Tuesday Was First Day of Spring

Spring, the vernal equinox, was officially ushered in on Tuesday, March 20. That means winter is over as far as the calendar is concerned. But sometimes the elements do not observe the official date and winter makes a return engagement as it did last Wednesday afternoon by blanketing the area with snow.

Snow began falling shortly afternoon on Wednesday and by nightfall most of the area had a white coat. Japonica, other early flowers and shrubs had begun to bloom the first of the week during a warming trend, thus adding color and beauty to snow. With a bright sun Thursday and warmer temperatures, all of the

snow had melted by mdmorning. Livestock feeding is continuning to taper off again in the

Big news of the session was the unanimous opposition to legalizing pari-mutuel betting on horse races. Texas voters will have an opportunity to express their own views on this subject at the May

5 primaries. Rep. V. E. "Red" Berry of San Antonio got this issue listed on both the Democratic and Republican ballots by presenting both political party headquarters with petitions signed by more than 200,000 persons. Petition asked the legislature to give the people an opportunity to vote on pari-

mutuel betting. Further questions to the candidates at the newsmen's dinner revealed diverse opinions on repeal of the poll tax as a prerequisite for voting. Four favored repeal; two opposed it. Senator

Preston Smith and Bill Hayes were the opponents. Candidates present at the meet-

ing were Senators Preston Smith, Jarrard Secrest, Crawford Martin and Robert Baker, all democrats, and Bill Hayes and Kellis Dibrell, republicans. Speaker James A. Turman, the seventh candidate, was absent.

Former Lt. Gov. Ben Ramsey moderated the discussion. He closed the session with a comment that most people underestimate the importance of the job of lieutenant governor.
