Students Named Most Likely To Succeed

Gayle McAnally and David Morrison have been selected by the faculty of Olton High School as the students Most Likely to Succeed.

At balloting Tuesday afternoon, these two top students were chosen for the honor on the basis of scholarship, character, leadership and contribution to the school.

Gayle and David will be recognized in the 1960 Mustang annual.

Other favorites are being chosen in the high school this week. Faculty members will select the top ranking students in each subject for listing in Who's Who.

Students are casting their ballots for Personality Pin-Ups of the high school. Pictures of candidates for Most Beautiful Girl and Most Handsome Boy were sent to a prominent television star.

The screen personality has selected his choice for the two honors. This selection will not be revealed until the annual is distributed this spring.

City Lawsuit Is Postponed

The city's suit against H. L. Dennis has been continued again.

Mayor Pro Tem A. D. Adams quoted City Attorney Gene Owen as having said the case was continued upon request of defendant's counsel, Hank Gowdy of Littlefield.

Owen said the case previously had been continued by Judge E. A. Bills when the defendant through his attorney asked for trial by jury. Adams quoted Owen as having reported that Judge Bills granted another continuance Tuesday when it was agreed that the case be tried before Judge Bills without a jury.

No new date has been set for the hearing, Mayor Adams said.

MORE THAN 200 HEAR ARLINGTON MENTOR

Gilstrap Declares Enthusiasm Must

Enthusiasm makes a champion, Coach Claude "Chena" Gilstrap told more than 200 persons who turned out for the Olton Mustang football banquet Tuesday night.

"You must have a desire to improve at anything to which you set yourself in life," the brilliant Arlington State head football coach told a receptive audience.

"You can do a great deal more in some directions than you think you can," he went on. "In fact I've seen boys give their final ounce and outrun boys on the football field—boys who in a race it would be impossible for them to beat."

Coach Gilstrap concluded by declaring that we should try to realize the maximum good that is in us.

High School Principal Don Waldrip was master of ceremonies. Welcome was by Charles Polk, president of the Booster Club. Response was by Tommy Wilson, co-captain of the Mustang football team.

Coach Turner and Coach Jeff Smart handed out football jackets. Captains Phil Neinst and Wilson presented presents to Coach Turner and Coach Smart.

Steve Boruk Is Injured

Steve Boruk was seriously injured a week ago Wednesday when he fell from a 3½-foot high railing across a nearby bench.

He suffered fracture of four ribs and his lung was punctured. He was admitted to West Texas Hospital in Lubbock Thursday night of last week after a hemorrhage. He was taken to Lubbock in a Parsons Funeral Home ambulance.

Mr. Boruk's condition was near critical until Saturday. He remained under oxygen until Monday. Mrs. Boruk Wednesday night of this week said her husband's condition was improving.

He still is not permitted to have visitors.

JUNIOR PLAY

Bobby Brown is shown brandishing a hatchet with which he scares other members of the cast of the junior play. The play will be presented Saturday night.

Weed Control Election Set

A weed control district election has been called for Lamb County, according to information received here Thursday.

Date of the election could not be learned at press time. Further details will be published next week.

Junior Play To Be Staged Saturday Nite

Junior Class Play, "A Ready Made Family" will be presented at 8:00 Saturday evening in the high school auditorium.

Tickets for the junior play may be purchased from a junior or at the door Saturday evening.

Also in the cast are Harold Featherhill, Kay Cherry, Bobby Brown, Bobbie Campbell and Tommy Green. Directors of the play are Mrs. John Campbell and Clifford Curry.

Phones Blow Main Fuse

Every telephone in the Olton exchange was dead for a period of about a half hour Thursday morning of last week, according to Denver Offield, maintenance man with General Telephone Co.

Offield said a main fuse blew out at the office about 9 o'clock. He replaced the fuse and restored service about 9:30 o'clock.

PONIES TO CLASH WITH MULES FRIDAY

Mustang Quintet Takes Second Win

Olton basketball fans saw two fine games Friday night as Mustang boys and girls split a twin bill with Lockney.

Olton boys won their game 43 to 42 while the Olton lassies lost a mere two points 45 to 43. There were thrills aplenty and fans left the gymnasium weak with the thrill of two contests, neither of which were decided until the final second of play.

Olton girls led off with an icy twingler that held spectators spellbound to the final buzzer. Olton led until the closing minutes when the visitors forged ahead and then on orders from Crafty Coach Troy Lemley they froze the ball as the seconds ticked away.

Olton led 11 to 8 at the end of the first period. The score was 25 to 23 in favor of Olton at half time and was tied 36 to 36 at the end of the third quarter.

High point for Olton was Pat LaFrance, who scored 19 points. Bob Priest was high point man for the Olton boys. He hit six field goals out of 16 shots and then scored on a free toss. Priest also paced his team on rebounds. He grabbed eight.

Paul Ray Montgomery hit 5 out of 9 shots for 56 percent. Wendell

Miss Crawford Gets DAR Award

Johnny Beth Crawford, Olton High School senior, has been selected to receive the Daughter's of American Revolution Award for 1960.

This award is given annually by the National DAR Organization to a senior girl. Miss Crawford was selected on the basis of dependability, service, leadership and patriotism. The girl selected must also have a record of creditable grades in all subjects in high school.

A test on Texas, National and World History was also the basis used in choosing Miss Crawford for the honor. This award is approved by National Association of Secondary School Principals.

Miss Crawford will receive a medal and will attend a banquet in her honor later in the year. Charla Beth Granbery received the DAR award in 1959.

Wayne Cooper On Committee

Wayne Cooper, manager of Olton Chamber of Commerce & Agriculture, has been named to a Lamb County committee on soil fertility.

Cooper was named at a soil fertility breakfast held Thursday morning of last week in Littlefield. Other Olton people attending the breakfast include Emmett Harper and Clovis Poteet.

Lacy managed Chambers of Commerce in St. Joseph, Mo.,

Hale County Man Speaks Here On Soil Fertility

Soil Fertility was the subject of B. F. Yates Tuesday as he addressed members of Olton Lions Club.

Mr. Yates is assistant Hale County agricultural agent. In charge of the program was G. T. Sides.

"Are you going to guess or soil test?" was Mr. Yates' question to his farmer listener.

As a part of the soil fertility program he said farmers should use soil testing, moisture management, crop management and balanced fertility. He also urged farmers to explore the most advantageous manner in which to market their water.

Choice of crops and planting of proper varieties of crops will help in this direction, he declared.

Mr. Yates illustrated his talk by use of color slides. He was assisted by Lamb County agent, Bill Kimbrough.

People To Aid In Preparing Organization Work Program

Olton Chamber of Commerce & Agriculture will conduct a community clinic here March 15.

The clinic will be for the purpose of gaining participation of the maximum number of Olton people in preparing the Chamber of Commerce program of work. Program of work for the Chamber is simply goals set for achievement during the coming year.

WT CHAMBER

RALPH DUNCAN

Ralph Duncan, representative of West Texas Chamber of Commerce, met with the Olton Chamber board Tuesday morning to discuss the forthcoming clinic. It will be supervised by the West Texas Chamber.

"A program of work could be formulated by three or four people," Duncan declared, "but participation of people is the greatest need of any Chamber of Commerce."

People Participate

Duncan said participating people are more apt to belong to the Chamber and support its budget.

"From the Chamber of Commerce should come a dedicated leadership to build a more livable community and a stronger economy."

Duncan went on to describe the mechanics of the actual clinic. He explained that one hour sessions will be held with people representing various phases of community life.

Six Sessions

Six such sessions will be held. A moderator or chairman will be appointed to preside over each session.

The six groups with whom sessions will be held include (1) high school seniors; (2) housewives; (3) retail trade group; (4) employees of various Olton firms; (5) agriculture; and (6) professional group including school teachers and doctors.

High School Seniors

Duncan stressed the importance of the session with high school seniors. "You'd be surprised at the quality of suggestions you will receive from them," the West Texas Chamber man declared.

"The Chamber of Commerce must make job opportunities for the youngsters growing up if Olton is to grow."

Duncan will be on hand to assist in conducting the clinic. He said the West Texas Chamber will prepare a report and an analysis on the sessions. The report will be turned over to the Olton Chamber.

Olton Judging Team Is First At Lubbock

Olton livestock judging team took first place in a field of nine teams at the Southwest Poland-China Type Conference in Lubbock last Friday.

The team judging swine. Olton was first; Tulia, second; Happy, third; Frenship, fourth; and Spur, fifth. Olton received a plaque.

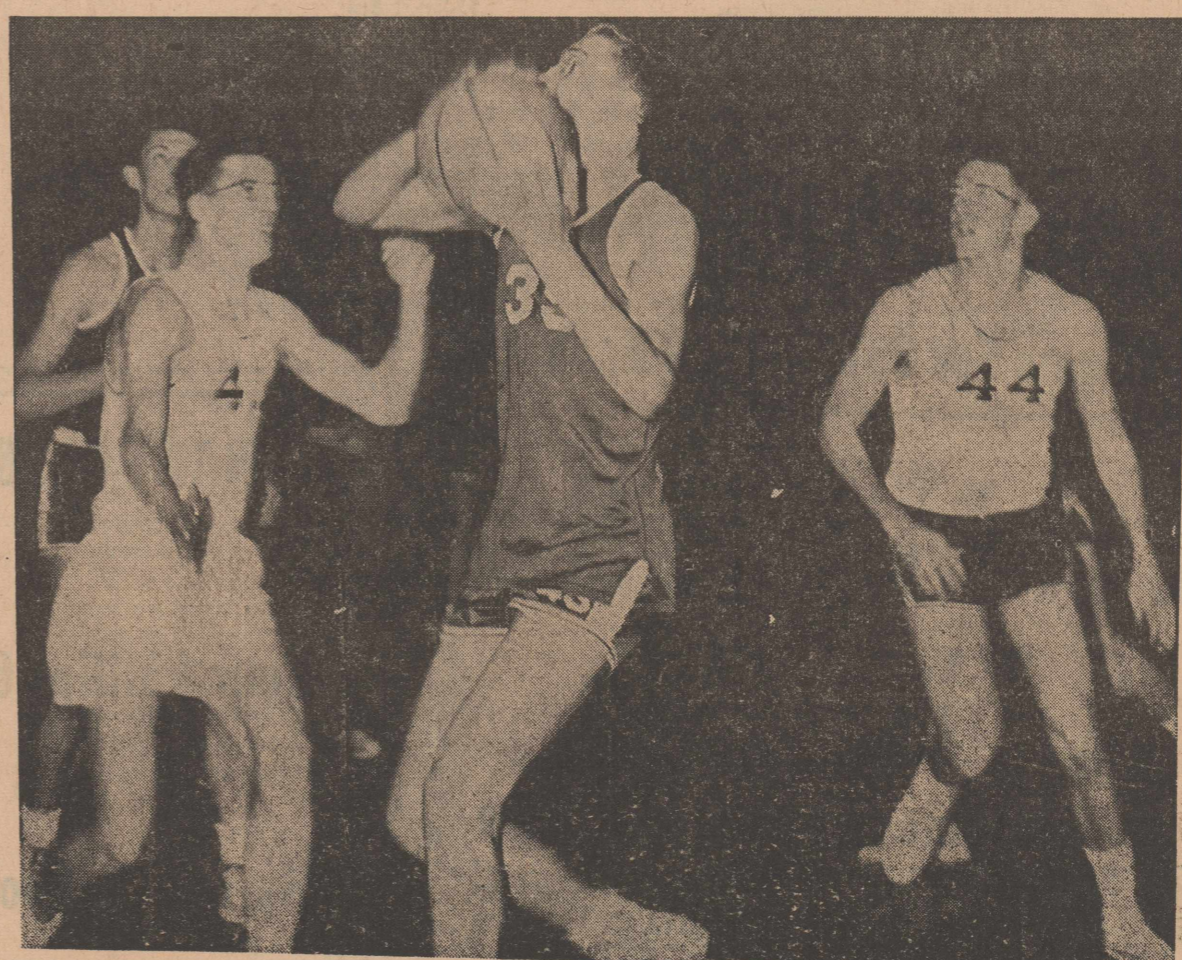

Roy Neal Jones, Jerry Mathis, Gerry George and a boy from Tulia were in a four-way tie for individual honors. Plaques were awarded the boys' schools respectively and each boy received a wallet.

Each team was allowed four members. Jarold Simmons, a junior FFA student, was the fourth member of the Olton team. Jones, Mathis and George made up the team which won third in swine judging in Houston last year. The same team was first in the state in swine judging and stood third in the state for judging of all livestock. The three boys are seniors.

The team will judge at Hereford Saturday and again at Amarillo January 28.

Vocational Agriculture Instructor Calvin Horn said Olton boys would exhibit 40 lambs, 4 calves and 17 barrows in the Amarillo show next week. The Olton boys will depart for the Amarillo show Saturday.

WINNING TEAM

Wendell Scribner is shown here about to sink a field goal. Two Lockney men are trying to stop him. At extreme left Paul Ray Montgomery is coming in for a try at the rebound in case his team mate misses.

THE CRACKER CRUMBS

By Cella Waldrip

They say (whoever they is ... I've often wondered who it is that dictates such things) "You can't tell a book by its cover" ... but can you tell a person by his name? Sometimes I think perhaps you can. You can generally tell his nationality, sometimes what section of the country he comes from, more or less the approximate year of his birth, and many times his personality. For instance did you ever see a sixty year old woman whose first name was Vicki or Toni or Mitzi? And how many little girls born in the last three or four years have the names of Elsie, Gertrude or Ethel? What man born four decades ago carries the name Rockie or Lindy or Riekie? And to my knowledge there are few new-born men with names of Harry, Otto or Hershel. Have you noticed names, especially women's names, run in cycles? Forty or so years ago Biblical names were popular with Ruth, Mary, Martha, Rebecca and Naomi heading the list. Thirty years ago choice monikers were Helen, Jane, Elizabeth, Lucille, Hazel Dorothy and Kathryn. The names of prominent persons sometimes influences the naming of children. The years when Shirley Temple was an outstanding child movie idol, many mothers hopefully named their daughters Shirley. Women from twenty to thirty were born in an era when Joyce, Marilyn, Barbara, Jo Ann, Kay, Nancy and Jean were considered the fashionable "thing." Girls less than twenty are typically Sue, Carol, Lynn, Pat, Ann, Judy and Gayle. Smaller girls are all Cindy, Cathy, Debbie, Diane, Pamela, Rhonda and Linda. Shorter, more flippant, and easily remembered names are more popular now than the longer, more demure and Biblical names of former days. Although boy's names do not seem so much subject to "fad" as do girl's names, the trend these days runs to short names with hard consonant sounds. Heading the list are Steve, Glen, Dave, Greg, Mark, Craig and Scott. Did you ever notice how many Lindas, Donnas, Gayles and Judys there are in this community? In looking over the current band calendar, Linda, Judy, Gayle, Donna, Shirley, Pam, Barbara and Betty are found most often. Also it is interesting to note the temperamental West Texas elements must play an important part in the naming of children. Dusty, Misty Ann Rainey, Sandie, Wendy and Sunny are all members of our community. Can you think of better weather prognosticators of our changeable climate? A bright future should be in store for Joy, Hope, Gay, Carol and Melody who reside in Olton. Many foreign and French derivative names can be found in this city too. Sunya, Tanya, Chesna, Austa and Carmelita bear a suggestion of the continental, while Cherie, Renee, D'Lyle, Celeste, Marcella, Cecilia, LaRue and N a n e t t have a touch a la Francais. Boy's names for girls are popular with Bobby, Billie, Tommy, Jo, Freddie, Johnny and Sammy leading. Is it cause or effect that many times a girl bearing a name usually borne by a boy is athletic, outgoing and friendly? Short, cute names are generally carried by vivacious, casual types of people, while very feminine or flowery names are attached to the more reserved. I have noticed most everyone dislikes his own name ... so? The only solution to this gripe might be for parents to forfeit the right of naming their offspring. Perhaps the parents could call their children "Hey you" or "Boy" or "Girl", or in some appropriate cases ... "It" ... until the child comes of age. Then he can choose a name for himself. (No? ... well, I didn't think much of that idea either). I once knew a family named Stone who had four daughters. The girls were labeled, Ruby, Pearl, Jewel and Opal. I often wondered what they would call a fifth ... Turquoise, maybe? Some of the strangest of nomenclature I've heard include Mary Christmas, Robin Hood, Mary Etta Roach, Vera Black Potts, Raz Berry, Faith Blessing, Penny Nichols, Dusty Rhodes, Wyatt House, Red Beane and S. O. Wright. I think the worst moniker to bear would be the one bestowed on a famous governor's daughter ... Ima Hog!

Stage names are often descriptive and more often asinine ... such as Gale Storm, Rip Torn, Tempest Storm, and the much publicized and little emulated Candy Barr. The "We're Not Sisters", the "Payolads" and the "Missing Links" are record making stars ... if not of the first magnitude. Names have always interested me ... perhaps because the only ones I can remember are the odd or unusual ones. I once knew a girl named Monica Monette Liebermouth. I didn't know her very well and haven't seen her for fifteen years, but I shall never forget that name! On the other hand, if I am introduced to an Ann, Mary or Sue, I more than likely can't remember their names until I get through the receiving line.

FORD'S ECONOMY TWINS
RUN ON PEANUTS, TOO!

How'd you like your savings? New size or big economy size? We Ford Dealers can save you plenty on both sizes with our 1960 Economy Twins. Want new-size savings? The Falcon's first saving is its low price, up to \$124 less than other 6-passenger compact cars.* But that's not all. You get up to 30 miles per gallon on regular gas. Save up to 15% on insurance, save on tires, parts—everything. Yes, all this—in a car that carries six big people and all their luggage.

For savings in the big economy size try our FAIRLANE 500. It's far more Ford, costs up to \$142 less than last year.* At no extra cost, you get many luxury-car features like rear seat arm rests, two sun visors, extra ash tray, and color-keyed steering wheel. There's real built-in-for-people comfort inside. Up to four inches more shoulder room. There's plenty more leg room, hat room, too ... for all six passengers. Right now, we Ford Dealers are holding visiting hours for our Economy Twins.

Come in and see how much you can save. Big size or new size, value-test our Economy Twins soon.

*Based on a comparison of manufacturers' suggested retail delivered prices.

A, B Plans Explained By ASC Office Manager

BY LAMAR ATEN
(Littlefield ASC Office Manager)
(Editor's note: This article was prepared especially for The Olton Enterprise by Mr. Aten.)

The Secretary was authorized to use the previous year's farm allotment for establishing farm acreage allotments for 1960. This method of establishing farm acreage allotments replaced the tillable acreage or acreage history method for counties. State allotments and allotment to counties are still based on history for the previous 5 years.

For 1960, each farm operator who has an upland cotton acreage allotment will have a choice of selecting Plan "A" or Plan "B". This selection must be made in writing by March 16, 1960. The choice made is effective for only one year. The notice will be mailed to each operator around the first week in February, which will state the national average rate per pound for Choice "A" and Choice "B". The Secretary will make this announcement no later than January 31, 1960. If no selection is made by March 16, 1960, the operator will automatically have Choice "A" cotton plan.

matice preservation of history is not in effect for 1960 and future years.

After 1960, farmers will receive their regular cotton acreage allotments, and price support will be available at levels determined by the Secretary within the following limits: (1) For 1961, at a level of from 70 percent to 90 percent of parity. (2) After 1961, at a level of from 65 percent to 90 percent of parity. The escalator clause under which the minimum support level is determined on the basis of the supply percentage is repealed effective with the 1961 crop. Beginning with the 1961 crop, price support will be based on the average quality of the crop instead of Middling seven-eights. Beginning with the 1959 crop, the minimum national acreage allotment for cotton was 16 million acres.

NOTICE! TO PARENTS OF SCHOOL AGE CHILDREN

The school census is being taken during the month of January this year. All children who are six years old on or before Sept. 1, 1960, but will not be 18 or older on or before that same date should be counted in this census. It is very important that all children six to 18 years be counted in this census. The child should be counted even though he may not be in school and even though he or she may be married.

If you, as a parent, have not received and filled out a school census blank on or before January 21 you are being overlooked and should do one of the following:

1. Phone Superintendent at No. 3611 or the School Tax Office No. 3781 and ask for a census blank.
2. Call in person at the school Tax office and get a census blank and fill it out.

Remember, if your child will be six years old next Sept. 1st he should be counted in the census now, even though he is not in school now. If he is six but not 18 or older on next Sept. 1st he should be counted now. All children from six to 18 should be counted. The six year olds who start next September to school are the ones most often overlooked in the census. Failure to count them costs the school and taxpayers extra money. Please help us not to overlook anyone.

Please read the census blank carefully, fill it out completely, and return it by your child next day to the teacher. Thank you.

Don't Wait 'till Feb. 1st to turn your blanks in—as that will be too late.

Olton Public Schools Rae Porter, Census Officer

WE ARE PAYING \$3200 TON FOR SACKED GROUND EAR CORN (Ground Over ¼ In. Screen)

SANDERS-PARIS CO., INC.
Olton Texas

We're getting a kick, as usual, out of seeing the political lines form this election year.

The High Plains would need a political intercontinental ballistic missile to get into high state office. We're reminded a bit of Cape Canaveral. So far we've fired two duds in the forms of Marshall Formyby of Plainview and Waggoner Carr of Lubbock.

Waggoner Carr in the last session proved himself a political upstart in handling the legislature as speaker of the house. We don't think he will give Will Wilson much trouble in the race for attorney general.

Marshall Formyby's candidacy for governor was little more than a joke, even before Price Daniel announced for a third term. Now all Mr. Formyby can hope to get out of his campaign is a few doubtful income tax deductions.

Although he was able to accomplish very little the past year, Price Daniel did become governor of Texas in fact. We never thought we'd see the day that we'd switch to the Daniel band wagon but now we'd like to see the governor get a chance to try some of his policies on a friendly legislature.

Headline-minded Carr created an impossible situation for Daniel during the past session of the legislature.

We're still vehemently against some of the things Price Daniel's cronies have stood for in the Texas political arena in the past but we say the governor hasn't had a fair shake from the legislature the past year. Anyway, it will be interesting to see what happens.

The Honorable Ralph Yarborough was one of the 12 Democratic senators who voted last week to strip his colleague, Lyndon Bain Johnson, of some of his authority as majority leader in the Senate. Although we supported him in his campaign for the office, we must now admit that in all the volumes of mail he sends us at government expense, Senator Yarborough has not pointed to a single accomplishment worthy of mention since his appearance on the Washington scene.

It looks like Ralph's tour of duty will resemble a quotation from Shakespeare's Macbeth "Full of sound and fury, signifying nothing." After his full term the Senator probably will be reduced to shrill but seldom-heard yammering on the fringes of the Lone Star State's political Limbo.

To make things worse for Ralphie, LBJ probably will get the Democratic nomination for President on the fifth or sixth ballot when Kennedy's supporters realize that the time is not ripe for the Vatican to make a bid for the White House.

WORTH MORE BECAUSE THEY WORK MORE

Chevy's new torsion springs and Sturdi-Bilt design are changing everybody's ideas about how much work a truck can do. Last year's schedules are out—Chevrolet trucks ride faster over the rough runs to get in more trips a day! Big repair bills are no longer a problem—Chevrolet trucks soak up punishment that means downtime to other makes! And trade-in time's put off for extra thousands of miles—'60 Chevrolet trucks stay new like never before!

New Dollar-Saving Prices
Step-Vans, 4-Wheel Drives, many light-duty models with automatic transmissions—all are lower priced. Prices have also been reduced on all optional V8's.

New Torsion-Spring Suspension
Eliminates I-beam shimmy and wheel fight! With torsion springs up front there's a brand-new, smoother, easier handling feel behind the wheel. New rear suspensions include wide-based coil springs in most light-duty models; tougher variable-rate leaf springs in medium- and heavy-duty models.

Electronically Balanced Wheels
Front wheels and tires are balanced at the factory. Helps make that new ride revolutionary!

New Cabs—Wider, Safer, More Comfortable
Many models are a whole 7 inches lower (without sacrificing road clearance), so it's easier to hop in and out of cabs. Still there's more space inside: more room for hats and hips, more foot room with suspended pedals. Cabs are safer, too; new build makes them 67% more rigid.

Plus Improvements All Through the Line
A new steering linkage system that cuts vibration, means better control. There's new V8 efficiency. Sixes long famous for saving. New key-turn starting. Higher, wider visibility. Talk to your Chevrolet dealer about the world's most advanced trucks.

See The Dinah Shore Chevy Show in color Sundays NBC-TV—the Pat Boone Chevy Showroom weekly ABC-TV.

Bohner Demons Play Well In Crane Tourney

In the first round of the Crane tournament the Demons slashed Ozona 85 to 42. Three Demons scored in the double number. Euel Jackson led with 31; Julius Sheffield was second with 24; and Johnny Harris was third with 15.

In the second round, the Demons lost to highly favored Crane 69 to 63. Before game time it was predicted Crane would defeat Bohner by 50 points. Crane led in scoring in the first quarter 25 to 11. The Demons caught five after the first quarter with Julius Sheffield, Johnny Harris, and Euel Jackson leading the attack; they dominated the second quarter 15 to 8, the third 20 to 17, and the fourth 17 to 11.

Julius Sheffield ran amuck and scored 34 points against mighty Crane. Euel Jackson contributed 17 points, and Johnny Harris tallied for ten. Little Johnny Harris dominated the rebounds against the taller boys of Crane. Euel Jackson, the center, fouled out in the fourth quarter of play. Weakened by the loss of their ace pivot man, the Demons held Crane to a score of 69 to 63.

Demons Split With Plainview

Bohner cagers split games with Plainview here Wednesday night of last week. The Demons won over Plainview 41 to 35 in a close contest. Julius Sheffield led the Demons in scoring with 20 points. Johnny Harris was the leading rebounder.

The Demonettes suffered their first loss to a more experienced team of girls 36 to 23. The Demonettes outscored Plainview during the first half 15 to 7. Nettie Sheffield was high pointer with 12 points, and Barbara Harris was second with 11.

The Bohner cagers took both games from Hale Center here Friday night, January 15. The Demonettes won by a margin of 29 to 13. Barbara Harris again led the girls with 20 points; Helen Nash and Nettie Sheffield were good at feeding Barbara at the post. The girls have won four games and lost one.

The Demons romped over Hale Center 83 to 36. Every boy on the team had an opportunity to play. Euel Jackson and Julius Sheffield tied with 22 points each for high pointer. Johnny Harris scored 16.

Mrs. Tom Smith and Mrs. L. G. Elkins were in Plainview Wednesday.

ATTENDS CONFERENCE

Rev. Glen Godsey, pastor of Trinity Baptist Mission; Rev. J. W. Douglass, pastor of the Church of Nazarenes; and Mickey Hernandez attended an evangelist conference the first of the week in Fort Worth.

Several WMU members of the Trinity Baptist Mission attended an associational meeting Saturday in Hale Center.

Among the out-of-town relatives attending the Dial Henley funeral last Saturday were Mr. and Mrs. Johnny Downs, Rockwall; G. W. Henley, Farmersville; Bill Petty and G. W. Downs, Greenville; L. Downs, Caddo Mills; and Thomas Ashley, Dennison.

Guests in the Gene Cottrell home Sunday were Mr. and Mrs. Stanley Slagle and Mr. and Mrs. Buddy Pickett, all from Hereford.

Tom Ross returned last weekend from Cleveland, Ohio, where he had been attending a welding school.

Muleshoe Man Announces For Dist. Attorney

JACK YOUNG

This newspaper has been authorized to announce the candidacy of Jack Young of Muleshoe for the office of District Attorney for the 154th Judicial District, subject to the May, 1960 Democratic Primary election.

In announcing his candidacy, Mr. Young made this statement: "It is with the sincere desire to be of service to the citizens of this District that I seek the office of District Attorney for the 154th Judicial District, composed of Lamb, Parmer and Bailey Counties.

As to my reasons for feeling that I am qualified to hold this important office, let me briefly list a few biographical facts.

I am a native of Texas, attended school at Muleshoe, and received a BA degree from Texas Technological College and a law degree from the University of Texas. I am married and have a three year old daughter.

Since January 1, 1957, I have been serving as County Attorney in Bailey County, and in this capacity have had considerable experience in the prosecution of criminal cases.

If elected I will prosecute with vigor and determination all criminal violation that come within my jurisdiction.

It is my sincere desire to be able to visit with each of you personally before the election. But, if for reasons beyond my control I am unable to do so, I take this opportunity to solicit your vote and support."

Jack Young

High Plains Research Is Expanded

The 1960 research program of the High Plains Research Foundation was expanded by action of the Executive Committee of the Board of Trustees at their January meeting. Mr. Harold Hinn, Chairman of the Board announced today.

Soybean and sesame variety testing was expanded to include fundamental plant breeding investigations to develop varieties specifically adapted to the High Plains area. This program was enlarged to meet the requests of farmers and business representatives for better yielding and more suitable varieties. Employment of additional personnel to assist Dr. Earl Collister in this program was approved.

"Soybeans could very well be the savior of the agricultural economy of the High Plains in fulfilling one of the needs for a dependable additional crop that can be grown in a rotation with grain sorghum and cotton," Mr. Hinn said in commenting on this enlargement of the Foundation's research program.

An agreement with the Texas Agricultural Experiment Station at Lubbock was approved by the Committee. The coordination and cooperation in agricultural research in the area was established by this agreement. This plan avoids unnecessary duplication of research programs and provides coordination of activities, so the whole West Texas area is more adequately served.

Former Olton Resident Dies; Rites Wednesday

Funeral services were held Wednesday in Plainview for Mrs. Jamie Calvert Thomas, 91 years old, Plainview, formerly of Olton.

Services were held in the Wood-Mitchell Chapel.

Mrs. Thomas died at 6 AM Monday in a Fort Worth hospital and services were held at the Lucas Funeral Home Chapel there.

The Rev. Frank Travis, pastor of the Plainview Presbyterian Church, officiated at the services Wednesday and burial was in the Center Plains Cemetery west of Hale Center.

Mrs. Thomas and her husband, the late Ben F. Thomas, moved to Hale County in 1898, filing on a section of land 13 miles west of Hale Center. She was a native of Spartanburg, SC. The family moved here from Indian territory (Oklahoma).

Mrs. Thomas had lived with her daughters in Fort Worth in recent years. She is survived by five daughters, Mrs. B. Patton, Oklahoma City; Mrs. J. C. Campbell, Amarillo; Mrs. J. R. Koch, Jessie and Mamie Thomas, all of Fort Worth; three sons, Hobby Thomas, Sr., Hale Center; Robert Thomas, Steamboat Springs, Colo.; and Willard Thomas, Clovis, NM; a sister, Mrs. Will Harrall, Abertown; a half-sister, Mrs. Lizzie Matisler, Plainview; 12 grandchildren, 23 great-grandchildren and three great-great-grandchildren.

School Business Offices May Be Consolidated

Merger of Olton school system's administrative offices was discussed Thursday night at a meeting of Olton school board.

This move would put the office of Supt. Joe Harper and that of Rae Porter, business manager, in the suite of offices in the old high school building.

At present Mr. Harper's office is in the new wing of the high school. Mr. Porter's office presently is located in the elementary school building.

Olton school board also approved a resolution providing for a complete census of school-age children in the school district this year.

Superintendent Harper said renewal of contracts for the school's administrative personnel will be considered at the February meeting of the board.

CONTRACT

KNOW ALL MEN BY THESE PRESENT:

That J. B. Williams, owner and operator of the potato processing plant known as "Williams Processing Plant", and _____ here after known as grower, contract and agree as follows:

Processor agrees to process potatoes for grower at processor's cost which shall in no event exceed 50 cents per hundred pounds until grower receives \$100.00 per acre for his growing expense. Thereafter, grower shall pay processor the average processing price providing grower receives a profit of at least 25 cents per hundred pounds which shall be computed as follows:

The following expenses shall be first deducted:

1. \$100 growing expenses.
2. Field expenses.
3. Actual processing expenses.

Thereafter, grower shall receive the first 25 cents profit per hundred and processor shall then receive the difference between his actual processing expense and 75 cents per hundred pounds, and grower shall then receive all remaining profits.

In consideration of this agreement, grower agrees to process at least _____ acres with processor.

It is herein further understood and expressly agreed that this contract shall extend only to potatoes processed by July 15, 1960.
