Local, Area Towns To Vote Saturday

With contested races in both the City of Knox City election and the Knox City-O'Brien Consolidated Independent School District, a good turnout of voters is expected this Saturday, when the above two entities join with the Knox County Hospital District in joint elections.

Voters will cast their ballots in Knox City in the Community Center at South Third and Avenue B where polls will be open from 7:00 a.m. until 7:00 p.m.

O'Brien voters will mark their ballots at the O'Brien Co-op Gin Office, and Benjamin folk will vote in the Court House Assembly Room.

Serving as election judge or Knox City will be Carl Shelton, Lee Cox will be judge at O'Brien, and Clodell Duke will serve in that capacity at Benjamin.

In the local election, three councilmen will be chosen from a field of six including incumbent L.V. Worley, Greg Kuehler, O.E. (Gene) Sutton, incumbent Celso Gonzales, incumbent Larry Staggs, and James L. Potteiger. Dave Thompson was seeking election but withdrew from the race last week as will be noted in a separate article elsewhere in this week's News.

Those seeking election to the two seats on the Knox City-O'Brien school trustee board are incumbent Doug Meinzer, Mary Ann Boone, Donnie Roberts, and Roland

Marion.

In the Knox County Hospital District election, incumbents Richie Smith and Vernal Zeissel are unopposed in their bid for re-election to two-year terms.

O'Brien's city council members face no opposition. Up for re-election are Dale Turner, Wayne James, and Buster Hodges.

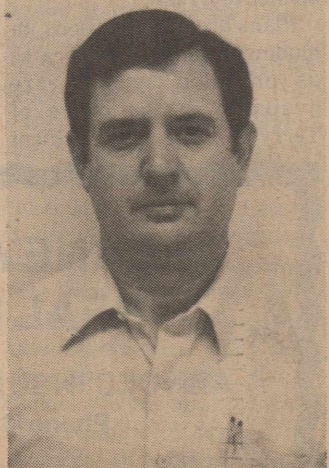

Benjamin will have no

races in either the city or school elections. On the Benjamin ISD board of trustees, incumbent Louis Baty and Ronnie Simmons, who was appointed to the board to fill the unexpired term of E.D. Welch, are unopposed as are city council members Oscar Gideon, Claud Stockton, and Buddy Tolson.

Voters should make every

effort to go to the polls and vote Saturday. These men and women have taken enough interest to offer their time and services to the city or school if elected, and voters should feel that it is a duty to study each candidate for office and choose those they believe would best benefit the respective boards.

Vote Saturday!

JAMES L. POTTEIGER
...seeks election

Potteiger Asks Seat On Council

James L. (Jim) Potteiger, who has been a Knox City resident for two years, is asking for the vote and support of local residents in the city election Saturday, April 3.

Potteiger, plant manager of the Cities Service Oil Company's Stonewall Gasoline Plant, said that this is his first time to seek office and he has several suggestions for improving the city. Among those suggestions are cleaning up the city streets, especially in the downtown area, providing better fire equipment for the volunteer firemen, providing better upkeep on our streets in the residential area, initiating a city-wide clean up especially on vacant lots and old buildings, re-scheduling monthly council meetings from 5:00 p.m. to a more convenient time for interested persons to attend, gaining more input from citizens in regard to their thinking on city problems, and last but not least using more federal grants for the city when and if available.

Potteiger and his wife Carolyn moved here from Enid, Oklahoma, and reside at 904 South Aspen Street. They are the parents of two children, Brad, 13, an eighth grade student, and Michelle, 10, a fourth grader. The family members attend O'Brien Baptist Church.

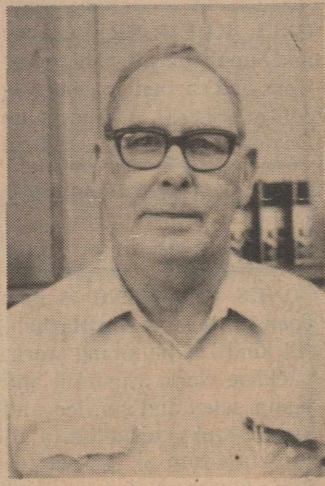

As plant manager, Potteiger is responsible for 16 persons along with a multi-million dollar business and he said he believed that with this background he would be qualified to serve as city councilman for the City of Knox City. He is asking for the consideration and support from Knox City voters Saturday.

Thompson Withdraws From Race

Dave Thompson, candidate for City Council, announced last week that he is withdrawing from the city race even though his name will appear on the ballot.

Thompson, who is employed by the City of Stamford as a patrol officer, has learned that it is illegal to take two oaths of office in the State of Texas, and if elected, would not be able to accept the office as councilman.

Thompson expressed appreciation to those who encouraged him to seek office and urges those same persons to consider supporting both Greg Kuehler and Gene Sutton in their candidacies to bring new ideas into the city government.

O.E. (GENE) SUTTON
...asks support

Sutton Seeks Election To City Council

"As a Knox City businessman, I believe that I have as much or more interest in city government than anyone," Gene Sutton said Monday of this week, "and I am asking for your support and influence in the city council election Saturday, April 3."

Sutton mentioned several changes that he felt should be made and in his opinion, would definitely benefit city residents.

First of all, he said he believes that provisions should be made to help the Knox City Volunteer Fire Department obtain and maintain better fire equipment. With the updated equipment, we would be able to reduce our fire rate, he said.

Also, he suggested that provisions be made to light the town again as it was over a year ago. "It is, in my opinion, asking for trouble with as few street lights as are now used in the downtown area," Sutton said. Several businesswomen have expressed concern in having to return to their businesses after dark on the dimly-lighted streets, he explained.

"Another matter I feel should be looked into is establishing a lower summer water rate for the months of June, July, and August in order that residents may keep their yards without paying the higher rates," he said.

"I would like to suggest stronger traffic control for the downtown business area, in order to prevent a major accident, and last but not least, I'd like to see more repairs and maintenance on the streets and alleys," Sutton concluded.

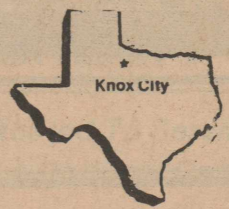

He and his wife Norma own and operate Norma's Leather Express. They have two children at home now, Rob, a senior, and Sandra, a junior student.

They are members of the Knox City United Methodist Church.

'Wedding', Parade Set Here April 8

Plans are being finalized for the upcoming "Tom Thumb Wedding" set for Thursday night, April 8, at 7:00 p.m. in the Knox City school auditorium.

Officials of the event have announced that an "Easter Parade" will follow the wedding and children through elementary school age are encouraged to participate. In no way whatsoever will any type of winner be selected in any of the activities, this will be a parade for any child through elementary school age wishing to be a part of the festivities.

Selected as the bride for the wedding is Misty Hudson with Marc Espinosa being the bridegroom. Will Vacek will read the ceremony which was written by Mrs. Sammie Carpenter.

A number of other children will participate as members of the wedding party.

Practice for the wedding and Easter parade, which is being sponsored by the Knox City Chamber of Commerce, has been scheduled for Wednesday afternoon, April 7, at 3:00 o'clock in the auditorium.

Any parent wishing to have their child participate in the Easter parade are asked to contact the Chamber of Commerce office at 658-3442 or the Mini Mall at 658-3957.

News To Be Mailed Later on Wednesdays

The Knox County News will be mailed out on a later schedule on Wednesdays than previously, effective Wednesday, March 31.

News publisher Billye Angle said that readers should expect *The Knox County News* to be in the local postoffice boxes later on Wednesday afternoons or early Thursday mornings.

MOST APPRECIATED honors went to the Rev. Floyd V. Bailey, center, at the annual Chamber banquet Thursday night. The award was presented by David Counts as Mrs. Bailey looks on.

Former Minister 'Most Appreciated'

Approximately 150 guests were on hand last Thursday night to see retired minister, the Rev. Floyd V. Bailey, honored as Knox City's Most Appreciated Citizen for 1982.

The award was presented during the annual Chamber of Commerce banquet by David Counts, and as always, was a complete surprise to the honoree. Bailey sat with family members and when he realized that he had been chosen, remarked to his family, "I wondered what all of you were doing here!"

Bailey, who retired after serving 32 years as pastor of Knox City Foursquare Church, presently serves as district superintendent of the Wichita Valley Division of Foursquare Churches. A member of the Lions Club for 35 years, he also has worked with the Salvation Army for many years and was administrator of the Brazos Valley Care Home from 1964

to 1969. Chamber of Commerce president Dick Evatt presided and welcomed all guests to the banquet. Invocation was given by the Rev. John Gillispie.

Following the welcome and introduction of guests, singer-guitarist Brian Williams entertained with a couple of numbers as lights were dimmed to candlelight for his performance.

Dr. W.E. Thorn, noted lecturer, author, and minister, of Red Oak, Texas, kept the banquet guests thoroughly entertained as he brought humor along with a definite message to all.

Evatt, vice president Dessie Egenbacher, and secretary-manager Doris Crownover will continue to serve the chamber as 1982 officers. Newly-elected three year directors are David Albus, Counts, and Jim Lynn; two year directors are Mrs. Egenbacher, Evatt, and E. Hob Smith; and directors with one year remaining are W.R. Baker, Don Bunton and

Greg Clonts. Richard Daniel and Tyke Meinzer, senior and junior class representatives respectively received plaques for their service to the chamber.

This year, for the first time, president Evatt told banquet guests that he had decided to present Presidential Appreciation Awards to those persons whom he felt were deserving. He began by expressing his gratitude to *The Knox County News* for its service and leadership in chamber projects during the past year and asked *Knox County News* publisher Billye Angle to come forward and accept his award. Next, he expressed appreciation to the City of Knox City for furnishing office space for the chamber and asked Mayor Charles Auburg and city secretary Faye Railsback to accept the city's award.

Out-of-town guests registered from Haskell, Lubbock, Munday, Merkel, Roby, Stamford, Vera, Wichita Falls, and Dumas.

B. Harrison Is Artist Of Month

When asked to display her paintings, Bobbie Harrison in reply asked if she might exhibit her hobbies. On exhibit at Citizens State Bank are drawings and sketches recently completed as assignments in a college extension course, crewel embroidery, crochet, porcelain art, water colors and stained glass.

Bobbie has had an interest in art from early childhood. At the age of twelve, she baby sat in exchange for art lessons from Mrs. Gwin (Winston) Brummett, an artist who now resides in Lubbock. She studied under Josephine Collier and Margaret Shanklin at Wayland Baptist College.

In 1968, she began to study the art of porcelain decorating under Fannie Watson of Knox City, who is well-known for her work. It was at this time Bobbie decided to use her middle name, Dene, as her art signature. She attended a six day workshop under the internationally known porcelain artist, Helen Humes, of Burbank, California. Mrs. Harrison had the privilege of studying under the late Mrs. Loree Clarke, who was a well-known, accomplished porcelain artist. She attended lectures and demonstrations by Jayne Houston of Kerrville and Barbara Jones of Longview.

Porcelain art was Bobbie's only hobby until retiring from the family business in 1976, at which time she began to learn other things, such as crochet and needlepoint, which time had not permitted before.

In 1980, she took instructions in leaded stained glass from Joe M. Clonts of Knox City. After making many sun catchers and small panels, the big project came. Together, with the help of her

Slack will be run Thursday night after the show.

Congratulations To The American Farmer

F.W. "Ted" Crouch, Jr., Director of the Federal Crop Insurance Field Operations for Texas, joined Charles Wayne Mayfield, State Executive Director of ASCS, in extending congratulations to the farmers of Texas on AG-Day 1982.

In the past ten years the number of people fed by one American farmer has increased 50% from 45 to 68 persons. This is both a sobering thought and tremendous achievement. Farmers have every reason to be proud on AG-Day 1982, and the Federal Crop Insurance Corporation and the Agricultural Stabilization and Conservation Service thank them for their accomplishments.

MINUTES OF THE CITY COUNCIL MEETING

March 2, 1982

The City Council met in a regular session with Mayor Charles Auburg, Councilmen Carol Felts, Celso Gonzales, Larry Staggs, Craig Williams, and L.V. Worley present.

The minutes were read and approved.

Larry Staggs reported that the Ambulance Service continues to operate well.

Police Department matters were discussed. The Mayor

advised that Eddie Elmore is still interested in accepting the job as a patrolman for the City. He indicated that he would be willing to move to Knox City as soon as he completes the probationary employment. The Council agreed to hire him.

Fire Department matters discussed. The Fire Chief advised that the 1952 Chevrolet and the 1952 GMC (Texas Surplus Property) trucks can

not meet State Board of Insurance requirements and the 1962 Ford is presently certified but probably cannot meet the requirements the next time it is tested. The Council recognizes the need for a new fire truck and discussed various methods of financing it. A fire truck will cost approximately \$65,000.00 to \$70,000.00.

Craig Williams made a motion to sign a contract with McCreary, Huey and Veselka for the collection of delinquent taxes. Carol Felts seconded the motion. All voted for it.

Telephone service was discussed. Several citizens have contacted City Officials regarding telephone service problems. Members of the Council noted that they are encountering the following problems: static, getting a dial tone immediately after dialing one on long distance calls, 800 numbers resulting in wrong numbers, failure to release after a call, trouble getting a dial tone and reaching a recording. The Council agreed to urge citizens to report, to the telephone company, each problem every time it occurs.

The meeting was adjourned.

IN PERDUE HOME

Mr. and Mrs. Duane Seay, Shelly and Kim of Lufkin visited here last week with her parents, Mr. and Mrs. Neil Perdue and her brother, David Neil.

They had been to visit their daughter and her husband, Mr. and Mrs. Don Chandler in Snyder and Duane's parents, Mr. and Mrs. F.M. Seay in Lamesa.

Bride-Elect Is Honored Saturday

Norma Vasquez of Monday, bride-elect of Bill Price Jr., was honored with a bridal shower in the St. Isabel Hall in Knox City, Saturday, March 27.

Elva Gonzales registered guests. Corina Vasquez received guests with her daughter, the honoree.

The refreshment table was covered with an ecru lace cloth and was centered with an arrangement of silk peach roses and white daisies carrying out the bride-elect's chosen colors.

Guests were served refreshments of cookies, mints, nuts and punch by Frances Posey and Anita Flores.

Hostesses were Eva Flores, Irene Flores, Idella Escobar, Lola Figueroa, Fannie Espinoza, Pauline Casillas, Cindy Reynolds, Anita Flores, Zanelle Franklin, Sandy Garcia, Josie Agraz, Frances Posey, Virginia Cardoza and Elva Gonzales.

Niece of Locals Weds in Louisiana

Cindy Vaden and Marty Ray Gibson were married Sunday, March 25, at 5:30 p.m. in Bossier City, Louisiana, where both are in the Air Force there.

Attending the couple were Karyn Carleton and Joseph B. Roberts.

Parents of the bride are Mr. and Mrs. Ed Vaden of Wichita Falls and Mr. and Mrs. Jimmy Gibson of Peninsula, Ohio.

The bride graduated from Rider High School in Wichita Falls and the bridegroom from Peninsula High School.

Grandparents are Mrs. Dustree Muhle of Rochester and Mrs. Ida Mae Vaden of Seymour.

The bride is the niece of Jimmy Vaden, Nancy Davis, Elaine Lewis and Ruby Muhle, all of Knox City.

husband, Bob, they made leaded glass shutters for a bedroom in their home. Bobbie admits that Bob did the harder work of the project, fitting the wooden frames in the windows and painting them.

Pat Kasper of Boston, Massachusetts, conducted a workshop in perspective last summer, which Bobbie attended and in the fall, took advantage of a college extension course in freehand drawing and sketching, taught by John Gibson of Western Texas College in

Snyder. The textbook, "Drawing on the Right Side of the Brain" taught the concept of the artist using the artistic side of the brain, how to see, and to draw what is seen. During the course, pencil, charcoal and Conte' crayon were used. For her final exam, she selected pastels and painted a vase of white daisies on velour paper.

Recently she had instruction in watercolor from Gloria Lee of Spur. Bobbie's goal is to improve in drawing and develop her technique in pastel and watercolor.

FIRE DEPT. NEWS

By Department Members

Sometime in the not too distant future, the Department is planning for "Open House". The interior of the station is complete. Many hours of labor have gone into this and it is worth saying, that not one red cent of your tax money was used for the interior on labor. The members, on their own time and during fire meetings have built and finished the meeting room.

The furnishings and the equipment, such as tables and chairs, stove and refrigerator were either purchased by private funds or donated by people of the community. We are as proud of this "New Home" as a new father of triplets.

During the next several weeks, along with the current news of the department, we will be telling you about the various aspects of the fire department and the equipment it has.

Now just because we tell you in these articles what it is all about doesn't mean we don't expect to see you at Open House. If you don't show up, you won't be able to get the free goodies we will be passing out. It will be well worth the effort to come out for an hour or so some afternoon or evening and just look.

The first three articles will deal with the rolling stock. We currently have three trucks in the station. For the remainder of this article we will discuss the 1952 Chevrolet booster truck.

In the early part of the 1950's, the west side of the business district, from the south end to the present location of Jones Pharmacy was burned or heavily damaged by smoke and water. Several men were injured during this fire, which lasted several hours.

During this fire, one of the trucks being used was a 1941 Ford, which had seen it's better days several years before. Because of the well worn condition of the truck, the engine and pump were shelled out with the extended and continuous use.

The city fathers, seeing the city in a desperate situation with only one truck, by emergency need bought a 1952 Chevrolet booster truck for the approximate cost of \$8,000.00. Its capacity was 500 gallons of on board water and rated to pump 500 gallons of water per minute. Since it was purchased, it has made over 1,800 calls.

Although the truck is still in use today, its dependability has long since past. The unavailability of parts for the chassis as well as the pump apparatus is a major concern for the department as well as the City. The company that built the apparatus, Howe Manufacturing, has since gone out of business. Due to reoccurring mechanical problems, the truck is down for repairs more time than not.

Each truck is tested, periodically, by the State Board of Insurance. This is done to certify the truck for insurance credit. Part of the Key Rate, or the base rate of your fire insurance premiums is determined by this certification. (The Key Rate will be the subject of a future article.) In order for the truck to receive this credit, it must be able to pump a minimum of 500 gallons of water per minute.

This truck has not passed this test in over 10 years. The Insurance Board, doesn't even recognize Knox City as even owning it. Because of this, your insurance is 2 cents per thousand dollar property value higher. City wide this amounts to several thousand dollars.

Our faith in this truck is somewhat limited. It is estimated that should occasion require it, it would not last over 2 hours of continuous non stop pumping. We certainly hope we don't have to find out the exact time limit. We maintain the philosophy that as limited as it may be, it is better than having no truck at all.

Seniors of the Week

KELLY COWART

Born November 29, 1963, in Phoenix, Arizona. Kelly is the son of Gus and Marie Cowart, whom he loves a lot. Kelly was adopted by the Cowarts in 1969 in the Abilene Christian Home where he lived until he was grabbed up by the nicest family anywhere.

Kelly attended a private pre-school in Lamesa for one year then moved to Ackerly, Texas, to attend six years of school which took him to junior high. (Boy, what a surprise.)

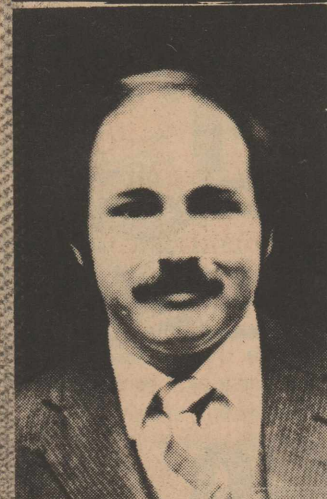

Kelly started athletics in the third grade and was and still is very fond of basketball.

Kelly moved to Knox City in 1976 to start a new life in a town bigger than Ackerly. He started playing football in the seventh grade and went on into the twelfth. Kelly is very grateful for all the teachers that have helped him through all these dead beat years.

Kelly's plans are to attend Western Texas College at Snyder, then go on to ACU for further education. His favorite colors are red and blue.

Kelly says watch out world the class of '82 is coming at you!

STREAMS IN DESERT PLACES

By OZELLE STEPHENS

"Blessed be the God and Father of our Lord Jesus Christ, which according to his abundant mercy hath begotten us again unto a lively hope, by the resurrection of Jesus Christ from the dead, to an inheritance incorruptible, and undefiled, and that fadeth not away, reserved in heaven for you." (1 Peter 1:3&4)

Ordinarily the word hope is such a hopeless word. We talk about hope generally when we are at the end of our rope (as we say) when we are afraid and anxious.

But the real living hope that Christians have is far different. It is the knowledge that everything in life, in death, and in the next life is certain to end in victory.

This hope is based on the greatest fact of history-the resurrection of Jesus Christ from the dead. Christians know that the events of this life, including sorrows and reverses, will never conquer him. No earthly circumstance can destroy the hope that the resurrection of Jesus gives to those who believe in it.

The question is asked, "How can you believe this in the times we live in?" The answer is simply, "I do not have this hope because I understand it so well, but I have this hope because I believe in Jesus Christ. My faith is locked in on Him. God is calling you today, saying, 'You can have your own Easter. You can have this living hope born within you NOW. Only believe.'"

H&R BLOCK IS NO. 1
1040A: With Prices Starting at \$7.50

H&R Block has over 9,000 offices located in every state in our country, and every province in Canada plus twelve foreign countries. Last year H&R Block prepared returns for more than ten million customers. In Knox City H&R Block offices are open 9 A.M. to 5 P.M. Monday, Wednesday, and Friday.

In addition the 1040A form will be instantly processed, so, you will only have one visit to H&R Block. All you will need to do is sign and mail it, to get your refund.

Block has never charged on the basis of income or the size of the refund, but solely upon the return's complexity. THE AVERAGE CHARGE last year for all returns in the Haskell area was less than \$25.00.

-Offices-
Munday - 113 N. Munday Ave.
Knox City - 113 Central Ave.
Haskell - 115 N. Ave. E.

H&R Block fights inflation. Again this year, for example, the "short form" filer (1040A) prices will be starting at \$7.50 which includes the full Block guarantee.
