Applying ammonia helps produce **60-bushel wheat**

Leading West Texas farmers like C. B. WILHELM apply 100 lbs. of ammonia per acre on wheat

C. B. Wilhelm, who farms 275 acres in Castro County, says: "Phillips 66 Ammonia pays profit returns on wheat. After pre-plant applications of 100 pounds of ammonia per acre, I've made 50 to 60 bushel wheat. Phillips 66 Ammonia is also used successfully on maize. I figure on increasing my ammonia application rate on maize this year to further increase yields."

Thousands of Texas farmers are using Phillips 66 Ammonia to help assure top net profits per acre. Actual field reports prove that this 82% nitrogen fertilizer (1) boosts wheat and small grain yields (2) increases maize yields (3) produces more high grade cotton (4) improves forage production.

See your local Phillips 66 Agricultural Ammonia Distributor now. You can depend on better ammonia service. Phillips 66 Agricultural Ammonia may be applied by you or your distributor.

BEV'S

I am taking this means of publicly expressing my heartfelt appreciation to everyone who came to visit with me personally, or who graciously called by telephone during my stay in the Littlefield Hospital and also while I was recuperating at home.

Also for your wonderful cards and floral offerings I shall ever be grateful.

To the people of Olton I also want to say that I regretted having to resign as your Mayor, but I felt that for my best health I must do so. I did not feel that I could do you justice in the job in such a condition. I am sure you can all understand my position on this.

Once again may I say to each and everyone of you "THANKS A MILLION" for your wonderful friendship and thoughtfulness.

> Your Friend F. (Lefty) Hollingsworth

Fourth Field Day Slated Sept. 14

of the High Plains Research Foun- 19-20, 1960. Registration will begin up the South Plains Council. dation will be held Wednesday, at 4 p.m. on Aug. 19, and the James Perry, lodge secretary,

Tours of the research plots will start at 1:30 p.m. and continue until 5 p.m. A barbecue will be served all visitors at 6 p.m., folowed by an evening program. Visitors will have an opportunity to see the expanded research programs with cotton, and the new basic plant breeding program with soybeans and sesame.

Other points of interest include the new research program on weed elimination with flame cultivation; fertilizer studies with cotton, grain sorghum, and castor beans; variety tests on grain sorghum, soybeans, corn, castor beans, and sesame; and irrigation valuation, water conservation, and the recharge well.

In addition to the farm tours, a farm machinery exhibit will show the latest development in farm, irrigation, and agricultural aviation equipment.

The average attendance for the first three field days was 2,000.

TRAFFIC MISHAPS IN LAMB COUNTY TOTAL 15 IN JULY

The Highway Patrol investigated 15 rural traffic accidents in Lamb County during the month of July, according to Sgt. D. S. Lawson, patrol supervisor of this area. These wrecks have accounted for one person killed, seven injured, and a property damage of

This brings the total for the year in this county to four persons killed, 26 injured, and a property damage of \$31,881. Prior to the first of this month there had been a total of 929 fatal accidents in Texas. These tragedies resulted in 1,134 persons losing their lives.

These trails would shake the cab off not our Chevy'

Few trucks are subjected to the body-wracking beatings that are part of a day's work for this Chevrolet Series 60 pulpwood hauler. It's owned by J. E. Fox, North Carolina logging contractor. As Bobby Fox, a partner in the business says, "Loaded with pulpwood, we drive over stumps and potholes you'd think would tear the truck to pieces. These trails would shake the cab off an ordinary truck, but not our Chevy. We can average an extra load a day . . . make \$45 to \$50 a day more with this Chevy than we can with the others."

In every weight class these Chevies are doing more work at less expense than trucks have ever done before. Drive one at your Chevrolet dealer's. It's an experience that could pay you big dividends.

"That 6-cylinder engine really per-forms," says Bobby Fox. "It's got the lugging power we need in the woods
