ON DISPLAY — Pictured is one of the ceramics exhibits of Mike Thornton in the Fine Arts Building. The show is scheduled through Dec. 16. (photo by Joe Boldon)

Midwinter Session Announced; Variety of Courses Offered

WTC's fifth annual Midwinter Session has been scheduled from Jan. 3-13, according to Dr. Duane Hood, Dean of Student Services and Registrar.

Classes will meet daily from 9-12 a.m. and 1-2:30 p.m. from Jan. 3-7 and Jan. 9-13.

Students are limited to one course during the session, and will pay fees of \$36. Photography students will also pay a lab fee of \$5.

The schedule for the Midwinter Session has been expanded this year, Dr. Hood said.

Students may choose from 12 courses: Accounting 232 (Principles of Accounting), Business 232 (Business Law), English 132 (Composition II), English 231

(American Literature), English 232 (British Literature), English 233 (Masterpieces of Literature), Government 231 (U.S. Government), Government 232 (Texas State & Local Government), History 131 (U.S. History to 1865), History 132 (U.S. History from 1865), Journalism 230 (News — Color Photography), and Sociology 232 (Contemporary Social Problems).

Registration will open Dec. 12 and continue through Dec. 23. Dr. Hood said students are urged to register as soon as possible.

Copies of the schedule are available from Dr. Hood's office in the administration building.

FINAL EXAMINATION SCHEDULE

Class Meeting Time	Examination Time
8:00- 8:50 MWF	8 A.M., Monday, Dec. 12
9:00- 9:50 MWF	8 A.M., Wednesday, Dec. 14
10:00-10:50 MWF	12 Noon, Wednesday, Dec. 14
11:00-11:50 MWF	12 Noon, Monday, Dec. 12
12:00-12:50 MWF	10 A.M., Wednesday, Dec. 14
1:00- 1:50 MWF	10 A.M., Monday, Dec. 12
2:00- 2:50 MWF	10 A.M., Tuesday, Dec. 13
7:30- 8:50 TTh	8 A.M., Tuesday, Dec. 13
9:00-10:20 TTh	12 Noon, Tuesday, Dec. 13

Thornton, Branch Exhibit Works; Faculty Art Show In Fine Arts

Currently on exhibit in the fine arts building lobby are the works of the art faculty: ceramics by Mike Thornton and paintings by Melvin Branch. The art faculty show is given annually during the fall semester and opened to the public Sunday afternoon.

According to Thornton most of the ceramic pieces have been done with concern for functionality. Urns, cups, bowls and casseroles are all technically designed for ease of use.

Several pieces are also included in the exhibit which are functional to an extent but concerned mostly with design. Of these, his tall, cylindrical "floor" pots are most notable: here the wheel-thrown necks adjoin heavily textured and patterned surfaces which entertain the eye as it moves around the form.

All of the ceramic pieces are shaped by Thornton's own sense of visual design.

Thornton, Rotan native, received the bachelor of arts degree from East Texas State University and the master of arts degree from Texas Tech University. He has done additional study at Angelo State University and has been a WTC faculty member since 1971.

Branch's paintings are of landscape, all but three of which are from the campus.

"Color is important to me," says Branch. "In these paintings, I have not simply copied nature, but have organized it and changed colors and shapes

to fit what I feel is good design and expresses what strikes me about this geographical area."

The series of paintings from campus was done partly to show students a sample of the possibilities for painting in a limited source area.

Branch, graduate of Sam Houston State University, is a native of Pampa. This is his se-

cond year at WTC. He holds BFA and MFA degrees and had earlier study at West Texas State and the University of Texas.

Everyone is invited to see the works on display. The show will remain through the end of finals, and usual hours are 8:30 a.m. - 4 p.m. Monday through Friday.

OH CHRISTMAS TREE! — The annual Christmas tree lighting was held Dec. 5. The WTC choir was joined by members of the Snyder High School Choir, Junior High Choir and Elementary Schools (East, Northeast, West and Central) to complete the occasion. (photo by Joe Boldon)

Praise-N-Stuff

With this semester about to be wrapped up, I'd like to use this space for praising a few organizations and people around campus.

A group I feel has really done a terrific job this semester is the Student Senate. Compared to last year, WTC is jumping with activity! We've had a variety of dances, a pizza-eating contest, a Blood Drive, extramural activities, a "wong" show, Homecoming this past weekend, and even a Faculty Baby Picture contest!

Apparently, student involvement in these events has been sufficient, otherwise we'd probably not have such a full calendar! Stacy Hoover, student body president, stated that her main goal was unity. I, for one, think she's well on her way to it!

Another organized activity that should be mentioned is intramurals. Not only are a number of people involved but most of the games have drawn audiences.

Scott McAnally has certainly done his job to the hilt as the student intramural director. Intramurals gives the participants a sense of competition and athletic ability. Not only that, but I'll bet the players have a good time, even when they lose!

PTK is a club who's made a giant effort to be active not only on campus but also in the community. To relate to the theme of unity stressed by Hoover, which includes community involvement, PTK comes through with flying colors.

They've helped with the United Way project, aided the Snyder Chamber of Commerce in hosting a dinner theatre for an Air Streamers rally, and recently assisted with the Labor Survey held at the Chamber of Commerce.

On-campus involvement included various programs, dances and the donation of 37 volumes of congressional reports to the LRC.

How about a round of applause for a non-student organization? The maintenance crew at WTC has done a great job of keeping our campus — inside and out — looking good!

The people working to keep the campus up-to-par are busy at night, excluding dorm maintenance and outdoor crews. They start at 5 p.m. and work 'til who knows when.

We tend to take the campus being clean for granted. Thank you, maintenance, for making WTC something to be proud of.

How about the faculty? All of mine are typical of a junior college — they care about the students. Any problems, and you can go to the instructor.

Often it's easy to be friends with the teachers — perhaps not on a first-name basis, but still friends.

As far as I'm concerned, my instructors are really making an effort to teach us — not only from material in textbooks but also from their personal experiences. They're preparing us for the world of business and work — called the cold, cruel society.

I wonder just how many of us are ready to enter that world? With this semester nearly over, I think WTC students have a lot to be grateful for and proud of. Don't you?

As this is the last issue of *The Western Texan* for 1977, I want to express my thanks to my staff members and lab staff members.

I hope no hard feelings were developed because of my having to get on a few people's cases sometimes, but that's part of growing up. To have a good paper, I guess at times you have to have a few people hate you!

Fall semester '77 is over with in just a matter of days, and during Christmas students will have to decide whether they're coming back for the spring semester.

Other students, mainly sophomores, are probably going to start deciding where they're going to be after graduation or, in some cases, when school's out in May.

It's a test of multiple-choice, really. There's just one right answer and you might pick the wrong one. Very frustrating, huh?

There's choice "A": continuing your education — going on to a senior-level school and getting your bachelor's degree. Not only does this provide more knowledge gathering on the individual's part, but it also provides time in which to decide just what to do with your future.

Then there's Answer "B": finding a full-time job somewhere and making your way into the "adult" world. The advantage to this choice would be earning money and seniority which really counts in a lot of businesses and firms.

Choice "C" offers the leisurely life with no worries or responsibilities — that of the bum. Advantage? Being your own person? Debatable...

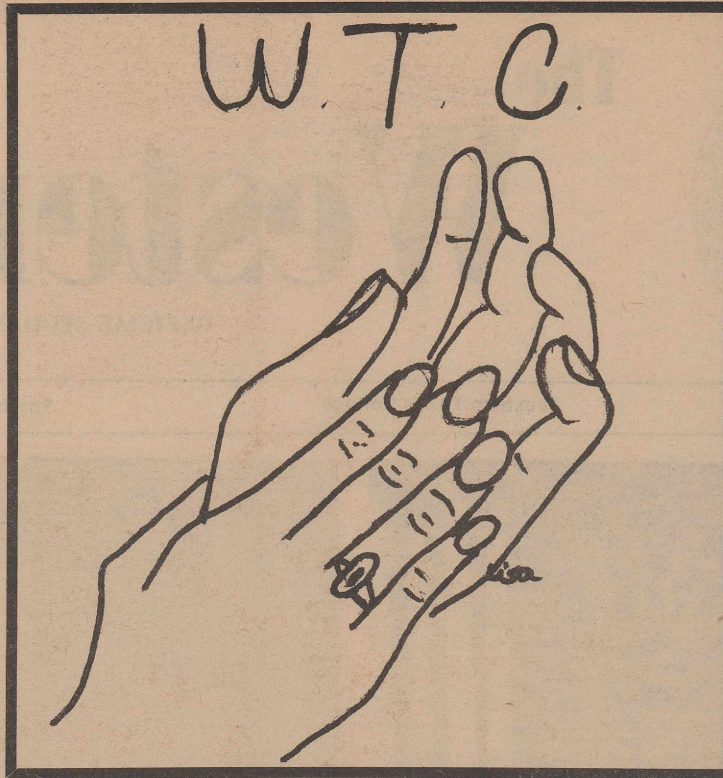

The future holds nothing but question marks for most of us. We all have our dreams — those of being a famous singer/actor or a big-city editor or columnist, or a truck driver behind the wheel of an 18-wheel Peterbilt. It depends on which road the individual takes that determines his or her future.

Think about it.

Lots of luck in your finals, everyone!
Merry Christmas and Happy New Year! See ya' next year!

Help's Comin' Your Way

by Junanne Brock

Tired? Run-down? Doze off in class as soon as you mumble "here?"

If you answered "yes" to any of these questions, help is on the way. No, it's not industrial-strength Geritol. It's a Christmas break!

With final exams only days away — and the inevitable grade reports not far behind — college students can put out of mind

assignments, term papers and exams for about a month.

If you're one who plans a course in the mid-winter session, deduct 10 days.

If you've endured the strain and pain thus far, you are entitled to a little "R and R."

For most WTC students, the fall semester has entailed a 15 to 18-hour course load. Add many extra hours for class preparation, research, studying for exams, workouts, club meetings and various "personal entertainment activities," and you have a fairly full schedule.

A few students decided WTC life was not for them.

Some chose to enter the "working class," some opted for "marital bliss," and others were stealthily packing and driving off into the night muttering something about "Mom's home cooking."

For those remaining, when you finish that last exam, pat yourself on the back, kiss the books good-bye, and sigh a sigh of relief! A whole month of rest — no pressures of school!

That is, until you get your grade reports, or discover you need to work, or attend the mid-winter session, or wash a semester's load of laundry, or....

LETTERS TO THE EDITOR

Dear Editor,

It has been an honor serving on the newspaper staff this past semester as I have learned a lot about writing. More than that, I have enjoyed getting to know each of you. I will always remember the staff and all they strive for.

I think Mr. McBride is one of the best instructors around because he takes a personal interest in each of us. These days, that quality is hard to come by.

Diane is one of the greatest editors around because she is easy to get along with, but she reminds me when to get my articles in. Diane has been extremely patient with me as a writer.

To the rest of the staff I wish you happiness in all you strive to do. Be sure and get those papers out on time!

Sincerely,
Stephanie Stephens

P.S. Come visit me at Texas Tech!

WESTERN TEXAN PUBLICATIONS POLICY

LETTERS TO THE EDITOR: Letters are welcomed but must be signed by the author with attached phone number for verification and are subject to review by the editor.

PAPER ERRORS: Any errors of fact will be corrected upon request.

EDITORIAL STATMENTS: Are the opinion of the signed staff individual(s) and are not necessarily those of the administration and/or Board of Trustees of Western Texas College.

WT POLL

Holiday Schedule?

by Dannette Mickler

With Christmas only 17 days away, students were asked this question: "What are your plans for the Christmas Holidays?"

Melody Richardson: "I plan to spend Christmas day with my parents and Christmas Eve with my in-laws. My husband and I are going to Arlington on the 23rd and stay until Christmas Eve. We will go to Abilene on New Year's Eve and celebrate the New Year. Then we'll spend New Year's Day with both sets of parents."

Doris Hines: "I plan to go to Corpus Christi for Christmas to see my mother. I'll spend New Year's Eve in C-City."

Jamie Harris: "I plan to stay in C-City and spend the holiday with my family. I also plan to work."

Pam Burrus: "I plan to stay at home, in Snyder, and visit with my family and relatives, eat, sleep, go snow skiing in Denver. Plus, celebrate my birthday and visit with all my friends that will be home."

Sheila Kruse: "I plan to go to my grandmother's Christmas Eve and open packages that night. We'll stay there all night. We will have a big family dinner and come home. Hopefully, I will see my boyfriend a lot!"

Tammy Oliver: "I plan to go home and find a job so I can do more running around next semester. I will go to both of my grandparent's houses and open packages and then Christmas day I'll stuff myself with good 'ole home cooking. Maybe even bring back some goodies!"

Keith Summer: "I'm having Christmas here at home. Then I'm going to Louisiana to stay with my parents. Then probably go to Wyoming to see my brother. Then I'll come back here to start the spring semester."

Karen Cowart: "I'm going home and my sisters are coming. Sunday morning we'll get up early and open presents. Then we'll go to church and come home and eat. Have a big dinner!"

THE PEOPLE PLEASERS — May Talley (left), retired, and Sophie Richter (right) serve food to students in the WTC cafeteria. (photo by Joe Boldon)

BEHIND THE COUNTER

Personnel Enjoy Jobs

by Darlene Neatherlin

People we see everyday with big smiles on their faces and happy greetings are ladies who serve us in the cafeteria three meals a day.

The woman who looks at ID cards during the breakfast and lunch runs is Ann Chester. She started to work here a year ago October. She enjoys her work very much — the idea of meeting new people and seeing new faces makes her day.

Her favorite pasttime is playing cards. She plays every night with her husband.

Her job sometimes gets a little hectic, however she loves every minute of it. "It keeps your brain busy, especially when you're matching numbers to faces!"

Sophie Richter is the woman

who serves meat dishes during the lunch and dinner runs. She does her job for pleasure and wouldn't change for anything.

She likes the idea that she can see all smiling student faces and get a chance to talk to them. Being "helpful at all times" is her goal.

When she makes a mistake she gets upset because she tries to please everyone. She likes to serve them what they would like to eat and how they want it on their plates.

The cook, Jean Henry says her job is hard but gratifying. The meals she prepares are planned every Monday morning of the week. The amount of food prepared varies according to the number of trays and students served the day before.

★ ★ ★ **NEWS BRIEFS** ★ ★ ★

Remember Elvis' "Blue Hawaii?"

Ever seen Pearl Harbor, the pineapple plantations, bustling Honolulu, grass skirts and leis?

The possibilities of offering a WTC Traveling Seminar which would take students to Hawaii is being studied.

Richard Lancaster, assistant professor of English, directed two previous seminars and would like to hear from persons interested in the new one.

WTC has offered traveling seminars on two occasions.

The first, in the summer of 1975, took students to Washington, D.C., and points of interest in that area.

The second seminar, in the summer of 1976, featured the American West in a 21-day tour of the Southwest and West.

Those making the tour could receive college credit in such subjects as literature, geography and history, or could choose to travel with a group on a non-credit arrangement.

Because the seminar is still in the discussion stage, no dates have been set and no prices can be quoted. The seminar could range in length from eight to 14 days depending on the preferences of those enrolled.

Interested persons should write or call Lancaster at 573-8511, extension 289. "Aloha!"

Five members of the Office Education Association and sponsor Charlene Light recently attended the State OEA Leadership Conference in Austin.

Chapter members attending were Becky Rhodes of Lubbock, vice-president; Cathy Golden of Colorado City, secretary-treasurer; Cindy Leonhard of Brownwood, parliamentarian; Leigh Holladay of Snyder, historian-reporter, and Denise Kight of Snyder.

Instruction was received in communication, leadership skills and styles, public speaking, officers' duties and parliamentary procedures.

Six teams, composed of one OEA officer from each college represented, participated in

parliamentary procedure competition. Rhodes was chairperson for the team receiving the second place award.

OEA members are beginning preparation for competition in secretarial skills at the spring State Leadership Conference in Fort Worth March 9-11.

A Baptist Student Union group held a winter retreat at Ruidoso, N.M. Nov. 4-6.

They stayed at Storybook Cabins in the mountains and conducted Bible studies and sessions on Christian dating. The "Harvesters" from Austin accompanied the WTC group and led sessions on "Being Yourself."

Attending from WTC were Darrell and Carol Grimley, and daughter Laura; Veronica Melgar, Tammy Watson, Dee Ann Pierce, Gnat Horsley, Jan Loyd, Sharon Matthews, Vickie Greenfield, Connie Jones, Phyllis Sutter, John Day, Brand Lee and Rocky Moore.

Electromechanical Technology (EMT) Club officers for 1977-78 are Tim Dacus, president; David Branch, vice-president; Cheryl Hamrick, secretary-treasurer, and Ricky Brumley, reporter and representative.

Green Thumb, an organization for senior citizens, held an organizational meeting Nov. 29 in the fine arts theatre.

Attending the orientation were John H. Keith, assistant state director, and Nita Rodriguez, local district director.

Members of the organization have been working on the campus this semester, tending flowers, trees, and various plants.

This is no Barbie tale! The maintenance department is missing a big red dolly — seriously!

If you "know the whereabouts" of this dolly, please return it to maintenance as soon as possible.

Love — Something Different to Each of Us

by Stephanie Stephens

What is love?

To some, it's walking hand in hand across an open field with the one you love. To others, love is sharing a lollipop.

To some, love is like the McDonald's advertisement on TV. A little red-haired, freckle-faced girl around six years old comes home with saddened, dejected eyes and puckered lips.

Her dad comes into the room asking, "What's wrong?"

"Oh, daddy, we played dodgeball today and I was the first to get out!"

Lifting her chin up, he smilingly said, "That's okay! You'll do better next time! Come on, let's go to McDonald's!" Suddenly, the little girl's eyes brighten up.

That's love.

To others, love is Jesus' dying on the cross or walking up to your mother's off-key singing and smelling the coffee drift slowly to your room.

Some still believe love is like the famous quote from *Love Story* — "Love is never having to say you're sorry."

Personally, I believe love is saying you're sorry because if you deeply care for someone you will be sorry that you hurt him or her.

Others feel love is loving a big juicy T-bone steak sitting on its haunches in front of your eyes.

Love may be getting to sleep

'til noon, then being served breakfast in bed.

Love to you may be changing diapers and listening to the soft whimper of a newborn baby secured in your arms.

Whatever your definition of what love is, always remember love is one of the greatest gifts.

Why not show it to someone you love? It's the greatest gift they'll ever receive... and they'll love you for it!

If you're looking for fun exciting people, experience, and an hour's credit, sign up for Publications 112 or 113. It's worth your time!

Dancing Wheelchair Wins First Wong Show

James Davis and his 'dancing wheelchair' won the first WTC "Wong Show" (that's right, "wong"... as in "gong," you know) Nov. 22 in the Fine Arts Theatre.

Rodney Logsdon and Linda Vann took the boobie prize for their "helping hands" act.

What's a Wong Show? Contrary to the Chinese sound of its name, it has nothing to do with Chinese theatre. It is, instead, a variety-type show loosely designed along the lines of a currently popular TV program whose name is copyrighted and cannot be used by other producers.

Also appearing in the Wong Show were Joe Boldon, the WTC Cheerleaders, Ivy Johnson, Tammie Matthews, Melissa Windham, Otis Chunn, Allen Young, Cathy Golden, Johnnie Panter, and a group composed of Greg Reynolds, Mike Waller, Rick Huelster, Doris Hines, Sherry Moncrief and Kathleen Utsman.

Jerry ("Chuck Barris") Baird was master of ceremonies and handed out the prize money after the panel of judges made their selection.

Judges were Glenn Polk and

Larry Genuchi, KSNY radio deejays, and Nolan Richardson, Westerner cage coach.

The show was open to the public without admission charge.

Mickey Baird, student activities director, and Brenda Weber, assistant student activities director, organized the event.

FREE WHEELIN' — James Davis is shown doing his thing with his dancing wheelchair. He won first place in the recent Wong Show. (photo by Renee Muirhead)

Second WTC Had Activities

Brenda Weber completes a name tag for ex-student Joe Shafer.

Victories for both the Dusters and Westerners against McMurry College teams were the highlight of WTC's second Homecoming, Dec. 3, as exes and current students joined in activities held throughout the day.

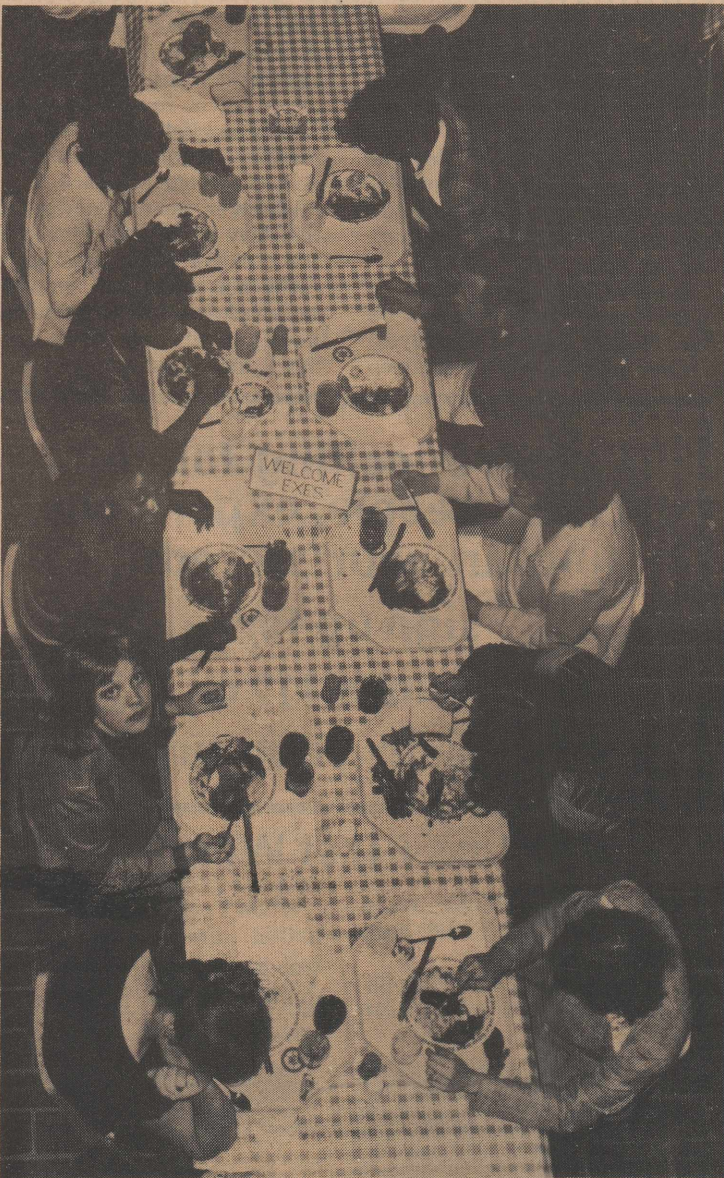

coliseum, and after the two games a dance in the gym featuring "Peyote" from Lubbock.

Exes and others registered in the Student Center from 10 a.m. to noon.

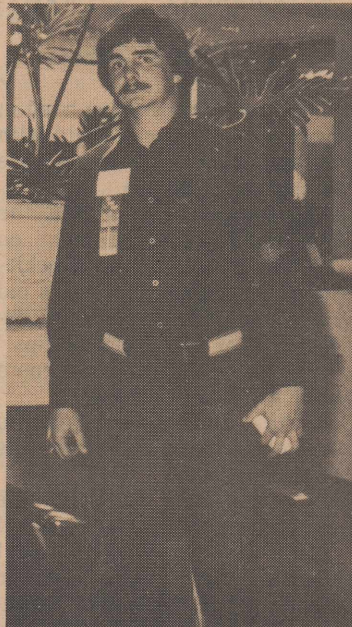

Queen Kathleen Utsman and her court, Barbara Brooks, Stacy Hoover, Patricia Edwards, Becky Westbrook, Linda Vann, Frankie Ellis and Rachel Phillips, were recognized during halftime of the Westerner-McMurry contest.

Events included a Kappa Chi Exes Brunch in the Christian Student Center, Phi Theta Kappa Exes Reception in the faculty lounge, barbeque dinner in the cafeteria, pep rally in the gym, Florida Scramble golf tournament on the campus course, car caravan from the west parking lot to the county

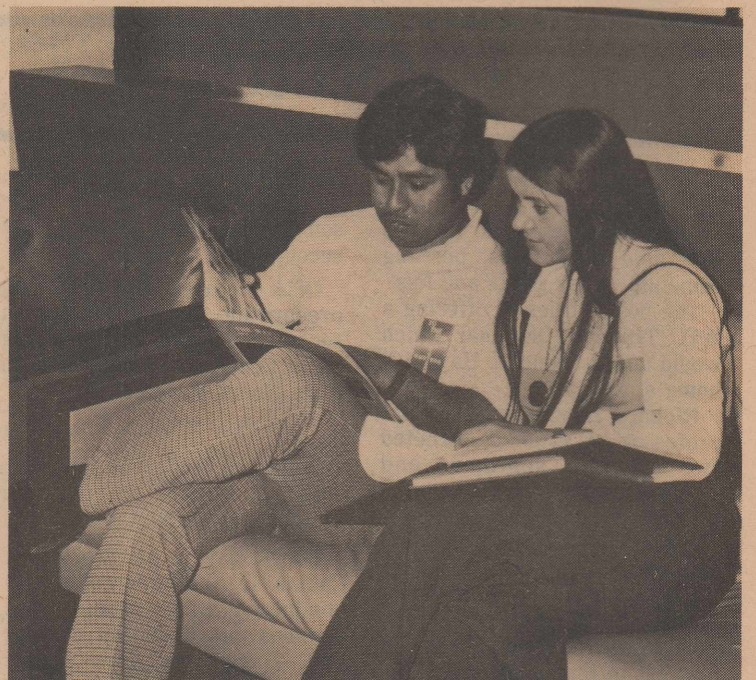

Reminders of the Homecoming were mailed to exes whose addresses were available, according to Mickey Baird, student activities director. Helping in the plans was Brenda Weber, assistant student activities director.

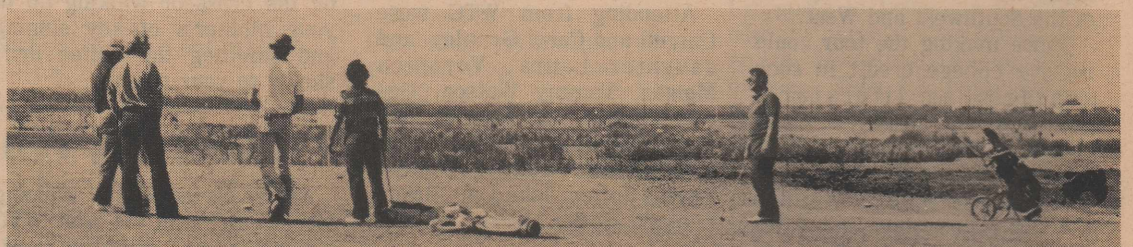

Dusters and guests dine with B-B-Q in cafeteria.

Student Profile

'Moose' — A Compact Ball of Energy

by Johnnie Panter

David "Moose" Galvan, a freshman drama major and son of Mr. and Mrs. Victor Galvan of Loraine, is a compact ball of energy — an interesting character to get to know.

While attending Loraine High School, David participated in UIL one-act plays. During his sophomore and junior years, he received all-star cast and his senior year was awarded honorable mention.

Other recognition during high school included the Principal's Award, Best Bandsman, Mr. Responsible and Band Row.

Galvan enjoys communicating with people. "By exchanging ideas I can keep a general idea of others' thoughts," he said.

Enjoying people, David strives to make friends, make people happy and to have a love for people in general.

He plans to teach drama and speech at the high school level, but he is undecided

whether to teach in a small or large school.

"At a small school I could teach on an individual basis, where at a large school I would have more students and better facilities."

He is currently serving as freshman senator and resident assistant South Second in the dorm. "Being an RA is a real challenge and a lot of fun, but sometimes a hassle."

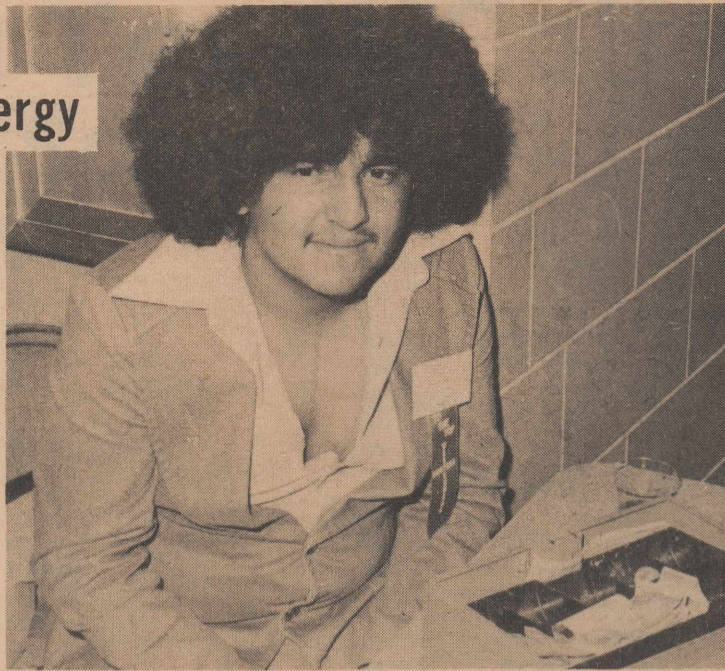

A member of the WTC choir, David believes that he can express himself through this talent.

"Writers can express themselves with music, something I could never say with words."

He considers Snyder a city of progress. "It is a pleasant city and it would be a nice place to raise a family."

His hobbies include swimming and repairing eight-track tapes.

Currently, David is the light technician in the WTC drama department and at the Colorado City Playhouse.

THEY CALL HIM 'MOOSE' — David "Moose" Galvan, Loraine freshman, helps with registration Dec. 3. (photo by Joe Boldon)

Communication Courses Planned

Several college credit communication courses will be offered during the spring semester for students of all ages, according to Mike McBride, associate professor of journalism.

Journalism 132, Introduction to Mass Communication, will meet from 10-10:50 MWF, or may be taken on an instructor-approved individual study basis.

This survey class stresses study of all the modern mass media, including newspapers, magazines, radio, and television. Also, analyzed are the roles and criticisms of communication media, as well as study of advertising, public relations, photography, and book publishing.

Journalism 231, News Editing and Copy Reading, will meet from 1-2:30 TTH or on an in-

dividualized study basis. This class includes study of and practice in the tools and techniques of editing copy for publication.

Other areas of interest to be covered are headline writing, layout and design, typography, and in-depth investigative news and feature writing.

Journalism 232, Introduction to Radio and TV, will be offered for the second time at WTC. The class will meet from 9-10:20 a.m. TTH only.

Two one-hour credit publications laboratories are scheduled for any students wishing to contribute to official student publications.

Journalism 112 is a lab for the college newspaper, Western Texan, and will meet TBA on Tuesdays, for students who have schedule conflicts. Anyone wishing to work on the staff, in such areas as reporting, photography, typing, and advertising, should be enrolled.

Journalism 113 is a lab for two college magazines, including the general yearbook magazine and the literary magazine. One special edition of each publication is planned for the spring semester, and staff members are needed for both. It will meet TBA on Thursdays, for students who have schedule conflicts.

For further information, contact McBride in the Student Center, or call (915) 573-8511, extension 273.

Did You Know?

An awareness poll was recently held as a government project under Dr. T.R. Turk. The question "How do you feel Gary Gilmore is doing in his office as Attorney General?" was asked. The following results were received:

Don't know	35
Good Job	26
Bad Job	13
Wrong Person	26

Tells you something, doesn't it?

Spring Schedule

Wednesday, Jan. 11 — Faculty In-Service Begins.

Monday, Jan. 16 — Registration for Sophomores (afternoon) and Night Students (evening)

Tuesday, Jan. 17 — Registration for Freshmen (morning) and Late Registrants (afternoon)

Wednesday, Jan. 18 — Classes Begin 8 a.m.

Thursday, Jan. 19 & Friday, Jan. 20 — Fee Reassessment Days: Changes in schedules without penalty

Tuesday, Jan. 24 — Last day to register for Spring Classes
March 20-24 — Spring Vacation

NOTICE

The 1977-78 WTC yearbook will be a standard 8 x 11 soft-back and will be offered at a reduced cost this year.

According to Connie Jones, editor, the book will probably be published locally. Work has begun on student pictures that arrived in November.

In the spring, a sales campaign will be held for those desiring to order a yearbook.

Students who have not picked up picture packages should do so in the Student Activities office in the Student Center.

Museum Display Arts, Crafts; Santa Makes Early Appearance

by Shirley Ballard

Scurry County Museum has an arts and crafts exhibit currently being enjoyed by area residents and students alike. The exhibit will conclude Monday, Dec. 12.

Local and area artists have crafts on hand, including C.

Warren Cullar, former WTC art professor. Postcards, Christmas postcards, and signed and unsigned prints are included. Cullar resides in Bertram, Texas.

Donna Dye, an artist from Colorado City, has weaving in

the museum. Katherine Elkins, a local artist, exhibits macrame.

Also, Martha Gowen, from Lubbock, has watercolors and batiks on display. Mike Gowen, also of Lubbock, has several metal sculptures suitable for hanging on walls and sitting on tables.

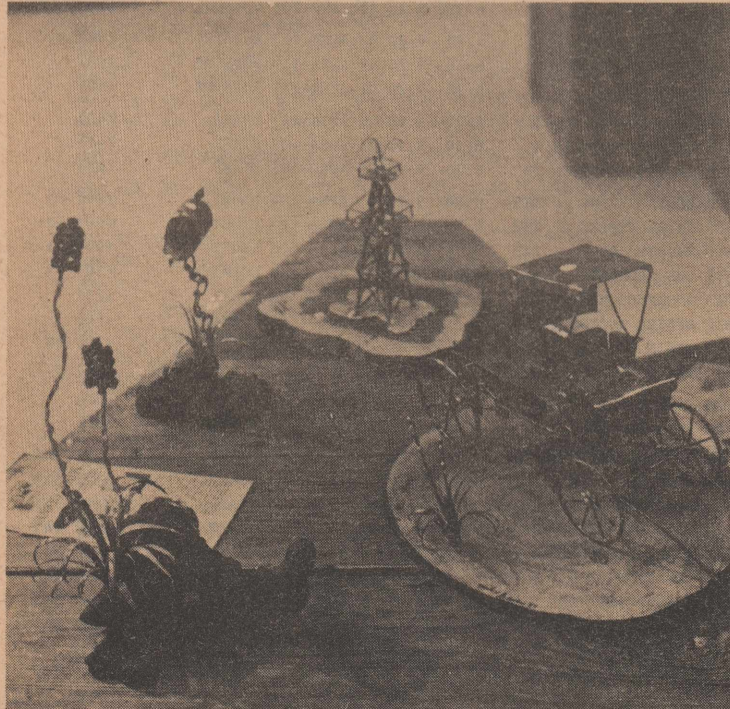

JoAnne and Del Hirst, also local artists, have several items of pottery.

Karen Sears, of Snyder, has hand painted eggs in the exhibit. Weldon Sears, another local artist, has several pieces of photography in the show.

Also, Teri Sodd, of Lubbock, is showing her leather pictures. Karon Teague, an Austin artist, has macrame; Mrs. Bart Bransom, local artist, has handmade bonnets; and the local Senior Center furnished quilts, afghans, and crocheted items.

"The items being shown are for sale, so come in and enjoy all the artists' creativity," stated Sharon Sutton, museum director.

The museum hosted its second annual old-fashioned Christmas party Dec. 4. Events included a visit with Santa Claus and sing-along with Jane Womack, music instructor. Patrons viewed the decorated cedar Christmas tree and browsed through the arts and crafts exhibit displayed.

Everyone's Opinion Counts; So Do Your Own Thinking!

by Stephanie Stephens

Does your opinion matter? Of course! How about mine? Of course! Although most agree that everyone's opinion counts, many still seem to say, "Everybody's opinion matters, but mine is the only right one!" Right? Wrong!

Everyone's opinion does matter. Another's opinion may differ drastically from yours, but what good does it do to cut him down for his ideas? Relatively little. All it does is belittle him for his thoughts and ideas, making him feel like a total idiot.

Many have been chopped down so much that they don't voice their opinions. The result is sometimes sad because intelligent people keep their

opinions to themselves because they think they are of little value.

Then what do I do to make people voice their opinions? First, listen to all of what they have to say. Be open-minded to their beliefs. Try hard not to lose my cool.

Respect him as an individual. He has his own mind. He has his own reasons for his beliefs. You have yours... I have mine.

Give all of your reasons for your beliefs.

Don't criticize him for his beliefs.

Opinions belong to everyone. People make up the world. If people's opinions didn't ever differ, just think what the world would be today.

Wow, WHAT A DRAG!

Ferguson Completes Cosmetology Course

WTC claims its first graduate from cosmetology — and in less than two weeks five more will join her. Reva Ferguson of Snyder has completed the 1500 hours required and will be taking her state board exam this month or in January for her beautician's license.

The other five to graduate are Karen McClure, Roby; Genia Claxton, Roby; Christy Stuart, Roby; Julie Dunivan, Snyder and Peggy Wilson, Snyder.

Reva Ferguson

Required hours of the course include study and practice in manicures, hairstyling, facials, wiggery, chemical waving and salon management. Instructor is Judy Burk.

Originally from Colorado, Reva is editor of *Unity*, the student literary magazine, and is a part-time switchboard operator in the administration building.

When Reva first began her studies at WTC two years ago, her major was English. She switched because cosmetology is "something I've always wanted to do, ever since I was a little kid. Instead of being a nurse, I wanted to be a beautician. I hope someday to own my own shop."

Reva enjoys writing, playing the guitar and reading. She hopes to continue her college education, at the moment in journalism.

Of the cosmetology program and instructor, she says, "Very, very good — excellent! The instructor is what has made it. She's fantastic — everyone loves her."

College Students Use Hostels

American Youth Hostels, Inc., America's oldest, non-profit, hiking, bicycling and outdoor recreational organization, announced that the largest number of college students ever used hostels while traveling in the United States and Europe this past summer.

AYH is a member of the International Youth Hostel Federation comprised of 50 countries that collectively operate more than 4,500 hostels (simple, dormitory-style places to stay) worldwide, where travelers pay \$2-\$3 a night.

AYH said that many membership requests were delayed because several travelers waited to apply in the spring just before they departed. To avoid delays, AYH suggests applying now for 1978 membership, which is good until December, 1978.

Membership passes, honored at all hostels worldwide are: Junior (17 years and under) - \$5; and Senior (18 and over) - \$11.

For a free general information brochure about hosteling, write to AYH, Dept. C, Delaplane, Virginia 22025.

PTK Ends Fall Semester

Psi Zeta Chapter of Phi Theta Kappa rounded out the fall semester Dec. 3 with a homecoming reception for PTK alumni. Several WTC exes came by to reminisce about the 'good ole days' of Phi Theta Kappans.

The last project for the semester was completed on

Dec. 1-2 when several PTK members helped the Chamber of Commerce conduct its labor survey.

Next meeting of PTK will be during activity period Jan. 26 in SC-105. Plans will be made for the initiation of new members at that time.

HOROSCOPE

Sagittarius — Nov. 22-Dec. 21 — Finals are over, school is over for a month — now rest, relax and party down!

Capricorn — Dec. 22-Jan. 20 — You will be working throughout your break — think of the money! Plan for a little fun though.

Aquarius — Jan. 21-Feb. 19 — The semester has been rotten for — take it easy and prepare for the spring semester.

Pisces — Feb. 20-March 20 — Time to get those Christmas presents bought now! You're fixing to run out of money!

Aries — March 21-Apr. 19 — Someone's got it in for you — be sure & have your dorm room clean before you leave — otherwise \$10.00 down the drain!

Taurus — Apr. 20-May 20 — Your stocking will either have a hole in it or Santa won't even

make a stop at your house!

Gemini — May 21-June 21 — If you're a teacher, better hang on to your grade book!

Cancer — June 22-July 21 — You'll be taking a trip in the very near future. Be careful!

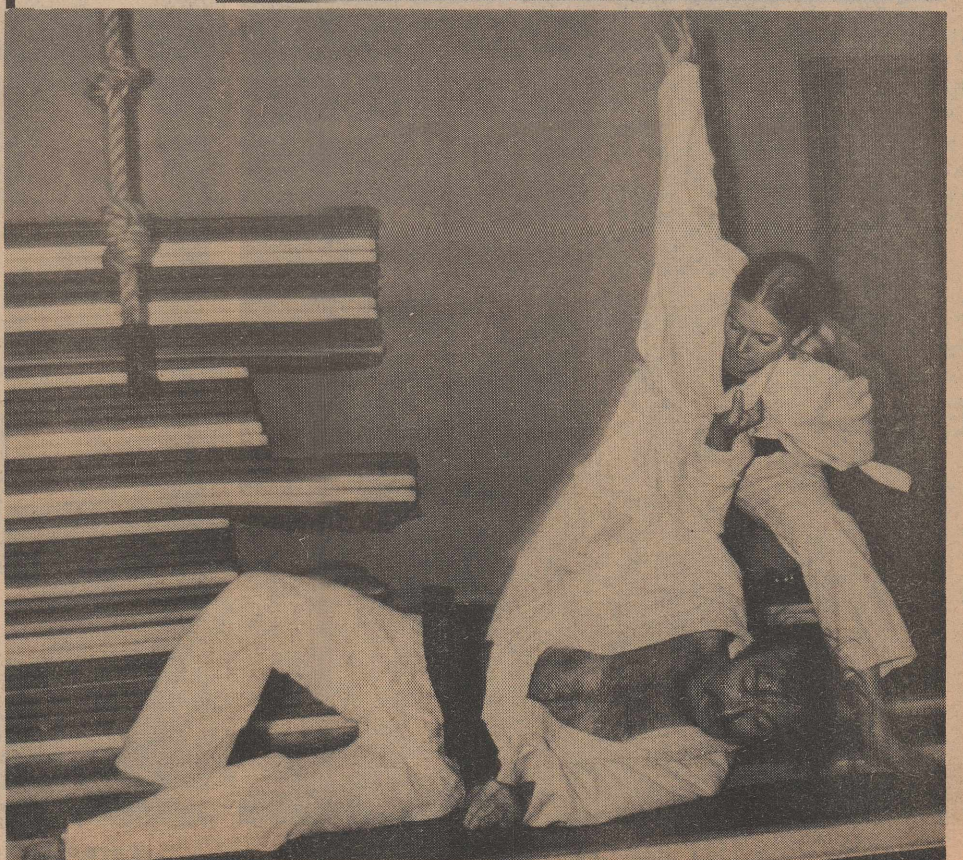

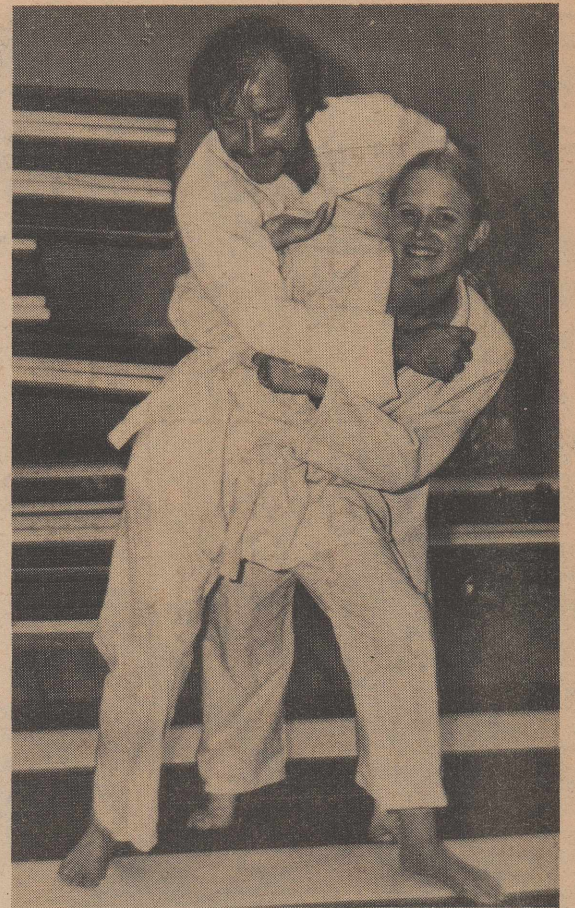

Leo — July 22-Aug. 21 — Today's your day — sun's shining, cafeteria food's good — look out, someone may pull a chair out from under you!

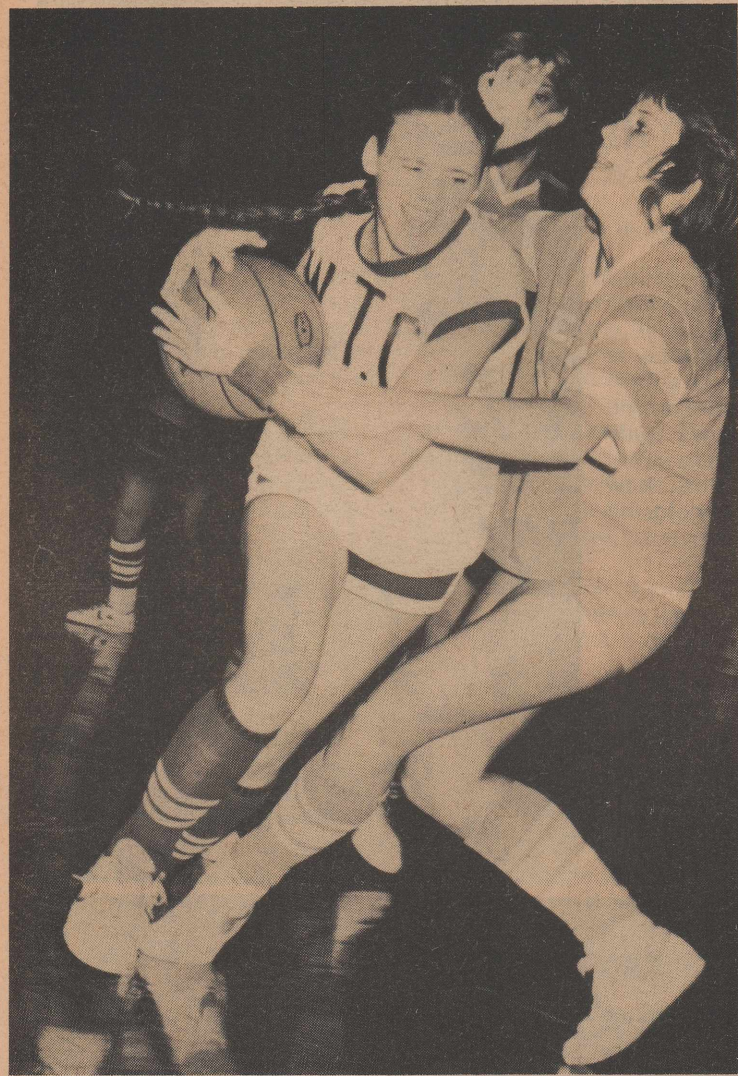

Virgo — Aug. 22-Sept. 22 — Better take an apple to your teacher if your grades are hanging in the air!

Libra — Sept. 23-Oct. 22 — If you study hard, your chances for passing your finals are fair to partly cloudy!

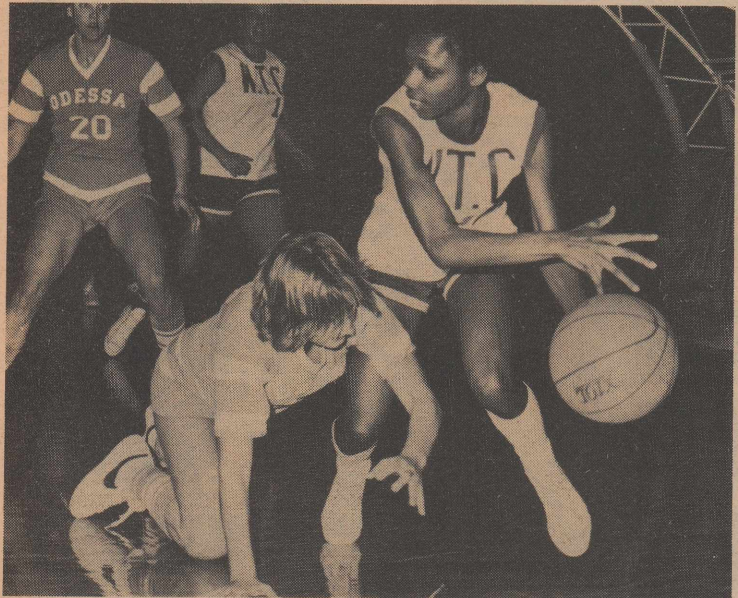

Scorpio — Oct. 23-Nov. 21 — Things are looking good! Don't let anything get you down — it's not worth the bother!

ROCKY ROAD

Records, Spirit, Jazz, Pro-Ball

by Rocky Alexander

With the Duster basketball season barely underway, two individual records have been set — one by Cathy Minton of Snyder and the other by Cindy Luttrull of Laverne, Okla.

Cathy recently broke the school record for most assists in a single game with 10. The previous mark was eight set by Becki Cranford in the 1975-76 season.

Cindy broke the record of most points in a single game with 34, eight points over the mark held by ex-Dusters Theresa Beal (1976) and Marilyn Payton (1976).

Congratulations Cathy and Cindy, and good luck Dusters and Westerners during the remainder of the season!

I noticed at the previous home games of the Dusters and Westerners that crowds are small and spirit is not what it should be.

Our teams at WTC work hard to be winners and to represent the school. When they play in Snyder or area towns, our support helps give them confidence in themselves.

We can't depend on the cheerleaders to do all the shouting and yelling — we need to help them!

I'm not saying the cheerleaders need help in the sense that they can't do it,

because they are doing a super job. But with our support they could do an even better job and so could the teams.

Tonight the Dusters and Westerners will be playing in the coliseum, and I'd like to see a huge crowd of WTC students at the game. If possible, why not sit in one area and form a cheering section to help the cheerleaders and support the teams?

Give it a try. Who knows, you might even like it!

Another thing I noticed were the fine performances of the WTC jazz band under the direction of Guy Gamble, music instructor.

I think the band did an excellent job at the homecoming pep rally and between the Dusters' and Westerners' games. They add a lot to the intermission breaks and the cheerleaders' yells.

Pro football is winding down to the finish with a few division champions still undecided.

In the AFC central division, Pittsburgh holds an 8-4 record followed closely by Cincinnati with a 7-5 mark.

Baltimore should capture the division title in the AFC east despite losing to Miami Monday night. Denver has clinched the western division with the best record in the NFL of 11-1.

Dallas won the NFC eastern division championship by defeating Philadelphia Sunday, while Los Angeles beat Oakland to take the western division crown.

In the central division, Minnesota holds an 8-4 standing with Chicago right behind sporting a 7-5 record.

Who's going to make it to the Super Bowl? To tell you the truth, I have no idea — but I'm willing to make a guess.

I'll pick the AFC championship game to be between Denver and Baltimore, with the Broncos continuing their winning season and stopping the Colts, 24-21.

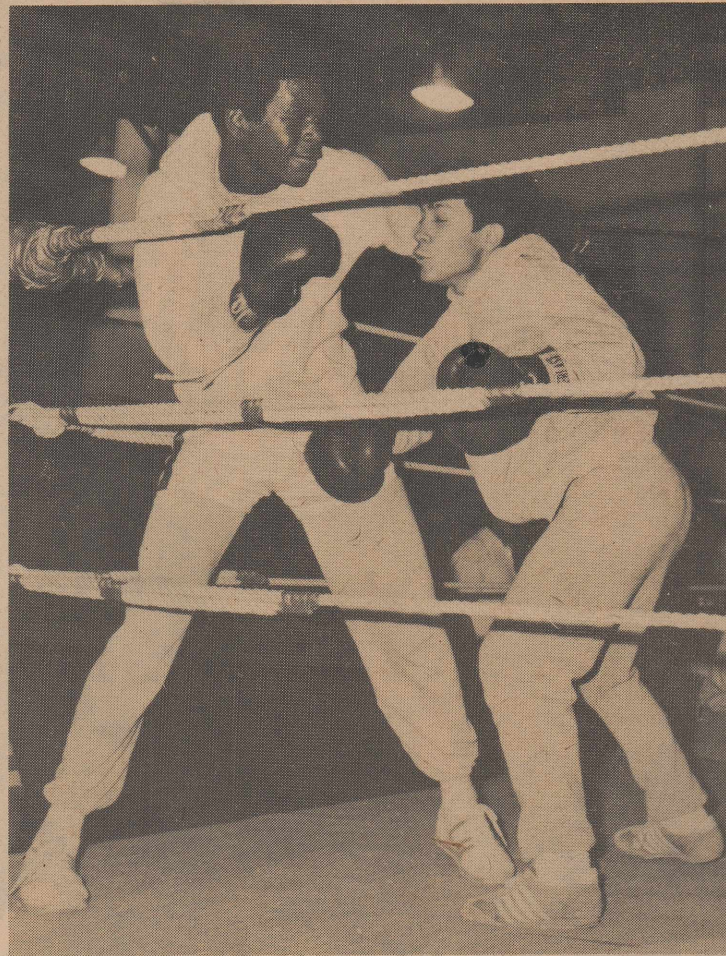

The NFC title match-up should pit Dallas against Los Angeles. Dallas hopefully will be back to normal by then and take a 20-14 victory.

If these predictions are right (and I hope they are), the Super Bowl will be a hard-fought game between the Broncos and the Cowboys.

Once again we will see Craig Morton take on his former teammates, but what about the outcome?

Dallas should win the big one in New Orleans' Superdome, but the Broncos have been buckin' all year. Just don't feel they'll stop with Dallas.

Look for the Broncos to throw the Cowboys, 31-21, and become the World Champions.

PUCKER POWER — 'Punchy' Williams demonstrates the art of boxing to a member of the Boys' Club. (photo by Joe Boldon)

WTC Boxing Club Meets MWF

WTC's Boxing Club meets Mondays, Wednesdays, and Fridays at 5 p.m. at the Boy's Club downtown.

Members on the traveling team include Joe Salinas, Anson freshman; Kevin Ehart, Anson freshman; and Mike Ross, Abilene sophomore.

Luther "Punchy" Williams, Lubbock freshman, organized

the club and sponsors the boxers who will attend an upcoming tournament.

According to Williams, "When the team makes its first appearance, everyone in the tournament will remember it. We are going to impress WTC with our talent and ability."

Twenty-five have joined a Snyder boxing team and ten of them are WTC students.

Cagers Down Clarendon

by Rocky Alexander

Coach Sid Simpson's Duster basketball squad extended their winning streak to five games by defeating Clarendon College, 81-64, Dec. 5 in Clarendon.

The win brought the team's record to 5-3 on the season and 3-0 in Western Junior College Athletic Conference action.

Leading scorer for the Dusters was Cindy Luttrull with 22. Others in double figures were Nodia Vaughn, 15, and Jackie Rose, 10.

Jo Beth Mitchell brought

down 12 rebounds while Luttrull took in 11.

Clarendon jumped out to a 19-8 lead early in the first half, but Vaughn came off the bench, stopping their attack. WTC led at halftime, 35-29.

"Nodia came off the bench and played three different positions and played them well," commented Simpson.

The Duster mentor noted that this game was about the best match played this year by the squad.

In the second stanza, WTC

dominated with the help of Cathy Minton.

"Cathy tore up their (Clarendon's) press, and defensively we stopped them from getting inside," said Simpson.

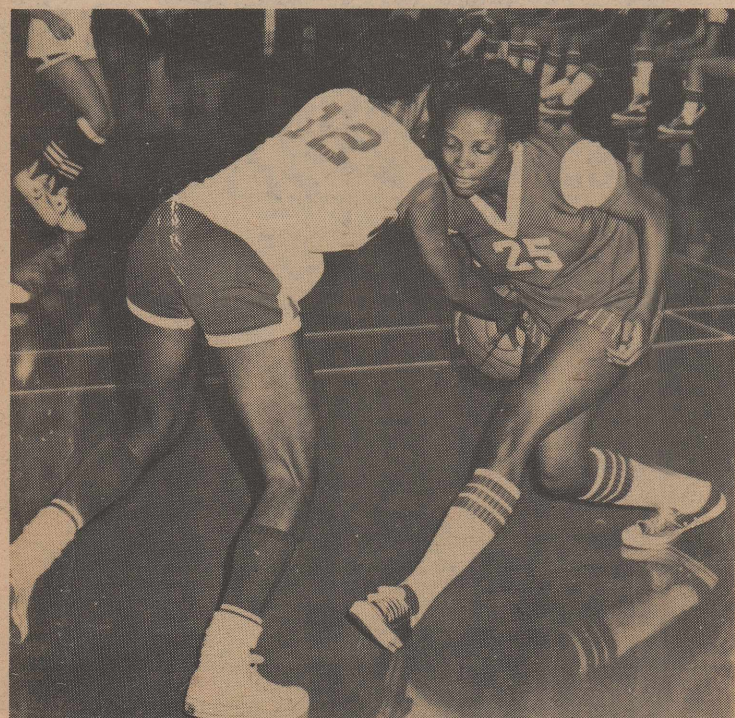

Following the Dusters' victory, Coach Nolan Richardson's Westerners downed the Clarendon men, 72-63, for their first conference win against one loss.

Adam Beadle scored 26 points, followed by Jon Moorehead with 12. Moorehead led in the rebound category, pulling in 12.

"We played one of the best defenses this year," said Richardson.

Clarendon led at the intermission break, 34-29, but during the second half WTC outscored the home team, 43-29.

Beadle hit 11 of 14 field goals and four of four free throws for the Westerners.

GIMME! — Duster Nodie Vaughn (12) goes for the ball in the conference scramble against Clarendon. (photo by Joe Boldon)

'Mean Green' Play Tonight

by Rocky Alexander

Western Texas College's Dusters will host Weatherford College at 6 p.m. tonight at the Scurry County Coliseum, followed at 8 p.m. by the NJCAA conference battle between the Westerners and New Mexico Junior College.

The Duster contest will be their ninth game this season as they hold a 5-3 record.

"Weatherford is a strong team," stated Coach Sid Simpson. "We have split games with them every year."

Simpson also pointed out that every time these two teams meet it is like a dog-fight.

Starting for the host team are Cathy Minton and Jackie Rose

at guard positions with Karen Williams and Cindy Luttrull at forwards. Gaylea Lunday will start at post but will alternate throughout the game with Jo Beth Mitchell.

Other possible relief players in the contest are Nodia Vaughn and Pennie Sexton.

The Dusters will play Sul Ross at 2 p.m. in the WTC gym Saturday.

The Westerner cagers take on NMJC in their third conference game this season.

"This will be a tough game to win," noted Coach Nolan Richardson. "If they're hot, they'll be hard to beat."

According to Richardson, the starting line-up is undecided because of changes he has been trying in previous games.

The Westerners, 1-1 in conference, need a victory tonight to be in good shape for the Christmas break.

"A big win tonight should fire us up for our next conference game," noted Richardson.

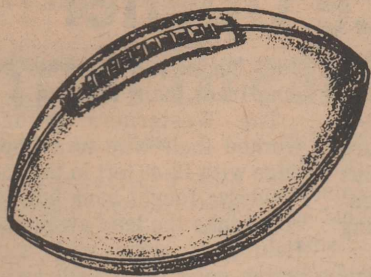

The cagers still have to play loop rival Amarillo College before their break.

"I believe if we win both conference games before Christmas break, we will be in first place," commented the Westerner mentor.

DUSTERS BB SCHEDULE

December		
8	Weatherford College	Coliseum
11	Sul Ross	WTC Gym
12	* Amarillo	Coliseum

LOVE THAT CAPTAIN! — Westerner co-captains Doug Worthington and Jon Moorehead pose with Duster captain Karen Williams. (photo by Joe Boldon)

Westerner Captains 'Keep Team Together'

by Rocky Alexander
What does the job of captain on the Westerner squad consist of?

For co-captains Jon Moorehead and Doug Worthington, the chore holds different responsibilities.

"A captain is the spokesman for the team on bad calls," explains Moorehead.

Worthington also notes that "the captain is supposed to keep the team together and keep us playing together."

Are the Westerner captains fulfilling these requirements? Both leaders remarked that the group is more together as a team this year than last year.

The duo are both sophomores, Moorehead (no. 12) hailing from El Paso and Worthington (no. 21) from Buffalo, N.Y.

What do these six-foot-plus cagers enjoy while not engaging in basketball?

Moorehead likes bike riding, outdoors, and photography. "I like to ride 10 speed bicycles in my off time."

Listening to music was Worthington's most-liked hobby. "I enjoy soul and jazz music."

The 6'5" New York sophomore is undecided on his major but plans to attend a big college after leaving WTC, to get a degree, then a good job.

Moorehead, a sociology major, hopes to receive his degree and become a counselor.

Has a new coach affected the team?

Both men agree that coach Richardson has helped. "Coach cares a lot about us and that means a great deal to me," noted Worthington.

Moorehead attended Andress High School and played basketball under Coach Phil Hilliard, while Worthington played under mentor Mel Palano at Bishop Timon High School.

The two cagers may have different philosophies about team captain duties, but on the court they both agree that the object of the game is to WIN!

I'M COMING THROUGH — Westerner Julio Gallardo (11) passes an Odessa player in WTC's first conference game. WTC was edged, 87-84. (photo by Joe Boldon)

Men Lose Conference Opener

by Rocky Alexander
 Coach Nolan Richardson's Westerner cagers lost their opening home game in NJCAA conference action, Dec. 1, to Odessa College, the loop favorite, 87-84.

Leading scorer for WTC was Julio Gallardo with 22 points. Gallardo, who wears number 11, managed 11 points each in the first and second halves. Doug Worthington and Jon Moorehead also scored in double figures with 19 and 12, respectively.

With 6:43 elapsed in the first stanza, OC led the Westerners 21-9, but with 12:43 remaining WTC began to put the pressure on. During the next six-plus minutes, the 'Mean Green' rallied for 22 points while giving up only 2.

The remainder of first half scoring alternated back and forth with the half-time score standing at 46-44, WTC leading.

Western Texas started second half scoring with a field goal from Adam Beadle, then the

duel began with buckets bouncing from team to team.

The Westerners gradually worked their way to a 10-point edge with 12:48 left in the game.

Odessa fought back but never could take the lead away until a field goal along with a free throw gave them a three-point lead with only 45 seconds showing on the clock.

WTC scampered to a one-point deficit, but as the clock ran out OC sank a final basket to win, 87-84.

NMMI Defeats Westerners In Wool Bowl

Western Texas' Westerners dropped their second game of the season, 89-78, to New Mexico Military Institute in the finals of the Wool Bowl Tournament in

Roswell, N.M. Nov. 24-26.

The Westerners reached the finals by defeating Oklahoma City Southwest Junior College, 74-72, and Odessa College, 82-70.

Odessa was favored to win the tourney.

Julio Gallardo led WTC scorers in the final contest with 26 points. Adam Beadle accumulated 20 and Dwight Williams sank six field goals for 12 points. Nobley led NMMI with 34 points.

Nolan Richardson, Westerner coach, pointed out that a number of questionable calls threw the momentum toward the host team.

"The kids feel like they haven't lost anything," commented Richardson. "They feel taken!"

In the opening game with OCS, Beadle was the top point getter with 24. Three other Westerners scored in double figures, including Gallardo with 13 and Jon Moorehead and Doug Worthington with 10 each. Smith led the OCS attack with 18 points.

Leading the scoring against Odessa College was Beadle with 15 points. Other high scorers were Worthington 12, Joe Mendoza 12, and Williams 10.

Basketball Camp Scheduled

WTC's Girls' Basketball Camp has been scheduled for June 5-9, and any girl who won't be playing ball for the college next year is eligible, according to Dr. Sid Simpson, women's basketball coach and athletic director.

Instructors will be high school

coaches. Members of the WTC Dusters will serve as counselors.

Enrollment will be limited to 75-80 girls.

Fee for the camp is \$95, including meals, instruction, T-shirts, and other awards.

Westerner BB Schedule

Fems, Men Win Over McMurry, Luttrull Breaks School Record

by Rocky Alexander

WTC's Westerners and Dusters scored impressive wins over McMurry College's men and women to top off Homecoming activities, Dec. 3, in the coliseum.

The Dusters dribbled past the McMurry women, 70-55, for their fourth victory of the season and in a row.

Cindy Luttrull lead WTC scoring with 34 points, setting a new school record for the most made in a single game. Luttrull had tied the record of 26 Nov. 28 against Clarendon College.

Also scoring in double figures was Jo Beth Mitchell with 12 points.

The Dusters opened the game with three quick field goals by Luttrull to take a 6-0 lead with only 1:16 elapsed from the clock.

For the remainder of the half the Dusters gave up 16 points to take a half-time lead, 35-16.

In the second stanza,

McMurry came back strong with 26 points in the first 10 minutes but were unable to get the lead at any time during the game.

Following the Dusters' game, the Westerners downed the McMurry men, 74-55.

Top scorer for WTC was Julio Gallardo with 13 points. Melvin Patridge had 11 and Joe Mendoza sank 10.

The Westerners jumped out to an early six-point lead in the first minute of the contest and held on to lead the remainder of the game.

McMurry threatened early when they went from an 11-3 deficit to tie the game at 11-11. For the next minute the scoring alternated from team to team, but with 11:09 left in the first half WTC began to break the tilt open and lead at half-time, 36-26.

During the second period the Westerners held a steady edge, never really being in trouble.

The win for the men cagers was their eighth of the season against three losses.

ACU Edges By Dusters

WTC's Dusters dropped their third game without a victory, Nov. 21, to the Abilene Christian University women, 70-68, in Rotan.

This was the second meeting of the two teams this year as ACU took the first outing, also 60-68, in overtime in Abilene.

Leading WTC scoring was Jackie Rose with 18 points, followed by team captain Karen Williams with 10. Kathy Hooper led the ACU attack with 21 points.

The Dusters hit 16 of 33 free throws and 22 of 66 field goals but gave up a tremendous 37 turnovers.

"We've got to get where we can handle the ball better," commented Dr. Sid Simpson, Duster coach.

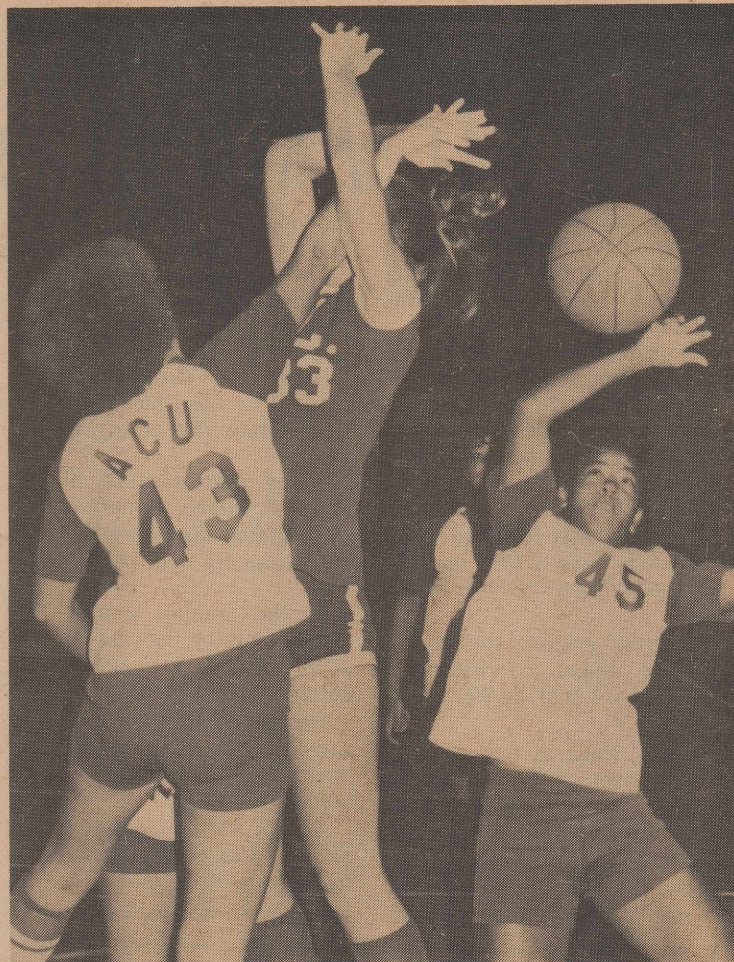

WTC led all through the first half, scoring 28 points and leading at halftime, 28-25.

During the second half ACU began rolling and piled up 53 points, allowing the Dusters only 32.

Dec. 2, the Dusters won their third game in a row by sneaking past the University of Texas at El Paso, 58-56, in the WTC gym.

Cindy Luttrull was WTC's leading scorer with 16 points while Jackie Rose managed 15. Topping UTEP scoring was Marie Stoney with 20 points.

The win for the Dusters brought their season standing to 3-3, while they held a 2-0 NJCAA conference record.

CRRRRUNCH! — Gaylea Lunday's (33) plans for shooting are foiled by the block of an ACU cager. ACU beat the Dusters in non-conference play, 70-68. (photo by Joe Boldon)

Women Open Conference Play

by Rocky Alexander

Coach Sid Simpson's Duster basketball squad opened NJCAA conference play last week with two victories against no defeats.

Nov. 28, the team bounced over Clarendon College, 94-73, in the WTC gym for their first loop win and their initial season win after earlier dropping three non-conference games.

Cindy Luttrull was top scorer with 26 points, which tied a school record for most points in a single game. She shares this title with ex-Dusters Theresa Beal and Marilyn Payton. Payton currently is a star on the Texas Tech University team.

Luttrull also managed 14 rebounds, just five short of that record held by Payton.

Karen Williams had 21 points and 11 rebounds, while Jackie Rose put in 20 points and had 3 assists.

"I was real pleased," commented the excited coach. "Everyone played a good all-around game."

The Dusters' turnovers

dropped from 41 in a previous match to 17. Thirteen came in the first half with only 4 in the second.

"In the four-year history of Duster basketball, the second half was the best team play for 20 minutes we have ever had," noted Simpson.

WTC's defense led by Cathy Minton and Gaylea Lunday held Clarendon to only 24 points the second half.

Top scorers for Clarendon were Denise Ashby with 25 points, Teresa Wright with 12, and Tammie Bates with 11.

In the second loop game of the season, Dec. 1 in the Scurry Coliseum, the fem cagers downed Odessa College, 79-60.

Luttrull was high-pointer with 21, followed by Rose with 19 and Williams with 16.

The Dusters trailed OC for almost seven minutes at the beginning of the game, but a field goal by Luttrull with 13:15 remaining in the first half gave WTC a 10-9 lead, one that they never lost.

Force, Busch Boys 1-2 In Fall 'Mural B-Ball

by Rocky Alexander

Intramural basketball ended recently with one team lasting through the semester undefeated.

Finishing with an 8-0 record was The Force, followed by the Busch Boys at 7-1.

The Golfers ended 6-2 with the Cowboys and Panama Red the next closest teams, having identical 4-4 marks.

Other records included a 2-5 for the Outlaws, 1-7 for the Odd Couple, and Los Chicanos finished 0-8.

In girls action, the Roter Rooters ended 2-1 with the Bombers, 0-1, and the Warthogs, 0-2.

Nov. 1, Panama Red downed the Outlaws, 39-16 with Scott McAnally the top scorer with 13. Also, the Coors Kids beat the Cowboys, 28-14.

Nov. 2, The Force squeaked by the Busch Boys, 40-38, with

the top point-getter, Chester Cobb, sinking 23 points.

The same night the Golfers stopped the Cowboys, 38-25. Dennis Owens of the Cowboys was the leading scorer with 19.

Later the Outlaws barely made it by Los Chicanos, 35-33, with Grady Miles scoring 10 points.

Three games were played Nov. 3 where Panama Red walked over the Coors Kids, 36-20. McAnally led the scorers with 11.

In the second game, the Outlaws ran by the Odd Couple, 37-16, with Dacus scoring 12 points.

The last contest of the evening saw The Force stomp the Cowboys, 51-38. Wes Isbell had 20 points.

Nov. 8, Cobb led the Busch Boys to a 63-24 victory over the Cowboys with 28 tallies.

Following was the hanging of

the Coors Kids by The Force, 65-26. Isbell scored 19.

The Cowboys tripped Panama Red, 33-31, in the first contest Nov. 10. Owens scored 17 points. 78-30 was the final between the Busch Boys and the Outlaws. Cobb led the winners with 38 points.

The final tilt Nov. 10 saw the Golfers down the Odd Couple, 61-21. Keith Crum was high pointer with 29.

Nov. 15 saw the Golfers stop Panama Red, 45-41, and the Cowboys cream the Outlaws, 33-19. Crum scored 23 for the Golfers and Owens had 16 for the Cowboys.

The Busch Boys beat Panama Red, 58-29, Nov. 17 with Kelly Ragland leading the scoring with 15.

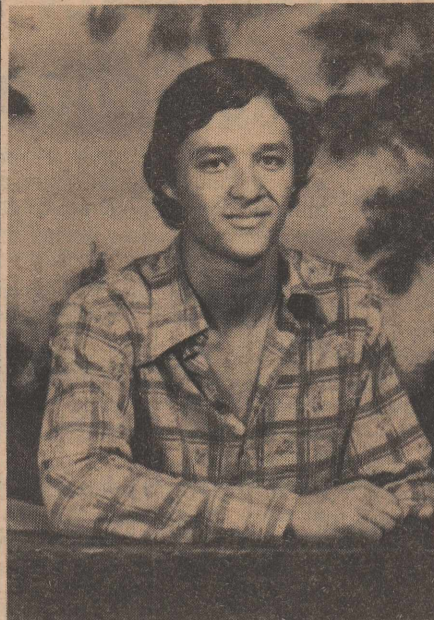

Also that night the Cowboys stopped the Odd Couple, 47-39, with the help of Dare Nolen's 18 points. The Force stomped the Outlaws, 55-18, and Flint McNeill had 27.

Nov. 21 saw the Busch Boys demolish the Odd Couple, 86-17. Cobb and Joe Boldon each had 25 points for the winners.

The Force beat the Golfers, 51-46, Nov. 29. Leading scorer was Kent McNeill with 24 points.

In the final two games of the semester, the Busch Boys breezed by the Golfers, 70-44, and The Force struggled to defeat Panama Red, 35-32. Top scorers in each game were Cobb with 25 for the Busch Boys and Isbell for The Force with 22.

There were also 13 games forfeited during this semester.

THE WESTERN TEXAN — staff dedicates this issue in memory of George Gonzales.

by Rocky Alexander

"He was a gentleman and admired by everyone who knew him," commented Westerner coach Nolan Richardson, speaking of WTC sophomore George Gonzales who died Nov. 22 in the Towers Hospital at El Paso.

The death was reported as accidental, according to the coach, as Gonzales apparently fell from his hospital room window.

Richardson also pointed out that Gonzales, complaining of headaches and pressures on his head, was admitted to Towers Hospital Nov. 22, where it was discovered he had a brain tumor.

"We would like to dedicate the remainder of our season

to George," noted Richardson.

The 5'8" Westerner guard was one of the smallest players on the squad but, according to co-captain Doug Worthington, "George worked hard and played bigger than his height."

"George pushed everybody during practice and he tried hard even though he knew he wouldn't get to play," added Worthington.

Gonzales, 20, son of Mr. and Mrs. Manuel Gonzales, Jr., of El Paso, played for Angelo State University before transferring to WTC.

In remembrance of their former teammate, the Westerners will wear black wrist bands during each game for the remainder of the season.
