Worth

By Nanalee Nichols

Have you ever been canoeing? Well, for those who haven't, let me tell you, it's an experience.

We've been rafting for quite a few years now.

But their's a whole lot of difference between a wide, bouncy little raft and a long, narrow canoe.

Thomas and I, my nephew and our good friends the Kings all loaded up a couple of weeks ago and headed up into Oklahoma for an all-day trip.

To begin with we had to park our vehicles at the take-out point on the river. Then, all seven of us loaded into an old van pulling the canoes to drive up to the put-in point. Which would have been just fine if there hadn't been eleven other people and a dog in that van.

It was, to say the least, crowded. Kids sat on laps, and one person had to stand up jammed against a window!

Finally, we were on the river in our canoes. We were all proud that we hadn't tipped over just getting in.

We paddled and back paddled, trying to get the feel of things, and then our little trio headed for the first "rapid". It might have been a lot different if the water hadn't been so low.

As it was, two canoes made it through, while Jayne, NeLeigh and I ended up dumped upside down with the canoe wedged between two rocks and the current keeping it full of water.

The male members of the party, Thomas and Dicky and Jeff King and Jeff Jeffus, gave us a whole lot of flack about our capsizing.

A bit miffed Jayne and NeLeigh paired up with Dicky and Thomas and I matched up to see if that worked better. They were convinced, I guess, that with them at the helm things would go better.

They didn't. It wasn't long until Jayne and Dicky capsized.

Throughout our day we wobbled and wiggled, bumped rocks and paddled like crazy, laughing all the time. Bruised and scraped, we were still having a grand time.

And, Jeff and Jeff never turned over. They just kept laughing and taunting us "old folks" the whole time.

However, justice finally prevailed. Dicky and Jayne had chosen the right hand fork of the river. Jeff and Jeff chose the left, and we followed (after all, they hadn't turned over, so we followed them).

Our 14 and 17 year old gentlemen, speeding ahead, managed to flip their canoe so quickly that it clobbered them on the head and shoulders. Spluttering, they righted themselves, and paddled on, trying to remain out of earshot of our laughter.

Then, sweeping round a curve, they rammed head on into a cypress knee!

They hit that stump so hard they were flung into the bottom of the canoe. Thomas and I couldn't paddle for laughing at them, and ended up paddling to the shore to sit and convulse as they screamed that "We broke the canoe!"

Sure enough, they had split the keel on that fiberglass craft neatly! It wasn't too bad, they didn't have to bail a whole lot.

But they sure did have to listen to a whole lot of gibs and digs from their elders!

Oh, justice, sweet justice...thank you!

Take A Look At Texas Taxes!

How does Texas stack up against other states on our taxes? Well, as might be expected, some of our taxes are pretty steep while others are rather low.

According to "Fiscal Notes" a publication put out by the Texas Comptroller of Public Accounts office, here are a few statistics.

On our state sales tax Texas' rate of 6.25 percent is substantially higher than the national average of about 4.9 percent.

There are 45 states with sales tax, only 5 states have a higher sales tax, and 38 have a rate that is lower. Nevada has the lowest rate, and Connecticut has the highest with 8.0 percent.

As to alcoholic beverage taxes, Texas rates pretty low.

Texas beer tax is at 19 cents. This is about average. Forty-nine states tax beer, 20 states have a higher tax,

27 have a lower tax. Hawaii has the highest beer tax at .89.

On liquor Texas excise are substantially below the national average.

Texas is 2.40 while only six states are lower than that, with Maryland being the lowest. Florida has the highest tax on this. Twenty five states of the 32 taxing have higher rates.

On wine Texas is one of the nation's lowest rate at 20 cents per gallon.

Forty-six states tax wine, and 42 have a higher rate than Texas. Only 2 have a lower rate, and one has the same rate. Florida has the highest rate at 2.25 per gallon and Louisiana has only an 11 cent rate.

Cigarette Taxes are extremely high compared to other states, ranking third in the nation.

All fifty states tax cigarettes, with only 2 states having a higher rate than

Texas. Texas has a .41 per pack rate. Forty-seven states are lower than Texas with North Carolina having the lowest rate.

Gasoline taxes in Texas are fairly low. All fifty states tax it, with 35 having a higher rate. Rhode Island is the highest at .26. Texas rate is .15.

Motor vehicle taxes are the fifty highest in the nation.

Connecticut has the highest at 8.0 and Texas' is 6.0. The lowest is North Carolina has the lowest at 2.0.

Combined State and Local Sales Taxes? Well, Texas has a very high rate. In fact, it is the third highest in the nation, with Louisiana having the highest at 9.0. Texas isn't far behind with a 8.25 rate. Hawaii and Michigan have the lowest at 4.0.

Remember, these rates aren't chiseled in stone, and YOUR legislators can do something about it. Have a suggestion or opinion? Write Austin!

Talco P.T.O. Plans For School Year

The Talco P.T.O. met August 29 in the school cafeteria, with the meeting called to order by president Sue Wilson.

She introduced the new principal, Ben Tyler.

A balance of over \$200.00 was reported in the fund.

There being no old business, discussed were items brought by the group last year were playground equipment, furnished the eighth grade with banquet money and voted to buy a sink and hot water heater for the concession stand.

New officers for the year were elected. They are: president, Sue Wilson; vice-president, Kim Stansell; reporter, Carol Cox; secretary, Sherry Hollis; treasurer, Melba Reed.

Committees will be formed to prepare for the Halloween Carnival.

Mrs. Wilson explained to the group that last year's point system did have flaws and these will be corrected as best as possible this year.

The money always given to the eighth grade class for their banquet or whatever needs the class has will be given this year.

It was decided to serve a barbeque supper at the Harvest Festival on October 12, due to the TASS test being given in the later part of October. Coronation princess and princes will be elected September 4.

The decision was made to keep the P.T.O. meetings at night, the day will change due to junior high activities.

Principal Tyler told the group about the upcoming activities the Talco students will be participating in this month. There will be a poster contest, essay, spelling and speech contests.

Each school wanting to participate will be allowed to set up a school booth at the Titus County Fair.

The next PTO meeting will be Thursday, September 5 at 7 p.m. at the school. The topic for the evening will be the point system and choosing committees for the various areas for the Harvest Festival. Everyone is invited to attend and be a part of this year's school activities. Attending the meeting were teachers Johnny and Sherry Gable, Lucille Jones, Jan Grissom, Beth Wood, Darrell Stockton, principal Ben Tyler, Sue Wilson, Sherry Hollis, Judy Sloan, Pat Forsyth, Patti Hackler, Peggy Benefield, Staci Hinton, Mr. and Mrs. Jeff Kirkland, Teresa Taylor, Beverly Taylor, Carol Cox, Kathy Outinger, Jane Cox, Patty Kuhl, Vickie Mankins, Rose Devane and Nancy Brown.

DOLLIE CARROLL is this week's Familiar Face in Talco. (Staff Photo by Nancy Brown)

Familiar Faces

...By Nancy Brown

This week's familiar face in Talco is of Dollie Carroll, the 89-year old mother and grandmother and one of Talco's longest residents.

Dollie and Ernest Carroll were married in 1919 and moved to Talco in 1943 where Mr. Carroll was an oil field employee.

They had three sons, Ernest Jr., Milton Lee and James Kenneth and two daughters, Mavis and Ruby. Mrs. Carroll was an employee at the old

Trojan Cafe in Talco and is well known as an active member of the community.

Dollie is a member of the First Baptist Church in Talco and presently resides with her daughter-in-law, Lynn Carroll and her granddaughter, Brenda. She has numerous grandchildren and great-grandchildren.

Dollie is one lady who always has a smile for those she meets.

Talco Fifth Grade Takes Field Trip

The Talco fifth graders enjoyed a field trip Friday to the Texas Utilities Mining Compay Winfield South. Their tour leaders were Gordon Hall and Daniel Grissom.

The children, teachers and parents enjoyed a question and answer phase of the trip and learned many things about mining of lignite coal. Despite the rain, everyone had a great time and are looking forward to the next field trip.

Attending were Jan Grissom, Ben

Tyler, Mr. and Mrs. Dick Dixon, Mr. and Mrs. Enis Brown and Daniel, Mr. and Mrs. Jimmy Hearron, Patti Hackler, Peggy Benefield and Rose Devane. Students were Tanna Simpson, Tabatha Hackler, Kristen Kuhl, Courtney Jones, Amber Morgan, Joey Taylor, Jason Brown, Steven Hearron, Jeremy Jones, Rusty Benefield, Nathan Devane and Jeremy. Peggy Baird did not attend the trip but enjoyed helping Mrs. Beth Wood with the tutoring class at school.

Thunder Prairie Adopts New Rules On Billing Small Ads

Beginning immediately Thunder Prairie Publishing, publishers of The Bogata News, The Blossom Times, The Deport Times and the Talco Times will no longer bill for an ad that costs less than \$6.

"It costs us \$1 every time we mail out a statement," publisher Nanalee Nichols says, "this means that for a \$3.50 garage sale ad we've already used up \$1 just from billing, and that doesn't count the employee time setting and placing it on the page, nor it's space in the papers.

She expresses her hopes that people will understand this move.

Mini ads, small ads and word ads such as cards of thanks or garage sale ads must be paid for at the time of insertion.

Regular customers who run ads like mini ads every week of the month will still be billed as they have in the past.

"We value our customers, each and every one of them, but it just isn't good business to keep on sending bills this way," Nichols reports.

In addition, we are going to put an additional \$1 on bills that remain unpaid for over a month to help cover the cost of rebilling.

Please, drop your check in the mail or leave it at the Deport or Bogata office upon placing an ad.

Money can also be left at Blossom Superette or with Liz Irwin in Blossom, or with Nancy Brown or at the Feed Trough in Talco.

Help us help you!

Tuesday, September 10 the Talco-Bogata CISD board of trustees will hold their monthly meeting at 7pm at Rivercrest.

Rebel Sports Report

Rebels Ready For Prairiland

By Marian Green

Yes, it did look like we were going to get blown away on Friday night, but we gave Detroit a little surprise. The Rivercrest football club looked 100% better than last week against Fannindel.

With each club playing 40 plays, it gave them both a lot of practice. The Rebels looked exceptionally good on offense. The offensive linemen David Jones (center), Clay Pirtle, Gary Cheatwood, Clint Burns and Brandon Miller did a very good job. The offense gained right at 300 yards, which was doubled over last week.

The Rebels scored on the fourth play on a 40 yard run. Then three plays later, Tony Sanders scored on a 4-yard run, which was set up after a 57-yard pass from John Smith to Matt Childers. As the game progressed, RHS kept gaining yardage, but never scored again.

RHS's defense did well, also. Although Coach Green is a little worried about their tackling. But the Rebels did have vast improvement. Tony Sanders did a good job at line-backer while Jonathan Savage and Micquail Jackson did a good job also.

The JV played well on Friday night, beating Boles Home 3-0. "They put forth great team effort. We had an excellent line (blocking). We also had good running from the backs. We've been working really hard and I've seen great improvement," said Coach Wood. The JV is expected to do a good job this year.

This week Rivercrest plays their traditional rival, Prairiland, at Prairiland at 8 p.m. The JV game will be played at Rivercrest against Prairiland at 7:30 so everyone come out and support the Rivercrest Rebels.

the contest while the Varsity Rebels took a thin loss. Staff Photo by Nancy Brown

Have A Great Season!

Booster Club Holds Tuesday Night Meeting

In one of the more exciting booster club meetings in a long time Rivercrest Football Coach Tommy Green gave a Booster-Type talk relating to this week's game at Prairiland. Coach Green introduced his various assistant coaches, who in turn introduced respective team members. The Junior high Squad was introduced by Coach Wake Wood and Coaches Eddie Barker and Harvey Slawson introduced, along with Green, the Varsity.

Various demonstrations of the different on field signals given by the coaches to the players on the field during the game were explained to the large crowd of fans and boosters who gathered in Rivercrest auditorium. Green was given a large ovation as he emphasized the desire and enthusiasm the players and coaches have shown already this season and promised the boosters a fun game to watch this Friday.

In an earlier business meeting the club heard from Supt. Freddy Wade regarding U.I.L. regulations involving athletes and how they can be treated no different than any other student regarding benefits. It had been advertised last week that the athletes would be given hamburgers at reduced prices at the scrimmage, but that was changed prior to the supper as it could have been a UIL violation if reduced prices had been offered.

Plans for upcoming homecoming activities of the booster club were discussed and a committee was to be appointed to oversee Homecoming Activities relating to the Booster Club. The Hamburger super sponsored last week was a success with net profit exceeding \$265.

Prospective new members will have the opportunity to join at the New Diana Game next week at Rivercrest. The membership in Rivercrest Booster Club is like the enthusiasm for Rebel Football...It's getting stronger every week!

Good neighbors with good advice for saving energy

Frank Sanchez, a customer services representative in Texas-New Mexico Power Company's Pecos, Texas, office, can help customers with their energy questions. Employees in all of the communities TNP serves are a good source of advice for using energy wisely.

Caulking and weatherstripping are two low-cost measures you can take at your home to reduce energy waste. To prevent unnecessary air leakage, caulk any cracks between windows and their frames and make sure you have full weatherstripping around doors, windows and the attic stairway opening.

For more information about caulking and weatherstripping, call or visit the neighbors at your local TNP office and ask for the free brochures, "Straight Talk About Caulking" and "Straight Talk About Weatherstripping."

Remember The Red River County Fair Sept. 18-21

By Jorene Carpenter

Always of interest in Fair-goers are the following divisions. We appreciate all of the many hours of labor and love that goes into these items on display for judging. Youth and adults judged separately.

Household Textiles by Irene Lyons, Superintendent. Division I Embroidered or cutwork Textiles; II, Rugs; III, Crochet; IV, Tatting; V, Knits; VI, Decorating Stitching; VII, Sewing and Fancy Work.

Quilts are always a favorite of the Exhibit Building. Zoe Farmer is superintendent of this division. All quilts must be cleaned and completed since October 1, 1990 (except heirloom quilts) completely finished, standard sizes are twin, full, queen or king. Label quilts with pattern names, if known. Quilts are judged on both sides.

The classes are too numerous to mention. They have been expanded to include a wide range of quilts. See Fair Catalog for information.

Clothing Division has Sarah Grizzle as superintendent. There are many classes under the following

sections: Sewing & Fancy Work, Baby Clothes, Blouses, Dresses, Jackets, Shirts, Skirts, Shorts, Pants and Suits and Miscellaneous.

One of the largest divisions is the Crafts and Hobbies having Dorothy Dawson as superintendent. There are 82 classes of items so please refer to the Fair Catalog for the class you can enter. Please note: Anything that hangs on the wall must have a hanger. This group works hard to see that every item is placed for viewing.

Remember the general rules are in the Fair Catalog along with a complete listing of all the above divisions and classes. Come to the fair to enjoy the county resident's wonderful talent.

Check in of items is Tuesday, September 18 from 1 to 6 p.m. Judging will be Wednesday morning. Check out of all items in the Exhibit Building is Sunday, September 22 from 2 to 3 p.m. Home Economics exhibits pay-out times will be Friday from 6 to 8 p.m. and Saturday from 2 to 4 p.m. and from 7 to 9 p.m.

Historical Society Bazaar Is October 5 In Clarksville

The Red River County Historical Society's 12th annual Fall Arts and Crafts Bazaar is Saturday, October 5 from 9 a.m. to 4 p.m. around the Red River County Courthouse in Clarksville.

Over 80 individual booths will feature a variety of items for sale to the public, from arts to crafts to antiques to produce to canned goods. The Society will sponsor food and drink concessions offering an assortment of home cooked items.

Entertainment will be offered throughout the day including an old fashioned western shoot out, and a musical written and produced by Boyd Hurt, to be presented five times during the day. Tickets for the play will be on sale at the Carousel for \$4.00.

Miss Belle's House, one of the Society's current renovation projects, will be converted into a Tea Room

for the day of the Bazaar. A luncheon, directed by Mary Sampson, will be served for \$5.00 each with three separate seatings.

Surrey rides will be provided all day by the Wagonmasters.

The Children's Corner chaired by Susan Hughston, will feature a variety of children's crafts and activities. Twenty raffles will be held during the day.

A street dance will follow featuring Jody Nix and his band, the Texas Cowboys.

A barbeque dinner will be catered at the Courthouse before the street dance from 6 to 8 p.m. Everyone is encouraged to bring lawn chairs to the dinner and dance or just listen to the music.

For information, call Sharon Wallace at 427-5936 or Johnna Weaver at 427-3159.

Social Security Office Hours To Change

Facts About Prostate Cancer

Prostate cancer is one of man's most ignored and least talked about diseases. However, it is the most common cancer of American men and their second leading cancer killer. But it doesn't have to be this way, early detection is key to successful treatment, and new therapies are available that can extend life, even in patients with advanced diseases.

An estimated 122,000 American men will get prostate cancer this year; 32,000 will die. About one man in 11 will develop prostate cancer; one in none for black men.

Black Americans, have the highest incidence in the world. All men over the age of 40 are at risk, though the average age of men with prostate cancer is 70. The American Urological Association and the Prostate Cancer Education Council recommend annual prostate exams for all men age 40 and over.

Unfortunately, prostate cancer often develops without any warning signs. Possible symptoms include:

weak or interrupted flow of urine; inability to urinate, difficulty in beginning to urinate or the need to urinate frequently, especially at night; blood in urine and semen; and continuing pain in lower back, pelvis or upper thighs.

While no test is 100% accurate in detecting prostate cancer, a digital rectal examination and Prostate Specific Antigen blood test are currently the most effective way to diagnose the disease at an early and potentially curable stage. Ultrasound may also be used.

If detected during its early stages, prostate cancer may be cured with therapies such as surgery or radiation. In advanced stages, prostate cancer typically cannot be cured, but new therapies such as hormone therapy have been shown to extend life, control disease spread and have fewer side effects than other treatments.

Early detection is the key, more than 80% of all patients whose tumors are diagnosed at an early stage

are alive five years after treatment. Survival rates for all stages of prostate cancer have improved steadily since 1940 and have increased nearly 25% in the last 20 years alone.

NIGHT CRAMPS

Cramps which occur in the muscles of the feet or legs at night often cause the sleeper to wake in a hurry, grasping his leg and cursing. These cramps aren't symptoms of a circulatory disorder as daytime cramping may be. Daytime cramps are generally caused by exercise and will disappear after a period of rest. Night cramps, on the other hand, occur only during rest, and generally while one is in bed. Normally, when a muscle stretches, it is pulled against others which contract at the same time. These cramps are generally brought on by stretching one muscle against little or no resistance from the opposing muscle. They most commonly occur in the calf muscle, but can also affect the arch of the foot or even a toe. For immediate relief, grasp the affected area and pull it gently in the opposite direction from the way the cramp has distorted it.

Your podiatrist urges everyone, the young as well as the young at heart, to afford your feet the care and protection they deserve. Your feet will travel many miles in your lifetime and the proper care will insure a happy and healthy step all along the way. He is available to provide the foot care routines you desire and deserve. Call your podiatrist if you need assistance with callouses, athlete's foot, fungus, nails, ingrown toenails, flat feet, etc. We are located at

Rep. Patterson Exhorts Congressional Delegation To Vote Against Regional Banking

Representative L.P. (Pete) Patterson, D-Brookston, with other members of the Texas House, today exhorted the Texas Congressional Delegation to vote against regional banking and interstate branching legislation.

"We've sent a letter to Washington telling why we think interstate banking will be bad for the country," Patterson said. "But we've also told them that if it does pass, to at least allow states the opportunity to tax bank facilities in the state and to also allow states to have the privilege to opt out of allowing interstate branches."

"We've already seen the trouble caused by allowing large out of state bank holding companies operating in this state, their lack of small business and agricultural lending, their shipping state deposits out of state, their unfair handling of work outs, and on and on," Patterson continued. "Think what it will be like when we allow banks to consolidate in ever greater size, without state consumer and lending protection. The big banks are the ones who get us into trouble in the

first place. I know we don't need all our deposits handled by fat cats who will do everything but consider the needs of the average citizens of this state."

The letter is signed by Rep. Patterson, Rep. Warren Chisum, Rep. Robert Saunders, Rep. Bill G. Carter, Rep. Fred Hill, Rep. Talmadge Heflin, Rep. M.A. Taylor, Rep. Jerry K. Johnson, Rep. District 17AA Football Roundup

By Marian Green

As Texas football gets underway this week, District 17AA joins right in. Texas Football Magazine, in their annual pre-season picks, tabbed Leonard the early favorite, due primarily to senior quarterback Trey Trenholm, who, as last year's MVP in the District, will be the catalyst that makes or breaks their success. Cooper could give Leonard its toughest test because of their strong line of defense.

Rivercrest could be a sleeper, waking up to surprise them all as Coach Tommy Green has installed the ever-explosive wishbone offense that is led by quarterback John Smith.

The question mark will be whether the Rebels can furnish enough defense to go with the bone. If strength and quickness that is expected from Honey Grove, materializes and if Wolfe City can hold down injuries and keep the grades up, look for this District race to come down to the wire.

This week's schedule: Rivercrest at Prairiland Honey Grove at Fannindel Cooper at Roysse City Leonard at Howe Chisum at Prosper Rains at Wolfe City
