

OLTON BEAUTY REIGNS—Miss Tommy Witten, left, named 1961 Hi-Plains Cotton Queen last week at Plainview, is shown with Cheryl Potet, right, the 1960 queen. Both are Olton girls.

Olton Cops Cotton Queen Title Again

For the second consecutive year, an Olton beauty walked away with the top honor at the annual Hi-Plains Cotton Carnival Queen Contest Thursday night when Tommy Witten was crowned Queen Cotton for 1961.

Miss Witten is the 16-year-old daughter of Mr. and Mrs. Tom Witten.

She was selected from a group of 41 girls from 11 area towns.

1960 Miss Cotton was another Olton girl, Cheryl Potet, daughter of Mr. and Mrs. Clovis Potet, who crowned the new winner.

Olton scored another beauty hit with Sandra Cox, 16-year-old daughter of Mr. and Mrs. Carroll Cox, who was one of the five finalists.

Miss Witten was sponsored by the Edmonson HD club and Miss Cox by the Olton FHA.

Miss Witten, a sophomore student at Olton High School, was presented a dozen red roses by Miss Joan Wienke of Lubbock, South Plains Maid of Cotton.

Other prizes received by Miss Witten were a watch, a jewelry gift certificate and \$25 in cash for the Cotton Carnival.

Ruling Gives Grain Law Boost

Easing of regulations in the Emergency Feed Grains Program perked up interest among Lamb County farmers this week.

More farmers undoubtedly will participate in the program as a result of an announcement made early this week by L.D. Aten, Jr., Lamb County ASC office manager.

"Any farmer who can prove that his actual grain production for 1959 and 1960 was more than the index allotted him," said Aten, "will receive the higher index quota."

The announcement apparent-

ly opened the flood gates for farmers to enter the program. It is a drastic change from previous regulations, under which the farmer was restricted to an index given him by the ASC. Under the new ruling, the farmer can produce the average of his 1959-60 crops, so long as he can prove the amount of production he had.

"We've had quite a rush ever since the announcement," said Aten. About 50 farmers showed up Monday and Tuesday with proof of higher production than the amount allotted them.

Sign-up in the feed grains program began Monday and will continue to May 31. Farmers have until May 15 to appeal the allotments sent them late last week by the ASC.

"Some farmers are bringing in settlement sheets from their grain production in 1959 and 1960, to prove that their production was higher," Aten said.

The settlement sheets are being considered as ample proof of 1959-1960 production, Aten said. He added that the ASC office also is accepted notarized statements from elevator operators as proof of production.

Some farmers who appealed early this week were able to raise their indexes considerably, Aten said.

"One farmer brought his index up from 3,400 pounds to 6,600 per acre," the ASC office manager added.

Keener interest was indicated in the program by the number of farmers seeking advance payments for entering the program.

"I guess we've averaged a pay-out of about \$20,000 a day so far in advance payments," said Aten. "About 90 per cent of the farmers want payments in advance."

Under the program, farmers can be paid one-half the amount due them on layout acreage when they sign-up. The other half will be paid in the fall.

Lions Club Sets Tournament

The Lions Club golf tournament is scheduled here May 13 through May 28.

It will be match play with three flights. There will be a winner and runner-up in each flight. No consolation prizes will be given.

Those wishing to enter the tournament may sign up now at the Olton Recreation Center.

Olton Mustang Band Wins Sweepstakes At Brownfield

Olton Mustang Band won the coveted Sweepstakes honor at the Interscholastic League Band Contest in Brownfield Saturday.

Sweepstakes is given for a Division I performance in all three Interscholastic League events—Marching, Concert and Sightreading. The band received the Division I for marching, last fall. This is the first time since 1955 that the band has won this honor and only the second time in the history of the Olton Band.

Only other band in Class AA band to receive Division I ratings in the contest Saturday was Abernathy.

Ratings in Class AA are: concert rating is given first and sightreading rating is second—Spur, II and I; Lockney, IV and II; Morton, V and IV; Tahoka, III and II; Post, II and I; Muleshoe, II and I; Floydada, III and II; Slaton, III and I; Olton I and I; and Abernathy, I and I.

Decision for Olton was unanimous from the judges who were Maurice McAdow, North Texas State, Denton; Bill Tregoe, Pampa; and Greg Randall, Las Cruces, N.M., Sightreading judge was Rex Shelton, Borger.

52 Blocks Now In Paving Plans, Funds Playing Out

A.M. Meltons Will Be Honored

ORC Open House, Golf Set

Open house will be held at the new Olton Community Building at the Olton Recreation Center Sunday at 1:30 p.m. This will be followed by a Scotch-Foursome golf tournament at 2 p.m.

Highlight of the open house will be the hanging of pictures of Mr. and Mrs. A.D. Melton, who donated the land for the center.

The 36 feet by 50 feet Community building is constructed on the north side of the ORC swimming pool, facing east.

The building houses a golf shop, locker room, restrooms, showers and a lounge and meeting room.

The lounge-meeting room is the largest room in the structure. It is 24 by 36. The golf shop is 12 by 20 and the locker room is 12 by 14.

The building includes showers, storage on the south side and a kitchenette in the meet-

ing room.

Ladies who have signed up for the Scotch-Foursome following the open house are Wilma Hines, Billie Edwards, Colene Campbell, Nadine Weaver, Ama Lee Glover, Billie Norfleet, Ruth Cornelius, Lily Mae Silcott, Mrs. Melton, Marcelle

Loveless, Betty Hall, Bonnie Buchenau, Kay Copeland, Shirlee Roberson, Sue Clark, Gayle Allcorn, Jane Wilks, Jean Hall, Mabel Mathis, Nell Marie Redinger, Venice Nichols, Wrona Thurman, Flo Malone, Virginia Owens, Genna Price, Maxine Struve, Amy Turner, Norene

Roberson, Francine Andrew, Velma Kemp, Joy Johnson and Coleen Gregory.

First prize in the tournament will be \$10 each in merchandise and second prize will be \$7.50 each in merchandise. A golf ball will be given for each birdie.

City Plans To Add Few More Units

City councilmen Wednesday afternoon gave the go-ahead on 10 more units of paving, bringing the total number of blocks released to the contractor to 52.

In doing so, the council approached the end of the line on the amount of money the city has left to spend on its part of the project.

Wednesday afternoon's session was a special meeting, called in an effort to keep actual construction going.

Hodges and Tierney Co., Lubbock contractor, already had completed curb and gutter work on 46 blocks previously released by the council.

Word came from the contractor Wednesday afternoon that the entire paving project probably can be completed in the next 30 to 45 days, barring bad weather.

Of the \$80,000 authorized by Olton voters last September for the city's share of the program, about \$7,000 remains for allocation in the project, the council was told Wednesday.

Engineer's estimate of the amount of city participation money authorized so far comes to about \$67,000. Another \$6,000 was set aside for seal coating.

This estimate included Wednesday afternoon's release of 10 units. Exact figures were to be compiled later this week to give the council a specific dollars-and-cents accounting of the money remaining.

Councilmen are hopeful they can stretch the remainder to include about eight more blocks of paving, bringing the total for the program to 60.

Units released by the council Wednesday to be included in the paving program were: Number 4 on 2nd Street, No. 35 on the west end of 7th, Nos. 89 and 90 on Avenue H, No. 99 on Avenue G, Nos. 106, 110 and 111 on Avenue E, and Nos. 118 and 119 on Avenue D.

See Minstrel, But Leave 'Ladies' Alone, Holt Says

BY AMY TURNER

"The management absolutely prohibits stage-door johnnies from meeting these charming ladies after the show," the man doing the talking was I.B. Holt, director of the ORC minstrel to be presented here May 11 and 12 in the High School Auditorium at 8 p.m.

"You won't want to miss the scene of the Olton Lonely Hearts Club," "Doc" Holt continued, "but as I said before, there'll be no meeting after the show."

When queried about this club, Doc just said:

"Oh, it's several delightful, dainty young ladies of the Olton Community. You know all the guys—I mean girls."

With a mysterious smile on his face, Doc added:

"And if you want to see some tap dancing, we've got A.A. Smith ... and you don't want to miss 'Lightening'—that's Doc Johns, you know—singing 'Pretty Baby.' That's really ... well, you'll just have to see it to believe it!"

Sponsored by the Women's Golf Association, the show will be led by Doc, Mr. Interlocutor, End men are "Rastus," played by Jethro Pinkerton; "Lightening," Dr. Basil Johns; "Tambo," Roy Granbery; "Smockey," Conner Parsons; "Snowball," Charles Polk; and "Bones," J.C. Scruggs.

Other features of the show include group singing, solos, tap dances, Charleston, a famous name ballet group and many other acts.

Bill Kelley, Bob Duncan and Major James will be in charge of Cracker Jack sales, another highlight of the evening. Valuable prizes will be given for the "lucky boxes" which contain a prize number. These sales and prizes will be offered both nights of the show.

Tickets are now on sale for the minstrel, the first in Olton since 1955. They can be purchased at most merchants, at the ORC club house or at the door.

The cast includes Duward Price, Wilburn Andrews, J.C. Scruggs, Meridith Crawford, Don Spain, Gerald Elkins, Dr.

Lynn Fite, William DeBerry, Eldon Franks, Truitt Sides, A.A. Smith, Shirley Pickrell, Roy Granbery, Dr. Basil Johns, Basil Sherman, Slim Pinkerton, Conner Parsons.

Percy Parsons, Bub Holt, Charles Polk, Delmer Givens, C.J. Givens, Wayne Hair, Joe Harper, Lowell McGill, Bill Kemp, Dick Whitely, Archie

Sorley, Elmer Moore, Rex Chitwood, Carroll Cox, Kent Polard, Harold Dean Carson, Mrs. Ruby Sherman, Rusty Sherman, Luis Hair and Dick Bentz and his stage band.

Part of the above named will also be included in a chorus directed by Duward Price. Another chorus will be directed by Jayne Harper.

Clean-Up Will Begin Here Monday

Monday has been designated as the beginning of a clean-up week in Olton which will run through Saturday.

Mayor M.T. James issued a proclamation making next week official clean-up week for the city. City Water and Street Superintendent, Harold Cartwright, said every available truck and man will be placed on the clean-up job by the city.

"We're going to really get these alleys cleaned up," Cartwright said. "That's one of the things Olton needs."

He also called for volunteers among the townspeople to help on the job.

"We'd appreciate any help we can get. The main thing, though, is just to have that trash out there ready to pick up."

Cartwright suggested that people have their trash and tree limbs stacked in the alleys by Monday morning.

He described the campaign as an overall battle against disease normally spread by unsanitary conditions in populated areas.

Cartwright also said that the fogging machine would be in operation in the near future.

"As soon as we get the tank switched over to the new truck," Cartwright added, "we'll be spraying the garbage cans with an insecticide too. Certainly before summer as this eradicates a prime breeding place for mosquitos and flies."

Junior Class To Sell Paper Subscriptions

The junior class at Olton High School will be out selling subscriptions to the Olton Enterprise Saturday as a class project.

Twenty-five per cent of the money will go to the junior class. In addition, prizes amounting to five per cent of the money will be awarded to the boys or girls selling the most subscriptions.

Special subscription rates are being offered at this time. For Lamb County and surrounding counties, a one-year subscription will sell for \$3, a three-year for \$8 and a six-

year for \$15.

This offer is good not only for those whose subscription has run out or who are purchasing new subscriptions, but for those who wish to extend their subscriptions and take advantage of the special prices.

Area residents, or anyone missed in the Saturday drive, may contact a member of the junior class or send in the coupon on the front page of this paper with a check and the information requested.

Credit for the sale will be given to the student named.

Olton's Cancer Crusade Total Now Reaches \$604

Volunteer Crusaders of the American Cancer Society reached nearly complete coverage of the homes and families in Olton during their fund-raising and educational personal contacts last Friday evening according to Mrs. Ed Thompson, chairman of the house-to-house crusade. A total of \$203.72 was raised in this phase of the April Crusade as of Wednesday.

The business drive raised \$401 last week making a total of \$604.72 toward a goal of \$750.

Percy Parsons, president of the Lamb County unit of the American Society, pointed out that the campaign continues as efforts are made to reach every home and every family in this county.

Those who were not at home at the time of the Friday canvass may call Percy Parsons and their contributions will be picked up.

All such contributions will be added to the Crusade total of Lamb County to the American Cancer Society.

Mrs. Thompson reported that nine volunteer crusaders did the work of the house-to-house contacts in this community and expressed her thanks for the hard work and enthusiasm this group put forth to make the Crusade successful.

Volunteers were Mmes. J.C. Brown, Thompson, Frank Struve, Owen Jones, Don Spain, Alva J. Spain, Elmo Bryant, Emer Moore and Fred Thompson.

"Not until we have reached every person and every family in this community with the life-saving facts about cancer, and given them the opportunity to contribute to the fight to end this disease which will strike so many, will we feel our crusade for this year is completed," Parsons concluded.

Texas Farmer 1960 Income Over 2 Billion

The 1960 estimated cash income to Texas farmers and ranchers amounted to \$2,209,219,000, the third straight year in which total income was well in excess of the two billion dollar level.

At the same time, 1960's total income was down 3.2 per cent from 1959, which came out at \$2,300,906,000.

Income in 1960 from all crops amounted to \$1.2 billion, while income from livestock was a little over \$1 billion. This represented an increase in livestock receipts over the \$895,260,000 realized in 1959. But it was not enough to offset the drop from \$1,405,645,000 for all crops in 1959 down to \$1,200,000,000 in 1960.

The increase in cash income for livestock was principally the result of 24 per cent increase in cattle marketing in 1960 over 1959. Average prices for cattle were down about 16 per cent, but heavier marketings more than offset the drop in prices.

Shrinkage in farm cash income for crops was due largely to the drop in proceeds from cotton and cottonseed. Farmers received 15.9 per cent less for their smaller cotton crop in 1960. Farm cash income for cottonseed was 15.3 per cent less in 1960 than in 1959.

However, there was a spectacular increase in income for Texas wheat growers, which gained 27.6 per cent in 1960 over 1959. Income for wheat in 1960 was \$135,475,000, compared with the 1959 income of \$106,205,000. At the same time, income from sorghum grain dropped six per cent,

District Meet Of Methodist Pastors Held

The Olton First Methodist Church was the scene of a meeting of the Plainview District pastors Thursday, April 27.

Rev. J.E. Shewbert directed the meeting. He spoke to the pastors giving them encouragement in their work. Rev. Walter Hadey of Happy and Rev. Elton Wyatt of Petersburg gave instructions to the pastors on how to make their annual church reports.

Benevolences and annual reports were distributed among the pastors. The annual reports include activities of the Church School, attendance at Church and Sunday School, membership, and an account of new members and how they were admitted to the Church. Each pastor also gave a report of the finances of his Church for the past year.

The district superintendent announced to the group that the Northwest Texas Annual Conference will convene at the First Methodist Church in Lubbock Tuesday, May 30, at 8:30 a.m. and will close June 2. At this conference, Bishop Paul V. Gallaway of San Antonio will announce the appointment of each pastor in the Northwest Conference.

Approximately 26 pastors attended the meeting.

Boys Don't Want Handout They've Devised A Plan

An Editorial

A group of boys in Olton, ages 13 and 14, are in need. Perhaps not such a dire need as food and clothing, but a need we consider important. . . a need for the opportunity for wholesome recreation.

The Pony League needs money. "Just another donation, you say? No, this isn't just a donation. These boys have devised a plan to raise the money.

They're going to be out calling on you to tell you what they have in mind. We personally think it'll be worth your while to listen. Or better yet, contact one of the boys or Bub Holt and let them know you're interested.

"It takes a lot more money to play ball than most people realize," Holt told the Enterprise Wednesday.

"Balls cost \$21 a dozen and we need six dozen just to start. Then there's bats at \$30 a dozen... and we need new catching equipment. These things wear out, you know. I guess we need about \$350 just for the minimum," Holt continued.

"The kids have an idea to raise the money," he said. "They're going to give away some things. . . a bicycle, a barbecue grill and a baseball glove—the Friday night of the minstrel show at the show."

So we say let's give these enterprising kids a break—and give Bub Holt a pat on the back.

In mentioning expenses, Bub forgot to mention his time or his gasoline money which comes out of his own pocket. He deserves a vote of thanks from all of us parents who can always tell him what he's doing wrong. We all know just how things ought to be done and the first requirement is that somebody else do it.

Truck Hits Car, Then Reverses And Hits Another

When Martin Castillo, a Mexican National, wound up in a car-truck accident here Saturday, he didn't play favorites. A truck driven by Castillo was in collision with a car driven by Ray Green, Olton, at the intersection of Avenue G and Highway 70.

After that accident, Castillo put his truck in reverse and backed the vehicle into a car driven by A.C. Brigance, Olton.

Damage to the Green car was about \$30, while damage to the truck was about \$50. The Brigance auto was damaged to the tune of about \$400. Castillo works for Merrill Brigance, son of the man whose car was heavily damaged.

We have never been able to decide whether it is harder to borrow money or to pay it back.

Postmaster General Sets Postal Increase Fees

Proposed increases in money order and special delivery fees starting July 1, 1961, were announced this week by Postmaster General J. Edward Day.

No changes in special delivery fees for first class mail are planned.

Special delivery fees for second, third and fourth class matter will be increased by 10¢ in each of the non-first class fee brackets.

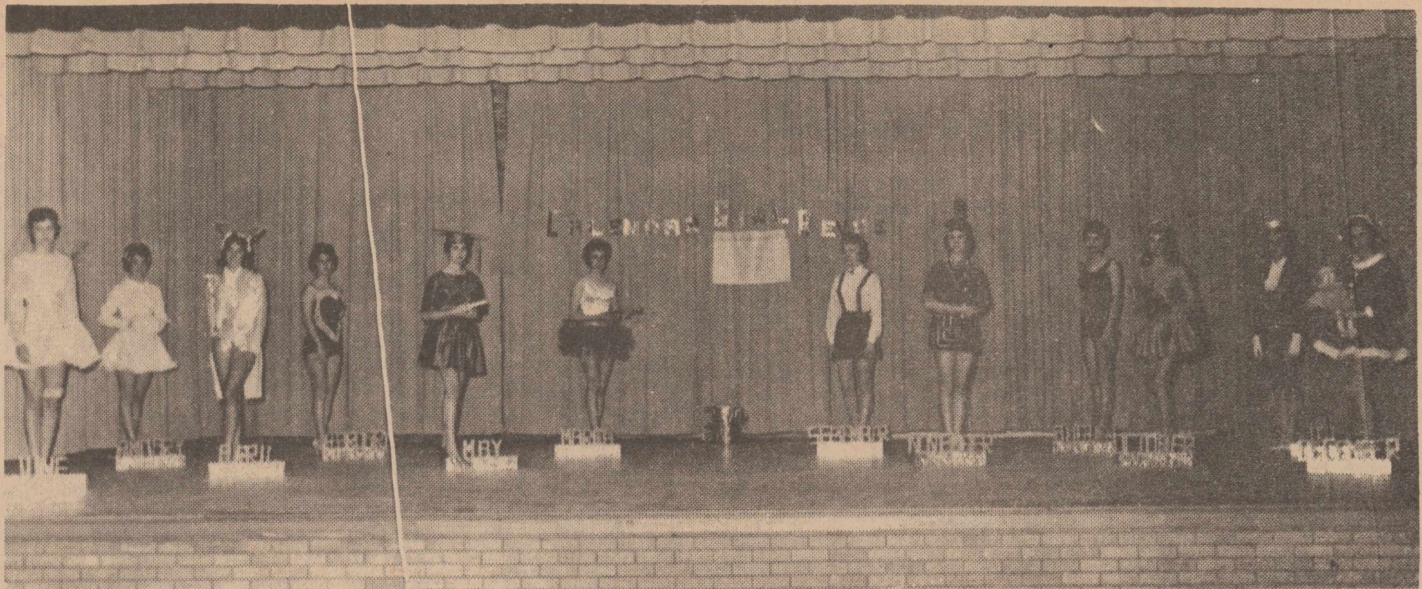

The increases for this service are expected to yield about \$2.5 million in additional postal revenues, based on current special delivery volume.

The present 30¢ bracket at the \$50 level, raising to 35¢ the fee for denominations up to \$100. These changes will affect over 100 million money order transactions. Based on this volume, new revenues would total about \$5 million.

These proposed changes can be put into effect by Postmaster General Day under his existing administrative authority. Similar action was taken recently to adjust postal rates for mail going to foreign countries.

These actions are part of the Post Office Department's program to place the Postal service in a more favorable fiscal position, in accordance with the Postal Policy Act of 1958.

The Postmaster General is also requesting the Congress to take legislative action with regard to first, second and third class mail to eliminate the revenue deficiency gap of \$741 million.

HD Club Meets In Culwell Home

The Olton HD club met Tuesday afternoon at 2 in the home of Mrs. Ray Culwell.

The hostess opened the meeting with a quiz game and Mrs. Lady Clair Phillips, HD agent, gave a demonstration on how to remove creases and make pleats in material.

Mrs. Jerry Dennis, president, was in charge of the business meeting. Roll call was answered with miscellaneous household hints. The group voted to answer roll calls at each meeting with the subject of their choice and to respond to these subjects at each meeting.

A club fund was organized with a guessing game about the contents of a "white elephant." Mrs. Phillips gave a discussion on home management. The hostess prepared a dish in her kitchen and Mrs. Phillips gave pointers as to how the kitchen could be re-arranged to save time and steps. Refreshments of punch, coffee, sandwiches and cake were served.

Members present were Mmes. Paul McFadden, Fred Shaw, Roy Hooper, Jack Edwards, Bailey Hair, Jerry Dennis, William Neinst, Harry Thomas, Tom Smith and Lady Clare Phillips and the hostess, Mrs. Culwell.

Mrs. Juanita Arrington was a visitor. The next meeting will be May 16 with Mrs. Jerry Dennis, hostess, giving a demonstration on salads.

ATTEND FUNERAL

Farmers..Here's How To Cut HAND HOEING COSTS!

The John Deere Cultivator Rotary Hoe Attachment

FEATURES

- *Saves time
- *Saves fuel
- *Saves hand hoeing
- *Works Clean
- *Breaks Crust
- *Replaceable Steel tires
- *Non-curling Cold forged points
- *White-Iron Bearings
- *Adjustable Down-Pressure
- *Removable Center Wheels

On first and second applications, the John Deere Cultivator Rotary Hoe Attachment saves at least half a farmer's valuable time during the busy spring season, and saves up to 40 per cent on fuel as well. It does this by cultivating safely at 4 1/2 miles an hour or faster, instead of the usual 1 1/2 or 2 miles per hour.

The Rotary Hoe Attachment permits earlier cultivating and does a cleaner, more thorough job. It breaks crust and flips out the shallow-rooted weed sprouts right in the row, without damage to the deeper-rooted crop.

Your Neighbor... MARVIN GREEN Uses

Sol-U-Phos
LIQUID FERTILIZER
DIVISION OF GOODPASTURE GRAIN & MILLING CO., INC.
Main Offices—Brownfield, Texas

MARVIN GREEN... Hockley county farmer... had this to say about Solutions: "I really gave Liquid Fertilizers a test last year. After all the heavy rains we had, I went back and side-dressed my cotton with Liquids. I saw a big increase in production in comparison to what some of the other county farmers gathered who didn't use another application of fertilizer."

This is Green's second year to use Solutions. He uses the tool-bar mounted applicator-cultivator with front-mounted saddle-type barrels. With this type rig—Green added: "I was able to apply 50 acres or more per day of fertilizer. And another thing, I have never been able to get the results from other types of fertilizers that I have received from Liquid... with the saving in labor expense, plus the low initial cost of SOLUTIONS, I don't know why everyone doesn't use Liquid Fertilizers."

Members attending the meeting were Susan Nicholas, Judy Meadows, Margaret Thomas, Sandee Coleman, Sandy Stamps, Marilana May and Dixie Griffin. Leaders present were Mrs. B. Coleman and Mrs. Buster Nicholas.

Practice yourself, for heaven's sake, in little things; and thence proceed to greater.

Chester-Jones Wed In Ceremony Sunday

The First Methodist Church was the scene Sunday afternoon for the wedding of Miss Judith Anne Chester, daughter of Mr. and Mrs. Joe Delmar Chester, and Warren Dean Jones, son of Mr. and Mrs. Wallace O. (Buzzy) Jones of Earth. Pastor of the Dimmitt Methodist Church, Rev. Hugh Blaylock, performed the double-ring ceremony.

Lovely in a gown of imported silk embroidered lace, the bride was escorted and given in marriage by her father. The bridal gown was fashioned with a Victorian-styled wasp waist and elbow length sleeves. Satin covered buttons were sewn down the front and encircled the lower edge of the bodice. The skirt had an apron effect over tiers of tulle which ended in a short chapel train and was topped by a bouffant bustle bow. Tiny matching mitts completed the costume.

A ballering length veil descended from a crown of rhinestones. A colonial bouquet of frothy pink feathered carnations and stephanotis were edged in embroidered tulle. The bouquet was completed with satin streamers. Traditionally, the bride chose something old, something new, something borrowed and something blue. For something old the bride carried her grandmother's wedding band which was 86 years old. She

also carried bands belonging to her grandmother and mother. As something new, the bride wore a diamond pendant, a gift of the bridegroom. Something borrowed was a white linen handkerchief with a wide tatted edge borrowed from the bride's grandmother, Mrs. Jodie Morris of Earth. The bride wore a blue garter as something blue and for good luck she wore a penny in her shoe.

Organist, Mrs. Bob Belew of Earth, played the "Wedding March" and accompanied soloist, Miss Sharon Been, as she sang "Because" and "The Wedding Prayer". The couple knelt as "The Wedding Prayer" was sung.

The couple stood at an altar arched with candelabra and flanked by baskets of white gladioli and American Beauty colored carnations. The cross at the rear of the altar was spotlighted. Reserved pews were marked with white satin bows.

Maid-of-honor was Miss Judy Laceywell. Miss Terry Gail Hooper was the bridesmaid and Karen Jones, sister of the groom, and Janet Chester, sister of the bride, served as junior bridesmaids. They were attired in identical dresses of white imported organza over colored cotton satin. The dresses were fashioned after the bride's. All of the attendants wore matching mitts and rhine-

stone tiaras. The carried colonial bouquets of frothy pink feathered carnations.

Miss Laceywell's polished cotton underdress was American Beauty colored with a matching veil. Miss Hooper's underdress was sunset rose cotton satin and she also had a veil to match the ensemble. The junior bridesmaids wore matching dresses of petal pink polished cotton. Jeana Chester, flower girl and sister of the bride, wore an underdress of sea foam green cotton satin.

Hal Hudson of Earth, cousin of the bride, and Gary Bulls, also of Earth, cousin of the groom, served as candlelighters for the ceremony. Ushers were Hal Hudson, Gary Bulls, Terry Green, and Jimmy Foley, all of Earth; Macky McCarty, Anton; and Leonard McPheters, Lubbock. The ring bearer was Jon Cearley, cousin of the bride, of Lovington, N.M.

Sidney Vaughn, the groom's uncle of Carlsbad, N.M., served as best man.

Junior groomsmen were Mike Parish, of Earth, cousin of the groom; Randy Howard, of Plainview, cousin of the bride; and Terry Parish, also of Earth, cousin of the groom.

For her daughter's wedding, Mrs. Chester chose a pink silk shantung dress with black accessories. Mrs. Jones was attired in a pale blue lace dress with blue and white accessories. Both mothers wore white carnation corsages.

The reception was given in the church fellowship hall following the ceremony. A white

cloth centered with a petal pink colonnade cake, trimmed with frothy pink icing flowers and sea foam green leaves was the main attraction on the serving table. The cake was topped with a miniature bridal couple under an arch and trimmed with pink tulle. Silver and crystal appointments completed the table.

Members of the houseparty were Misses Janet Oak, Carol Bostick, Janice Campbell, all of Lubbock; Misses Geneva Gurry and Joyce Gray, both of Olton; Miss Koenia Schenck, Clovis, N.M.; Miss Sharon Been, Earth; Mrs. Marion Green, Mrs. Hal Nicholson, Mrs. Gene Reynolds, Mrs. Lester Thompson, Mrs. Denver Offield, Mrs. Jim Gregory, Mrs. Tom Smith and Mrs. H.R. Curtis, all of Olton; Mrs. Gary Bulls, Mrs. Kay Been and Mrs. Eldon Parish, and Mrs. E.C. Hudson, all of Earth; Mrs. Jean Howard, Plainview; Mrs. Mervyn Cearley, Lovington, N.M.; Mrs. Orrin Howe, Colorado Springs, Colo.

Eastern Stars Have Election Of New Officers

The election of officers was the main item of business at the regular meeting of the Eastern Stars Thursday night, April 27.

Officers elected were Worthy Matron, Mrs. Bird Cox; Worthy Patron, Bird Cox; Associate Matron; Mrs. L.L. LaDuke; Associate Patron; L.L. LaDuke; Conductress, Mrs. Ira Foster; and Associate Conductress, Mrs. Delmer Givens. The remaining offices are to be filled by appointment.

Refreshments were served by Mrs. Eldon Franks and Mrs. J.C. Brown.

A memorial service will be held at the next regular meeting date.

A lot of men have lost their shirts by putting too much on the cuff.

White accessories complimented the bride's rose linen traveling ensemble. She wore a white feathered carnation corsage. The couple will visit Ruidoso and other points in New Mexico while on their wedding trip.

Mrs. Jones is a graduate of Olton High School. She was chosen Miss ORC in 1959 and Lions Club Queen in 1960. She is presently employed at Olton State Bank.

Dean Jones graduated from Springlake High School and attended Texas Tech. He is presently engaged in farming near Earth.

Mr. and Mrs. Jones will be at home near Earth after May 7.

Andrew-Boone Wed In Olton Ceremony

Miss Evelyn Juanelle Andrew, daughter of Mr. and Mrs. Raymon (Bud) Andrew, became the bride of Mr. David Keith Boone, son of Mr. and Mrs. W.R. Boone of Springlake, Saturday night. The single ring ceremony was performed in the home of the bride's grandparents by Rev. E.R. Higgins of Lubbock Christian College.

Given in marriage by her father, the bride wore a street-length white cotton dress with square neckline, three-fourth-length sleeves, and a billowy full pleated skirt. The dress was accented with a white polished cotton cummerbund sash.

An illusion elbow length white lace veil fell from a bow of orange blossoms. A white gardenia, encircled by pink roses and rosebuds atop a white Bible, composed the bride's bouquet.

The traditional something old was a Cameo necklace belonging to the bride's grandmother, Mrs. B.R. Andrew; something new was the bride's wedding dress; something borrowed was the white lace veil belonging to the groom's sister, Mrs. Woody Jackson; and something blue was a garter worn by the bride. For good luck, the bride wore a penny in her shoe.

Plus-65 Population Is Vital In Local Economy

(Special to the Enterprise)

NEW YORK, Emerging as an important element in Lamb County's economy is the plus-65 portion of its population.

This group, which has been growing steadily in number as well as in financial strength, now represents 7.5 percent of the local population.

As a result, it is becoming the sales target of merchants, manufacturers and others, who are making a deliberate effort to cater to its particular wants and, in the process, boost their own sales volumes.

A wide range of goods, designed especially for that age group, is now on the market.

In the Lamb County population, which was set at 21,896 in the recent census, were

1,642 people of 65 or over. This is based on data just released by the Census Bureau.

In 1950, when the previous tabulation was made, there were only 1,040 in that age group locally.

The rise, which amounts to 57.8 percent, was greater than that experienced in most sections of the United States, where it averaged 34.7 percent. In the State of Texas, it was 45.2 percent.

As a result of the rapid growth of this age group in Lamb County, the current ratio shows that one in every 13 local residents is 65 or over.

Nationally, there are now more than 16.5 million of these senior citizens, a dramatic increase from the 12.3 million that were counted in the previous census.

Although they have much less cash to spend than they had before graduating into the over-65 class, they have much more than the previous generation had at that age.

Their comparative well-being is due principally to private pension plans, social security payments, personal savings and investments and that most common and valuable asset of older persons--ownership of their own homes.

As income from employment, only a fourth of them are in the labor force.

All in all, the Department of Commerce finds, the median income of American families of that age is \$2,831 a year. Many families enjoy much more than this but an equal proportion fall below that figure.

Despite the modest buying power of the individual family, as a group they are now able to make their influence felt by weight of numbers.

CHOSEN FOR INSTITUTE -- James A. Caley, Olton science teacher, has been chosen to attend the Sixth Radiation Biology Summer Science Institute for secondary school teachers, at the University of New Mexico in Albuquerque this summer. Mr. Caley is one of 20 teachers selected to take part in the program, which is sponsored by the National Science Foundation, the Atomic Energy Commission, and UNM, to increase interest in science by providing well-informed science teachers. The institute starts June 14 and ends Aug. 16.

Here's How To Lick Seedling Diseases

Stauffer

Captan-Terraclor 10-10 cotton seed protectant

... the answer to the problem of poor cotton stands due to seedling rots.

It reduces your production costs because it cuts the expense of replanting, and helps you get better, more uniform stands of healthy plants. Also, you can plant your seed earlier with greater safety.

Stauffer Captan-Terraclor 10-10 is a specially formulated combination that gives you two-way protection. It protects against damping-off or "soreshin" (Rhizoctonia), plus Pythium, Fusarium and other soil-borne diseases. This combination gives you the best protection against the diseases that cause seedling damping-off.

NK announces exclusive 3-way crop assurance plan for Sorghum farmers!

Free seed replacement from Northrup King on either forage or grain sorghum if you must replant for any reason!

Here is Northrup King's replanting offer to you:

If your NK sorghum crop (either grain or forage) fails because of drought, flood, insects or any other reason...

Northrup King will replace the seed FREE. No gimmicks. No double talk. No confusion. Just these simple conditions: You must replant this season; supplies of the NK variety you want must still be available; and we make inspection of the field before you disk. Your local dealer or NK salesman will then replace the NK seed you planted in the amount of your original purchase for one replant.

Plus unmatched early varieties for late plant or replant

Plus exclusive green teating and other factors for fast emergence

Should hail, flood, or other threat from nature delay planting or destroy your crop, Northrup King has early maturing varieties ready to come to your rescue. These grain or forage varieties are unmatched for their ability to produce profitable yields, even when planted in early July... another solid kind of protection available only from Northrup King.

You start getting additional crop protection from NK sorghums the minute the seed hits your soil. Exclusive green coating on every NK sorghum seed fights off loss from disease and harmful organisms, helps assure uniform stands of strong, healthy seedlings. Other built-in genetic factors speed emergence, promote early vigor... help you collect more profit from every acre.

Plant NK sorghums for more from every acre!

Feed Grain Program Objectives Outlined

(Editor's note: Many farmers in Lamb County have inquired as to objectives of the new feed grain legislation which was signed into law on March 22 by President Kennedy, County Agricultural Stabilization and Conservation office manager L.D. Aten of Littlefield answers the major questions asked by the farmer.

Q. What is the purpose of the new program?
 A. The feed grain legislation has four purposes -- to increase farm income; prevent further buildup of the feed grain surplus and reduce it if possible; help assure the consumer of fair and stable prices for meat, poultry and dairy products; and reduce the ultimate feed grain program costs to taxpayers.

Q. Generally, how is the program set up?
 A. The program is voluntary and applies only to 1961. All field corn and grain sorghum whether for grain, fodder or silage, are covered and cooperators are being asked to reduce their 1961 plantings of these crops by at least 20 per cent below the 1959-60 average acreage. Voluntary reductions up to 40 per cent are encouraged for growers with bases of 100 acres or more. Growers with bases of 25 acres or less may retire the total under the program.

Q. What advantages are offered to cooperating farmers?
 A. Cooperating farmers will be eligible for support prices -- 1.85 cwt. on grain sorghum, \$1.20 per bushel on corn, 92 cents per bushel on barley, 62 cents for oats and \$1.02 per bushel for rye. These figures are all national averages. The non-cooperator will not be eligible for price support on any of these crops. His productions would have to move at market prices. He cannot depend upon the government price support nor his neighbor's production adjustment to hold up the market price.

Q. How will payment be made?
 A. Cooperators, if they choose, may receive payments in the form of negotiable certificates which represent grain from CCC stocks. The Secretary of Agriculture will determine the flow of this grain into market channels.

Q. What agreement must the cooperator make?
 A. A cooperator agrees to re-

duce by at least 20 per cent his grain sorghum or corn acreage for 1961 below his 1959-60 average. The diverted acres must be put to some conservation use. It cannot be harvested but fall seeded wheat and barley can be grazed. Weeds, insects and rodents must be controlled on the diverted acreage. In turn he will receive, in addition to his eligibility for price supporters on his grain crops, a payment for each acre diverted to conservation use. The rate of payment for the first 20 per

Two Olton Boys Are In Wayland Orchestra Group

The Wayland Baptist College Orchestra, conducted by Dr. Kenneth Hartley, head, department of fine arts, was presented in its first concert of the year April 30. Joe Miller, son of Mr. and Mrs. J.F. Miller, Olton, plays the trombone in the orchestra.

Presented in joint recital with Jerry Parker, Olton, the Orchestra performed four numbers. Opening the program were two selections from Suite No. II of Handel's "Water Music." Also included on the orchestra's program were Theme and Finale from "Variation on a Theme of Haydn" by Brahms, and "Pomp and Circumstance" by Edward Elgar.

The orchestra, organized in January, includes student and faculty members.

Glenn E. Tubbs Is In Germany

Glenn E. Tubbs, son of Mr. and Mrs. William B. Tubbs, Olton, recently was promoted to private first class in Germany, where he is serving with the 4th Armored Division.

Tubbs, a liaison specialist in the Headquarters Battery of the division's 14th Artillery in Furth, entered the Army in July 1959, completed basic training at Fort Ord, Calif., and arrived overseas last October.

The 20-year-old soldier attended Olton High School.

Q. May I summer fallow acreage left out and plant to wheat this fall, for harvest in 1962? May it be grazed?
 A. Yes, and that also applies to any fall seeded crop to be harvested in 1962.

Q. Can I cooperate with the program on one farm and not cooperate on another and remain eligible for price support on the cooperating farm?
 A. Yes, and no. There are certain provisions which apply in some instances.

Q. On what will the yield on my farm be based?
 A. It will be based on the yield for the county. This yield will be given to us by the Agricultural Market Service of the Department of Agriculture.

Q. How did the Community Committee determine the yield for my farm?
 A. The committee, to the best of their knowledge, set a rate that would reflect whether or not the farm was irrigated, whether it was well-irrigated, to what extent the farm was capable of producing, and the ability of the farmer to produce.

Q. What protection does the program offer?
 A. The program is effective protection in case of crop failure. The payment on diverted acres will be made regardless of weather and is a measure of income insurance as are the higher price supports.

Q. Will the non-cooperator be eligible for price support?
 A. The non-cooperator will not be eligible for price support on any grain crop and cannot expect to build up his acreage base for future programs. It has been emphasized that the U. S. Department of Agriculture will strongly recommend to Congress any legislation involving establishment of base

acres for production adjustment give no advantage to producers who fail to cooperate in the 1961 feed grain program.

Q. Can I put all the grain under loan that I produce on acreage remaining after reduction?
 A. A cooperator can only place under loan the amount of grain indicated by his farm index, which is the yield given him by the Community Committee.

Q. If I agree to reduce my acreage by 20 per cent and when the acreage is measured, if there is an excess, will I be allowed to destroy down to the 20 per cent?
 A. Yes.

Q. How much acreage will I be allowed to divert?
 A. There is no limit on the number of acres that may be reduced, except that payment cannot be earned in excess of 40 per cent -- with the exception of certain cases of small farms.

Girl Scouts May Register For Summer And Day Camp

Olton Girl Scouts may register for Summer Camp sessions at Camp Rio Blanco now through May 31. Mrs. L.L. Beck, executive director of the Caprock Council, has announced. Registration forms may be mailed to the council office, 2600 Ave. P, Lubbock.

Intermediate and senior scouts may attend any of six sessions from June 1 through Aug. 8 at Rio Blanco, northeast of Crosbyton. The camp fee is \$35 with \$10 due when the camper registers. The balance and a health card are due one week before the session begins.

This will be the third year of camping at the campsite along the Blanco river. Tent units and a covered wagon unit will accommodate 72 campers and the staff. The program includes crafts, hiking, songs and games, badge work, conservation, swimming, campfires and other ceremonies, according to Miss Mary Anderson, camp director.

The staff during regular sessions will be a registered nurse, mature unit leaders and assistant leaders, Red Cross certified swimming instructors, dietitian, two cooks, a handy man and program specialists. Parents are invited to visit during check-in and check-out hours.

Girl Scouts who have completed the eighth grade and are experienced campers may register for the pioneer unit. This unit pitches camp in a wooded area for cooking and taking care of themselves for eight to ten days.

Troops may camp at Rio Blanco June 1 through 6th.

Louis Thompson Is In Virginia

Army Specialist Five Louis A. Thompson, son of Ed Thompson, Olton, recently was assigned to the 714th Transportation Battalion at Fort Eustis, Va.

A locomotive fireman in the battalion's Company C, Thompson entered the Army in February 1958 and completed basic training at Fort Carson, Colo. The 20-year-old soldier, whose mother, Mrs. Mildred Screder, lives in Petersburg is a 1957 graduate of Petersburg High School. His wife, Karen, lives in Newport News, Va.

Eleven Olton Students Attend History Contest

Eleven History students of Olton High School attended the West Texas History Contest Thursday, April 27, on the campus of West Texas State College.

The students took objective-type tests and answered essay questions in either World History or American History.

Students from Olton who took the American History test were Janice Gallaway, Alice Bryant, Lana Hair, Dan Long, Lynn Whitefield, Nicky Redinger, Kenneth Hooper, and Sammy Kendall. Taking the test in World History were Ilona Tanner, Barry Prestridge and Harvie Jordan.

Trophies were given to the top two winners in each test and certificates to the next three.

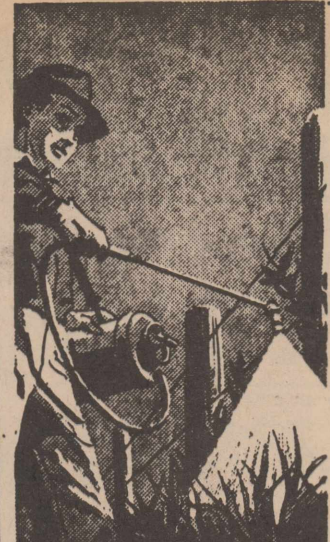

Accompanying the students were Jeff Smart and Clifford Curry.

Seniors Give Annual Prophecy

In assembly, Friday, April 28, the Seniors gave their prophecy before leaving on their trip to Bandera, Austin, and near-by scenic spots Sunday morning.

Jarold Simmons went down the class roll reading the predictions of his fellow classmates in the years to come. The futures ranged from ballet dancing instructor and pool hall keeper to singing as one of the Chipmunks.

Taxes could be a lot worse. Suppose we had to pay on what we think we're worth?

First Baptist Church Will Celebrate Birthday Sunday

FIRST BAPTIST CHURCH of Hart will have a 54th birthday celebration Sunday. Three charter members remain.

The First Baptist Church of Hart will celebrate its 54th birthday Sunday.

May 5, 1907, the Baptist people of the Hart community established the First Baptist Church here.

"To the best of our knowledge, Mrs. Nora Ray, Mr. Earl Hacker and their mother are the only remaining charter members," the church bulletin read.

Guests of honor for the celebration will be those people who saw the church begin services back in 1907. Many people came into the church shortly after it was organized.

All members of the church were urged to make a special effort to be present for the service.

"We are indebted to many people who through the years passed have made it possible for us to have a beautiful church to worship in."

The above statement was issued by the church this week.

THIS & THAT

BY MYRT LOMAN

It has been a great pleasure to work for and with our paper for almost three years.

My first love in Hart is my church and I guess next is the Hart Beat. Of course, both consist of the friends and loved ones.

Without you and your support of ads and news we would have not had a paper this short time. Your co-operation has been most wonderful. I have been very blue and discouraged at times for sure, but I feel I have done my best to help make a paper worth your while to read.

I have been under a handicap all the while for I have no education, but I did, and still have, the wish to have our own HART BEAT. When Bird Cox, Norlan Dudley and I went to Olton that snowy day and I was asked if I would work for the paper this was the plan and desire of all three.

Due to my health and age I feel it time to take out as your reporter, but as long as there is a HART BEAT I will still be working for them.

Mrs. Granville Martin, (Thelma), has accepted the job at least for the month of May. If you will help her with ads and news as YOU have me, am sure we will have a much better paper in the future. She then will consider the job permanently. She alone cannot make the paper. She will have to have your support, so please turn her your news.

Again, THANKS to each and every one of you. It has been a great pleasure, but a lot of HARD WORK. I have learned more to appreciate each of you.

MYRT, the TIRED REPORTER

FREE Sorghum SEED for Replanting Use

Bred into DeKalb Sorghum Seed are such profit-making features as full, open heads; stiff stalks; early vigorous growth; quick drying; easy combining; big yields of heavy test weight grain. But sand, crusting, flood or other disasters can make replanting necessary. If this happens this season, DeKalb will supply its customers, replant grain sorghum seed FREE of charge, if all requirements are met. See your DeKalb Dealer for full details.
