Wright Patman's Weekly Letter

1st Congressional Dist. of Texas
"Heart of the Gulf Southwest"

Frequently the biggest news happens quietly, gradually. This is the way it has been with the latest trends in the cold war. The United States has been pulling slowly ahead. Now it's Russia who is under pressure—forced to respond to our actions. The initiative has been slowly shifting to the West. In missiles, in space, in relations with the under developed countries, the Soviets have lost ground.

America is spending roughly \$5.00 on defense, foreign aid, and related expenses for every \$4.00 Russia has budgeted. Yet we are placing only around a tenth of our income in these categories, while it is costing Russia almost a fifth of her gross national product.

Reds need food—badly. Every Communist country is short of food. They simply are not producing enough. The Chinese are starving. Cubans are short of most of the items they had become accustomed to receiving from America for their sugar. Throughout the Communist world there is a serious and growing shortage of food.

Superior productivity of free enterprise is clearly shown by production figures. The West—Western Europe, America, Japan—all have economies of abundance.

The Communist nations are finding it increasingly necessary to cut back on civilian goods in order to pay the bill for armaments. It is felt by many that this is one of the key reasons for Khrushchev's note expressing hope that East-West tensions be reduced.

Historically the Communists have never quit a game they are winning. Their taking the initiative toward a reduction of tensions (and competition) suggests they realize that things are not going well for them. If this impression spreads to the rank and file Party members in Russia, Khrushchev could find himself in even worse trouble—fast.

Another employment record was established in the month of May. Employment shot up another 912,000 to a new all-time high of 62,775,000. Unemployment declined in over 90% of the 150 major labor-market areas surveyed.

Steel output is now at 55% of capacity—down from more than 80% during the first quarter of 1962.

Foreign trade. April exports were up 8% over a year ago. The export gain was greater than the rise in imports, thus creating an increase in our export surplus.

Obscene literature and other material is a continuing problem. All of us see it from time to time on newstands and in bookstores. Recently, I have received a number of inquiries about pending legislation on this subject.

At the present time, there are eleven bills before the House aimed at eliminating filth of this kind. A number of these bills are similar or identical. Two approaches are offered. One makes it a felony to mail obscene literature to anyone under the age of 19 years. The other would create a Commission to be appointed by the President to deal with the subject. Members of the Commission would represent law enforcement agencies, radio and TV, the publishing industry, educators, the clergy, and would also include governmental members.

Corn Stalk Borer Causing Concern

By E. E. NEAL JR., Titus Co. Agt.

An insect called the corn stalk borer is causing a lot of concern and damage to growers who have corn in the county this year. This insect bores in the center of the stalk and if enough are present can cause considerable damage by causing the corn to lodge or fall down.

The unfortunate thing is that at the present time there is no chemical control for this insect. It overwinters in the root or base of the corn stalk. So far the only means of destroying the insect is to plow up the corn stubble this fall so as to leave the roots turned up. This will expose the worm to the winter weather.

Keep a notice on your corn and if these insects get bad I would suggest you either harvest the corn for silage or turn in on and let the cattle graze it. The worm will work in the stalk as long as it is green.

If you would like for me to help you check it please let me know.

Injuries Reported Bogata Car Crash

Four people were reported injured and a Dodge and Valiant car damaged extensively in a collision at intersection of Highway 37 and 271 at Bogata about 1 p. m. Sunday.

Mr. and Mrs. Walter Bond of Sulphur, Ok., were carried to Mt. Pleasant hospital by Bogata Funeral Home ambulance. Bond had an injured arm and his wife suffered from head and chest injuries.

Extent of injuries to occupants of the small car, reportedly from Arkansas and on a vacation trip, was not learned.

The Commission would seek ways to bring about a co-ordinated effort at all levels of government and through our schools, our churches, and other means to halt the flow of obscene material being poured out to our youth.

World Central bankers from all nations continue to meet, discuss economic policy. The Federal Reserve regularly sends representatives to meetings of the Bank for International Settlements. While, of course, there are many matters that require attention by our representatives to this organization, there is continuing concern over the unauthorized, secret discussions of purely domestic policy questions.

The School Lunch Program has been one of the most widely acclaimed of all Federal programs. It has helped reduce food surpluses and at the same time has contributed to the health of our younger people. In the past, the allotment of funds among the states has been based on the school age population and the per capita income within each state. A proposed amendment presently before the Congress would add to this formula the need of students in a state for free or reduced price lunches. In those areas where local economic conditions result in some students being unable to pay for their lunches, additional funds would be made available to compensate for this.

"The tax paid to support education is not the thousandth part of what will be paid if the people are left in ignorance."—Thomas Jefferson.

Titus County Is Rated 4-Star In ETCC Survey

Titus County is once again rated a four-star county in the East Texas Chamber of Commerce tax survey, figures released Wednesday show.

The county received one star each for operating all funds on a cash basis; for the fact the net debt per capita is not above the state average; for collecting 95 per cent of current taxes, and/or 100 per cent of current and delinquent taxes; and for the fact its tax burden (or cost) per capita is not above the state average.

The lone star denied the county by the regional chamber is for failure to operate within its budget.

In this category, the county had actual expenses of \$393,965.80 against a budgeted expense of \$363,793.75. The chamber's report showed actual receipts for the year of \$387,436.61, which was a comfortable margin over the budgeted receipts figure of \$364,663.30.

Compared to anticipated expenses, road and bridge expenses were above the estimate. The same was true of general fund expenditures and officers' salaries expenditures.

Joneses Enjoy Ten Day Vacation Trip

Mr. and Mrs. Jerry Jones and Rusty and Mr. and Mrs. Bill Jones of Dallas, returned home Tuesday after a ten day vacation trip. They attended baseball games between the Houston Colt 45's and the Los Angeles Dodgers in Houston; visited places of historic and scenic interest in New Orleans, La. and Natchez, Miss. They spent a week at the Gulf Hills Dude Ranch and Country Club at Ocean Springs, Miss., where they enjoyed horseback riding, golfing, swimming, water skiing and motor boat riding. Mrs. J. M. Grant Dies Unexpectedly At Mobile, Ala.

Mrs. J. M. Grant, 72, of Deport, died unexpectedly at 7:15 Friday morning near Mobile, Ala., as she, Mrs. Stanley Bell, Mrs. Les Holder and Mrs. Britt Lassiter of Bogata, were on a vacation trip to Florida.

She was the widow of J. M. Grant, founder of the Grant Funeral Home.

Funeral services, Sunday at 2:30 p. m. were held at First Methodist Church where she had been a member since 1911, the pastor, Rev. Rex Carleton, officiating. Fry & Gibbs Funeral Home of Paris was in charge of the arrangements, burial being made in Highland Cemetery, Deport.

Named as bearers were Charles Davidson, Jr., T. V. (Dyke) Skaggs, Delbert Norman, Carlos Ladd, Elbert Veteto Jr., Dr. Sam B. Kelsey, Jimmy Montgomery and Mac Webb.

The former Miss Pearl Holt, Mrs. Grant was a daughter of Robert and Mattie (Hale) Holt, and was born at Rugby, Feb. 14, 1890. She and Mr. Grant were married in 1911, his death occurring in 1959. She was active in the Methodist Church and its organizations, and in various study clubs and civic affairs.

She leaves two sons, Mahlon Grant, Dallas, and James Grant Deport; a brother, Bob Holt, Deport; a sister, Mrs. Opal Comer, Tucson, Ariz., ahalf-sister, Mrs. Eugene Smith, Searcy, Ark., and two half-brothers, Wayne Holt, Portland, Ore., and Kenneth Holt, Oklahoma City.

Mr. and Mrs. Billy Joe Jones and family of Winnsboro, were guests of Mr. and Mrs. R. G. Hood, Saturday evening.

Mr. and Mrs. Jones, spent ten days with her aunt, Mrs. Galen Johnson in Tyler while her parents were on vacation.

Violent Weather Hits This Area

An electrical storm late Monday evening and again about midnight brought heavy rain to some sections. During the thunderstorm about 7 p. m. lightning struck Rev. C. G. Renfro of Blossom, at his pasture near Deport and ignited a pasture at the Jeffus ranch north of Deport. Renfro was not seriously injured. Approximately six or seven acres of grassland was burned before Deport Volunteer Firemen brought the blaze under control.

Before the thunderstorm the mercury had climbed to 95 degrees on Sunday and Monday to reach the highest reading for this season.

Summer will be officially ushered in on Thursday.

Three inches of rain fell at Bogata late Monday afternoon within an hour. The downpour was accompanied by an electrical storm and lightning felled a large tree at the W. B. Jewett home on North Hudson Street. Lightning damage was also reported at the Bill White and Fate Smith homes. Rain during Monday night measured .4, making a total of 3.4 inches of rain this week.

Rev. Renfro Hurt By Lightning

Rev. C. G. Renfro of Blossom, formerly of Deport, was struck by lightning during an electrical storm Monday evening about 7 o'clock at his pasture west of Deport.

It was reported he had been driving a tractor and mowing weeds, and had started to his car when a lightning bolt hit him on the right arm and neck, knocking him to the ground. Shortly afterward, Rev. Renfro managed to get to the car, parked just outside the gate, and drive to the home of Bill and Henderson Parchman on Highway 271, where he summoned help by sounding

Onie V. Slaton Buried At Talco

Onie V. Slaton, 37, of Dallas, passed away Saturday about 9 a. m. following a short illness. Funeral service Sunday at 2 p. m. was held in the First Baptist Church in Lancaster, and interment followed in Talco Cemetery. Rev. W. D. Broadway officiated.

Surviving are his wife, the former Mattie Lee Swinford of Talco, a daughter, Gloria Ann Slaton of Dallas, his parents, Mr. and Mrs. Frank Slaton of Halesboro, two brothers Homer Slaton of Dallas, Buck Slaton of Halesboro and a sister, Mrs. Alice Trussell of Deport. Deceased, son of Frank and Mary (Pope) Slaton, was born in the Halesboro community on Nov. 19, 1924. He moved to Dallas a few years ago.

R. River Hospital Bonds Are Sold

County Judge Gavin Watson, Jr., has been notified of the sale of 225,000 of Red River County's general obligation bonds, recently voted for hospital improvement.

The bonds are 30-year maturity, with a 20-year call option. The bonds were sold at a graduated interest rate based on date of maturity. Bonds maturing 1963-67 have an interest rate of 3%; 1968-1977, 3 3/4%; 1988-1984, 4%; and, 1985-1992, 4 1/4%.

A certified check in the amount of \$225,345.33 has been received by the County depository bank and placed in the Hospital Building Fund. The amount of \$345.33 represents interest from the time of sale of the bonds until payment was received by the County.

Plans and schematic drawings of the proposed improvements of the proposed improvements have been submitted to the State Health Department by O'Connell & Probs, Architects, for approval. Application has also been made for Hill-Burton matching funds, by which the Federal government makes a grant equal to the amount of County contribution. Approval is expected this fall, at which time construction will be planned in detail.

the car horn.

After first aid he was taken to a Paris hospital via Grant Funeral Home ambulance. Later reports were he suffered shock and had recovered sufficiently to return to his home Tuesday afternoon.

Scooter-Truck Crash Fatal To Dallas Youth

William Matthew Huddleston Jr., 14, son of Mr. and Mrs. W. M. Huddleston Sr. of Dallas, was dead on arrival at a Dallas hospital after the motor scooter he was riding collided with a parked utility company truck near his home. He was alone at the time and crashed into the parked vehicle.

After a service in Dallas Saturday morning another service was held in Mt. Pleasant at 3:30 in the afternoon. Interment followed in DeShield Cemetery in the Wilkinson community.

Surviving besides his parents of Dallas are a brother, Vernon Riddle of Wilkinson; and grandparents, Mrs. R. E. Huddleston of Texarkana, Ark., and Mr. and Mrs. C. B. Harris of Wilkinson. The youth's mother is the former Opal Harris of Wilkinson.

Bogata Motorcade Advertises Rodeo

A motorcade advertising the three-night Bogata rodeo beginning Thursday, set out Tuesday to visit area towns, publicizing the show.

Elimination rides for the junior barrel racing event were postponed from Monday until Tuesday night at the arena because of rain.

The rodeo is scheduled for Thursday, Friday and Saturday nights at the rodeo arena at 8 p. m.

Talco Students On ET Dean's List

Named to the Dean's List at ETSC, Commerce, for the spring semester were Mrs. Barbara Jean Russell, daughter of Mr. and Mrs. Eugene Mankins of Rt. 2, Mt. Pleasant, Mrs. Jane Norman, daughter of Mr. and Mrs. R. J. Rosson, James Foster and Diana Sue Cook, daughter of Mr. and Mrs. J. F. Cook of Talco.

Each student named to the Dean's list had at least 15 semester hours and maintained better than "B" average.

Kerry, Pamela and Blane Borger of Richardson, have been visiting their grandparents, Mr. and Mrs. H. D. Lightsey. They met Mr. and Mrs. Borger of Richardson in Greenville Sunday. Pamela and Blane returned home with them. Kerry remained here for a longer visit.

Austin. — Texas' crime situation looks a little better. FBI reports covering the first three months of 1962, based on statistics from the 12 largest cities, show major crimes down 6.7 per cent. Across the U. S. in cities of comparable size, major crime rates rose one per cent.

Texas' crime rate actually is down in number of crimes reported from 1961, despite a population growth during the year of some 200,000.

OUT OF JOBS — Finding a job in Texas is a little easier these days. Texas Employment Commission reports April unemployment at 4.3 per cent of the labor force as compared to 5.4 per cent a year ago. Average factory wages rose from \$91.21 a week last year to \$96.10 this April. Range was wide, however, depending on the industry.

Leatherwork was the lowest paid, an average of \$52.13 a week. Oil workers got the most, an average of \$132.07 weekly.

Number of Texans working outside agriculture now has passed the 3,000,000 mark. Houston had 19,800 unemployed; Dallas 16,000.

TOO MANY COLLEGES. — Dr. Ralph Green of the Texas Commission on Higher Education thinks the Legislature should quit creating four-year, state-supported colleges. He told a House Committee on Saving Taxes that 20 state colleges are about enough.

Legislators have extended state support to four new colleges in the last four years. Biggest of the new ones, the University of Houston, will enter the state system this fall. This will substantially increase the state's higher education bill. U of H now ranks second in size to the University of Texas.

WATER SUPPLY — Texas enters the summer with its major reservoirs 76 per cent full. Texas Water Commission reports that

May rains couldn't keep up with use and evaporation, so the water supplies shrunk by 291,000 acre feet.

As June opened, supplies were 76 per cent of capacity, compared with 83 per cent a year ago.

SAFE FOURTH — Gov. Price Daniel urged the 5,000,000 Texas drivers to help hold down the traffic death list during the July 4th holidays.

"Slow down and live" is the theme of the traffic safety campaign by which Texas traffic people hope to hold down the death rate below the statisticians' predictions.

July 4th comes on Wednesday this year, so fewer Texans will kill themselves on the highway than when the holidays falls near a week end.

CROOKED HOLES — Tedious job of checking suspected oil wells in East Texas continues. Railroad Commission and Attorney General's Department spokesmen say it will take several months to finish the job.

Four more oil operators were enjoined from interfering with Commission checks of their wells. In two weeks only 23 wells have been checked out of "several hundred" that Atty. Gen. Will Wilson thinks have to be investigated before they can write an end to the East Texas investigation.

Wilson has obtained donations from major oil companies to finance the surveys to see if holes were diverted so as to reach oil under someone else's lease. So he has taken over direction of the surveying from the Railroad Commission.

FIRING RESUMES — There was only a brief respite from campaigning after Democratic primaries. John Connally, the Democratic nominee for governor, and Jack Cox, the Republican nominee, both had their chance to talk at the meetings of

their respective state executive committees Saturday, convening to canvass the returns.

Campaigns will start in earnest September 18th, when both parties have their state conventions. But the two young gubernatorial nominees have state campaign headquarters in operation in Austin. They sound like they plan all-out campaigns in the summer and fall.

Sen. John Tower will be a major campaigner for the Republicans. Vice-President Lyndon B. Johnson and Sen. Ralph Yarborough will take to the stump for the Democrats.

They are beginning to make this look like a two-party state. Whether the label sticks depends on what the voters say on Nov. 6.

SAFE DRIVING PLAN — The State Board of Insurance will hold hearing June 29th on automobile insurance rates and rules. High on the agenda will be proposals to revise drastically the "safe driving insurance plan" by which those with accidents or traffic law violations pay more, while those without them pay less.

Sticians say the plan has cut rates for 78 per cent, raised them for 22 per cent. But the complaints about the plan being received by legislators indicates that even those who save aren't too happy with the possibility that one slip might run up their rates.

Drastic revision is possible. Without revision of the plan, a rate cut is in the cards. But if penalty provisions are reduced, it may wipe out the chance of a rate cut.

Board members and the insurance industry are divided as to what to do. Largest of the insurance agents' associations is taking a poll of its members to see what they—and their customers—think should be done about it.

EDITORIALLY SPEAKING

By **BURT LOCKHART**
 in Pittsburg Gazette

Light travels faster than any-
 thing, unless it be rumors.

Who paid the huge campaign
 expenses of the runoff candidates
 for governor?

You may avoid a lot of trouble
 sometimes by thinking twice be-
 fore you speak—then say nothing.

All that we ask of our next gov-
 ernor is that he ignore Washing-
 ton influence and keep both ears
 tuned to Texas.

In opening our doors to 5,000
 Chinese we indulge the hope that
 they rid themselves of Communi-
 stic ideas before they arrive.

We all become so interested and
 absorbed in our business that we
 ignore the real business of living,
 which is an important life-time
 job.

The time to become alarmed
 over jet plane accidents is when
 the planes are as thick in the
 heavens as cars are on the high-
 ways.

The administration is still talk-
 ing about tax reduction. Since the
 government continues to face
 huge deficits, tax reduction talk
 sounds very empty.

Political excitement never sub-
 sides in Texas. Having had two
 primary elections this year, we
 must now decide between a Demo-
 crat and a Republican for gov-
 ernor.

Our government is justified in
 its efforts to encourage industry
 and create more business, but it is
 not justified in penalizing busi-
 ness with heavy taxes as soon as it
 gets big enough to walk around.

Three Are Fined In Red River County

Three weekend offenders en-
 tered pleas of guilty in Red Riv-
 er County criminal court actions
 Monday morning before County
 Judge Gavin Watson, Jr.

A 51-year-old Bogata man, ar-
 rested Sunday on north State
 Highway 37 by the Highway Pat-
 rol, was charged with driving
 while intoxicated and sentenced
 to five days in jail, fined \$100
 and costs, and a recommendation
 was entered for a six months'
 suspension of driving privileges.

An Omaha man, 64 year old,
 also arrested by the Highway Pa-
 trol on north State Highway 37,
 was fined \$100 and costs for un-
 lawfully carrying a pistol.

A 26-year-old man giving a
 Clarksville address was fined \$25
 and costs on a charge of aggra-
 vated assault filed following a
 family argument during which
 some blows were allegedly struck.

LIARS NOT WANTED

The juror was trying to get
 himself excused from service.
 "I owe a man \$25 I borrowed,"
 he told the judge, "and he's leav-
 ing town for good today. I want
 to catch him before he gets to the

Alcorn Comes Up With New Source Of Tax Revenue - \$5 Per House Cat

Editor's note: Achin Alcorn, philosopher on his Johnson grass farm on Sulphur is trying to be helpful this week, but he may cause more storm than calm in some quarters. That's his lookout.

Dear Editor: If a man invented an automobile that'd run on water, a rocket ship that'd glide into space without a blast-off, or a device to control the weather, he'd win considerable acclaim, but nothing like the man who invents a new source of tax revenue.

If there's anything this country needs, above everything else, it's some place to get new revenue to run its government's from town government to county to national. Governments today are like the man who's earning twice as much as he did ten years ago and still lacking half enough to get by on, with the exception that it takes more than an act of Congress to increase his debt limit. To do this, you've got to deal with a banker, and Congress is a much easier mark.

Therefore, without seeking any glory, I've been hunting up new sources of tax revenue and from time to time may mention them all, but right now the best idea I've had is a tax on cats.

I read just last night that it's not unusual for a city of say a million population to have half

Rev. and Mrs. Bill Williams and Debbie of Mt. Pleasant, spent Monday and Tuesday with Mr. and Mrs. S. F. Worthington.

Mr. and Mrs. D. W. Shelton, John and Robert of Denton, visited hisaunts, Mrs. W. I. Lawler and Mrs. S. A. Tidwell, Monday.

Mrs. Glen Harris and Mark and Marilyn Fail visited Mrs. Bessie Reidout, Barbara Harris and Bill Parham in Mt. Pleasant, Monday.

Guests in the home of Mr. and Mrs. Alex Waddell and Chris are Mr. and Mrs. Neil Waddell, Sonja and Lesa, who recently returned from Balboa, Canal Zone, where Mr. Waddell has been employed.

Miss Wanda Williams was in Greenville Saturday, where she met her sister, Mrs. James Cain and Mr. Cain and children of Garland. Debbie and Jimmy Cain accompanied her home for a week's visit with their grandmother, Mrs. Nora Williams.

a million cats. All right. There you are. I can't explain this, but anybody with a cat, a claimed cat, a cat he admits is his, would a heap rather part with \$5 than the cat. I've never been able to understand this low estimate of money and high estimate of cats, but it's a fact.

Therefore, if a city with 500,000 cats puts a \$5 annual tax on cats, it has \$2,500,000 in new tax revenue the first year, and no telling how much six months later. Why right there in your town there must be at least 500 cats, and you can figure up how much tax revenue that's come to.

I don't know how many cats there are in the United States, I don't guess anybody knows, but there are millions, say 10 million just to be safe. All right. At \$5 a cat, that's 50 million dollars a year, and that's only the city and town take. As anybody knows, what a local government can tax, the state and federal governments can too, or vice versa. This is a democratic country. ain't it?

I estimate that if all units of government get in on this new cat tax, the total new revenue will come to around 100 million dollars a year, from now on, because if I know cats, it'll certainly be self-perpetuating. Next week, I'll discuss another new tax source I've figured out. Tell Congress not to adjourn yet.

Yours faithfully, A. A.

Memo for the Boss:

Big Thinking Pays Off

IN ANY SMALL BUSINESS

Managers of small businesses sometimes feel that statistics, efficiency and long-range planning are peculiarities of the jobs of big business executives, and have little or nothing to do with their small stores or shops. Yet very few ideas can be as wrong as this one!

About eight out of every ten businesses in America employ less than ten people. These companies operate on a narrow margin of capital—and every year thousands of them go out of business because their managers make mistakes their budgets can't afford. For a mistake is much more expensive when you can't afford it than when you're part of an industrial giant with rich financial reserves.

ADVERTISING AS AN EXAMPLE

To illustrate the point, marketing executives in large organizations keep records and dig up formulas to determine how much they must spend in advertising to maintain a certain volume of business. Yet many small organizations which may literally be forced out of business if a certain volume isn't maintained never bother with establishing the ratios necessary to tell them how much advertising they need to survive.

THINK BIG — AND GROW BIG

Every big business was once a small business. In almost every case, it grew big because its management thought big.

ABUNDANT LIFE

by ORAL ROBERTS

FEAR IS A TERRIBLE THING

A little girl woke up from a nightmare, screaming from her terror and fear. "Oh, help me, save me! Two big bears are going to get me!" she cried.

Her parents rushed into her room to try and calm her, but no amount of reassurance and comfort could soothe the little girl. She had become thoroughly terrified and neither dad's strong arms around her nor mother's loving words could convince her that two ferocious bears were not about to get her. Her parents tried every way they knew to calm her, and still she kept screaming, "Oh, help me. The bears are older to get me."

But her older brother came to the rescue. "What's wrong, Sis?" he asked.

"The bears are about to get me," sobbed the little girl.

"Where are they?"

"Over in that corner," she pointed.

Pulling an imaginary revolver from his pajama pocket, her brother shouted, "Bang, bang, I got both of them!"

The little girl, her fears allayed, went back to sleep, feeling just fine.

This story is ridiculous. It is silly, you might say. But the point is, whether its cause is real

or imagined, fear is a terrible thing. It is a brutal, blighting, crippling force that often leaves its victims marked for life.

Many people today live in constant fear. Some are afraid of storms with thunder and lightning. Others are afraid of shadows and darkness. Still others are afraid of illness and diseases, such as cancer. Thousands are afraid of failure. I am told that one-half of all hospital beds are filled with people suffering mental difficulties and breakdowns. Their fears have dominated them and made them irrational.

The Bible says, "God hath not given us the spirit of fear; but of power, and of love, and of a sound mind" (2 Timothy 1:7). God does not want people to suffer the consequences of fear. In place of one negative force, fear, He has given us three positive ones; power, love and a sound mind.

The next time you are afraid and the world seems to be closing in around you, remember that fear does not come from God. God has given you power to overcome fear, love to lift you and a sound mind to deal with your problems. His words to you are, "Fear not, only believe."

Mrs. Ida Thomas and Earl Burks, whose birthdays occurred in the month of June, were given gifts; birthday cakes, baked by Mrs. Frugia, and the group sang "Happy Birthday" to the honorees. It was decided to continue meetings during the summer. The next meeting will be July 11.

A bountiful meal was enjoyed by Mr. and Mrs. Milton Bolin, Mr. and Mrs. Sidney Frugia, Mr. and Mrs. Andy Bowman, Mrs. Barbara Foster and daughter, Mrs. Ida Thomas, Mrs. Desser Ramey, Mrs. Vivian Belcher, Mrs. O. F. Stevenson.

Miniature silk flags were plate favors. Twelve members attended. Those not already named were Mmes. Loyd Orren, W. L. Butler, M. E. Jones, R. L. Prestidge, W. T. Calloway and H. D. Lightsey.

NEW EVENT ADDED TO BOGATA RODEO, SET FOR JUNE 21-22-23

A new feature of Bogata's annual three-night Rodeo set for June 21, 22, 23 will be barrel racing for boys and girls 12 years old and under. There will be no entrance fee for this event but prizes will be given. Elimination runs will be held Monday night and the eight riders making best time will be rodeo contestants. They must have a minor's release signed by their parents before they will be allowed to participate.

Participants in the rodeo will be performing in one of the cleanest and most up-to-date arenas in this part of the country. Rodeo folks at Bogata have worked the past few years to make it so, completing a five year project in four. Recent improvements include work on the arena fence and a paint job on the all steel construction.

There will be thrills galore at the Bogata Rodeo for those who love the lore and tales of Texas

heritage; the prowess of cowboys and animals.

Conducted under IRA rules, the events will include bareback bronc riding, bull riding, bull-dogging, and ladies barrel race at \$15 each, and calf roping, \$20. Addition of \$100 to each event is announced. Books open 9 a. m., June 20, and close at 12 noon, June 21. Stock will be furnished by Clyde Crenshaw of Hargrove, Ok., who produced last year's show.

The customary horseback parade will be held on opening day at 4 p. m.

An advertisement in this edition invites the public to attend the event. Performances will start at 8 o'clock each evening and admission price will be 50c for children and \$1.00 for adults.

Bogata Rodeo officials extend a special invitation to participate in the parade and grand entry to riders in other riding and roping clubs.

UGLY BUT RICH

"By jove," said a stranger at a dance, "what a long and lanky woman that is over there!" "Hush," his host whispered. "She used to be long and lanky but now she's tall and stately. She just inherited a million dollars."

an ELECTRIC FOOD FREEZER

Unexpected guests are no problem when you have a freezer full of good things to eat close by. Other conveniences of an electric freezer are: you'll save shopping trips, buy in quantity and take advantage of specials, serve fruits and vegetables with peak season tastiness all year. Baking is easier, too! (Bake three, serve one, freeze two.) You'll freeze leftovers, and probably pack school lunches a week at a time. See your appliance dealer soon. Save time, save work, eat better, with an electric food freezer!
