## Ambulance Service Buys Permanent Home

Silverton Volunteer Ambulance Service recently has purchased the old Phillips 66 Station property at the corner of Braidfoot and Highway 86, and will be making a permanent home there for its ambulances, medical supplies and equipment.

The location to be vacated at the City Hall will be used to house the Silverton Fire Department equipment, some of which has been sitting outside due to the crowded facilities.

"Some of our records are at the City Hall, some are at the courthouse, some are elsewhere," said Emmett Tomlin, president of the ambulance service. "It will be great to have everything under one roof where we can find what we are looking for."

Remodeling of the old station has begun, with new glass windows having been installed and a new roof was put on the building last week. It won't be long before the move to the new location will take place.

There will be no change in 9-1-1 or local contact with the ambulance service. The telephone system and pagers will continue to operate exactly the same as in the past.

The ambulance service paid \$3,500 for the building and lot and has committed \$6,500 additional, with part in-kind labor, toward the renovations.

A request for a 50% matching grant of \$10,000 is being made to the Amarillo Area and Harrington Foundations. It has been estimated that the entire renovation project will cost \$20,000. The cost estimate is conservative, but the ambulance service is prepared to pay for any cost overruns that might occur.

Replacement of the roof amounted to \$6,000, and it will cost \$2,500 to replace the overhead doors on the two garages. Heating and air conditioning will account for an additional \$2,000. The building of storage units is estimated to cost \$1,500, and paint for the building will amount to approximately \$1,800.

Another \$1,200 will be required to repair the plumbing and electrical wiring, with \$500 going to repair the driveway and another \$500 to landscape the property.

The old buried fuel tanks had already been removed from the property and a release from the Texas Water Commission has been received.

An additional benefit of this project will be to help improve the image of Silverton by utilizing a vacant building and by making the ambulance service visible to everyone who passes through town.

Purpose of the Silverton Volunteer Ambulance Service is to provide quality emergency medical care for the people of the area. It provides 24-hour

volunteer coverage that averages about 65 ambulance runs per year that require approximately 975 hours of time by the staff. In addition, it provides stand-by coverage for school athletic events, all fire calls and at other community activities such as rodeos. It provides CPR training for the school and community and EMT training for people in the cities of Silverton, Quitaque and Turkey.

The ambulance service has a mutual aid agreement with Quitaque, and when their units are on runs, the Silverton units stand by for their calls.

The ambulance service was organized in 1972 with 25 original members who received standard first-aid training. Their first ambulance was purchased that year with donations and fund raisers. In 1976, the first Emergency Medical Technician courses were held, with 25 people receiving certification. These classes were continued and the first two paramedics received certification in 1979.

A second ambulance (van type) was purchased in 1979 and the equipment was updated. This ambulance was traded in 1984 and in 1989 for the present modular Medical Intensive Care Unit with state-of-the-art equipment. In 1992, the EKG unit was updated.

At the present, the ambulance service has 12 EMTs, two Intermediates and five Paramedics, including a State

Certified Instructor who conducts in-house educational programs. All paramedics are certified in Pediatric Advance Life Support, Prehospital Trauma Life Support, and Advance Cardiac Life Support, and one is nationally registered. The ambulance service has monthly meetings with continuing education programs. In addition, staff members participate in a number of out-of-town classes and seminars.

Funding for the ambulance service has come primarily from private donations and from payment for services provided. A federal grant of approximately \$25,000 was received in 1979 and was used to purchase the second ambulance. The ambulance service is a non-profit Texas corporation and has received 501(c)3 designation from the Internal Revenue Service.

The current facility was no longer adequate to house all of the equipment, and requirements for properly handling biohazards and for security of medical supplies was not achievable in the present multiple-use facility. The new facility was deemed necessary for continuation of the excellent emergency medical service provided in Silverton and the surrounding area.

## Open House to Include Free Chili Supper Tuesday

Silverton PTA will be hosting School Open House Tuesday, September 28, beginning at 7:00 p.m. in the cafeteria.

To promote this annual event to kick off the PTA's and school's new year, there will be a free chili supper served to all in attendance.

Silverton ISD and PTA urge all parents and friends of the school to come Tuesday night for chili and a chance to view the new technology incorporated over the past two years.

Silverton Schools are leaders in technology in the state of Texas, and have been hosts to staff members from a number of schools to demonstrate the advantages of this technology.

Children will be showing off their skills and the knowledge they have gained in each room. Everyone will be able to witness first hand the excitement of learning generated by the programs available to the students.

Please plan now to join Silverton Schools and PTA for chili and a tour of the "Best School in Texas." Volunteers will be on hand to help those who wish to become a member of PTA and enjoy all the advantages and opportunities available for only \$2.50 per year.

## Church Youth To Have Bake Sale Saturday

Youth of First Baptist Church will be having a bake sale Saturday, September 25, in front of Nance's Food Store, beginning at 9:00 a.m.

Proceeds from the bake sale will go to the Mary Hill Davis State Missions offering.

## BCAA Meeting Tonight at 'Barn

Briscoe County Activities Association will meet Thursday night, September 23, at 8:00 p.m. at the showbarn.

New members are always welcome.

## Ground School To Be Held Soon

A helicopter ground school will be held for firemen, EMS personnel and law enforcement officers in Silverton, Quitaque and Turkey at 8:00 p.m. on Tuesday, October 19, in Quitaque.

Mark your calendar now and plan to attend if you are a member of one of these groups.

Maria Brown of Floydada and Elsie Brown visited Cecil Brown at Littlefield Monday. She is a former Silverton resident.

**OBITUARIES**

**LULA CARTER BELLINGER**

Graveside services for Lula Carter Bellinger, 82, were conducted in the Silverton Cemetery at 2:00 p.m. Wednesday, September 15, with the Rev. Richard Bales of First United Methodist Church in Canyon officiating. Special music was provided

by Ronnie Hester. Burial was directed by Bell Avenue Chapel of Schooler-Gordon • Blackburn-Shaw Funeral Directors.

Mrs. Bellinger died Monday, September 13, at Golden Plains Care Center in Canyon, where she had resided since May 1992.

She was born to James and Wepsie Carter in Jacksboro on September 4, 1911 and had two brothers and two sisters, all of whom preceded her in death.

She married E. A. Bellinger in 1931 in Tularosa, New Mexico. They operated a general dry goods store there until they moved the store to Silverton in 1947. They purchased buildings and lots on Main Street in Silverton July 4, 1946 from Frank Havran, and due to the shortage of labor and materials, it was May 1947 before he could move his wife and daughter, Mary Lou, to Silverton.

They operated the store in one of the smaller buildings, then remodeled and enlarged the store, which they operated until after Mr. Bellinger's death in 1953. Mrs. Bellinger and her daughter continued to operate the store until February 1966.

Mrs. Bellinger carried the Amarillo newspaper seven years in Silverton, and received an award for never having missed a day of delivery.

She was a Past Matron of the Order of the Eastern Star and was Mother Advisor of the first Rainbow Assembly in Silverton from 1948 until 1950. She was a member of the Lakeview Methodist Church in Dalhart.

Survivors include a daughter, Mary Lou Campbell of Canyon; four granddaughters, Christi Hester and Susan Bainum, both of Dalhart, Sally Brown of Canyon and Judy Barbo of Coppell; five great-grandchildren, Misti, Ashley and Barry Bainum of Dalhart, Taylor and Keeley Brown of Canyon; three step-grandchildren, Keri Barnett and Jeremy Hester, both of Dalhart, and Jennifer Hubbard of Silverton.

The family requested memorials be to the Silverton Cemetery Association.

**Woman Injured in Fall at State Park**

Missy McNutt, 23, of Lubbock was in satisfactory condition late Sunday at University Medical Center in Lubbock with injuries she suffered in a fall from a cliff in Caprock Canyons State Park, officials said.

The woman apparently fell 30 to 50 feet to a rugged area off of the park's marked trails sometime before 5:30 p.m. while attempting to scale the canyon wall with a group, according to Rusty Sargent, park superintendent.

"They were almost to the top when she fell," Sargent said.

About 20 park personnel and emergency rescue workers from Quitaque and Silverton spent two hours rappelling down the cliff and retrieving the woman, according to Briscoe County Sheriff Dick Roehr.

She was taken by an Amarillo Medi-Vac helicopter from the park to University Medical Center, Sargent said.

**ALTON PARKER STEELE**

Funeral services for Alton Parker Steele, 90, were conducted Friday at 2:00 p.m. at the Silverton Church of Christ, with Ted Kingery, minister, officiating. Burial was in the Silverton Cemetery, with arrangements made by Myers-Long Funeral Directors.

Mr. Steele died Wednesday, September 15, at the Heritage Home in Plainview, where he had resided for the past two weeks.

He was born March 6, 1903, in Oklahoma and was a long-time Silverton resident. He married the former Ruby Redin in 1931 in Silverton. They lived on the Steele family farm for many years before moving to Silverton to make their home. He continued to farm and raise cattle for many years until his retirement.

Mrs. Steele died in 1981.

Mr. Steele was a charter member of the Silverton Lions Club and served Precinct 3 as County Commissioner from 1947 until 1955. During the time he was a commissioner, he worked to get a paved highway across the Tule Canyon and also a road down into the Haynes Boy Scout Camp.

Survivors include a daughter, Kay McWilliams of Colleyville; a son, Jim Ed Steele of Thomas, Oklahoma; two brothers, J. R. Steele of Silverton and Jeff Steele of Tyler; two sisters, Lilly Mercer of Silverton and Fannie Francis of Plainview; four grandchildren and two great-grandchildren.

The family requested memorials be made either to the Silverton Cemetery Association or to the Silverton Volunteer Ambulance Service.

Pallbearers were Kurt Steele, Hoyt Steele, Russ McWilliams, Ray Steele, Dewey Estes and James Clemmer.

**Injured in Accident**

Junis Hutsell was injured in a one-car rollover near the Canyon exit on Interstate 27 last week, and has been a patient at Northwest Texas Hospital in Amarillo. She received a broken shoulder, broken pelvis and other injuries in the accident. It took the Canyon rescue unit about 45 minutes to free her from the vehicle.

Her husband, Flute Hutsell, said she was sore all over her body. The Hutsells had been scheduled to go to market for Hutsell Jewelry the latter part of the week.

# Owls Come From Behind to Beat McLean

The Owls had to come from behind to defeat McLean here last Friday night after the Tigers scored 22 first-quarter points, including two of the three touchdowns that came in the final 60 seconds of the opening period. The Owls made some adjustments that worked like a charm and came back to win the game by a 60-28 margin with all players, except Matt Francis who was out of the lineup with a shoulder injury, getting into the action.

"McLean came out doing a lot of things we weren't expecting, so we went in at halftime and adjusted to it," Coach Clyde Parham said. "Defensively we played an exceptional second half, giving up only two first downs."

Silverton goes back on the road Friday night to take on Guthrie (3-0).

"We've come a long way. Right now we've still got a few players injured so we still don't know our full potential. We're getting better as time goes on; we just don't know how much better we'll be yet," Coach Parham added.

When Michael Hill kicked off for the Owls to open Friday night's game, the ball sailed deep into the endzone, and Hill kept the touchbacks rolling throughout the game.

After making a first down on their 39, the Tigers scored with 8:14 still on the first-quarter clock, but this was called back due to a holding penalty. They concluded their next series of plays with a fake punt and run, which didn't fool Zane Henderson who brought possession of the ball to the Owls on their own 32.

On the third play for the Owls, a Silverton aerial was intercepted and carried for a touchdown with 6:03 remaining in the first period. The PAT kick was good, and the Tigers moved into an 8-0 advantage.

McLean kicked off short, taken by Arnold Garza at the Silverton 30, and the Owls set up their offense with three runs by Lance Holt. A pass from Braden Towe to Jeremiah Brooks picked up a first down on the McLean 10, and Lance Holt scored from the one with 4:24 still to be played in the first quarter. The PAT attempt failed, and

Lance Holt scored eight touchdowns as the Owls rolled over the McLean Tigers here Friday night. Holt is back in action again after suffering a dislocated elbow in a pre-season scrimmage. Holt carried the ball 24 times for a gain of 155 yards and caught five passes for another 53 yards enroute to being named the Amarillo Daily News Six-Man Player of the Week.

the score stood at 8-6 in favor of the Tigers.

Starting with a touchback, the Tigers went back to work, getting a first down on the Silverton 38 and held to no gain by the swarming Owl defense on their next play. They carried to the 17, stopped by Towe, for another first down. Jeremiah Brooks and Zeb Holt led the swarming defense as the Owls continued to make problems for the Tiger offense. On fourth down, their attempt was short, but the Owls were flagged for a violation, and the Tigers got a first down on the Silverton one. They scored on second effort the next play with 52 seconds remaining in the first quarter. Their PAT attempt failed, and the Tigers continued to lead 14-6.

Another short kick to Garza gave the Owls possession on their 34, after which Hill ran for a first down on the McLean 12. Holt scored with 22 seconds remaining in the quarter, the PAT kick by Hill was good, and the Owls moved into a 14-14 tie with the offense looking very good.

Again the Tigers started with a touchback, and scored on their second play with two seconds still showing on the first-quarter clock. The PAT was good, and the visitors held a 22-14 lead.

There was yet another short kick to Garza, as if they were picking on the freshman, but he controlled the ball on the 28. Towe completed a pass to Hill to move the ball to the 35, and another pass to Brooks picked up a first down on the McLean six. Lance Holt scored on the next play, with 7:47 still to be played before halftime, Hill added the

PAT, and the Owls moved into a 22-22 tie.

When Hill kicked off, McLean fumbled and the Owls recovered on the Tiger 28. Hill carried to the 24 after which Lance Holt scored with 7:01 remaining in the second quarter. Hill's PAT kick was good, and the Owls burst into the lead for the first time, 30-22.

Lance Holt's onside kick was recovered by the Owls once again, and Holt carried for eight yards. A pass to Holt was short of a first down, and the ball went over to McLean with 6:13 to be played in the period.

The Tigers picked up a first down at midfield, after which Zeb Holt threw them for a loss, and Henderson and Lance Holt held on fourth down to bring possession back to the Owls. Towe passed to Lance Holt for the touchdown with 2:50 remaining before halftime, Hill kicked the PAT, and the Owls extended their lead to 38-22 and never looked back.

This time McLean got Silverton's onside kick, and promptly picked up a first down on the Owl 28, with defense by Garza. Hill stopped the next play, and the Tigers fumbled, recovered their own fumble, and on the next play Brooks intercepted an errant aerial on the Silverton 26. The teams traded possessions before halftime.

McLean kicked off, and the Owls picked up a first down on the legs of Lance Holt, but failed to add another and the ball went over on the McLean 28. Defense by Phil Patino and Lance Holt brought possession back to the Owls with 5:35 remaining in the third quarter. The Owls were unable to move the ball, and on McLean's next possession, a fumble was recovered by the Owls on the Tiger 30.

This time, the Owls moved ahead on a pass completion by Towe to Henderson, runs by Holt and Hill. Lance Holt scored with seven seconds remaining in the quarter, the PAT kick was partially blocked, and the score became 44-22.

As the fourth quarter began, the Owls got the ball back when the Tigers were totally unable to move the ball. Holt scored two plays later, Hill added the PAT to make the score 52-22.

The Owls didn't allow the Tigers to make anything much on their next possession, and got the ball back with 7:01 remaining in the game. The Owls fumbled the ball away, but on McLean's first play they fumbled and Lance Holt picked it up and ran all the way with

5:20 still to be played. Hill's PAT kick was good, and the Owls moved into a 60-22 lead.

McLean came back with a first down and a touchdown with 4:13 still to be played, the PAT failed, and the Tigers had narrowed the score to 60-28. The teams traded possession a couple of times before the game ended.

Fumble recoveries were made for the Owls by Brooks, Lance Holt, Henderson and Zeb Holt. Each team made 11 first downs, with the Owls outgaining the Tigers 321 to 289 yards. McLean lost the ball four times on fumbles, while the Owls lost just one.

# Area Physicians Honor Laney

Texas House Speaker James E. (Pete) Laney was honored recently by the Hale-Floyd-Briscoe County Medical Society for his leadership in enacting substantial health care reforms during the recently-completed regular session of the 1993 Texas Legislature.

Laney, 50, a Democrat from Hale Center, received a County Medical

Society "Special Recognition Award" during a meeting of the Hale-Floyd-Briscoe County Medical Society.

"The Texas Legislature isn't waiting on Washington, D. C. for an answer to health care problems," said Ruth Rector-Wright, D. O., president of the Hale-Floyd-Briscoe CMS. "Speaker Laney's leadership produced more meaningful pro-consumer legislation this year than we've seen in the last three sessions of the Legislature and we're very proud of these accomplishments."

# Carson County Has International Quilt Show on Labor Day

The fourth annual Carson County International Quilt Show in Panhandle, Texas over Labor Day have been judged, awards presented, and preparations are being made for the next year's show.

The show kicked off with a proclamation by Governor Ann Richards, which declared September 1-8 Quilting Week in Carson County.

Visitors to the show included Californians, Indianans, Oklahomans, as well as visitors from all over Texas.

Listed below are the winners of the show of over 450 entries from fifty United States and thirty countries.

Best-of-Show Piecer was awarded to Debbie Metcalf of Panhandle. She had a beautiful candlewick king-size quilt pieced with tatted ecru lace and was hand quilted. Each block was a different design. It was her first quilt and took ten years for her to make.

Viewer's Choice Award also was won by Debbie Metcalf.

Best-of-Show Quilter was awarded to Elaine Tyree of Perryton. She made a medium wall hanging of greens and cranberry colors as a challenge block. Elaine also was awarded the Judge's Award for Best-of-Show in applique for

a finished product and Judge's Award for Challenge block creativity. Her wall hanging was of Christmas poinsettia and quilting with 14 stitches per inch.

Viewer's Choice second place went to Nina Martin of Silverton for her Indian Camp full-size finished quilt. Third-place Viewer's Choice was presented to Hutchinson County Museum Quilters for their finished Dresden Plate.

# Unlimited Care Has Open House

Open house at the Unlimited Care of Tulia facility at #9 Travis Road gave Swisher and Briscoe County citizens an opportunity to tour the home which affords care for disabled persons.

Guests were offered free blood pressure checks and refreshments were served to the 162 persons registering for door prizes provided by HealthStar Medical Equipment. John Brown and Mrs. Delia Love were winners of blood pressure kits. Mrs. Helen Young was the recipient of a stethoscope. Medical assisted living equipment was displayed to show guests a segment of the total care available for residents.

After open house, a Tulia citizen interested in moving to the home was given a special tour by wheelchair throughout the residence, including three wheelchair-accessible bathrooms.

Barbara Scroggins, a former Justice of the Peace and long-time Briscoe County resident, is owner of the residence. The local Unlimited Care is affiliated with Unlimited Care, Inc., which describes itself as "a nursing home alternative."

Kay Pace, president, explains that Unlimited Care, Inc., is "not a chain. We do licensed agreements with individual owners across the state." She said the arrangement is somewhat similar to a franchise situation, "but it involves totally local ownership. We are the only organization in the state, to our knowledge, that operates special care homes."

She stated that the Tulia residence and others within the Unlimited Care, Inc. umbrella are "special care" homes and not "personal care." She explained that "personal care homes are limited in the care that can be delivered in the home. With special care, we can provide all levels of care in the home setting. Once they come to one of our homes, individuals never have to leave because all levels of care can be delivered within the home."

Ms. Pace added, "That's exactly why I started this business in 1986," relating to a personal family situation. "The main thing we owe our elders is the right to their dignity. I feel very strongly about it."

Residents of the Tulia Unlimited Care residence "will have a caregiver in that home who will take care of and love them if their family is not near or cannot visit often."

Explaining her decision to purchase a residence in Tulia for an Unlimited Care home, Ms. Scroggins explained, "I

**Barbara (Chandler) Scroggins, former Briscoe County resident, was pictured as she welcomed visitors to open house at her new Unlimited Care residence in Tulia Sunday.**

chose Tulia so elderly disabled Swisher and Briscoe County citizens can have an alternative place to live other than traditional nursing homes. When individuals are unable to live in their own home or with family members, I firmly believe we can help them live with dignity in a residential setting that will provide quality care and individual attention. Family members will be encouraged to visit often and can have privacy with their loved ones. Residents can even bring their own bedroom furnishings to feel more 'at home.' I am excited about bringing this health care alternative to a rural area. Although my residence is the first available in Tulia, special care homes have been received overwhelmingly by senior citizens as a positive alternative to nursing homes in larger Texas cities. The reason I chose a nice neighborhood

is because that is a place I would be proud for my own parents or other loved ones to reside."

A nurse director will provide regular visits and on-call service. Concerning a caregiver who will share the dwelling with residents while on duty and work with Ms. Scroggins, Ms. Pace said "we're required by the state to do a certain amount of checking before someone is employed. We go beyond that. When you hire an individual to be with someone's mom or dad around the clock, you want to be sure to have the right person."

Ms. Scroggins said her Unlimited Care home in Tulia "will probably have three residents with private bedrooms, but there could be more if a married couple or relatives choose to share a bedroom. The bedrooms are very, very large and could easily accommodate two persons. We will never put more than four residents in the home unless relatives/spouses choose to share one of the spacious bedrooms."

The house has three bedrooms and three bathrooms for residents, plus a bedroom designated for the 24-hour caregiver on duty. Ms. Scroggins insisted employees, food, medication and other items "will be obtained from local sources if at all possible."

For additional information or a private tour, Ms. Scroggins can be reached by calling 1-800-753-2973.

everyone attending the open house, and a record crowd is expected. There will be tables set up and staffed by volunteers who will be taking membership dues of \$2.50 per person.

For this nominal amount, members will become a part of the largest child advocacy group in the nation, with countless advantages and resources available to them. PTA's goal is that this will be the best year with the largest membership in Silverton PTA history.

Following is a list of programs and projects carried out by the local PTA, and the amount of money it requires to finance these events. Please consider becoming a member of PTA, and helping with these worthwhile projects. It takes at least \$1,000.00 per year, so everyone's support is essential.

1993. It was the second consecutive year PCCA has achieved record earnings.

"These total margins are the best in PCCA's history and exceed the previous record by 29 percent, or approximately \$7 million," PCCA President Van May announced. Checks totaling more than \$17.5 million for retirement of outstanding stock and payment of cash dividends on last year's earnings will be distributed in late September.

Margins from the cooperative's textile mill division also set a record. "This is the best year the denim mill has ever had," May added, "not just since 1987 when we moved it under the PCCA umbrella, but since the plant was completed in 1976." Per-bale earnings for the division were \$32.46, and the cash portion of the mill dividends equals \$14.75 per bale. "We are keeping our eyes on the goal of making money for you and getting cash to you," May explained.

The record earnings were achieved despite what initially appeared would be a dismal year due to significant crop losses in West Texas; however, cuts in planned expenditures and improved weather conditions in the Rolling Plains and southern High Plains that contributed to excellent yields helped turn what looked like a disastrous year into a good year for PCCA's marketing division.

The members of PCCA re-elected three directors during their annual

# Governor Receives Waiver On Blading of New Fireguards

Governor Ann Richards has received a letter from Acting Regional Environmental Protection Agency Administrator Joe Winkle that firebreaks constructed to protect agricultural lands would not require an EPA permit.

Governor Richards hailed the decision, stating, "The Environmental Protection Agency understands that

meeting. They are Raymond Althof, Roscoe, District 8; Wendell Jones, Glasscock County, District 9, and Curtis Jensen, Danevang, District 10. Members also elected Steve Bauer, La Feria, District 11, who replaces the retiring Harold Scaief of San Benito.

Texas is facing extreme danger from fires that calls for immediate action. The protection of our land from fires is of great importance."

Many parts of Texas face extreme fire danger after the prolonged period without rain. The Department of Transportation has received many requests from local officials asking for help. The Department of Transportation has responded wherever possible but has been prevented from blading new fireguards by federal restrictions.

"I understand the serious fire threat that we face in many areas of the state due to the continuing dry weather conditions," Governor Richards stated. "We need to do something immediately to protect the Texas land that is being destroyed by grass fires."

Due to the increased danger of grass fires, Governor Richards asked the EPA to waive restrictions on blading new fireguards to prevent grass fires.

"The erosion threat from burning thousands of acres seems worse than any risk of erosion from blading additional fireguards," Governor Richards explained.

Arnold Oliver, Executive Director of the Texas Department of Transportation, stated, "We will do everything we can to work to reduce fire hazards in order to prevent dangerous fires from destroying valuable Texas land."

Governor Richards praised the efforts of Agriculture Commissioner Rick Perry, Senator Bill Sims and the Texas Department of Transportation in helping resolve this threat to Texas agriculture.

### What Does No Cholesterol on the Label Really Mean?

Don't be fooled by "no cholesterol" on the label. It does not necessarily mean low blood cholesterol for you! Cholesterol comes from animal foods: meat, fish, poultry, eggs and dairy foods. So doesn't it make sense that if a food contains no animal products, it will be "cholesterol free"? But it may still contain saturated fatty acids. Since saturated fatty acids have been shown to increase blood cholesterol more than unsaturated fatty acids or dietary cholesterol, then it is important to look for sources of saturated fatty acids.

The best way to lower your blood cholesterol is to cut down on the amount of saturated fatty acids in your diet. When grocery shopping, read the label of everything that you intend to buy. Foods that are cholesterol-free may contain some of these sources of saturated fatty acids: cocoa butter, coconut, palm oil, palm kernel oil, hydrogenated vegetable oil, solid or vegetable shortening.

Always check the ingredients list on the label. The ingredient in the greatest amount is listed first, while the ingredient in the least amount is listed last. Limit our intake of those foods listing the sources of saturated fatty acids mentioned about, at or near the top of the list, and make sure that you read the label before you put it on the table from now on.

## Refund May Be Due Farmers

If you have registered a farm truck or farm tractor truck from January 1, 1992 to August 29, 1993, you are eligible for a refund of the \$5.00 Young Farmer Endowment fee collected by the Briscoe County Tax Office.

You have until November 1, 1993, to apply for a refund from the State Comptroller's office. Forms for the refund are available in the office of Betty Ann Stephens, Briscoe County Tax Assessor-Collector.

If you have any questions concerning this matter, please do not hesitate to contact Mrs. Stephens.

**WE SELDOM THINK ABOUT WHAT THIS NEWSPAPER DOES FOR US**

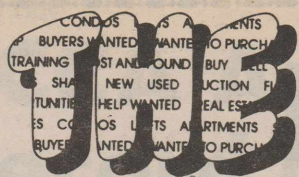

If you're reading this, you're holding a newspaper in your hands, or else it's spread out on the table before you. Most of us will read or flip through a newspaper without thinking of all the things it does for us. It informs us of what's going on in the world, the nation, or at least in our home community; depending on its scope. It entertains us, with comics, amusing feature articles, and challenging crossword and perhaps other kinds of puzzles. It advises us on matters of health, finances, and many other areas of our lives. We can read the opinions of everyone from syndicated columnists to our own neighbors. We learn the schedules of each House of Worship through the directory. All of these things, including this newspaper itself, symbolize the freedom we enjoy in our great land.

**LIST OF DELINQUENT TAXPAYERS  
TO BE PUBLISHED**

Following a discussion of the delinquent tax roll, the Board of Directors of the Briscoe County Appraisal District have elected to publish a list of delinquent taxpayers in both newspapers, with the first listing to be published in October and subsequent lists to be published in May or June (before accounts are turned over to the delinquent tax attorneys). Accounts which are being paid on monthly will not be listed. Delinquent taxpayers are encouraged to make arrangements with the appraisal district staff to pay their taxes.
