Cheerleaders Win Awards

Knox City High School cheerleaders were among approximately 500 participants in the 1989 Big Country Cheerleader camp held on the campus of Hardin-Simmons University in Abilene June 18 through 22.

The five-day camp was conducted by Southwest Camps of Cisco with Eris Ritchie as camp director. Instructional staff and program were supplied by the National Cheerleaders Association. This staff conducts NCA camps throughout Texas as well as the United States.

The cheerleaders were taught new cheers, stunts, chants and spirit ideas from a 14 member NCA staff headed up by Brandi Noble, head cheerleader at Texas Tech University in Lubbock and a professional cheerleading instructor from the NCA's national headquarters in Dallas.

Knox City's cheerleaders, head-Leah Rauch, Ivy Mauer, Karomy Sloan, Jennie Grindstaff, and Mitzi Marion received the Spirit Stick three different times throughout the camp and was one of the final 26 squads to "bring it home". They were also a NCA Spirit Stick Winner from approximately 75 squads and were also nominated for All-American Squad honors. During the camp, the girls were awarded four superior ratings and one excellent.

Accompanying the group to Abilene for the week-long camp was Carolyn

Knox City Girl Scout Cadette Troop #112 has won a sixth place in the 1988-89 "Colgate's Youth for America" campaign held this past school year.

The girls chose as their entry "Aids Awareness". Over a period of time several months, the girls did Aids research and presented to the community an Aids Awareness seminar, held February 23. The seminar was attended by members of the community who wanted to hear an informative speaker, Polly Brumfield of the Wichita Falls Red Cross. Mrs. Brumfield presented information on the disease, how it is transmitted, nationwide statistics and its future in the

Art Stall Is Observing 15th Anniversary

The Art Stall and Frame Shop will be celebrating its 15th anniversary July 4 and Romain and Jack Stubbs, owners, are planning an anniversary sale with big savings to their customers all next week.

Romain and Jack began their business in the Mini Mall location and moved to their new location at 114 North Central four years ago as they had "outgrown" their original shop.

They are inviting readers and their holiday guests to come in and browse, and remember they will be open Tuesday, July 4.

Mini Mall To Have 15th Anniversary

The Knox City Mini Mall will be observing its 15th anniversary on July 4, and a storewide clearance sale is being held to continue through Saturday, July 8. The Mini Mall will be open Tuesday, July 4, and a drawing will be held at 4:00 p.m. Dessie Egenbacher, owner and operator, encourages everyone to come in and register for the drawing and no purchase is necessary to register, she said.

Some Businesses To Close July 4

Some Knox City businesses will be closed Tuesday, July 4, in observance of the national holiday, while others will remain open for sales encouraging holiday traffic.

All state and federal offices, the Citizens State Bank, and the Knox County Courthouse will be closed.

News Office To Follow Regular Routine Week

The Knox County News office will follow a regular routine next week even though Tuesday, July 4, is a holiday. Advertisers who will be closed Tuesday are asked to get their ads in by Monday afternoon, as the Wednesday morning press time will be observed at the regular time, and papers will be mailed out, as usual, on Wednesday afternoon.

Class of 1969 Reunion Set For Saturday

Class of 1949 Plans July 8 Reunion

Plans have been finalized for the forty year reunion of Knox City High School's class of 1949 for Saturday, July 8.

At approximately 12:00 noon, the class will meet in the dining room at Debbie's Restaurant for registration and visiting. A buffet style meal will be served at 1:00 p.m. Reservations need to be made by July 4 with Lois Bruton, Box 96, Knox City, TX 79529; or Bertha Driver, Box 1, Benjamin, TX 79505.

ASCS Clarifies ACR, CU Requirements

In compliance with the 1989 acreage reduction programs, farmers could divert as much as 100% base acres of the county's wheat and feed grain acres; 62.5% base acres of the county's cotton acres (50% percent of the permitted acres has to be planted in cotton to receive 92% payment) from production to acreage conservation reserve (ACR) and conserving uses (CU), according to Glenn Brzozowski, Haskell County Executive Director of the Agricultural Stabilization and Conservation Service.

"The diverted acreage must be eligible cropland," said Brzozowski, "and it must be accurately recorded on crop acreage reports."

ASCS is now accepting acreage reports for 1989 planted crops, ACR, CU, and other land uses. The final reporting date is July 17th. To assist producers with the reports, ASCS claridied certain ACR and CU requirements.

"Converted wetlands are not eligible to be designated as acreage conservation reserve and conserving use acreage," Brzozowski said. Converted wetland is land that after December 23, 1985, has been drained, dredged, filled, leveled, or otherwise manipulated for the purpose of making

the land suitable for producing an agricultural commodity.

"Land exceeding the required acreage reduction should not be designated as ACR and CU for payment acreage," the ASCS official

Farmers who have questions concerning these and other ACR and CU requirements should contact the County ASCS offices as soon as possible.

Senate Approves Workers Comp Bill

AUSTIN - The Texas Senate Friday overwhelmingly approved a far reaching workers compensation reform bill providing insurance rate rollbacks and establishing an employer bill of rights.

"This bill is a victory for the people and keeps special interests at bay," said Sen. Steve Carriker, D-Roby. "For the first time we have a real opportunity for small businesses to reduce their costs and stop subsidizing out-of-state, conglomerates."

Through a logically organized mediation process, injured employees and their employers will no longer be at the mercy of insurance company executives or unethical practitioners, Sen. Carriker said.

"Under Senate Bill 1, there will be much less need for parties to appeal decisions, but we preserved every person's right, rich or poor, to have a trial by a jury of peers," he said.

A key provision of the bill written by Sen. Carriker offers small employers the opportunity to make group purchases of workers compensation insurance at volume discounted rates, an advantage previously reserved for only the state's largest businesses.

Other major parts of Senate Bill 1 anticipate establishment of moneysaving deductible options, increase the agricultural exemption from 3 to 4 employees, provide medical cost containment and a comprehensive worker safety program.

Letters To The Editor

June 20, 1989

Knox County News Knox City, TX 79529

Dear Editor:

Editor

Beef is back. That's good news to those of us who enjoy eating beef, whether it's a lean, tender steak; a convenient, flavorful roast; or a burger with all the trimmings. It's also good news to those of us who are beef producers.

Beef is big business. The beef industry is the single largest segment of American agriculture with sales of cattle and calves accounting for about 22 percent of total receipts from farm marketing. In Texas, cash receipts from cattle and calves totaled \$4.9 billion in 1988. And every dollar of the cattle sales directly generates an additional \$5 to \$6 of business activity in the farm supply and food businesses.

There's an important reason why beef is back. Beef producers became part of a new era in the beef industy on October 1, 1986, when the national beef checkoff program began. Through the checkoff, beef producers invest one dollar spent per head of cattle sales in a program which funds beef promotion, education and research at both the national and state levels.

June 27, 1989, marks the 1,000th day of the national bef checkoff program--1,000 days of solid progress for us in the beef industry. The result is a better, more nutritious and enjoyable product for consumers and improved profitability for the biggest single sector of the agricultural economy.

City Council Minutes

JUNE 13, 1989

The following is an unofficial and unapproved report of the City Council Meeting of the City of Knox City, as presented by City Administrator Lynward Wilcox.

The City Council met in regular session June 13, 1989 with Mayor Derrell Marion presiding. Councilmembers Barbara Barnard, Joe Barnard, Marq Brockett and Larry Staggs were in attendance. Councilmember Rob Harrison was absent. Mayor Derrell Marion called the

meeting to order. The Invocation was given by Mayor

Derrell Marion.

Public Comments consisted of Monty Penman meeting with the Mayor and City Council to discuss curbing in front of his house. The Mayor and City Council agreed to work with Mr. Penman on this matter.

The Minutes of the regular meeting of May 9, 1989 were reviewed. Joe Barnard stated that the Minutes need to be amended to say that the applications for Swimming Pool Manager were reviewed and narrowed down to two qualified individuals. Due to circumstances, a secret ballot vote was taken to fill the position of Swimming Pool Manager. The results of the secret ballot vote were three for Elaine Lewis and two for Dora Rios. A motion was made by Joe Barnard and seconded by Larry Staggs to accept the results of the secret ballot vote and hire Elaine Lewis as Swimming Pool Manager. with this amendment, Joe Barnard made a motion, seconded by Larry Staggs to accept the Minutes. All voted in favor.

Gerald Rodgers of the James E. Rodgers and Company, P.C., Certified Public Accountants in Hamlin, Texas met with the Mayor and City Council to discuss the Fiscal Year 1988 and 1989 Audit. The Mayor and City Council were in agreement to use his services to perform the Fiscal year 1988 and 1989 Audit.

Will B. (Bill) Brooks, representing the Red River Authority of Texas, Research and Development Division, met with the Mayor and City Council to discuss the future requirements of landfill regulations. After a very informative slide presentation, Mr. Brooks answered questions from the Mayor and City Council. After a discussion of the situation, Mr. Brooks requested that the Mayor and City Council adopt a Resolution requesting that the Red River Authority of Texas include the City of Knox City in their survey. A motion was made by Joe Barnard and seconded by Marq Brockett to adopt a Resolution requesting that the Red River Authority of Texas include the City of Knox City in their survey. All voted in

The Mayor and City Council discussed Gerald Saffel having been turned down for insurance coverage by Hartford Insurance Company, which is the City employees insurance carrier. The Mayor and City Council agreed to wait and see if TML changes insurance carriers by October 31, 1989. Also, Barbara Barnard made a motion, seconded by Larry Staggs to change the Policy and Procedures Manual to

read that employees will be provided with medical insurance if the employee is insurable through the City employees insurance carrier. If the employee cannot be covered by this carrier, then the employee has lost this benefit. All voted in favor.

The following were received and filed: The City Judge Monthly Report, the Fire Department Monthly Report, the CMS Ambulance Department Monthly Report, the Police Department Monthly Report, the outside Maintenance Monthly Report and the City Administrator Monthly Report.

The Monthly Accounting for the Month of May, 1989 was reviewed. Barbara Barnard made a motion, seconded by Joe Barnard to approve the Monthly Accounting. All voted in

Truscott-Gilliland News

By Clara Brown

The past week was mostly clear and sunny. Saturday and Sunday were especially pretty with billowing clouds all around.

Was that right? Did the clouds actually "billow" over the weekend? Well, according to the dictionary "to billow" means to rise or roll in waves or surges; to bulge or swell out as through the action of the wind. There wasn't any surging, just these pretty medium sized clouds floating around with lots of curves to them. Since the clouds did have places where they swelled out "billowy" might be a good choice. However, these weren't skyfilling type clouds, but just pleasantly big enough to cast shadows here and there. Would pre-billowy be a better description of these pleasant for-

mations? The tractors roared across the fields all week and are still going as this week begins. A few are through, but there are still many acres thick with volunteer wheat yet to be turned under. We are almost back to normal on wanting rain. Some grass is beginning to lose its green and every wheat farmer who finishes plowing is ready for rain, at least on the plowed wheat fields.

There will be NO Grandma's Dinner in July. When the Grandma's started talking about the July dinner they discovered that several workers will be out of town the second Sunday so it was decided to omit the July dinner. BABY SHOWER

Sean Michael Wilson was the star of the show last Thursday night when he was honored with a "gift" party in the home of Gladene Green. The young lad received lots and lots of pretties. His mom can play dress-up for days, changing from outfit to another.

About 35 guests were on hand to enjoy the fun, fellowship and refreshments of cookies, punch, nuts and min-

Hostesses were Jan Carver, Dorothy Hibdon, Jan Rolston, Mary Bohannon, Philomae Roberson, Judy Conner, Virginia Griffith and Gladene Green. SURPRISE PARTY

For once in my life I was speechless as I walked into the Memorial Building Saturday night and was greeted by many friends and my kids with the works. Surprise! then the "Happy Birthday" song. Hard to believe that I didn't have some idea as to what was going on, but believe me, I didn't.

Tables were covered in white with red streamers and red candles and all kinds of snacks, soft drinks and a gorgeous birthday cake were provided for the guests.

The "Country Gold" band of Munday provided music for dancing or just listening and the fun lasted until mid-

Approximately 100 guests from Benjamin, Knox City, Munday, Goree, Crowell, Childress, Kirkland, Big Lake, Dumas, Lawton, Oklahoma and Amarillo joined in to make it a very special day in my life.

Rick and Diane Herring were host and hostess for the evening assisted by Gordon and Debbie Taylor (of course you all know, those are my kids) And I loved every minute of it!! ON THE SICK LIST

Social Security News

By Frances Braden **Resident Representative**

You may think applying for social security disability benefits is a long, difficult process. While considerable time is involved, the application can be completed without much trouble.

Social Security Disability is a program for people who cannot work due to a severe impairment expected to last at least a year or result in death. If you feel you meet these conditions, you should apply at once.

To apply for disability, you can call social security and arrange an appointment. You can apply over the telephone or in person at your local office. An appointment is not necessary, but you may want to call before coming to the office so you will know what to bring when you come. Whether your interview is conducted in person or by telephone, you will be asked about your medical condition and treatment, your marital status, minor children, and your work over the past 15 years. You should have your social security number, your spouse's social security number, and your W-2 Forms (or tax returns, if self-employed) for the past year.

Many people like to wait to apply for disability, but the initial application process can take two to three months. If you have to stop work due to an injury or illness, you should apply as quickly as possible.

When contacting social security, you should provide the names, complete addresses, phone numbers, and patient or clinic numbers of any doctors, hospitals, or other medical facilities that have treated you. You can describe in your own words the treatment you have been given.

The local social security office will forward the information on your application to the disability determination services office in Austin, Texas, which will contact the doctors, hospitals, clinics and other medical sources for complete medical reports. You will not be asked to see a doctor unless medical information is needed and has not been provided in reports furnished by your own doctor. The Social Security Administration does not have doctors who examine patients. Each consultative examination is performed by a private physician who charges for the visit. If an examination is scheduled, you do not have to pay the

He's in room 540 and I'm sure a card would cheer him up.

W.T. Cartwright is in the Haskell Hospital. According to reports he seemed somewhat improved today (Sunday) but is still pretty sick and will probably be hospitalized several more days.

Johnnie Williams was in Abilene one day last week to see an ear specialist. She is feeling better but still is not real 'up to par''. Also Clodell Duke was back in Wichita Falls to see her doctor Wednesday. Each day she's improving but her virile infection is just going to have to wear itself out with the help of her medicine. HERE'N THERE

Steve Bisbee of Richardson was a weekend visitor in Benjamin.

Fred Lewis (Screwdriver) Crenshaw of Abilene visited Rex and Maretha Patterson Saturday night. Maretha also tole me that Rex's mom is improving. She's undergoing therapy now and is holding her own from day to day. It's good to get that encouraging report. Mrs. Pat is 90 plus and has never known many sick days so this is a very new experience for her. She's been very fortunate, seems like, having never been very sick.

My Saturday guests (before my party) were Gordon, Debbie, Beckie and Cody Taylor of Childress and Shane Harris of Kirkland.

Brenda Driver, Blake and Heath of Albuquerque, New Mexico visited Bertha Driver last weekend. Blake and Heath remained for a weeks visit and will return home tomorrow (Monday). Also visiting their grandmother and cousins this week have been Elisha and Kyle Speck of Knox City.

Randy and CeeJay Engbrock of Wichita Falls visited Randy's parents,

Julia and Joe Trepanier, on Saturday. Weekend guests of Buster and Louella Tolson were LaRue and Bill Row of Big Lake, Dolores Brown and granddaughter Tiffany of Dumas and Gertrude Jones of Lawton. They along with Benjamin kids Buddy and Janice Tolson and grandkids Beverly and Justin Baty helped Buster celebrate his 82nd birthday with a family dinner

Connie Harvey and Paula of Haskell was a Saturday visitor of her mom, Lois Golden and her sister and family, the Randy Hibdons.

Travis Brown Sr. of Trenton, Ga. was a recent visitor with Benjamin friends and relatives.

Saturday guests of Collins Moorhouse were Jan and Liz Foley of San Angelo. Jai-Jai McGuire of Quitman is still a visitor with Collins.

Kent Hertel of Weatherford, Oklahoma was a weekend guest of his parents, Don and Louise.

Couple Repeat Vows At Moorhouse Lake

The brush arbor on the shore of the Moorhouse Lake, west of Benjamin, was the scene of the Saturday morning wedding of Rebecca Elliott Walker and Tom Moorhouse. Officient for the June 17, 1989, nuptials was Tom Hale of Guthrie. Parents of the couple are Mr. and Mrs. Manford Elliott of Seymour and Mr. and Mrs. Togo Moorhouse of

Freshly cut cedar branches on the arbor shaded the wedding party and guests. The beautiful wildflowers blooming by the lake, the green grass and the mesquites brought added beauty to the ten o'clock ceremony. Columns of white tulle and satin bows marked the altar area

Guests were chauffeured from the parking area to the arbor in horsedrawn buggies and wagons. Drivers were R.C. Daniel and Bob Moorhouse.

Attendants arrived in a double buggy driven by Jody Moorhouse, daughter of the bridegroom.

Organist for the occasion was Jo Ann Maddox of Knox City. Vocalist was Susan Jones of Guthrie, who sang 'Annie's Song". She was accompanied by guitarist Byron Garrison of Paducah.

Maid of honor was Jody Moorhouse. Her tea length gown was a Bianchi in aqua flower garden chintz and was fashioned with an elongated waist, French puff sleeves and bows over the shoulders. Seth Walker, son of the bride, was groomsman and Jed Moorhouse served his father as best man. The men of the wedding party wore dark jackets, new Wranglers, white shirts, and black strong ties.

The bride arrived at the arbor in a single buggy driven by her father and was escorted to the altar by her son, Brad Walker.

For her wedding, Becky chose an original gown by Jessica McClintock. The Victorian dress in white cotton batiste was styled with an elongated bodice enhanced with Chantilly and Venise laces which were repeated on the hem of the ankle-length bouffant skirt. She carried a sheaf of pink rosebuds and gypsophilia and wore a white silk organza flower in her hair.

Following the ceremony, a reception brunch was served under the chuckwagon tent. Brunch included finger sandwiches, sausage, meatballs, ham roll-ups, pasta salad, fresh fruits, cheeses, punch and iced tea. The lid for the chuck box held the four-tiered wedding cake, topped with a Precious Moments Cowboy and Cowgirl, backed with a horseshoe and lariat, and was served by Paige Holt of Dallas and Gruver. Food for the brunch was prepared by the ladies of the Ranch and by Pryor Cowan and Melinda Mendoza of Seymour. Reception assistants were Jo Alice Stout, Patsy Cooper, and Trixie Holt, cousins of the

Following the wedding reception, the guests were invited to the Pitchfork Ranch west of Guthrie for an afternoon and evening of fun and fellowship honoring the newlyweds and hosted by the bridegroom's brother and sister-inlaw, Bob and Linda Moorhouse.

The activities began with Polo games between different ranch groups at 2:00 p.m. A barbecue of brisket and all the trimmings followed at 6:00 p.m. held in the Moorhouses' backyard at the Pitchford Headquarters. The green grass, trees, and shrubbery provided a very inviting setting for the meal.

The day concluded with a dance on the brick terrace at the Ranch, with the group "New West" providing the

DPS To Conduct 'Operation Holiday'

AUSTIN - The Director of the Department of Public Safety has challenged Texas drivers to show that the DPS traffic death estimate for the long July 4th period is far too high

'The DPS Statistical Services bureau has indicated that as many as 52 persons could be killed on Texas. roadways during these hours," Colonel Joe Milner said. "But the number will be lower if more drivers will slow down, avoid drinking alcohol and use a well-known safety precaution--seat

Col. Milner mentioned that the July 4th period will include the weekend before Independence Day.

"The DPS Public Information Office will conduct the traffic fatality count for 102 hours, beginning at 6 p.m. Friday, June 30 and continuing until midnight on Tuesday, July 4th," he said. "As before, we'll be keeping this count with the assistance of local law enforcement agencies along with DPS troopers and communications person-

Lawri Tankersley Recipient Of Farabee Scholarship

Lawri Tankersley, junior nursing major at Midwestern State University in Wichita Falls, has been named the recipient of the 'Helen Farabee Memorial Scholarship", by the Metropolitian Business and Professional Women's Club.

The presentation was made to Lawri Tuesday noon at a B&PW luncheon by the late Mrs. Farabee's son, David. A yearly scholarship this will be applied to Lawri's fall semester at MSU.

Lawri is the daughter of Mr. and Mrs. Jimmy Tankersley of Knox City. Grandparents are Mr. and Mrs. E.H. Tankersley of Knox City and Mr. and Mrs. Lawrence Hall of Anson.

Fireworks-Related Injuries Double

An average of 10,525 fireworksrelated injuries per year were treated in hospital emergency rooms nationwide during the period 1985-1988, according to the United States Consumer Product Safety Commission (CPSC). The number of injuries reported in this manner has doubled since 1974, when 5,000 injuries occurred.

In 1988, almost 50 percent of the reported injuries happened to voungsters under 15 years of age. Half of the reported injuries consisted of burns, according to CPSC. These statistics do not include the number of injuries which were not treated or those which may have been treated indoctors offices. The careless use of fireworks results in a significant amount of fire damage each year as

ts in Texas reported 621 fireworksrelated fires to the State Board of Insurance, State Fire Marshal's Office through the Texas Fire Incident Reporting System (TEXFIRS).

Paul T. Wrotenbery, Chairman of the State Board of Insurance, joins State Fire Marshal Ernest A. Emerson in offering the following major rules for a safer Fourth of July:

*Many towns and communities have ordinances that regulate the possession and use of fireworks. If you aren't certain about laws affecting fireworks in your area, contact your local fire protection or law enforcement authorities for information.

* Use only fireworks which are legal for sale or use. Federal law bans fireworks that contain more than 50 milligrams of explosive charge.

*Designate a responsible adult to ignite fireworks. Never give fireworks to children. Most fireworks injuries are caused by misuse, and mainly by children under 15.

Residents Attend Ferguson Rites

Word has been received by the News office of the death of former resident Irel Ferguson of Tulia on June 23. Services were held Monday at 11:00 a.m. from the First Baptist Church of Tulia. Among those attending were J.T. Cypert, Lyndol Cypert of Richardson, Hazel Tankersley, Opal Earp, White and Florene, all of Knox City, and Eddie and Virginia Adkins of O'Brien.

Irel is survived by his wife Dot, a sister of Pauline Myers and Opal Earp.

Counts Co-Sponsors **Development Bill**

Rep. David Counts (D-Knox City) is working to pass a bill during the special session that will allow cities to lease land and facilities, purchased with city bonds, to private and public entities. The bill is a completion to legislation carried by Rep. Parker McCollough (D-Georgetown) during the regular session which allows cities to engage in economic development

programs.

If this measure passes, cities across Texas will have the opportunity to use bond money for acquiring land and facilities to attract new businesses to their area. The authority for such bonds was passed in the 1987 legislative session and approved by the voters in the November 1987 election. Currently the legislation is used by the state to attract business to Texas. This measure will clarify a municipality's ability to do the same.

"This bill will provide another option, no currently held by our local cities, to enhance rural economic development." said Counts. "Competition to lure new industry to West Texas is steep. Allowing the cities another negotiating tool only increases the chances of obtaining the industry or business that is so badly needed in rural West Texas."

Joy Spikes Is Buried June 25

Funeral services for Knox City resident Joy S. Spikes were held Sunday afternoon, June 25, at two o'clock in the First Christian Church. Officiating were the Rev. Darrell Marion and the Rev. Jack Maddox, church pastor. Burial was in the Benjamin Cemetery with Smith Funeral Home in charge of arrangements.

Mrs. Spikes, 75, died Friday, June 23, at 1:25 p.m. in the Knox County Hospital after a brief illness.

Born March 16, 1914, in Benjamin, her parents were the late A.H. and Roma Sams. She married Jack Spikes July 18, 1936, in Seymour. He preceded her in death on September 26, 1966. Mrs. Spikes was a member of the First Christian Church in Knox City.

Survivors include two daughters, Roma Jan Gilbert of Wichita Falls and Vicki Jackson of Quanah; two sisters, Mary Bell McStay of Dallas and Marjorie Melton of Lubbock; four grandchildren and three greatgrandchildren.

Pallbearers were John Crownover, L.C. Guinn, Max Bradley, Herbert Bellinghausen, Alton Fitzgerald, and Willard Skiles.

Honorary pallbearers were Ray Goodrich and J.O. Hamm.

Bullock Receives Top Award

AUSTIN - State Comptroller Bob Bullock received the top employers' award from the Texas Association of the Deaf at the group's 35th Biennial Convention Friday, June 23, at the Clarion Hotel in Dallas.

"Hearing-impaired and deaf employees are an asset to the Comptroller's office. I hope more employers will consider their abilities," Bullock said.

Bullock was nominated for the award by a hearing-impaired State Comptroller employee, who said in her letter of nomination that Bullock's employment policy is to focus on people's abilities rather than their disabilities.

The State Comptroller employs 23 hearing-impaired people, who process millions of dollars worth of checks from taxpayers, and print and bind tax publications, among other jobs.

Bullock has had telephone devices for the deaf (TDD) installed in divisions where hearing-impaired or deaf people work, and has provided sign language interpreters at training classes attended by hearing-impaired or deaf employees.

The Comptroller's office has a toll-free TDD line so that hearing-impaired taxpayers can be assisted directly,

without going through an interpreter.

In 1987, the Comptroller's office was named the Governmental Agency of the Year by the Governor's Committee for Disabled Persons. And the Austin Mayor's Committee named the Comptroller's office Employer of the Year in 1985 for outstanding achievement in employment of disabled persons.

Arthritic Exercise Slated At VRJC

The Continuing Education Division at Vernon Regional Junior College and the Arthritis Foundation have again scheduled the popular course Arthritic Exercise this summer. Arthritis is the number one crippling disease in America today which affects over 36 million Americans.

Students will learn specific exercise routines to help maintain normal joint movement, relieve stiffness, and restore flexibility and movement if it has been lost. These exercises will also increase strength.

Two more sections of this course will be offered. The first section is scheduled to meet from 1 to 2 p.m. on Mondays and Wednesdays beginning July 17 and ending August 23. The next section will meet on Tuesdays and Thursdays from 1 to 2 p.m. beginning July 18 and ending August 24. These classes will be taught by Joni Freeling, Red Cross certified instructor.

Pre-registration is encouraged as class size will be limited. For more information and/or registration forms, contact the VRJC Office of Continuing Education at (817) 552-6291.

Rep. Sarpalius **Outraged By** Flag Burning

WASHINGTON - U.S. Rep. Bill Sarpalius said his outrage at a Supreme Court decision legalizing the desecration of the flag has led him, along with a bi-partisan coalition of congressman, to introduce an amendment to overturn the decision.

'Wednesday's supreme Court decision was an insult to every patriotic American," said Sarpalius, D-Amarillo. "To take the First Amendment to our Constitution and say it protects flag burning is nonsense. That's warped reasoning.

The Supreme Court, in saying flag burning is protected under First Amendment free-speech rights, leaves Congress no choice but to introduce a constitutional amendment overturning the decision, Sarpalius said.

"I've been talking with members from both parties, and everyone agreed an amendment is the best way to deal with this pitiful decision," he said. "There's no grandstanding here. We're dead serious about sending this amendment to the states.

Sarpalius said all agreed to draw the amendment carefully to avoid infringing on other First Amendment

'No one wants to step on the First Amendment; it's critical to many of the freedoms we enjoy," he said. "This amendment makes it clear that we're not for weakening freedom of speech. We just don't want people going around destroying the flag.

Sarpalius began his assault on the Supreme Court ruling Thursday during a speech on the floor of the House. In the speech Sarpalius chided the court for trying to make law rather than interpret law.

"I've been amazed at a lot of the things I've seen in my six months in this House," he said in the speech. 'But, nothing has shocked me more than the action that was taken by our supposedly conservative Supreme

"Just across the Potomac is Arlington Cemetery, and there lies the bodies of thousands of lives that were sacrificed for this symbol (the flag).

"And now, we're saying it's legal to burn this symbol of justice, freedom and opportunity for all people?" Sarpalius said. "I urge every American to fly their flags proudly to show the Supreme Court how they feel until we can get this decision overturned.

STATEMENT OF INTENT TO LOWER RATES

Brazos Electric Power Cooperative, Inc. Cooperative") hereby publishes NOTICE that it has filed with the Public Utility Commission of Texas a Statement of Intent and Petition for Authority to Change (REDUCE) Rates, with a proposed effective date of July 17, 1989, pursuant to the provisions of Article 1446c, Vernon's Annotated Civil Statutes Commission's Substantive Rules. Pursuant to a May 11, 1989 order of the Commission in anticipation of this filing, the Cooperative has annual \$23,000,000 reduction effective with the Cooperative's billing cycle for April 1989. If approved, the PERMANENT RATE REDUCTION would result in a reduction of anticipated \$21,508,032, or approximately 10.8 percent for the twelve months ending December 31, 1988. All customers of the Cooperative, which serves only at wholesale, are affected.

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. A request to intervene, participate, or for further information should be mailed to the PUBLIC UTILITY COMMISSION OF TEXAS, 7800 Shoal Creek Blvd., Suite 400N, Austin, Texas 78757. Further information may also be obtained by contacting the Cooperative at (817) 750-6500 or by calling the PUBLIC UTILITY COMMISSION CONSUMER AFFAIRS DIVISION at (512) 458-0223, or (512) 458-0227, or (512) 458-0221, TELETYPEWRITER FOR THE DEAF.

Texas Cowboy Reunion Dates June 30, July 1, 3, 4

The TCR is still considered the world's largest amateur rodeo with contestants, mostly working cowboys, from the large and small spreads in Texas, New Mexico and Oklahoma. Since there has never been a Sunday show, nightly performances will be Friday, Saturday, Monday and Tuesday in order to follow tradition with a Fourth of July celebration.

Several changes incorporated last year, including steer riding for the youngsters should again be a big hit. The Rocking K Championship Rodeo Co. from Lawton, Oklahoma provided a competitive show last year with their rodeo stock and will be here again. The rodeo announcer will be riding in the ring and talking with the contestants throughout the show to give everyone a more in-depth idea about rodeoing.

The world famous Hardin Simmons Cowboy Band will continue in tradition by providing the musical entertainment at the rodeo performances that begin with the colorful Grand Entry at 8:00 p.m. each night. Bill and Nancy McEnaney of Rossville, Tennessee, having performed at nearly every major rodeo throughout the United States, have been contracted to entertain the crowds with trick riding, roping and comedy for additional excitement, surprise and humor.

The downtown parade will kick off events for the 59th annual TCR on Friday, June 30, at 3:00 p.m. The theme for the parade is "Clownsenthusiasm, energy, entertainment" and should attract a lot of new ideas for floats in the institutional and commercial divisions. Jody Nix with "The Texas Cowboys" will be the official parade marshall. Nix is the son of West Texas legend Hoyle Nix, and took over his band after the senior Nix's death in 1985. The Texas State Society selected Nix to ride and play country music onthe Texas float in the inaugural parade and was selected to play for President and Mrs. Bush at the inaugural ball in the Washington Hilton on January 21,

With the parade on Friday afternoon, officials are expecting many riding clubs and sheriff's posses from throughout the area, as well as many

floats, individual entrees, antique cars, approximately 100 sponsors and hundreds of colorful cowgirls, cowboys and horses to make this one the larger parades in recent times.

Over 35 of the country's top Western Artists will have their work displayed in the 16th annual Stamford Art Foundation Exhibit and Sale. The Gallery is open until 9:00 p.m. each evening of the rodeo for selling and viewing with benefits going to the West Texas Rehabilitation Centers of Abilene and San Angelo.

The Oldtimers' Association has scheduled for the first time an Arts and Crafts Show in conjunction with the TCR July 1-4 in the Roundup Hall and Bunkhouse. The Board of Directors want to encourage more visitors and local residents to become involved in the Association's activities and membership while they try to provide more entertainment for everyone.

The Cowboy Country Museum, on the square, contains many items of the area's heritage and offers a glimpse of yesterday. Hours are from 9:00 a.m. until 4:00 p.m. Monday through Friday with special hours for rodeo visitors.

Following the rodeo each night. western dances on the slab under the stars always attract huge crowds of people of all ages. They may listen and dance to the music of Jody Nix and "The Texas Cowboys"

These attractions plus the Old Timers' events, open chuck wagon dinners, fiddling contests and many more colorful traditions are all a part of the 59th annual Texas Cowboy Reunion in store for everyone attending June 30 through July 4.

For more information, you may contact the Texas Cowboy Reunion at (915) 773-3614 or the Stamford Chamber of Commerce at (915) 773-2411.

Streams In Desert Places By Ozelle Stephens

Do you sometimes feel blue and lonesome? Do you feel as though no one cares or understands your situation? Are you afraid to trust even your closest friend? Are you afraid of what others might say or think of you?

Yes, we live in a lonely world full of disappointments and misunderstandings. But let me point you to one who can and will make every hour of your life full of joy and peace. One who will never forsake you, who cares and understands your every circumstance. He is able and willing to take care of your every problem, working things out the best for you. He will take away all your lonesome hours, fill them with a happiness beyond your imagination. His Holy presence is ever abiding and He is a gracious reality. You will find it is divine and you are ever blessed as you yield yourself and accept this Loving Master Jesus Christ. Let Him be the master of your life and He will bring joy to your heart that will give you strength for every day. You will be blessed with an enduring power to overcome every temptation. Your heart will be filled with His divine understanding. You will find a real friendship in your fellowman. A yielded life to God is filled with the fruits of the Spirit which brings living and refreshing waters to a dry and thirsty

Do as Paul says in Rom. 6:13, "Surrender your very selves to God as living men who have risen from the dead." You know you can trust the man who died for you, for He will guide you by the skillfulness of His hand.

KIDS IN SAFETY SEATS-IT'S THE LAW

Did you know that a child is more likely to die as a passenger in a motor vehicle accident than from any other cause of death? That collisions are the main cause of traumatic epilepsy among children, and that they often inflict mental retardation and spinal cord injury as well? That in a 30 mile an hour crash, your unrestrained child would be thrown with approximately the same force as if he or she were falling from a third story window?

These are just a few of the alarming facts you should know about children and motor vehicle accidents. Many people are unaware of the dangers their children face during such accidents-dangers that could easily be prevented by using safety seats.

TEXAS LAW: "Texas law says children under the age of two must ride in an approved safety seat. From age 2 to 4 children may ride either in a safety seat or buckled by a safety belt: Drivers are responsible for children under four, and for any front-seat passengers between the ages of four and 15. If you are caught breaking the law, you could be fined \$25 to \$50, plus court costs. If a wreck catches you or your child unrestrained, the price could be far higher. TIPS FOR PARENTS ON

CHILD SAFETY SEATS Fact: Automobile accidents are the number one cause of death for children in the United States!

Fact: Child safety seats decrease both deaths by (by 71%) and injuries (by 50%) during automobile accidents.

Fact: Only approximately 25% of Texas children (birth to four years old) ride protected in correctly installed child safety seats.

Fact: Many parents who do put their children in child safety seats and think they are protecting their children actually use the seats incorrectly! It is extremely important to read the manufacturer's directions when installing and using child safety seats.

Fact: Holding your child in your arms could result in tragedy; your child could be crushed by your own weight during a crash. You simply cannot hold and protect your child from the tremendous force of a collision, no matter how hard you try.

Tip: The two or three minutes it takes to buckle children into safety seats is worth it, even on short trips. Seventy-five percent of all automobile accidents happen within 25 miles of home at slower speeds.

The Knox County Extension Service is offering a free mail-out series on "Kids In Safety Seats". Some of the topics it will include are: Which Seat To Choose, How To select a seat and how to install and use the seat correctly. You may receive the letter series by calling the Extension Office (454-2651) or dropping us a note (Box 22, Benjamin, TX 79505) and leaving your name and mailing address. Deadline to sign-up is July 7

Unlike adults, children have little to say about the protection they will or will not receive in car crashes. They rely on parents to choose to make them safe in cars by correctly buckling them up...every trip.

DIETARY-MEDICAL QUACKERY

Quackery in the U.S. today costs more than \$25 billion. These unsound dietary-medical treatments can prevent consumers from seeking proper treatment.

To recognize the dietary-medical quackery device, the Food and Drug Administration (FDA) and the Council of Better Business Bureaus provide these personal protection tips:

KNOX KOUNTY KONNECTIONS

By Jane Rowan

County Extension Agent

1. Be wary if a product's label or advertising promises immediate, effortless or guaranteed results.

2. Be wary of testimonials in ads or on labels from satisfied users. They

rarely can be confirmed. 3. Don't be taken in by a "moneyback guarantee". A guarantee is only

as good as the company that backs it. 4. Be wary of promises that a product is effective for a wide variety

of ailments. 5. Be wary of promises of complete

relief from pain. 6. Don't be taken in by promises that

a product offers a "cure" 7. Watch out for claims that a treatment or product has been approved by the FDA. Federal law doesn't permit mention of FDA in any way that suggests marketing approval for any drug or medical device.

8. Don't give too much importance to the term "natural ingredients". The definition of "natural" is elusive, and the word is often abused.

9. Look out for other misleading words such as "amazing", "secret" "miracle", "special", "vanish" "discovery" 'painless' 'breakthrough", "exclusive", "instant", "immediate", "quick", or

10. If the product sounds too good to be true, it probably is. YO-YO DIETING

On again-off again dieting may be more hazardous to your health than a few excess pounds. Yo-yo dieting can increase a dietary preference for fat and lower the body's metabolic rate, thus making subsequent dieting more difficult and increasing the risk of cardiovascular disease
