## Mrs. M. Newman Returns to Talco School Work

Mrs. Maud Newman of Lufkin, is back in the Talco School for the balance of the school year. Mrs. Newman taught from Christmas to the end of school last year in the high school math department, replacing A. L. Stanley, who resigned.

This year Mrs. Newman replaces Mrs. W. R. Young, who had been working from 12:30 until 3:30, keeping one study hall and working in the school library. Mrs. Young was declared unqualified to fill this position by three members of the Board of Trustees in their regular meeting on October 6.

Mrs. Young did not apply for this position, but was asked to take it by the Superintendent of Schools. The superintendent felt that she was well qualified to perform the duties assigned as she had served as Library Assistant for three years while a student in Greenville High School. Mrs. Young had one year of college work at East Texas State College, taking one course in Library Science, she has had three years of typing, and had several years of work connected with and for schools in Texas.

During this time she has had six years experience as Administrative Secretary of Schools and four of these as Deputy Tax Assessor and Collector. She has in addition to her above qualifications, served in her church as youth worker for 22 years, according to Supt. Young.

Mrs. Newman comes to Talco with both a Masters and Bachelors degree, and 50 years experience. She, too, is working in the afternoon.

## Revival Meeting Assembly of God

A revival will begin at Talco Assembly of God church Sunday, Oct. 18, with Rev. and Mrs. Lee Stokes of Ft. Smith, Ark., conducting. Rev. Stokes is a well known evangelist. Services will begin each evening at 7 o'clock. Everyone is welcome, says W. L. Brown, pastor.

## Texaco Employees Have Family Safety Meeting

Texaco employees of Texaco Inc., observed family night in their October safety meeting Tuesday evening at the Calvary Baptist Church annex.

Rev. Walter Zimmerman, pastor of First Methodist Church, brought a devotional. A girls trio composed of Miss Linda Neugent, Miss Shirley Whitney, Miss Judy Young, with Miss Barbara Davis at the organ, sang "Seeking for Me."

The safety subject of the month, Home Fire Drill, was presented by Mrs. W. C. Tanner.

Guest speaker Supt. W. R. Young, talked on school safety. Jimmie Weisinger, also a guest, presented a paper "Let Me Die With Dignity." Fred Scarlett spoke on "Trick or Treat."

C. E. Walker, local drilling and production foreman, talked on safety.

For closing meditation the girls trio led the group in singing "May the Good Lord Bless and Keep You."

Other visitors present were Mr. and Mrs. J. W. Via, Mrs. W. R. Young. Other employees present were W. C. Tanner, Mr. and Mrs. L. W. Easterling and Mrs. M. J. Davis. M. J. Davis is safety chairman of the Talco area this year.

After the meeting refreshments were served.

## Trailer Load of Calves Overturns

A trailer load of frisky calves caused Deport cattleman Buster Walker's pickup to slip on Highway 271 just west of Pattonville Thursday. The calves shifted to one side of the trailer, Walker explained, and caused the pickup to overturn. Neither the calves nor Walker was hurt but the damage was heavy.

## Talco Junior High Football Schedule

Following is the Talco Junior High football schedule:

October  
13—Mt. Vernon—There.  
20—Bogata—Here.  
27—Cooper—There.

## Rain Tuesday Interrupts Crop Harvest Here

Rain Tuesday interrupted the cotton harvest in this area. Pickers were able to get in a few days of work the latter part of last week after heavy rains early had bought the harvest to a standstill. The additional moisture Tuesday was unwelcomed by farmers busy in the harvest. Official rain gauge at Deport showed .76 of an inch of rain measured Tuesday. This brought the total precipitation for the month to 4.15 inches.

Rain falling at Bogata Tuesday and Tuesday night measured .7 of an inch. Rivercrest reported .42 for Tuesday.

Cooler weather accompanied Tuesday's rain and the mercury dipped to 56 degrees Wednesday. Skies cleared Wednesday and with open weather crop harvest will be resumed.

## 3 New Members Talco Lions Club

Twelve members of Talco Lions Club enjoyed a steak dinner at the City Cafe Tuesday night at regular meeting. Three new members were reported for the first week in October. They are Joe B. Nelson, D. F. Dixon and Rev. Walter Zimmerman. A prize for the member getting the most new members during the month of October was offered by the president, E. W. Smith. Minutes of previous meeting were read by Secretary Billy Walding, and during the business session further plans were made for the box supper to be held at the high school auditorium at 7:00 p. m. on November 24. Cub Scouts, under the direction of their Den Mother, Mrs. Dan Cotten, will serve the coffee and Talco High School Juniors will serve bottle drinks.

The light bulb sale was discussed and the date set for Oct. 27. All members are requested to meet at the City Cafe at 5:30 p. m. for the meal and will leave immediately afterwards to sell the bulbs. They will be in packages of 8 bulbs and one free pass to the Talco Star Theatre and will sell for \$2.00 per package. Members were divided into two groups headed by Jerry Jones and Glenn Gaudlen. Jones and his group will work the north side of town and Gaudlen the south side. Everyone is asked to leave their porch light on that night. Earl Smith was appointed to secure a Cub Scout Master.

Miss Martha Lewis, sophomore coed, will be crowned homecoming queen during ceremonies at next Friday night's football game between Talco and James Bowie. She is the daughter of Mr. and Mrs. R. M. Lewis of Talco. The queen race ended in a tie with Jimmie Sue Gandy, and Miss Lewis won the title.

## Bank Deposits Up Talco State Bank Over Last Year

Looks like everything has improved in the financial condition of the Talco State Bank during the past year. Its statement in response to a call from the State Banking Commissioner, appears in this edition of The Talco Times.

Deposits, resources and loans are all up, compared to the bank's statement published a year ago.

Deposits are up \$34,943.82. This speaks well for the financial condition of the people of the community, despite short oil production months the past year. On Oct. 6 deposits were \$751,957.99, compared to \$717,014.17 a year ago.

Bank resources also increased \$43,064.61 during the year, being \$943,535.77 now, compared to \$900,064.61 a year ago.

Increase in loans was only \$8,953.61 over figures of a year ago. They are now \$398,431.53, against \$389,477.92 in October 1958.

## TALCO SCHOOL OFFICIALS ATTEND STATE MEET

Jack Thompson, president of the Talco Board of Trustees, and W. R. Young, superintendent of Talco School, attended the joint meeting of the Texas Association of School Boards and the Texas Association of Administrators Sunday night in Austin. Then on Monday each one attended the meeting of his own group. Each one felt it was a very profitable trip, said Supt. Young.

Mrs. Charles Jennings of Washington, D. C., visited her parents, Mr. and Mrs. J. D. Riley, from Wednesday till Sunday. Mrs. Jennings came to Talco from Kansas City and left by plane for Milwaukee, Wis. She was on an extended business trip for American Red Cross, her employer.

## NEW DIANA EAGLES DEFEAT TALCO TROJANS FRIDAY 28-14

By KENNETH DAVIS

Class B New Diana Eagles beat the Talco Trojans 28 to 14 in a non-conference game Friday night. The Trojans couldn't get going the first half. In the first quarter Talco had possession of the ball one time and lost it on downs. The Eagles took over the ball and a few plays later scored. Their first touchdown was set up by a 40 yard pass play from Lancaster to Helms. A few plays later Lancaster circled left end for 14 yards and the TD. Lancaster passed to Helms, the right end, for the extra two points. The first quarter ended 8 to 0, New Diana.

In the second quarter New Diana exploded for three touchdowns two of them were pass plays. First Sonny Bonds, Eagle halfback, circled left end for a 24 yard TD. Lancaster passed to Martin for the 2 points. The next two touchdowns came on a 32 yard pass play from Lancaster to Helms and a 40 yard pass from Lancaster to Helms. Both times the extra point try failed. This ended the first half of the game with the Eagles leading 28-0.

The Trojans came out looking like a new ball team the second half. The Trojans scored early in the 3rd quarter. Freddie Stephenson set up the TD with a 43-yard run that put the ball on the 10 yard line. Two plays later Stephenson drove off tackle for the six points. The extra points failed. The Trojans gained the ball quickly after they kicked off, on a fumble that was recovered by James Via.

Stephenson broke away again for a 32-yard run that was nullified by a red flag. This ended the 3rd quarter. The Trojans still having possession of the ball, drove to the 8 yard line but couldn't muster enough power to score.

The Eagles took the ball on downs. On the first play the

Eagles fumbled and Reggie Thompson recovered the ball on the 11 yard line. The Trojans scored the first play on an 11-yard surge through the line by Right Half Daie Funderburk. Jere Parrish added the 2 extra points on a run. The Eagles never made a serious threat the second half.

Yardstick—	Talco	N. Diana

The Junior High football game was called off, due to bad weather.

## Baptist Citation For Dick Rodgers

Dick Rodgers of Sunray, was one of the treasurers of a Baptist Church in Texas to receive the "1959 Great Commission Citation." The citation was signed by R. A. Springer, state treasurer, and Carl E. Bates of Amarillo, president of the Baptist General Convention of Texas. The citation read: "For distinguished Christian service to his church and denomination in regular missions sharing through the Southern Baptist Cooperative Program of presenting Christ in Texas and around the world."

Rodgers, son of Mrs. Stella Rodgers of Bogata, who is vice-president of Sunray State Bank, was formerly connected with banks at Ft. Worth, Bogata and Talco. He also served as Mayor at Talco. He is the son-in-law of Mrs. C. C. Newsome of Deport.

The first shot in the Civil War was fired at Fort Sumter.

# State Capital NEWS

By Vern Sanford

Austin.—Rural and small town residents will have an advantage over their city cousins when the new auto insurance rating plan goes into effect Jan. 1.

Under the new system worked out by the State Board of Insurance, a driver's auto insurance premiums will be raised or lowered according to his driving record. Each accident or ticket for a moving traffic violation puts a "black mark" on the driver's record and moves his insurance premiums up a notch.

In the congested streets of the larger cities, one wrong move, even if unintentional, often brings a ticket or a crumpled fender or both. In most small towns, the local lawman is not usually too exercised if one of his friends and neighbors makes a U-turn on the main street.

Purpose of the plan is to put the biggest part of the burden for insurance payments on the people who bring on the most damage and expense. People who have a history of numerous traffic violations, according to Department of Public Safety statistics, are ones who have the most accidents.

It is also hoped, of course, that the plan will encourage careful driving with its cash incentive.

Drivers with no record of an accident or violation for the past three years will get a 20 per cent reduction in their insurance rates. Drivers with one point against them will pay current rates.

Those with from one to five points against them will pay increased rates on a sliding scale, and those with six or more points will pay through the nose—double rates.

Some activities will be very expensive, point-wise. Drunken driving, hit-and-run driving and negligent homicide will cost four points. An accident with damage over \$25 brings two points; running a red light, only one point.

In most cases, the effect of a violation on insurance premiums will hurt the pocketbook worse than the usual fines.

**STILL AT IT**—For the umpteenth time, Texas' high-powered legal talent has gone to Washington to do battle for the state's tidelands before the United States Supreme Court.

Gov. Price Daniel and Atty. Gen. Will Wilson head the team presenting Texas' claim that it owns the submerged lands for three leagues—or nearly 10 miles—into the Gulf. Federal attorneys argue that the state owns the land only three miles out.

Former Supreme Court Justice James P. Hart and J. Chrys

Dougherty, a former assistant attorney general, also went to Washington to join in the presentation.

Other Gulf Coast states which are "in the same boat" with Texas on the tidelands issue are also participating in the now historic struggle.

**SAUNDERS ASKS RE-TRIAL**—Former Insurance Commissioner J. Byron Saunders is asking for a new trial of the perjury charges against him.

Saunders was convicted in an Austin district court and sentenced to two years in prison. He was accused of having lied to a legislative investigating committee as to why the now-bankrupt ICT Insurance Co. paid him \$7,000 while he was insurance commissioner. Saunders contended the money was payment for his interest in oil royalties on a piece of property he sold the company.

It is the first time in the history of the state that a person has been charged with perjury as a result of statements to a legislative committee. Saunders' attorneys have vowed to take it all the way to the U. S. Supreme Court if necessary.

**PANEL ON AGING**—Sen. Crawford Martin of Hillsboro has been named to head the Governor's Conference on Aging.

This group will study problems of elderly people and take the state's report to the 1961 White House Conference on Aging.

Also named by Gov. Daniel to the panel are State Welfare Commissioner John Winters; State Health Commissioner J. E. Peavy; State Employment Commissioner Perry Brown; Dr. C. J. Ruilmann, state director of mental health and hospitals; and Jess Irwin, the governor's budget director. Also, Mrs. William B. Ruggles, Herbert Shore and Eldred Thomas, all of Dallas.

**GIBBS RE-CALLED**—Joe P. Gibbs has, for the third time, been tapped to join the high command of the State Board of Insurance.

Gibbs was appointed by Gov. Daniel to succeed Board Member David B. Irons who will leave Nov. 1 to join a Dallas law firm. Irons said his resignation was not triggered by the Department's recent difficulties with the Legislature which cut salaries of top officials.

Gibbs served as an insurance commissioner from 1941 to 1952 as an appointee of Govs. W. L. O'Daniel and Beauford Jester. He served again from 1957 through February, 1958, after Gov. Dan-

iel made appointments to an entirely new, reorganized board.

**MORE APPOINTMENTS**—Other new appointees announced by Gov. Daniel are:

To the State Finance Commission: Lacy Boggess of Ft. Worth, W. B. Russell of DeKalb and Walter Taylor of Tuscola.

To the board of Texas Southern University: Dr. W. R. Banks of Prairie View.

To the Seed and Plant Board: Owen Gilbreath and Arthur Young of Lubbock, Emmett Harper of Martindale, Heino Staffel Jr. of Austin and C. B. Godbey of College Station.

As chief justice of the Seventh Court of Civil Appeals, Amarillo: James G. Denton of Lubbock. Howard Davidson of Lubbock was named to serve Denton's unexpired term as judge of the 98th district court at Lubbock.

**HOSPITALS, COLLEGES A BUILDING**—With a new fiscal year begun, state boards and agencies are busy making plans for building programs.

State Board for Hospitals and Special Schools announced that a 1,000-bed nursing hospital for mentally retarded patients will be built at Denton. Construction of new cottages to house mental patients at Denton is already underway.

University of Texas Board of Regents is beginning a \$17,895,000 building program spread over the various branches of the huge system. Most recently approved by the regents are three buildings for Texas Western University, El Paso. They will include a classroom-office building, a warehouse building and gymnasium-field house. Other UT projects, either begun or being planned, include improvements at the Medical Branch at Galveston and at McDonald Observatory, a new headquarters at the Institute for Marine Science, Port Aransas, and five buildings for the main campus at Austin.

**BETTER**—Absence makes the heart grow fonder—but presents bring better results.

**STRENGTH FOR THESE DAYS**  
And be ye kind to one another, tenderhearted, forgiving one another, even as God for Christ's sake hath forgiven you.—(Ephesians 4:32.)

When we stop to think that God forgives us of our sins not once but many times, that He loves us despite our unworthiness, how is it possible that we can keep unkindness, hatred and resentment in our hearts?

Two men, fishing on a Sunday morning, were feeling pretty guilty. One said to the other: "I suppose we should have gone to church."

To which the second angler replied lazily—"Heck, I couldn't have gone to church anyway. My wife is sick in bed."

**GOOD WHILE IT LASTS**

The boss called the new stenographer into his office. "Miss Gann," he said, "you are the best looking girl we ever had working in this office."

A pleased look came into the girl's eyes.

"You dress well," the boss continued, "you have a nice voice, you make a good impression on the public, and your department is fine."

"Oh, thank you," she said, "your compliments are very pleasing."

"Enjoy them to the fullest," returned the boss, "because we are now going to discuss your spelling, punctuation and typing."

**NATURALLY**

The young mother was taking every precaution to insure a sanitary existence for her infant son. In fact, up to the time he was three months old, visitors were not permitted to see the baby unless they wore gauze face masks. One day the mother turned to the father and said:

"Junior seems to be cutting a tooth and I suppose I should find out about it somehow."

"Well," suggested her husband, "my mother used to put her finger in the baby's mouth and . . ."

Noticing the horrified expression on his wife's face he gently added:

"Oh, of course you boil the fin-

**BIG WIND**

It was at a large party in Fairbanks, Alaska, that a native Texan was regaling his companions with story after story of the wonders of his state. Finally, a poker-faced native spoke up.

"Up here in Alaska where I come from it's foggy all summer long—real pea-soupers. Then in the fall we have beautiful weather until the snow flies."

"What happens to the fog?" he asked.

"Oh," replied the Alaskan with a happy smile, "we hire a Texan to come up and blow it all away."

**WHAT HE LIKED BEST**

A salesman became tired of his job and joined the police force. Several months later a friend asked how he liked his new position.

"Well," he replied, "the pay is fair and the hours are satisfactory, but what I like best is the fact that the customer is always wrong."

**REASON ENOUGH**

Two men, fishing on a Sunday morning, were feeling pretty guilty. One said to the other: "I suppose we should have gone to church."

To which the second angler replied lazily—"Heck, I couldn't have gone to church anyway. My wife is sick in bed."

**Overpopulated World**

In testimony before congressional investigators Christian missionaries who served in the Orient charged Chinese Communists with the murder of 30 million Chinese within ten years.

The Chinese who once controlled their over-population by smothering their girl babies have found another way. The missionaries testified that all elderly people past 60 years of age are put into "happy homes" where they are given health shots which keep them alive for about two weeks. Rev. Shih-ping Wang, East Asia director for a Baptist group, testified that the Chinese are digging up old graves and using the ground up bones for fertilizer.

About five years ago, the Chinese government took its first census and came up with 583 million, now estimated to be 650 million, with an expectancy of 800 million by 1968. They could easily absorb the Russians if given the opportunity.—Clayton Rand.

**TRUE CONFESSION**

When Dr. Johnson courted Mrs. Porter, whom he afterwards married, he told her that he was of mean extraction; that he had no money; and that he had had an uncle hanged!

The lady, by way of reducing herself to an equality with the Doctor, replied, that she had no more money than himself; and that, though she had not had a relation hanged, she had fifty who deserved hanging.

**TOO MUCH SWEETENING**

You see some of the craziest things in restaurants. Like the time I saw a guy put 10 spoons of sugar, heaping spoons, into his coffee, and then start to drink it. I walked over to him and said, "How come you don't stir it?"

He looked up at me surprised, then answered, "I don't like my coffee sweet."

**SIMILARITY**

"The new psychiatrist at the mental hospital was approached by a patient. "Doctor," he said, "we like you much better than the last doctor."

"Well, thank you," the doctor said, beaming. "But why is that?"

"Oh, I don't know," the patient replied. "You just seem more like one of us."

# new and different things IN THE 1960 Chevy!

**!new!**

**easy loading  
luggage compartment**

New convenience has been built into Chevy's big, vacation-sized luggage compartment by lowering the loading height.

**NEW**

**spaciousness inside**

Inside you'll find room and more room. There's room to sprawl in, room to sit tall in—and the roofline has a respect for hats. A new flatter transmission tunnel is a boon to the middle man. Here is the kind of space that invites the family.

**THRIFTIER**

**!!!new!!!**

**V8 POWER**

Under the hood thrift is accentuated in a new standard V8, engineered to deliver up to 10% more miles for every gallon while giving you more zest at normal speeds. Or you might choose its teammate—Chevy's Hi-Thrift 6—the engine that starts saving the moment you flip the ignition switch.

**NEW QUIET**

**AND COMFORT**

Thicker, newly designed body mounts insulate you from road shock and noise, insuring an almost cocoon-like quiet. Full Coil spring suspension melts bumps as no other suspension system can. Oil hushed hydraulic

valve lifters reduce engine noise to a whisper.

**!NEW!**

**refinements  
for the driver**

Everybody will want to be the driver when he sees the kind of pleasure a turn at the wheel brings. The driver finds Chevy has further cushioned him from engine impulses by an improved clutch linkage system. He'll also find a convenient new parking brake that automatically returns to normal height after application.

**SOME DUMB CLUCKS** have  
lost all sense of values. Ticket  
scalpers were asking \$35 each  
and getting it for football tickets  
to that Texas-Oklahoma football  
game in Dallas last Saturday.  
"What fools some mortals be."

**WRIGHT PATMAN**, Congress-  
man 1st Dist., has sent this news-  
paper a small U. S. flag contain-  
ing fifty stars, two more, repre-  
senting the new states. Also a  
booklet on how to respect and  
display our flag. This is the reg-  
ular John Hancock from the U.  
S. Marine Corps. Any differ-  
ences of opinion, gentlemen, the  
editor can give you the dope.

**ANY RESPONSIBLE publish-**  
er attempts to keep his newspa-  
per free of misleading advertis-  
ing and statements of any kind.  
Just as an illustration, the pub-  
lisher of this newspaper has de-  
stroyed over \$200 in checks and  
advertising orders he has receiv-  
ed the past year. It was his op-  
inion that the ads were untruth-  
ful and calculated to obtain mon-  
ey from subscribers without giv-  
ing them much in return.

**DRUNKEN SAILOR** spending  
of taxable wealth by a prodigal  
congress to keep its members in  
office is coming to a showdown.  
Our national debt has risen until  
it requires eight billion dollars  
yearly to pay the interest on it.  
Value of our dollar has dropped  
from 100 cents to about 47 and  
will go lower. Last week the  
Treasury Department issued two  
billions of government bonds  
with a five per cent coupon. It  
must borrow 83 billion more in  
the next twelve months. The  
Federal debt is now about 290  
billion. In the last 10 years,  
there have been seven years in  
which the Federal Government  
spent more than it took in. The  
total deficit spending for these  
seven years, including fiscal  
1959's \$12.9 billion deficit, was  
\$39.5 billion. Come next election

don't vote for any congressman  
or senator who will not agree to  
cut government expenses to the  
bone, put us on a cash basis and  
save us from national bank-  
ruptcy.

**EDITOR AND BETTER HALF**  
were in Dallas for press day at  
the State Fair. Attended the an-  
nual Texas-Oklahoma football  
game, got our picture on the front  
page of the Dallas News, along  
with the other 75,560 football  
fans, in color. During the first  
quarter we wished we had taken  
along our Talco Trojans or Bo-  
gata Bulldogs to play Oklahoma.  
But the boys from down on the  
Colorado river finally woke up  
the second half and beat the  
Sooners 19 to 12. This is the se-  
cond time in a row Texas has de-  
feated Oklahoma, previous to  
losing about a dozen games to the  
boys north of Red River. We also  
took in the horse show at the  
Fair's new two million dollar  
building. Women say there is no  
more beautiful picture than a  
handsome man astride a high-  
spirited horse, but we prefer a  
beautiful woman who sits her  
mount as if she were a part of  
the animal. After all, this edi-  
tor's granddaddy on his mother's  
side was a Kentucky horse breed-  
er and some part of his love for  
fine horses rubbed off on his  
grandson.

Miss Nancy Kelley of Dallas,  
visited her parents, Mr. and Mrs.  
Herbert Kelley and grandmoth-  
er, Mrs. Nan Neugent, Saturday  
and attended homecoming at  
PJC Saturday evening.

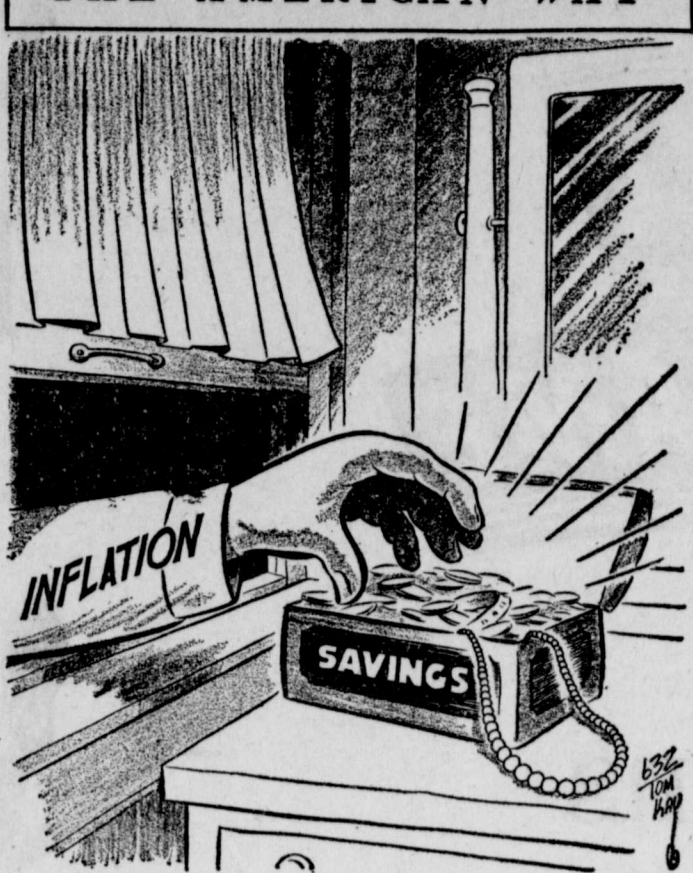

Mr. and Mrs. Jack Brown and  
family, Rev. and Mrs. Walter  
Zimmerman and Debra visited  
Mrs. Brown's parents, Mr. and  
Mrs. H. H. Lowry of Rosalie,  
Friday.

Mr. and Mrs. W. A. Hawthorne,  
Grady and her grandson, Charles  
Winkle, visited her daughter,  
Mr. and Mrs. Harvey D. Robert-  
son and children of Mt. Pleasant,  
Sunday.

Mr. and Mrs. George Leake of  
Biloxi, Miss., who spent two  
weeks with their parents, Mr.  
and Mrs. Wesley Leake, left  
Monday to go to Ft. Worth,  
where Mr. Leake will be sta-  
ted at a new base in the armed  
service.

Mr. and Mrs. Bill Gartman,  
Rosemary and Ronnie spent the  
week end with Mr. and Mrs. Bill  
McMullen and Mrs. Gartman's  
mother, Mrs. Fannie McMullen  
of McGregor, and her brother,  
Floyd McMullen of Oglesby; also  
visited Mr. and Mrs. J. H. Dick-  
erson of Clifton, Sunday.

## THE AMERICAN WAY

The Sneak Thief

### EDITORIALLY SPEAKING

BURT LOCKHART  
in Pittsburg Gazette

It may be a forlorn hope, but  
we hope all the desperadoes killed  
on TV last season are still  
dead.

Khrushchev's visit to the United  
States was an important page in  
world history. Only time will  
tell how well the page was writ-  
ten.

Remember way back when the  
slow, measured strokes of the  
church bell was a reminder that  
a funeral procession was in pro-  
gress

It remains to be seen whether  
friendly association will do more  
toward melting the icicles of a  
cold war than diplomatic cor-  
respondence.

Mr. Khrushchev never failed  
to put in a good word for his  
native land. After all, we must  
give him credit for speaking up  
for his country.

The poetess told us to laugh  
and the world will laugh with us,  
but now that television is here  
if you can make the world laugh  
your fortune is made.

Mr. Khrushchev did not become  
thoroughly Americanized, but he  
got far along the way. Before  
he left our shores he ate a ham-  
burger and liked it so well he  
ordered another.

If union labor members would  
strike against their leaders may-  
be they would not stand to lose  
so much in every strike called.  
The big steel strike is reported  
to have cost the members \$1200  
to \$1500 each.

### Information For Brides-to-Be

This newspaper has repeatedly  
told the girls who get married  
and want their pictures in the lo-  
cal paper that it requires time for  
a photographer to make a picture  
and for the engraver to transfer  
that picture to metal.

But they continue to procrasti-  
nate in this important matter.  
Pictures from which engravings  
are made should be in our hand  
by 10 o'clock Monday mornings  
for that week's edition. Seldom  
can they be handled later. And  
don't ask us to hold up a story  
about the wedding for a week to  
get the pictures. We don't want  
a wedding story after it is a week  
old.

Mr. and Mrs. Gene Worthington  
announce the arrival of a  
son Oct. 13 at a Mt. Pleasant hos-  
pital. Weighed 8 lbs., 11 ozs.,  
and has been named Stayton Lu-  
gene. Grandparents are Mr. and  
Mrs. S. F. Worthington of Talco  
and Mr. and Mrs. Paul D. Brown  
of Mt. Pleasant.

A lady reader has retired from  
an organization which she man-  
aged 18 years. She says she is  
going to have a long rest with  
lots of trips and entertain friends.  
She began the first week of her  
retirement by working over 24  
pairs of window curtains.

## GLAD TO LEARN SOME QUIZ FOLK JUST ORDINARY AFTER ALL

Editor's note: Achin Alcorn, philosopher on his Johnson grass farm on Sulphur views the quiz show scandals this week.

Dear Editor: I'm not exactly a television fan, television programs don't turn up out here like newspapers, people can't hand you television program like they can a newspaper, but none-the-less I manage to look at a few programs now and then and I was interested in reading in a newspaper I borrowed out of my neighbor's mail box yesterday that Congress has been investigating the quiz programs which were so popular last year on television.

contestants have testified that the quiz programs were rigged, that the answers were given to them before they went on the air.

Now this has struck some people as outrageous, they think something ought to be done to the television producers who worked such a fraud on the public.

I disagree with this attitude completely. Personally, I am very satisfied to learn that some of the contestants claim they were given the answers ahead of time.

I watched those people rattle off answers to almost impossible questions, week after week, and their vast store of knowledge was making people like you and

me, at least me, feel inferior. It just wasn't human to have that many facts crammed in your head.

It's a pleasure to me to get this thing brought to light. As for working a fraud on the public, that's an unpleasant thing, but let's not carry our outrage too far. Congress doesn't want to get too energetic about it. People demand a certain amount of fraud in their entertainment and possibly in their politics. Nearly everybody knows the gunmen in TV western use blanks. There never was a woman's hat that some man wouldn't brag on, and everybody knows there are some hats that the only way you can brag on them is to lie.

There's nothing wrong with hokum, as long as the people know it's hokum. Congressmen know that, especially do Congressmen know that.

Yours faithfully, A. A.

## Farmers May Lose Social Security

Some farmers are losing social security credit by not reporting their earnings, according to Paul J. Files, district manager of the Paris social security office. This may mean loss of benefits to a farmer's survivors if he dies or loss of his own retirement benefits.

Any farmer who has a profit of \$400.00 or more in a year is required to file a tax return and pay social security taxes. This return must be filed even though the farmer has no income tax to pay. Even if a farmer does not have a \$400.00 profit but has a gross farm income of \$600.00 or more, he can elect to report his farm income for social security purposes.

Farmers who have neglected to report earnings for social security credit may still do so for 1956 or any later years. Files stated that any farmer who wants to report earnings from self-employment should contact the local social security office or internal revenue office for advice.

### BIG MOMENT

"A baby's troublesome," admitted the father, "but remember the hand that rocks the cradle rules the world."

"Well," replied the wife, "suppose you assume world domination for a couple of hours, while I'm at the movies."

hand Monday evening when he attempted to remove a skillet of hot grease from the kitchen stove when his mother was called to the telephone. Although in pain, Royce Dean's most concern was that he had probably ruined his chance to play football with his team this week end.

Mrs. W. E. Bradshaw visited her sister, Mrs. Verna Barron of Ft. Worth, the week end, who underwent lung surgery Monday in a hospital there.

Linda and Carolyn Kennedy, daughters of Mr. and Mrs. "Chick" Kennedy, who live on the M. H. Dryden place, enrolled in Sunday School at the Baptist Church Sunday. Dixie Brock, formerly of Houston, who will spend the winter with her grandmother, Mrs. John Hervey and attend school, placed her membership with the church, Sunday.

Another possible reason why there are so many unemployed people is that there are not enough air-conditional jobs to go around.

## Trespass Law Has Sharp Teeth

A new trespass law became effective in Texas Oct. 14. It provides penalties of up to 30 days in jail and a \$500 fine and forfeiture of hunting or fishing licenses for a period of three years, upon conviction.

The law makes it illegal for any person to hunt, fish or camp on the enclosed property of another person without the consent of the owner or other person in authority. The new law is enforceable by any peace officer and arrests may be made without warrant.

Under the new law, enforcement of the trespass law is the work of peace enforcement officers, which preclude the game warden. Now when the game warden finds a poacher the only thing he can do is to notify the landowner then can make a complaint and cause the arrest to be made by a peace officer.

### AGREED

### Band Will Play At State Fair

Citizens are no longer wondering about the booming of the drums and horns night after night on the Trojan field, the Trojan band is going places. Citizens are proud of our fifty-piece marching band and with the proper backing by the Band Parents Club and citizens of Talco, they will bring home the honors. They perform at each football game and each performance is better than the other. October 20, Talco will be represented at the State Fair by our Trojan Band. They will play a concert at 12:20 a. m. on the mobile stage. In November the band will travel to Texarkana to enter a marching contest and are walking off shoe leather now preparing for it.

Mrs. Dollie Smelley has returned from a visit to Winters to make her home with her son, D. J. Smelley and Mrs. Smelley. Mr. and Mrs. Smelley were in Longview Monday. Benjamin Franklin invented bifocal glasses.

### Talco OES Has Membership 80

Talco Chapter No. 846 OES, with Mrs. John F. Cook, worthy matron, reports: The chapter will celebrate its 21st anniversary the night of October 27, when a history of the chapter will be given by Mrs. E. W. Smith, one of three charter members still active. The others are Mrs. A. C. Hopper and Mrs. Sidney Frugia. The total membership now is about 80.

A study course is being held each Thursday at 9 a. m. in members' homes, in preparation for the annual school of instruction, for which certificates will be awarded. Two bake sales recently netted the chapter \$50 to help redecorate the Masonic hall.

### OBJECTS MAKE NEW BELIEVERS

Honolulu. — A Pan American Airways pilot, who spotted a mysterious bright object traveling in the skies at "inconceivable speed" last week, said it had made "a believer" out of him.

The pilot, Capt. George Wilson, 43, Seattle, Wash., a 19-year flying veteran, said he had never before believed such flying objects existed.

Wilson was one of five trans-Pacific airliner pilots who reported sighting the lights.

The reports "varied a little bit," with some of the pilots saying the lights could have been a meteor and others that they could not have.

Most of us are willing to take the world as it is, with or without a fence around it.

## Alcorn Chides Visitor Who Criticizes Him for His Defense of Laziness

Editor's note: Achin Alcorn, philosopher on his Johnson grass farm on Sulphur, seems to be defending himself this week, which is a pretty good sized job.

Dear Editor: A man stopped by my place out here yesterday, said he was in a big hurry, had to get back to work, but took long enough to say he didn't approve of my letter to you last week. I was defending laziness.

"Trouble with the world now is it's got too many lazy people in it," he said, and hurried off to work.

Well, it may be that the trouble with the world today is it's got too many lazy people in it, but this is the first I knew the hydrogen bomb was built by lazy people. Or guided missiles. Or bacteriological warfare.

Now I'm not saying everybody ought to be lazy, every time I turn on an electric light bulb I'm thankful Thomas Edison wasn't lazy, although it'd suit me if the light company was a little lazier about reading the meter, but on the other hand some of the world's greatest mischief has been caused by busy people. How much further along would the world be today if Hitler had been a lazy man?

It all depends on what a man's busy at. I guess one of the busiest men I've ever read about was that burglar they arrested in

### NOTHING BUT BOYS FOR 200 YEARS! THEN IT'S A GIRL

Hollywood, Calif. — Oh, boy! It's a girl!

That was the cry in the Richard E. Carpenter household. For Mrs. Carpenter had just given birth to the first girl born into the Carpenter clan for 200 years.

"It has been seven, or maybe eight generations since the family had a girl," Carpenter, 29, said joyfully.

### AUDITORS VISIT TALCO SCHOOL

Walter Buttman and Herman Knodel, auditors for the Texas Education Agency, were in the Talco School part of Monday and Tuesday auditing the attendance and other records for last school year. They gave a very good report, according to Supt. W. R. Young.

California the other day who averaged breaking into a home six nights a week for two years in twenty states.

My position is, and understand I'm not defending it, I figure a man can take a position without defending it, is that if a man feels like keeping busy, he ought to, and if he feels like loafing, he ought to, if he can get by with it.

When Edison perfected the light bulb, I don't figure he objected to a man's switching it on and opening up a newspaper and sitting back and enjoying himself under it. You're not going to catch me getting so busy I don't have time to enjoy the results of some other man's work. It wouldn't be fair to him.

I guess I could find out the news of this part of the country by getting out and digging it up, but it's a whole lot better to sit back and let you dig it up for me. And I have a notion you prefer it this way, too.

Yours faithfully, A. A.

We still don't understand why they call it "political economy" when most of our extravagance is politically born.
