

Telecom classes begin this fall at WTC

Five courses implemented; video production, 'intro class' offered this fall

telecommunications program is implemented through the college's Mass Communications Department.

Two three-hour classes in the new curriculum are offered this term, a class in basic video production and a survey course entitled

"Introduction to Telecommunications." In all, the college will offer five classes profiling both broadcast and non-broadcast video production which telecommunications majors may take over a two-year period.

The five classes will be divided among three faculty members. Mass communications instructor Donny Brown and drama instructor Michael Endy will share responsibilities for the two classes in basic video and audio production, which will include labs for student productions.

Speech instructor Jan McCathern is to teach the "Introduction" class, a lecture survey course which does not include a lab.

The two remaining telecommunications classes now added to the WTC catalog are "Radio/TV Announcing," which will be taught by Endy; and "Writing for Electronic Media," which Brown will instruct.

"We've tried to divide the instruction load based upon the individual areas of expertise of the teachers," said Brown, who will supervise the program as head of the Mass Communications Department.

Brown, who currently teaches photography, newspaper and magazine writing and desktop publishing, will focus on such areas

as script writing, camera techniques and editing. Endy, in his capacity as drama instructor/director, will concentrate on such areas as lighting, audio production and on camera "talent."

Mrs. McCathern, who completed telecommunications

classes as part of her undergraduate degree in speech communications, will teach the introductory course each fall in addition to her speech classes.

The two basic classes will be video and audio production and these will be scheduled for telecommunication majors during their freshman year. The video portion is offered this fall and the audio class will follow in the spring. Both classes will use the same textbook and "In effect, one will be an extension of the other," said Brown.

"The main difference is in the fall we'll be stressing the visual aspect and basic planning, which ultimately leads to a script. Come spring, we'll concentrate more on such areas as light-

ing and the finish-

sound effects." He noted majors will be able to

further refine their video skills their sophomore year with a onehour activities lab that will be offered both fall and spring.

"From this sophomore lab class,

Television production classes come to WTC this fall as a new we hope to eventually move into broadcast-quality programming," noted Brown.

> For majors, the telecommunications instruction will be bolstered by two other required classes, "Introduction to Photography" and "Introduction to Mass Communication."

Regarding equipment, the program will begin with two Super VHS-format camcorders and related studio equipment such as light stands, tripods, dollies and microphones.

The audio equipment will include a CD player and a Digital Audio Tape (DAT) machine for recording and a portable audio mixer. The audio phase will utilize a Macintosh com-

puter and software also.

As for editing, the department has submitted bid specifications for a Sony-brand video editing system. "This is the single most expensive piece of equipment we'll have." Brown said, "but it will do a lot of stuff like fades and wipes and it will work with a variety of video formats in addition to the Super-VHS."

He said the emphasis, at least in the initial phases of the program, will be "single camera shoots." This involves shooting the entire scripted format with a single camera, then creating the illusion of multi-camera work in the editing process.

As for the number of students who might eventually take advantage of the program, Brown said, "Folks we've talked to seem to think 20 majors on campus is not unrealistic once we're established. I'm aware of another junior college which has 60 majors in telecommunications alone."

He added that the classes "can also be a pretty fun elective for non-majors."

Brown noted the field of telecommunications is one of the fastest growing nationwide and one which generates a lot of student interest.

"Its a terrifically expanding field, particularly the area called

the telecom division there. In fact, Dr. Harp advised us on equipment purchases to get our program rolling," said Brown, who has been taking graduate-level courses in television production in preparation for the new WTC program.

WTC continues aggressive marketing plan

WTC now enters the second year of a new and more aggressive recruiting and marketing plan and college officials indicate they have no plans to

"slow the process" in 1995-96. As the new college year opens, personnel changes will affect the recruiting office and its related campus visitors center, but the office's basic intent—to secure a larger section of traditional college students for WTC—remains in place.

"Our goal for the coming year is to visit as many (high school) campuses as we did last," said Deidra Graves, director of college relations. She estimates the number in excess of 100, which spells a schedule of three and four days "on the road" for her most weeks.

Last year, she shared recruiting duties with Lynda Cain McCormack, who accepted a teaching position with the Colorado City school system over the summer. Mrs. Cain's replacement is expected to be named by this week.

The personnel changes will prompt a slight shift in office duties. Graves said she will assume almost the entire load of off-campus visitations

and her newly-hired office mate will be primarily dents, and have as responsible for on-campus visits, which begin at the visitor's center located in the south wing of the Learning Resource Center.

The goal last year was to visit as many schools as possible within a 100-mile radius of WTC. With two recruiters traveling, however, the visitor's center was sometimes vacant, Graves noted.

Under the new arrangement, visitors to campus will be guaranteed a guided tour and any other cludes getting inrelated information about WTC.

The change to a two-person recruiting and marketing office was instigated in the fall of 1994 under the supervision of Dean of Student Services Duane Hood. Both McCormack and Graves, a 1993 Texas Tech graduate, were hired at that

recruitment effort include television and radio advertising and participating in college fairs.

While no specific goals are set regarding student gains this year, the recruiters hope to fill all on-campus housing, which totals about 250 stu-

many "quality students" as possible enroll.

One goal is to recruit "students who want the total educational experience," which involved in campus activities.

The biggest selling point used to interest prospec-

tive students in WTC is its low cost compared to other area col-Other techniques incorporated in the college's leges. The \$680 for tuition and fees a semester compares favorably to the approximate \$1,200 a semester at Texas Tech University or to the fees of a private university such as Abilene Christian

University that charges about \$240 per semester

Deidra Graves

Graves notes also that 75 percent of WTC students receive some sort of financial aid compared to just 22 percent for students at Texas Tech.

It is estimated the recruiting effort results in about 250 student visits a week, traveling anywhere from 500 to 1,000 miles. The targeted size is class 3-A schools and

smaller, Graves explained, since students from larger high schools generally prefer a larger campus. The small campus size of WTC is a selling point to the students from smaller high schools.

On a typical high school visit, she will inform the high school students about dorm life, financial aid and other aspects of college.

Graves considers the high school visits to be a public service that even students that aren't going to attend WTC benefit from. "We tell them about college in general and Western Texas College specifically," she said.

Graves said it will be this fall before the results of last year's efforts can be assessed. At that time, it will be decided which marketing strategies work and which need to be improved.

Ag instructor honored by students

■ im Judah, assistant professor of agriculture at WTC, was honored Nov. 15 as part of the annual celebration of Phi Theta Kappa's Founder's Day here. He has been a faculty member at WTC for 10 years

Before coming to Western Texas College, Judah spent three years as an assistant professor of agriculture at Lubbock Christian College.

He teaches agriculture here and serves as the coach for the WTC meats judging and livestock judging teams. In 1992, his meats judging team was named national champions at the Houston Livestock Show. At LCC, he was coach of a national champion livestock evaluation team in 1981.

The WTC PTK Chapter, in conjunction with the Student Senate, uses the anniversary date for the founding of PTK to honor an employee of WTC for outstanding service to the students.

Judah was honored with a reception in the Student Center. In addition, his name was added to a plaque which hangs in the Student Center.

Employees are nominated and voted on by members of PTK and the Student Senate.

Judah currently serves as the state secretary-treasurer for the Texas Southdown Breeders Association.

In addition, he is the president of the Scurry County Extension Program.

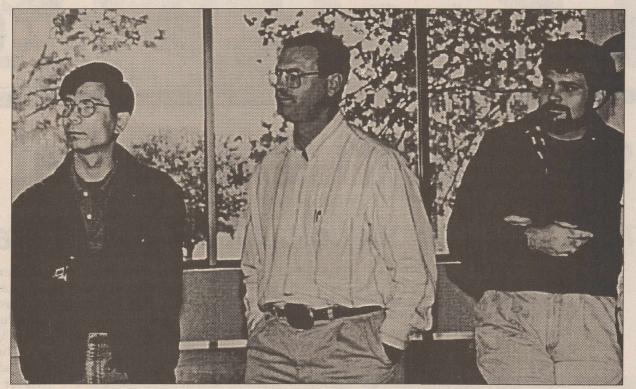

PTK chapter recognized

Jennifer Beard and Ben Felan, members of Western Texas College Phi Theta Kappa chapter Psi Zeta, were inducted into the Texas-New Mexico Hall of Honor for Members at the Regional Convention held in Lubbock March 9-11 at the Lubbock Plaza Hotel and Convention Center.

Dr. Harry Krenek was also inducted into the Texas-New Mexico Hall of Honor for College Presidents.

At the regional convention in March, WTC's Psi Zeta chapter received the Top Ten Chapter Award within their region. The chapter also achieved a Level 5 honor in the Chapter Development Program.

In addition, an art project by Miss Beard was recognized April 8 at PTK's national convention in Chicago. She received an "Achievement in Art" certificate for her creation of a ceramic lamp.

Poem earns \$1,000 prize

A WTC creative writing student won \$1,000 in a nationwide poetry competition for a work written in a course offered here last fall.

Harris' Nancy poem, "Sympathique," was chosen the grand prize winner out of 8,000 entries in the Illiad Literary Poetry Contest. The contest is announced annually through Writer's Digest magazine and is

open to amateurs only. Nancy submitted two entries and both were appproved for publication. She was later notified that "Sympathique" had been awarded honorable mention status, indicating it was among the Top 100 poems entered. Out of these 100, the grand prize winner was selected.

Mrs. Harris said she was in "a state of shock" when she received the phone call telling her that she had won the \$1,000 grand prize. As the winner, her poem will be the lead piece in the anthology "Chapter One: The Laureates of Musings."

The poem was written in the creative writing class taught by English instructor McGlothing

WTC admission policy noted

All high school graduates may be admitted to Western Texas College, but college officials remind that certain requirements must be met before students may register for classes.

Students must provide an official transcript or GED to WTC; submit their scores from the ACT or SAT admission exam or take the college's placement test; and complete the application for admission.

WTC offers also an early admission program for high school seniors. Those who have completed their junior year may enroll in classes to earn college credit.

Application forms for both regular and early admission are available in the Student Services office located in the front of the Learning Resource Center. Transfer students from another college must make application and present a transcript of their entire college record before they may register.

Financial assistance offered

A wide variety of financial aid is available to WTC students and those interested are urged to contact personnel with the financial aid office located in the south wing of the Learning Resource Center.

Dennis Carlton, financial aide officer, stresses that early application is the most important aspect of receiving aide.

Students who qualify for aid have this amount credited first against tuition and fees during registration. Next, funds are applied against payment of campus housing, if applicable.

According to Carlton, students needing help in paying for the cost of an education should begin by picking up a 1991-92 Family Financial Statement (FFS) Packet from the financial aid office in the Learning Resource Center.

The form enables the student to apply for money from the federal government, state agencies, colleges and other pro-

Western Texas College scholarships are awarded in most departments on campus. A brochure listing the various grants and scholarships available at WTC can be found along with the FFS in Carlton's office.

Four wing dorm houses 192

The WTC dormitory is comprised of four wings—two to house men students and two to house women—and has a total capacity for 192 residents.

Each floor accommodates 16 students and there is a large common area between the four wings to serve as a meeting place for occupants and their guests. These furnished living areas include a color television and a telephone for local calls.

Each dorm room is wired for telephones, although students must bring their own phone equipment. Laundry facilities are offered plus vending machines and pay telephones also.

The dorm includes an "honors floor" for students with higher

Residents are required to purchase meal tickets which entitle them to eat the 15 meals prepared each week in the college cafeteria located in the Student Activities Building.

The cost for room and board is \$1,025 if it is paid at the start of each semester. A pay-out plan is available also.

These plans consist of an initial payment of \$575 at registration and two installment payments of \$235 due Oct. 1 and Nov. 1. A \$50 deposit must be sent to the WTC Housing Department before a student can be considered for dorm residency.

Televisions, stereos and small refrigerators are allowed in the resident's rooms.

There is a \$25 charge for cable per semester for a television and a \$25 charge per semester for electricity if small refrigerators are used.

Microwaves are not allowed in the student rooms, but there is one available in the main lobby area.

A completed housing file is required before a student can

These forms consist of the \$50 dorm deposit plus completion of a dorm contract, medical form, proof of insurance coverage and immunization records.

Apartments are available also

For students who meet specific criteria, WTC offers oncampus apartments rather than the traditional dormitory hous-

The apartments are available to all students, but preference is given to those enrolled in quarterly rather than per-semester programs; to foreign students; and to students living out-ofstate or in-state students living a far distance from home.

Meal tickets are available but not required for apartment residents. Each apartment is fully furnished and including telephone jacks. Televisions are not provided, and students provide linens and other personal items.

To rent an apartment, a deposit of \$110 is required. The cost of the apartments is \$725 per semester, which includes five meals per week through the WTC cafeteria.

An apartment file must be completed before the student may move in. This includes the deposit amount and filling out an apartment contract, medical form, proof of insurance coverage and immunization records.

LRC offers varied facilities

WTC's Learning Resource Center houses thousands of books, a computer lab and a reading center which is used for developmental reading students.

Also, the LRC houses a reference room complete with encyclopedias, research material, daily and weekly newspapers and periodicals.

The LRC contains also a microfilm area with magazine articles from past years stored and available. A copy machine is available to students and the library staff will make copies using the facility's microfilm copier. For both, the charge is 10

The LRC also features an audio-visual department which will make copies of non-copyrighted cassette tapes for students at no cost. The students must provide a blank tape. Cassette tapes and some movie videotapes are available.

Cassette tape recorders are available from the circulation desk also with a three-day limit for use.

 $The LRC's \ operational \ schedule \ is: Monday-Thursday, 8 \ a.m.$ until 9 p.m.; Friday, 8 a.m. until 4 p.m.; and Sunday, 2 until 5

Awards Day sponsored by faculty to honor scholars

Awards Day April 25 honored WTC's top male and female academic student as well as outstanding scholastic students in each of the college's seven divisions. The annual event is sponsored by the WTC Faculty Association.

Named the outstanding academic students for 1994-95 were sophomores Mike Hughes of Ira and Sandra Hall of Snyder. To qualify, students had to have maintained at least a 3.75 GPA while attending WTC both as a freshman and a sophomore. During those four semesters, the student had to have been a full-time student for a minimum of three semesters.

A list of qualifying students was circulated to faculty members, who were then given the option of nominating students. A consideration in these nominations was campus activity and community

The final two were named by a vote of the WTC Faculty Association. Other nominees this year were Pam O'Briant Sweetwater and Brian Fields of Snyder.

This year's winners were both staffers for the campus newspaper Texan. In addition, both were named outstanding students for the Mass Communications Department and received recognition for their work in English classes here.

Mrs. Hall earned recognition also as an outstanding Spanish student.

Hughes is planning to continuing his studies at Midwestern University in Wichita Falls

and Mrs. Hall is to attend Angelo State University Also recognized at the event were this fall's recipients of the WTC Faculty Association scholarships and students named last spring to Who's Who in American Junior Colleges.

national origin or veteran status in its educational and vocational programs, activities or employment as required by Title IX, Section 504 and Title VI.

Western Texas College will take steps to assure that lack of English language skills will not be a barrier to admission and participation in all educational and vocational programs.

For information about your rights or grievance procedures, contact the Title IX Coordinator, Mrs. Bettie McQueen, at Western Texas SPCH College, Snyder, Texas 79549, (915) 573-8511, ext. 302, or Section 504 SPCH Coordinator, Mr. Gay Hickman at Western Texas College, Snyder, Texas 79549, (915) 573-8511, ext. 306.

## Miss Texas heralds value of self-esteem during campus visit

Reigning Miss Texas 1994, Arian Archer, visited the WTC campus March 28 as part of her travels across the state talking

dents in grades "This is fun for me. I enjoy hanging out with kids my own age,"

ranging from Kindergarten to high school and college. Archer said she

will talk to about 200,000 students in an eight month time period, but the WTC visit was her only one to a college.

"This is fun for me. I enjoy hanging out with kids my own age," she said in an interview following her performance at the Fine Arts Theater.

Archer described her experience as Miss Texas as being "more work than expected." Specifically, she said she is surprised

with all the traveling involved.

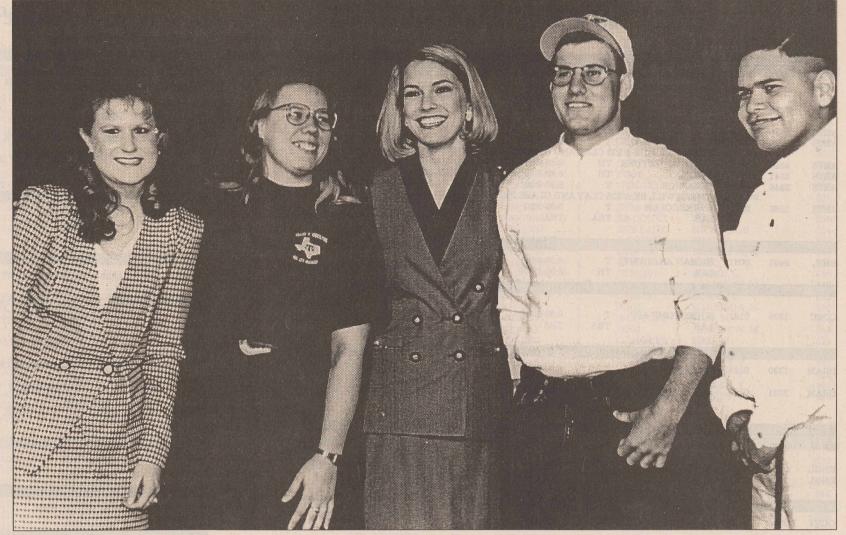

Miss Archer said she has many career options but is considering becoming a professional singer of Christian music after she graduates from Texas Tech University.

When she does return to Tech in the fall to finish her degree in music education, she will be using about \$18,500 in scholarships that she has won between the Miss Texas and the Miss America

She graduated from Borger High School in 1991 with academic honors, but she says she still runs into the "image problem" of being both a blonde and a beauty pageant winner.

"Already having the beauty pageant image to change anyway doesn't help me, and being blonde doesn't help," she said.

Her appearance here was sponsored through the WTC Student Senate's entertainment

# Graduation ceremony April 28 honors 75 students

eremonies at Western Texas College April 28 honored 75 candidates for graduation in either academic or vocational areas.

Graduates included 46 earning an associate in arts degree, 14 earning an associate in applied science degree, and 15 earning certificates in vocational programs.

The assembly followed the pattern of past WTC graduations, with three students offering brief addresses. The theme this year was "Choices, Challenges and Champions."

Student speakers were Erin Christine Sanford Sweetwater, Michael Don Student last spring, and Cheryl Ann Drake of Roscoe.

Both Sanford and Hughes earned their associate in arts degree and Drake earned her certificate in technology.

The three student addresses were followed by a response from Jan McCathern, president of the WTC Faculty Association and an associate professor of speech.

Dr. Harry Krenek, WTC president, welcomed guests and made introductions. Degrees and certificates were awarded by Bettie McQueen, dean of instruction, assisted by Carl Williams, president of the WTC board.

Among the 46 candidates for associate in arts degrees were 22 students from Snyder. They included Jennifer Beard, Karri Hughes of Ira, named WTC's Lynn Blackledge, Claudina Sue Don Hughes of Ira and Alicia Outstanding Male Academic Bogard, Jonell Vivian Cardwell, Dawn Kubena of Hermleigh. Nicholas Wade Gift, Sandra J. Hall and Laura Ann Hamby.

a joint production between the WTC drama department and the local Ritz Community Theatre. It was cancelled, however, due to negative responses following a brief description of the play in a local news article.

The production was rescheduled and opened the WTC drama department season Sept. 28-Oct.1. The run was under the direction of department head Michael Endy.

When initially proposed, concerns centered around the setting of the play in a bar, two characters living together, and some language

content. Suggestions involving rewriting and/or deleting certain aspects of the play were rejected by Endy due to concerns about censorship and copywright laws.

Cast members in the fall production included "Jim Stools," Rick Freeman of Snyder; "Roy Manual," Blake Durham of Snyder; "Jason (Jay Bob) Wilfang," Jay Hawkins of Graham; "Eva (Eva June) Wilfang," Emily Hataway of Snyder; and "Catherine Empanger," Rachel Brown of Jayton.

The next fall outing was under the "classical" title as William Shakespeare's "King Lear" was staged Nov. 16-20.

## Men 2nd, women fifth at national rodeo event

Rodeo Coach Todd Danley's school year didn't officially end until mid-June, but it was a sweet ending for the first-year coach.

Danley traveled with qualifying representatives from both his men's and women's rodeo teams to Bozeman, Mont. where the annual National Intercollegiate Rodeo Association finals are held. At Bozeman, the men finished second, a move from third after one competitor from another team was disqualified, and the women fifth. The effort produced also some \$10,000 in scholarship monies, provided courtesy of Copenhagen Skoal.

The two teams advanced to the national competition by both finishing second in Southwest Region competition during the fall and spring rodeos. Before Bozeman, WTC's men were ranked 15th in the nation and the women ranked ninth.

Individually, Davey Shields of Canada finished fifth in the bareback riding; Pete Ellis Fort Worth tied for second/third in saddle bronc riding; and Blake Thomas of Brownwood placed fifth in

calf roping.

Other competitors for the men were Cleve Schmidt of South Dakota, bareback riding; Guy Smith of Canada, calf roping; and Todd Loesch of Fort Worth, calf roping and steer wrestling.

For the women, Chasity Rickman of Hereford finished seventh in the nation in goat tying. She had qualified at nationals in barrel racing and breakaway roping also.

Also at nationals, Emily Schaffer of Nebraska placed 10th in goat tying. Competing for the WTC women's team also was Mandy Harsh of Arizona, qualifying in breakaway and goat tying.

Other men's rodeo team members were Ray Richards, Justin Johnson, Heath Hudson, Paul Little, Brandon Bland, Drew Harbison, Gary Blake Thomas, Chip Hackney, Shawn Pittman, Bronc Collier, Rocky Banta, Shawn Minor, J.J. Kincheloe, Nate Avey and Danny Ray Stark.

The women's rodeo team was comprised also of Jonell Cardwell, Deana Schwartz, Dayna Doyle, Shawna Davidson and Mary Ann Miller.

## **WTC** team wins at Super Hoops

Western Texas College's 3-on-3 intramural basketball team advanced to the finals and finished second at the Schick Super Hoops contest March 3-4 at the University of Texas at Arlington.

It was the highest finish for a 3-on-3 team from WTC since they have participated in the Super Hoops, said sponsor and coach Mike Harrison.

At this year's competition, the team defeated opponents from Tarrant County Junior College, Wichita State, Oklahoma Baptist and Texas A&M.

Team members were Chris Lambaren of Hermleigh, Josh Murrel of Sterling City, Mitch McCaleb of Brownfield and Anthony Alvarez of Snyder.

The team was placed in a three team pool in which they played a round robin tournament with the top two teams from each pool advancing to a single elimination tournament with the seven other pools at the tour-

In the first game, the WTC team beat Tarrant County Junior College 40-33, but was beaten by Tarleton State College 54-33 in the second game.
