Nichols Worth

By Nanalee Nichols
I'm a minority. A very small minority. In fact, I fear I may be the only person in the world who is driven crazy by gum popping.

Yes, gum popping...or smacking, or cracking.

Now, folks, I know you do it too. Everyone seems to. I realize that people who really enjoy gum take great satisfaction in getting it all worked until it's jusstt right.

A good gum popper can make that stuff "crack" with a sharp, distinctive sound every single time a molar bites down on it.

Others have a rhythm, they shift it from side to side, then snap it briskly between their front teeth.

Still others just smack. And, there are those gum aficionados who do both...they pop and they smack. One thing they all have in common is the enjoyment they seem to get from this hobby...habit...sport or whatever it is!

Apparently, I'm the odd man out.

I can't stand it. It makes me nuts. And I don't like to ever say anything because I recognize people's right to pop gum...and that I'm the one being sensitive...the rest of the world doesn't even notice!

The bad part about it seems to be that I am surrounded by people devoted to gum popping.

My husband, for instance. He doesn't pop his gum until he is tense, or irritated. Then you can hear his "snap, snap, snap" in a rapid, aggravated expression of ire!

Of course, I don't dare say anything to him because he's already in a bad mood! So, instead I sit there and the more I listen to the snapping the more irritated I get! That leaves us both aggravated.

I have been known to flee a small room after five or ten minutes of smacking. I've changed theatre seats.

The problem is, I seem to have very sensitive hearing...and noises that others barely hear resound on my nerves like chalk on a blackboard.

So here I am...surrounded by gum popping husband...friends, employees...and the more I protest the more they delight in aggravating me.

I try not to let the gum crowd bother me. I've spent a lot of time convincing myself that it's ridiculous to mind small popping noises.

So go ahead, smack, pop and crack that chewing gum. But don't be surprised if you see me leave the room!

Financial Status, Upcoming Events Discussed At Talco Park Meeting

Citizens of Talco and the surrounding area are working together with community pride toward the realization of the Talco Community Park on a five-acre tract of land within the city limits. Tuesday evening, April 23 at 7 p.m. at City Hall, Patty Kuhl, president, called the meeting to order.

Secretary-treasurer Judy Sloan read the minutes of the previous meeting, which were approved.

Mrs. Sloan provided a detailed report on the financial status of the funds for the park project. These included a profit of \$2,568.80 from the Cow Patty Splat conducted April 11; a net profit of \$527.75 from the bake sale on April 16. Prior to this meeting, a total of \$7,676.65 was raised through various projects and individual donations before the expenses of the projects, down pay-

ment on the land of \$500.00 and \$1,000 given to Frank Mora of Arlington as winner of the Cow Patty Splat. This left a total of \$5,798.84 in the account at Talco State Bank, plus \$100 in cash for the fundraising projects. There was one outstanding bill of \$144.89 for concession items to be used in the 3 on 3 basketball tournament. Representatives of Save The Youth organization presented a check for \$2,009.78 in which they had previously raised for the community park. This brings the total amount on hand to \$7,666.73.

The basketball tournament has been scheduled for May 1-2 at 7 p.m. on May 1 and at 8 a.m. on May 2 at the Talco Gym. There is a \$20 entry fee for each team of four players. Those interested should call Bubba Edge at 379-6891.

A coloring contest for students in

kindergarten through fifth grades at Talco School will have the theme "How Our Park Will Look". First place will be \$15.00; second and third will receive awards of recognition.

Approval was obtained for the attorney Billy Wayne Flanagan to draw up papers to incorporate the Talco Community Park Committee and to make a title search on the five acre tract. Earl Hale is to obtain teh services of a surveyor to survey the land. Dub Mowery and Dick Dixon will obtain information from area community parks on by-laws in aiding the Park Committee to draw up its own by-laws for the talco Community Park.

Mr. Hale will also obtain information concerning insurance for the park.

There will be a Community Appreciation Party for the entire citizenry on Saturday, June 6.

Country Cooking

By Genie Bankhead

The Country Cooking Column is coming to you this week from the kitchen of Thelma Warren of Deport. Thelma is the proud grandmother of Valerie Pierce and husband Bill and two children of White Oak and Jim Kunkel and wife Marie and three children of Houston.

She is a member of the United Methodist Church in Deport. Her career consists of being a school teacher at Deport Elementary from 1927-1943 and serving as Principal of the school for seven years. She retired in 1943 when she married the late Ben Warren. Thelma's #1 hobbies are collecting recipes and cookbooks. She says there is no telling just how many recipes she has. She also enjoys cooking, reading, shopping, watching television and playing cards with friends.

Since spring is in the air and fresh

vegetables and fruits will be more abundant, Thelma has chosen two special recipes which will include garden vegetables. They are baked onions, the recipe coming from a cousin, Elaine Kinsey of San Angelo about a year ago and squash enchiladas, the recipe coming from one of her cookbooks she has collected about three years ago. She is also sharing her Pop-Up Bread recipe which came from a friend, Mrs. Tommy Lawler of Deport, many years ago. The Coffee Cake recipe the small Quiche recipe and the Chicken Divan all came from cookbooks and she has used them a lot.

We hope you enjoy Thelma's recipes and if you have one to share, or a suggestion to make, please call 652-6032 or write to Rt. 1, Box 56C, Deport, TX 75435.

REVIEWING just a few of her many cookbooks is Thelma Warren of Deport, who is sharing recipes with readers this

week in the Country Cooking column. (Staff Photo by Genie Bankhead)

Social Security Notes

By Ray Hudson
District Manager

Any current Social Security beneficiary who has changed his or her address and not notified the Social Security Administration needs to do so now in order to ensure that benefits do not stop. It is important that SSA have a correct address in case they need to contact beneficiaries about current entitlement to benefits.

Each January, SSA sends millions of benefit statements to its beneficiaries. When the Post Office returns a benefit statement as undeliverable, SSA remails the statement. If a new address has been submitted, the

agency uses it. If the statement is returned as undeliverable for a second time, SSA uses other means to determine a new address.

For example, SSA asks banks and other financial institutions to furnish the correct address for direct depositors. Or they check with the Post Office and telephone directory assistance for a different address.

If these efforts fail, SSA sends a letter to the last address, informing the person that benefits will be suspended unless he or she contacts the agency.

Paul Glover Superintendent At Sulphur Springs ISD

Former Bogata resident Paul Glover is now the Sulphur Springs Independent School District Superintendent.

Glover is married to Cereta Gibson Glover, daughter of James and Frances Gibson.

The couple have two daughters, Tammy Cooper and Suzanne Eddins. They are all teachers in the Sulphur Springs School district.

He was appointed to the position of superintendent after 11 years in the Sulphur Springs School District administration.

He has sixteen years of classroom experience, including teaching English, social studies, typing and business math.

Glover was born in San Antonio, the son of an Air Force officer. He lived with his uncle in Bogata while in high school and is a graduate of

Paris Junior College and East Texas State University. He attended both colleges on athletic scholarships.

Glover was serving as Sulphur Springs Middle School principal prior to being selected as superintendent. He also has served as assistant high school principal, athletic director and

head football coach in the North Lamar school district. He was employed by the Hughes Springs ISD as a teacher, athletic director and head football coach and as a junior high teacher and coach for Talco-Bogata CISD.

He says that the position is a challenge, "probably the biggest challenge is not to be complacent...if we don't improve, then we are losing ground and the students suffer" he says.

Glover replaced Dan Durhammo January 6th, after Durhammo's resignation.

Bells Open Rosalie Store

In the heart of Rosalie, Mac and Kaye Bell opened their new grocery store, Rosalie Store, on April 15. This store reflects the old traditional general store. Outside the store there is a picnic table and rocking chair and once inside you can smell the cedar walls. The charming and friendly atmosphere makes you feel right at home.

The Bells offer breakfast and lunch. The store hours are Monday-Saturday from 6am-7pm. For breakfast you can have homemade buttermilk biscuits with sausage or with gravy or

perhaps their buttered biscuits or sausage patties. Hamburgers are their speciality. You have the choice of hamburgers, cheeseburgers, bacon cheeseburgers, jalapeno bugers, patty melts, gilled cheese or BLT plus homemade fries or curly fries.

They also have a full stock of groceries of a wide variety as well as feed for the farmers and ranchers. Soon they will even have gas pumps. It looks like the community of Rosalie now has everything they could possibly wish for.

Turn on energy savings by switching to high efficiency lighting

Brighten your home — and the outlook for your energy budget — by replacing your ordinary light bulbs with compact fluorescent bulbs. They use only one fourth of the electricity and last about 10 times as long as incandescent bulbs.

Lighting typically isn't a home's biggest energy user, but you still can reduce your total energy needs by making the switch — particularly on lights that are used more than two hours a day.

For more ways to save energy, call or visit your local Texas-New Mexico Power Company office and ask for the free booklet, "Energy Management Guide."

Mr. & Mrs. Winifred Hudson Celebrate 50th Anniversary

Mr. and Mrs. Winifred Fagan Hudson were honored by their children, Linda Lawson and Philip Hudson with a reception for their fiftieth anniversary.

They were married March 8, 1942 in Bonham.

The reception was held April 26 in the fellowship hall of the Trinity Baptist Church in Oklahoma City, OK. The centerpiece of each table was a square mirror with a vase of flowers in the center with two small

candles, one on each side. Thin ribbons of gold foil and gold confetti were sprinkled over and around the centerpiece. A beautiful three-tiered cake, along with champagne punch was served to over one hundred guests.

Winifred is the son of the late Ona W. and Odill Fagan Hudson and the stepson of Sue Hudson of Bogata. LaVerne is the daughter of the late Mr. and Mrs. R.L. Goode of Wichita Falls.

"55-Alive" Helps Mature Drivers Stay Behind The Wheel

The Bogata Methodist Church will be hosting a 55-Alive program on May 14-15 from 8 a.m. to 12 noon. Class limitation is 25.

The class is designed to help mature drivers be able to cope with how quickly and how well decisions are made under stress and how rapidly those decisions are turned into action while behind the wheel of an automobile.

There is no specific age at which those abilities begin to decline, but inevitably they do. Visual and hearing acuity lessen and reactions slow down.

Mrs. Phillip Brooks, who along with her husband is an instructor for

the American Association of Retired Persons 55-Alive program in the area, said it's usually about this time individuals feel forced to begin looking for other transportation alternatives.

The course offers mature drivers confidence and extends the period of time they feel comfortable and safe behind the wheel.

Anyone over the age of 50 begin-

A Tip From Mom

By Mrs. Robert Crain
To Look Slimmer - stick to one color or shades of the same color even your shoes and stockings should match.

Buy clothes the right size. Too small looks as if you've been squeezed into them; too large is just baggy.

Layering will add weight.

Wear small patterns instead of large prints or plaids.

Bulky fabrics and accessories thicken and shorten your body.

When wearing a shawl, let it dangle instead of wrapping it.

If you have a short neck, wear an open collar or lengthen it with long ropes or beads.

And of course, dark and cool colors are slimming.

I will appreciate your support and your vote in the Talco-Bogata CISD Board of Trustee Election on May 2.

I will continue to work with parents and other members of the community to improve our schools. I will be available to all the people and school personnel in our school district for the expression of their concerns and ideas.

I will work to help establish and uphold sound business practices for the district and uphold educational standards that promote the best interest of the school district as a whole.

Spinal Screening For Bogata Students Is May 6

The Legislature passed a law in 1985 that requires all sixth and ninth graders to be screened for spinal deformities. Early detection of abnormal spinal curvature can prevent serious health problems. This is a problem that may begin during the early adolescent years with an estimated 1 in 10 adolescents having some degree of abnormal curvature. Curves that are detected early may only require periodic observation by a specialist. Moderate curves may require the wearing of a brace, which is usually supervised by an orthopedic specialist. In most cases, the need for major surgery for this deformity can be eliminated through early de-

tection. Spinal screening for Bogata Elementary School, sixth graders, has been scheduled for Wednesday, May 6.

Children will be screened for two types of deformities: scoliosis and kyphosis. Scoliosis is a condition in which the spine is twisted, causing misalignment of the upper body or lower back. This condition can worsen and lead to much pain, as well as complications of the heart and lungs. Kyphosis is an exaggerated rounding of the spine. Progression of these two conditions can often be arrested if detected early.

Myra Leffel Named US Award Winner

The United States Achievement Academy announced today that Myra Jean Leffel has been named a United States National Award winner in baseball, basketball, honor roll and track.

The award is a prestigious honor very few students can ever hope to attain. The Academy recognizes less than 10% of all American high school students.

Myra, who attends Bogata Junior High School, was nominated by A.R. Wortham, band director at Rivercrest. Myra will appear in the United States Achievement Academy official yearbook, published nationally.

The academy selects USAA winners upon the exclusive recommen-

dation of teachers, coaches, counselors or other school sponsors and upon the Standards of Selection set forth by the Academy. The criteria for selection are a student's academic performance, interest and aptitude, leadership qualities, responsibility, enthusiasm, motivation to learn and improve, citizenship, attitude, and cooperative spirit, dependability and recommendation from a teacher or director.

Myra is the daughter of Mr. and Mrs. Raymond Leffel. She is the granddaughter of the late Milos and Opha Leffel of Clarksville, Rupert Hinson and the late Louella Hinson of Bogata.

The first American coin bearing the portrait of a living President was the 1926 half dollar. It bore the heads of Presidents George Washington and Calvin Coolidge.

NEW SOCIAL WORKER-
 Janese Anderson was named as the new Social Worker for Red River Haven Nursing Home. (Staff Photo by Denise Wood)

Red River Haven Has New Social Worker

Janese Anderson of Paris was named the new Social Worker for Red River Haven Nursing Home. Ms. Anderson officially began working April 20.
 Ms. Anderson received her BSW from the University of Texas in Austin in 1991. She was majoring in psychology; but social work seemed more interesting.

FISH FRY-The 4th Annual

Cuthand Volunteer Fire Department Fish Fry was held Saturday with approximately 200 people served. The Fire Dept. made \$2,800.47 from the pie

and fish fry. James Eilers was the winner of the \$100.00 Wal-Mart gift certificate. (Staff Photo by Denise Wood)

For her internship, she worked at the MHMR in Austin. She then worked at the Cherry Street Annex in Paris until she took the job for Red River Haven. Ms. Anderson is also a member of Lamar County Human Resource Council.
 So far she likes Bogata. Assisting all residents in meeting their psychological and social needs is what Ms. Anderson hopes to accomplish.

Drug/Alcohol Programs Presented To Students

Gloria Phillips and Jan Youngblood of Lamar County Alcohol/Drug Center presented programs to grades K-8 on Tuesday and Wednesday, April 14-15.
 The presentations were individualized for the age groups and moved from self-esteem for kindergarten to alcohol and drugs in the family for the intermediate grades to early drug use in junior high.
 Students were given handouts

including "Alcohol Drugs & AIDS" and snappy answers to the question "Want some?" Some examples of the answers were: No thanks, I'd rather walk my pet python; You must be kidding, if I'm going to ruin my body, I'd rather do it with a hot fudge sundae; No thanks, I'm saving my bad breath for pepperoni pizza; I'd rather not, I'm too special.
 Coloring books were also given to the elementary grades.
