

Nichols  
Worth

By Nanalee Nichols

Some folks collect stamps, others bells. Still others collect figurines, horseshoes, barbed wire, rocks...the list is almost endless.

Me...? I collect soaps. That's right, soaps.

It sounds a little strange and I suppose it is.

But I have this weakness for those little fancy soaps at hotels and motels!

I take my own bar of soap so that I don't have to open the packages of hotel soaps. Then I feel free to bring the hotel soaps home.

This absolves my guilt feelings that I am stealing anything. I simply take the soap I would have used had I not brought my OWN bar!

I have soaps from practically every state in the nation, and not a few countries.

Some of these bars of soap are so old that they look brittle and brown.

Some of the wrappers have had to be resealed with a dab of glue!

There are scented, unscented, glycerin, and deoderant soaps.

Some come embellished with names and locations, some have only the hotel chain name upon them.

One particularly fine specimen, which could be given pride of place in the collection, comes in it's own plastic soap holder with the hotel logo emblazoned on it! (That was a hotel that WE weren't paying for...hence the absolute luxury)

I was cleaning out the bathroom closet the other day and came upon this soap collection.

It is housed in a cardboard box, and also includes a pretty fair selection of shampoos, body lotions and other little packets of odds and ends found in hotels. There again, I take my own so I don't feel guilty about taking those.

But as I carefully straightened out this collection and packed it back into the box I found myself wondering what on earth had possessed me to keep this to begin with!

What prompts me collect, of all things- soaps!

It isn't exactly something that will increase in value.

A soap collection doesn't look real good mounted and framed on the wall, and it isn't going to be something my nieces and nephews look forward to inheriting!

For a few moments I actually considered throwing the collection out...or beginning to use some of it for the purpose it was intended...bathing.

But no, I just couldn't do it. I replaced the box carefully in it's accustomed place and went on about my business.

I suppose somewhere in the back of my mind I consider this "backup" for the regular soap supply?

Oh, I don't know...but I would be interested to hear from readers if they have any strange collections! Come on, 'less up now!

## How Do You Get A Political Announcement Published?

The question has been asked "how do you get a press release in the paper if you are running for school board?"

The answer is very simple. Bring it in to us! This applies to school board, city council or any county-wide elected position. All you have to do is bring in your write up, which should contain information about you, your family and experience. A picture can accompany the article if you wish.

We invite any and all political candidates on a local level to do this. There is no charge for these announcements. However, anything more than this is advertising and must be paid for in advance according to the laws governing political advertising.

LILASCREWS is sharing some of her favorite recipes with readers this week in Country

Cooking. She is pictured in the kitchen of her Deport home. (Staff Photo by Judy Screws)

## Country Cooking

By Judy Screws

This week I went to Deport, and interviewed one of my favorite people. I could have written an article about my daughter-in-law, Lila Screws, without an interview, but I wanted her to write her recipes for me, and I wanted to take her picture. If I didn't goof up the picture, you are looking at a picture of a very pretty girl. She and our son, Mike, have been married almost 13 years and they have three daughters, Bren 11, Kara 8 and Hali 4.

I wanted to feature Lila earlier, but they were building a new home and moving in. I didn't want to intrude on what had to be a very hectic time. The new home is lovely. I think Hali's description is probably the best I've heard, she says it's "bootiful".

Lila works at Deport School as an aide. She keeps records for the children's breakfast and lunch programs. She also assists the teachers as needed. Lila has been working full time at the school for a year. Before that she was a substitute teacher and did private babysitting at home. She says she loves her job, and loves working with the children and teachers. Mike is employed at Campbell Soup in Paris. Lila and Mike both attended Paris Junior College and Lila attended ETSU.

Lila's favorite things to cook are sweets. Her favorite form of relaxation is her aerobics class at The Body Works in Bogata. She also enjoys staying outside as much as possible during pretty weather. She says that when the girls and Mike play ball, she

is their biggest fan. They are members of the First Baptist Church in Deport.

I asked Mike before he and Lila married if she knew how to cook. He said that he knew she could make french fries and cookies, but wasn't sure about anything else. When they married, they spent a lot of time on the phone getting recipes for things that Mike liked. The reason they had to call so often was because they wouldn't write down the recipes when they got them.

Lila's parents, Glen and Mamie Fletcher, live in Roxton. Mrs. Fletcher is an excellent cook. Their problem wasn't a lack of good advice on cooking, it was just the fact that kids seem to get a feeling of security and continuation from keeping some of their own family traditions. Lila was very good natured about Mike calling Mama and me for recipes. She is still good natured about it, because they still don't write the recipes down.

Lila says her family's favorite meal is smoked sausage, hot links, pan fried potatoes and pinto beans. She is sharing recipes for a German Chocolate pie and oatmeal scotchies that she got out of a cookbook her brother, Jeff, gave her, The Great American Bake Sale. The chess cake and Mississippi Mud cake recipes came from a North Lamar School cookbook. The sour dough biscuit recipe was Mama's.

I hope you enjoy the recipes. Have a good week.

**Blood Drive Is This Saturday**

This Saturday, March 6, from 9:00 a.m. until 2:00 p.m. there will be a blood drive for Rev. C.G. (Glenn) Renfro. This will be held at the Deport American Legion Building at the north end of main street in De-

port. A blood goal has been set of 50 units of blood. A number of questions have been asked concerning who can and cannot donate blood. The question has been asked if blood could be purchased.

Blood cannot be purchased through Stewart Blood Center. It could be purchased, they think, through the hospital.

As to who can donate blood, virtually anyone.

People who are on high blood pressure medicine can usually give blood, even if they are on medication. Blood pressure will be checked, and if it is abnormally high they will not take blood. There are other conditions which would keep someone from donating, such as pregnancy.

The best thing to do is call Stewart Blood Center's office in Paris at 785-9399 or ask your questions the morning of the blood drive.

To those with a "needle phobia" it is well to note that they will not persist in trying to take blood if a vein is difficult to find. They also say that they do this all day, and frequently are told how easy and painless they make the procedure.

The entire blood donation takes about 20 minutes, ten minutes to fill out the medical history card and ten minutes to take the blood.

Rev. Renfro has been a very important part of this area, ministering to hundreds during their time of need.

Now, he faces serious kidney surgery, which can require large amounts of blood.

This is a chance to say, in some small way, "Thank You" to him. And, if he does not require the blood, there are many others who will benefit from the blood taken.

In Honor Of The Four Officers Who Gave Their Lives Sunday, February 28, 1993 in Waco  
**A PART OF AMERICA DIED**  
Somebody killed a Policeman today and a Part of America died  
A piece of our country he swore to protect  
Will be buried with him at his side  
The suspect who shot him will stand up in court,  
With counsel demanding his rights  
While a young widowed mother must work for her kids,  
And spend many long lonely nights.  
The beat that he walked was a battlefield too,  
Just as if he'd gone off to war,  
Though the flag of our nation won't fly at half mast,  
To his name they will add a gold star.  
Yep, somebody killed a Policeman today,  
In your town or mine  
While we slept in comfort behind our locked doors,  
A cop put his life on the line.  
Now his ghost walks a beat on a dark city street,  
And he stands at each new rookie's side.  
He answered the call, of himself gave his all,  
And a part of America died.

# You be the Judge.

When the time comes for you to buy a new water heater, your decision will make a big difference in your budget for years to come.

Your water heater is the second largest energy user in your home, so, before you buy, check it out. Here's how: the U.S. Department of Energy requires Energy Guide labels on every new water heater — gas or electric. The yellow Energy Guide label tells you the expected yearly energy cost.

The decision is easy: the natural gas water heater. You won't just get money-saving, low energy cost — you'll get plenty of hot water any time you need it.

So the choice, the savings and the dependability are yours.
