Nichols Worth

By Nanalee Nichols

Anyone who spends much time around me soon learns that I am most definitely a reader.

I read any and every thing that comes my way, from the credits before and after a movie to the thickest novel I can find.

Occasionally I read a book while watching a movie on television at the same time.

Occasionally, too, I feel that I'm part of a dying breed...that most youngsters these days are interested only in video games and television.

My faith has been restored though!

Last week I was called upon to do a library program. I was faced with a roomful of eager youngsters, ranging from about 8 to 13 years old.

They listened attentively, asked pertinent questions, and were a delight.

Best of all, though, was their eagerness to check out books from the librarian before and after my little presentation.

They poured over those books with as much enthusiasm, as much interest, as I ever did.

These kids left with books, carrying them like treasure.

And...indeed...they are treasures. It was obvious these youngsters felt exactly the way I did long ago.

I can remember the little thrill of excitement every time I opened a new book that looked interesting.

I can remember having to be called two or three times to chores or meals because I didn't want to leave my new friends, found between those pages.

Most of all, I can recall feeling a little sad when the end to a particularly good book came along. It was hard to leave the characters that had become so real!

Back then my mother had to take me to Paris to the library, and I nearly drove the poor woman crazy wanting to hurry up and get more books each week.

It was wonderful to see that there ARE readers out there.

Perhaps we miss that fact because we are constantly reminded of how much time kids do spend in front of televisions and such?

At any rate, it made my day...in fact it made my week...to see that there are lots of boys and girls who are honing their reading skills. I wish them as much joy from books as I had.

Thunderstorms Rage Through Area, Cause Damage

By Nanalee Nichols

Violent Thunderstorms caused damage to barns, homes and livestock as they swept through the area last week.

In the early morning hours of Friday, July 3, a massive storm front rolled into Lamar County from the west. It flooded Hwy. 271 briefly, as swollen creeks sprang out of their banks, washing gravel roads severely. Three to four inches of rain fell within a two hour period.

Lightning caused damage to a number of homes. Volunteer fire

departments from Pattonville and Deport responded to the call from Raymond Crossland when lightning knocked out all their lights, damaged their electrical appliances and exploded two windows. Oddly, the lights in Crossland's Garage, next door, were turned ON and fused that way!

Several other people reported lightning damage to televisions and antennas.

One of the biggest losses dollar-wise was the loss Jamie Barham suffered when seven grown cows and a

large calf were struck and killed instantly by a bolt of lightning.

The storm system continued through Red River and Titus Counties, with an electrical display rivaled by none.

More damage to sheet metal buildings, electrical appliances and trees was reported in those counties.

The weather seems to finally be settling into a more typical "Hot and Dry" configuration this week, and farmers, gardeners and hay producers are undoubtedly ready for a rest from the constant thunderstorms and rain.

Newspapers Win Awards At Texas Press Association

Thunder Prairie Publishing's newspapers have once more won State-Wide Awards at Texas Press Association's Summer Convention.

The Texas Better Newspaper Contest was held June 26, 1992 in Austin.

In Division 7 the Bogata News won third place for Nanalee Nichols' column "Nichols Worth". The judges

comments were that "Nanalee Nichols writes on subjects everyone knows

and understands, and takes stands to keep the public thinking".

The Deport Times won fourth place in feature writing, with the judges saying "Wonderful Subject, good picture, good story, layout could have been better".

After winning two first place awards and a second and third place award at North East Texas Press Association in April, the State-Wide Awards were "icing on our cake"

publisher Nichols says.

First place in column writing went to the Abernathy Review, second to Miami Chief. Fourth went to Lake Cities Sun.

First place in Features went to the White Oak Independent, 2nd to the Ingleside Index and third to the Freer Press.

The Awards were written up in the Winner's Circle, a tabloid newspaper put out by Texas Press Association.

Country Cooking

By Gerrie Bankhead

Hi, I'm Judy (Roach) Screws. In the coming weeks I will be attempting to continue the column that Gerrie Bankhead has done so well for the last year and a half. I just hope I can do it justice.

My husband, Donald, and I live in Bogata. He works at Campbell Soup and I work in the kitchen at Red River Haven Nursing Home. We've only been back in Bogata eight years, but it seems as though we never left. The only problem I have is that anyone who has been here less than 25 years is a newcomer to me!

Donald and I had four children. We had two sons and two daughters. Mike, our older son, went to Roxton and married Lila Fletcher, giving us a third daughter. Mike and Lila have three daughters, Bren, Kara and Hali. We lost our younger son, Kevin in a traffic accident in 1984 at the age of 23. Tana is our oldest daughter and Chris Anna is the younger one. Chris has three children: Christopher, Yolanda and Jerred.

When it was suggested to me that I introduce myself and share some of my favorite recipes for my very first column I thought "How Easy". **WRONG!**

I really enjoy cooking. It is one of the most relaxing things I do. I tried cooking at the nursing home but I prefer to cook at home. My cooking

is kind of "hit or miss" so recipes weren't as easy to come by as I had imagined. I'll share a few this week that my family enjoys and as we go on, maybe I'll slip in one of mine every once in awhile.

Donald and I hadn't been married long when he told me that he like chocolate syrup and biscuits for breakfast. I'd never heard of such a thing. So I went to his mother and asked how to make chocolate syrup and how to serve it after I made it. She said I should look on the cocoa box for the recipe and that I should serve it over buttered biscuits. The rest is history. My children grew up on it. The Green Enchilada dish is also one which my family likes. I don't remember where I got it. The pecan cream pie was one of Mama's recipes. The fudge and Chineses Tinga. A Lings are easy and also easy to carry places so that you don't have to worry about bringing home dishes.

You can also just take them on paper plates if you like. We are also fortunate to have another chocolate chip pie recipe from Mrs. Audrey Scott in Athens, Texas, just in case you missed the earlier one.

I welcome all suggestions, recipes, new ideas and anything you all can think of that I don't. My address is Box 293, Bogata, Texas 75417 or call me at 632-4543. Have a nice week.

LOOKING FOR BIDS- John "Rooster" Davis has full filled a life-long dream. He has just

graduated from the I.Q. School of Auctioneering in Quitman, Texas. (Staff Photo by Denise Wood)

Davis Graduates From I.Q. School of Auctioneering

John "Rooster" Davis has just arrived home from Quitman, Texas, where he has graduated from the I. Q. School of Auctioneering. The school teaches every phase of the auction business and was established by Gayle Ingram, well-known auctioneer. The school employs ten of the successful auctioneers in their special field who explains to the students their art of how to become a successful auctioneer.

Bona fide sales were conducted so that the student had actual experience under the guidance of these instructors, and the students are really seasoned auctioneers when they receive their diplomas. Eighteen students

attended this summer term. All of them were more than pleased with the training which they received, and the future the auction holds in store for them.

Mr. Davis' friends will be glad to know that he had taken up this pleasant and profitable occupation. With his natural talents and the training received at this school, we predict a bright future for him as an auctioneer. He will be glad to contact anyone expecting to put on an auction sale. In addition to this, he will conduct auctions for the benefit of the charitable organizations or any other organization that wants to raise money for a worthy cause.

A Letter To A Granddaughter

Mr. and Mrs. Gene Hawkins are the great-grandparents of a little girl, Sheridan Aunee Magee.

Their son-in-law, Reverend C.O. Magee, Jr. is the pastor of the Timber Ridge Presbyterian Church in Spring, Texas.

Upon the arrival of Sheridan her grandfather, Rev. Magee put this letter in the church newsletter.

"My dearest Little Sheridan: Welcome to the world of 1992. I know you are only three days old, but already you have made a tremendous mark in the lives of so many people who awaited your arrival.

Your mom and dad are absolutely crazy over you and cannot believe you are their daughter.

Of course, they compare your nose, eyes, lips, hair, etc. with other family members. You do have similarities but you are very much your own person. God made sure of that!

Your aunts are beside themselves with joy and your great uncles and aunts share the same enthusiasm, not to mention your great grandparents and great-great grandmother.

As for the grandparents...the four of us cannot be more pleased and blessed to have a granddaughter as sweet and beautiful as you.

We welcomed your parents into this world, so we welcome you.

This world that you now enter isn't as safe and secure as your first home before you were born. We have a lot

of pain and suffering in our world. There is injustice, poverty, pollution and greed. There are those who will hurt you and diseases that will affect your life, even at your young age.

But this is also a beautiful world, Sheridan. There is beauty, peace, joy and hope. There will be many who will love you and life can be good. A lot of how you see life and live life will be up to you.

Let me say that you cannot be more loved and wanted by your family than you are right now. You are loved because you are you. You don't have to do anything to earn this love. You don't have to prove yourself to anyone. You just have to be. This kind of love is the kind of love God has for you and for all who will accept it.

You were neither an accident nor a mistake, you are part of a magnificent plan God has for you, put together in the heavens, even before you were conceived.

While we may think you belong to us, you really belong to God. God is just gracious enough to let us share you with him. We all belong to God and I hope you will always remember that.

As your Grandfather, and I speak for your grandmother as well, we love you and welcome you into our lives. We have already been changed and will never be the same again. You are truly a joy, dirty diapers and all!

If you use grease a lot, keep a sandwich bag in the can. Then use it like a mitten to grease pans, dip out for frying, etc.

Officers elected for the next five years were Mary Ann (Vaughan) Hill, President; Joe Cruce, Secretary; and Betty Sue (Guess) Brown, Treasurer. BUT ONLY 19 TYPES LIVE IN THE U.S. IN THE SMALLEST OF THESE TINY BIRDS, THEIR WINGS MOVE 60 TO 70 TIMES A SECOND! SMALLEST IS THE BEE HUMMINGBIRD OF CUBA, WHICH GROWS ABOUT 2 INCHES LONG. IN AMERICA, THE 3" LONG CALLOPE HUMMINGBIRD IS SMALLEST. THEIR NESTS ARE THE SIZE OF HALF A WALNUT SHELL. EGGS? SMALL AS NAVY BEANS.
