If you think professional athletes can do no wrong...don't read this week's column.

I, for one, am weary of watching professional sports "superstars" be turned into heroes no matter what they do.

It is frequently noted that football, basketball, boxing and wrestling stars are role models and heroes to our youngsters. Of course, so are tennis stars, hockey players and others.

One has only to look at the tee shirts, duffle bags and other apparel items bedecking kids to know that this is true.

Basketball stars, football stars, baseball stars...their pictures smile from shirts, shoes and posters. Television advertising uses them to sell everything from food to toys.

That's all just fine...having a hard working, excellent athlete for a role model is grand. It gives youngsters someone to imitate...something to strive for.

But what happens when those role models begin to break the law...and don't have to pay for it?

Would someone tell me why these people manage to get out of trouble time and time again? Would you explain why exceptions to all the laws and rules that apply to "ordinary" people are made for pro athletes?

What kind of role model is a man who spits at referees and fans who curses and throws things?

What kind of a hero is a man who takes drugs, is arrested for DWI, assault or rape?

What kind of an example is someone who flaunts their immunity, who wastes money selfishly?

We spend a lot of time talking about how impressionable young children's minds are. Shouldn't the people these kids worship be worthy of that worship?

And when those idols fail, and fall, shouldn't they be treated as any other person would be? If they aren't, what message does this send to youth? When action is delayed time after time when a sports star fails a drug test, how does that look?

The record shows that charges against sports figures are dropped, sentences are reduced, or the athletes are given special treatment.

NO ONE should be above the law. I don't care how important they are on a team. I don't care how popular they are.

Professional athletes on the whole are aware that they should set an example to the young fans that adore them. They are aware that fans are the reason that they have a sports career at all. The majority are worthy of the hero worship they receive.

But so much publicity goes to those that have a bad attitude, who cause trouble and who create disruptions.

If punishment for improper behavior was swift and sure, then the message to those youngsters who look up to them would be powerful.

Sadly, I'm afraid that the message going out to kids these days is quite the opposite.

Youth Consultant To Present Message To Rivercrest

Pat Porter will present his "Sex in the 90's" assembly program to three schools in the Talco-Bogata school district on Wednesday, April 22.

Rivercrest High School principal, Ray Miller, scheduled the assemblies with Pat Porter during a telephone conversation in March.

He is a motivational speaker and youth consultant from West Monroe, LA and has spoken to almost 40,000 students in over 150 school assemblies, conferences and workshop sessions during this school year. His assembly programs deal with many issues that teens face, including sex.

Porter will present a clear abstinence message that deals with the pressures teenagers face in the area of sex. He will also discuss the lie behind "safe sex" and attack the statistics that seem to say "everyone is doing it."

Rivercrest Receives New Health Education Program

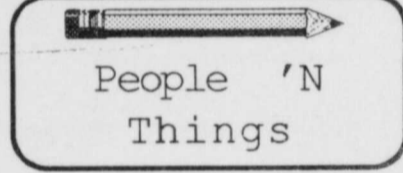

Last week Rivercrest received a new health education program about HIV and AIDs donated by the Advantage Life Company of California.

Rivercrest is the first school system to receive the Be Safe Program.

The Be Safe Program consists of a cassette and a booklet. The booklet as well as the cassette is a well informed source for the students and the parents covering every aspect of the disease.

Donald Danks, President of the Advantage Life Company, donated the program to Rivercrest due to the coverage that the school has received.

Mr. Danks is a former basketball player for UCLA and teammate as well as personal friend of Kiki Van Derwegh of the New York Knicks. He is also a personal friend of Magic Johnson. He stated that he does not believe the figures that were released about the HIV cases in the Rivercrest School; but hopes that the program would prevent such high number of cases to exist.

CANCELLED-The Talent Show scheduled for April 7 and sponsored by the RHS Beta Club has been cancelled due to the small number of entries.

The Calvary Baptist Church will hold their Brotherhood Fish Fry on April 18 at 3 p.m. Sign-up sheet is in the preacher's office. Deadline is April 5. The senior adults will go on the church van to the Passion Play in Hughes Springs on April 23. Families are welcome, but must have their own way to travel.

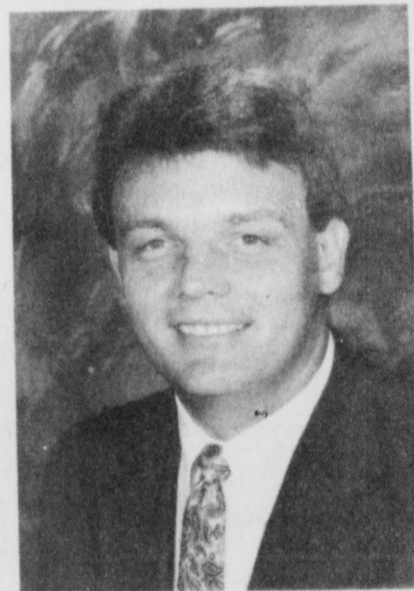

April 18, the Calvary Baptist Brotherhood will sponsor a fish fry at 3 p.m. The Young Adults will sponsor an egg hunt at 2 p.m. Bring 3 hard-boiled eggs and 3 chocolate eggs. The Youth will have a Youth Rally. Sunday School is required. They will leave the church at 4:45. VBS is June 1-5, from 6:30-8:30 nightly. The Youth Rally is June 11-13 at 7 p.m. Mark Fryed is guest speaker.

A PTO meeting will be Monday, April 6 at 7 p.m. in the Talco School Library. Agenda for the meeting will be posted in the school lobby. Everyone is encouraged to attend.

April 3, Friday, is a Junior High track meet at Hughes Springs at 4 p.m. for boys and girls.

All School Assembly is Friday, April 3. Bev Stuhr will present a program on "Natures Bad Actors" at 3 p.m. Everyone is invited to attend.

RHS boys and girls will travel to Commerce for track on Saturday, April 4.

Talco Post Office Employees Hold Customer Appreciation Day

On Wednesday, March 25, the Talco Post Office employees held Customer Appreciation Day in honor of their patrons.

The red, white and blue color scheme in decorations were accompanied with punch, coffee, orange juice and many munchies. The customers registered for a drawing to be

held March 31. The day was filled with fellowship and reminiscing of community times past, all revolving around the pride a small town has for its Post Office.

The Talco Post Office employees thank all who attended and those who were unable to attend but showed their patronage throughout the year.

Talco VFD To Sponsor Fishing Tourney

The Talco Volunteer Fire Department will sponsor a bass, crappie and catfish fishing tournament on April 11 from 6 a.m. to 3 p.m.

Prizes and awards will be given for the largest fish in each category and for the largest stringer size of up to 10 fish.

Fish must be turned in, live, at City

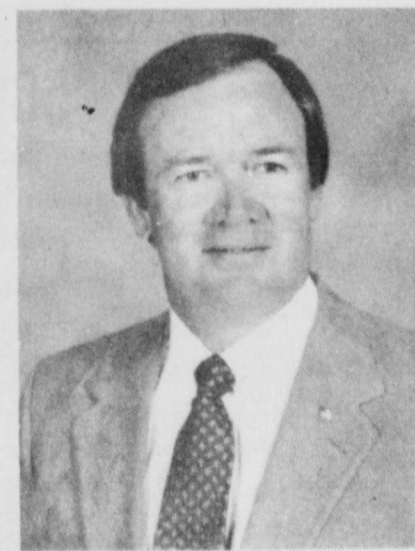

Hall in Talco by 4 p.m. Fish must be caught in local ponds only.

Entry fee is \$5.00 per person for

pre-registration or \$10.00 per team for the stringer contest for pre-registration.

Entries will be taken as late as 8 a.m. Saturday, but registering late will cost \$7.50 per person or \$15.00 per team.

The State size limit will apply. For more information, call Brett Castle at 379-3981, Randy Hollis at 379-7561 or any Fire Department member.

Coach Charles Swann

Charles Swann is New Head Coach for Rivercrest

Rivercrest will have a new Head Coach for the 1992-1993 football season after the resignation of Tommy Joe Green. Charles Swann of Quitman High School has been named for the position.

Coach Swann is from Quitman and his wife, Kathy is from Winstboro. Their son, Craig, is currently a senior at Quitman and will be attending SMU next year on a football scholarship.

For eighteen years, Coach Swann has been coaching-two years at Mt. Pleasant; four years at Minclou; one year at Rains and eleven years at Quitman. He has been the head coach and Athletic Director at Quitman for the last eight years. His record is 47-37-4 for a 56% winning record. Coach Swann has only had one losing season.

His football team went to the play-offs three of the eight years. Quitman had only been to the play-offs once in the history of the school before Swann was coach. Twice Quitman were Area Champs and Bi-District once. This

was the further than Quitman had ever gone before in the play-offs. Quitman also went undefeated in the regular season once at 10-0, for the first time ever. Swann has been named Coach of the Year three times.

Swann stated, "I look forward to coming to Rivercrest. I am not going to promise so many wins or a district championship in a certain time period, but when you come to the games on Friday night, you will see the kids having fun and playing as hard as they can. I will promise you that it will be exciting. I also believe in a strong weight program. I believe that you don't have to be the best, but you have to do your best. Also, you become what you think. If you think you are a winner, you are. Our motto will be: Commitment To Excellence which means (1) Discipline, (2) Commitment, (3) Motivation, (4) Effort (5) Rebel Pride."

Coach Swann promises an exciting football season. It will be something to see happen.

Social Security Notes

By Ray Hudson, District Manager

Special provisions can help people who are blind or near blind qualify for Supplemental Security Income payments. There are also other provisions to help people who are blind and already receiving SSI return to work and still receive SSI benefits or Medicaid protection.

SSI makes monthly payments to people 65 and older and to people with disabilities at any age (including children) whose income and assets are below a certain level. And people who receive SSI usually qualify for Medicaid and food stamps, too.

If local Social Security officials determine that individuals meet the eligibility standards for blindness, those individuals can receive SSI payments for up to 6 months while they wait for a formal decision by a state Disability Determination Service. If they're later found not to meet the SSI definition of blindness, they do not have to pay back any money. Other provisions within the law also help people with disabilities

union dues.

People who are blind also can ask for special handling of any letters sent by Social Security about changes in their SSI. At their request, we can either telephone them or send the letters by certified mail.

Anyone who wants more information about SSI or who wants to apply for benefits should call their local Social Security office.

receive SSI while they're working. For example, when figuring a disabled person's earnings, SSI does not count any work expenses directly related to the disability. These exclusions are important because the SSI payment is offset by other income a person has.

People who are blind receive additional exclusions. SSI excludes most of their work expenses (not just those related to their disability). Some examples include Federal, State and Social Security taxes; routine transportation costs to and from work; and

Highway Improvements In Progress On Hwy. 271

Plans to add shoulders to a section of U.S. Highway 271 and level up a section of U.S. 67 near Mt. Pleasant have been approved by the Texas Department of Transportation.

According to construction plans on U.S. 271, a four-mile section of the highway from 3.6 miles south of FM 1896 to Business U.S. 271 will have part of the old pavement removed, shoulders leveled up, and the entire surface repaved. Once completed the existing 12-foot traffic lanes will have four-foot paved shoulders on each side. All drainage structures along the route will also be widened and safety features improved on all culverts.

Duinick Brothers, Inc. of Grape-

vine was awarded the contract for construction with a low bid of \$912,313.

The roadway on U.S. 67 between Winfield and Mt. Pleasant is also scheduled for improvement. About a two-mile section of the highway from 0.4 miles east of FM 1734 near Winfield to 2.8 miles west of Interstate 30 will be leveled up and repaved to improve its rideability.

Buster Paving Company of Sulphur Springs was awarded the contract for this project with a low bid of \$433,889.

Work on both projects should begin in April and be completed by August of this year.

Heart care close to Talco

Now, heart catheterization and balloon surgery are as close as St. Joseph's in Paris.

Not so long ago in Talco you didn't have a choice when it came to sophisticated heart procedures. You packed it up and left the area. Chances are you disrupted your family's routine, incurred costly hotel and food expenses, and just stayed away from home too long.

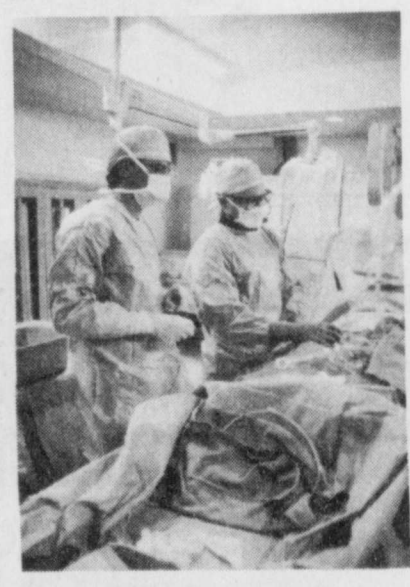

Thankfully, those days are over. St. Joseph's Heart Center offers Talco one of the most sophisticated, full time heart catheterization labs to be found anywhere in the country. Having done literally thousands of heart catheterizations and hundreds of balloon surgeries, Dr. Allen Duplantis, Jr., is the most experienced cardiologist in the region, and has been living and practicing in Paris for over a year now.

At St. Joseph's Heart Center, doctors perform a special angiogram procedure where dyes and x-rays detect blockages in heart arteries that can result in chest pain and eventually a heart attack.

Once detected, these blockages can often be "ballooned" open through angioplasty or in other cases bypassed through open heart "bypass" surgery.

All of this can now be done right in Paris, at St. Joseph's Heart Center, your regional center for total heart care.

For more information about St. Joseph's Heart Center, ask your doctor or contact the center.

GETTING UTENSILS organized for cooking is Pat Norwood, who is sharing in this week's

Country Cooking colum. (Staff Photo by Gerrie Bankhead)

Country Cooking

By Gerrie Bankhead

Sharing in this week's column is Pat Norwood of Cunningham.

Pat and James Norwood have been married for 33 years and have spent 30 of these years in the Cunningham area. They are the proud parents of three children: Rodney of Cunningham and his three children, Jase, Erika and Hannah; and Tracy of Milton, with wife Ruth and two children Jennifer and Brenton; and Mendy of Cunningham with husband Todd Cole and one child, Lacie. Both Pat and James are active members of the Cunningham Baptist Church.

Pat's hobbies include cooking, crafts, babysitting, collecting recipes, traveling, shopping, yard flowers and spending time at Lake Bob Sandlin. Her jobs include being secretary of Cunningham Co-Op Gin for the past 20 years and has bought and sold cotton for the past 18 years. Pat is also a Sunday School teacher and is treasurer of the church. She enjoys making simple crafts for home decorating and cooking desserts. She enjoys making her own hanging baskets and flower beds. Rodney, Jase and Erika live with James and Pat, so she is always busy keeping up with the grandchildren's activities. Also,

whenever the farm work is caught up, she likes to slip away to Lake Bob Sandlin to the lakehouse.

Pat has chosen a variety of foods to share with us this week. The Broccoli Cheese Dip recipe came from Stephanie Packard of Minter about a year ago. The Fresh Broccoli and Cauliflower Salad came from a dinner she attended three years ago. The Broccoli Casserole recipe came from a cousin, Ann Baker, about four years ago. The Cracker Salad recipe came from a niece, Neva Oats, about six years ago. The Praline Ice Cream Dessert recipe is a very easy dessert and very delicious. This recipe came from an aunt they visited in California, Juanita Montgomery, about two years ago.

The Mexican Chicken recipe came from two friends, Jency Cole and Dorothy Renfro. This recipe was served once a week to the Texas Baptist Men that built their church. The Swiss Vegetable Medley recipe came from a magazine about two months ago.

If you have enjoyed the article, want to make a request, or a suggestion, call 652-6032 or write to Rt. 1, Box 56C, Deport.

Broccoli Cheese Dip
By Pat Norwood
1 lb. hot sausage
1 can Cream Mushroom Soup
1-2 lb. box Velveeta cheese
1 box frozen broccoli
Fry sausage until done. Cook broccoli according to directions. Put ingredients in crock pot and simmer until cheese is melted.

Fresh Broccoli and Cauliflower Salad
1 bunch broccoli
1 head cauliflower
1 cup seedless grapes, cut in half
1/2 cup purple onion, chopped
6-10 strips crisp fried bacon, drained and crumbled
Dressing for above:
2 Tbs. Red Wine vinegar
1/2 cup mayonnaise
1/4 cup sugar
Mix dressing ingredients and combine with vegetables just before serving.

Broccoli Casserole
1 large package frozen broccoli
1 stick butter
8 oz. Velveeta cheese
1 package Ritz crackers
Cook broccoli as directed. Melt 1/2 stick butter and cheese. Pour over cooked broccoli. Melt remaining 1/2 stick butter and add to crumbled Ritz crackers. Add this to top of broccoli in long Pyrex dish and bake until crackers are brown.

Cracker Salad
1 bell pepper, diced
1 bunch green onions, chooped
3 sticks celery, chopped
1/4 box saltine crackers, crumbled
1 cup salad dressing
Mix all ingredients

Praline Ice Cream Dessert
1 cup melted butter
1/2 cup oatmeal
1/2 cup brown sugar
2 cups flour
Mix and put on cookie sheet and bake at 350 for 20 minutes or until brown, stir every 5 min. After this browns, put 1/2 of this crumb mixture in bottom of 9x13" pan. Spread evenly. Pour 1/2 jar of caramel or butterscotch ice cream topping over top of crumb mixture. Put 1/2 gallon ice cream over this. Add rest of ice cream topping over ice cream, add rest of crumb mixture and freeze until ready to serve.

Mexican Chicken
3-4 chicken breasts, cooked and cut up in small pieces
1 small onion, chopped
1 can Rotel tomatoes
1 can Cream of Mushroom soup
1 can Cream of Chicken soup
flour or corn tortillas
Cook onions until done, add tomatoes and soups and heat, add 1-2 tsp. chili powder. Put layer of the above in Pyrex dish. Add a layer of tortillas, which have been softened in hot chicken broth. Add chicken. Add another layer of tortillas. Pour the remaining soup mixture over this. Add grated or sliced cheese over top and bake at 350 for 20-30 minutes.

Swiss Vegetable Medley
1 bag -16 oz. frozen broccoli, carrots and cauliflower combination, thawed and drained
1 can Cream of Mushroom soup
1 cup shredded cheese
1/4 tsp. black pepper
1 jar chopped pimento drained, optional
1 can Durkee french fried onions
Combine vegetables, soup, 1/2 cheese, sour cream, pepper, pimento and 1/2 can fried onions. Pour into casserole dish. Bake covered at 350 for 30 minutes. Top with remaining cheese and fried onions, bake, uncovered 5 minutes longer.

Your Vote And Influence Sincerely Appreciated
TOMMIE R. CORBELL
 Candidate For COMMISSIONER, PCT. 1
 I will take all complaints personally or by recorder. Each complaint will get my personal attention. I will oppose all unnecessary spending of county money. I will seek the best market for all equipment, materials and supplies. County Government can and should be operated as efficiently as corporate and personal business.

TO THE VOTERS OF PRECINCT 1

I take great pleasure in endorsing Tommie Corbell for Commissioner of Precinct 1, Red River County. I have known Tommie all of my life and feel that he has all the qualifications to hold this office. His experience with budgets and accounting will prove valuable as will his knowledge of the structure and operation of county government.

We have worked together on many joint projects between Southwestern Bell and Contel phone companies. He helped us solve Bogata phone problems and we have learned to respect his knowledge and opinions. Our community and surrounding area have learned through his service as president of the School Board, as a member of the City Council, Housing Authority, etc., that he is a man who will not only listen to our problems, but will in fact do all that he can to help us. I believe his greatest asset is his ability to give one hundred percent to any job he undertakes.

I ask you to Vote for Tommie Corbell.

Medication

The average eighty-year-old American takes five different medications every day. Some are prescribed, others are strictly over-the-counter drugs. When this much medicine is taken daily, the chances of drugs interacting with other drugs increase proportionately.

Most of the time, your doctor is extremely careful to make sure interaction doesn't happen. But when you take something as common as an antacid tablet, you run the risk of negating your prescribed medicine or, even worse, suffering harmful side effects. For example, if you are taking an anti-coagulant drug to prevent blood clotting, the antacid changes the gastric secretions in your stomach so the drug may never be absorbed to serve its purpose.

Even certain foods can prohibit prescribed medications from doing their job. Milk and milk products can stop the antibiotic tetracycline from warding off infection. Mineral oil laxatives can stop your body from absorbing that Vitamin D that it needs to keep healthy. When a doctor is prescribing medication for you and asks you if you are taking anything else, don't forget to tell him everything, including your diet. Medicine is one thing you can't afford to be lackadaisical with.

Unclaimed Cash List

The Texas Treasury Publication contains names of over 100,000 people, businesses and organizations reported to the treasury this year.

Owners listed may be due stock, safe deposit box contents or cash of \$50 or more, such as account balances, utility deposits, oil and gas royalty payments and much more. The names have been reported by banks or businesses who lost contact with the owner three years ago or more.

There is no deadline or cut-off date for claiming money.

Call 1-800-654-3463 within Texas only, or 512-444-7891 outside Texas for information about claiming money from names listed on this list.

Operators are standing by to take your call.

Your name may be listed if the bank or business still has your money, and the operator will give you instructions along with a telephone number, address and name of the person with the reporting company to contact about your funds.

If the treasury has your money and your information matches the owner information on record, the operator will mail you a claim form to complete.

Mail the completed form and the information you are providing to the address listed on the claim form. If the information you provide matches records, your claim will be approved by the Treasury. If there is a question or additional information is required, you will be contacted by a Treasury Claims Officer.

All claims require approval by both the Treasurer's Office and the Attorney General's office. The Comptroller of Public Accounts will produce the check.

For claims that have no legal complications, the process takes less than 90 days from the date the claim form is received.

There are no charges or fees assessed by the Treasury to process and pay your claim. Returning your property is considered a public service. If you are contacted or sign a contract with an outside "Search/Heirfinder Firm" to assist you in claiming, their charges may not exceed 10% of the claim amount.

Locally, names appearing on the list are listed by location as follows:

Talco: Myra Belcher, Odell Belcher, Christine Black, Donnie Mack Boliver, Faulkner Pipe and Steel, Bobbie J. Hendricks, Velsie Jones, Easter Ann Roberts, Mr. and Mrs. Rodger Simmons, Lonnie Verble.

Immunization Clinic Scheduled

The Texas Department of Health, Public Health Region 7 office, announced plans today for the continuation of a series of monthly immunization clinics for all children needing immunizations, who meet the required family income determination guidelines.

The clinic will be conducted at the Texas Department of Health, Hwy. 37 North in Clarksville. The next clinic will be held April 9. Future clinics will be held on the first Wednesday, second Thursday and fourth Monday of each month.

The Health Department emphasizes that this clinic is available to all preschool and school age children who meet the family income guidelines, beginning at two months of

age. Immunizations offered include Measles/Mumps/Rubella, Oral Polio, Diphtheria/Tetanus/Pertussis and Tetanus/diphtheria. The Haemophilus Influenzae type b vaccine is also available to medically eligible children between the ages of 2 months and 60 months. The pneumonia vaccine is available to all high risk patients meeting income guidelines. All children must be accompanied by a parent or legal guardian. Parents are reminded to bring the child's immunization record and Social Security number if available. The Tetanus/diphtheria vaccine is available to medically eligible adults. Should the parent or legal guardian have questions, please contact the above noted field office staff.

THE STATE OF TEXAS
 CITY OF TALCO
 COUNTY OF TITUS

Ordinance/Rules Establishing Property Addressing Standards to include naming streets, numbering property, notification, and enforcement.

Section 1: There is hereby established the following addressing standards for numbering property and naming public streets/roads within the incorporated areas of the City of Talco (and any other areas by joint agreement of municipalities). Structures within this area are subject to addressing in accordance with this ordinance.

Section 2: Street naming and property numbering procedures shall be established in conjunction with the planning and subdivision requirements of the City of Talco.

a. A survey and inventory of all public street names within the City boundaries shall be prepared by the City within three (3) months for use with addressing procedures. Property needing street naming or numbering assignment on public roads will be identified. Duplicate names or similar sounding names will be re-named and renamed on the recommendation of staff and the approval by the commissioners' court.

b. Street Name Criteria: Non-duplicative of existing names, limited to thirty (30) characters, no similar-sounding names. Directional words are spelled out (North). Dead-end roads may not be designated streets but cul-de-sacs, cove, or court. Other road types may be classified (boulevard must include median or be a minimum 150 feet in width) as appropriate by the City. Name changes are considered for historical or clarification purposes and are limited to reconsideration three (3) years hence. Name changes must meet same criteria establishing for new street names. Petition for change must be presented with signatures from 3/4 of property owners abutting street. Development along street and traffic volume may be considered as additional criteria.

c. Property Numbering Criteria: Number assignments is based on a grid system: center point within the community, with axis forming base lines, north-south line being 6th- and east-west line being Broad. Block assignments will be consist of 300 feet per block where possible. Number assignment progresses from the center point outward each direction, with the interval distance of 50 feet allowed for each number. Traveling from the center point, odd numbers assigned to the left and even numbers to the right street side.

d. Final approval of new street names and name change requests resides with City of Talco (examples: Commissioner's Court, county engineer, review committee, emergency services personnel, or other). Street name adoption or changes must comply with criteria established under these standards.

Section 3: Addressing standards shall include requirements of property owners and inhabitants to post assigned property number at structure. Number must be visible from the street and not be obscured. Residential posting may be no less than 3" high; business structure posting may be no less than 6" and, when located adjacent to roads with speed limits above 45 m.p.h., no less than 24". Grace periods for incorporating this requirement are within 3 months of new address notification.

Section 4: Street naming and property numbering procedures are standards as authorized in the County Road and Bridge Act (Art. 67 02-1, Texas Civil Statutes). These procedures will include:

a. A plat book containing public roads with proper numbering assigned shall be kept on file for public use. Property undergoing subdivision, development, or building permits issued in areas without street addresses must comply with the addressing procedures.

b. Notification in written form must be presented to the property owner and/or tenant when final assignment of addresses occurs. Notification also should be made to the U.S. Postal Service. Once notified, the address becomes effective within thirty (30) days.

c. Within 60 days of notification, proper address number signage should be posted. After 90 days, if no number sign is posted, the enforcement shall consist of the property authority posting such number and to apply applicable charges to the resident or property owner.

d. Maintenance of the City's addressing procedure will reside in the City Hall.

Section 5: Street signs should be erected at all intersections of public roads regardless of current road markings from state, federal or local designation. For new property development, the signage will be required at the expense of the developer. Signs must conform to guidelines established by the City public works office.

Passed, Approved and Adopted this 23rd day of March, 1992 by the City Council of the City of Talco, Texas.
 K.M. Sloan, Mayor
 Jone Clemmons, City Secretary

 have set April 4, 1992 through May 1, 1992 as the time for a Clean-up Program for the City of Talco.
 During this time period, residents will be able to use the Mt. Pleasant regional landfill facility at no charge. However, residents will have to present a valid driver's license, utility bill less than 90-days old or a current voter's registration card proving that you are a resident of Titus County.
 To further aid the clean-up program, the City trash truck will be parked at the City Hall for residents to place trash in and it will also be made available for those who need further assistance with their trash.
 For more information, please call City Hall.

The Foot Specialist

by Dr. James J. Naples

AN ARCH VILLAIN

When people discuss foot problems, talk usually turns to conditions such as shin splints or ingrown toenails. There is, however, a largely unrecognized condition guaranteed to cause a host of problems: weak arches. This is actually a relatively common malady involving the bones of the foot. For a person with this condition, the foot appears perfectly normal while the arches are not bearing weight. As soon as the person stands, however, the arch loses its shape and the foot pronates (rotates inward and downward), so that the foot comes down on its inner margin when walking. One villainous aspect of weak arches is that they cause problems far away from the arch itself, such as bunions and tailor's bunions.

Your podiatrist offers the professional foot health care procedures that will address such problems and help return your feet to a state of well-being. Your feet are the foundation upon which your body and day-to-day living depend. Afford them the care they deserve by calling for an appointment. We are located at

Darla Dawn Jean with fiance Ryan Keith Brunson

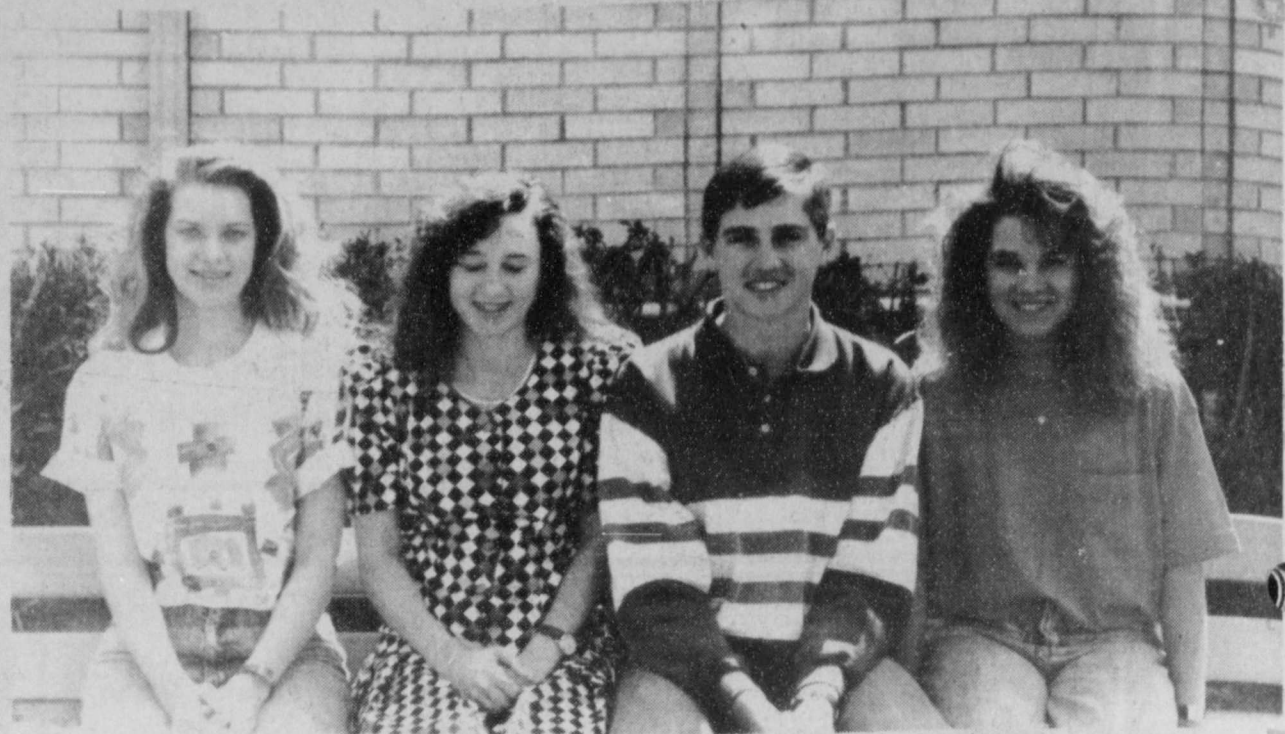

Jean-Brunson Announce Engagement

Darla Dawn Jean of Jolntown and Ryan Keith Brunson of Paris will be married at 3pm Sunday, April 12, in the Jolntown Missionary Baptist Church in Jolntown. The pastor, Rev. Billy Daniels will officiate at the semi-formal ceremony.

The bride-elect is the daughter of Myra Jean of Jolntown and the late Harvey Lee Jean. She attended Rivercrest High School and is a 1990 graduate of PJC with an Associate in Applied Science. She is employed at J.C. Penney Company, Inc. in Paris.

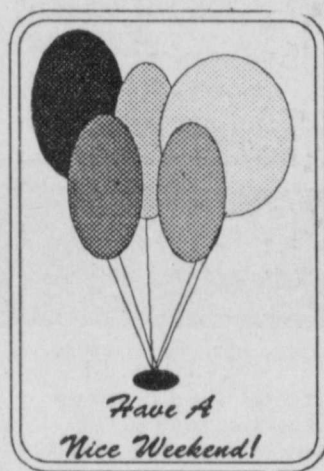

Her fiance is the son of Ronnie Brunson of Paris and Sherry and Gary Beckemeyer of Peoria, Illinois. Grandparents are Royce and Joyce Brunson and Martha Brunson of Paris and Art Salzman of Dothan, Alabama and the late Dora Ingle. He is a 1991 graduate of Chisum High School and is currently employed at R. C. Cola Bottling Company of Paris.

Friends and relatives are invited to attend the ceremony and the reception to follow.

1992-1993 SOPHOMORE CLASS OFFICERS are President-Kyle Kennedy; Sec/Treas.-Melanie Woodlee; Reporter-Tawala Padgett; and Vice President-Clint Franks. (Staff Photo by Denise Wood)
