PALUXY LITTLE LEAGUE BASE BALL SEASON OPENED TUESDAY

By LON JONES
The Paluxy Little League began its third year of competition Tuesday night with a double header at the new field in Humble Camp.

In the opener the Cardinals defeated the Yankees 11 to 4. Ronnie Webb was the winning pitcher and Jerry Miller the loser.

Leading hitters for the Yankees were Cabell, Nelson and Bond with two each; and for the Cards, Clemmons, Billy Dixon and Russell each batted out two. The Cards out hit the Yanks 8 to 7.

In the nightcap the Bogata Green Sox edged the Cubs 3 to 2 in a thriller. Donnie Screws was the winner and Butch Black was the loser. The Green Sox out-hit the Cubs 8 to 2. Buchanan and Burnham got the two Cub hits and G. Screws and Taylor got two each for the Sox.

Games will be played every Tuesday and Thursday throughout the summer with double-headers every playing day. The first games will begin at 5:30. A schedule will be printed at a later date. Everyone is urged to come out and support the Little League.

Thursday afternoon the Cubs play the Cardinals at 5:30 p. m. and the Bogata Green Sox meet the Yankees at 7.

Martha Johniken Awarded Medal

Martha Johniken, daughter of Mr. and Mrs. Fred Johniken, was awarded the much coveted first rating gold medal for her excellent piano playing and sterling musicianship, rating one of three highest in the upper 5 per cent of her classification of high school age in the 1956 International Piano Recording Festival.

Her recorded numbers are a Bach Invention, A Beethoven Sonata and a Chopin Nocturne. A \$25.00 check accompanied the medal.

Each of the past five years Martha has played a 10 to 20 piece memorized program for the National Guild of Piano Teachers auditions. She has received superior ratings each time.

Martha will play 10 piece memorized program at the tournament in Mt. Pleasant May 23 and 24 with Mary Boxall Boyd of Princeton, N. J., renowned pianist and teacher for adjudicator.

Minimum Level Price Support

U. S. Department of Agriculture announced recently that the minimum level of price support for 1956-crop cotton, basis Middling 1/8 inch, will be 28.85 cents per pound, gross weight at average location.

This level of support reflects 82 1/2 per cent of the current parity price of 34.97 and in the event that parity is higher on August 1, 1956 the 28.85 cents per pound rate will be increased proportionately.

The final loan rate last year, on middling 1/8 inch was 31.70 cents per pound. The appropriate differentials to be in effect between middling 1/8 and other qualities of cotton of the 1956-crop will be announced at a later date.

Most of the cotton grown in this area will average better than 1/8.

Mr. and Mrs. R. A. Hendson left Thursday for a two weeks vacation.

Firemen to Enjoy Fish Fry Monday

A fish fry and picnic for Talco Volunteer Firemen and their ladies is planned for Monday night, May 14, according to Mayor Jerry Jones.

It will be held at Tidewater picnic grounds on the Wilson lease.

"All Firemen and their wives, all ex-firemen and all potential firemen are cordially invited to be present," said Mayor Jones.

New Brick Bldgs. On Broad Street Near Completion

Construction work is nearing completion on the three new brick buildings being erected on the south side of Broad street by Mayor Jerry Jones of Talco and his brother-in-law, Gaylon V. Johnson of Daingerfield, who was the contractor and builder. Work is expected to be completed within a week.

The buildings are 25x85 feet. They were constructed of Hadite, brick and glass fronts with aluminum trim.

Fronts of the buildings are modern in every detail, with recessed entrances. The three 25-foot width lots upon which the buildings are being erected were cut down until the floors are only four inches higher than the street curb. A modern concrete walk was constructed in front of the buildings, extending out to the street curb. Cost of construction is estimated at \$28,000.

Two of the new buildings have already been leased, to be occupied when completed by Glenn Gauden's City Drug Store and the Shorty Taylor's Variety Store.

The new structures add much to the general appearance of Broad street's business district. They are also a genuine expression of the confidence that Jones and Johnson have in the future growth and development of Talco.

Titus Co. Voters Support Shivers In Conventions

Titus County's Democratic county convention was held at the court house Tuesday. Four delegates and four alternates to the state convention were named with instructions to cast their ballots for Governor Allan Shivers, to lead the state delegation to the national convention, and for Senator Lyndon B. Johnson as a favorite son candidate for the presidency.

The convention was split down the middle between Shivers and Johnson, with neither faction giving an inch in the hour and a half long meeting.

Delegates and their alternates to the state convention include C. A. Hinton, Vic Horn, C. L. Doss and D. R. Zachry and Howard Leftwich, Dr. Currey, Carl Reed and Allen Wilhite.

Titus County Democrats held their precinct conventions Saturday to pick delegates for the county convention. At stake was the question of who would lead the Texas delegation to the national convention... Governor Allan Shivers or Senator Lyndon B. Johnson.

Actual voting figures for all the precincts were not reported but it was evident that Governor Shivers held a slight lead in the number of delegates named. Shivers carried all of the boxes in the courthouse and the one at Talco, but rural areas went primarily for Johnson. However, the urban areas carried heavier delegation into the county convention.

In several instances in local precinct meetings, resolutions were approved picking Shivers to lead the party to the national convention and naming Senator Johnson as a favorite son for the presidency.

Stephens-Peveto Stake New Test East of Discovery

John B. Stephens, Jr. and R. L. Peveto, whose well northeast of Talco near Red River, encountered two pay horizons last Christmas, have staked a second offset confirmation try, 933 feet east of the pool opened. A south offset was dry. The new venture is to be a 6,800-foot test.

We are informed that drilling continues at the first offset reported dry where the discovery showed oil in the Paluxy at 4,700 feet and gas and distillate at 6,400 feet. Application was for 8,000 feet.

A Paluxy failure has been drilled by Sinclair Oil & Gas about three miles southwest of Sulphur Bluff in north Hopkins County. The No. 1 J. C. Eppers, James Hopkins survey, was halted at 4,800 feet.

Kinsman of Talco Man is Dead

Mr. and Mrs. Kyle Munn and Nelwyn attended the funeral Sunday of Mrs. Munn's brother-in-law, J. W. Teague in Blodgett, with burial in Monticello cemetery. Mr. Teague, a native of Camp County, died Saturday afternoon at 3 o'clock in a Pittsburgh hospital at the age of 72. He is survived by his wife, Mrs. Martha Munn Teague, two daughters, Mrs. Joe Dick Ham-

Petition Seeks Direct Vote On Legislation

Petitions are being circulated in East Texas, addressed to the Democratic State Executive Committee, asking for a direct vote of the people on how they stand on Segregation, intermarriage between Negroes and Whites and Interposition.

Texas election law makes it mandatory upon the State Executive Committee to submit to a direct vote of the people, any demand for specific legislation upon petition of 10 per cent of the primary voters of such party.

Robert Corgill of Longview, is chairman of the organization sponsoring the effort. We are told it was drawn up by Attorney General John Ben Shepperd.

Jets Produce Shock Wave

An "explosion" heard and felt by local residents at mid-afternoon Friday was attributed to two jet planes busily engaged in tracing their white paths across the deep blue of the sky.

According to public relations at Chance Vought Aircraft in Dallas, there is an increase in flight activity of their F8U-1 Crusader fighters — the world's fastest Navy fighter, and residents in the Texas area may hear the sonic phenomenon caused when the airplane enters the speed of sound or reduces its speed from supersonic or subsonic.

Flights, however, are to be made over sparsely settled areas where the resulting shock wave will be less likely to disturb the population. These short "thumps" or "double thumps," described as harmless by aviation authorities, are heard when a jet breaks the sound barrier and the boom is deflected by unusual atmospheric conditions.

Mrs. Laura Buster Buried at Bogata

Mrs. Laura Buster, 71, of Idabel, Ok., passed away Friday night about 11 o'clock at her home following a sudden attack of illness a short time earlier. Funeral service, conducted by Rev. C. G. Renfro, Deport Baptist pastor, was held Sunday afternoon at 3:30 at the First Baptist Church in Idabel and interment followed in Bogata Cemetery.

Surviving are four daughters, Mrs. Alf Holmes of Carlsbad, N. M., Mrs. Edgar Rodgers of Deport, Mrs. J. N. Lee of Bogata and Mrs. Carl Mathis of Baroda, Mich.; one son, Alfred Buster of Cedar Hill; eight grandchildren, four great-grandchildren, and two sisters, Mrs. Florence Bryson of Norman, Ok., and Mrs. Tient McCrury of Bogata.

Deceased, the former Laura Warren, was born at Brownwood. She was reared near Avery, and lived in the Deport and Bogata areas many years before moving to Idabel 19 years ago. Mrs. Buster, daughter of Joseph and Henrietta (Hocutt) Warren, was born March 24, 1885.

Fire Destroys Talco Residence

Fire of undetermined origin, gutted a house belonging to Mrs. Tommie Glass of Abilene on Tuesday afternoon at 4 o'clock. Mrs. Adeline Holleman and two

sons were living in the house, but neither of them were at home. The contents of the house were almost a total loss.

Highlights and Sidelights FROM Your State CAPITOL

By VERN SANFORD, Texas Press Association

Austin.—Texas is buzzing with activity!

Although political squabbles take the headlines, the state's general prosperity affects the average Texan's life more significantly.

In almost all areas—industry, construction, retailing and employment—the graphs are pointing up, up and up. General business activity hit a new record high—4 per cent above 1955 and 6 per cent above the first quarter of last year.

Texas also is out in front in national comparisons. Estimates of gross national production show a 3 per cent rise for the first quarter of '56. Texas' rise was 4 per cent.

Retail sales in Texas were up 3 per cent over the first quarter of 1955. Department stores led with 5 to 10 per cent increases.

Texas' increase in industrial activity is regarded as the most significant factor in the overall picture. Business research experts believe that Texas will receive more than its proportionate share of the \$34,000,000,000 which industry is expected to spend nationwide on new plants this year.

Contractors are confident they are headed for a record year. April construction totaled \$88,000,000—an increase of \$21,000,000 over April of '55.

Employment followed the general upward trend. This, despite drought-crippled farm activity. Latest figures show \$2,248,000 wage earners in March. That is 115,000 more than for March of last year.

POLITICS IS BOILING—In bitter precinct battles, Gov. Allan Shivers lost the first skirmish of his long political career. Sen. Lyndon Johnson led all the way in the rural areas. He also won in San Antonio, Houston, Fort Worth and Austin. Of the metropolitan centers, Dallas alone went for Shivers.

Just as the rural vote cost Ralph Yarborough the governorship in 1954, so did the small towns defeat Shivers in 1956. In

the final analysis, it was the Country Boy's vote that was the hub of victory.

FARMERS GET NEW HOPE—Farmers over wide areas of Texas are full of optimism. Long-awaited rains, the heaviest in years, fell in North, Central and East Texas.

However, even where it rained, substantial moisture deficiencies have not been wiped out. But to many farmers the wonderful rains that finally came made them look forward to a good year.

SANFORD CLEARED BY COURT—A decision with far-reaching effect on political advertising expenditures has been handed down by the Court of Criminal Appeals.

The decision was made in connection with an application of Vernon T. Sanford, Texas Press Association manager, for relief from two indictments returned against him by a McLennan Co. Grand Jury. Indictments charged he had violated the Texas Election Code by spending more than \$25 for political advertising in behalf of Ben Ramsey for Lt. Governor in 1954.

Sanford and the TPA Board of Directors contended that any law which limits an individual to a \$25 expenditure prohibits freedom of expression and therefore is unconstitutional.

In reviewing the matter, the court found that two laws on the same subject were in direct conflict. Each limited advertising to widely different amounts and set different penalties. Therefore both were declared invalid.

Result: Charges against Sanford were dismissed and Texas now has no applicable law regarding political advertising expenditures by an individual.

LABOR LAW AT STAKE—Atty. Gen. John Ben Shepperd was forced into the role of apprehensive spectator in the fight to save Texas' right-to-work law.

He asked, but was refused, U. S. Supreme permission to be heard. He did, however, lend moral support and advice as Nebraska's attorney general argued in the high court for his state's law. Nebraska, like Texas and 16 other states, has an anti-closed shop law which unions contend is in conflict with the National Railway Act.

Reason for Shepperd's apprehension is the general belief that Nebraska's case is weaker than the Texas case, which still is tied up in state court.

VEHICLE TAX VOIDED—Special local automobile taxes to finance big city freeway projects are unconstitutional. So

New Grandchildren Cause Grandma Much Travel

Mrs. Iva Hooker of Bogata, returned last Friday from Beaumont, where she had gone two weeks before to make the acquaintance of a new granddaughter, Judy, born April 22 to Mr. and Mrs. F. R. Lipscomb. Mrs. Lipscomb is the former Patsy Hooker.

Mrs. Hooker had just returned three days previously from El Paso, where she had been greeted by Bryan Clay, new arrival born April 8 to Mr. and Mrs. Jack Duncan. Mrs. Duncan is the former Narca Hooker.

Being a grandmother is not new to Mrs. Hooker, this being the third child for the Lipscombs and the second one for the Duncans, but she said the girls sure had her in a tight squeeze this year; that she had to cover approximately 2000 miles on the two trips.

"That," she said, "was a little hard on 'poor ole' grandma."

ruled the Texas Supreme Court in a case involving Harris County's auto registration tax. Such taxes must be levied by general laws, said the court. Dallas County made two tries for such a tax, but voters turned down the proposals.

HUGE ROAD PROGRAM PLANNED—A whopping \$150,000,000 road program for 1957-58 is planned by the State Highway Commission. Anticipation of substantially increased federal funds is behind the ambitious project. Since House passage, approval of the new federal aid bill is regarded as virtually certain.

About half of the 2,161 miles of highway designated for construction work will be of the "super highway" type—four, six and eight lanes.

State Highway Engineer D. C. Greer said plans were released early so projects could be placed under contract quickly after final congressional action on the bill.

HIGHWAY PATROLMEN SOUGHT—Careers as state highway patrolmen now are open for men between 21 and 35 years of age. A 200-man increase in the patrol was authorized by the last legislature. State-wide examinations of candidates to bring the corps up to full strength will be held in June.

Applicants must have lived in Texas for a year, have a high school education or equivalent and be in perfect physical condition. Application forms may be obtained at any district office or by writing W. J. Elliott, chief of the Texas Highway Patrol, Austin.

SHEFFIELD TRIAL MOVED—Brady Land Dealer B. R. Sheffield won the first round in his fight against the veterans land sale charges against him. Dist. Judge Charles O. Betts agreed that Sheffield could not get a fair trial in Travis County and granted a change of venue.

IT'S A FACT—It isn't hard to live on a small salary if you don't spend too much trying to keep it a secret.

Shower Honors Wanda Joyce Sloan

Miss Wanda Joyce Sloan, bride-elect of Spurgeon Peaden, was honored with a miscellaneous shower Friday afternoon in the home of Mrs. Jesse Cothran. Assisting as co-hostesses were Mmes. W. S. Cody, A. M. Blake, C. P. Pearson, T. L. Bryson, Jauze Jordan, Bill Thornton, Jesse Gray, Kirb Lowry, W. C. Jeffery, Ona Hudson, Altis Denny, Clyde Roberts and Vivian Westbrook. Mrs. Rufus Ward Jr. was in charge of the register.

The house was beautifully decorated with spring flowers. The refreshment table was laid with a white lace cloth over green and centered with a reflector surrounded by white carnations. A tiny bride and groom and flowers graced one corner of the table.

Green napkins, with the names "Wanda" and "Spurgeon" in white were used when refreshments of cake, iced with white, and green frosted punch were served.

Out of town guests attending the affair were Mrs. Jack Kidd of Clarksville, Mrs. Pete Gill of Mt. Vernon, Mrs. Sam Sloan and children and Mrs. Lillian Broughton of Talco.

Dugger-Belcher Rites Set June 1

Wedding date of Miss Nancy Belcher of Cuthand and Raymond Dugger Jr. of Fulbright has been set for Friday, June 1, at 3 p. m. The couple are building a new house east of Fulbright and the ceremony will take place in their new home. Rev. Hoyt Brinlee, Bogata Baptist pastor, will perform the informal ceremony.

Mrs. Fred White of Cuthand, sister of the bride, will be matron of honor, and Kenneth Thomas of Deport and Dallas, bestman. Relatives and friends of the couple are invited to the wedding.

The bride is the daughter of Mr. and Mrs. Herman Belcher of Cuthand and is a junior in Bogata High School. The groom, son of Mr. and Mrs. Raymond Dugger Sr. of Fulbright, is a graduate of Deport High School.

EFFICIENCY—The efficiency expert died and they were giving him a fancy funeral.

Six pallbearers were carrying the casket out of the church when suddenly the lid popped open and the efficiency expert sat bolt upright and shouted, "If you'd put this thing on wheels, you could lay off four men."

Brady Will Speak At Mt. Pleasant

Mississippi Circuit Judge Tom T. Brady, outstanding national authority and speaker on segregation, will speak at a White Citizens Council Meeting in Mt. Pleasant on May 15 at 8 p. m., in the old High School gymnasium. The meeting is open to white citizens in the entire Northeast Texas area.

Judge Brady is author of the book, "Black Monday," which deals with the U. S. Supreme Court's decision on segregation. He is a leader in Mississippi's fight to retain segregation and is widely sought as a public speaker on this subject.

Bridal Shower for Mrs. G. M. Rector

Mmes. Guy Walker, Jerry Dodd and Francis Foster were hostesses at the bridal shower held at Joliet school recently, honoring Mrs. G. M. Rector. Decorations were green and white, and red roses were used. Fifty-four guests registered and were served cake and punch. The bride received a lovely array of useful gifts.

DON'T BLAME HENS, CHECK THE WEATHER

Stillwater, Okla.—If your hens go on a sit-down strike, don't blame them—blame the weather says an Oklahoma A. & M. College poultry expert.

Alex Warren said prolonged dry weather in Oklahoma fills the air with static electricity. It makes hens nervous, especially the caged layers, and nervous hens don't lay eggs.

MAKING AN IMPRESSION

"I clean my diamonds with ammonia," said the new-rich woman who was trying to make an impression, "and I clean my rubies with Bordeaux wine."

"I don't clean mine," said the quiet woman next to her. "When they get dirty I just throw them away."

BARBARA DARLENE SUGG—Mr. and Mrs. R. W. Sugg of Pattonville, announce the engagement of their daughter, Barbara Darlene, to Billy Glenn Malone. She is a junior at East Lamar School.

The groom-to-be is the son of Mr. and Mrs. Harrison Malone of Pattonville. He is a graduate of Cunningham High School and has recently been employed at Paris. Wedding arrangements and date will be announced later.

NICE "SUMMER"

A Montanan was visiting Florida. A native asked him what kind of summers he had back home.

"Well," he replied with a thoughtful look on his face, "if I remember correctly it was on a Thursday last year, and it was nice."

IDENTIFICATION

Voice on telephone: "Hello Miss Jones. Johnny Smith won't be at school today. He's not feeling well."

Teacher: "Who is this?"
Voice on Telephone: "What do you mean 'who is this?' This is my daddy."

JUSTIFIED SUPERSTITION

Long Beach, Calif. — "Please your honor, don't continue my case until April 13," said Reece F. Baldwin, accused of drunk driving.

"Superstitious?" Municipal Judge Lyman B. Suter asked.

"You bet," Baldwin said, "I was married on the 13th, we split up on the 13th and I got divorced on the 13th . . ."

"Case continued until April 12," the judge interrupted.

THERE'S A POWERFUL DIFFERENCE

... between an Oldsmobile 88 and the other lower-price cars!

You know you're in a big car . . . from its looks . . . from the way it rides and handles! With your first touch on the accelerator—that 230 h.p. Rocket Engine* answers with all its winging getaway and go!

And what flashing performance in the middle ranges! The Rocket is designed to give you full benefit of high torque—340 pound-feet at normal engine speeds. That means there's always plenty of reserve power—when you want it, when you need it for safety's sake.

This rugged Oldsmobile "88" is built to take all that power, too! For instance, there's an extra-rigid, five cross-membered frame to give you ideal, shock-absorbing balance.

Economy? Well, Oldsmobile's "88" (and the Ninety-Eight, too) took top honors in the recent Mobilgas Economy Run! There's a powerful difference, all right! Both in the car, and in our quality-minded way of doing business. So come on in now. Take the wheel of an Oldsmobile. Rocket away . . . today!

*240 h.p. and 350 lb. ft. torque in Ninety-Eight and Super 88 models.

EDITORIALLY SPEAKING

BURT LOCKHART
in Pittsburg Gazette

The last word in women's
clothes—\$.

A loaf of bread is so covered
with taxes it is hard to find
space for butter.

We still think that the social
atmosphere was sweeter when
modesty was in bloom.

We can always tell when the
fish are biting. The lawn needs
mowing and the flower beds
need weeding.

It is fortunate that refrigera-
tion came along when it did.
There aren't enough wells to
keep our butter and milk cool.

Television is believed to be in
its infancy. After looking at
some of the programs, one gets
the impression the infant needs
a change.

A local man sells mud. Up to
the present time he has confined
his sales to oil companies. No
contact has yet been made with
Texas politicians, who are now
big consumers.

Uncle Sam has proven that by
giving away his stock of butter
he can get rid of the surplus. He
should have made the discovery
a long time ago. The same prin-
ciple applies to money, dear Un-
cle.

Last week was Medical Educa-
tion Week. We hope the world
will profit from the valuable
medical warnings and advice
given, but at this writing it ap-
pears that neuritis is still on top
and the nasty effects of the com-
mon cold are not to be sneezed at.

The Jones at Winnsboro

The editor and Mrs. Holloway
drove over to Winnsboro on Fri-
day evening and put our feet un-
der the table of the Graford
Jones of the Winnsboro News,
for a good charcoal-broiled steak
dinner. When we made prepara-
tions to start home they put a
crate of those fine, tart, Winns-
boro strawberries in the trunk of
our car. It was a most enjoyable
evening with good friends.

Time brings many changes—
doesn't seem more than a dozen
years ago that Jones bought the
Winnsboro News, after operating
the Mt. Vernon Optic-Herald for
some time. He had just settled
down to publishing his own news-
paper when his draft board called
him into the army. We deeply
sympathized with him and
wondered what would happen.
He leased his newspaper, served
his hitch with Uncle Sam, came
back to Winnsboro and took up
where he had left off.

He moved his plant into a larg-
er building, bought more modern
printing equipment, and three
years ago built one of the most
modern homes in Winnsboro.
They have a six-year-old son who
is the apple of their eye, and on
a large spot on the wall of their
office are four plaques and a dozen
certificates, won over a peri-
od of years, for publishing an
outstanding weekly newspaper.
People of Winnsboro should, and
do, judging by the advertising
patronage The News receives,
appreciate the kind of home-
town newspaper published by
that big, tall, dark, handsome
Jones and his pretty blond wife.
Both were reared in Mt. Vernon.

Wallace H. Emerson, Jr., son
of Mr. and Mrs. Dood Emerson
of Sulphur Springs, will gradu-
ate from the high school in that
city on May 25, according to an
invitation reaching this editor.
His dad and the writer are old-
time deer-hunting cronies. Wal-
lace will doubtless follow in his
dad's footsteps as a good fisher-
man and hunter. He is one of
the outstanding Boy Scouts of
this area and our heartfelt con-
gratulations to him for complet-
ing his high school education.

Alcorn Frowns On Writer's Idea to Solve Farm Ills by Part-Time Farming

Editor's note: Achin Alcorn, philosopher on his Johnson grass farm on Sulphur is worried about the farm surplus again this week, needlessly we think, as nobody can pin any of the surplus on him.

Dear Editor: Being a student of the solutions people all over the country are offering for the farm problem, on the theory it's interesting and comforting to know others are thinking about you, whether their ideas are worth anything or not, I'm naturally on the alert for new ideas along this line.

And the other day I ran across what I thought at first was going to be a wonderful idea. According to this one, put out by a city newspaper writer, everybody knows the farmer is caught in a cost-price squeeze and the way for him to work out of it is through part-time farming.

According to him, part-time farming is the answer, and I was fixing to write him a letter congratulating him on his idea, when I kept on reading. It wasn't what I thought it was at

all. "Part-time farming is the answer," he said, then explained that what he meant was farmers could whip their problem of a shrinking income by taking a job in town, working eight hours there, then rushing home and getting in their farming after hours and on Saturdays.

That doesn't strike me as part-time farming. What it looks like to me is full-time working and over-time farming.

It's nothing new to me to know that I could go to town and get a job. I've known that for years. A solution to the farm problem that requires me to work twice as hard as I am now is no solution as far as I'm concerned.

If this country is ever going to get rid of the farm surplus, the farmers are going to have to farm less, which suits me fine, but what they do with the rest of their time is none of any city newspaper writer's business.

I don't know whether there's a solution to the farm problem or not, I doubt it, but doubling my work load to do it is one of the most radical ideas I ever heard of. Yours faithfully A. A.

American workers have fewer accidents on the job than when at home, records show.

HAGANSPOUT

Mr. and Mrs. P. E. Clawson of Colorado City and one of their friends visited his mother, Mrs. B. C. Clawson in Hagansport Sunday; the W. W. Clawson family of Detroit, were also guests of his mother, Mrs. B. C. Clawson.

Mrs. John Stanley passed away Saturday. The body was brought home Sunday and funeral services were held at Terry Memorial M. E. Church by Rev. Dan Adams, pastor of Mt. Vernon Methodist Circuit, Tuesday morning.

Increased Milk Price Affects Local Markets

Milk prices in this area went up 2c a quart on most brands this week, bringing the retail cost of a half gallon to an average 52c.

A half gallon carton most places had been averaging 48c.

Major milk dealers reported increases of 2c a half pint on cream and 2c a quart on butter-milk. They said increases on other milk products, including ice cream, probably will follow.

Price hikes came as a result of a Federal marketing order. It raised the price of milk by 13c a quart to the distributors—a move designed to boost the percentage of parity to near 90 per cent for the sake of producers.

Recently the percentage has been about 70 per cent in this area.

The average cost of sweet milk in retail stores here is now 27c a quart.

One milk handler said the average milk supplier, meaning one which produces approximately 100 gallons of milk a day, will realize an additional \$5 to \$6 profits daily.

Another distributor said the 2c increase was necessary on retail prices, even though the suppliers' increase was 13c, in order to absorb salesmen's commissions now based on the higher prices.

The dairymen said the increases are nationwide.

Tex. Oldest Twins Reside at Blossom

Mr. and Mrs. John Forester visited in the home of Mrs. Ella Buchanan of Blossom. She and her twin sister, Mrs. Ellen Whitten, age 89, a sister, Miss Susie Jeanes, age 84, all live together, since the twins have lost their companions.

Mr. Whitten died in 1930. Mr. Buchanan in January 1956. They did not have any children. The Whittens had five children. They have a nice home, a beautiful yard of old time flowers, hollyhaws, four o'clocks, tulips, daffodils, iris, peonies and the like.

They have an organ which is 64 years old, a tea pitcher which is over 300 years old.

The twins both played the violin and Miss Ella the organ. Miss Susie played the dulcimer, a string instrument which has 64 strings.

They were friends of John Forester, his mother and father. At that time they lived around Rosalie, Bogata and McCrury. They are very loveable old ladies. They were offered a trip to "Strike It Rich" with their doctor, but all preferred to stay on the ground and at home.

Advertisers Buy 17% More Space In Newspapers

New York.—National advertisers invested a record 695 million dollars in newspapers in 1955, more than 100 million above the previous year, the Bureau of Advertising of the American Newspaper Publishers Association reported.

The total represents an increase of 17 per cent over 1954's \$594,120,000. The Bureau noted that these figures include only amounts spent for newspaper space; they do not include production costs.

Among the various classifications of national advertising, automotive was the leader. It was up about 60 million dollars to a 1955 total of \$199,538,000, a gain of 42.6 per cent over the previous year.

All sub-classifications under automotive showed increases. New passenger car advertising was the top gainer dollarwise—up 50 million dollars or 66 per cent over its previous year.

Groceries, second to automotive among the major classifications, rose 4.9 per cent to a 1955 total of \$135,824,000.

Deadline For New Wheat Allotments

The State ASC Committee has established July 16, 1956, as the closing date for accepting applications for 1957 new farm wheat allotments. A new farm is defined as one on which there was no wheat acreage for 1954, 1955 or 1956. Application forms are available in the county office and may be executed by those who care to file request for a new grower allotment.

An average of 400 fires break out each day in our forests, someplace in the United States. 90% of these are man-caused. In a year's time they burn over an area equal to the combined area of Massachusetts, Connecticut, Rhode Island and the District of Columbia.

DUSTSTORMS TAKE TOLL ON 1,500,000 ACRES

Denver.—Dust storms were estimated to have damaged almost 1,500,000 acres of eastern Colorado farmland during the last month.

The federal Soil Conservation Service said Wednesday most of the damage was done in the east-central counties along the Kansas state line. Three million acres of other land are reported still in danger.

WOMAN'S PURSE CONCEALS HOARD

Tomahawk, Wis.—Checks totaling \$6,000 and 16 \$100 bills were found sewn in the lining of a dead woman's handbag.

A relative of Mrs. Alvina Hurlbutt, who died Oct. 26, 1955, noticed a bulge in the purse during a search of Mrs. Hurlbutt's possessions and took it to an attorney. The checks and money were added to the woman's \$35,000 estate.
