## Loafers Operated, Plymouth Colony

A year after Plymouth Colony was founded in December, 1920, many of the pilgrims had begun to loaf. They had found that they didn't have to work as diligently and produce as much as their neighbors in order to eat as well as their neighbors. They were getting equal shares of food from the common storehouse regardless of their own production, regardless of how much they loafed. So they loafed more and more.

For a time the industrious settlers tried to make up the deficiency of food, but as they saw the tendency to loaf growing among the colonists, they slowed down too. When starvation threatened to wipe out the colony, the pilgrims were called together by the leaders. The proposal was made that each family take over the ownership of a parcel of land and keep what it produced. Every family then would have to be self-reliant. The lazy ones didn't like the idea but there were enough industrious people to put it into operation.

This was the beginning of the American capitalistic economic system.—Dr. George S. Benson.

### EASY TIMING

A motorist was driving through a remote section of the country and after stopping in a small village for something to eat, noticed that his wrist watch had stopped. As he paused on the porch of the small cafe he turned to a native lounging nearby and said:

"I wonder if you could tell me what time it is?"

"It's twelve o'clock," replied the other.

"Only twelve o'clock?" questioned the traveler. "I thought it was much more than that."

"It's never more than that around this part of the country," replied the native. "It goes up to twelve o'clock and then starts all over again."

## Life Span, Salary Predictions Made On 1956 Babies

Tallahassee, Fla.—If your child is born during 1956 he can expect to live 75 years and he should be making \$8,000 a year by the year 2,000.

Dr. William F. Ogburn, former president of both the American Sociological Society and the American Statistician Association, made the prediction.

Dr. Ogburn, now a professor at Florida State University, said a new baby will be born every eight minutes in 1956. These babies will marry at 20 if they are girls and at 23 if they are boys, he said. Four out of five couples will remain married and never be separated, one will be divorced or separated. Two out of three who get a divorce will try again.

He said that the average family income in 1956 will be \$4,000 and it will be double that by the year 2,000.

"The largest portion of a man's income will be spent on his living quarters in 1956, but since man is also a gambler and a wanderer, \$30,000,000 will be lost in gambling and \$12,000,000,000 on vacation travel during the year," Ogburn added.

## Moody Will Fight His Disinheritance

Galveston.—W. L. Moody III has begun a court fight to obtain more than \$1 from the fabulous estate of his late father.

W. L. Moody Jr., died July 21, 1954, at 89. Reportedly one of the world's 10 richest men, he left the only surviving son \$1.

Unofficial estimates of the estate have ranged as high as \$400,000,000, although an inventory filed in probate court included a \$53,300,000 appraisal.

The financial empire includes about 50 insurance, banking, cotton, newspaper, hotel and ranch corporations, including American National Insurance Company.

Moody's will left the bulk of the estate to the Moody Foundation for charities and named the oldest of two daughters, Mrs. Mary Moody Northen, as head of all the Moody Enterprises. Mrs. Northen also received \$250,000 in cash.

## Allow More Time On Tax Reports

College Station.—Farm and ranch operators should be happy to know that their income tax reports are not due until February 15, 1956. The previous dead-

line for filing the reports was January 31. The ruling was made in 1955 but was not announced in time to affect many taxpayers, says C. H. Bates, extension farm management specialist.

There is an exception, points out Bates. Every farm employer who owes the two per cent employer tax and the two per cent employee tax must file a return on Form 943, and pay the taxes, on or before January 31, 1956. Farm employers should file their returns on time in order to avoid the penalty which may be charged for late filing.

## Alcorn Amazed Senator Wants to Discourage City Farmers, He Has

Editor's note: Achin Alcorn, philosopher on his Johnson grass farm on Sulphur, probably has misinterpreted the news again, a habit of his, his letter this week reveals.

Dear Editor: I was out here on my farm this week sort of waiting around for Congress to solve the farm problem, if Congress can do it, it'll beat anything I've been able to do, when I got to glancing through a batch of newspapers I'd accumulated and ran across an article that made me pull my feet off the couch and sit up and pay attention.

According to it, a U. S. Senator wants Congress to map out a plan to discourage "city farmers" who operate part time.

At first glance, I thought this Senator was behind the times, that Congress had already mapped out a plan that'd discourage not only city farmers but all other kinds.

But after I got into it and read where he said "These city farmers — professional men and business men who buy a few hundred acres—help complicate the farm problem," and he wants something done to discourage them, I understood, without agreeing.

I'm afraid the Senator is hunting up something to do to avoid plenty of work already staring him in the face.

If you will talk with these city farmers, you'll find that a good many of em are already discouraged. I don't know whether Congress can take credit for this or not, but something or somebody has done such a good job of discouraging city farmers that it has carried over to regular dirt farmers too.

I talked to a city farmer just the other day, and after making the downpayment on a farm a couple of years ago, he says he is now willing to let anybody operate the farm for all he can make off it if he'll just agree to keep up the payments for him.

Making money on a farm is easy when you do it on paper, but

when you try it out, those paper profits always manage to hide out. Looks like you never can get to the bank with em.

I'd like to suggest to this Senator that he has already succeeded in discouraging the city farmers, that job is well taken care of. Now he ought to concentrate on encouraging the dirt farmer, and if he's shy of an idea, I'd like to suggest that nothing's as encouraging as a good profit. Yours faithfully, A. A.

Otis Littlefield and family of Lakeview, made a trip to Abilene to seek employment.

Howard Johnson of Irving, made a trip to their Lakeview home and took Granny Johnson back with him. Howard's mother, Mrs. Johnson, is lovingly known in the community as Granny.

Rev. and Mrs. Dan Adams of Apt. 32, G. I. Village, Commerce, and a school friend in Commerce made a trip to Terry Memorial evening service on Wednesday night and on the way back had a car accident that injured the minister.

Mrs. Ada Meredith spent last week in her sons' home in Mt. Vernon under the doctor's care.

Mrs. James Good has been under the doctor's care at her home in New Hagansport.

Allen Tully, Hagansport, brought his wife and baby home from the hospital Friday.

Revival services will continue this week at the Church of God. Bro. Carl Phelps of Harris Chapel, near Sugar Hill, will do the preaching.

Mrs. Gus Gill is employed as

## Ralston Candidate For Judge of the 76th District

To the Citizens of the 76th Judicial District:

In announcing my candidacy for the Democratic nomination for the office of District Judge of the 76th Judicial District of Texas, composed of the counties of Camp, Franklin, Marion, Morris and Titus, I do so with all humility as I fully realize the importance of the office, its responsibilities and duties. I have been actively engaged in the practice of law in Mt. Pleasant, for the past 19 years, except for three and one-half years spent in the military service, during World War II. During such time I have served as County Attorney of Titus County for four years, County Judge of Titus County for two years and as District Attorney of the 76th Judicial District for four years. I believe the experience gained as a public official and as a practicing attorney qualifies me for the office.

I promise if elected to conduct the affairs of the office in a fair and impartial manner. Your vote and influence respectfully solicited. Yours very truly,  
**MORRIS ROLSTON.**  
(Pol. Adv.)

### WALLACE FIELDS FOR TAX ASSESSOR-COLLECTOR

In announcing my candidacy for Tax Assessor-Collector, I feel that I should tell the citizens of Titus County a few facts about myself. I was born in Florida 33 years ago and I was reared on a farm in Georgia where I graduated from high school. My mother and father still farm there. I served as a Navy Pilot during World War II. During the training I met Miss Louise Gilliland, daughter of the R. P. Gillilands of Mt. Pleasant. We were married December 13, 1944, and have one daughter.

Eight years ago we came to Mt. Pleasant for a visit and liked the city and people so well that we decided to make it our home. Since then I have been associated with the automobile business in various capacities. I am a member of the First Baptist Church, director of the Community Chest, secretary of the Woodmen of the World, Adjutant of the American Legion and member of the Lions Club and the Chamber of Commerce.

I was employed as First Deputy in the Tax Office September 1, 1954 by Jimmie Barrett. March 1, 1955, Mr. Barrett resigned as Tax Assessor-Collector and the commissioner's court appointed me to complete the unexpired term. I have tried to prove to the court and to the people of Titus County that their trust in me was not misplaced. The records of the office are open to the public. I invite you to come by and look them over.

A lot of people in Titus County do not know me. Please ask your friends about me. Then if you think I am the man you want as your Tax Assessor-Collector I will greatly appreciate your vote. I am running FOR the office on my record, I am not running AGAINST anyone.

Respectfully,  
**WALLACE R. FIELDS.**  
(Pol. Adv.)

### THESE FUNNY PEOPLE

Following recess the teacher called one of her most pugnacious pupils aside. "Bobby," she said, "I was happy during recess to see you down on your hands and knees playing marbles with the new boy."

"We wasn't playing marbles," snorted Bobby. "We had a fight and I was helping him pick up his teeth."

## Funeral Services For Holly Wood

Funeral services were conducted in Bogata's Cumberland Presbyterian Church at 10 a. m. Monday by Rev. John McLean for Calvin Holloway (Holly) Wood of San Angelo, former Bogata resident.

Mr. Wood, who died Saturday morning in San Angelo, after a long illness, was born Oct. 19, 1870 in Tennessee, son of George D. and Mary Simmons Wood. In 1900 he was married to Miss Ethel Kirksey and four children were born to this union, two daughters, who died in infancy, and two sons, Earl and Howard of San Angelo.

He is also survived by one brother, Walter Wood of Bogata, seven grandchildren, eight great-grandchildren and a number of nieces and nephews.

Pallbearers were Jim Fortner, Britt Lassiter, Paul Griffin, G. W. Bartlett, John Childers and H. H. Wilkinson. Interment was made in Bogata Cemetery with Bogata Funeral Home in charge.

a night nurse at the Mt. Vernon hospital.

The Hagansport school committee for the PTA program on Wednesday night, Jan. 25 at the school auditorium, announce musical numbers by members of the Briley Quartet and a reading or story by Mrs. Maude Dodson.

Several of the Hagansport community have taken advantage of the cool weather to kill hogs. The following killed at Joe Dan Barker's home on Thursday: Joe Ran Barker, Bill Barker and Joe Carrell.
