrolet and General Motors. Try a Chevrolet . . . and live in a land of going-away where you win all the arguments! Soon, maybe?

Way, way ahead!

Chevrolet Sales leader for 19 straight years!

Alcorn Explains Why He Lets His Lawn and His Beard Grow Shaggy

Editor's note: Achin - Al corn, philosopher, on his Johnson grass farm on Sultrimmed phur, discusses lawns this week, which is about like a prize fighter discussing Paris fashions.

Dear Editar: I read in a news paper which one of my cows was chewing on and I took away from her before she'd gotten over to the editorial page, there's nothing worse than a cow with indigestion in hot weather, where some scientists in England have been working on a liquid you spray on lawn grass and keep it from growing more than two inches

If it works, the article said, it will be great news for the millions of people who have to mow their lawns at least once a week all summer long.

I guess so, but the news leaves me cold. Out here on this Johnson grass farm, my problem has been getting grass to grow tall, not short, and as for my lawn, I figure out of thirty-five million neatly mowed lawns in the United States, one like mine won't have any effect on the national My theory is that a man with a mowed lawn gets more satisfaction out of it if somebody down the street has one with grass a foot tall and shaggy with weeds.

I tell you, there's a place in this world for a man who gives pleasure to others by letting them out-distance him. The efficient man must get some pleasure out of contrasting himself with the failures. It works in all phases of life. What fun would there be in being an officer in the army if there weren't some privates around? It's the scrub cattle that make the registered stuff look good. It's the spendthrift that makes the tightwad have an edge. If everybody saved all the money he made, business would dry up in two

Personally, I let my lawn work slide, as a horrible example to the people now sweating over theirs. It's a public service and it's good for the happiness of the can sit down."

llawn trimmers that there are people like me willing to make this public-spirited sacrifice. And if it'll work with lawns it'll work with beards, too.

Yours faithfully, A. A.

NOV! This Big Dodge V-8 priced below several small 6's!

New Dodge Coronet V-8 Club Sedan-biggest buy of '55.

This one's so hot you're going to have to see it yourself before you believe it.

It's a brand new model in the Dodge line: A big, roomy 6-passenger sedan with the dashing Lancer trim that's the high-style note for 1955! And its power plant is the Dodge aircraft-type V-8 that holds more records for performance, stamina and endurance than any standard production engine on the road.

But here's the news that will really make you sit up and take notice! This luxurious Dodge Coronet V-8 Club Sedan is priced within the range of the small car 6's. Yet it's up to 17 inches longer . . . with luxury, comfort and riding ease to match the costliest cars.

If you'd like to step up to the big-car class, yet keep costs down, come in and find out about this new Dodge Coronet V-8 Club Sedan.

This ole car once knew some children, This ole car once knew a wife, This ole car once knew a husband And a merry family life . . .

But this family's trips are over, Picked a dang'rous spot to pass-Then they saw death's angel peekin' Through the broken windshield glass.

Ain't gonna need this car no longer, Ain't gonna need this car no more-Had no time to fix the brakes up, Had no time to fix the door, Had no time to fix the steerin' Or to drive with more restraint-Ain't gonna need this car no longer, They've been taken to meet the Saint .
