

HE PUT IN HIS TWO CENTS' WORTH---Basil Sherman is the lone voter pictured in a slow day at the polls here Tuesday, when a light turnout of 146 voters cast ballots in the city council election. In the background are Eldon

Franks, election judge, and Mrs. Marshall Stone and Mrs. Bill Kemp. Franks called the turnout light, saying that ordinarily at least 250 voters are expected at city elections.

Gallaway, Gullett, Buchenau On Council

Incumbent Poteet Is Edged

Three new city councilmen—all members of Olton's volunteer fire department—were named by voters Tuesday in an election which generated little heat.

Elected to the council Tuesday were C.C. Gallaway, Bob Gullett and Howard Buchenau. Votes cast in the election totaled 146, with incumbent Clovis Poteet defeated by 16 votes. Gallaway polled the largest number with 121. Gullett drew 107, followed by Buchenau with 104. Poteet drew 88.

Four other names also turned up in the results with former councilmen Lynn Fite getting five votes and Carroll Cox getting three. Lester Thompson received three votes and Gerald Bizzell got two.

New councilman Gallaway, gin manager, is a native of Olton. He, his wife, Evelyn, and three children, attend the First Methodist Church. He is a member of the Masonic Lodge and volunteer fire department.

Gullett, bookkeeper, has lived in Olton 24 years and is a member of the Nazarene Church. His wife, June is a member of the Methodist Church. They have two children, Donice and Mike. Gullett is a member of the volunteer fire department and the Quarterback Club.

Buchenau, businessman, moved to Olton in 1941. He and his wife, Bonnie Bert, have three children, Randee, Nancee and George. They are members of the First Methodist Church. Buchenau is a past president of the Lions Club, a member of the Masonic Lodge and a member of the volunteer fire department.

FAST STEPPER---Gary Johnson, OHS senior trackman, has come home with a couple of record-setting performances in the 440-yard dash in recent weeks. The slender OHS speedster, who does the 440 in about 51 seconds, took blue ribbons at meets in Hale Center and Lubbock, then wound up a strong second in the talent-loaded Amarillo Relays last weekend.

Local United Elevators

CCC Checks Estes Firm

United Elevator's Olton facility, part of Billie Sol Estes' vast holdings, was checked Tuesday by Commodity Credit Corporation employees in the wake of a series of investigations centering around the Pecos financier.

Earlier, it was announced that all United Elevators locations—Plainview (including Olton), Kress, Lamesa, Silverton and South Plains—“have been temporarily removed from the list of warehouses approved to operate under the uniform grain storage agreement with Commodity Credit Corporation.”

Dan Gregory, Olton elevator manager, said following the check: “To my knowledge, the

Olton elevator is in compliance on the quantity under storage and the condition of the grain.” Gregory said the local facility was investigated, as a matter of routine, on Jan. 8 and that grain storage and condition were satisfactory. A full report on the latest check will be forthcoming later from CCC.

The Olton manager also said it is “standard procedure” for elevators to cease operation while they are being checked by CCC.

“While this particular holding period was requested by

CCC,” Gregory said, “it is customary that elevators voluntarily hold operations while they are being checked.”

Actually, Gregory said, no grain has been taken from the local elevator, which operates under a federal license held by the Plainview facility.

“Any amount of grain which has been requested by the CCC has been shipped from the Plainview elevator,” he said, because it is headquarters for the United operations.

Concerning anhydrous ammonia bookings by farmers with

the local elevator, Gregory said: “Personally, I feel sure that we will make delivery on all ammonia that has been booked.”

He added that his knowledge of the situation which enveloped Estes the past week is limited to “what I have read in the newspapers.”

Estes, 37, returned to Pecos Monday from El Paso, where a Federal judge reduced his bond to \$100,000 from \$500,000. Estes is charged with conspiracy and transportation of fraudulent mortgages to California. Estes' arrest and the subsequent shaking of his farflung financial empire had repercussions last week from coast to coast.

The Pacific Finance Corp of Los Angeles, which has filed a federal civil suit in Amarillo against Estes and several other defendants, is seeking to recover \$4.3 million.

The size of the mortgage business in the ammonia tanks was seen in a statement by one lending company spokesman who said 12 firms have approximately \$22 million tied up in the West Texas mortgages listing the tanks as security.

Some farmers, a lending company spokesman said, signed mortgages for hundreds of tanks they never saw. They signed leases which called for lease payments, the spokesman said, enabling them to make mortgage payments.

The Pacific Finance Corp said in its civil suit that Estes had informed the company he was unable to continue paying the leases. Many of the mortgages were signed by farmers and others to the Superior Manufacturing Co, which made the tanks. The mortgages then were purchased by numerous lending companies.

Sesame Meet Held Tuesday

Approximately 18 attended the steak supper and special sesame meeting Tuesday night here.

Robert Parker, executive vice-president of the Texas Sesame Growers, was the main speaker with Bill Kimbrough, Lamb County agent, in charge of the meeting.

The group viewed films on the sesame crop last year from planting to harvest and on the new self-feeding attachment for

combines.

Probable price for the 1962 crop was discussed and estimated at ten and one-half cents per pound or better.

Pending legislation to let farmers plant sesame and other non-surplus crops on diverted acres and still draw one-half payment was discussed.

Don Spain, Olton Farm Supply, described the outlook on the bill as "favorable."

Grain Sign-Up Deadline Is Set April 16

Feed grain sign-up deadline, originally set March 30, has been extended to Monday, April 16 due to flooding in the mid-west.

"If we take any more, we will exceed last year," L.D. Aten, county ASC office manager, said.

Non-cooperators may plant all the corn or grain sorghum acreage they wish and the grain produced may be either fed or marketed. If it is sold it will bring only the market price since no government support price can be obtained. They can get support prices for oats, however, if this grain is placed under loan.

Growers who do comply must divert at least 20 per cent of their feed grain base into conservation use. For this land they will receive payment equal to 50 per cent of normal production. In addition, as cooperators they will be eligible for price supports on the normal production from reduced acreage.

Rites Held For Former Resident

Funeral services for F.B. Hulsey, 75, Stockton, Calif., were held Wednesday in Stockton, Calif.

B.F. Hulsey, one time member of the Olton School Board, moved away from Olton in 1936.

His son, Cullen, was a football player for Olton High School from 1928 to 1931. He was an uncle of Mrs. Fred Gordon, Mrs. A.A. Smith, Mrs. Leslie Gordon and Dutch Hulsey of Olton.

Survivors include three sons Curtis, San Cruz, Calif.; Kenneth and Cullen, both of Stockton, Calif.; three daughters, Mrs. Louise Jones, Mrs. Thali Weathers, and Nell Swift, all of Lake Taso, Calif.; one brother C.A. Hulsey, Stockton, Calif.; and two sisters, Mrs. W.T. Whittaker, Olton; and Mrs. Virgie Adams, Esteline.

Schools Planning New Policies For 1962-63

Olton school trustees approved new policies for student activities outside the classroom, effective with the 1962-63 school year, at a regular meeting Tuesday night.

The policies, which will affect outside activities of vocational agriculture, band, athletics and others, will be spelled out in a "Student Handbook" which will be issued at the start of the next school year, Supt. Johnny Clark Jr. said.

Emphasis of the policies, Clark said, will be on maintaining good scholastic standing among students participating in varied outside-the-classroom activities.

An effort will be made, according to the board, to reduce interference with classroom portions of the school program to a minimum.

In other activity Tuesday night, the board:

'Old Fashioned' Political Rally Set At Earth

An "Old Fashioned" political rally is scheduled Friday night at Earth in the agricultural barn.

The rally, sponsored by the Earth Lions Club, will start at 6 p.m.

Candidates from over the area and state have been invited to speak at the meeting. The public is invited to hear the talks.

Bank Deposits Show Big Gain

Deposits in Olton State Bank as of the latest bank call show an increase of almost \$1.3 million dollars as compared with the same time a year ago.

The boost is revealed in the call of March 26, which shows a total of \$5,761,592.43 in deposits in the Olton bank.

At the close of business on April 12, 1961, date of the call a year ago, deposits here were \$4,468,416.26.

Banks throughout the area showed an increase, due mainly to the fact that the area enjoyed a record crop year in 1961.

1. Approved the purchase of one complete new 60-passenger school bus and two new chassis for 1962-63. Cost will be around \$9,500.
2. Employed the firm of Williams and Merriman, Mulleshoe, as auditor for 1961-62.
3. Amended the \$490,055 school budget for this year, adding \$7,317. Of this, \$3,417 is for salaries and \$2,000 is for additional expected maintenance expense. School officials expect expenses of \$154,243 for the rest of the budget year, and total funds available of \$160,514, leaving a budget balance of \$6,271.
4. Heard a report from Supt. Clark on a state audit held last week on the school system's average daily attendance records, personnel files and National Defense Education Act claims. Clark said he would know final results of the audit in a few weeks.
5. Employed two new teachers, Mr. and Mrs. Tommy Harkey of Tullia, for junior high next year. Harkey is now in the armed forces, but will be discharged this summer.

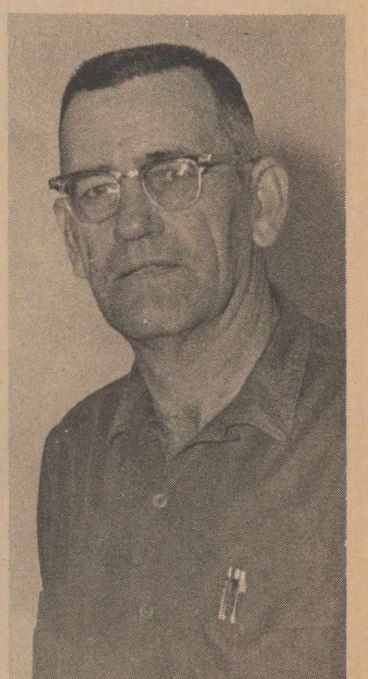

School Board Election Is Set Here Saturday

An election to fill two places on the Olton school board is set here Saturday at H. P. Webb Elementary. Fred Hicks and Roy Roberts, whose terms will expire, are both seeking reelection and are the only candidates for the positions.

Hicks and his wife, Doris, have lived in Olton 11 years and are members of the Main Street Church of Christ. They have one child, Carol.

Roberts and his wife, Nellie Ruth, are members of the Valley View Baptist Church. Area residents for 27 years, they have two children, Mary and Carl. Besides serving on the school board, Roberts has served on the board of directors of the Chamber of Commerce and Agriculture.

Both candidates are farmers. Eldon Franks is presiding judge for the election.

UNOPPOSED---Fred Hicks, left, and Roy Roberts, are unopposed in their bid to retain their seats on the Olton school board at an election here Saturday.

The Postal Increase

Post Office deficits can be compared to influenza epidemics—they come along every year.

Past increases in rates have done nothing to solve the problem, because they have been offset by increases in wages and other operating costs. As of the moment, the annual deficit is running at the rate of some \$850 million annually.

As a corrective measure, the House has passed, and the Senate is now considering, a bill which would bring in an additional \$690 million, and thus, on paper, virtually eliminate the deficit. It looks good, superficially—but, as informed testimony is making clear, it seems to be potential source of problems worse than those it is designed to cure.

The bill would increase the rates charged for first, second and third class mail. And the effect that it would have on the users of these last two categories is producing some massive headaches both in and out of Congress. For instance, under the second-class provisions, newspapers and magazines would pay a surcharge of one cent per piece. The burden would fall heaviest on the smaller publications which can afford it least. According to testimony given before the responsible Senate committee, the additional cost of mailing a small, rural newspaper a few miles would be precisely the same as for transporting a 200-page edition of a New York daily clear across the continent.

The editors of The Reader's Digest regard this as a matter of urgent importance, and they devoted a lengthy feature to it in their April issue, with stress on what it would do to magazines, and particularly magazines of limited circulation. The magazine business, due to an adverse combination of factors, has met mighty rough going in late years. Current profits are estimated at less than one-and-a-half-cents on each dollar of sales. Num-

bers of major magazines have gone out of business. The increased postal rates could very well prove a death sentence for others. Witness this statement by Representative Lesinski of Michigan: ". . . the proposed increase in second-class mail rates will deal a crippling blow to the magazine industry and place heavy economic burdens upon the already pinched small-city dailies, the rural press and the farm journals. . . The estimated increase in revenue of 53 million dollars on second-class mail exceeds the gross annual profits of the entire magazine industry."

The Reader's Digest cites chapter and verse as to what these rate increases would mean to specific magazines. For instance, it would raise the annual postage bill of the old and respected Atlantic by \$91,000—a sum seven times greater than its before-tax profit last year. And many another magazine of high reputation would be in the same boat.

What, then, is the solution to the postal deficit? On the practical side, the Digest points out, mail handling in this country has hardly changed in a century, and the cost of hand labor accounts for more than a third of all the service's spending. Hundreds of millions could be saved through modern mail-handling methods. Other countries have done this with outstanding results."

Also, says the Digest, Congressional leaders estimate that \$400 million of the \$850 million deficit ". . . is represented by charges which properly should be borne by every taxpayer, not just those who use the mails extensively." In other words, the post office provides many an essential and costly public service of a non-postal nature.

The Digest sums up in these words: "It is the considered belief of this magazine that if rates are raised as proposed in HR 7927 a very great disservice will be done not only magazines and newspapers, but to present and future generations of the American reading."

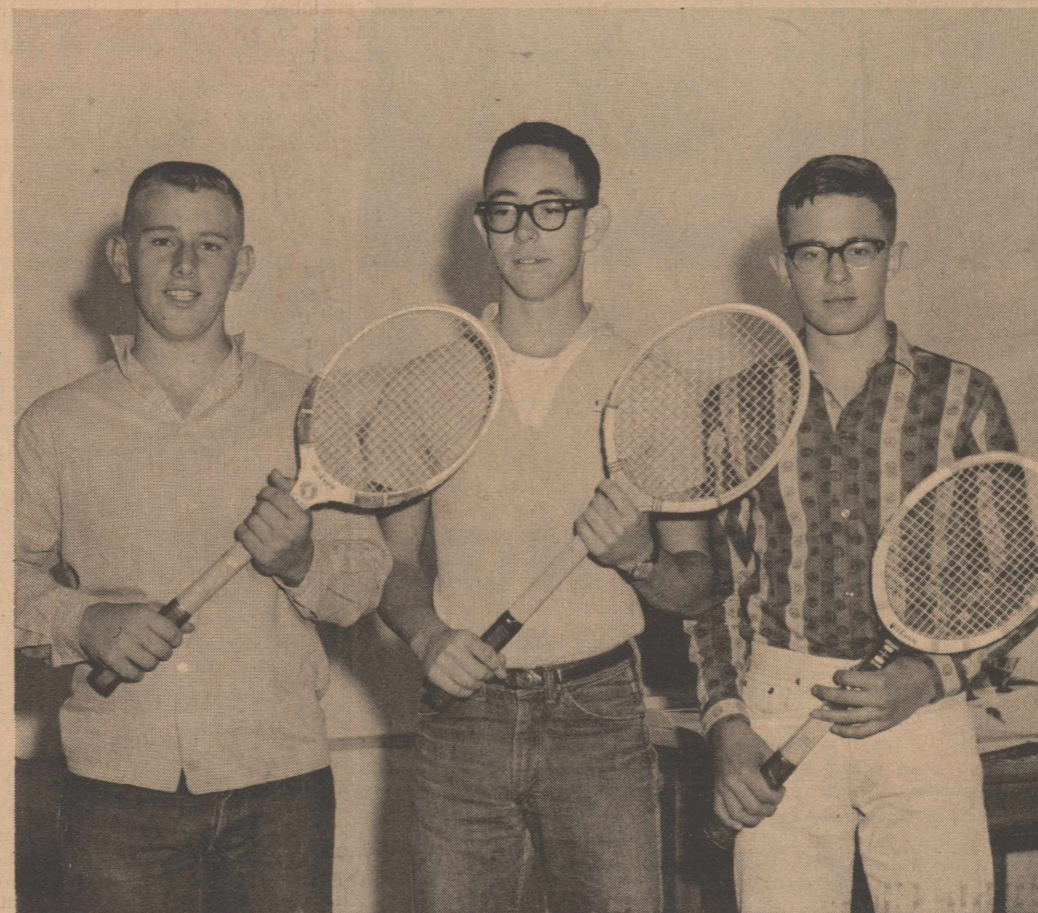

The Lighter Side

Along with the grim statistics it must report monthly, the New Mexico state police bulletin manages to come up with some ready wit also. This was our favorite this month, since it is something that happens to the best of newspapers:

Correction: "Our paper carried the notice last week that Mr. Jack Jones is a defective on the police fore. This was a typographical error. Mr. Jones is really a detective on the police farce."

THESE TRUTHS WE MUST HOLD

WHAT IS JUSTICE—THE LAWS OF MANY OR OF A FEW?

Americans believe: That the accepted standards of justice are the laws which have been formulated through hundreds of years of man's struggle to find a livable code. They find expression in the law of the land and in our great heritage of common law. These laws are clearly promulgated. Judges in our systems are sworn to live up to this law and not to impose their own arbitrary standards of judgment. Thus, we are a government of law and not a government of men.

Communists believe: That the proper and final test of right and wrong is "does it serve the ultimate Communist purpose?"—if it does, it is good; if it does not, it is bad. With this cornerstone of Soviet justice, if any law exists that interferes with the Soviet goal, it is conveniently by-passed. Arbitrary decisions by Communist superiors overrule the law. Rule of man satisfies the Communist need, not rule of law.

Preston Smith Is Said 'Man With A Plan'

A "man with a plan" for Texas is how friends of Senator Preston Smith describe the Lubbock businessman. Senator Smith has been working for Texas for many years as a public servant.

The veteran legislator has served six years in the Texas House of Representatives and is in his sixth year as a Senate Senator.

He now seeks his highest goal, that of Lieutenant Governor of Texas, his native state.

The veteran West Texas lawmaker campaigned for the office of lieutenant governor in 1950. He placed third in a field of 12 candidates.

Fudge-Nut Cake With Fluffy Caramel Frosting

"OBOY, OBOY, OBOY! Mom's making chocolate cake today!" And such a handsome cake it is—fudgy, nut-filled layers frosted with swirls of caramely frosting. Rich, moist and oh-so-chocolately, this cake is full of old fashioned goodness. Sprinkle chocolate shot around the sides for a quick 'n' easy way to give the cake a professional decorator's touch.

Smart Mom! She uses enriched flour in her Fudge-Nut Cake and in all her baking to give her family the extra nutritional benefits of iron and three B-vitamins. FUDGE-NUT CAKE WITH FLUFFY CARAMEL FROSTING
3 squares unsweetened chocolate (3 ounces)
2 eggs, separated
1 1/2 cups milk
2 1/4 cups sifted enriched flour
2 teaspoons vanilla extract
1 tablespoon baking powder
3/4 cup finely chopped nuts
1 teaspoon salt
1/2 cup butter or margarine
1 1/2 cups sugar
Fluffy Caramel Frosting
Chocolate shot, if desired

Melt chocolate over hot water. Cool. Sift together flour, baking powder and salt. Cream together butter or margarine and 1 1/4 cups sugar until light and fluffy. Beat egg yolks. Add to creamed mixture, beating thoroughly. Blend in chocolate. Combine milk and vanilla extract. Add dry ingredients to creamed mixture alternately with milk mixture beginning and ending with flour. Stir in nuts with last addition of flour. Beat egg whites until foamy. Add 1/4 cup sugar gradually and continue beating until stiff peaks are formed. Fold into batter. Turn into 2 waxed paper-lined, greased, 9-inch round pans. Bake in moderate oven (350 degrees), 40 to 45 minutes. Cool about 10 minutes before removing from pans. Place right side up on racks to cool thoroughly. Frost between layers and over sides and top of cake with Fluffy Caramel Frosting. If desired, decorate cake with chocolate shot.

FLUFFY CARAMEL FROSTING
1/4 cup light corn syrup
3 eggs whites
1/2 cup brown sugar
1/4 teaspoon salt
1/2 teaspoon vanilla extract
1/2 cup water
Combine syrup, brown sugar and water. Bring to boiling and cook to 238 degrees on candy thermometer or until syrup spins a long thread (6 to 8 inches). Meanwhile, beat egg whites and salt until soft peaks are formed. When the syrup has reached the proper consistency, pour it slowly onto beaten egg whites while beating constantly. Continue beating until frosting is fluffy and forms peaks. Blend in vanilla extract. Spread frosting between layers and on top and sides of cake.
Makes one 9-inch layer cake.

PARSONS FURNITURE

"Where A House Becomes A Home"

'Emancipation' Of Women Changed Clothing Budget

Out of every dollar spent today for goods and services, only about 8 cents go for clothing, compared with 11 cents in 1948, according to Changing Times, the Kiplinger Magazine. But while the rate of spending for clothes dropped, more of the money allocated went to women—a situation that Changing Times feels "sort of crept up on us over the years."

An article in the current issue of the magazine notes that at the start of the twentieth century, wives of industrial workers spent almost one-third less on clothes than their husbands did.

"By the end of World War I, the gap had narrowed considerably. The wives were spending only 11 percent less.

By the middle 1930's, the woman had won the race, taking a 13 percent lead over the men. And by the time 1950 rolled around, they were as much as 41 percent ahead in some northern suburbs."

Speculating on the reasons for this trend, the editors point to the rise in living standards and, "perhaps more important, the exodus of women from their kitchens to offices and factories. . . Women, like men, need more clothes when they are working outside the home. . . (and) women can't use the same clothes for work and home as easily as men."

But the real reason that men take a back seat to women when it comes to clothes is found in one psychological study, Changing Times concludes. "They are reluctant to compete with other men in so conspicuous a manner as wearing gayer clothes than the next fellow. They leave it up to the women to battle it out on the fashion front."

Robert Baker Circulates Texas Money

Facsimile \$5 Republic of Texas banknotes, printed on parchment so crinkly and genuine looking that Sam Houston would have accepted it at face value without a second glance, made their appearance throughout the state this week as part of Senator Robert Baker's race for Lieutenant Governor.

On the reverse side of the bank-notes is printed, in appropriate formal language, the bearer's certificate of membership in the "Be for Baker Club," declaring that this is "the currency of good and progressive government in the State of Texas."

An announcement from Baker's Dallas headquarters said 100,000 of the unique banknotes will be distributed during the next six weeks, being offered to Baker supporters through county campaign headquarters and chairmen throughout Texas.

Contributions Are Deductible

You may deduct contributions made by you in cash or other property for religious, charitable, literary, educational or scientific purposes. This is one of the itemized personal income tax deductions available to you. However, you cannot deduct contributions which you make, no matter how worthy your intentions, to needy relatives or other individuals, social clubs and political organizations.

If you are on the cash basis and report income as you receive it and expense as you pay it, your contribution must be paid before it can be deducted from your tax return.

You need not make a donation in cash in order to obtain a charitable contribution deduction. In fact, you can often afford to make a larger contribution to charity because the law permits you to deduct the fair value of the property you donate to charity, whether or not this amount exceeds the price you paid for the property, with no requirement that you report the increase in value as income to yourself.

For example, if you have a share of stock which cost you \$50 and is presently worth \$100, you can give the share to a charitable organization and take a \$100 deduction. If you sold the stock and gave the cash as a charitable donation, it would be necessary for you to pay an income tax on the \$50 profit. By giving the stock to charity you get the \$100 deduction and pay no tax.

You also are entitled to deduct as a charitable contribution the fair value of clothing, toys and other articles which you gave to charity and also expenses which you incur for travel and transportation in serving a charitable organization. You cannot, however, deduct as a charitable contribution the value of your time which is donated.

On your Federal return, your charitable deduction is limited to 20 per cent of adjusted gross income. However, where one-third of the total charitable deduction is for donations to churches, educational organizations and hospitals, you are entitled to deduct a maximum

of 30 per cent of your adjusted gross income.

Interest expense is deductible in full from your tax return.

If you are buying a car or other property or appliances on time, a portion of your time purchase price and monthly

payment will normally be interest expense. Where the amount of interest expenses is not clear or where the time carrying charge includes other charges such as for insurance on your life, you may estimate the interest charge by determining your average monthly bal-

ance during the year and multiplying this amount by 6 per cent. It is, of course, preferable to obtain the actual amount of interest which you pay because most running accounts or time charges are based upon substantially higher interest than the 6 per cent figure.

An Open Letter to Texans from EDWIN A. WALKER

I have never gone into battle leading your brave young sons except with the determination to win. We are still at war, and we are now losing the war at home that your sons in uniform won for us upon the field of battle. This war is for survival! It demands the support not only of those in uniform but those out of uniform.

My mission in life has been to fight for America. After thirty years of service, I was relieved of my command because I tried to warn your boys of the evil and dangerous nature of the enemy they faced. It is obvious that while they were winning at the front, they were being betrayed at home.

The most important front now is the home front—the front in Texas. The Governor of a State represents the constitutional executive authority reserved to the people—the highest authority in the land.

This is no time for timid, weak and indecisive leadership in the most important State in the Union. My record speaks for itself. I am a soldier without a uniform. I owe allegiance only to our Flag, our Constitution and our Country. I am free of all political influence—I am completely independent.

This is why I am asking the voters of Texas to let me lead them in restoring this State to its traditional position of respect and strength at this critical hour.

Again let me say that we are at War. I have enlisted for the duration, and, as in every other battle I have fought, I intend to Win for Texas and America!

UNDER MY ADMINISTRATION I CAN ASSURE YOU THAT:

(1) We will restore public respect in keeping with State sovereignty and constitutional authority, always with a prayer for Divine guidance.

(2) Texas will again be placed upon a sane and sound financial footing.

(3) Texas will guarantee the right to work and the protection of property to every citizen.

(4) We will stop the unconstitutional trespass of Federal power upon the rights of Texas citizens—in education, welfare, business and labor.

(5) We will re-establish the respect of the people for the government of Texas—which under present leadership has sunk to an all-time low.

(6) We will restore our State to its rightful position of leadership and high esteem throughout the United States by ridding her of special privilege, scandal and corruption.

(7) We will take party control away from the Potomac pretenders—who have perverted the purpose, debased the ideals and, by control of political party machinery at the national level, have turned the Democratic Party into an instrument of Federal power.

(8) We will inspire and reinvigorate the Union—thus leading the way for the restoration of National unity and the American Republic.

Believing thus, I have entered the Governor's race, in the party of my own pioneer people. By nature and by training, I am no more disposed to run from my adversaries in politics than from my enemies on the field of battle—especially since the Party has betrayed its founders and perverted their principles.

I have no tolerance for the tactics of retreat, no patience with the philosophy of futility, compromise, fear and surrender! In a war for survival, for God and Country, I know only how to fight to win.

To these ends—in keeping with my Constitutional rights and my oath to defend America—I pledge Texas bold and courageous leadership in keeping with her ideals and traditions.

Planting Grain Sorghum Early ? MAKE IT DEKALB!

Many farmers are talking now of planting grain Sorghum early to avoid Sorghum Midge.

O.J. Lee Tells His Experience Of 1961:

I planted DeKalb C-45 on May 5. Came up to a good stand even after a heavy crust and grew off well during the growing season. I started to harvest on the 29th of August and delivered the first load of sorghum to Sanders-Paris Elevator at Olton, Texas. The moisture content was 14.62%. This was the driest grain ever delivered to this elevator by the 29th of August. The average was just over 5000 lbs. per acre on one irrigation.

A FIGHTER FOR TEXAS AND THE PEOPLE AGAINST DOMINATION BY SPECIAL INTERESTS, LOBBYISTS AND PRESSURE GROUPS.

It's the yield that counts and you can count on GOLDEN ACRES HYBRID GRAIN SORGHUMS for record yields that pay you well

TE 66

This year thousands of successful farmers will again plant TE 66. It's because TE 66 has proved itself under nearly any growing condition you can name. It has set yield records on both dry and irrigated land. Its massive root system and short, sturdy stalk are responsible for its exceptional ability to stand straight and strong while many other hybrids fall. TE 66 is the ideal variety to plant where head smut prevails. Seeds are very big and very palatable to livestock.

TE 77

Many farmers who tried "just a little" TE 77 on their irrigated land last season are saying that they'll plant it fence to fence in 1962. It's because new TE 77, developed especially for growing under irrigation, proved itself to be even more productive than most farmers hoped it would be. TE 77 is semi-dry headed, grows to good combine height with good exertion. It's a real winner in yield performance. Buy seed now.

TE 55

Its remarkable drought resistance has made TE 55 immensely popular. Yields are outstanding on irrigated land, too. Like TE 66, TE 55 has short, strong stalks and deep root system for standability. TE 55 is medium early, red-seeded, dry-headed. It has excellent combine characteristics with good exertion of head above flag leaf. Plan now to include TE 55 in your plantings this year.

You're looking at the most productive, all around-hybrid grain sorghum ever developed for planting on dry or irrigated land. Of course, it's Golden Acres TE 66, a winner in yield and standability wherever it's planted.

Hart Camp Happenings

Mrs. R.S. Moore is in the Medical Arts Hospital this week with bronchitis.

Word has been received that Julie Ann Wheeler, daughter of Mr. and Mrs. Mack Wheeler, of Lajuna Beach, Calif., had fallen from a wall and broken her leg between the knee and hip. The large bone in her leg was broken. She fell approximately nine feet. Julie Ann is a granddaughter of the M.W. Wheelers.

A revival meeting will be held Sunday April 8 through April 15 at the Baptist Church. Dr. James H. Stanley of Wolfe City will be the evangelist and Jerry Luck of Portales, N.M., will lead the singing. Morning services will begin at 8:30 a.m. and evening services will begin at 8 p.m.

Mrs. L.A. Presley is still in the hospital at Littlefield following surgery last week. She is improving satisfactorily.

Mrs. Lee Holden accompanied her mother, Mrs. O.L. Kidwell and her sister, Dorothy Kidwell of Tahoka, to Chillicothe Monday to attend funeral services of Mrs. Holden's aunt, Mrs. Annie Siniard.

Mr. and Mrs. J.B. Moore of Lubbock visited in the home of his brother and family, Rev. Jack Moore, recently.

Monday night the Brotherhood met at the church for their regular monthly meeting. All members of the church were invited to attend this meeting. Approximately 30 were there to hear a message brought by Dr. Hope Owens, president of Wayland Baptist College, Plainview. Refreshments were served following the program.

Mrs. Jim Taylor of Goldsmith visited in the home of her parents, Mr. and Mrs. M.W. Wheeler, Sunday and she returned her two small sons home after they had spent more than a week with their grandparents.

Visiting in the home of Mrs. Lee Holden and Lee Edward for a few days are cousins, Mr. and Mrs. John Holden of Chillicothe.

Mr. and Mrs. J.C. Muller attended funeral services recently for Mr. Fine at Morton. He was the father of Rev. G.W. Fine.

Mrs. Bill Nichols attended the Garden Club short course last week. It was held in the ball room of the Student Union building at Texas Tech.

Mr. and Mrs. Floyd Prentice and children were supper guests Saturday night of Mr. and Mrs. Fred Grisham.

Mr. Watt Clifton suffered a severe stroke Sunday and is confined to a hospital in Littlefield.

Mr. and Mrs. Bill Nichols visited recently with Mr. and Mrs. Melvin Griffin and children.

Mr. and Mrs. Wayland Hukill, Wesley and Paula Stevett of Hereford visited with the D.R. Leonards, the L.W. Sullivans and the Paul Hukills last week-end.

Mr. and Mrs. H.V. Lynch have returned home after a stay of several weeks in Phoenix, Ariz.

The ladies of the Baptist Church met Monday afternoon at the church for Bible Study. Rev. Jack Moore led the discussion on the sixth chapter of Revelations. Those present included Mmes. Dewey Parkey,

Blanton Martin, Edwin Oliver, Junior Muller, Has Lynch, and Rev. and Mrs. Jack Moore.

Mrs. Elma Burleson and her group of Junior G.A. girls did some visiting after school Friday. Girls making the visitation trip included Brenda Leonard, Lajuana Burleson, Sheri Jones, Sharon Hendrick and Kathy Moore.

There is to be a farwell party Friday night in the educational building of the Baptist Church at 7:30 p.m. for the Ivy Thompson family who will be moving to Tulla in the near future.

Mrs. Willard Loman was in Plainview part of last week at the bedside of her sister, Mrs. Henry Cowan, who had surgery in a Plainview hospital.

Jo Anne Gipson, daughter of Mr. and Mrs. Joe Gipson, fell against a concrete porch last week and cut her lower lip. It required several stitches.

A group of men attended a Sportsman Meeting in Lubbock Tuesday night. Men who attended were Martin Wheeler, Bill Johnson, Ray Johnson, Edwin Oliver, Aubrey Mayfield and Elma Burleson.

Crowd Attends PPCA Meeting

More than 1,200 farmers and ranchers from across an eight-county area of the High Plains attended the 27th annual stockholders' meeting of the Plainview Production Credit Association, held Saturday March 31 in the Plainview High School Auditorium and cafeteria.

Guest speaker at the home-owned and operated agricultural credit organization's meeting was W.H. Calkins, vice-president of the Federal Intermediate Credit Bank of Houston. Calkins urged all people engaged in agriculture to "be proud of your ability and capacity to produce as you do."

Calkins said any nation on earth would be thankful to be able to provide sufficient food and fiber with only ten per cent of its population engaged in agriculture, as does the United States.

In other business meeting activities, L.R. Durham of Plainview was re-elected to the association's board of directors for a three-year term. Stockholders elected Durham over John Norfleet of Hart.

In a board reorganizational meeting, held following the stockholders' meeting, Durham was re-elected president, Henry Hayes of Plainview re-elected vice-president, Olan Alexander of Plainview re-elected general manager and secretary-treasurer and Fred Conner of Plainview re-elected assistant general manager. Hold-over directors are Hayes, D.S. Anderson of Muleshoe, Grady Shepard of Hale Center and Don Garrison of Silverton. Elmer McGill of Olton, chair-

\$298,000 Is Cost For Launching Local Babies

Lamb County's annual baby crop stands up well, in point of quantity and quality, with those in other sections of the country.

In relation to the local population, the new arrivals have been appearing at the rate of 27.0 per 1,000 residents, which compares favorably with the baby production rate in the United States as a whole, 23.7 per 1,000 and with that in the West South Central States, 25.5 per 1,000.

Comparison is made on the basis of the latest nationwide compilation of birth figures, released recently by the U.S. Public Health Service.

They show that a total of 590 babies were born in Lamb County in the year ending Jan. 1, 1960, not counting the ones born locally to non-residents. All of these new comers arrived on the scene with clean slates. They had no commitments, no political ties, no convictions, no affiliations except family ones, and no debts except the one all newborn babies inherit, the national debt.

On the part of their parents, however, or in lieu of them, on the part of the public at large, there were certain obligations, among them the duty to provide the youngsters with at least the necessities of life and with an education during their formative years.

As to the cost of having a baby, those in the know say that the hospital costs and the obstetrician's bill are only the beginning.

A trade publication estimates that average parents, aided by their doting kinfolk, spend over \$500 in clothing, furniture and other basics per baby.

It consists of a layette, \$50; furniture, \$185; clothing, \$120; toys, \$40; diapers and pants, \$35; bedding, \$30; and toiletries, \$45.

These average expenditures, applied to Lamb County's yearly arrivals, brings the baby launching cost for such basics to approximately \$298,000 a year locally.

Gary Johnson Sets Record

Gary Johnson of Olton broke the oldest record on the books in the 440 yard dash at the Hale Center Relays March 27 when he whipped around the track in the time of 52.4 to snap the record set in 1954 by George Willis of Abernathy. Johnson also placed fourth in the 220 yard dash and the Olton team placed sixth in the mile relay.

Olton placed seventh in the team totals with a 24.

man of the 1962 nominating committee, reported on activities of his committee and conducted the director's election.

Neil Andrew Shows Grand Champion Lamb

Neil Andrew of Olton won grand champion with his lamb in the fine wool division at the Plainview Stock Show last week-end.

Other winners from Olton were Nancy Brigrance, 8, Light Angus; Gary Blizzell, 3, heavy-weight Southdown; Paul Hernandez, 3, Chester White; Steve Spain, 3, mediumweight Duroc;

Dennis Givens, 2, lightweight Hampshire; and Raymond Hernandez, 1, heavyweight Poland China.

The Olton livestock judging team won third in the show. Paul Hernandez was one of the high scoring individuals. He tied for fifth place with Dennis Howell of Friona.

Farms In County Mechanizing Fast

NEW YORK, April 5—Automation, on farms in Lamb County, is moving forward quietly but swiftly.

With much less fanfare than accompanies the progress toward automation in industry, local farmers have been steadily adding to their mechanical equipment.

They have realized for a long time that machinery, rather than horses and hand labor, is the key to better profits. The big obstacle has been the financing of the expensive apparatus.

How well they have been succeeding is brought out in the latest Census of Agriculture, just released.

It shows that there are now some 3,977 tractors in use on Lamb County farms, including wheel, garden and crawler tractors. There were 3,181 in 1954.

Although such mechanization is taking place in most sections of the country, to a greater degree in some areas than in others, the advance has been more evident locally.

On the basis of the number of farms in the county, there are now 233 tractors owned per 100 farms, well above the 182 per 100 in 1954, when the previous census was taken.

It tops the average in the United States, 138 per 100 farms, and the 122 in the State of Texas.

Similar advances are noted locally in the number of motor trucks, balers, harvesters and other power equipment in use. Despite this mechanical revolution, there still appears to be a place for the horse on farms in Lamb County.

The census reports a total of 566 horses and mules locally, as against 639 tabulated five years earlier.

This, however, is quite different from the situation in most parts of the country. Through-

out the United States, the number of these work animals on farms has dropped from a peak of 25 million to a mere 3 million in a period of 30 years. In the last five years alone, there was a 28 percent reduction.

The greater productivity on the average farm in the United States, due in great measure to automation, has failed thus far to give the farmer a sufficient return for his labors and his investment. The problem is one that still defies an adequate solution.

Church Program Announced

HE'S A LITTLE TOO YOUNG TO KNOW BUT... COTTON PLAYS AN IMPORTANT PART IN HIS LIFE

Cotton may not be in this little fellow's vocabulary for a long time, but you can bet it'll be in his wardrobe. Cotton will play a major part in his life from the diapers and shirts he wears not to the time when he takes his place in the business world. In this area, when cotton is such a vital part of the economy, his future may depend on our support today of cotton and cotton products.

The next meeting will be April 16 in the home of Mrs. Paul Burrus. Mrs. Jack Allcorn will give a talk on men in space.

Junior Play Set April 17

The Hart junior play, "Can You Trust Your Boyfriend," is scheduled Tuesday, April 17, at the Hart school gym. Tickets are on sale for 75 cents for adults and 50 cents for school children.

Cast includes Connie Popejoy, Jo Sanders, Lois Carol Futrell, Freda Davis, Joy Talley, Marie Davis, Johnny Kittrell, Don Sharp, Mike Reed and Duro Sargent.

PLANNING AHEAD for next year's Panhandle-Plains Student Council Conference will be the six-member executive council which will meet Friday at Wayland Baptist College, Plainview. Pictured after their election are, left to right, Fred Thayer, Floydada; Max Garrison, Silverton; Sandy Smith, Lockney; Charlie Burrus, Olton;

and Bob Amons, Brownfield. No present is Bill Cunningham, Dalhart. The council was elected at the March meeting to replace the usual election of officers. The conference is sponsored annually by the Student Government Assn. at Wayland. A college faculty member and a Wayland student will work with the council.

Two Arrested In Connection With Burglary

Two 15-year-old Olton Latin American boys were arrested here Thursday in connection with the Feb. 18 burglary at Superior Cleaners. Both were taken to the Littlefield jail.

One youth was released Saturday on six months probation. The other remained in Littlefield jail Wednesday.

In other police action during the week, Police Chief Emmett Burrows reported two arrests for drunkenness and two auto accidents in the city. Two Olton men were arrested Tuesday night and charged with drunkenness.

Federal Tax Bite \$6,070,000 Locally

Individual income tax payments next month by residents of Lamb County will have to be meaty and numerous if Government forecasts are to work out right.

Indications are, from an examination of local income figures, that the returns will be even larger than they were last April, when taxpayers in the county turned in approximately \$5,970,000 to cover their 1960 obligations.

The figures are based on the overall report of the Treasury Department covering the State of Texas, together with unofficial data on income groupings and average earnings locally.

HOME FOR WEEKEND

Two Arrested In Connection With Burglary

Another accident was reported Tuesday night at about 6:30 p.m. on Hwy. 70 in front of C.T. Lokey office. An auto traveling east on the highway struck a car going west on the highway when it turned across the highway. Damages were estimated at \$400 to one car and \$100 to the other.

No serious injuries were reported in either accident.

For the individual community, the payments will be greater or smaller than before, depending on the change in the number of taxpayers and the change in total earnings in the year.

VISIT IN POST
Mr. and Mrs. Percy Parsons and family spent the weekend in Post, Rhonda Parsons is spending the week with her grandmother, Mrs. Alice Parsons.

Crime Study Results Told

HUNTSVILLE—During the 40 year period from 1920 through 1959 a total of 109,949 individuals were committed to the Texas Prison System, according to a study of crime in Texas, recently completed by Dr. R.C. Koeninger, director of the Department of Sociology, Sam Houston State Teachers College, Huntsville.

Lamb county committed 199 persons to the prison during the period studied, and ranks 122 in the state for the number of persons committed during the 40 year period.

"One third, or a total of 35,989 of those committed came from five counties in Texas," Koeninger said. "The five most populous counties, Harris, with 12, 943; Dallas, with 9,350;

Bexar, with 5,322; Tarrant, with 4,328; and El Paso, with 4,046, send more persons to prison, but this does not indicate that the population of these five counties are more criminal than other areas."

Koeninger bases his statement on the ratio of commitments to prison for each 1,000 persons over the 40 year period.

"In our study of commitment rates for each county, more significance was attached to the ratio than to the total number of persons committed to the prison," Koeninger said.

Koeninger suggests that one of the most revealing aspects of the study is that of the 50 counties where the rate of commitments to prison has increased forty-three are in the Western half of the state. "It would appear that as the population moves west, commitment ratios from the west tend to increase."

Another factor which Koeninger finds significant and one which he believes is cause for concern is the increase in the rate of commitments throughout the state. During the period studied the state population has increased 65 per cent over 1920, while the state's ratio of commitment has increased 105 per cent.

Koeninger attributes this commitment increase to many factors. "Attitudes toward certain types of crime, increase in law enforcement facilities, and an increase in the prison system's efforts at rehabilitation are important reasons, particularly the later," Koeninger said. "With a modern penal system judges are not as reluctant to commit men to prison." He also noted that Texas did not have a state-wide parole system in operation until September 1957 and that the absence of a state system of supervised probation further contributes to sending larger numbers to prison.

Current prison population figures show the inmate population is increasing at the rate of about 600 each year. Since there are nearly 12,000 persons in prison now, the current annual increase will result in a prison population of 18,000 by 1970.

13 WAYS TO RUIN OLTON

1. Don't pay taxes. Let the other fellow pay his. Vote against taxes. Then fuss because the streets are not kept up.

2. Never attend any of the meetings called for the good of the town. If you do, don't have anything to say. Wait until you get outside then cuss those who made the suggestions. Find fault with everything that was done.

3. Get all the city will give you, and don't give anything in return. Write unsigned letters to the editor demanding more for your tax dollar.

4. Talk cooperation, but don't do any work for your city unless you get paid for it. And by all means refuse to serve unless they make you chairman.

5. Never accept an office. It's easier to criticize than to do things. Accuse everybody who serves in an elected office of being a publicity seeker.

6. Don't do any more than you have to. When others willingly and unselfishly give their time to make a better town, howl because that town is run by a clique.

7. Don't back your fire department or your police department. Don't thank them for endangering their lives that you might have a safer town in which to live. Demand special treatment, raise Cain if anybody expects you to obey traffic and parking laws.

8. Look at every proposition in a selfish way. If you are not the one that gets the most good out of it, vote against it. Never consider what it will do for the town as a whole.

9. Don't do anything for the youth of your town. Criticize them as potential delinquents. Keep your feet on them. Encourage them to move away when they grow up.

10. If you have good town leaders, don't follow them. Take a jealous attitude, and talk down anything they say.

11. Don't work on any committee. Tell them, "I'm too busy."

12. Don't say anything good about your town. Be the first to point up its shortcomings. Pretend that if trouble comes your way it will be residents of some other town who will visit you while you are ill; bring in the fire department if your home is burning; comfort you if you lose a dear one; stand back of you in disaster.

13. And don't support your local retail stores and industries. Claim the prices and services in stores in other towns are better. Claim industry and its payroll hurts the town. But if you need a donation, ask your local stores. Expect them to back you, but don't back them.
