

Nichols
Worth

By Nanalee Nichols

There is absolutely nothing like being off on vacation, for us, at least, "home" ceases to exist and there is nothing but the moment at hand.

We don't call home, we don't let folks know where we are going to be, and we try to appreciate the scenery or whatever is at hand.

But on this most recent trip, up through the mountains of Colorado, we observed that not everyone is like that.

Most particularly, the "Yuppies" aren't like that. Now there is a rather severe shortage of young urban professionals in this neck of the woods, and we haven't been around them very much.

I'm sure that ALL of them aren't like the ones we ran in to, and we don't mean to step on any toes, but these people need to lighten up!

Everywhere we went they would be roaming the streets of one small artist community or ski resort, dressed in their super expensive "casual" clothing and speculating on business.

That's what really got to us. Sitting in a restaurant one evening with the most fabulous view of Colorado's biggest waterfall, the couple next to us couldn't enjoy the scenic grandeur for rattling on about "dressing for success" and "being seen in the right places" and "working hard...and to best effect".

To us, at least, this was sad. Working hard and getting ahead is certainly the name of the game, but if it can't be forgotten long enough to vacation, that's sad!

One young couple stopped ahead of us on the side walk to look at a Ford Probe auto. This is a direct quote: "That's a fine looking automobile...what a shame its a...[hesitation before saying the awful word] FORD!

It was like domestic made cars are just beneath contempt! They refer to their BMW's as "Beemers". They flock to buy the right souvenir to impress their friends.

I know they want to get ahead, and I know that it's a cutthroat business world they are involved in, but give me a break, guys!

If for one or two weeks out of the year business can't be forgotten, then life's just not heading in the right direction!

Material possessions and advancement are all well and good, but life's too short to be THAT bogged down in business, business and business!

Prison Hopes Closer To Reality

Hopes for an end to Red River County's economic recession have had their ups and downs over the past few years.

Repeatedly cheers have been heard for the news that an industry, a lake, a new factory, would bring jobs to replace the ones that have been lost.

So that Red River County residents may show their support and encouragement of the local prison facility, a reception has been planned for Saturday, August 12 at 5 p.m. in the Chamber of Commerce meeting room in Clarksville.

At the present time, Red River County is in contention with Atasca as the prison's location site, and county

and city officials feel that a positive show of community support might strengthen Red River County's position when the final selection is determined.

Representatives of CCI, (Corrections Concepts, Inc.) management will be present to meet and talk with area residents concerning the facility and its impact on the community. Some 54 CCI representatives have been invited and are expected to attend.

CCI will manage the facility and pay a specified amount per prisoner to county coffers thus enriching the county, broadening the local tax base, enticing new industry, and employ-

ing over 100 local residents at the prison location.

In addition to CCI personnel, Executive Director Bill Brooks and members of the Texas Board of Pardons and Parole, Senator Ratliff, Representative Telford and the Correction's Committee of the Texas House of Representatives have been invited to the affair.

Eight local churches have invited members of the CCI group to speak in morning services on Sunday, August 13.

All area residents and interested persons are urged to attend the meeting.

CRAIG INGRAM of Talco, received the 20-year tenure award of the Vocational Agriculture Teachers Association from the organization's president, Bobby Winters, of Prairiland. The award was presented at the annual awards program

for the association held in Lubbock during the in-service conference for agricultural science and technology teachers in recognition of the dedicated service given to the preparation of students for careers in agriculture/agri-business.

Letter To The Editor

Mrs. Nichols,

I grew up in the Talco area and attended school in the Talco-Bogata School district. Four years ago, after an absence of one year, my husband, newborn son and I bought a house in Talco and moved back. In the last four years, I have seen an alarming increase in the number of people driving recklessly on the city streets around our home.

In the last six months or so, I have had gravel from the intersection in front of my house slung into my house and car windows on numerous occasions. My son and I have almost been run over on three different occasions in the same length of time while walking. This past Thursday my sister's dog was run over and killed while standing in the edge of my yard. The last is what prompted me to write. That dog could have very easily been my four year old son. I am fed up! What kind of world do we live in when a mother can't let her child go outside to play without fear for his safety?

Cars, trucks, three-wheelers, four-wheelers and go-carts come by my house at dangerous speeds every day. According to the Department of Public Safety office in Mt. Pleasant, the speed limit on city streets is 30 mph unless "otherwise posted". Needless to say, it is not otherwise posted. I called the city mayor to see what had to be done to change the speed limit and get it posted. He told me that it would not do any good to change unless we had an officer on duty 24-hours a day to enforce it. Talco relies on the Titus County Sheriff's Office for its safety and law enforcement. They cannot have an officer here constantly. If they could have one here, they still could not do anything to the person unless the reckless driving took place in the officer's presence.

On the other hand, we, as citizens of Talco and other small towns, can do something about this problem. We can call our Justices of the

Peace and file charges for "Reckless Misuse of a Motor Vehicle". To do this you MUST know the name of the person driving the vehicle. It may mean a day in court or at a hearing before your J.P., but isn't it worth the safety of our children?

The stopping distance for the average car going 30 mph is 55 feet and increases steadily as you increase the speed of the car. This is an average estimate given to me by the Mt. Pleasant office of the Department of Public Safety. In my opinion, 55 feet is not an adequate distance to stop if a child or pet ran out in the road in front of you. What do you think? What ever happened to driving defensively the way I was taught in Driver's Education?

I will make one more point and then I'll close. I am not talking about teenagers in particular, although they are a big part of the problem. There are several ADULTS who have been, and are, guilty of the things I have mentioned. They know who they are. All of them may consider themselves warned; I will press charges on anyone, young or old, whom I see driving recklessly in my neighborhood. Hopefully everyone who reads this is as fed up as I am and will do the same. Maybe the message will be received and we can once again let our children play outside with a relative sense of safety and not worry.

Thank you for taking the time to read this and keep up the good work with the newspaper.

Sincerely,
Darlene Southerland

Dr. Robert White Is New Bogata Dentist

By Mollie Williams

Dr. Robert White, D.D.S., a Bogata native, began his practice of general dentistry last week on Main Street in Bogata, in the office formerly occupied by Dr. Jack Trout.

The office building has been closed since Dr. Trout's retirement in May, for redecoration and the addition of new equipment. Dr. White officially began his practice Thursday, August 3.

Dr. White attended Bogata Elementary and Rivercrest High School. He attended Paris Junior College from 1981 to 1983 and graduated magna cum laude with an Associate in Science Degree. He then attended Louisiana College from 1983 to 1985 and graduated magna cum laude with a Bachelor of Science Degree. He attended Baylor College of Dentistry in Dallas from 1985 to 1989 and graduated magna cum laude and ranked fifth of 97 students who graduated.

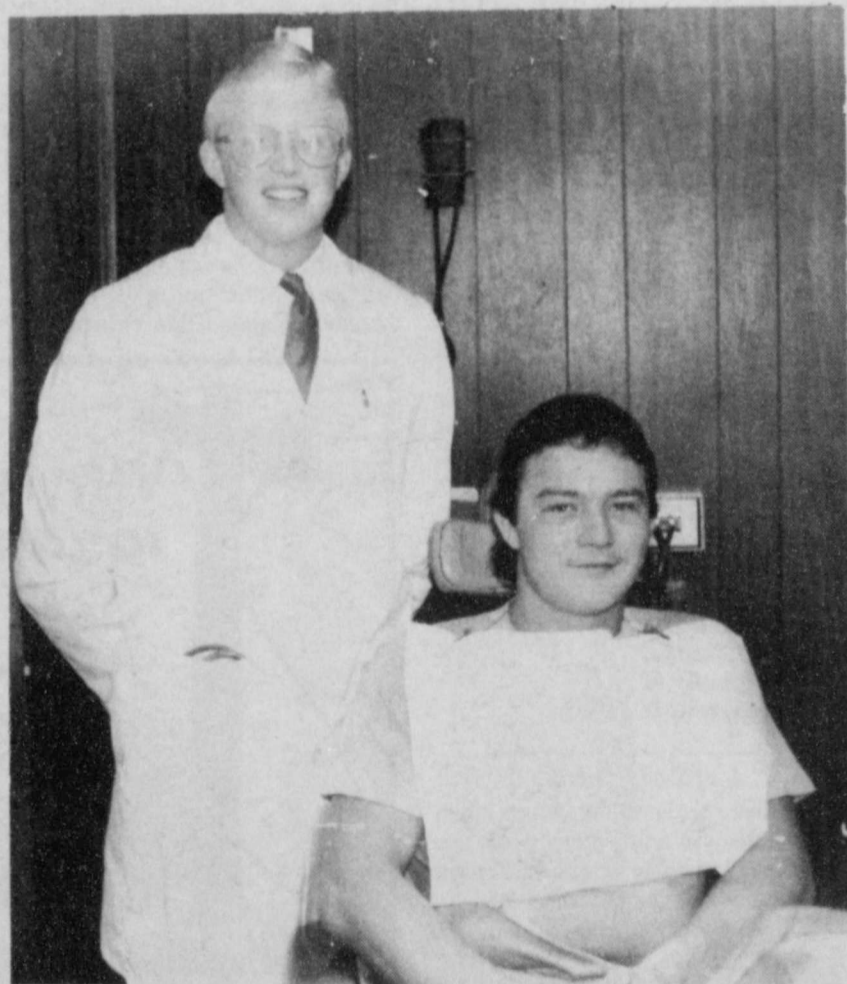

Dr. White's awards include the Eagle Scout Award from the Boy

Scouts of America in 1978, Who's Who in American Junior Colleges in 1982-83, Who's Who in American Colleges and Universities in 1984-85, named Outstanding Young Man in America in 1986, was winner of numerous achievement and academic scholarships, and was named to the President's Honor List from 1981-1989.

Staff members for Dr. White are: business manager, Susan Baggett; chairside assistant, Peggy Strain; and dental hygienist, Janet Weiler. Office hours are Monday through Thursday, 8:30 a.m. to 4:30 p.m. and Friday, 8 a.m. to 12 noon.

"Our goal is to provide each patient with the most sincere and quality dental care we have to offer," said Dr. White.

Dr. White is an active member of the First Baptist Church in Bogata and of the Bogata Lions Club. His parents are Glynn and Alice Ann White. He has a sister, Becky White, all of Bogata.

Hay Hauling Accident Claims Life Of Bogata Teenager

A hay hauling accident claimed the life of Terrance Hampton, age 15, of Bogata on Saturday, August 5, when the trailer loaded with hay ran over him.

According to the Department of Public Safety Investigating Officer, Jim Trammell, the boy was riding on top of the stacked hay near the center of the trailer on a county road off 909 east of Bogata when the hay shifted, throwing the boy between the truck, driven by Oral Lee Ford of Bogata,

and the trailer. He was taken to Red River General Hospital by St. Michael's Ambulance Service where he was treated and died. The accident occurred around 12:00 noon.

The victim was the son of Nancy Hampton and the grandson of Mr. and Mrs. Elbert (Smokey) Lockhart of Bogata. He was a student at Bogata Junior High. Funeral services were pending with Brown Rigg Funeral Home in Clarksville.

New Georgians Return To First Baptist Church Of Talco

First Baptist Church of Talco will host a return visit on Sunday, August 13 by The New Georgians, a gospel quartette based in Newnan, GA.

The group, one of the fastest rising gospel music ensembles in the country, will perform in the 10:45 a.m. worship service, presenting a concert of sacred and gospel music. The service will conclude with a brief message by pastor, Gary House.

The appearance in Talco will be a homecoming of sorts, since a Mt.

Pleasant native, and member of the church, David Zimmerman, now plays piano for the group. David signed on with the New Georgians during their earlier visit to Texas in May. He is the son of Jo and Cliff Coil of Mt. Pleasant and a 1987 graduate of Mt. Pleasant High School.

All are invited to attend the 10:45 worship service. Pastor House also stated that a covered dish luncheon will follow the service.

Family Fun Day Set For First Baptist Church Of Talco

A day of swimming, horseback riding, free play and organized sports play will highlight the annual Family Fun Day, set for Saturday, August 12 for the members, guests and friends of the First Baptist Church of Talco.

The events will take place at Musgrove's Flying M Camp and Ranch, located near Cunningham, which has been rented for the day. Also slated is bicycling, hiking, re-

laxation, and activities for smaller children.

A church-wide barbeque will be enjoyed at 5:30 p.m., with the day climaxed by an old-fashioned, horse drawn hayride.

Approximately 65 are expected to attend. Those wishing more information may contact the church office.

Why Is It Called A Slumber Party? (Or, A Grandma's Views On Birthday Celebrations)

By Nadine Caldwell

Why ever is it called a SLUMBER party? There is certainly no way anyone is going to do any slumbering!

I came to this conclusion after my eight year old granddaughter, Shana, celebrated her birthday with a slumber party at her home with grandma (that's me) in attendance.

As the guests arrived, the packages were stacked up on the hearth for later opening and party games were begun.

One that particularly elicited screams and hysterical laughter was the thimble game, in which a thimble filled with water was dashed into the face of the one who guessed the "secret color". A gallon bucket could not have been more threatening to the youngsters as they dodged and blinked.

Then came the traditional favorite "Spin The Bottle". Of course, the consequences of having the neck of the bottle point at you were explained before the game began, and such giggles, reddening of faces and outright refusals to participate one has never heard!

The penalty that caused the most toubursts of giggles was the dreaded "kiss Tommy on the forehead". When the bottle pointed to the young lady named Jolene, she absolutely refused!

I couldn't help thinking, "She's only eight, just wait eight more years and see if she refuses."

Amber was the next to fall victim to the impartial bottle's ominous finger of fate...she was supposed to apologize to Tommy. Being a natural ham, that girl could have won an Oscar for her apology.

After the game, everyone gathered around the table, opened their party bag, and bedlam was turned loose. Popping balloons, bubble blowing and whistles created a riot of sound.

Then, after an off-key version of "Happy Birthday" the candles were blown out, the beautiful cake totally destroyed and ice cream was left half-eaten to melt in the bowls. Cakes were gulped down and regardless of the mess that adults would have to clean up, the kids went on to the "big opening of presents".

Those guests not staying for the slumber party went off to a quieter place and seven girls (seemed like 50) got out the jambox, put on various styles of night clothes (why?) and proceeded to hold their own loud dance contest. Damage to ear drums had to be 100%.

About three in the morning, they put a scary movie on the VCR and about 5:30, the girls finally seemed to run out of energy and collapsed in various positions of repose.

All except the birthday gal, who instead went to wake her grandmother (me), and invited grandma to come finish the movie on the couch with her.

About 9 a.m., Shana gave up and fell asleep, leaving behind one weary grandma, asleep on the couch. Sometime in there the doorbell rang, but this grandma was, at last, slumbering away, too tired to answer! Maybe that's why it's called a slumber party!

1989 Property Tax Rates in Talco-Bogata CISD

This notice concerns 1989 property tax rates for Talco-Bogata CISD. It presents information about three tax rates. Last year's tax rate is the actual rate the taxing unit used to determine property taxes last year. This year's effective tax rate would impose the same total taxes as last year if you compare properties taxed in both years. This year's rollback tax rate is the highest tax rate the taxing unit can set before taxpayers can start tax rollback procedures. In each case these rates are found by dividing the total amount of taxes by the tax base (the total value of taxable property) with adjustments as required by state law. The rates are given per \$100 of property value.

Last year's tax rate:

Last year's operating taxes	\$	839,467	
+ Last year's debt taxes	\$	34,978	
= Last year's total taxes	\$	874,445	
+ Last year's tax base	\$	87,445,550	
= Last year's total tax rate	\$	1.00	/ \$100

This year's effective tax rate:

Last year's adjusted taxes (after subtracting taxes on lost property)	\$	861,460	
+ This year's adjusted tax base (after subtracting taxes on new property)	\$	80,847,534	
= This year's effective tax rate	\$	1.06553	/ \$100

A city that adopted the additional sales tax in a 1989 election must include the following lines:

- Sales tax adjustment rate	\$	N/A	/ \$100
= Effective tax rate	\$	N/A	/ \$100
x 1.03 = maximum rate unless unit publishes notices and holds hearing	\$	1.09749	/ \$100

This year's rollback tax rate:

Last year's adjusted operating taxes (after subtracting taxes on lost property)	\$	827,002	
+ This year's adjusted tax base	\$	80,847,534	
= This year's effective operating rate	\$	1.02291	/ \$100
x 1.08 = this year's maximum operating rate	\$	1.10474	/ \$100
+ This year's debt rate	\$.06092	/ \$100
= This year's rollback rate	\$	1.16566	/ \$100

"Just Gettin' Along..."

By Nita Fran Hutcheson
 Public Information Officer
 Ark-Tex Council of Governments

How many times have you heard, "Oh, I'm just gettin' along..."? It seems to be the "battle phrase" of so many of our seniors today. Well, this column is to try to help you keep on "gettin' along" through up-to-date information and ideas from local, state and federal sources. We want it to be interesting as well as informative. So, if you have any suggestions, questions or ideas, call 214/832-8636 or write P.O. Box 5307, Texarkana, TX 75505. We'd like your feed back.
 One of the most pressing concerns of the over 60 age group is getting inexpensive legal advice. The AARP Legal Council for the Elderly and the Texas Legal Services Center in Austin have teamed up to offer a Legal Hotline for Older Texans. Qualified attorneys answer the toll-free number to determine if there's a legal problem; and if so, they'll either give an answer right then or refer you to a lawyer in the area who has agreed to represent older clients at lower rates. The number is 1-800-444-9114 and it's open 9-5 Monday through Friday. The call is free, the service is free,

and if there's a referral, the fee will be reduced.

Another free legal avenue is through the Area Agency on Aging Legal Services Program. Connie Harvell is the AAA Advocacy Specialist who works with seniors 60 and over in nine Northeast Texas counties, their family members and/or spouses of seniors 60-plus. Ms. Harvell can answer questions and provide information about Social Security, Supplemental Security Income, Medicaid, Medicare, Catastrophic Care coverage and other public benefits. She's quite knowledgeable in Administrative Law and will even go to court with you or on your behalf, although she is not an attorney. As the Nursing Home Ombudsman, she counsels on nursing home placement or alternative forms of long-term care, helps solve consumer problems, and refers seniors to other agencies that can help. Again, this is a free service. Ms. Harvell can be reached at the Ark-Tex Council of Governments, 214-832-8636.
