New Wildcat Test Near Rivercrest Will Be Drilled

Gibson Drilling Co. of Kilgore, is expected to move in this week on a drilling site in the N. D. Burnett survey, on land owned by Stewart Lumber Co., a mile and a half east of Texas Power & Light Company's Rivercrest electric plant in Red River County.

Autrey Sikes and J. B. Brown of Talco, assembled a block of 1900 acres, securing some of the mineral rights from Coline Oil Corp. Large surface casing will be set for a deep test if it is decided to drill to the Smackover. A portion of the leases are in the Preston blend survey and land adjoining on the west, L. D. Lowry of Mt. Vernon and Clarence Stevens of Omaha and Gibson Drilling Co. are partners with Sikes and Brown in drilling the test.

A road to the drilling site from the highway has been constructed and slush pits dug.

Damage Suit Moved To Federal Court

A \$72,000 Titus County damage suit has been transferred from 76th District Court in Mt. Pleasant to Texarkana Federal Court.

The suit was brought by Mrs. F. E. McGee Sr. on behalf of her son, F. E. McGee Jr. and Ethel May, representative of her husband's estate. Defendant in the suit is National Homes Corp. Mrs. McGee alleges Henry Alton Hanson, driver for National Homes Corp., was negligent on the night of Feb. 18 when the truck he was driving struck the McGee car just south of Talco. McGee was killed in the smashup.

Mrs. Wesley Leake and daughter, Terry, spent the week end with her son, Mr. and Mrs. George Leake of Ft. Worth.

Little League Play Begins June 2nd

Paluxy Little League baseball will get underway on June 2, the schedule which has been set up reveals. Talco will field three teams and Bogata two.

Deport made application for a team for the League, but applied too late for this year, Secretary Garland Jagers stated.

Mr. and Mrs. Jack Winn and daughter, Jackie of Dallas, visited Mr. Winn's sister, Mrs. and Mrs. M. D. Thompson of Baytown, Mr. and Mrs. Brow Williams of LaMarque and Mrs. Winn's nephew, Mr. and Mrs. Tony Eaton of LaPorte, over the week end.

Hail Accompanies April Shower

An April shower Thursday afternoon was accompanied by some hail. In the Deport area the hail was small and no damage was reported. Rainfall totaled .44 of an inch, according to A. C. Nixon in charge of the government rain gauge in Deport.

Another shower Sunday morning about 2 o'clock brought .24 of an inch more moisture in the Deport section. This brought the total monthly rainfall to less than an inch—.77 of an inch. This compares to 3.52 inches to the same date in April last year.

Both showers were welcomed by farmers as recently plowed ground needed rain. The moisture will also aid in bringing up seed planted last week. Some cotton farmers are planting cotton seed while others are waiting for warmer weather.

A cool wave moved across the state with the showers and lowered the mercury to the upper 40's. Young gardens are up and growing rapidly and will soon afford early vegetables for home use.

Pasture grasses have put out and are affording grazing for cattle and livestock.

Talco Wins 14-A Tennis Meet

Talco won out over other schools representing District 14-A in the district tennis meet staged at Queen City April 13 and 14. Talco's entries gained a total of 43 points to win the team scoring title, followed by Queen City with 39 points and Mt. Vernon with 38 points.

First place winners for Talco were Ronny Webb in the Senior singles division; Virgil Jones and Danny Perdue in the Senior doubles division. Talco's boys met stubborn opposition from the Mt. Vernon boys, but had the stamina and courage to fight from behind and win.

Other students who entered and contributed to the Talco win were Rodney Russell, Leo Perdue, Becky Lewis, Jo Ann Mannkins, Marjorie Richardson, Sylvia Lewis, Martha Lewis, Jimmie Gandy, Mae Kaylor, and Ronny Nelson.

Book Lovers Club With Mrs. Jones

Mrs. Felix Jones was hostess
to Talco Book Lovers Club Fri-
day afternoon at her lakeside
home on Highway 271, south of
town. The Easter theme was car-
ried out in arrangements of sea-
sonal flowers, Easter eggs, bun-
nies and baby chicks.

The meeting was opened with
the club prayer by Mrs. J. H.
Weatherall. The president, Mrs.
J. L. Cato, presided. Roll call
was answered with "Why I Buy
an Easter Bonnet." The cere-
mony upkeep was discussed.

The program, "New Spring
Fashions" was directed by Mrs.
R. W. Sanford during which
time she talked on the origin of
fashions and discussed the new-
est trends in the new spring
wardrobe, adding that to be well
dressed one must dress in the
same manner as other people in
their community.

In the quiz games on materials
and articles used in sewing, Mrs.
D. F. Dixon and Mrs. E. W. Smith
excelled and were awarded dai-
nty crystal bud vases. Mrs. Cato
won the door prize.

Mrs. Jones was assisted by her
daughter, Miss Nelda Jones of
Dallas, in serving a colorful and
delicious salad plate, fruit punch
and home made ice cream, to 10
members and two visitors. Visi-
tors were Rusty Jones and Miss
Jones. Tiny toy Easter chickens
were the plate favors.

The next meeting will be in the
home of Mrs. Dixon when Mrs.
B. M. Walding will present a pro-
gram on "Our 50th State."

Flanagan Candidate District Attorney

Some three years ago, I made
the race for District Attorney of
this district but lost in the Sec-
ond Primary by a very small
margin. During that race, I re-
ceived a wonderful vote and do
here and now again thank you
and each of you from the very
bottom of my heart for this fine
vote and ask that you again give
me consideration in my efforts
to be elected to this office of
public trust. Even though I failed
to be elected in my first at-
tempt, I gained new and lasting
friends throughout this district
which was worth more to me
than words can express.

Many of my friends over the
district suggested to me that I
make this race and this has had
a great bearing on my decision
to enter the race again. To re-
fresh your memory as to my
qualifications, I wish to say that
I hold a Bachelor of Science de-
gree from East Texas State
Teachers College, a Bachelor of
Law degree from Southern
Methodist University, served four
years in the Texas Legislature
and served six years as County
Prosecuting Attorney for Titus
County. I have been engaged in
the practice of law for about
twenty years and have had con-
siderable trial experience. I am
married and have three little
boys and now reside about five
miles from Mt. Pleasant on the
Talco Highway.

In my opinion, a good District
Attorney will make himself
available to all peace officers on
a 24 hour basis so that crime may
be investigated immediately af-
ter it happens. If you elect me
to this post, I will insist that
the officers call me at any and
all hours of the day or night in
order that I might properly in-
vestigate a crime immediately
after it has been committed.

As stated above, I have made
the race for this office once be-
fore which was very expensive
and both of my then opponents

Odell Belcher Issues Statement

To the people of Precinct
Three: I take this opportunity to
announce that I am still a candi-
date for commissioner of this

informed, my name will not be

written in. If I get enough votes
in this primary election my name
will be put on the last primary
election ballot. I trust you will
see fit to write my name in on
the ballot and I want you to
know I will do my best for the
people of this precinct

Sincerely yours,

ECONOMY PROVED IN MOBILGAS RUN!

CORVAIR BY CHEVROLET DRIVE IT! GET OUR DEAL!!!!

A pair of Corvairs recently recorded 27.03 and 26.21 miles per gallon in the 2,061.4-mile Mobilgas Economy Run. That's certified proof that Corvair skimps on gas costs. It saves other ways, too. Corvair is the only U. S. compact car that never needs antifreeze or costly radiator repairs. Come in and drive the compact car that outdoes them all.

Things Corvair gives you that America's other compact cars can't:

Practically flat floor... real foot room for the man in the middle. Fold-down rear seat gives 17.6 cu. ft. of extra storage space. Four-wheel independent suspension for a smoother, flatter ride.

Rear-engine traction... that comes with the engine's weight bearing down on the rear wheels.

You probably realize already that the mileage figures Corvairs recorded in the Mobil-

gas Run are higher than the average driver can expect. But because the cars met every kind of driving condition—rugged mountain grades, long country straightaways, congested city traffic—those mileage figures prove Corvair's inherent ability to save. Operating costs take a nose dive the day you take delivery of a Corvair.

"HOME FROM THE HILL" IS GOOD PICTURE WITH SULPHUR LOCALE

By SAM HOLLOWAY

Instead of just "resting himself, begosh," the editor put in a fairly full day Sunday. He read the morning newspapers, ate a good breakfast, and accompanied by Mrs. Holloway, went to the Baptist church to hear Pastor George Griffin preach a good sermon on the Resurrection and Doyle Whitaker to sing, "Were You There."

Drove over to Mt. Pleasant and ate a good meal at Irvin Gage's Alps Cafe. Others present from Deport, Bogata and Talco appeared to have had the same idea.

Went from the Alps to the Martin Theatre to see Robert Mitchum and Eleanor Parker in "Home from the Hill." S. L. Ger-

hard who operates that theatre and is a regular advertiser in The Talco Times, wouldn't take our money for admission tickets. Gerhard is one of the most pleasant patrons we have. He always has a smile and a pleasant word; never a gripe about the weather that affects show business, or that he is spending too much money for advertising.

William Humphrey, native of Clarksville, wrote the book, "Home from the Hill," from which the picture was made. Some of the scenes were shot in Sulphur bottom in Red River County, including a boar hunt. A great boar with tusks several inches long that curved up, was supplied by a Titus County man.

We have forgotten his name, but we published the story when the picture shooting was taking place last year.

In the fight between boar and hounds he kills two of them. Some of the locale was familiar to this editor—he has hunted squirrel over it in other years.

The story itself reflects upon the character of a prominent ranchman. We don't know where Humphrey got his idea for the yarn. We have personally known most of the prominent men in Red River County for the past 48 years. The late Dr. J. J. Taylor, former editor-in-chief of the Dallas News was publisher of the Clarksville Times 65 years ago, and as a co-worker on the Dallas News, he never mentioned to me any such character as Mitchum portrays in the picture. As usual, Mitchum did a fine job.

About the only thing we ever heard derogatory of Red River County folks is that they had feuds before the turn of the century, and killed so many that births had a hard time keeping up with them, and the man who told us that story related it as a joke.

They were dynamiting a few dipping vats when we came here in 1912 and making white lightning in Sulphur bottom near where this picture was shot, but in all of our hunting in that vicinity, we never came upon a still.

On the other hand, over in adjoining McCurtain County, Oklahoma, in 1926 we counted 26 still sets, some of them in operation, during one week's deer hunt, between Big Cedar, Little Cedar and Lukefader creeks. One of them was a big outfit, located in a box canyon, with a spring of good water gurgling at the foot of the mountain. That still had a regular smoke stack as large as those used by a cotton gin back in earlier days when the boiler was fired by cord wood.

"Home From the Hill" is a good picture and a good story. A dotting mother tries to raise a son as a namby-pamby, while his father tries to make a man out of him. Nearest it comes to identifying locale is Sulphur river. Most of the picture theatre fans in this area have now seen it, hence this review and a defense of prominent Red River County citizens.
