Wright Patman's Weekly Letter

1st Congressional Dist. of Texas "Heart of the Gulf Southwest" **THE HIGH COST OF LIVING.** When the American housewife turns away from the meat counter at her local market, angry and disgruntled because she cannot feed her family at today's prices, she is likely to blame the farmer, the grocer and the middleman; but the one pervasive factor that has created this tragic situation — tragic because good people are being deprived of the things they have worked to obtain — is the high cost of money itself. As I have said over the years, when interest rates go up, so does everything else — even the goods on the shelves.

EXCESSIVE INTEREST RATES. Everybody who has anything to do with a product or a service in our complicated society borrows money. A loaf of bread can carry with it the cost of a dozen successive and cumulative borrowings at today's excessive rates of interest. It is not necessarily the farmer, the wholesaler, the transporter or the retailer who is to blame for higher prices, but all are victims of high interest rates which inflate their business costs. Although the Congress — through the Economic Stabilization Act — gave the Administration full authority to control interest rates, the Executive Branch is just sitting idly by while Americans are being gouged, as by the recent 8% increase in the prime interest rate. In fact from the day wage-price controls went into effect the prime rate has risen 12 1/2 per cent!

OLD HOME WEEK FOR THE BIG BANKERS. The most the Administration seems willing to do about the interest rate crisis is to call the big bangers to Washington for a meeting with Federal Reserve Chairman Burns. This meeting is scheduled to be a "top secret" affair — off limits to the public and the news media. This is clearly contrary to the Economic Stabilization Act which requires public hearings open to all. Instead of being asked hard questions under the glare of television lights, the atmosphere will undoubtedly be more like a social gathering — by special invitation only. I have strongly objected to this procedure and have written directly to the President of the U. S. and to Dr. Burns. Copies of these letters will be sent free to constituents upon request. In the meantime, it is sad to relate that the American housewife will probably continue to be infuriated by higher prices — the inaction of the Nixon Administration practically guarantees it.

Austin. — A widely-publicized ruling of the U. S. Supreme Court relaxed pressure on the Texas Legislature to overhaul school finance laws and the property tax system this year.

Predictions are the major revisions will be undertaken in special session — if they are undertaken at all before the 1973 regular legislative meeting. The High Court, reversing a San Antonio three-judge federal court ruling of December, 1971, upheld property tax financing of local schools and concluded education is not a right assured by the Constitution. The lower court had invalidated the Texas system of financing schools on grounds it varied quality of education from district to district rather than fixing it on the basis of state wealth.

Gov. Dolph Briscoe and Atty. Gen. John Hill emphasized that inequities must still be abolished in public school finance. House Speaker Price Daniel Jr. and others agreed the heat on the Legislature to "act now" has been turned down several degrees.

Bills are pending in both Houses backed by Texas Board of Education and Texas State Teachers Association to revamp finance formulas.

The bills are slated for House Education Committee hearing April 4 at 6 p. m.

Under the Board of Education bill, the state would assume virtually all basic education program cost over a five-year period.

ISTA's proposal calls for local districts to pay 30 per cent (instead of the present 20 per cent) of program costs and would require the local school districts to meet state standards for assessing property and setting tax rates.

With the heat off, legislators aren't expected to rush into anything so far-reaching and controversial as school finance.

ALTERED PRESS BILLS ADVANCE — Weakened versions of open meetings and newsmen's privilege (called the "free flow of information bill") measures moved forward last week.

HB 3 — the open meetings bill — advanced to the Senate calendar with Jurisprudence Committee approval in a form criticized by the Texas Joint Media Committee and Common Cause.

Amendments to the measure are being prepared to tighten the sections on real estate transactions and attorney-public body meetings. These amendments should make the bill more acceptable to the Senate, media groups, House sponsors and other supporters of public access to information.

The "free flow of information" bill, HB 10, to protect sources of information from forced disclosure was due for Jurisprudence Committee consideration after winning sub-committee approval.

Critics noted that an amendment to the open meetings bill permitting closed deliberations on "negotiated contracts" and real estate sales covers a lot of territory never contemplated in the original House bill.

The shield law as it cleared sub-committee on a 4-0 vote would permit the State Supreme Court to order source and information disclosure if it can be obtained by no other means and if withholding it would cause or threaten "substantial cause or injury, endanger public health and welfare or cause substantial injustices."

Spokesmen for the Texas Joint Media Committee said this was a "qualified" privilege, but better than the present common law which gives no privileges at all.

REFORM BILL KILLED —

to be back in harness — and thanks, everyone!

PROTECTING CHILDREN AT HOME. Toys injure 700,000 children each year, and another 500,000 swallow substances that are harmful or deadly. To help children (and parents) understand the serious dangers that lurk around the household, the Food and Drug Administration has published two colorful booklets, "Toy Safety," a 19-page brochure discussing how to select safe toys, and a 15-page comic book, "Dennis the Menace Takes A Poke at Poison" for young readers. Single copies of one or both of these worthwhile pamphlets will be sent free to constituents upon request to my office. 2328

Senators crushed one of House Speaker Daniel's top reform measures — to limit powers of spending and taxing conference committees by statute — on a 10-21 vote.

Lt. Gov. Bill Hobby and ranking senate members maintained the conference limitations is best handled by legislative rules, and senators approved joint rules containing the recommended controls.

However, Daniel claimed failure of the bill (HB 5) "dealt pocketbooks of the people a stunning blow." He said millions of dollars are written into appropriations bills at every session not approved in original House and Senate budget measures.

Senators opposing the bill argued it would open the door to a myriad of nuisance lawsuit challenging tax budget bills.

COURTS SPEAK — The U. S. Supreme Court held for Texas in a long-standing lawsuit over boundaries of the Sabine River between Texas and Louisiana. The Court ruling that the boundary is the middle of the river means millions of dollars to the state and the cities of Port Arthur and Orange in oil lease revenues.

Third Court of Civil Appeals found unconstitutional the state law ordering tax payments on stolen cigarettes. That Court also upheld licensing of wholesale dealers under the liquor control act.

In a Texarkana case, the State Supreme Court upheld lower courts that a city is not liable for damages due to sewers backing up even if it is negligent.

The High Court found a murdered woman's survivors benefits under workmen's compensation insurance should go to her estranged husband.

Reversing a Tyler drunk driving conviction, the Court of Criminal Appeals held a jury couldn't alter a verdict reading "guilty" in one section and "not guilty" in another without consultation with all parties.

AG OPINIONS — Attorney General Hill held the new Constitutional Revision Commission is not bound by appropriations bill limitations on employee salaries or members' expenses.

Hill said the group can obtain office space, equipment and supplies either through the Board of Control or by contract.

In another recent opinion, Hill held proprietary school bond surties on closing of a school for financial reasons are liable for all damages and expenses incurred by students and others and not just for refund of "unused" tuition.

ACCIDENT RATE UP — The Department of Public Safety reported traffic accidents last year rose to 432,998, a 10 per cent increase over 1971.

A record 3,688 died in Texas street and highway accidents. Another 128,158 were injured. Rural areas led in traffic deaths, but the cities had the most injuries.

Total economic loss from the accidents came to an estimated \$1.35 billion, according to the new DPS report.

SHORT SNOITS Saturday is the deadline for getting your 1973 car license plates. New tags must be displayed by Monday, April 2.

The Senate approved submission of a proposed constitutional amendment to provide for annual legislative sessions and \$11,000 a year pay for lawmakers.

A comparative negligence bill permitting damage suit awards on the basis of partial fault received Senate approval and was returned to the House.

Local Hardware Store Changes To Hdw. Affiliation

Mr. Jack Winn, owner of B & B Furniture & Bldg. Supply, Talco, announced the affiliation of his store with the ACE HARDWARE CORPORATION of Chicago, Ill. A dealer organization in existence for over 48 years, Ace has over 2000 affiliated stores across the nation including Alaska, Hawaii, the territory of Guam, the Commonwealth of Puerto Rico and on the Island of Antigua in the West Indies.

Only after the most thorough investigation as to the responsibility, integrity, and ability of the ACE Hardware Corporation, did Mr. Winn decide affiliation would not only be of benefit to him, but also to his customers in the most comprehensive, efficient, and economical manner possible.

Headquartered in Chicago, the Ace Hardware office and warehouse is housed in a 550,000 sq. ft. building with the most modern facilities imaginable for handling merchandise. A warehouse of 350,000 sq. ft. is located in Lincoln, Nebr., with additional warehouses of 300,000 sq. ft. located in Benica (San Francisco), California and Conyers (Atlanta), Georgia. Other facilities include a 70,000 sq. ft. warehouse in Portland, Oregon.

With over 30,000 items in stock, the parent organization is in a position to make available the most basic as well as the newest merchandise on the market in a fast and efficient manner. The availability and swift distribution of this merchandise affords the new ACE Store with advantages which did not exist prior to this new association. In addition to the physical advantages, an efficient merchandising department makes it possible to keep our customers advised relative to new items that appear on the market on a much faster basis than in the past. In addition, we will be kept regularly informed about the lowest prices that tremendous buying power makes possible.

Mr. Richard Heese, President of ACE Hardware Corporation, stated in finalizing affiliation with B & B Furniture & Building Supply, consideration was given to the stores responsibility and ability to serve the community in a manner compatible with ACE stores across the nation. This, it was determined, the store could and would do.

In addition to handling regular retail lines, Mr. Winn states he will be in a position to supply industrial firms, factories, and institutions with specialty merchandise of every nature. Many items which he did not handle in the past will now become readily available.

Mr. Winn wishes to extend to his many customers and friends an invitation to visit his store soon. Let this new affiliation prove how it is possible to satisfy all your merchandise needs by shopping in ACE Hardware's newest store.

Mrs. Ollie Reid, Mrs. J. L. Perry and Mrs. Allean Fussell visited Mrs. Perry's sister, Mrs. Ora Gurley and niece, Mrs. Ethel Brown in Mt. Vernon on Tuesday.

Talco - Bogata School News

By KATHY ASTON and AMELIA BOLIN

Rivercrest High School students and teachers are involved in a number of events, from clearing off the remains of the Ag building to testing.

On Wednesday afternoon, March 21, the RHS agriculture building was destroyed by fire. The origin of the fire was believed to be the clothes bin. Mr. Kenneth Pirtle's class was the first to discover the flames which had already reached the ceiling. Both Talco and Bogata fire departments were called and an effort was made to save the classroom portion of the building. Because the flames had been drawn into the attic of this building by air vents, the fire departments were unsuccessful in saving the classrooms. A few records, books, and chairs were saved, but the damages were estimated at \$150,000.

Mrs. Elizabeth Bell, Rivercrest counselor, attended the Career Education Conference on Monday, March 26. The conference was held at the Region VIII Education Service Center in Mt. Pleasant.

The freshman, sophomore, and junior classes were given achievement tests by Mrs. Bell, March 27 and 28. This is the same testing program that has been taking place in the elementary schools. On those same dates, Rivercrest's seniors were involved in Career Day conferences. Representatives of different companies came to speak to the seniors about possible vocation choices.

On Thursday, March 29, a special assembly will be called. The purpose of the assembly is to hear Frank McClure, FFA State President, speak.

The Rebel baseball team was defeated 10-0 in a heartbreaker at Clarksville on the 20th.

The girls track team placed second in the Mineola track meet, with North Lamar defeating them by only 1/2 point. In the meet, Linda Montgomery won first in the shot and discus events. Sandra Brown placed 1st in the broad jump, and 2nd in the 220 yd. dash and triple jump events. Donna Tippitt placed 2nd in the hurdles. The 880 relay team placed 2nd and the mile relay team 3rd. RHS girls had a rewarding day. On Monday, March 26, the district volleyball tournament was played at Willsboro. The Rebel relay, scheduled for Saturday, March 24, was cancelled due to poor weather conditions.

Miss Diane Marshall Marries Gary Gillit

First United Methodist Church, Bogata, was the setting for a candlelight ceremony uniting Miss Joyce Diane Marshall and Gary Keith Gillit, both of Lubbock, in marriage on Saturday, March 24. The pastor, the Rev. James Walker, heard the couple repeat their double-ring vows at 7:30 o'clock.

Parents of the couple are Mr. and Mrs. George H. Marshall Sr. of Bogata and Mr. and Mrs. L. B. Gillit of Wolfforth.

A massive arrangement of yel-

low mums, apricot carnations and jade foliage centered the altar. Four seven-branched candelabras and two 15-branched candelabras holding yellow votives completed the altar scene.

Pre-nuptial music was presented by Randy Morrison of Roxton who accompanied himself on the guitar and sang Stokey's "Wedding Song" and Bernstein's "One Hand, One Heart" and Mrs. Gordon Allen of Bogata, organist, who presented classical selections including Purcell's "Trumpet Voluntary" and Bach's "Jesu, Joy of Man's Desire." Mrs. Allen also presented the traditional wedding music.

Jerry Marshall, brother of the bride, sang the Lord's Prayer at the conclusion of the ceremony.

When the bride was escorted to the altar and given in marriage by her father, she was wearing a floor-length gown of satin overlaid with candlelight silk organza. The fitted bodice was covered with imported Alencon lace and the scooped neckline was edged in matching lace ruching. The front panel of the full skirt was adorned with Alencon lace appliques and extended into a chapel-length train in the back. Her tiered short veiling of illusion fell from a Juliet cap covered with organza and lace appliques. She carried a cascade bouquet of white roses, baby's breath and English ivy.

Mrs. Mitchell Davenport of Lubbock was matron of honor. She was attired in a floor-length gown of apricot linen, designed empire with short puffed sleeves. She wore short white gloves and a white picture hat with white ribbon streamers.

Bruce Gillit of Wolfforth served his brother as best man.

Ushers were George Marshall Jr. and Jimmy Marshall.

The brides' parents were hosts for a reception honoring the newlywed couple in the education building of the church.

Members of the houseparty were Mrs. Keith Parks of Kaufman, Mrs. Warren Dunham of Commerce, Mrs. Lyndon Reed of Talo and Mrs. Robert Kennedy of Bogata.

Miss Stephanie Thomas of Dallas distributed rice bags.

After a wedding trip to New Orleans, La., the couple will re-

side at 1609 Ave. R, Lubbock. The bride is a graduate of Rivercrest High School and received her B.S. degree in Food Nutrition from Texas Tech University in Lubbock. She is a graduate of St. Mary's Hospital Dietetic Internship in Rochester, Minn., and is presently doing graduate work in nutrition at Texas Tech. Mr. Gillit is a graduate of Freship High School in Wolfforth and attended South Plains College in Levelland. He is associated with Curry Motor Freight Co. in Lubbock.

Miss Gena Miller Shower Honoree

Miss Gena Miller, bride-elect of Stephen Jage, was honored with a bridal shower Monday evening in the home of Mrs. J. H. Weatherall. Co-hostesses were Mrs. C. S. Case, Mrs. John F. Cook, Mrs. Joe Gibson, Mrs. O. J. Holland, Mrs. Jerry Russell, Mrs. Roger Simmons, Mrs. Larry Tucker and Mrs. Charlene Westbrook.

Miss Nita Hanks registered 25 guests in the bride's book as they entered through the den into the living room. The registry table, covered in white lace, held the bride's book, white plumed pen and was centered with a cherub holding purple iris and grapes.

The future bride's chosen colors of blue and white were carried out in the blue table cloth overlaid with white lace and centered with an arrangement of white iris. Miss Mona Wright poured punch from the crystal bowl and Miss Rita Birchfield served white decorated cake squares. Nuts and mints were also served. Table appointments were crystal-silver.

The many lovely gifts were displayed in the bedrooms where iris and other spring flowers were used.

Mr. and Mrs. Rex Orrill of Carrollton visited during the week end with her parents, Mr. and Mrs. Marshall Sikes.

Robbie Joe Gipson of Dallas spent the week end with his parents, Mr. and Mrs. Carthal Gipson.

Mr. and Mrs. Billy Miller and baby of Commerce visited during the week end with his parents, Mr. and Mrs. Paul Miller.

Mr. and Mrs. Robert Kelso and David visited during the week end with her mother, Mrs. Ollie Reid.

Mr. and Mrs. W. E. Chapman went to Houston Wednesday to visit their daughter, Mrs. James T. McCarty and family.

Mrs. D. S. Tunnell of Dallas, came Saturday for her mother, Mrs. Edith Stamps and took her home with her for a visit.

Mrs. Zack Orrill of Winfield visited Sunday afternoon with her cousin, Mrs. Jay Garretson.

Mr. and Mrs. Rickey Gibson, Kelvin and Carolyn of Snyder, spent the week end with his parents, Mr. and Mrs. Joe Gibson and Debbie.

MONEY SAVING

SUGGESTIONS

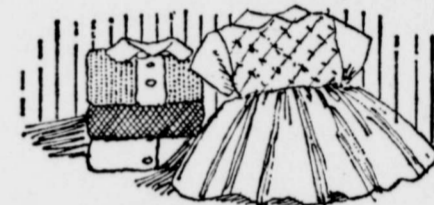

Here are three tips from Community Public Service Company to help you conserve electricity and use your electric dryer more efficiently and economically.

Keep the lint filter on your dryer clean to permit air to circulate freely. Clean the filter after each use.

Overloading your dryer only increases operating time and causes wrinkles that must be ironed out.

Save money and make your job easier by removing clothes immediately from dryer so wrinkles can't set.

This is one of a series of money saving suggestions from Community Public Service Company to help you get the most efficient and economical use from electricity.
