NUMBER 20

Indicate Eight Will Be Killed July 4 Traffic

Austin. — The Director of the Texas Department of Public Safety reported today that past experience indicates eight persons will be killed in traffic accidents during the coming Fourth of July holiday in Texas.

Colonel Homer Garrison, Jr. announced that "Operation Motorcide" will be in effect from 12:02 a. m. through 11:59 p. m. July 4, and that during this period the regular Highway Patrol force will be joined by units of the License and Weight and Motor Vehicle Inspection services in the general traffic supervision effort.

Garrison called for the "cooperation of all Texas drivers to help prove that the estimate of eight traffic deaths compiled by our Statistical Services Section is too high." He continued.

"The Fourth of July marks the mid-point of the summer vacation period, when Texans are really on the move. It is the time of the year when they go more places to see the wonders Texas offers its vacationers."

"With the tempo of travel picking up it is important to drive according to traffic laws and regulations—the rules set down for the protection of the driving public.

"Common sense says it is hard for a person to enjoy a trip if he is constantly squirming out of dangerous traffic situations caused by unlawful driving—his own or someone else's."

Garrison said the Fourth of July could be the turning point in the battle against death on the Highways this year. During the first five months department records showed a six per cent decrease in the number of fatalities as compared with the same period in 1961.

The public safety director cited the large number of bad wrecks which have occurred in recent weeks. The first few days in June five accidents killed 24 persons and, in each accident at least one traffic violation was a causative factor. As is usually the case, he said, the most common of these were excessive speed, driving while drinking, improper passing or driving with defective equipment.

"Operation Motorcide" is a program designed to focus public attention on the added dangers of traveling by motor vehicle during holiday periods, Garrison explained. During the 24-hour period of the Fourth of July, all facilities resulting from traffic accidents over the state will be tabulated. Motorcide bulletins will be issued at 10 a. m., 3 p. m. and 8:30 p. m., with a summary

Dedication Camp Chapel June 28

The dedication of the Religious Center and Uncle Jim Danner Lodge will be held at 6:00 P. M., on June 28th, at Glover River Scout Camp.

Announcement of the dedication ceremonies was made by Chairman R. M. "Bob" Cantrell of Bonham, Texas. Mr. Cantrell stated that the Rev. W. T. Stephenson, Pastor of the First Methodist Church of Bonham, will deliver the dedicatory address for the Jim Danner Lodge and the Chapel of the Camp.

The Rev. Mr. Stephenson, who is the Organization and Extension Chairman of the NeTseO Trails Council, will present the buildings to the Council in behalf of the Boys' Arc District which sponsored them.

Louis B. Williams, of Paris, Camp Glover Properties Chairman, and former NeTseO Trails Council President, will accept the Lodge and Chapel in behalf of the Council.

James Collins, Scoutmaster of Troop 52, will be in charge of the opening ceremonies.

The dedication ceremony of the Chapel will conclude the original plans for the development of Glover River Scout Camp, for the use of Scouts and their leaders in the 12½ county area Council.

The public is invited to attend the ceremonies.

John R. Plum Rites Wednesday

John Roger Plum, 66, former Talco resident, died Monday afternoon in the VA Hospital in McKinney. He was born Feb. 9, 1896.

Services were held Wednesday afternoon at 2:30 at Mt. Pleasant, conducted by Rev. Harvey Lewis. Burial was in the Damascus Cemetery.

Surviving are one son, Thomas H. Plum, Scott City, Kan.; three grandchildren; one sister, Mrs. Thomas Wilder, Dallas; two brothers, Vance and Fred Plum, both of Mt. Pleasant.

Sum of \$267,779 Approved For Bogata Housing

Congressman Wright Patman called this newspaper Tuesday afternoon from Washington and announced that the sum of \$267,779 had been approved by Housing and Home Finance Agency on Tuesday afternoon as a total cost of financing 20 new low rent houses in Bogata.

A Federal loan of \$241,001 has been granted for construction of the 20 units, 14 of which will be specifically for elderly people. Marie D. McGuire is PHA Commissioner for Texas.

The contract will call for construction of the homes at an estimated total development cost of \$267,779. Under contract terms the Agency finances 85 per cent of the total cost and the Housing Authority issues government insured bonds for the other 15 per cent, according to F. L. Branson, executive director of the Bogata Housing Authority.

Branson said it would probably be September before actual construction began, depending on how fast the architect's plans are completed and approved.

Bogata was one of five Texas communities receiving approval. The loan is similar to the one given to Deport on June 11.

OIL NEWS

FIELD COMPLETIONS

Franklin County — Talco field: Mobil Oil Co. No. 22 O. S. Maxton, W. M. Evans survey, three miles southwest of Talco, 145 barrels daily on pump from 4,282-90 and 4,304-12 in Paluxy.

TEA SATURDAY FOR MRS. ANN STATON

Mrs. Ann Staton who is moving to Hooks, will be honored with a tea Saturday from 3 to 5 p. m. at the home of Mrs. Bill Walding. Friends of Mrs. Staton are invited to attend during the

Newspaper One Day Late Next Week

Publication of this newspaper will be one day late next week, due to the fact that July 4, a national holiday, occurs on Wednesday next week. Banks and postoffices will be closed and there will be no rural delivery service next Wednesday. Our news services will be one day late, making it necessary to set up the publication date to give the regular advertising and news coverage. Correspondents are asked to get their letters in Monday if possible.

Walter Robison Rites Saturday

Walter Redell Robison, 85, of Cunningham, died Thursday at 8:30 p. m. in a Paris hospital after long illness. The funeral, Saturday at 2 p. m. was held in the Pentecostal Church at Cunningham and burial in Restland Cemetery there made by Grant Funeral Home, Deport. Rev. F. E. Gerald, United Pentecostal Church minister of Paris, officiated.

Surviving are two children, Jim Robison, Bogata, and Mrs. Ben Cruise, Cunningham, and these stepchildren: Mrs. Eunice Robison, Mrs. Fannie Rhodes and Mrs. Maggie Grimmett, all of Paris; Mrs. Nat Davis, Matador; Mrs. Susie Ashford, Amarillo; Curt Green, Bogata, and George Green, Talco. Eight grandchildren and eight great-grandchildren also survive.

Deceased, son of Dave and Mollie (Graham) Robison, was born in Tennessee on Sept. 1, 1876. He was married to Mary Navata (Maxfield) Green and she passed away in 1957.

Pallbearers were Gene Norwood, Otis Watson, Claud Kennedy, Johnny Topping, Louie Evans and Carl Williams. appointed hours. Hostesses for the tea are members of the Fidelis Sunday School Class.

Damron Story In Dairy Edition

Pictures and a story concerning Mr. and Mrs. Raymond Damron and the dairy farm they operate near Bogata appeared in the Mt. Vernon Optic-Herald's dairy edition last week.

The Damrons have been in the dairy business about ten years, operating a three-stall parlor-type barn on their farm two miles west of Highway 37; prior to that they were cotton farmers. They are milking 20 cows at the present and have about 63 stocker cows. Raising much of the feed for their stock, they have 125 acres in lespedeza and three acres of alfalfa.

Mr. and Mrs. Damron, both Bogata natives, have reared four children on their farm. Two daughters and a son are married. The youngest daughter, Kay, is a '62 graduate of Bogata High School. She plans to attend Baylor and become an x-ray and medical technician.

The Damrons plan to convert their dairy farm to stocker cattle in the near future, according to the Optic-Herald story.

T. G. McVay Rites At New Boston

Funeral of Thomas G. McVay, 37, Bowie County soil conservationist, was held at First Baptist Church at New Boston, June 22, burial in Ringwood Cemetery being made with Masonic rites.

He was born at Cooper, April 25, 1925, and after World War II Navy service, taught vocational agriculture at Pittsburg, and was married there to Miss Velvie Bass, who formerly lived in Talco, being a teacher in Talco school.

Surviving are his parents, C. D. McVay, Dallas, and Mrs. McVay of Cooper; his wife, and three daughters, Mary, Martha and Margie of New Boston; five brothers and sisters.

Parade Kicks Off Bogata Rodeo

Bogata school band headed the parade Thursday afternoon that got Bogata's annual three night rodeo off to a rousing start.

Approximately 150 horses were in the parade, most of them carrying two riders. J. T. Rodgers and Jessie Gray were Bogata standard carriers. A group of riders from Mt. Vernon Riding Club and Paris Rodeo and Horse Club were accompanied by riders bearers their respective flags. A number of riders were also present from Clarksville. Several decorated cars accompanied the paraders down Main street, also farm implements and a large truck bearing the sign, "New Frontier Prairie Schooner."

Capacity crowds attended the rodeo and some spectators were turned away when they could not be accommodated. The rodeo stock was tough and hard to handle. Two cowboys were injured, one seriously when he was trampled by a bull after it threw him.

Lawrence Wood of Rugby, held the winning ticket for the registered whiteface heifer, Lady Fearless, given away by the Bogata Rodeo Association at the close of the show.

A total of 153 contestants were entered in the rodeo and a list of winners follows:

Ladies Barrel Race, average: 1st—Donna Ann Rozell; 2nd—Betty Arnett; 3rd—Martha Arthur; 4th—Gene Livingston.

Bull Riding:

1st—Joe Tanner; 2nd and 3rd (tie) Dickie Cox and Bobby Guinn; 4th—Ronnie Teit; 5th—Kenny Clapps; 6th—Ben Jordan.

Bareback Bronc Riding:

1st—Ben Jordan; 2nd—Jerry Smith; 3rd and 4th—Joe Tanner and Paul Sullivan (tie).

Calf Roping:

1st—Jimmy Chapman; 2nd—Jerry Bob Hanson; 3rd—Everett Crandell; 4th—Bill McCain; 5th—Dee Burk; 6th—Anthony Adkins.

Steer Wrestling:

1st—Clark Brown; 2nd and 3rd (tie)—Grady Black and Red Jones; 4th and 5th—Jack Klutts and Bill Duvall; 6th—William Harris.

Junior Barrel Race:

1st—Kenda Anderson; 2nd—Sue Wright; 3rd—Fred Gibson; 4th—Avis Jones.

Mr. and Mrs. Howard Jones and family of Fort Worth, were guests of his parents, Mr. and Mrs. Vince Jones. Mrs. Jones and sons remained for a week's visit.

More Rain Falls In This Area

Talco had an electrical storm and heavy rain between 7:30-9:00 Tuesday night. It was reported that lightning struck a barn about two miles west of town on the Williams place. The structure burned.

Thunderstorms have rumbled across this part of Texas since Sunday night, bringing scattered rains. Along with the rain are cooler temperatures. The mercury had climbed to the mid 90's prior to the rains. Summer was officially ushered in Thursday afternoon.

Heaviest rain in the Deport area was Monday morning when 2.64 inches were measured on the official gauge, according to Jack Nixon. Another .65 of an inch was recorded on Tuesday and Tuesday night, to bring the total to 3.29 for the week.

Strong wind and home hail accompanied a thunderstorm Sunday night in the Halesboro area, doing minor damage to some buildings and gardens.

Entomologists urge cotton farmers to keep close check for buildup of boll worms and other damaging insects. The rains have put farmers in the area behind in their spraying and dusting schedules, and caused foulness in crops. Hay baling has been halted by weather conditions. The moisture is beneficial to pastures, gardens and grassland.

Sikes Appointed Administrator

Kenneth Sikes of Mt. Pleasant, formerly of Talco and Bogata, has been appointed acting administrator of the Titus County Memorial Hospital, according to T. R. Florey Jr., chairman of the board of the hospital.

Sikes, presently serving as a technician, will replace Robert Adams, who has resigned to join a hospital in San Antonio.

A native of Talco, he received his medical technology training at Gradwohl Laboratories in St. Louis, Mo. He is registered with American Medical Technologists and with American Radiography Technologists.

He holds an associate in the American College of Medical Technologists. Sikes is married and the father of two children.

Mrs. R. G. Hood visited Mr. and Mrs. John Ellis in Mt. Pleasant, Thursday.

Austin. — Texas has something to brag about: The best traffic safety record in Texas history. The National Safety Council "grades" all states on traffic safety. Of a possible 100 points, Texas got 84 for its efforts to solve traffic deaths and injury during 1961. A big share came from the second lowest traffic death toll since 1949—"only" 2,315 killed on the highways in 1961.

California had the best score with 86. Michigan was second with 85. Texas tied with Illinois and Ohio for third place among the "big traffic" states.

Gov. Price Daniel said that holding down the death rate despite steadily-increasing traffic made a real record—fewer deaths per 1000,000 miles traveled than ever before.

NEW INDUSTRY — Every Texas city is looking for new industry. But they aren't alone. Every state has some sort of industry-attracting program.

In May, Texas tied with Illinois for fourth place in the number of new industries opened for business. Each had 30. New York's 49, California's 35 and Pennsylvania's 32 led Texas.

Some states allow public-supported bond issues to finance plant buildings. The Texas Industrial Commission thinks this should be done by private finance, but asked the Texas Research League to make a study to see which approach is best.

Texas Industrial Commission is running ads this month in Business Week, Wall Street Journal, Dun's Review and American Banker magazines and newspapers, inviting industry to look at Texas for new plant sites.

CARLA'S COST — Hurricane Carla, which hit Texas last September, struck a delayed blow this week.

After insurance companies paid more than \$110,000,000 in insurance claims, the State Board of

Insurance ran up the statistics in setting new rates for extended coverage insurance — which includes windstorm damage. The result—a 27 per cent increase in dwelling rates in the "seacoast territory" and a 5.3 per cent increase in the two inland territories.

"Seacoast territory" comprises all counties on the Gulf of Mexico, plus a tier of counties adjoining them.

In those counties, where \$100 worth of extended coverage insurance cost 35 cents this year—it will cost 44 cents after July 1.

This is just the dwelling rate. There are dozens of other variations in the complicated business of setting insurance rates.

But it's all based on statistics. When insurance companies have the biggest losses in history in 1961, it raises rates for a number of years to even things out.

HERE TO STAY — From the way Texas Democratic nominees for the state Senate are thinking now—the new sales tax is here to stay.

There likely will be some modifications—but no chance of repeal, and little chance of making it one per cent on everything instead of two per cent on most things.

That is the result of a newspaper survey of Democratic nominees for the Senate.

A clear majority—17 of the 31—felt that the sales tax would not be repealed. Only one among the 17 said he would vote to repeal it.

But several feel there should be some changes made. Major item suggested was to do something to ease the strain on small vendors.

Interpretations of the law are that the merchant can't collect the tax on sales of less than 25 cents, but must pay the tax to the state on those sales as a part of his gross sales.

Theory was that collecting more than two per cent on sales

of 25 cents and more would even things out. But it hasn't worked that way, particularly among people like restaurants where they sell a lot of coffee, vending machines, newsboys and others.

There may well be some changes made in this.

MORE OIL SUITS — Eight more operators in the East Texas Field were enjoined from interfering with tests on their leases to see if their oil wells run straight up and down.

And the Railroad Commission extended to the Hawkins Field of Wood County its prohibition against plugging wells.

Atty. Gen. Will Wilson got word that some wells in that field may have been slanted over to someone else's property, so he asked that the no-plugging ban include the big Wood County field.

When the investigation opened, several operators immediately plugged their wells with cement, thus preventing check into the variation from the straight and narrow path.

Of 27 wells checked so far, only one has been found to be straight.

Lawsuits continue to pile up on the dockets of East Texas courts, as neighbors sue neighbors they think have drained oil from under their leases.

ROAD MEN—Texans who work for better highways came to Austin for their annual convention. They named Leslie Neal Sr. of San Antonio as president of the Texas Good Roads Association for the coming year.

They voted to increase speed limits to 70 miles an hour, and to let the State Highway Commission zone highways for speeds up to that limit.

John Connally, Democratic nominee for governor, told delegates that Texas should not divert its highway tax money to other purposes. But he warned that the cities need help on their street construction problems, too.

EDITORIALLY SPEAKING

By **BURT LOCKHART**
 in Pittsburg Gazette

If you didn't get your money's worth in the last two primaries you will have another chance to break even in the November election.

An old-timer up the street says he remembers when eggs sold at five cents a dozen and fryers three for a quarter. He also recalls that good wages were a dollar a day.

The greatest mistake Adam made was in taking that apple. If he had chosen a Camp County peach he might not have gotten into all that trouble.

Khrushchev is in deep trouble because of soaring prices on milk and meat. His production system does not work and he blames everybody but Khrushchev.

As long as the government remains on a spending spree it will continue to stagger under the debt load.

The President insists on co-operation between business and government, which is a good idea as long as business is not expected to do all the co-operating.

Food prices in Russia are on the up and up because farms are not producing according to plans made by the Communists. You guessed it — Khrushchev blames the U. S.

In planning your vacation trip make room for extra time to get a good rest after your vacation.

It isn't what you think that gets you into trouble—it is what you think out loud.

The President's foreign aid bill got quite a jolt last week when the Senate turned down appropriations earmarked for Communist nations. Although it may be later than we think, we are glad that a bright spot has at last appeared in the skies.

Nothing is surer than death and taxes. The President plans to do something about taxes. One of the best ways to help the taxpayer is to cut down on foreign aid. The

TALCO NEWS

10-20 Yrs. Ago

Week of June 26, 1942
 Dr. Vernon A. Dean, Talco physician, had died.
 W. O. Rodgers, 88, had died at Hagansport.

Mrs. W. A. Black, 72, had passed away at Cunningham.
 F. H. Churchwell, 59, had died at his home in Argo community.
 Births: A daughter, Beverly Irene, to Sgt. and Mrs. O. O. Blount, and a daughter, Linda Dee, to Mr. and Mrs. Deodric Austin.

Marriages: Miss LaVerne Sawyer of San Antonio and Cpl. John Walker of Talco; Sgt. Ray Moore of Talco and Miss Dorothy Hines of Midland; Miss Maurvice Turner of Coke and Weldon Moore of Talco, and Miss Shirley Henderson and Frank Lindsey of Talco.

Week of June 27, 1952
 Fred Benners, former Humble employee and pitcher for Talco Oilers, would play professional football for New York Giants.

Five persons were arrested by Deputy Sheriff James Robertson after a service station owned by Ernest Smith in Talco, was robbed.

L. H. Wilson, Titus County oil man and land owner, was hospitalized at Dallas after being injured when thrown from a horse.
 Supt. S. O. Loving and J. L. Watts were in Dallas to get a new bus for Talco school.

Art MacKinstry received burns on his hand while fighting fire that broke out in the Humble bunk house.

Halesboro Home Coming a Success

Considerable interest was shown in the up-keep of the Halesboro Cemetery as evidenced by the attendance of approximately 160 people, some of whom had not been to Halesboro in many years, for the annual home-coming event.

Attending the annual affair, set for the fourth Sunday in June each year, were former residents from five states. Signing the register were representatives from these places: Bogata, Rugby, Deport, Clarksville, Cunningham, Milton, Pattonville Paris, Dallas, Wichita Falls, Lubbock, Pecos, Austin, Freeport, Mesquite, Beaumont, Memphis, Tenn., Chicotah, Okla., Jacksonville, Ark., New Orleans, La. A delicious picnic dinner was served, followed by the business session.

Officers re-elected were Emmitt Goodwin of Dallas, president; Maurice Hobbs, Halesboro, vice-president, and Miss Jodie Craddock, secretary.

The event marked a reunion for one family, that of the president, Emmitt Goodwin, as all his brothers and sisters attended. Two of his half sisters left the community 60 years ago. They are Mrs. Maude (Goodwin) Cook of Pecos, Mrs. Dee (Goodwin) Cunningham of Checotah, Okla., Basil Hackler of Clarksville, Mrs. Elizabeth (Stevenson) Foster of Mesquite, and Goodwin of Dallas.

Anyone wishing to contribute to the upkeep of the cemetery may do so by giving donation to the secretary, Miss Craddock, or leave at First National Bank in Deport.

question would then go a long way toward solving itself.

Screwworm Fly Program Started

The screwworm fly production facilities have been officially opened at Mission, according to information just received by S. L. Neal Lamar County Agent. Within a few weeks those in authority will be stepped up over the twenty million capacity now being raised at the Kerrville laboratory. Plans are to continue the Kerrville laboratory until the Mission plant is in full production.

To stamp out the screwworms will take the cooperation of everyone concerned — livestock owners and sportsmen from Galveston to Lamar County, and it is just as important for the people in Lamar County as in Galveston County. Livestock owners are urged to keep a close watch on livestock. Collect any

PLEASE

Times subscribers are asked to notify the subscription department promptly of any changes in their addresses. Under the new postal laws, newspapers and periodicals must pay postage due for notices of any changes in address furnished by the postoffice. In addition, there is also the problem of delay in delivery or failure to get the paper. The best plan is to send the change of address in advance.

Memo for the Boss:

Big Thinking Pays Off

IN ANY SMALL BUSINESS

Managers of small businesses sometimes feel that statistics, efficiency and long-range planning are peculiarities of the jobs of big business executives, and have little or nothing to do with their small stores or shops. Yet very few ideas can be as wrong as this one!

About eight out of every ten businesses in America employ less than ten people. These companies operate on a narrow margin of capital—and every year thousands of them go out of business because their managers make mistakes their budgets can't afford. For a mistake is much more expensive when you can't afford it than when you're part of an industrial giant with rich financial reserves.

ADVERTISING AS AN EXAMPLE

To illustrate the point, marketing executives in large organizations keep records and dig up formulas to determine how much they must spend in advertising to maintain a certain volume of business. Yet many small organizations which may literally be forced out of business if a certain volume isn't maintained never bother with establishing the ratios necessary to tell them how much advertising they need to survive.

THINK BIG — AND GROW BIG

Every big business was once a small business. In almost every case, it grew big because its management thought big.

Farm Facts

Farming is the nation's biggest industry. Four out of ten jobs in private employment are related to agriculture.

The U. S. Department of Agriculture points out that farming employs 7.4 million workers—more than the steel industry, automobile industry, or transportation and public utilities combined.

Ten million people have jobs storing, transporting, processing, and merchandising agriculture. Six million have jobs providing the supplies farmers use.

Here are a few examples from the 1958 Census of Manufactures:
Meat and poultry—308,500 employees and a payroll of nearly \$1.5 billion.

Dairy—292,600 employees and a \$1.3-billion payroll.

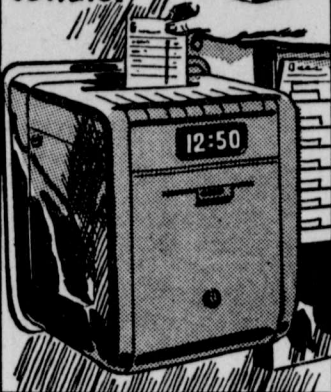

Baking—299,000 employees and a payroll of more than \$1.3 billion.

Fruits and vegetables—172,400 employees and a payroll of \$591 million.

Cotton broadwoven fabrics—242,500 employees and a \$722-million payroll.

Investment in agriculture is equal to three-fourths of the

4 out of 10 jobs in private employment are related to agriculture.

value of assets of all corporations or three-fourths of the market value of all corporation stocks on the New York Stock Exchange.
A sound and stable agriculture is our nation's greatest source of strength.

Walker To Attend Drum Majors Camp

One student at Talco High School, Butch Walker, has registered to attend the 9th annual Summer Drum Majors Camp at Stephen F. Austin State College, Nacogdoches. These camps are held annually on the campus during the summer months to give the ambitious junior and senior high school student the opportunity to advance in this portion of his school work.

Students live in college dormitories under adult supervision and study daily under outstanding and nationally famous instructors and clinicians.

The camps are not all work; while attending, the students participate in group activities (such as swimming and hiking) and display "other than musical talents" during show and stunt nights. The summer camps are under the direction of Jim Hudgins, director of bands at SFA. The camp is scheduled for July 1-6.

Rev. and Mrs. I. T. Harper of Cushing, Okla., visited Mr. and Mrs. J. C. Fail, Tuesday.

Alcorn Comes Out With Equalization Tax Program For Non-Cat-Lovers

Editor's Note: Achin Alcorn, philosopher on his Johnson grass farm on Sulphur may have made a few cat-lovers mad with his tax proposal last week. He completes the job this week by making the non-cat-lovers mad.

Dead Editor: I notice that Congress is trying to raise the Federal debt limit again despite the fact I furnished a new source of tax revenue last week amounting to at least 100 million dollars. If you recall, all I suggested was that all taxing units assess a \$5 tax per cat on the estimated 10 million cats in his country.

Some cat lovers I understand didn't go for this idea much, but I wasn't trying to find a popular source of new tax revenue, only a dependable one. The only popular tax I've ever seen is one that has just been repealed, and you don't find more than one or two of those in a lifetime.

Now I promised to report on another new revenue source, and it too involves cats.

According to a newspaper account I read last night, in one city of 500,000 people there are an estimated 175,000 un-claimed cats, cats just running free, roam-

ing the city, scrounging a living wherever it turns up.

All right. Just as there are millions of people who would pay \$5 to keep from giving up their cats, there must be an equal number willing to pay that much to avoid owning one. There you are. If the taxing units are on their toes, they'll gather up these hundreds of thousands of stray cats and give the non-cat-lovers a choice: pay a \$5 tax, or accept a cat. The money would roll in.

As a matter of fact, a city wouldn't even have to gather up all the stray cats. Just give them a number, like a non-existent West Texas fertilizer tank, and collect the five bucks from the cat-haters.

Under this system, everybody gets taxed, the cat population remains healthy, all government units have more money to spend, and the people can continue to holler for more government economy in the adjoining states and more government services in their own.

If your town runs short of cats in this program, there are some extra ones running wild out here on this Johnson grass farm they're welcome to.

Yours faithfully, A. A.

Bogatan Injured Paris Car Crash

William Thad Screws of Bogata, was able to return to his home in Bogata Friday after being treated in a Paris hospital for injuries suffered in a Paris traffic mishap Thursday.

Investigating officers said an auto driven by David W. Ward of Paris, was traveling south on Main and stopped in the left lane to make a left turn onto Hickory.

The second car, driven by Screws, 38, struck the rear of the Ward auto, they said.

Screws was taken to St. Joseph's Hospital by ambulance and Ward was taken by his parents.

Damage to each auto was set at \$400, and both were hauled away by wreckers.

"Distinguished service" medal for homes

The MEDALLION emblem--symbol of better living... electrically!

When you see the Medallion emblem on a home, it means "Here is a home planned and equipped for truly modern electrical living." Each Medallion home has an electric range and at least three additional major electric appliances plus outlets for others. "Light for Living" brightens each room and makes every seeing task easier, and FULL HOUSEPOWER wiring makes all this better living possible. When you look at new homes, look for the Medallion emblem, found only on homes that are up-to-date... electrically!

FLOYD HAMILTON, District Manager
