VOLUME 36

NUMBER 30

DON'T EVER loan your putter to Bob Gullett. He might just beat you with it.
Bob, playing in the Muleshoe tournament last weekend, found himself without any clubs just before his match in the consolation finals.
His wife, June, had gone off to Lubbock with his clubs still in the car.
Luckily, Bob had June's clubs in the car he was in. So he played with them.
When his opponent learned Gullett was without a putter, he graciously offered to let Bob use his.
All Bob did was to one-putt five or six greens in a row and take the match, 2 and 1.
He won a pair of golf shoes as the consolation prize.
"That was a good deal, too," Bob said. "June had my golf shoes, too!"

GEORGE CADDELL has promised his kids he'd buy them an M-G roadster if they just won't fight for the next year.
"It's lasted a whole three days," George said Tuesday. The kids, Jerry and Sherry, have figured out that they have to worry about the non-fighting rule only eight hours a day. They're in school eight hours and asleep the other eight.
But George thinks his promise is sort of like a fellow said the other day: "You're just as safe as if you promised 'em a B-47."

Auto-Scooter Victim Rites Held Sunday
Funeral services for Michael Woodrow McClure, 14, were conducted Sunday Aug. 26 at 3 p.m. in the First Baptist Church at Springlake. Rev. Clifford Jester of Hurst and Rev. M.B. Baldwin officiated the services.
McClure died Aug. 24 in the Methodist Hospital, Lubbock, after he was injured in a motor-scooter-automobile accident Aug. 23 about one mile south of Springlake School.
The youth was returning from football practice with the Springlake Wolverines and had parked his car along the side of the road. He borrowed a motor scooter from a friend, Jerry Anderson, and rode it to the school. As he returned to his car, he attempted a left turn across the highway just as another auto, driven by Gary Cowley, also traveling south, pulled out to pass the scooter.
Marks on the highway indicated Cowley tried to keep from hitting the scooter.
He was taken to Littlefield Hospital and Clinic and then to Methodist Hospital for treatment.
McClure was born March 2, 1948. Burial was in Springlake Cemetery under direction of Parsons Funeral Home.
Survivors include his parents, Mr. and Mrs. F.W. (Buck) McClure, Springlake; two brothers, Chris and Allen, both of Springlake; and his grandparents, Mr. and Mrs. H.M. McClure and Mr. and Mrs. W.O. Watson, all of Springlake.
Pallbearers were Don Sanders, Eddie Townsend, Phil Bearden, Floyd Bennett, Jerry Don Sanders, and Larry Neinst. Honorary pallbearers were the members of the Wolverine football team and coaches.

"GEE I WISH. . . Little Dale Parsons, 7-year-old son of Mr. and Mrs. Percy Parsons, was out to watch the Mustangs in practice sessions regularly this week. Here, he takes it easy on a blocking dummy that is bigger than he is. Dale always wears his football helmet when he steps just across the street to watch practice. He's naturally longing for the day when he can get on the field with them."

For Olton School Students

Back To 3 R's Monday

Registration of Olton youngsters for school got underway this morning with the first day of school set Monday.
Registration will continue through tomorrow. High school seniors registered this morning and juniors this afternoon. Sophomores will register tomorrow morning and freshmen in the afternoon. Books will be issued at registration.
A full day of school is planned Monday with buses running at 4 p.m.
The new state physical fitness program will go into effect in Olton schools this year. The program is required in grades seven through 12. Olton will

also use the program down through grade four.
Fred Gordon, elementary school principal, said he plans to possibly use some form in the third grade also.
"It will probably eventually be used in grades 1 through 12," Johnny Clark, superintendent, noted.
The new program in physical education will be for both boys and girls and will require a progress sheet to be kept on each child. The state program contains a standard physical achievement for each age. Grades will be given and each child will be scored according to his ability to achieve the

standard for his age.
The course will be taught in a special class in the school gym or outside, depending on the weather. Organized games will be used.

First and second grade students will be dismissed from school at 2:30 p.m. and third grade at 3 p.m. Fourth and fifth grades will end classes at 3:45 p.m.
Clark said Wednesday that one elementary teacher is still needed at the school.

Soil Survey Explained

Results of the Lamb County soil survey were explained to almost 50 area farmers at a meeting here Tuesday night in the school lunchroom.
Paul Larsen, soil conservation service, explained the newly published soil survey report. Louis Hair, Bill Kimbrough, county agent, and H.A. Hysinger, soil conservation district supervisor, also appeared on the program.

The booklet contains detailed soil maps with fields, roads, pipelines and other landmarks. The survey, made by the Soil Conservation Service in cooperation with Texas Agriculture Experiment Station, Texas Extension Service and other agencies, took over two years to complete.
Officer Harvey Castleberry stopped him near the intersection of 7th and Ave. G, and pointed out that the councilman had gone through the light while it was red.
Castleberry issued a ticket, which Buchenau later signed at City Hall.
Asked for comment on the episode, Buchenau said he would have nothing to say about it.

JUST LIKE ANYBODY ELSE

Would a city councilman get a ticket in Olton if he ran a red light?
He would.
And he did.
G.H. Buchenau, the councilman, wound up in that sort of situation last Wednesday night.

Officer Harvey Castleberry stopped him near the intersection of 7th and Ave. G, and pointed out that the councilman had gone through the light while it was red.
Castleberry issued a ticket, which Buchenau later signed at City Hall.
Asked for comment on the episode, Buchenau said he would have nothing to say about it.

Cartwright Gets Award

J.H. Cartwright, Olton water superintendent, recently received an Award of Merit from the American Water Works Association in recognition of an "excellent safety record in the water works industry."
The award is made by the southwest section of the association, comprising members in Arkansas, Louisiana, Oklahoma and Texas.
The program is a continuous one and Olton may qualify for additional awards. Cartwright is now eligible to receive national acknowledgement in the form of a plaque from the national association.

PTA Drive Starts

The PTA membership committee laid plans this week for the annual membership drive with the year's goal set at \$350.
The drive starts today with representatives in each school building. The group will have someone in the buildings again tomorrow and Monday morning to take membership dues.
Dues sell for \$1.50 per person.
The slogan for the year is "The PTA needs you and me in 1962 and '63," according to Mrs. Archie Sorley, chairman.

Others on the committee are Mrs. Bob Worley, Mrs. W.B. Dickerson Jr. and Mrs. Neil Wells.
Members of the committee are Mrs. Bob Worley, Mrs. W.B. Dickerson Jr. and Mrs. Neil Wells.

SOS Planning Is Underway

Sabin Oral Mass Polio Immunization Program

Sponsored by Olton Chamber of Commerce & Agriculture

SATURDAY SEPT. 15 SUNDAY SEPT. 16

Olton School District

Family Doctor's Name _____
List on this form (PLEASE PRINT) the names of ALL persons in your household who will be immunized at the same time.

Date _____

Household Address _____

City _____ County _____

LAST NAME FIRST NAME INITIAL AGE

PLEASE PRINT

Big Response Is Expected

SOS Day--Sabin Oral Saturday and Sunday--is just around the corner with good news for the youngsters. . .no more shots for polio.

The two clinics are set in Olton Sept. 15 and 16 in the school lunchroom. Hours are from 3 to 6 p.m. Saturday and from 2 to 5 p.m. Sunday. Drs. Lynn Fite and Basil Johns will administer dosages.

Hopes are high that a large number will turn out to get the first round of the immunization. Three doses are required. The Chamber of Commerce and Agriculture, sponsoring the campaign, will hold the three clinics at the proper time.

The new vaccine is taken by mouth and can be given to all ages, regardless of whether or not they have had the shots. It has no taste and no after-effects.

It is usually taken in an ordinary sugar cube, but may be given in chocolate milk, in water or directly into the mouth.

Local doctors have stressed the need for all adults and children to take the vaccine. They have explained that the Sabin vaccine not only immunizes the person himself against polio, but also keeps him from being a carrier.

Such is not the case with the Salk vaccine. Those shots will protect the person taking them but do not guarantee that he will not carry the disease and give it to someone else.

In other words, even those who have had the shots are said to need the oral vaccine. However, once they have had the Sabin, the shots are not necessary.

Many physicians feel that it is now possible to make polio a rare disease like smallpox. Since registration forms are readily available (see form on this page) officials are urging everyone to bring his form already filled out in order to save time and space. However, registration can be done at the time.

While it is being stressed that the vaccine is free, the CC-A would appreciate a small donation for each dose from any who feel they can afford it in order to help defray the expenses.
Members of the CC-A committee working on the clinic are Dr. Basil Johns, head of the committee, and Dr. Lynn Fite, James Hall, Ed Thompson, Bill Turner and Melvin McReynolds, manager.

CLOSED MONDAY
Olton State Bank will be closed Monday for Labor Day.

Football Reserve Seats Now On Sale

Seasons tickets for reserved seats at football games went on sale this week at the school business office.

The tickets are selling for \$7.75 each this year. This includes general admission and reserved seat charges.

A total of 280 reserved seats will be sold. The number has been lowered to allow more room for general admission, according to Elmer Moore, school business manager.

Those who had the seats last year will have first choice. The Quarterback Club will take over sale of the tickets next week.

At a meeting of the club Tuesday night, the purchase of a 16 mm projector was discussed along with reserve seat sales. The projector will cost \$425 and would be used by coaches.
Fourteen rows of reserve

seats are offered, with ten on each side of the 50 yardline on each row.

Lions Club Broom Sale Set Tuesday

The Lions Club broom sale will be held Tuesday across from the Ideal Cafe, according to Don Spain, Lion Boss.

The sale will start at 9 a.m. and continue all day. Members of the Lions Club will make house-to-house call starting at 5 p.m.

Brooms, mops and other household items will be for sale. Proceeds go to the Lions' general fund for community work.

Contributors To Memorial Fund

Editor's Note: The following names have been added to the list of people contributing to a memorial fund for the Olton youngsters who died in a car-train accident Aug. 9.

EDITORIAL

Not An Easy Job

Publishing a hometown newspaper has many compensations, but being well-liked is not one of them. Everyone hates the editor.

An editor who takes a firm stand on controversial issues, and tries to print all the news in an unbiased manner, may be respected (in a fair-minded community) but he will never be popular.

Sooner or later such an editor will tread on the toes of everyone who reads the newspaper, be he friend or foe, neighbor or stranger.

Prime sources of an editor's woes are weddings, obituaries and court news. The description of grandmother's dress must be included in the wedding write-up and uncle Joe's favorite poem must be appended to his obituary or the editor is an unfeeling barbarian, not fit to associate with genteel human beings.

Persons whose names appear in the court news usually fall into two classes -- those who were badly mistreated by the law, and those who admit guilt but want to protect someone else by keeping their name out of the newspaper. This desire to protect dear old mother who has a bad heart, or the grandchildren in school, or the minister from

embarrassment, has led people to offer us bribes, threaten us with mayhem and check the possibility of filing a libel suit. We have often pointed out that we don't make the news, we just print it. All anyone needs to keep his name out of the court news is to stay out of court.

Other ways to incur the wrath of readers are: Disagree with them on a school issue; misspell their name; give another church more space than you do their church; refuse to print an item so old it has long since ceased to be news; decline to work at night on a rush printing job for someone who would have ordered it out of town to begin with had he not been in a hurry; suggest on the fourth or fifth statement that you would like to be paid; decline to print all the personal letters, magazine articles and other material people bring in; get poor reproduction of a poor picture, etc., etc., etc.

We sometimes think what really irritates readers is the crusty editor's steadfast refusal to drop dead. That seems to be the only way to please a big majority at one time. - Valentine Newspaper.

Wheat Quota

Vote Is Today

Wheat farmers will vote in a referendum today to decide if marketing quotas will apply for the 1963 crop.

County farmers may vote at Harrison-Johnson Elevator in Olton, Earth Elevator at Earth or the ASCS office at Littlefield. Polls opened at 8 this morning and will close at 6 tonight.

Referendum committee in Olton is composed of Willie G. Green, Drexel Lawson and J.J. Moses.

The referendum was announced recently by Secretary of Agriculture Freeman in accordance with the present law which makes such action necessary when wheat supplies are more than 20 percent above normal. The same situation exists now as existed in 1961, before the emergency wheat program was enacted, for the 1962 crop, the specialist said.

The law directs that wheat acreage allotments are to be used each year but at least two-thirds of the voters in the referendum must favor quotas if they are to apply to the next crop, he continued.

Approval of Marketing Quotas would mean, (1) in commercial wheat states all farmers with more than 15 acres of wheat will be subject to quota penalties on their "excess," except those who comply with the feed wheat provision. The penalty rate would be 45 percent of the parity price as of May 1, 1963; (2) growers who comply with their wheat allotments will be eligible for price support at the level announced, of not less than \$1.82 per bushel on a national basis.

Disapproval of Marketing Quotas would mean, (1) marketing quotas and penalties will not be in effect for the 1963 wheat crop; (2) acreage allotments will be used to determine eligibility for price support; (3) the wheat price support rate will be at 50 percent of parity, or about \$1.21 per bushel national average.

Those who can vote are the farmers in the 30 commercial wheat states who will harvest more than 15 acres of 1963 wheat as grain but those taking part in the 1962 "feed wheat" program are not eligible to vote. Wives of eligible farmers may also vote.

VISIT AIKMANS

Guests in the Roye Aikman home over the weekend were Mrs. Aikman's sister and brother-in-law, Mr. and Mrs. M.V. Shuman of Hobart, Okla.

ADVERTISING PAYS

made in the northwest part of the state where low temperatures will generally kill the pink bollworms in exposed bolls on the stalks, says Ridgway. Since deadlines for the destruction of stalks is fast approaching in some parts of the state, cotton producers should begin plans now, he suggests.

For additional information on stalk destruction, refer to L-219, "Ways to Fight the Pink Bollworm in Texas," and MP-444, "Pink Bollworm Control as Related to the Total Cotton Insect Control Program of Central Texas." These publications may be obtained from the Agricultural Information Office, Texas A&M College.

Early Stalk Destruction Reduces Boll Weevils

This year's early cotton harvest makes possible early stalk destruction and farm cleanup by Texas producers, says R.L. Ridgway, entomology department, Texas A&M College.

According to the entomologist, stalk destruction and farm cleanup not only lower the pink bollworm population but destroy the food supply of the boll weevil and reduce the number that survive the winter. Heavy insect infestations next year can be prevented by doing a good job of early stalk destruction now.

The use of stalk shredders

THE CAPTAIN AND HIS COACHES---Talking over the upcoming football season are coaches Walter Bryan, left, and Robert Nickerson, right, with End Charlie Burrus,

Mustang captain. The Mustangs continued with hard work this week as they prepped for their encounter with Ab-ernathy here Friday night, Sept. 7.

Moisture Needs Of Plants Are Great At This Season

During this time of the year, when agricultural crops are in the fruiting stages of development, moisture demands by plants are great.

Cotton and grain sorghum plants require as much as .25 to .40 inch of moisture per day. This means that a good soaking 2-inch rain, or an irrigation application of the same quantity, would perhaps supply plant moisture needs for only 5 to 8 days. At the end of the brief period, additional moisture would be required or a plant stress would be experienced. Inadequate moisture at this time will result in decreased crop yields.

According to the High Plains Undergrnd Water Conservation District, supplying needed moisture to the fruiting crop is not always as simple as it might appear. For example, when meager quantities of moisture penetrate the soil, frequently the irrigator will be required to continue watering

from his wells; however, the rain will create a hard crust at the soil surface which decreases the field's water-intake rate. As a result, the farmer must either set additional syphon tubes to compensate for the lower intake rate, or else he must quit irrigation, get out his tractor and cultivate the field to break the crust formed by the rain. In this example, not only was no appreciable benefit derived from the rain, but it actually created a problem which called for an immediate change in original plans.

According to a spokesman with the High Plains Water District, most irrigators will readily agree, or admit, that additional progress in water-use efficiency can and should be made on their farms. However, it's not always so easy to find agreement concerning the methods to be employed

to obtain greater efficiency.

Each farm is different from every other farm; consequently, each farmer must approach problems from a different point of view. Soil texture, size of irrigation wells, slope of land, types of crops grown, weather conditions, amount of acreage involved, and other factors must all be taken into consideration in determining the frequency of irrigations and the quantity of water to be applied.

Upon one thing, most will agree. The timeliness of irrigation application is of the utmost importance. During the period of time when the crop is putting on its fruit is when the plant will make its greatest demands for moisture.

Another area of general agreement is the date when irrigation water should be cut-off. In this area, research has found that the proper time to cut-off irrigation water from cotton is around Aug. 25. Generally, fruit set after that date will not mature and will only serve to lower the overall quality of lint grown.

The Water District is quick to point out that waste should certainly be eliminated or min-

imized, and to allow "tail-water" to run from a level field is a most wasteful practice that should not be tolerated by any landowner. There is some method adaptable to each farm that can be employed to either salvage or retain "tailwater" and one that will pay for itself.

The Water District reminds that groundwater in the Southern High Plains of Texas is a depletable resource, and the reservoir is naturally replenished only from precipitation that falls on local surface. Artificial discharge from the underground water reservoir through wells far exceeds natural replenishment; consequently, for practical purposes, all water pumped comes from storage in much the same manner as does oil from an oil-bearing formation.

VISIT SCHELLERS

Visiting in the O.L. Scheller home last weekend were their son and family, Mr. and Mrs. G.L. Scheller of Hobbs, N.M. and their daughter, Mr. and Mrs. Leo Lawson of Fort Hood. They all visited White Sands in New Mexico Saturday.

Molded Medley With Far East Flavor

All the luscious goodness of favorite foods come to the table in a shimmering salad. This delightful combination of chicken, pineapple and almonds is chilled and molded in a gelatin mixture that boosts the fresh taste of 7-Up with accent of orange juice.

Serve Oriental Chicken Salad for a luncheon or supper dish. Even when leftover chicken is used in making this recipe the fresh 7-Up flavor accent helps it taste as new as today.

ORIENTAL CHICKEN SALAD
2 envelopes unflavored gelatin 3/4 cup orange juice
1/2 cup cold water 2 cups chopped, cooked chicken
1 (no. 2 1/2) can pineapple chunks
1 (7-ounce) bottle 7-Up 1/2 cup slivered almonds
Sprinkle gelatin on cold water to soften. Drain liquid from pineapple chunks into a saucepan and heat to boiling. Add softened gelatin and stir until dissolved. Blend in 7-Up and orange juice. Chill until slightly thickened. Fold in pineapple chunks, chicken and almonds. Pour mixture into a lightly oiled 2-quart mold and chill until set. Makes six servings.

Miss Bryant Is Honored

A pre-nuptial shower complimented Miss Nancy Bryant, bride-elect of Robert Priest, Thursday Aug. 23 from 4 to 6 p.m. in the home of Mrs. Bill Yates.

Laid with a white linen cloth the reception table was decorated with crystal appointments. An arrangement of white gladioli and asters flanked with blue satin streamers with the names of Nancy and Robert formed the centerpiece.

Gifts and a corsage were presented to the honoree from the hostesses. Mothers of the honored couple were also presented with corsages.

Approximately 50 guests were present.

Members of the houseparty who assisted in serving refreshments, displayed gifts, and greeting the guests were Misses Brenda Roberts, Doris Jefferies, Joy Cole, Tanya Bryant, Alice Ross Bryant, Coy McGill and Joanna Lewis.

Hostesses for the event were Mmes. Bill Yates, W.T. Hall, Delmer Givens, Gerald Bizzell, Clifton Hines, Ezra Whittington, Jim Gregory, H.B. Maxey Jr., F.C. Crowder, Cass Kirkpatrick, and Joe Chester.

Bible Class Meeting Held

The Ladies Bible Class No. 2 met Wednesday morning in the Main Street Church of Christ. A lesson on "You Can Be Beautiful, Spiritually" was taught by Mrs. I.B. Holt.

Those present were Mmes. Bud Huckabee, Tom Carlisle, Bill Smith, D.M. Granbery, Glen Exter, Harold Cartwright, Lonnie Smith, Billy Smith, Arno Hall and Misses Helen Locke and Cherry Langford.

Golden Ager Social Held

Mrs. Joe Chester and Mrs. Tom Smith were hostesses to the Golden Agers Social last Thursday afternoon. Songs were sung by the group. Mrs. Chester gave several readings. Happy birthday was sung to C.T. Mason who had his 84th birthday Thursday. Get well cards were signed by the group to send to the sick. Visiting, "42" and dominoes were enjoyed the rest of the afternoon.

Refreshments of angel food cake and punch were served to Mrs. Jody Morris, Mrs. C.M. Owen, Mr. and Mrs. J.A. Wheeler, C.T. Mason, Mrs. J.E. Jones, Mrs. Ula Wilks, Mr. and Mrs. F.M. Holland, Mrs. Nellie Turner, Mrs. Ann Pavelka, Mr. and Mrs. Lee Sherman, Mrs. Anna Martin, Mr. and Mrs. G.T. Galloway, Mrs. Lillie Combest, and the hostesses.

IN COLORADO
Mr. and Mrs. Buster Nicholas and children, Susan and Sharla, vacationed in Colorado this week.

Eastern Star Meeting Held

The Eastern Star met last Thursday evening in the Lodge Hall for a Rob Morris meeting.

After the meeting refreshments of punch and cookies were served to those present by Mrs. Drexel Lawson and Mrs. Cass Kirkpatrick.

Miss Nicholson Is Honored At Bridal Shower

Miss Gayle Nicholson, bride-elect of David Carlisle, was honored with a bridal shower Monday Aug. 27 from 2 to 5 p.m. in the home of Mrs. Bill Weaver.

Mrs. Buddy Nicholson, sister-in-law of the bride-elect, registered the gifts. Miss Barbara Nicholson, sister of the bride-elect, registered approximately 60 guests.

Appointments of silver and crystal were used on the serving table, which was centered with an arrangement of yellow gladioli. The table was laid with a lace cloth over yellow.

Refreshments of cake, punch, and coffee were served by Dana Spear, Janis Moses, Sharon Brigrance and Sherry Caddel. Hostess gifts presented the honoree consisted of service for four in china, electric toaster, pressure cooker, four piece set of corning ware, bedspread, blanket, two sheets, and pillow cases.

Hostesses were Mmes. Bill Weaver, Walter Malone, T.J. Roberson, Merrill Brigrance, D. Y. Ray, George Caddel, Ezra Whittington, Melvin Berry, Don Huguley, Dewey Moses, John Moses, W.T. Hankins, Billy Don Hankins, Virgle Gray, Archie Sorley, Barton Prestridge, H. C. Webb, Fred Smith, G.D. Jones, S.H. Flatt, Paul Paynor, Honey Paynor and Leon May.

VISIT FITES

Visiting in the Lynn Fite home Monday night were Mr. and Mrs. Arnold Hatfield of Chicago, Ill. They are friends which the Fites met while they were on vacation at Chicago.

On the matter of federal tax reduction, Newsweek reports: "The President... must contend with a dilemma. In the face of Congressional opposition, the downturn will have to be clear indeed before he will risk asking for a tax cut. On the other hand, if consumer confidence should start a fast decline, the trouble could become overwhelming by the time the statisticians catch up with the facts—and by then, the snowball might be too big to stop. In the words of Joseph Pechman, tax specialist and leading economist of Washington's Brookings Institution, 'once a recession starts, it's hard to turn it around—tax cut or no.'"

How About A Great Big Hand For Our Food Enterprise?

ATTENTION, DISBELIEVING HOUSEWIVES:

Today's cost of food is just about the same as it was 10 years ago!

The Grocery Manufacturers of America, Inc. reports this eye-opening news:

"As measured by the government's 'standard market basket,' the prices of food bought for home consumption this summer average very nearly the same as in the summer of 1952—despite a 17 per cent rise in the cost of the combined total of all other items in the government's Price Index."

But why do most homemakers insist their food bill is higher today than ever?

Says Paul S. Willis, GMA president:

"First of all, the number of non-food items in grocery stores and super markets has become much bigger. Grocery bills today include many items previously bought elsewhere—for example: cigarettes, magazines, kitchen utensils, garden supplies, hosiery and other articles of clothing. When the husband complains about the bill, he probably doesn't realize that a light bulb might be included in that bill.

"Second, the average family is larger today. There are more mouths to feed; and growing children have a great eating capacity.

"Third, housewives today are more nutrition-minded and quality-conscious than ever. They are buying foods in wider varieties.

"All these things help to make the total grocery bill bigger. But don't blame food pricing. You can feed your family well—with tasty, nutritious and varied meals—at prices that have averaged just about the same for the past ten years."

In other words, says Willis, food is the most consistently stable item in the Consumer Price Index—often popularly referred to as the over-all cost of living index. In fact, when one relates earning power to purchasing power, the factory employee ten years ago worked 51 hours to earn enough money with which to buy the monthly "grocery basket." Today he earns enough in 38 hours.

Coke Party Scheduled

The senior FHA will give a coke party for the freshmen FHA Friday at 3 p.m. at the homemaking cottage. Everyone is invited.

IN HOSPITAL

Mrs. M.L. Green of Earth was taken to the Methodist Hospital Wednesday night by an ambulance from Parsons Funeral Home. She is the grandmother of Willie and Marion Green of Olton.

DECATUR VISITORS

Mr. and Mrs. H.B. Montgomery of Decatur visited friends in Olton and community last week.

Drive-In Opening Scheduled

Mr. and Mrs. Ralph Davis, formerly of Amarillo, have scheduled the grand opening of Randy's Drive-In here all day Friday.

The drive-in is located next door to Olton Bakery. Davis, who has been in the cafe and drive-in business 28 years, is a former chef of Tascosa Country Club and Crossroads Restaurant, Amarillo.

The Davises will feature home made barbecue and super dogs on special for the grand opening.

OPENS MONDAY

Due to illness, Era Maye's Dining Room has been closed since June, but will open Monday, Sept. 3.

WEEKLY PRIZES!

CONTEST RULES

Winners selected in each ad must be circled in ink or pencil. Tie-breaker winners must be circled and scores printed in the spaces made available for them.

Each week's entry must be turned in to one of the merchants sponsoring the contest. Contestants are given a week to prepare and turn in their entries. When they receive their paper on Friday, they have until the next Friday at

4 p. m. to turn in their entries.

Sponsoring merchants may accept mailed entries, but none mailed directly to the Enterprise will be accepted. All late entries will be discarded.

In case of ties, a coin will be flipped to determine the winners.

Anyone may enter except employes of the Enterprise or their families.

THIS WEEK WE SALUTE

Gasoline Taxes Being Refunded

Want to add a nice chunk of cash to this year's farm income? Farmers who do are reminded that they may now submit claims for federal gas tax refunds, according to C.H. Bates, farm management specialist, Texas A&M College.

The refund may be received for all gasoline used for agricultural purposes on a farm or ranch. Bates says. Claims should include fuel used by the operator himself or by custom operators working for him, he added. However, fuel used in vehicles on roads and highways is not eligible for refund.

The claim for federal refunds must be made from July 1 to Sept. 30 on gasoline used between July 1 of 1961 and June 30 of 1962. The procedure is simple and all farmers who file claims last year will receive Form 2240 in the mail this year. Farmers who did not file last year may obtain the forms from their county agent or from the Internal Revenue Service, according to Bates. He also suggests that a copy of Publication 308 of the Internal Revenue Service may be of help to the applicant.

The federal gas tax refund should not be confused with the state refund which is for a shorter period of only six months, explains Bates. This refund involves a more complicated process and additional information should be obtained from the State Department of Revenue in Austin.

Also, Bates reminds that any points that are uncertain should be checked on before the claim is filed and that farmers should keep their records to verify claims submitted.

Hart Camp Happenings

Mr. and Mrs. Jim Taylor, Marty and Johnny Mac, Goldsmith, visited this week with her parents, Mr. and Mrs. M.W. Wheeler.

Mr. and Mrs. Nolan Hukill, Gary and Gordon left Saturday for California where they will spend several days with her sister and family and also do some sight seeing.

Mr. and Mrs. Homer Hukill and James and Ray Hukill visited Wednesday with Mr. and Mrs. Franc Frank and family.

and Mrs. Lucy Franks, Arch, New Mexico. On their way home they visited with Mr. and Mrs. Talmadge Hukill near Bovina.

Mr. and Mrs. K.W. Mahaffey were in Kress Thursday and Friday visiting relatives.

Mr. and Mrs. J.C. Muller visited Sunday at Portales, N. M., with Mr. and Mrs. Norman Pittillo and family and Mr. and Mrs. Leland Pool and children.

Mr. and Mrs. J.W. Johnson Sr. returned Friday from a trip to Arizona where they did some fishing and sight seeing.

Edwin Oliver and Bill Johnson took the Junior Training Union Class to a skating party at Littlefield Friday night. Mr. Oliver is the teacher of the class. Children attending were Gary Parkey, Kathy Moore, Brenda Leonard, Sharon Hendricks, Steve and Lajuana Burleson, Bobbie, Ronnie, Danny and Sherri Jones.

Kerwin Oliver and Larry and Bruce Stanley were at Bull Lake Sunday afternoon boating and skiing.

The Young Adult Class in Training Union had a social Friday in the Annex of the Baptist Church. Games were played and ice cream was served.

Mr. and Mrs. Edwin Oliver, Kerwin and Debbie left Monday morning for a weeks stay in Colorado. They will sight see around Pagosa Springs and Colorado City.

Mr. and Mrs. J.W. Johnson Jr., John and Kay left Wednesday morning for a vacation trip to Pagosa Springs, Colo. They were accompanied by a nephew of Mrs. Johnson's, Larry Allen of Lubbock.

Miss Marilyn Locklear, Los Angeles, Calif., visited Sunday through Tuesday in the home of Mr. and Mrs. Blanton Martin and Suzanne. Marilyn is a niece of Mrs. Martin's.

Mrs. Jack Moore was released from the Littlefield Hospital Monday where she had been confined with virus pneumonia.

Mrs. Harvey Gordon is confined to the Littlefield Hospital with a back injury. She injured her back when she raised a window a few days ago.

Mr. and Mrs. Bobby Sager and boys and Mr. and Mrs. Roy Hendricks and children were at Umberger Lake boating and skiing Sunday.

Visitors in the H.V. Lynch home Wednesday night and Thursday included a niece and family, Mr. and Mrs. H.V. Vernon, Jeff and Janie of Van-

cover, Wash., and a friend of the Vernons, Lynn Siebenmann of San Antonio.

Mr. and Mrs. Ray Johnson and Bill and a granddaughter from Hale Center went picnicking and boating at Bull Lake Thursday afternoon.

Rural Accidents Investigated

The Highway Patrol investigated nine rural accidents in Lamb County during the month of July according to Sergeant D.S. Lawson patrol supervisor of this area.

These wrecks accounted for nine persons injured and an estimated property damage of \$9,650.00.

The rural traffic accident summary for Lamb County from January through July of 1962 shows a total of 88 crashes. As a result of these crashes there were three persons killed and 63 persons injured. The estimated property damage amounted to \$70,010.00.

The familiar yellow school buses will soon be back on our highways. The Sergeant reminds all motorists of the State Law regulating school buses. "The driver of a vehicle upon a highway outside the limits of any incorporated city or town upon meeting or overtaking from either direction any school bus which has stopped on the highway for the purpose of receiving or discharging any school children shall stop the vehicle immediately before passing the school bus, but may then proceed past school bus at a speed which is prudent, not exceeding (10) miles per hour, and with due caution for the safety of such children."

The veteran patrol supervisor said, "Remember. These children are our most precious heritage, who hold the future of our nation."

R. G. Rodriguez At Fort Knox

FORT KNOX, KY. (AHTNC) Army Pvt. Reynaldo G. Rodriguez, whose wife, Gloria, lives in Springlake, recently completed eight weeks of advanced individual reconnaissance training at The Armor Center, Fort Knox, Ky.

Rodriguez entered the Army last March and received basic combat training at Fort Chaffee, Ark.

Before entering the Army, the 22-year-old soldier was employed by Lewter's Grain Co., Lubbock. His parents, Mr. and Mrs. Pablo R. Rodriguez, live in Pearsall.

1,976 War Veterans Listed In County

Information that has never before been available, relating to war veterans in Lamb County, has just been made public.

The Government, through the Census Bureau, has released figures on the veteran population locally and in every other part of the country, together with a breakdown showing the wars in which they served. The release of the information is especially timely because of the drive that veterans of World War I have been making for a special monthly pension.

The overall figures show that 26.8 percent of the male population of Lamb County, age 14 or over, were in the armed forces during wartime. The ratio applies to 1960, when the data was gathered.

No count was taken of the number of women who had wartime service.

Of the men, the number of war veterans in the county comes to 1,976 and the number of non-veterans, age 14 or over, to 5,378.

Most of these vets, 1,331 of them, were in World War II. Another 26 saw service in that war and also in the Korean War.

Those who were in the Korean War exclusively total 262. The number of World War I veterans is placed at 162. Some 195 additional men have veteran status for "other service."

All told, the Census Bureau reports, there are nearly 23, 100,000 veterans in the United States, 2,400,000 of them survivors of World War I.

The latter group are seeking additional lifetime pensions

Idea For A Law

A bill before Congress is an idea for a law.

Who thinks it up? A congressman, the home folks, the President, almost anybody.

How does it become a law? 1. The congressman calls on the Congressional Legislative Service to cast the idea into legal language.

2. He drops his bill into a legislative hopper. The clerk numbers and passes it to the Speaker of the House of Rep-

resentatives. He refers it to a committee. There it may "die" unless the sponsor asks for action.

3. If he does, the committee may consider the bill or assign it to a subcommittee to consider the bill. Usually, either the committee or the subcommittee will hold hearings, study the merits of the bill, and prepare a report on it to be submitted to the House.

4. At long last the committee votes on it. If most members support it, it goes "out of committee" to the House.

5. It gets on the calendar and the House Rules Committee says how, when, and for how long the House may review the bill.

6. The Speaker sets a time for debate with equal time to both sides.

7. Afterwards the House votes. If passed, the bill becomes an "act" and goes to the Senate.

8. The Senate President refers the act once again to a committee which may "table" it, or report it out with or without changes.

9. The Majority Policy Committee sets the time for debate on the bill, and a member asks to have the act considered. If this motion is carried, it calls for debate, perhaps amendments, and a vote.

10. Often, if the Senate (or the House) amends the bill, it goes back to the House (or Senate) for another vote. Failing that, the bill goes to a "conference committee" of both houses (as a rule, seven members from each) to iron

Farm Sales Up - Net Income Down

Farmers, like other businessmen, in recent years have increased their gross sales but have received less net income, reports C.H. Bates, extension farm management specialist.

The nation's farmers have increased gross sales since 1947 by 46 percent but their net income has declined more than nine percent. Bates adds, Gross income in 1945 was \$25.7 billion and production expenses were \$12.9 billion. Net income equaled \$12.8 billion. By 1960, gross income was up to \$37.9 billion but expenses had jumped to \$26.3 billion, leaving a net of only \$11.6 billion.

Farmers have sought to improve their situation, says Bates, by shifting the inputs or "mix" of production resources. They have substituted machinery for labor. In 1940, U.S. farmers spent \$1.75 on machinery and buildings for each dollar spent on hired help. By 1960, they were spending \$2.77 on these items for each dollar spent for hired labor.

Another effort to boost efficiency is reflected in the amounts spent for fertilizer and lime. By 1960, U.S. farmers were spending 4.8 times more for these items than was spent in 1940. This means a great increase in quantity since prices for fertilizer and lime have increased only 50 percent.

Although comparable figures are not available on farmer expenditures for pesticides and herbicides, the trend has been sharply upward, says the spec-

out differences. Results often a compromise. Should the conference committee disagree, the bill dies.

11. If it agrees, the Act goes back to both houses for a final vote.

12. If approved, the Act goes to the President. He may (1) sign it and make it a law; (2) veto it (two-thirds of both houses may over-ride his veto); or (3) neither sign or veto it.

13. If he does not sign it, the Act becomes law in 10 days if Congress is still meeting. If Congress has gone home, the Act dies by "pocket veto."

14. Bills starting in the Senate must go to the House of Representatives and thence to the President.

PPCA Sees Peak Year

PLAINVIEW-- (Special)--- Another peak year for the Plainview Production Credit Association, with a bumper harvest in sight, has been forecast for 1962 by officials of the agricultural credit organization.

The nation's largest Production Credit Association, the Plainview association had a total loan volume of \$37,000,000 in 1961, highest in the association's 28-year history and ranking it first among nearly 500 Production Credit Associations serving the United States.

Indications point to a new loan volume record for 1962, officials reported, due to the bright crop prospects and the administrative leadership of Noel Woodley, new general manager and secretary-treasurer of the association.

Woodley, 51, formerly of Muleshoe, was recently named general manager of the home-owned and operated association, which serves more than 1,600 farmers and ranchers in an eight-county area of the high plains.

IN HOSPITAL Mrs. Dora Currier was taken to the John Sealy Hospital Wednesday by an ambulance from Parsons Funeral Home.

HOME FROM HOSPITAL Miss Erma Clark returned home Friday from Scott and White Clinic at Temple by an ambulance from Parsons Funeral Home.

You Can Use Golden Uran BEFORE and AFTER You Harvest Your Grain!

FOR DESICCATION ...

The advantage of using Golden Uran as a desiccant lies in the fact that besides desiccation of the foliage, the application serves as a source of Nitrogen for your next crop and speed the decomposition of organic crop residues to humus.

The dual function of Golden Uran used for grain sorghum desiccation makes it an attractive practice for the milo producer.

Harvesting of grain sorghum crops which have been desiccated has certain advantages. The grain shells out considerably cleaner because foliage and stalks passing through the combine drum do not gum up the bars.

Golden Uran should be applied when the moisture content of the grain is about 35 to 40 per cent, with approximately 90 per cent of the grain well colored.

Once your grain sorghum is harvested, you can put Golden Uran on the stalks for faster decomposition.

See Olton Farm Supply - Let Us Show You The Advantages Of Golden Uran Application Either Before Or After Harvest.

How Research Is Valued

How much does research cost? The better question would be: What is research worth? Research is indeed the proverbial "stitch in time."

Medical research has brought about many outstanding drugs and spectacular operations which save individual lives and relieve suffering, but more outstanding and spectacular are the advances in preventive medicine that have been made which stop suffering before it starts.

Economically speaking, preventive medicine has saved the people of the United States countless dollars. A case in point is retrolental fibroplasia, an eye condition marked by the formation of fibrous tissue behind the crystalline lens. Prematurely born babies are often stricken causing partial or total blindness.

At first premature births are blamed. However, research financed by federal and private means discovered the cause to be the excessive administration of oxygen—employed regularly in incubators for premature infants.

VISIT BOVERIES
Bill Boverie and family of Baltimore, Maryland, are visiting his parents, Mr. and Mrs. J.A. Boverie, here this week.

Ice Capades Opening Set September 23

LUBBOCK--"New Faces" is an apt theme for Ice Capades, which brings its 22nd edition to the Panhandle South Plains Fair in Lubbock, opening Sunday, Sept. 23 with a 3 p.m. matinee. Producer John H. Harris' latest production, lavishly praised wherever it has shown will have a limited run of four nights and five matinees.

This year's edition, biggest of all the ice extravaganzas, has 10 productions, all on the grand scale.

The show has an investment of \$750,000 in costumes and sets alone!

Added to the always exciting cast this season are a host of "new faces." Included are Bobby Specht, the U.S. National champion, and Eric Waite, original "clown prince" of the ice and the two have a combined service record of more than 40 years with Ice Capades' sister show. The delightful blonde bomb-shell, Grete Borgen has been imported from Norway. Also from Norway is Scandinavian champion, Per Kjolberg. Sigrid and Gunter Koch, European and World pair champions are from Germany. Comedians Jan Tors and Dave Park hail from England.

Also new are the adagio team of Miland and Elliot and male soloist Richard Garrett. Both new acts served an important apprenticeship in the Ice Capades sister edition. Returning are the alltime favorites Aja Zanova, twice world's champion, the Three Bruises, Jean and Dick Maxfield, John Demko and Ben Gee, and Doug Austin -- well-known to Ice Capades audiences from previous visits.

Harris always has something special for the kiddies and this year it goes double.

In Disneyrama, a tribute to Walt Disney, all his beloved characters--Mickey, Minnie, Pluto, Donald, Pinocchio, Mad Hatter, the waltzing Hippos, and all the rest--come to life. They bring their warmth right up the aisles, frolicking with the enthralled youngsters.

And then there's the "Greatest Show on Ice," a dazzling circus complete with animals, aerialists, a parade and clowns. This spectacle stars the hilarious Three Bruises who get into every conceivable kind of trouble a circus can afford.

Included in the tenuous salute to Lerner and Loewe are "Paint Your Wagon," a sequence in which the spectacular Bobby

Specht holds the limelight; "My Fair Lady" bringing Jean and Dick Maxfield front and center with the delightful Ice Capades as the backdrop and "Brigadoon" featuring World champion Aja Zanova and an all-girl line of ballerinas plus the current Broadway hit "Camelot" highlighted by Doug Austin.

Put all this color, beauty and music on to one sheet of ice, include a star-studded cast and it adds up to some show.

Performances are 8:30 p.m. Monday through Thursday, with matinees at 3 p.m. Sunday through Wednesday and 5:30 p.m. on Friday. Regular prices are \$2, \$2.50, \$3 and \$3.50. For the first time special family prices are offered for the Monday, Tuesday, and Wednesday matinees only. Teenagers (13 thru 19 years) are \$2.00 for any reserved seat while children (12 years or under) are half-price. Tickets may be ordered by mail by sending check or money order along with a stamped, self-addressed envelope to Ice Capades, Panhandle South Plains Fair, Lubbock.
