Go Greyhounds! Beat Roscoe!

Shootin' Straight

By Dave Thompson

With the weather changing almost daily and our area farmers still trying to get into their fields, it would seem almost impossible to get any humor out of the subject of farming or gardening. But in the midst of all this gloom, OTIS HARBERT walked into the News office and brought me an item full of humor about farming, a newspaper clipping that I thought I would share with all of you.

It seems that farming and gardening is still more of an art than a science. An old-timer who plants by the moon most likely will out-perform a gaggle of white-coated scientists with a room full of books. Science seems to be catching up with the old wives' tales and the ancient lore of growing. Here is a selection of old tales about farming and gardening combined with possible explanations by the scientists:

PLANTING: When planting anything that grows, plant in threes. One for the bugs, one for the birds and one for you. This makes sense!

GARDENING: When planting a garden, plant your vegetable rows so that they run east and west. It is known fact that you get a better yield this way. In the 1950's, Canadian scientists found that grain planted in east-west rows have a measurably better yield than north-south planted rows. They found that roots tend to follow magnetic north-south lines, so in the east-west rows roots would

Mrs. Angle 'Adopted' As Leader

The NorCenTex Girl Scouts have begun an "adopt a community leader" program. To participate in the program, Knox City's Junior Troop 112 has "adopted" Billye Angle, publisher of *The Knox County News*.

The idea behind the program is for each troop to select a community leader in their hometown who is interested in the Girl Scout program. Throughout the year, the troop will include their leader in their programs and activities, as well as remembering their adoptee on special occasions.

The program also aims at involving the Girl Scouts in their community and to help them learn about the different people who help serve their community.

The troop thanks Mrs. Angle for accepting the position of "adoptee".

Santa's Mailbox Arrives With Letter

Dear Readers,

Once again it is almost time for Christmas and that means that it is just about time to hook up my sled so Rudolph and I can bring toys and presents to each little boy and girl.

As I do every year, I am leaving this new Santa Claus Mailbox in front of the KNOX COUNTY NEWS office. All the letters that the Children mail will come to me by express mail, but we need to have the letters mailed before Friday, the 17th of this month so we have time to make all the toys.

All the address that the Children need is: Santa Claus, North Pole, then they need to put their letters in the mailbox at the NEWS Office.

Thanks for all the help, I'll see you all on Christmas Eve!

Follett Win Sends KC To Semifinals

By DAVID COUNTS

The Greyhound fans thought Christmas had come early this year when the Hounds took the field for their quarterfinal game with the Follett Panthers Friday night in Shamrock. There appeared to be 24 Christmas trees running onto the field. Bright Shamrock green jerseys with white numbers, red pants, white shoes and helmets.

Follett had given up the home team advantage in exchange for the right to wear their black jerseys. Moments before gametime Follett came onto the field in their white jerseys and informed the Hounds that since the Hounds were the hometown they were required to play in dark jerseys. Not having brought their dark jerseys because of the prior agreement, arrangements

were made for the Hounds to borrow the Shamrock High School home jerseys.

This was done by the Follett coaches in an effort to distract and demoralize the Greyhounds. The favor was returned as the Hounds soundly defeated the Panthers, 20-7.

The rain had almost stopped after a heavy afternoon downpour had made the playing field very muddy in the middle between the forty yard lines. Game time temperature was 38 degrees, with a slight wind from the north and drizzle.

Follett won the coin flip and elected to defend the north goal and take advantage of the north breeze. The Hounds elected to receive.

The opening kickoff took a crazy bounce over the head of the receiver. The Hounds had

to start from their own eight yard line. James Earl Stafford gained two yards, Dwayne Watkins kept for five yards and Ricky Gutierrez gained six for a first down. Gutierrez then gained 3, 6 and 0 on three tries forcing a fourth and one. The snap from center on the punt attempt was low and there was no chance for a punt without it having been blocked so Watkins attempted to run but lost five yards.

At this time, things looked bad for the Hounds. The Panthers had the ball on the Hounds' 26, first and 10. The first play, the Hounds ran for one yard. On the second, they lost a yard running. A five yard penalty against the Hounds moved the ball to

Hairstylist-Barber Opens KC Business

Knox City gained another business in the downtown area when Andy Barnard opened Andy's Barber Shop and Hairstyling recently at 214 North Central Avenue.

Barnard completely renovated the brick building. The interior features wood-paneled walls, complemented by brown carpet. Theatrical lighting borders the mirrors and non-glare plate glass was used in the large windows on the east side. Two gold velour chairs add to the warmth of the interior decor.

Barnard, a 1981 graduate of Knox City-O'Brien High

School, completed his training at Everybody's Barber College in Wichita Falls last August. He is assisted in the shop by Jeffrey Quintana, who completed his course at San Angelo Barber College.

The new business offers regular tapers, wash and blow dries, men's and women's styles, and permanents, and the shop is open Tuesday through Saturday from 10:00 a.m. to 7:00 p.m.

Barnard is the son of Mr. and Mrs. R.P. Barnard Jr. and is married to the former Patty Durham.

LAST YEAR'S ROYALTY - These 1981 Miss Merry Christmas Pageant winners will be in Wichita Falls this week to pre-record a TV show at Channel 6. Pictured here are Patty Durham Barnard, center, back row from left, Rhonda Albus and Shannon Brown, and front row, left, Stephanie Stephens and April Tankersley. The girls will appear at 12:25 p.m. Wednesday, December 15, on Becky's Community Notebook to publicize this year's pageant slated Thursday, December 16, in the school auditorium.

Practice Set Dec. 15 at 3

All contestants and entertainers for the Miss Merry Christmas Pageant scheduled December 16 at 7:30 p.m. are expected to be at the school auditorium on

Wednesday, December 15, beginning at 3:00 p.m. for rehearsal, officials said. According to Jean Kuehler, it is a "must" that participants practice at this time!

FIRE DEPARTMENT NEWS

By KEN LAWSON

This Thursday, December 9, is regular meeting of the Fire Department and as stated in the last News, this will be the election of officers for the year 1983. This election should be interesting in that we are going to try the ballot system (write in and

all) instead of nominations and then by secret ballot. The mascot is selected by drawing names out of the hat.

We will also be working on the site for the turkey shoot at the airport planned for this community, Saturday, December 11, but in case of bad weather, the turkey shoot will be Sunday afternoon, December 12, after church. On Saturday, the shoot starts at 9:00 a.m. There will be trap shooting, all yardages and splatter boards. Bring your own gun and shells. We will have the rest including the concession stand. Come on out and get in on the fun.

The results of the election will be in next week's fire department news.

Safety Tip

In decorating your home, use non-combustible or flameproof materials. If someone's playing the role of Santa Claus for the benefit of the children, be sure his "whiskers" are flameproof.

STREAMS IN DESERT PLACES
By OZELLE STEPHENS

"Sons and daughters, come and listen and let me teach you the importance of trusting and fearing the Lord. Do you want a long good life?" (ps. 34:11).

Then listen to the great teachings of David. If you want a long life; then watch your tongue. Keep your lips from lying. Turn from all known sin and spend your time doing good. Try to live in peace with everyone, forgiving all evil and ugly thoughts, praying for all who have done you wrong as Jesus asked you to do in his sermon on the Mount. Remember the Lord's eyes and ears are always open to all, intently listening and hearing all who live good lives and he gives attention when you cry to him. But the Lord has made up his mind to wipe out even the memory of evil men from the earth. Yes, the Lord hears the good man when he calls to him for help, and saves him out of all his troubles. (v. 11:19).

David's spirit and experiences are felt throughout his writings and I believe our feelings of kinship to him is largely because he opens his very soul to God and to all who believe in God. His hardships, struggles, trust in God, his great victories, and his tragic failures are told in human terms and are often a mirror of our own deepest experiences.

From day to day in your yearning for God reach out to him with a great faith, trust him to be your shepherd, remembering his great love and mercy that will help you to reach out beyond this world and put your hand in the hand of the eternal God.

grow to the side, while in the north south rows the roots would tend to grow entangled along the rows and not get as much water and nutrients.

BUGS: This is a problem to all, both farmers and gardeners alike. One problem is with snails. The hard-shelled beasts are not bothered by sprays, but they are attracted by the aroma of beer! Put a saucer full of beer out in the evening in places where snails seem to congregate; they'll crawl in and drown-probably happy!! One note is that a Texas beer is probably best for Texas snails!

Another problem for gardeners is that of gophers. The garden burrowing creatures are attracted by the smell of chewing gum, but their systems can't digest it. So, they are supposed to eat it and become clogged internally -- thus ending the gopher problem!

If an insect moves fast, it is probably a predator on the way to attack another insect. If it moves slow, step on it!

DEER REPELLENTS: Lion or tiger manure spread around the garden boundaries is an excellent deer chaser. If you find the manure difficult to find, try another remedy of soaking rags in creosote, then tying them on poles around the garden. The deer won't risk coming near such a strong smell because it prevents them from scenting the approach of danger. Re-

soak the rags after each rain.

To end this week's SHOOTIN STRAIGHT, there is one final piece of advice from OTIS and that is called "Planting By The Bottom." Old almanacs advised farmers to drop their trousers and sit bare-bottomed on the ground. If it was warm enough to remain seated, it was warm enough to germinate seeds. One word of caution however - This Is Not Recommended For City Farmers!!!

News Notes from the Brazos Valley Care Home

By Rena Tankersley

After many years of study and many hours of input from every possible service, the new standard of participation for nursing homes became effective July 1, 1982. Seminars were presented across the state to inform nursing home personnel of the changes in the minimum standards.

Skill and ICF nursing home standards were compiled for the first time. It was found that in many cases the rules were much stiffer on ICF homes than on the skill homes.

Brazos Valley Care Home welcomes the new standards because we believe that nursing homes are here to stay and we must have standards to meet in order to have better nursing homes.

SERVICES OF THE CHURCH OF GOD IN CHRIST

Each of the weekly services were held here.

A two night annual young people's meeting was held in Wichita Falls last week at the church pastored by Elder Pierce.

Members from the Rule church and some from the Knox City church attended the meeting over there on Friday night. A group of several young people from the Knox City church attended the meeting in Wichita Falls on Saturday night also. Missionary Patricia Ward and others told of how the Lord blessed the meeting in Wichita Falls.

Sunday school had a good attendance with Supt. Manuel in charge.

Minister Tilly preached a good message on Sunday morning from Acts 26:26,28, "Almost Is Not Good Enough".

The YPWW Joint meeting was held at the Snyder church on Sunday afternoon.

Elder Blue preached over there from Philippians 3:14,15 and back to verse 13.

The Bible Band Joint meeting was held at the Monday church on Monday night with the president, Sister Manuel in charge. Sister Manuel brought a wonderful lesson that night from Romans 8:10 and other scriptures.

Deregulation of your telephone ...how will it affect you

Deregulation. What does it mean to the nation's telephone industry — and the customers it serves? All of the hows, whys and maybes are not determined, but here are answers to some often-asked questions.

Q. What is deregulation?

A. Simply, it's the process of removing state and federal controls from many services provided by the telecommunications industry. It means customers can select equipment and services in a competitive market without regulation by a regulatory commission.

Q. When does it happen?

A. Deregulation isn't new. Federal Communications Commission rulings over the past three decades have allowed some competition in terminal equipment (telephones, multi-line systems, etc.) and in long-distance services. But deregulation surfaced as a major public issue when the FCC mandated total deregulation of new terminal equipment, effective January 1, 1983.

Q. Why does the FCC want the telephone industry to be deregulated?

A. The FCC believes competitive markets are most efficient. Deregulation — and competition — will encourage new services and open more options to customers.

Actually, the FCC is but one of the driving forces behind deregulation. Congress, the Justice Department and the Reagan Administration (like others before it) all are eager to deregulate the American telephone business.

Q. What is GTE's position regarding deregulation?

A. GTE feels that deregulation ultimately will benefit all concerned. Competition is the American way and GTE expects to compete aggressively.

Q. Just what services will continue under regulation?

A. After January 1, the basic local and long-distance switching networks will continue to be regulated. So will all in-place equipment on customer premises. New equipment will be excluded from regulation, as will "enhanced" services, which combine basic service with computer processing to provide additional, different or restructured information.

Q. How does this affect customers?

A. The big change is in lease and purchase arrangements for telephones, multi-line systems and other equipment in a customer's home or business.

After January 1, existing customers may continue to lease their phones from General Telephone. In addition, they have the option of purchasing phones — either from General Telephone or another supplier.

New customers also will be able to buy phones anywhere they choose (including General Telephone). Cost of equipment purchased by customers will be determined by the marketplace — not regulatory commissions. Lease options also will be available to new customers, but again will be determined by the marketplace — not the regulators.

There's another important point. By definition, anyone who alters existing service will be classified as a new customer. People who move from one residence to another — even though both are served by General Telephone — would be considered new customers under deregulation guidelines.

Q. Will all customers be affected by deregulation?

A. No. The FCC's order applies only to single-line service. Customers on multi-party lines may continue to lease phones from General Telephone with all the traditional services. For a period after deregulation begins, party line customers may have some options that will not be available after January 1, 1983 to single-line customers.

Q. Will it affect the cost of telephone service?

A. Deregulation will have an impact on virtually every aspect of the telephone industry — including cost. It should result in lower prices for some services and higher prices for others. The net effect of deregulation — and the competition it creates — is that each product or service provided by General Telephone must pay its own way, without subsidies from other segments of the business.

For example, revenues from various optional services have traditionally subsidized the cost of providing basic local service. That ensured basic telephone service was affordable to nearly everyone. But competition will force prices to more closely reflect the true cost of any service. Local rates probably will rise; others may decrease. Either way, customers will be asked to pay for the cost of the services they use.

Q. So what are the benefits to the consumer?

A. With deregulation comes competition. With competition comes the suppliers' desire to provide customers with what they want, when they want it, resulting in many options, introduction of new technology and keeping costs at the lowest possible level.

Q. Won't there be a lot of people who will be unable to afford a telephone?

A. GTE expects to help customers meet increases in telephone rates by phasing in certain options for flat rate pricing, including Usage Sensitive Service (USS) which is a measured service.

HOUNDS

(From Page One)

their 21. The next also lost Follett a yard. On fourth down, the Panthers completed a pass for five yards. The Hounds had held but the Panthers got a penetration.

Having stopped the Panthers, the Hounds came out passing. The first was incomplete. Gutierrez lost one yard running. Watkins passed to Wayne Hutchinson for 14 and a first down. Hutchinson made four on a reverse. Stafford ran for four yards. On third and needing one, Watkins then passed to Hutchinson for 19 yards. Watkins then passed to Hutchinson who broke a tackle and raced 47 yards for a touchdown with 4:02 left in the first quarter. Hutchinson then kicked the extra point to give the Hounds the lead, 7-0.

The Panthers returned the kickoff to the Hound 48 yard line.

The Panthers then mounted a 12 play drive that led to an 11 yard run for a touchdown on the third play of the second quarter. They kicked the extra point to tie the score at 7-7.

This Follett drive was one the Hounds went to school on. The drive produced over one half of the Panther game total rushing yardage and four of only five first downs and one penetration.

Hutchinson returned the kickoff 20 yards. A screen pass to the left made a yard. An incomplete pass and then the Panthers intercepted a deep pass over the middle.

With the Panthers starting on their 36 yard line, they ran for three yards. Stafford tackled the runner after another three yard gain. On third and needing four yards, Chad Whitley crashed through to drop the Panther runner for a two yard loss to force a punt.

Two running plays and an incomplete pass forced the Hounds to punt on fourth down needing nine for a first.

The Panthers returned the punt to their own 42. Lupe Rios tackled the runner for a yard loss. Follett's runner then gained 10 yards but a good Hound rush on the quarterback forced the Panthers to punt when the third down pass fell incomplete.

Three plays later, the Hounds returned the ball on a punt when three running plays failed to make a first down.

Kevin Eaton and Whitley combined on a tackle for a two yard loss. Chris Whitaker knifed through to stop the Panther runner for a one yard loss. A great rush on the Panthers quarterback caused Watkins to be able to inter-

cept a pass and return it 20 yards to the Panther 45 yard line.

On first down, Watkins dropped back to pass but as he was getting his feet set he slipped in the mud. He went down for a 12 yard loss. Stafford made five yards before an incomplete pass forced a punt.

As the half came to a close, the Hound defense shut off the Panther attack.

The halftime gave the Hounds time to adjust a few things and adjust they did.

The Hounds elected to receive. Ricky Gutierrez returned the kickoff 15 yards to the Hound 19. Stafford lost a yard then gained three. Gutierrez gained eight for a first down.

Gutierrez gained five and the Hounds were penalized five for illegal motion. A well conceived reverse was mishandled resulting in a 10 yard loss. On third down needing 20 yards, Watkins faked a throw to the right and then found Hutchinson waiting behind a wall of Hound blockers on a middle screen. The blockers cleared the way for a 77 yard touchdown. Hutchinson kicked the extra point making the score, 14-7.

On the kickoff, what looked like an onside kick attempt by the Hounds was only a near miss by Hutchinson. The Panthers caught the ball on the 50 yard line to set up for their first possession of the second half.

The Panther quarterback was tackled for a four yard loss. The next play the Panther runner made 14 yards which proved to be Follett's only first down in the second half.

Joe Rocha tackled the Panther runner after a one yard gain. Tyke Meinzer and Stafford combined to stop the next Panther run for a one yard loss. Watkins then tackled the quarterback after a two yard gain to force a punt which went into the end zone for a touchback.

The Hounds, starting on their own 20 ran one play for two yards before another reverse was called and again the ball came loose but this time, the Panthers recovered on the Hound 18 yard line. With this recovery, the Panthers got another penetration.

The Panthers made two yards and six yards before a jolting tackle caused a fumble and Stafford was Johnny on the spot to recover for the Hounds at their 10 yard line to stop a Panther scoring drive.

The Hounds were unable to

move the ball for a first down on three plays and punted.

Ricky Gutierrez tackled the Panther runner after a six yard gain. The Panthers lost a yard before a crushing tackle was made by Chad Whitley and James Stafford to jar the ball loose and Kevin Eaton recovered for the Hounds on their own 27 yard line.

Gutierrez ran for two yards as the third quarter ended. Stafford ran for six yards and then two for a first down. Watkins passed 37 yards to Hutchinson for another first down on the Panther 25. The Hound offensive line started to exert themselves. They gave the quarterback time to pass and gave the runners good holes to run through.

Gutierrez made 10 yards and a first down. Stafford ran for nine yards to the Panther six. Gutierrez made five before Stafford bulled over for the last yard and a touchdown. The kick attempt failed leaving the score 20-7 with 9:47 left to play.

The Hounds stopped the Panthers on four downs after the kickoff to take over at the Panther 45. Stafford slipped in the mud for no gain. Gutierrez gained four. With the wind at his back and the offensive line giving him plenty of time, Watkins threw a beautiful pass to Hutchinson at the Panther five but the ball fell incomplete when two Panthers converged on him.

The Panthers had been running back almost every kick so on the fourth down punt what could have been disastrous proved to be very effective. Watkins tried to punt when his left foot slipped in the mud his right barely touched the ball on the back point causing it to bounce down field end over end for a very effective no runback kick.

In three plays, the Panthers could gain only five yards and punted the ball to the Hounds on the Hound 37.

The Hounds marched down the field on a 4:48 minute drive that left the Hounds falling on the ball to keep from scoring on the last two plays of the game with the ball at the Panther nine yard line. The Hounds had moved 54 yards in nine plays and four first downs.

With the game over and lots of celebrating it was nice to see that Christmas had come early but I feel that the Knox City-O'Brien Greyhounds have not opened all their gifts as yet.

Next week, the Hounds will play the Roscoe Plowboys in

Stamford on Friday night at 7:30 for the state semifinal title. The weatherman is predicting snow. The Hounds have proved they play well in adverse weather. It should be an excellent game.

The key to the win over the Follett Panthers was defense with the offense taking advantage of the breaks and making the big play. The offensive line did an excellent job handling the bigger Panther team giving the quarterback lots of time to pickout a receiver.

The key to this entire season was several years ago when the decision was made to consolidate the Knox City and O'Brien Schools. Sometime it is overlooked that without the addition of several young men and women from O'Brien the band would not be as good, the football program would not be so successful, the boys' and girls' basketball and volleyball and track programs would not be what they are today.

It was a wise decision

JV Girls Defeat Munday

By Coach Kathy Anderson
The JV Houndettes defeated the Munday Moguletes Tuesday night as they traveled to Munday. The Houndettes led the first quarter 5-3. Going in at halftime, the Houndettes led 19-7. The Houndettes led the remainder of the game ending with a victory of 25-12. Their record is now 2-0.

Coach Anderson feels that the JV Houndettes played excellent defense and feels that their win was contributed to the fact that there were several girls scoring instead of one or two.

High scorer was Tammy R. with 11 points, Kathy H.-6 points, Eloise A.-4 points, Paula C.-2 points, and Cindy H.-2 points.

We also had some help coming off the bench to help our ball handling and defense. Those efforts were from Becky Y. and Melissa L. Others contributing to the win were Christy C., Leah B., Rita R., Chris R., and Sherri E. The JV Houndettes will play here Tuesday night at 4:00, when they host the Haskell Indians.

The Varsity Houndettes were not as fortunate however.

The Houndettes trailed the first quarter 0-12, going in to halftime 7-27. The Houndettes came back ready to play and scored 17 points in the third quarter bringing up their score to 24-40.

The Houndettes played a hard fourth quarter but falling behind 38-54. The Houndettes now stand at 0-2 for the season.

Those scoring for the Houndettes were Sharon R.-17 points, Karae B.-11 points, Delores S.-8 points, and Diane H.-2 points.

The Houndettes will play in the Anson Tournament this week where for the third time in a row they will again meet the Munday Moguletes. They will play Thursday morning at 10:00.

Brownies Tell Of Happenings

By Troop Leaders

Brownie Troop 111 held its first meeting in the Kennel at the City Park on September 27. The girls began work on the Brownie Promise, the Brownie Smile Song and the Grace Song. They learned the game, "All Around The Zero".

On October 4, they studied the Promise, Motto, Brownie Smile Song and Brownie Hand Shake. The Brownie Song was begun at this meeting. A game of Nature Bingo was played. The last half of the Brownie Story was read. The girls also talked about Brownies being helpers at home and school. The game played was "Miss Lizzy" and soup labels were turned in that day.

The October 18 meeting opened with the friendship circle and the girls learning "The Three Brownie "B" - Be Friend-Maker, Be Ready Helpers and Be Discovers. They were read a Halloween story and each girl made a pumpkin. The pumpkins were to take to the nursing home. Each girl was given Girl Scout calendars to sell.

On October 25, they visited the nursing home and took their pumpkins and put on each door. Songs were sung to residents and they were given Halloween cards.

The Brownies visited the Hacker Dairy Farm and each got a drink of milk from the milk drum. Mrs. Hacker showed the girls how a cow is cleaned and fixed for milking. They also saw the milking machines at work. They also fed baby calves

with bottles.

On November 8, the troop wrote thank you notes and talked about Indian writing and teepees. Each made a teepee with Indian writing and Thanksgiving cards to take to the care home. A Pantomime game was also played.

The girls received their Girl Scout-Buttons for winning the most soup labels and most labels per girl. They worked on Thanksgiving notes and songs which were both presented at the care home.

On November 29, the troop worked on the Investiture ceremony. They also made a friendship pin for a troop in Shamrock and gave to their friends also.

A special Halloween party was held October 30 at the Kennel. The girls each had pennies per their inches tall for Juliette Low's birthday, who was the founder of Girl

Scouts.

The Investiture Ceremony was held November 30 and the Brownies wore their uniforms for the first time. During the ceremony, the Brownies received Brownie pins and World pins.

Members of the Brownie troop are Virginia Bernal, Tammy Brothers, Jessica Eaton, Kim Posey, Trisha Roberts, Dawn Walker, Jessica Williams, Tricia Garcia, Joni Penman, Amy Carver, Melanie Chaney, Donnese Fritsche, Julie Gentry, Lezlee Hearn, Hanna Williams, Trisha Rios, Kim Chambers, Aimee Ford, Tami Brewer, Jacy Dillon, Gloria Diaz, and Denise Dudensing.

Leaders are Margaret Fritsche, Linda Carver, Diane Roberts, Maria Hawkins and Cathy Penman. "We are a super troop!"

with her marvelous teachings, her religion and realizing what God had done for her, and her many wonderful friends. Her conclusion was, "Stop, and Count Your Blessings! You'll Realize You Are 'The Richest Lady in Town'."

Served from the Christmas decorated table were refreshments of spiced tea and coffee with Christmas sandwiches, cake, cookies, and candy.

Chapter president Mary Jo Lankford presided over the business session.

The chapter granted Betty Taylor's request to change her membership from active to reserve.

Donnie Fincher presented Mrs. Willie Geer of Rule a Red Rose Salute.

The March 5 meeting of Beta Chi was changed to February 26 to avoid conflicts. The meeting will be in Benjamin Memorial Center with Benjamin and Truscott members as hostesses.

Beta Chi members and guests enjoyed special Christmas music provided by Brian and Jennifer Burgess of Haskell.

Mrs. Jo Simpson gave a review of the book: "The Richest Lady In Town" by Joyce Landorf. Among the riches discussed in the book were her talents, the quality of gentleness, her mother

Delta Kappa Gamma Has Rule Program

Beta Chi Chapter of Delta Kappa Gamma Met Sunday afternoon, December 5, at 2:30, in the Philadelphia Club house in Rule. Haskell, Rule, and Weinert members were hostesses.

Forty-three Beta Chi members and six guests attended the meeting. Among the guests were Thelma Wright, Area Coordinator from the Abilene area, and Janelle Doyle, a missionary from Manaus, Amazonas, Brazil. Ms. Doyle and Mary Martin worked together in Brazil while Mary was there last year.

Beta Chi members from Knox City were Hazel Long, Mary Jo Lankford, Lois Smith, Exa Faye Penman, Sudia Cash, Sammie Carpenter, Margaret Chafin, Gretchen Colehour, Lillian Logan, Mary Beth Smith, Maribeth Williams, Zoy Risinger, and Janice Vacek.

Chapter president Mary Jo Lankford presided over the business session.

The chapter granted Betty Taylor's request to change her membership from active to reserve.

Donnie Fincher presented Mrs. Willie Geer of Rule a Red Rose Salute.

The March 5 meeting of Beta Chi was changed to February 26 to avoid conflicts. The meeting will be in Benjamin Memorial Center with Benjamin and Truscott members as hostesses.

Beta Chi members and guests enjoyed special Christmas music provided by Brian and Jennifer Burgess of Haskell.

Mrs. Jo Simpson gave a review of the book: "The Richest Lady In Town" by Joyce Landorf. Among the riches discussed in the book were her talents, the quality of gentleness, her mother

with her marvelous teachings, her religion and realizing what God had done for her, and her many wonderful friends. Her conclusion was, "Stop, and Count Your Blessings! You'll Realize You Are 'The Richest Lady in Town'."

Served from the Christmas decorated table were refreshments of spiced tea and coffee with Christmas sandwiches, cake, cookies, and candy.
