Worth

Imagine that you could wear cotton clothing that wouldn't accept stains. I don't mean just repels them, but literally cannot be stained. Imagine a bandage that will not grow bacteria, or a toxic waste plant that simply pours its waste through a few layers of material and the water comes out crystal pure!

Does it all sound like a futuristic science fiction movie?

It isn't. In fact, certain things, such as the sterile bandages that won't grow bacteria, are expected to be on the market within a year.

A program on television (not network, but satellite reception) kept me enthralled and fascinated last week. What a wonderful world awaits!

In France, in conjunction with several nations, including the United States, there is a laboratory that is bio-engineering fabrics.

I can't claim to truly understand bio-engineering, but it seems that the basic fibers are modified so that they may contain antibiotics, or refuse to grow mildew or bacteria or strain things out. They are not dyed or dipped or impregnated with these substances...they become part of the fabric. This means that they don't weaken or break down, but contain their properties for the life of the fabric.

The possibilities appear limitless. The program showed a white cotton towel put into a sack of this new fabric along with a packet of dye.

It was tossed in a washing machine, and another white cotton towel put in also.

After the wash cycle finished everything had been washed. The towel in the sack was dyed blue. The towel on the outside was still spotlessly white! This new fabric is capable of letting water through, but not letting the dye pass!

Pollutants can be strained out similarly, and there is hope that oil spill containment in the future may be facilitated. Perhaps streams and rivers can be cleaned up and yet plants could economically operate!

The sterile or antibiotic bandages should prove an incredible boon to burn victims and others with skin conditions. Hopefully, within a few years this bio-engineered material will be put to hundreds of valuable uses.

For now though, as messy as I am, as much ink, mud and food as seem to manage to stain my clothes with...let's see a replay of those fabrics that absolutely, positively will not stain!

Rivercrest Yearbook Should Be Reserved Early

Talco Bogata CISD Superintendent Explains Misconceptions Of Tax Notice

Superintendent of the Talco-Bogata CISD, Freddy Wade, said there is some confusion concerning the Notice of Public Hearing on Tax Increase published in the October 7 edition of the news.

The statement concerning a 700% increase in tax revenue is very misleading. The proposed tax rate for 1993-94 is \$1.00 per \$100.00 of value which is the same tax rate the district has levied for the last four years. The Texas Legislature would not allow

the public schools to use the portion of the 92-93 tax rate collected by the now abolished County Education district in the tax comparison the schools were required to publish. Since our local tax rate was 13 cents last year, we had to use that rate as our base. When you compare that rate to \$1.00 (the proposed rate for 93-94) it indicates better than a 700% increase. In actuality the increase is zero percent.

Country Cooking

This week I went to Detroit to meet some of the members of the Midway 4-H group. One of the leaders, Terri Smith, and I had talked about featuring the girls and their recipes and decided that we would start with the Juniors and then do the Clovers and Seniors. The Juniors who showed up were Sarah Blanton, Robbie Somerville, Lisa Somerville, Heather Smith, and Regina Cherry.

Sarah Blanton is a Junior 4-H member. She is in the 5th grade at Detroit School. She is the daughter of Melanie and Keith Blanton. Sarah has 3 sisters; Rebekah, Hannah, and Leah. The recipe Sarah is sharing with us this week (Cream Cheese Crescents) won at county and district competitions.

Robbie Somerville is beginning her 3rd year in 4-H. Her projects include food and nutrition, clothing, beef and livestock judging. Her 4-H projects keep her busy, but she still finds time for her favorite hobby, reading. Robbie is a 6th grader at Detroit Elementary. She is a Junior Vice-President of the Midway 4-H Club. Robbie is sharing her Angel Food Toasties with us this week.

Lisa Somerville is beginning her 2nd year in 4-H. This will be her first year as a junior 4-H'er. Her projects are food and nutrition and clothing.

Lisa is a 3rd grader at Detroit Elementary. She enjoys riding her bike and playing with the family dog. Lisa is Junior Reporter for the Midway 4-H Club. The recipe she is sharing with us is Chewy Peanut Brownie Bars.

Heather Smith has been active in 4-H for 3 years. She is Junior Presi-

dent and Red River County 4-H Council 3rd Vice Pres. Heather is the daughter of Buck and Terri Smith. She is a 5th grader at Detroit, and is an active member of the First Baptist Church. She also participates in Detroit Youth Sports Assoc. Heather's hobbies include being with her family and friends, collecting stamps, postcards, and cat items. She has won both county and district levels in competition. This is her 2nd year in the Food and Nutrition program. The recipe she is sharing is Mexican Lasagna. She prepared this dish last year for the Food Show and won at County level and also took a blue ribbon at District with it. The Smith family enjoys this dish. Heather and her sister, Kristi work together on projects, and urge all young people to become involved in 4-H.

Regina Cherry is 13 years old, and is in the 7th grade. She enjoys working with animals, riding horses, cooking, and sports. Regina has lived in Detroit for 4 years. She has been in 4-H for 5 years. The sports she enjoys are volleyball, basketball, tennis, softball, and track. Regina's parents are Sue and John Cherry. She has a sister, Lawanda, who is also in 4-H. The recipe Regina is sharing with us is Mini-Cheesecakes.

If there isn't enough room for all of the recipes this week, we will slip them in as we go.

I really enjoyed the girls from this very special organization. I also appreciate Jorene Carpenter coming through once again and letting us meet at her home.

Have a fine week.

Reb JV Romps Prairiland 14-0

The Rivercrest JV took the field following the junior high game last Thursday at Prairiland.

Serving as captains for the evening were Michael Deming, Robert Hubbard and Carey Gable.

The Rebels lost the toss and Prairiland elected to receive.

The game began with penalties and continued with lots of penalties. The Pats first drive netted them nothing, as the Rebel's first drives also gained them no ground.

First quarter score was 0-0. In the top of the second quarter, Michael Deming ran the ball to the 35-yard line for a first and ten. Rebel quarterback Carey Gable threw the pass to Alvin Savage with 8:19 left in the second quarter for the TD.

The extra point attempt was no good. The score was 6-0, Rebs.

The Pats received the Rebel kick, bringing it out to their own 42-yard line. On first and ten, the Pats moved the ball to the Rebel 36-yard line, only to have the Rebel defense wake up. A quarterback sack and key tackles made by the Rebels forced the punt. Again the flag showed up, this time the call was for roughing the kicker against the Rebels. The half ended with a 6-0 score, Rebels.

The third quarter saw the Rebels receive Alvin Savage take the ball to the 47-yard line. Carries by Michael Deming and Chesley Baird moved the ball on, when a fumble gave the Pats a break. Again, the Rebs defense held, only to see the yellow flag. Roughing the kicker was again called on the Rebs. The Pats #41 ran the ball

to the 20-yard line on the second return. Rebel Clint Gage made the tackle, setting the Pats back for a loss. Rebel Oscar Villareal made the tackle holding the Pats back, and again the yellow flag appeared, this time on the Pats, backfield in motion.

On fourth and 12, Rebel Todd Barker made the stop on the Pats reverse play. On the first and ten, Rebels, the flag thrown cost the Rebs 15 yards for holding. Quarterback Carey Gable threw the pass to receiver Chesley Baird, moving the ball downfield. Again the flag for holding hurt the Rebs. The third quarter ended on penalties.

In the top of the fourth quarter, the Rebels had a short and high punt taken by the Pats. With 9:04 left, the Pats gained no ground. Flags on the Pats and Rebels ran wild in the fourth quarter. Holding, personal fouls, face mask, it seemed every call that could be made was. Michael Deming and Chesley Baird continued to run the ball well for the Rebs, only to have the flag take it away or give it back. With the Rebs in control, Chesley Baird broke the plain for the TD, and also carried for the two point conversion. On the kick-off, the Rebs nabbed the Pat receiver on the 20-yard line, only to have unnecessary roughness called. With 1:03 left, the Rebels held and killed the clock for a final score 14-0.

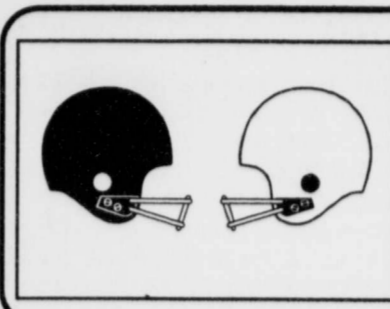

Following the game, the happy Rebel team gave coach Wake Wood a good soaking with their ice water cooler.

REBEL SPORTS REPORT

Kathy Hinsley Is Crowned Homecoming Queen

Rebels Win Homecoming Game Against Patriots, 28-7

By Matt Stockton

On Friday night, October 8, 1993 Kathy Hinsley was crowned Homecoming Queen for Rivercrest High School. Kathy was escorted by her father, ex-Rebel Larry Hinsley and was crowned by the 1992 Homecoming Queen, Amy Hervey.

After the beautiful ceremonies had been completed, the Rivercrest Rebels got serious. They went out on the field and met the awaiting Prairiland Patriots.

Meeting at centerfield were captains Tee Green, Joe Grissom, and Clint Franks.

Prairiland captains were Chris Bramlett, Steven Fernandez, and Jay Harris.

After the Patriots won the toss Jeremy Weatherall kicked off. The ball was stopped at the Patriots 35-yard

line. Unable to get anywhere for the first down, the ball was given to the Rebels.

Showing how bad he wanted a touchdown, Juan Torres busted through the Patriots defense like a raging bull to run all the way for the score.

Once again Jeremy Weatherall kicked off and Patriot Jeff Gilbert fumbled the ball, and lost possession to the Rebels. Penalties bounced back and forth as Rivercrest had an illegal procedure and the Patriots had an offside penalty, but the Patriots' James Dudley intercepted quarterback Tee Green's pass.

After two more turnovers, two penalties were assessed against the Patriots to end the first quarter.

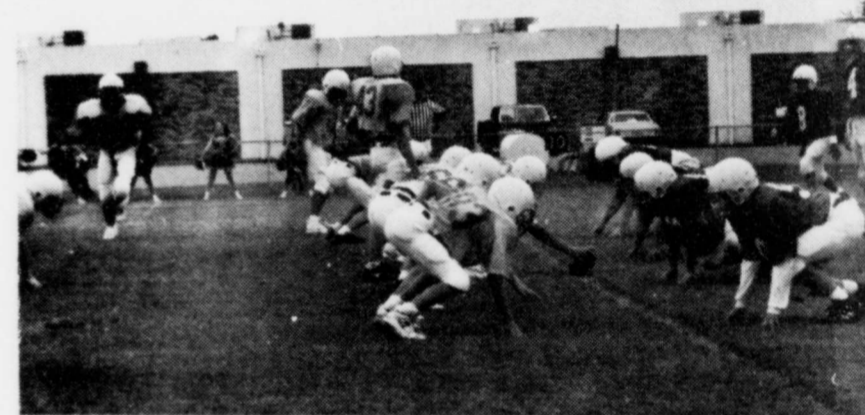

The score at that time was Rebs 6, Pats 0.

Showing off his Rebel colors once again, Juan Torres ran in another T.D. The following 2 pt. conversion was good.

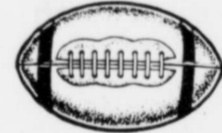

After the Rebel kickoff, Elliott Pogue intercepted a pass enabling Juan Torres to score again.

Tension was running high when the Patriots came from behind to score a T.D. and successfully hit the field goal. The Rebels responded with another T.D. and a successful two point conversion. The score was Rivercrest a magnificent 28 and Prairiland 7.

Only an interception by Rodney Humphrey, a fumble recovery by Elliott Pogue, and a penalty for offside highlighted the remaining minutes of the fourth quarter. The final score a victorious Rivercrest 28 and Prairiland 7.

QUARTERBACK Jody Nolen checked the line before starting the down when the junior high Rebels met Prairiland last Thursday night. (Staff Photo by Nancy Brown)

Gordon and Clois Alsobrook were honored Friday night with a supper at the home of their daughter, Earl and Nancy Gresam, to celebrate their 55th wedding anniversary.

Aeshim Reeves prepared the delicious meal. Joining the Alsobrooks for the joyous occasion were the hostesses, Aeshim Reeves, Christie and

They received many nice calls and gifts and everyone had a wonderful time and afterwards enjoyed cake and ice cream.

**Red River Haven
Resident Of The Week**

These two sisters live at Red River Haven Nursing Home. They are often asked if they are twins. They are not. Josie and Neat said that they had been asked this all of their lives. When called by the other's name they just answer.

Josephine Fennell was born January 23, 1906 and Neat Massey was born March 9, 1910 to Elija Green Morgan and Nanny Emma Morgan.

They were born and raised near rugby. Josie married Raymond Fennell and raised 3 daughters, Dorothy, Marie and Nell. These three daughters went to school at Bogata and have since married and moved away. They visit as often as they can. Josie was a housewife and her husband ran the gin in Bogata. She loves to eat turnip greens and cornbread.

Neat Massey married Harley Massey. Neat is the younger of the two sisters. She enjoys just about any kind of food, and she loves the color red. Neat was also a housewife, and of course part of Neat's and Josie's biographies would read the same since they are sisters.

Pats Take Junior High Game From Rebels

The junior high Rebels traveled to Prairiland Thursday night with Dustin Wolfe and Nathan Thomas serving as captains.

The Patriots won the toss and elected to receive. The Pats' first drive gained them no ground and on the punt, Rebel Michael Allen returned the ball to the Reb 45-yard line. The ball changed hands often in the first quarter. With 2:10 left in the first quarter, the Rebels fumbled, giving the ball to the Patriots on their own 10. A holding call pushed the Pats back for 15 yards and a bad snap sent them even further back.

The Rebels first possession of the ball in the second quarter saw quarterback Jody Nolen gain a first down on the keeper. The Rebs were able to hold onto the ball on fourth down when Jody Gray carried the ball to the 15-yard line for first and ten. Gray carried the ball over for the TD with 3:20 left on the clock. The two point conversion was carried in by Nolen. The score stood at 8-0, Rebels.

The next set of downs for the Pats was unsuccessful and Rebel Michael Allen received the punt with 1:00 left in the half. A Rebel penalty caused a repunt, ending the half.

The Rebs received the ball at the start of the third quarter. Carried by Allen and John Ross, the ball moved to the 45-yard line only to be lost to a fumble. Courtney Huddleston did a great job for the Rebs, preventing the wide open Patriot run.

The Pats were haunted with penalties, however, they held control of the ball. Aaron Martin did a good job for the Rebs on defense, making key tackles. With :09 seconds on the clock, the Rebels saw a play that they had never seen and didn't quite know what to do with. The Patriot quarterback bounced passed the ball off the ground to his receiver, who ran the ball in for the TD untouched. The

Rebels made no attempt to stop him as they thought the ball was dead. The play used by the Pats is an old, seldom used, legal play. The two point conversion was good. The score stood at an 8 tie.

The Patriots came out with another trick up their sleeves, with an on-side kick. Rebel Courtney Huddleston saved the Rebel team when he covered the kick. Rebel ball first and ten.

The ball was quickly lost on an interception by the Patriots, who ran the ball in for a touchdown. The score was now 14-8, Prairiland.

The two point conversion was run in by the Patriot quarterback, making the score 16-8.

Again the Pats tried the inside kick, and again Courtney Huddleston covered the ball. Rebel first and ten. Jody Gray carried the ball for yardage and Jody Nolen gained another first down only to be put five yards back for illegal procedure. The Rebels pulled out all the stops on the next play when quarterback Jody Nolen threw the Hail Mary pass to receiver Michael Allen, who carried the ball in for the touchdown.

The 45-yard pass set the score at 16-14, Patriots.

The Rebel conversion was stopped. With 3:11 left in the game, the Rebels tried their own onside kick, which the Patriots did a good job of covering. Rebel Jerad Guest caught the Patriot quarterback for a large loss of yardage, and Courtney Huddleston broke up the Patriots' long pass.

The Rebels regained the ball, only to have quarterback Jody Nolen have all the time in the world to pass, given by his line, but to have no receivers open. The interception was picked off giving the Pats the ball and the Rebels little time left. Using their heads, the Patriots ran the clock out and the final score was 16-14, Patriots.

REBEL FOOTBALL "POSITION OF THE WEEK"

Our Rebel position of the week are the tailback (or running backs) and wingbacks (or wide receivers).

The tailback's primary job is to run with the ball. He occasionally is used as a blocker and is usually the fastest boy on the team. The tailback is also on the receiving end of a lot of handoffs.

The wingback's primary objective on the field is as pass receiver. He is used secondly as a blocker and his third position can be as a runner. The wingback must also have good speed.

Red River Haven Nursing Home Holds Fall Fashion Show

Mary Jane Lowry introduced the models as they came down the runway, made their turns and twirls and awed the crowd with their fashions for the fall. The models were staff members of the nursing home and no expense was spared to make this one of the most glamorous events of the year.

Sharon Griffin led the show with her basic print dress and basic print accessories to match. This reporter is sure that most of the print was from fine papers such as the Bogata News, and except for a little bit of a crackling sound as she walked, and possibly a squeak or two from her sneakers, Ms. Griffin did a superb job.

Telesa Varley wore an old favorite: the circle skirt. The circles looked as though they had been cut from the finest art paper money could buy and I imagine the pins used to pin them on were of some precious material.

Tina Ward was a regular nymph in her evening gown. She danced down the runway with the grace of a swan and showed her fine flannel evening gown complete with make up curlers, and shoes to match.

Doris Alsop truly looked good enough to eat in her new fall dinner dress. The red and white oil cloth checks were a perfect set for her paper plates attached to her dress in all the appropriate places, complete with pictures of food and her hat which served as a tray for the drinks was a work of art.

Teresa Alford wore the pin stripe suit to end all pen stripe suits. Ball point pens attached painstakingly one after the other on her shirt and safety pins in row after row on her pants made her enormous blue bow in her hair just stand out to perfection.

On a spiritual note, Sandra Mauldin wore a coat of many colors. Those crayolas were bound to have been three feet tall and were of the finest plastic.

Bobbie Cawley literally stole the show with her 100% cotton garb. She must have attached many bags of cotton balls to the cotton strips her dress was made from, and she would have to receive the best of show award for her performance on the runway. To be truthful, I was glad I didn't have any young people with me because she was just short of being sassy, but who could blame her in such fine attire.

Donna Robinson in her Bell Bottom Trousers didn't have a coat of navy blue, but she really could ring those bells.

Doris Belcher's T dress would have been perfect in Jolly old England. I feel sure that her Ts were cut from the same fine material as Telesa's circles. These people are really devoted to art.

Kayla Belcher came as a member of a Harem. The dress was lovely, and she should have lots of fun trick or treating in it.

(This humble reporter would like to thank the Nursing Home for allowing me to critique this tongue in cheek style show. It was good fun and residents loved it.)

As a grand finale, punch and cookies were served in the dining room.

Stopping Energy Waste Through Your Attic Is As Easy As ABC.

A Attic ventilation. Make sure that your attic is properly ventilated to prevent heat build-up in the summer and moisture accumulation in the winter.

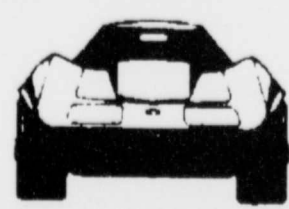

B Batt or blow-in insulation in your attic should be the proper level for your area. Be sure all areas have proper coverage, and don't forget to insulate ductwork.

C Caulking is important too! Remember to caulk around attic openings.

Nuts & Bolts

By Judy Screws

I do not think I could be described as an alarmist, but I saw something on television the other day which just scared me to death: The program had conducted a test to see how well trained children were when it came to talking with and going with strangers. The "stranger" was a plain clothes policeman. The children were probably aged four to nine. Out of four children, the man was able to get all but one of them to come with him in less than one minute each. The other child began crying when he told her that her mother was sick and started shaking her head, but she also looked as though she would have given in if they had not stopped the test and let her see that her mother wasn't sick. The children were lured by different things. One was in his own yard, and was willing to leave it without a second thought. One was playing in a park and the man asked him if he could help him fix his Nintendo game which he supposedly had in his car. The child was so anxious to get to that game that he was almost walking ahead of the "stranger".

The scary part of this is that these children were chosen from a group whose mothers said that there was absolutely no way that their child would go with anyone or talk with anyone. These mothers were horrified to find that all the training and teaching they had done didn't help when it came down to actually having to put into practice what their children had been taught.

There have been rumors of attempted abductions, and there have

been stories in the newspaper about people who are bothering children around here. Our oldest granddaughter was worried sick about what would happen if someone offered her little sister a toy that she liked. She said, "Granny, if someone offered her a toy, she'd go with them" in a heartbeat to get it. What can we do to protect her? This was a question I was totally unable to answer, and I am afraid that most people are in the same position. Do we put our children under lock and key? Do we hire a body guard? What if the stranger is not a stranger? What if he is a "friend" or a relative?

When I was a child, I heard a story on the radio about a little girl who had gotten a piece of a balloon down her throat and died. Our children were never allowed to have balloons. That was relatively simple to accomplish. If I saw a balloon, I threw it away. This was something I could physically do. Teaching a child to react wisely in a situation with which he is unfamiliar is not simple. I have no answers. I am afraid there are no answers, except possibly to never let down your guard even for a short time. When a child or a young adult misbehaves, their parents can just say, "Well I did the best I could, and now if he or she is in trouble, it's not my fault." This is not about fear or misbehavior. If a child is abducted, they are rarely returned. This is not about blame. It is about the lives and safety of our children and grandchildren, and I am still scared to death.

No one is useless in this world who lightens the burdens of another.
—Charles Dickens
