Worth**

By Nanalee Nichols

Well, well, well. Sometimes there is a day of retribution!

Saturday morning I woke up grumbling and grouching because it was snowing like crazy.

Thomas, of course, was as happy as a little kid.

I moaned and groaned about the fact that all the fluffy white stuff was good for was to make someone slide off the road or slip down and fall.

Thomas laughed at me.

But, I decided to get out anyway, and engaged four wheel drive in the vehicle to go wandering up and down highways and byways taking pictures.

And oh, the snow was lovely. Icy streams giggled past trees outlined in blackest black and whitest white.

Deep green cedars swayed gracefully under the weight of white fluffy snow.

And children everywhere were bundled up and building snowpeople at a prodigious rate.

As we all know, the snow didn't last too long.

Sunday afternoon I was tromping around out back from the pickup to the house. I had an armful of magazines, cameras and my purse.

I discovered that when mud reaches just the right consistency...it's slicker than snow!

I hadn't bothered with my gripper soled shoes...after all, it was just mud.

Twice I slipped, catching myself each time.

I was laden with a camera, my purse, and several magazines.

Just before I made the door...you guessed it.

My feet slid out from under me, and I landed flat on my back!

My purse made an arc one direction. My camera made a graceful curve in another direction. The sight of it's lens burying up in the mud was not my favorite sight.

I haven't had the breath knocked out of me in years...and had forgotten just how bad it feels.

Lying there in the very cold, very wet mud gasping for breath I began to remember that I had laughed mightily hard at Jim Short a few weeks ago for much the same thing.

Thomas reminded me that it's sometimes not wise to offend the "snow gods"...that they probably were just proving a point by demonstrating that snow isn't the only thing you can fall on!

Snowfall Comes And Goes!

The snows of more northerly states found this part of the world over the weekend, dropping from six inches down to only an inch or so of big, fat, fluffy white stuff.

The temperatures hovered right at the freezing point, keeping roads in better shape than usual during a snow storm.

That wasn't to say that there weren't plenty of slick spots on roads and sidewalks, though.

While Paris collected about six inches of the snow, as did Blossom

and Clarksville, only a few miles further south, at Deport and Bogata, the accumulation wasn't quite as deep. Towards Talco the snowfall decreased even more, while Mt. Pleasant had virtually no snow.

Children of all ages enjoyed the snow, making snow men and women dressed in western hats, top hats, berets, sunglasses and a variety of imaginative outfits.

Their creations were doomed to a brief life-span, however, as the snow melted away more and more as Sat-

urday progressed. Sunday the snow people and expanses sheltered on the north side of buildings were almost all that survived of the winter's first snowfall.

This week's weather saw colder night temperatures, with a warming trend towards the middle of the week. Rain mid-week is expected to be replaced by another arctic front over the weekend. Will it bring more of the white stuff? Not even a weatherman knows for sure!

NEW COMPUTERS-Talco State Bank recently donated an Apple Computer to the Talco School. Talco State Bank Vice-President Jo Anschutz presented the com-

puter to Talco School Principal Ben Tyler. The computer will be used in various training methods for students and test students on

their computer skills. Mr. Tyler stated that their goal is to have a computer for each class in the school. (Staff Photo by Nancy Brown)

BRO. TIM JONES is the new pastor at the Assembly of God Church in Talco. He and his family moved to Talco from Mabank. Bro. Jones said,

"We're happy to be here, the children are already involved in Little Dribbler basketball and other school activities." Bro. Jones was Youth Director in

Mabank and hopes to keep all ages busy at the church in the community. (Staff Photo by Nancy Brown)

CHECKING THROUGH one of her recipe books is Helen Williams, who is sharing in this

week's Country Cooking Column. (Staff Photo by Gerrie Bankhead)

Country Cooking

By Gerrie Bankhead

The Country Cooking column is coming to you this week from the dining room of Helen and Ed Williams of Bogata. Being the proud parents of three children, they are: Haletha Jones, husband Granville, and three sons, all of Commerce; a daughter, Patty Barton, husband Henry and one son of Bagwell; and a son, Dr. George Hobbs, wife Janet and two daughters of Huntsville, making a total of six grandchildren and seven great-grandchildren.

Helen and Ed have made Bogata their home for 51 years of which they moved from the Halesboro community. Helen's career has consisted of ten years at the Bogata News; three years as the tax collector in Clarksville; 20 years at Sears in Paris. After retiring from Sears, she went to school to become a medication nurse where she spent the next 14 years at Red River Haven Nursing Home. She totally retired from public work in 1989. Since that time she spends more time on her hobbies like making pillows, afghans, playing 42, cards, traveling, cooking, sewing, gardening, crafts and entertaining. Helen's favorite place to travel to is Branson,

MO, or wherever the tour bus travels next. She is always ready. She also enjoys entertaining at special occasions, especially holidays. Helen has made six afghans from October to December, but she says making pillows are her specialty and they are beautiful.

Helen is sharing a variety of recipes this week and we hope you enjoy them. The European English Peas and Mushrooms is a new recipe she got from her daughter, Haletha, about a year ago. She thinks it is great and uses it a lot during the holidays. The Pink Angel Salad makes a big dish and is very pretty when complete. She got the recipe from her daughter, Patty, and has used it for years. The Pumpkin Bread recipe has been a favorite for a number of years also. She got it when she was working at Sears. The Millionaire Pie is very good and rich, and will serve eight people instead of the original six. The Copper Pennies recipe is a dish that will keep several days and can take the place of salad. Helen got this recipe from her sister, Allene Chandler from Legate, about two years ago.

Varsity Reb Teams Meet Honey Grove

By Bubba Edge

The Varsity girls went into the game with a 1-0 district record and Honey Grove was 0-1 in district play, but was one of the tough teams to beat. The Lady Rebels proved to be a tough team to be reckoned with in the upcoming district play.

Honey Grove controlled the tip to start the game and scored the first bucket. Both teams started out cold, the score was only 8-6, RHS with a 1:59 left in the first quarter. The Lady Warriors and the Lady Rebels both were playing zone defense and both were trying to work the ball inside on offense. The quarter ended with the score RHS 10, Honey Grove 8.

The second quarter began with the Lady Rebels controlling the pace and holding a lead until right before the half ended, when the shooting of Knel Fogelberg gave the LW a one point advantage, 25-24.

HG came out just as hot as they went in at the half scoring a total of 16 points in the quarter. The LR hung in the game by scoring when they needed to, but never could get the momentum away from Honey Grove. The period ended with Honey Grove in the lead 41-38.

The last quarter was somewhat like the first, except everything that happened now could be costly. The Lady Rebels played hard on defense but couldn't shake the jinks of the cold offense of earlier games and that seemed to be in the cold air this night. Krista Weatherall hit a three pointer to pull within two points, 43-41. Honey Grove scored a basket and made one of two free throws to up their lead 46-41. Weatherall blocked a Fogelberg shot and got an assist from Lana Pirtle to make her fifth three point shot of the game, pulling RHS to within two points again, 46-44. Tiffany Parish, who plays tough inside, usually against bigger players, grabbed down a rebound and scored to tie the game at 46-46 with

2:29 left. Honey Grove took the lead back with a free throw and Coach Arbuckle called a time out with 1:45 left to set up a play to score, but the Lady Rebs were unsuccessful. Rivercrest fouled, hoping to get the ball back off a missed free throw, but Honey Grove made both, running their lead up three points, 49-46.

The Lady Rebs got two more chances but were unable to come up with a bucket. They were tagged with another foul and Honey Grove converted only one of two, giving Rivercrest the final score, 50-46, Honey Grove.

The scoring was led by Krista Weatherall with 23; Tiffany Parish 12; Lana Pirtle 6; B.J. Thompson 3 and Patches Raines 2. The Lady Rebels have no reason to hang their heads, they hustled and never quit. They showed great potential to be a team to be reckoned with in the district.

The boys' teams both came in with 1-0 district records and both seemed anxious to get things started. The first quarter began with the Rebels hot, not only on the scoring side of things but on offense and defense boards. The Rebs were running a 1-3-1 zone defense and it seemed to confuse Honey Grove in the first quarter.

Honey Grove's run-n-shoot offense just was not clicking and the defense was why. Eddie Williams, sophomore, blocked three shots in the period for the Rebels. Corey Gable and Reggie Alford both had six points in the quarter which ended 21-12, RHS.

The second quarter began cooling off for RHS. The Rebels only scored six points the whole period, and two of them came in the last five seconds of the half by Jerry Francis. Honey Grove scored only nine for the period.

One might say the second quarter was a defensive battle that ended with Rivercrest on top 27-21.

The Warriors opened up the second half with a full court 1-2-1-1 press that eventually paid off, cutting into the Rebels' lead until there was none left. The Rebs stuck to their inside game, getting the shots but not making them fall. The quarter ended in a 33 tie. Williams got another block shot, giving him six for the game.

The fourth quarter began a see-saw scoring battle that kept everyone on the edge of their seats. Alford made an intimidating rejection that got everyone's attention and Dean Tiffie broke loose, getting a lay-up for the Rebel lead 41-40, their first since midway through the third quarter.

Honey Grove came right back and got not one, but two baskets and a free throw while the Rebels got only one bucket and a steal by Shawn Barker, who was fouled while shooting with :09 left. With a lot of pressure, Barker made one of two, making it a one point game. On the throw in, somehow Clay Pirtle took the ball from Honey Grove and shot toward the goal and it went in, giving RHS a one point lead. Honey Grove called time out with :04 left and, as the saying goes, it's not over 'til it's over, Honey Grove took the ball all the way downcourt and scored right before the buzzer blew its final tune.

The game ended with Honey Grove 47, Rivercrest 46.

Scorers for Rivercrest were Corey Gable 17; Reggie Alford 6; Dean Tiffie an Clay Pirtle 5 each; Eric Curties and Jerry Francis 4 each; and Shawn Barker 1.

The Varsity Rebels and Lady Rebels will travel to Leonard Friday. Catch the fever, it's breath-taking.

In Junior High play, the boys played Wolfe City with the seventh grade winning 36-15 and the eighth grade team losing 60-31.

Barns Burn In Honey Grove For Rivercrest JV Teams

By Bubba Edge

It was a very cold Thursday night, January 16, but the flames were just beginning to warm up in Honey Grove. Rivercrest had four games to play, JV, girls and boys and Varsity, girls and boys, little did anyone know what was in store for them.

The JV girls started things with a low scoring but action packed game that ended in a shock. The girls were being led by Coach Harvey Slawson. Honey Grove scored the first two points of the game with 2:32 left in the first quarter. Keitha Gillis scored first for the Lady Rebs and then Misty Taylor came up with a bucket giving the Lady Rebs a 4-2 lead with 12 seconds to go in the first quarter in which it ended.

The second quarter started with Honey Grove taking no time to tie things up at 4 even. Terri Spears gets the ball inside and makes a good move to the hoop and scores, giving the Lady Rebs the lead once more. Honey Grove came right back and tied then Taylor scores again putting the Lady Rebs up by two in this see-saw battle. Right before the half ended, Gillis stole the ball, broke toward the goal and scored, making the score 10-6, Rivercrest.

The third quarter seemed to be like a long day, it was never going to be over. The Lady Rebels went cold and just could not find the basket. They were getting the shots but nothing was falling right for them. On the other side, Honey Grove came out

shooting good, scoring 10 points for the quarter. A good hustling Lady Reb defense kept the game in reach and didn't allow HG to run away with the score. The quarter ended at 16-10 in their favor.

The fourth quarter found Misty Taylor finally breaking the ice, scoring a basket with 3:45 left. Less than a minute went by before Chasity Hall scored two to pull the Lady Rebs within 2 at 16-14. Rivercrest's full court press forced a turnover when Spears converted it into the tying bucket with 1:40 left in the game. Both teams exchanged several possessions with no luck of any scoring. Finally with :07 left, Honey Grove made two long passes, got a shot off and it went in, giving them a 18-16 win. The scoring went as follows: Misty Taylor 6; Keitha Gillis and Terri Spears 4 each and Chasity Hall 2.

The JV boys game started quickly with Shannon Richeson scoring the first two points of the game. It was fast action and a lot of mistakes from both teams were made. The Rebs were running a full court press, dropping back into a 1-3-1 zone defense. The first quarter ended with Honey Grove leading 14-13.

Rivercrest settled down in the second quarter and played a good pace. Although the score stayed pretty close, you could tell that the momentum started to favor the Rebs. Elliott Pogue made a three point shot to get

things going right and from then on, the Rebs seemed to control the pace of the game. The half ended with Rivercrest in front 33-27.

The third quarter went fast too. There was a lot of running and missed shots by both teams, however, the Rebs were able to extend their lead from 6 to 11 points with some help from Mike McGee, who made a lay-up right at the buzzer to end the quarter.

The fourth quarter seemed to have frosted over for the Rebs as they couldn't find the right formula for a bucket when they needed one. Honey Grove had pulled within six points, 52-46 with 3:00 left. The game went on the same way with the Rebs struggling but never quitting, and with :56 left, Coach Schultz called a time out. Honey Grove had pulled to within one point, 52-51 and the Rebels were called for a foul. Honey Grove made both points, giving them the lead for the first time in the second half, 53-52. Rivercrest went down and shot to miss Honey Grove rebounds and got tagged this time with an intentional foul, sending the Warriors to the free throw line shooting two.

Honey Grove made both shots and made the score 55-52.

With Rivercrest's only other chance to win, they couldn't find the mark and fouled one more time. Honey Grove again found both baskets, making the final score 56-52, Honey Grove's favor.

Little Dribblers Meet

The Talco-Bogata Little Dribbler coaches and parents met Saturday, January 18 at Rivercrest High School. Teams for the coming season were drafted. Coaches agreed to play the students as close as possible by age, since first through fourth grades will play together.

Teams and coaches will be posted at each school. Practice will begin this week, and play will begin as soon as games can be worked around Junior High and High School games.

Plans have been made to be finished with basketball before the baseball season begins, if possible.

B.J. Thompson Receives Special Award

B.J. Thompson, a senior at Rivercrest High School, was selected as the 1991-1992 "Non-traditional Vocational Student of the Year" for the Region VIII area.

B.J. is an "A" student who has a state Lone Star Farmer Degree, been a delegate to the State FFA Convention, served on area judging teams,

and held various chapter officer positions. B. J. was nominated for this award by her Ag. Science teacher, Craig Ingram.

This contest is sponsored by the Vocational Equity Project at Region VIII ESC and the goal is to promote the participation of students in vocational fields of study, non-traditional to their gender.

Billy: "Somebody else's pants."

Local Sales Tax Rebates Show Modest Start For 1992

"January's local sales tax rebates showed a modest start for 1992 with today's payments to 933 cities totaling \$85.5 million, or 5% more than last January's payments of \$81.4 million," State Comptroller John Sharp said today.

January payments to 106 Texas counties totaled \$9.7 million, virtually identical to last January's payments.

"We have projected slow but steady economic growth for 1992 in Texas, despite the national recession, and retail sales should continue to show

moderate improvement," Sharp said.

Bogata received \$2,108.98 for this period, for a 28.77% increase over last year's payment of \$1,637.79.

Clarksville received \$12,984.63 for a 6.66% decrease.

Detroit received \$604.54 for this period, marking a 5.61% decrease over last year's payment of \$640.46.

Mt. Pleasant received \$89,686.33 for an 11.08% decrease while Talco received \$1,211.60 for a 16.01% decrease over last year's payment.

Blossom received \$1,459.01 for a

158.71% increase over last year's payment of \$563.95.

Deport received no payment for this period, as compared to no payment for the same period last year.

Paris received \$170,000.02, marking a 10.62% decrease.

Houston received the state's largest payment for January, \$13.5 million, an increase of 1.1% above last January's payment of \$13.3 million. Dallas received the state's second largest payment, \$8.3 million, an increase of almost 3%.

Aviation Is Bright Spot In Texas Economy

An increase in aviation activity in the third quarter of 1991 was a positive sign in the Texas economy, the Texas Department of Transportation reported.

"In spite of difficult economic times across the state, aviation activity continues to make gains," said C.A. Wilkins, director of TxDOT's Division of Aviation.

The Quarterly Aviation Activity Report shows third quarter increases over the first half of the year in number of passengers and airline passenger flights. While the number of flights was down from a year earlier, the number of passengers was about the same.

"Economic benefits that aviation generates in Texas are direct results of these two activities," Wilkins said.

The Division of Aviation is responsible for directing federal and state resources to develop the state's aviation infrastructure.

The quarterly report, first published in October, is produced in cooperation with the Federal Aviation Administration and air carrier airports in the state.

It is published to provide access to these indicators of economic activity.

Tax Guide Just for Students

High school and college students can take a look at our federal tax system through a publication from the Internal Revenue Service. Publication 4, *Student's Guide to Federal Income Tax*, gives students an overview of the tax system, a brief background of taxation and an explanation of withholding of income tax, types of income and expenses, and filing requirements for students.

Other topics include estimated tax, types of information and tax returns and filling out Form W-4, "Employee's Withholding Allowance Certificate." Also included are filled-in samples of Form W-4 and Form 1040EZ, "Income Tax Return for Single Filers with No Dependents."

Rules explained in Publication 4 apply to students who are U.S. citizens and unmarried (single). Foreign students studying in the United States should see Publication 519, *U.S. Tax Guide for Aliens*.

Free publications may be ordered by calling the IRS at 1-800-TAX-FORM (1-800-829-3676).

TAX TIPS

from
Mark Bower CPA

GETTING A TAX DEDUCTION FOR BAD DEBTS

Tough economic times and restrictive bank lending practices have made loans, between individuals, more common. If you are considering making a loan, these tips on documenting personal debts can help preserve a tax deduction in the event the loan can't be repaid.

First, you need to clearly identify whether the loan is for personal or business purposes. Generally, business bad debts arise directly from the lender's business activity and are deductible as a normal cost of doing business. Personal bad debts (also called nonbusiness bad debts) are deductible as short-term capital losses. The losses are first used to offset up to \$3,000 per year of salary and other income.

Next, you need to document that you intend to be repaid and are not making a gift (especially when making loans to family members). A written agreement between the parties should be made, showing how much is owed, that a market interest rate is being charged, and that a definite due date has been set. Caution: loan guarantees made as a favor for a friend or relative don't qualify for a bad debt deduction. You must be able to provide a profit intent.

Finally, document your collection efforts. Nonbusiness bad debts are deductible only in the year that the debt becomes completely worthless. You must show that there is no chance of the loan being repaid and that you made reasonable efforts to collect the debt. Keep copies of letters you send demanding payment, and log the results of telephone calls you make. If the loan amount is substantial, using an attorney or collection agency will help prove that you made "reasonable" collection efforts.

Call our office for more information or for assistance with these and other required tax filings.

Austin College Prepares Students For Lifetime Of Learning

An important aspect of the liberal arts education at Austin College in Sherman is preparing students to enjoy a lifetime of learning and to assess and apply that learning appropriately.
One Austin College class, including D'Ann Stephenson, daughter of Mr. and Mrs. A.D. Stephenson of Bogata, is spending the January term learning for the future. Students are completing an in-depth study of the working world of "The Sociology of the Job Market." The course explores organizational structures, occupational choices and human interaction information in job interviews and resume preparation.
The course is designed as a model of the work world, with grades designated as pay, and the importance of teamwork, promptness, neatness and complete work stressed. The class will tour and talk with professionals at WFAA-TV in Dal-

Good neighbors with good advice for saving energy

Carolyn Cudd, clerk in Texas-New Mexico Power Company's Perryton, Texas, office, can help customers with their energy questions. Employees in all of the communities TNP serves are a good source of advice for using energy wisely.

The right windows and window treatments can help you prevent energy waste. When buying windows, look for insulating, double glass, triple glazed glass or storm windows. Exterior shades, such as shutters or awnings, can also help save energy, as can shades inside your home such as lined drapery or blinds.

To learn more about window treatments that save energy, call or visit the neighbors at your local TNP office and ask for the free fact sheet, "Straight Talk About Window Treatments."

Another Choice For Talco Open Heart Surgery at St. Joseph's

If you are facing heart surgery, the last thing you want is to be away from home and family, a stranger in an unfamiliar city. And yet, when it is your heart, you want the best of care—wherever that might be.

Until recently, people in Talco who needed heart surgery had no choice—they had to leave the area to receive the care they needed.

No longer! St. Joseph's brings you another choice.

Now there is a full service heart center here, close to you, with a proven surgical team bringing years of heart surgery experience to Paris.

Open heart surgery team at St. Joseph's Heart Center

The Heart Center provides the region's first program of total heart care, including cardiac catheterization and open heart surgery performed by skilled and experienced surgeons. They are backed by a specialist team of surgery nurses and technologists and the most modern post-operative Intensive Care Unit in the area.

Through the center's cardiac rehabilitation program, patients can return to active lives after heart surgery.

Familiar Faces
 By Denise Wood

Bogata has a rare treat that most towns have gotten that such a thing has exist. That thing is a barber shop. Not

a styling shop; but an old fashion barber shop with no thrills- just a good haircut and conversation. This is why Lyden Horn is showcased in Familiar Faces.

Everyday Lyden has a regular crowd of men who drop by for a haircut or conversation. In 1963 Lyden received his barber license but only started cutting hair four years ago in Longview. For the last year and half he has had his shop in Bogata. For thirty-five years however he drove truck for various trucking companies.

Lyden has lived in Talco for fifty-seven years. He and his wife, Erma Jo, have been married for thirty-

Johntown Locals

Mrs. Frances Thomas spent Sunday with her parents, Mr. and Mrs. George Green of Mt. Pleasant along with Darrell and Carol Green of Mt. Pleasant, Charlene and Wayne Knowles of Kaufman, Ralf and Ray Pittman of Mt. Pleasant, and David and Delores Potter.

Sunday guests of Grady and Nadine Rhodes were Tommy Dee Anderson, Tommy Wayne Anderson Jeanie

Anderson, and Suzanne Taylor. That night Grady and Nadine dined with the Tommy Dee Anderson's home in Mt. Pleasant.

Gale Hervey spent part of last week with her daughter and family, Lynda Woodward, of Longview.

Friday Mrs. Nellie Janc Williams returned from Mexia attending her mother, Mrs. Velma Simms, funeral service which was held Thursday.
