## Straight Talk

By Dave Thompson

Elsewhere on this front page is information about the one act play performance that will be shown to the community during Public School Week next week. I had a chance to preview a portion of the production while on hand to take pictures Monday evening. Not being in the habit of being considered a play critic, let me offer these few personal observations: The play is a delightful fable with a very interesting theme that all are sure to enjoy. Some of the characters include the Lord, who has a commanding role (providing she can keep her eyebrows down), the beautiful but devious High Priestess of Isreal, the witty but sadistic Head Magician and Moses, who is strong willed and patient. Mark it down on your calendar and share an enjoyable evening with the cast and crew of this year's one act play—you'll be glad you did!

## Car Give-Away Slated

A 1989 Ford Taurus will be the big prize for some lucky winner. No purchase is necessary and one needs not be present to win. Persons 18 years of age or older may register in any M-System store in Anson, Knox City, Haskell, Munday, or Seymour.

Official rules of the drawing may be noted on Page Four of this week's News.

## Child Injured In Monday Accident

A seven-year-old boy was injured Monday afternoon at 3:52 o'clock in the 200 block of North Ave. G East.

According to Police Chief Gil Gillilan, the boy was playing with others and did not see the approaching vehicle. The woman driver saw the children and pulled across on the other side of the street slowing to a stop when the child ran into the rear bumper of her car, suffering a broken leg.

Gillilan said the boy was transferred from the Knox County Hospital to Bethania in Wichita Falls where he is listed in good condition.

## Cookies To Be Here Friday!

The NorCenTex Girl Scouts are currently selling their delicious cookies through March 19. The girls are selling cookies by going door-to-door, holding booth sales at local stores and by making telephone contacts. If you are not contacted by a Girl Scout you may call Judy Perdue, 658-3509, Service Unit Cookie Chairman to order your favorite box of cookies.

This year there are seven varieties to choose from and each box sells for \$2.00 which is collected when your cookies are delivered.

Girl Scout cookies support troop activities such as campouts, field trips, and service projects as well as teaches the girls how to handle money and how to relate to other people. The money helps the NorCenTex Girl Scout Council provide the best possible program for the girls throughout the 11 county area.

When a girl knocks on your door or approaches you at a booth, remember your purchase will help her take a step into the future by supporting the NorCenTex Girl Scouts.

## Conn Featured in March Progressive Farmer

Former resident Gary Conn, who has moved to the state of Washington near Seattle, will be featured in the March issue of Progressive Farmer.

Gary painted an 11x80 foot mural that covers an entire wall of a building in downtown Rochester. He was commissioned to do the work by the 1986 Sesquicentennial Wagon Train committee as part of the celebration of 150 years of Texas independence.

According to word received from J.T. Smith, who wrote the article and did the photo of the mural, this area, including Texas and Oklahoma, is in the Southwest edition and readers will find the story about Gary on page 119.

## Public School Week Is Set For March 6-10

Open House, One-Act Play Scheduled

Observance of Texas Public Schools Week will be the week of March 6 through 10, according to Superintendent of Schools Clead Cheek. The Knox City-O'Brien CISD has much to be proud of and this is one of the best opportunities to let the community see teachers and students shine, according to Cheek.

The community is invited to visit the schools anytime during the week of March 6 and especially during open house. Open house will be Thursday evening, March 9, from 6:00 until 7:30 p.m. Following the open house, the one-act play cast will perform their contest entry, "The Green Pastures", in the W.R. Baker Auditorium. No ad-

mission will be charged, however, \$1.00 donations will be gladly accepted, according to director Renella Watson. Play competition will be March 13.

School officials urge and encourage the community to visit our local schools.

### Thelma Grinstead Suffers Broken Hip

Thelma Grinstead of Rochester fell Saturday February 18, and broke her left hip just below the joint. The bone broke into several pieces and a bone graft had to be done to speed the healing.

Thelma, the Frys, and Ermene Mullino were on their way into Cotton Eyed Joe's at Buffalo Gap, where a birthday party was being given for Ira's cousin, Ray Collum of Abilene. Thelma slipped on wet grass and fell onto the parking lot. Since a large group of people were already inside at the party, Thelma had plenty of company in the parking lot while waiting for the ambulance.

The attending physician said she would probably be in the hospital for two weeks (but he also thought she wouldn't be talking for 24 hours after the surgery). After 5 hours of surgery, she was talking on the way out of recovery—so she's already starting to make the doctor eat his words.

Thelma's address is: Humana Hospital Abilene, Room 524 B, 6250 Hwy 83-84 at Antilley Rd., Abilene, TX 79606, phone: 915-695-9900 ask for room 524 B.

### Casillas Is Patient In Fort Worth Hospital

George Manuel Casillas, 37 year old son of Pauline and Edmund Casillas, underwent surgery last Friday following complications due to a cerebral hemorrhage. He is in the ICU Ward at St. Joseph's Hospital in Fort Worth.

According to family members, as of Tuesday, last report was that his vital signs were good and he is showing some improvement.

His wife and family ask that you remember him in your prayers.

### Leah Boone Is Named To Tech Dean's List

LUBBOCK—More than 2,000 Texas Tech University students qualified for the academic honors lists at the end of the 1988-1989 Colgate Youth for America, Community Service Program.

In the interest of the community, Troop 107 has had several projects for the Colgate Youth for America Program.

The first program was the Adopt A Grandparent Program where each girl picked an elderly person from the care home and adopted that person for their grandparent. The girls shared carols and gifts at Christmas, gave a Valentine party for the residents, and are planning a March birthday party.

The second project was the clean up America's highways where the girls cleaned the highway to Benjamin last year and will do so again this year.

The third project was a canned food drive for the needy in which the girls collected seven boxes full of canned goods at Christmas and gave them to our local welfare office to be given to needy families.

These girls have worked hard and enjoyed their time with their adopted grandparent the most.

People do not know what they are missing out on when they do not visit the care home and share a smile with a lonely face.

The girls travel once a week to pass out ice and visit with each resident, besides their adopted grandparent.

### KC Study Club Hears Local Couple's Daughter

Thursday afternoon the Knox City Study Club met in the Community Center. Janoma Stephens, president, called the meeting to order. Lena McGee read a beautiful poem followed by Mark Driggers giving the invocation. Elizabeth Wilson led the group in giving the Pledge of Allegiance to the American and Texas flags.

Ruth Christ, director, then introduced her daughter Ruth Ann Driggers who brought the program. Ruth Ann, her husband Mark and family have spent the past 15 years in Santiago, Chili, working with the Southern Baptist Mission Board, distributing Spanish books and literature, to some 25 churches throughout the country. Mark works as interpreter in many places of worship. Ruth Ann showed slides of the city of five million plus explaining each slide in detail. Club members were pleased and surprised at how clean the city was. They were informed that everyone had to sweep or wash their sidewalks by 9:00 every morning. The economy is quite stable. Largest copper mines in the world are there. Their seasons are the opposite of the United States. Winter there begins in June and lasts about four months. Education is

important there as it is here.

The Driggers have three daughters. One graduated last spring from Hardin-Simmons, one is in her second year at Hardin-Simmons, and the youngest will be a senior in high school when they return, the 3rd of March, to Santiago. They brought some hand work back with them that the club had the privilege to examine. The members truly enjoyed the program and appreciated Ruth Ann bringing it to them. Charlotte Patterson, accompanied at the piano by Elizabeth Wilson, sang "God Bless America" with the entire group joining in on the last chorus.

Guests and visitors were welcomed and following a short business session the following guests and members enjoying refreshments were Hostesses Lena McGee and Margurite King, Rev. James and Charlotte Patterson, Rev. Bobby and Sylvia King, Tom and Ruth Christ, Mark and Ruth Ann Driggers, Elizabeth Wilson, Mrs. Jewel Bailey, Mrs. Sammie Carpenter, Jessie Roberts, Winifred White and Janoma Stephens.

The Mannings are engaged in farming and ranching. On their anniversary, Helen and Orval enjoyed an evening seafood meal with family members at an Abilene restaurant. The next day they enjoyed visiting various places sightseeing in the Hill country. On their return trip home, they stopped in Coleman and visited Helen's sister and husband, Mr. and Mrs. Gerald Welch. The Mannings are members of the O'Brien Baptist Church and they have one son, Royce Manning of Abilene. They also have one grandson, Brad Manning of Fort Worth.

## Texas Exes Celebrate March 2!

University of Texas students first celebrated Texas Independence Day in 1897. The first March 2 celebration revolved around students "borrowing" a cannon from the Capital after UT President Winston denied their request for a Texas Independence Day.

On March 2, University of Texas Ex-Students in Knox County join more than a quarter million other Texas Exes in celebrating Texas Independence Day and recognizing The University at a celebration at the home of Arthur and Lynda Boice, 605 S. A

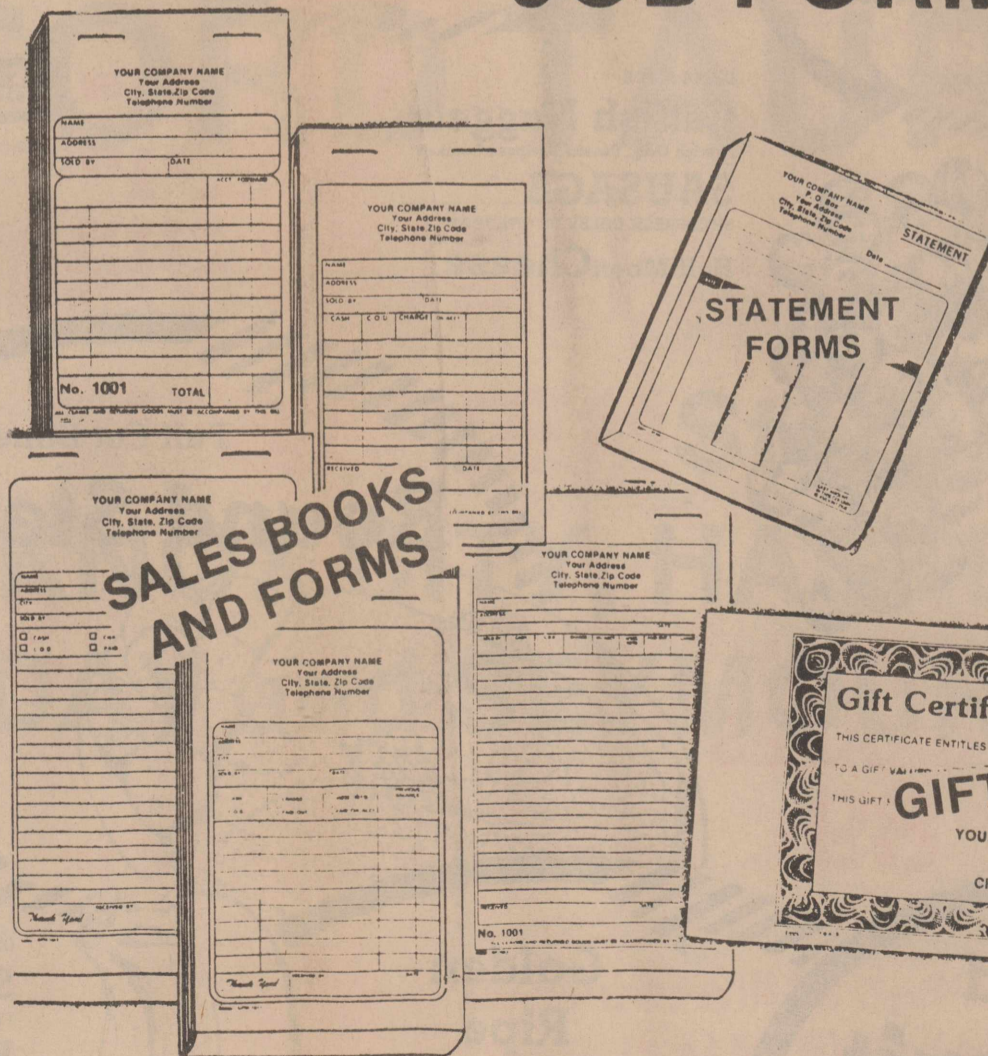

E. The meeting, which will include election of new officers, is open to the public. It is one of hundreds taking place world-wide as Texas Exes gather to honor Texas Independence Day and pay tribute to a first-class

university.

The local chairman for the Knox County Texas Exes Club is Lynda Boice. She can be contacted for more information at 658-3820.

The local club offers a \$1,000 scholarship that a graduate from a Knox County high school can apply for who plans to attend The University of Texas for the first time.

## Let us show you a Texas you've never seen before.

THE ROADS OF TEXAS is the culmination of a mammoth project that has involved many individuals for over two years. When you get your copy of THE ROADS OF TEXAS you'll wonder how you ever traveled the state without it.

This 172 page atlas contains maps that show the complete Texas road system (all 284,000 miles) plus just about every city and community! Texas A&M University Cartographics

Laboratory staff members produced the maps, based on county maps from the State Department of Highways and Public Transportation. The details shown are amazing—county and local roads, lakes, reservoirs, streams, dams, historic sites, pumping stations, golf courses, cemeteries, mines and many other features too numerous to list.

Become one of the first in our community to own a copy of this magnificent atlas.

### METER TAMPERING NOW A FELONY

The State of Texas has recently adopted an amendment to the State Penal Code making meter tampering a third degree felony. A third degree felony comes with a punishment of confinement in the Texas Department of Corrections for a term of not more than 10 or less than 2 years. In addition to imprisonment, an individual adjudged guilty of a third degree felony may be punished by a fine not to exceed \$5,000.

Before the amendment of the new law, it was a class A misdemeanor for meter tampering unless the loss of service was more than \$200. Under the new law, any meter tampering regardless of the amount of loss is now a felony of the third degree.

Meter tampering consists of, but is not limited to:

- (1) Diverting electricity from passing through a meter device.
- (2) Preventing electric service from being correctly registered by a meter device.
- (3) Unauthorized activation of electric service.

As a special note to our members, it will also be considered meter tampering if a meter is reset and electrical service is restored by anyone other than a Cooperative employee.

All Cooperative meters are sealed. This seal should not be cut or broken without special authorization. In cases where the seal must be cut for emergencies the Cooperative should be notified as soon as possible so that the meter can be resealed.

### Someone Is Watching You

No matter how old you are, someone is watching you. It could be a brother or sister; a son or daughter; or even a friend near by, but someone is always watching. It could be someone you really do not even know. They are searching for someone they can look up to as an example, admire, and pattern their life after.

We all have had, through different stages of our lives, many we have watched and looked up to. We still have someone we admire and watch, if we be honest. Though we see ourselves watching. I often wonder if we really realize how much we ourselves influence others around us in the things we do.

Someone is watching you, are your actions and reactions something you would really want others to desire to be like and admire? Is your everyday lifestyle something you would want others to choose to pattern their life af-

ter?  
Someone is watching you. It could be someone in your family or in another's family. It could be one person in one situation and another person in another situation, but you can be assured someone is watching to see

## Streams In Desert Places

By Ozelle Stephens

"The Joy of the Lord is your strength." (Nehemiah 8-10).

Joy is one of God's wonderful gifts that abides within you. At times it may seem that joy is a feeling that comes to you as a result of outside experiences. But when you seek joy in the outer world only, you find that it makes you sad and unhappy. Laughter helps you to express your feelings of joy, but you laugh sometimes at the mistakes of others. Gods joy within you become a mighty power for good in your being. You do not have to laugh or shout to express it. You express it by feeling its uplift within. You can let this joy fill every moment of your day, and there will be no room for unhappy feelings. Paul said, "...Forgetting the past, I press forward..." Spend your time rejoicing in God's joys and the troubles of your past cannot abide in you. When you realize that God's joy is within you every moment, you can overcome the world of fear and sorrow. His joy is ever springing up within your being. With it you shall draw water from the wells of salvation. (Isa. 12:3).

## Forum Is Set For Child-Care Providers Mar. 4

A forum will be held March 4, 1989, for registered child-care providers to share their views on changes to the minimum standards for registered family day homes, according to Mary Hardin, regional licensing director for the Texas Department of Human Services.

"The 1987 Texas Legislature asked us to strengthen the minimum standards for the protection of children in care, and we solicit the advice of every caregiver," Mrs. Hardin said.

The forum will be from 10:00 a.m.-12:00 at Pioneer Baptist Church, 701 South Pioneer Drive, Abilene, Texas. It is one of 15 forums across the state. A training session will begin at 1:30 p.m. and end at 3:30 p.m.

**HONORED ON BIRTHDAY**

Collins Moorhouse had another birthday recently! And had some family members visit to help him celebrate. On hand for the get together were Roy Jr. and Patricia McGuire and their daughters, JaiJai and Dana of Quitman, Roy Sr. and Allora McGuire of Levelland, Jodie Moorhouse of the Moorhouse Ranch. Collins doesn't mind telling us that this birthday was his 82nd and he thoroughly enjoyed the party. And the cake even though he did have trouble blowing out the candles. You see they were the trick kind and kept re-lighting themselves. But think he finally got them out.

Collins remains active. Keeps his station and garage open all day and still does all the work himself. Should be an inspiration for the rest of us.

Another one of Benjamin's older citizens celebrated her birthday Saturday in the Brazos Valley Care Home. Audrey Nolan turned 86 on February 18 and her daughters Virginia Griffith who resides in Benjamin and Peggy Dillard of Lubbock hosted a party on February 25 at the Care Home. The dining room was decorated with balloons and streamers which gave it a festive air. Refreshments of finger sandwiches, punch and a beautiful birthday cake were served the guests. Everyone enjoyed it and the most rewarding part of it all, was seeing the pleasure Mrs. Nolan got out of it. She's already making plans for her 87th next year!!

Those attending the party were Bea Parks, Jessie Roberts, Eunice Friday, Pearl Ryder, Louise Hall, Ozelle Kilgore, J.D. and Annie Brown, Jim and Barbara Pratt, James and Jimmie Klutts, Lucille Moorhouse, Eda Faye Pounds, Doyle Griffith, Bob and Marie Meinzer, Gladene Green, the hostesses and a few of the Care Home staff.

**CLEAN-UP DAY PLANNED**

The Benjamin Sorosis Club is sponsoring the annual clean-up day, Saturday, March 4. Everyone is urged to join in this community effort to clean up the town. Ladies who are not able to help with the cleaning or who may have prior commitments are asked to bring food to the park for dinner. Anything will be appreciated. If you plan to be out of town you could probably leave your food at the grocery store and someone would pick it up. Plans are to start about 8:00 or as early as possible. And maybe get through early. Men are also urged to come and help as the ladies said there are some things they want done that women just can't handle. Of course, this all to be done if the weather permits. If not, the same plans stand for the next Saturday, March 11.

And the Sorosis club is also planning a garage sale at the club house on Friday, March 3 beginning at 9 a.m. and going as long as they have customers. You see, the club house is being torn down. It is in such bad repair that to try to restore it just was not feasible so the club voted to have someone tear it down and clean up the

premises. That project is about to begin but there are some things in the building to be disposed of and the simple solution seemed to be a sale. Club members will also have some personal items to sell. All proceeds going to the club. A classified ad appears elsewhere in the paper and everyone is invited to come by and browse. You may find something you need!

**IN VA HOSPITAL**

Henry Rogers was admitted to the Veterans Administration Hospital in Big Spring last Wednesday. He has been in the ICU but was put into a room on Saturday and according to family who talked to him Saturday, he is feeling much better and if all goes well, he should be home this week.

**SR. H.D. CLUB MEETS**

The "Little Ole' Hens," the Sr. Home Demonstration club here in Benjamin met Wednesday in the home of Louise Hall. Jane Rowan, County Home Economics extension agent, gave the program entitled "Feudin', Fussin' & Fightin'". It dealt with how to cope with today's problems.

Refreshments of sandwiches, punch and cup cakes were served. Those attending were Pearl Ryder, Eunice Friday, Bea Parks, Virginia Griffith, Jimmie Klutts, Mrs. Rowan and the hostess, Louise Hall.

**FOR WHAT IT'S WORTH!**

Last week, Dave Thompson's "straight talk" dealt with the "jail food" being served the occupants of that Knox County facility. Seems some of the residents were not to happy with their "daily rations". Now this is strictly my opinion. But I have casually dropped in on the young couple who are responsible for the food going into the jail and I have seen some pretty good looking meals sent back there. I think anytime you get meat, potatoes, another vegetable, dessert and a drink, you're doing pretty well. And I might add, the portions were quite sizeable. So it's like Dave said, "If you don't like the food, stay out of Jail". Otherwise be thankful. It could be a lot worse!!

**HERE 'N THERE**

Visiting their mom, Audrey Nolan in the Care Home in Knox City and their sister, Virginia Griffith were E.W. and Louise Nolan of Andrews, Leon and Ladel Nolan of Odessa and Peggy Dillard of Lubbock.

Tommy Latimer and little son Tommy Jr. of San Antonio spent the weekend with his aunt, Juanita Burnett. Tommy is slowly improving-

recovering from the injuries he received in an accident last August. He still has to be very careful and can't work, but is doing better all the time.

Bob and Marie Meinzer of Albuquerque, N.M. were here several days last week visiting relatives and friends and attending to a few chores around their home, here.

Nancy and Fred McGregor spent the weekend in Austin with their son, Chris who is a student at U.T.

Lou Speers from Munday is a dispatcher from the Sheriff's Dept. on different shifts. You might ask-why mention that? Well, Lou asked me to. Seems when he's over here during the day and he's dressed in the uniform of the Sheriff Dept., people are always asking who he is, where he came from and what he does. So perhaps I have answered the inquiries. And Lou, you can see, when anyone new shows up over this way, we all ask questions till we find out what we can!! A new "kid on the block" gets lots of recognition.

Barbara and Jim Harris of Sugarland spent several days last week with Barbara's sister, Clodell Duke. Barbara told me she reads the county papers faithfully and sure likes

to get all the news from home.

Gary and JoAnn Hamilton and Jeremy spent the weekend with relatives in Fort Worth.

School Supt. Benny Grill, Principal Louis Lee Baty and Coach Eddie Wolsch took the High School students who wanted to go to Wichita Falls Friday to see the Wichita Falls Texans pro basketball team play Albany. They said it was a good game and they enjoyed it and were extra pleased that the Texans won. Students making the trip were Rebekah Duke, Shannon Parker, Nora and Sandra Bolanoes and Jennifer Rolston.

The Senior class sponsored a Power Ball tournament here on Saturday. They tell me the games were very exciting and some real good teams were playing. The team from Plainview won 1st, Munday placed 2nd and Clyde was 3rd. The Seniors made pretty good off the days events and that money will go toward financing their trip after school is out.

Grace Snailum underwent surgery last week in San Antonio for some hip repair surgery. She's doing fine and will be in the hospital about 2 weeks. I'm sure she would appreciate a card
