

IT'S GETTING to the point where it isn't "popular" to be anything anymore, when it comes to politics.

About the only thing left for people who want to be friends with everybody is the "middle of the road."

Probably the big reason this has come about is the fact that the "man of the times" ---President Kennedy---and others in high places are blasting away at what they call "extremists."

We wonder, sometimes, if everyone who has a definite opinion isn't really an extremist, according to the definition which seems to be popular nowadays.

IT WASN'T long ago that it was extremely popular to be a conservative.

People called themselves "Conservative Democrats," "Conservative Republicans" or just plain conservatives. And nobody thought about them being up to evil doings.

Nowadays, if you're a conservative, the middle-of-the-readers start hollering "John Birch."

And, if you'll remember, even the "John Birch Society" once carried a mark of respectability. When I first heard of the Birch group, it was known simply as a society of conservatives who wanted a return to the principles embodied in our Constitution.

Some big changes have taken place in the past year, however, and the Birch Society is known as radical, even fascist.

And now, when people say they're conservatives, they're usually quick to point out that they aren't "Birchers."

FRANKLY, I've never met a John Birch. I don't know what one would look like if I saw one.

But I sometimes wonder if all John Birchers are as bad as the pictures painted of them, or whether some are just part of an organization in which the leadership has gone plumb fanatical.

I have a feeling that a good many of the people who joined the society in the beginning did so innocently, as just plain Americans who wanted a return to constitutional government.

And by now, I imagine there are lots of people who joined the society, then got out, hoping no one would ever find out they'd been a member.

Then too, I wonder sometimes if some of the smear against the Birch group isn't perpetrated by the communists. I'm fairly sure of one thing...if an organization in the United States were to make some headway against Communism, you can bet the Communists would be working to discredit any such group.

It's getting so that people cast curious glances at their next-door neighbors. We have so much distrust of each other, and our aims, that I wonder if that situation isn't just what the communists are after.

GETTING BACK to my original point, I think America has come to a sad state if we're being driven down, "the middle of the road" as the only "acceptable" way to live.

I only know of one place for a fellow to wind up if he stays in the middle. And that's in a wreck, either broken up to the point that it'll take him a long time to recuperate, or lying in a funeral parlor.

People are going to have to get on one side or the other. I'll take my stand with the conservatives.

And now all the middle-roads can start calling me "extremist," "Bircher," "ultra," "against," or anything else they can think up.

I don't think being against federal aid to education, against aid to Tito, against welfare stateism or against federal control is "extremism." It isn't even "againstism," because if a fellow is against something, he's "for" just the opposite.

And if you agree, come on over to our side. If you don't, better join up with them other fellers.

Because, the "middle" won't be any place for a fellow to be when all hell breaks loose.

Olton Cagers Meet Floydada

Olton basketballers, home after a pair of tough trips to the east, will meet Floydada's boy and girl teams here Friday night, with the girls' game set to start at 7 p.m.

After the Floydada contests, Olton travels to Muleshoe next Tuesday night to complete the first swing around the district.

After two straight district victories, Olton's girls team met defeat at Abernathy Tuesday night, 57-42. They had beaten Lockney in an overtime, 45-43, last Friday night.

The Mustangs lost both their games, falling to Lockney, 71-40, and to Abernathy, 74-46.

In the girls' win over Lockney, Gayle Nicholas hit a jump shot in a sudden death overtime to give Olton its margin.

The game was tied 41-41 at the end of regulation, and 43-43 after the first overtime. Miss Nicholas pumped in 25

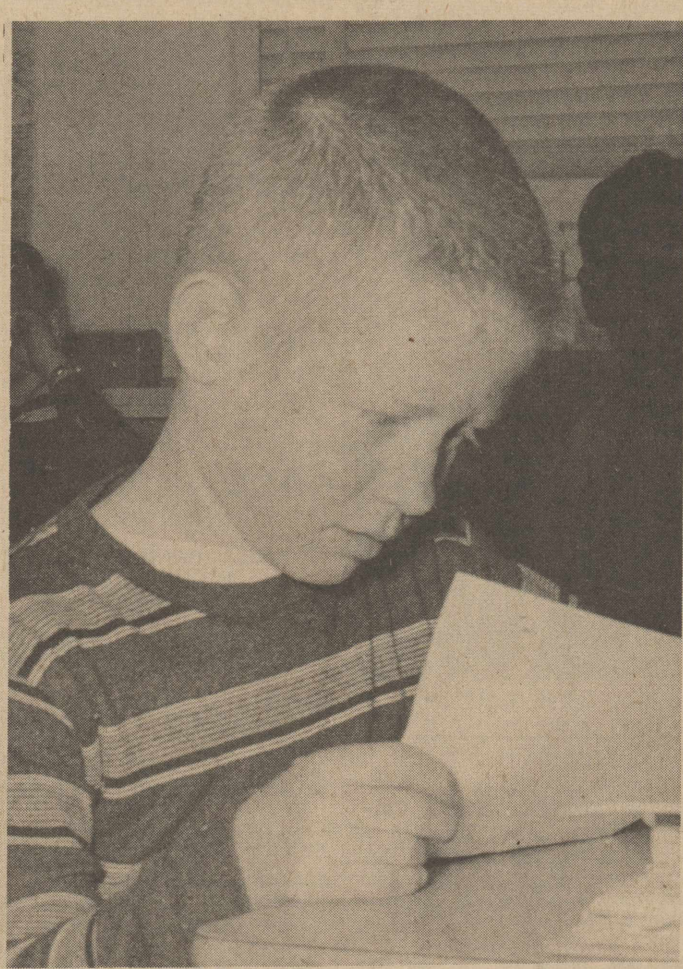

points to lead scorers, while Cheryl Poteet had 17 and Tommy Witten 3. Linda Price led Olton rebounders with 9, with Gladys Thomas getting 8 and Deanna Farrar 7.

The boys' team played Lockney well for a half, and trailed only 24-17. But a strong fourth quarter by Lockney turned the game into a rout.

Gary Johnson led the Mustangs with 13, while George Jones had 11. Johnny Schenck and Ronnie Parsons each scored 6. Ronnie Belt led Lockney with 18.

Against Abernathy, Olton's girls led at the end of the first quarter, 12-19, but an Abernathy rally put Olton behind by 12 at the half.

Miss Nicholas scored 25 to lead Olton, with Miss Poteet hitting 13 and Miss Witten 4. Miss Price had 8 rebounds with Gladys Thomas getting 6.

Harlem Stars Will Battle Olton Team Here Jan. 25

Boyd Buie and his Harlem Stars will invade Olton Thursday night, Jan. 25, for a basketball battle with a team of Olton All-Stars at the high school gym.

The game is set for 8 p.m.

The Harlem team features tricky comedy and spectacular shooting, along with fancy ball-handling and passing.

Among players who will make up the Olton All-Star team are R.V. Allcorn, Bobby Copeland, Deryl Machen, Johnny Clark, Dorman Thomas, Walter Bryan, Pat Blessing and Robert Nickerson. Others are expected to be named to the squad.

Olton Star Makes All-America Team

Robert Duncan, a three year letterman for Olton High School in football, was announced this week as having made the Wigwam Wisemen High School All American team.

He is seventeen-years-old, a senior at Olton High School and is the son of Mr. and Mrs. J.R. Duncan.

In football, Duncan made all-district second team offensive and first team defensive and all-regional, first team defensive his junior year. This year, he has made all-district, offensive and defensive and all area. He was also named to the All South Plains Avalanche Journal's Dream Team.

Duncan has an 88 scholastic average for four years. He was chosen as Best Citizen for the second six weeks this year and as senior class favorite.

He has served on the Student Council one year, was president of his sophomore class, was Pep Squad King candidate and is presently serving as annual staff advertising editor.

A student in Vocational Agriculture, Robert has been in Ag and FFA for four years. He was secretary of FFA his junior year and is now serving as treasurer. He was selected as outstanding junior in Ag. He is presently serving on the Board of Directors of American Junior Hereford Association and is secretary of the Chapter Conducting Team. The team won the Livestock Judging Contest at district two years, won a first and a second in Plainview, a second at Hereford and an eighth at Houston. Robert placed as third high individual in the contest at Houston. The team also placed first in the hog judging contest at Texas Tech where Robert was second high individual.

In sports, other than football, Robert has played basketball two years. He placed fifth in the district discus throw and is on the golfing team.

He was in the choir one year and was selected Choir Beau. He is a member of the Thespian Club, F.T.A. and the Science Club. Robert was also on the FFA Quiz team his freshman year and they won third in district.

Duncan was one of the three football captains for Olton High

School this year and has now been offered scholarships to Oklahoma State University and Texas Tech. He is undecided at the present time as to which college he will attend.

Priest Wins In All-State Band Contest

Joe Priest, OHS baritone, was among 22 students named to the All-State band in area competition at the Texas Tech Music Building Saturday.

Barry Prestridge, trombonist, was named to the band following tryouts held Dec. 9.

The band, including over 200 selected across the state, will present a concert at the annual Texas Music Educators Association convention in Dallas, Feb. 23.

Sugar Beet Meet Set

The Olton Sugar Beet Association met Monday night with ten turning out for the meeting.

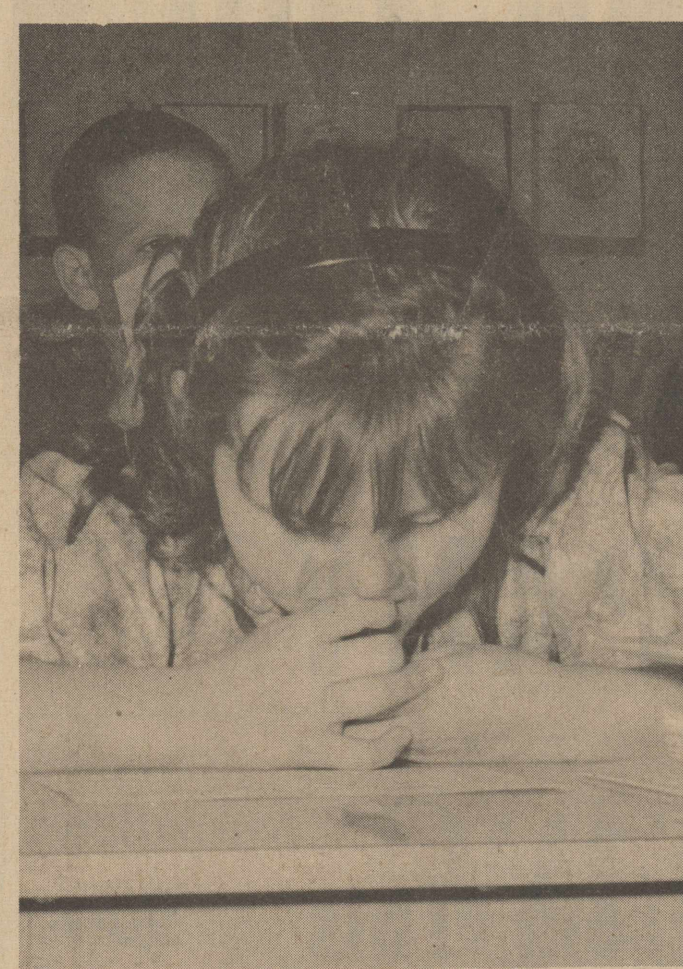

Due to the small attendance, another meeting is set Wednesday at 9 a.m. in the Legion Hut.

"We need the assistance of everyone on this if we are to make any headway with Congress this year," Dick Whiteley, manager of the Olton Chamber of Commerce and Agriculture, said Wednesday.

He added that it is expected that the bill will come up early in the session because the extension will run out June 30 and another bill will have to be enacted.

"Truitt Sides, who went to Washington last year to testify, seems to feel, that if we continue to work, we will eventually get some acreage," Whiteley noted.

The Chamber of Commerce and Agriculture has letters in the office for those who wish to sign one. The letters will be sent to the proper authorities.

Kennedys Recall Early Times Before "There Was An Olton"

BY KAY CHERRY

"Wouldn't you like to have dinner with us?" was the question asked Logan Stroud Kennedy back in 1901 by Miss Mary Ethel McGehee. He replied "Yes."

"And I haven't gotten rid of him yet," laughed Mrs. L.S. Kennedy this week as she and her husband prepared for their sixtieth wedding anniversary.

In describing their first meeting, Mrs. Kennedy said they were at church and had tied their houses outside. Her cousin, who was living with them, was celebrating her birthday and had invited some of the young people out to their house.

The young people decided it would be "funny" to run off and leave Mary Ethel behind. Only she and L.S. were left so she asked him to come out and join the party.

Mrs. L.S. Kennedy was born Aug. 26, 1881 at Salado in Bell County. Kennedy was born Aug. 5, 1874 in Limestone County and came to the Plains in 1899.

"I came to the Plains just one year before the Galveston storm, back in 1890," Kennedy said this week.

The Kennedys were married Jan. 19, 1902 in Lockney. Kennedy was a welder, but later became a farmer and started

raising cattle. They moved to Olton in 1917 when "there was no Olton."

It consisted of a grocery store run by Jim Fuller, a blacksmith shop and a tiny school where the Oliver house now stands. The school was a small frame building.

After accumulating enough cattle, they traded them to Ed Burrus for a half section of land, which now joins the town section on the east. Lamb County was not organized at that time.

When the Kennedys made the two-day trip by wagon from Lockney to Olton, they found they had friends already here. Neighbors that they had in Lockney, Ben and Daisy Dodson, had come to Olton in 1909 and lived on an adjoining farm.

"I have never had a better friend than Daisy. All these years we have lived close together," Mrs. Kennedy said. Daisy Dodson now lives across the street from the Kennedys.

A Union Church was all the church facilities Olton offered then. A lot of the people just "all went together," but each church had a set time to meet.

"We went by horseback or in a surry all the time," Kennedy said. "We had a Model T that we used for a while, but it played out."

The Kennedys have five living children. They were all born in Lockney. They lost two children, both girls. One of them was born in Olton and died at the age of four with diphtheria.

"We didn't have any doctors, so we had to go to Plainview," said Mrs. Kennedy.

Another time she recalled was when all of the children had the smallpox. She said they weren't very sick, but she called the doctor in Plainview to send some medicine on the mail back. A lady on the party line heard her and called the Littlefield doctor to come and quarantine them.

When the doctor came and asked to see the little girl with the small pox, Mrs. Kennedy said:

"Well, she's out under the windmill tower making mud pies."

"We were just as happy as larks back in those days," Mrs. Kennedy said. She added that there wasn't much entertainment, but they stayed busy and happy.

All of the Kennedy's children attended Olton Schools. They are Joe, who now lives at Lake Jackson near Houston, Miss Laura Kennedy of Corpus Christi, Mrs. Ruth Gautier, who is an art teacher in Lubbock, James of Calexico, Calif., and Mrs. Bill Yates of Olton.

J.B. Davis Announces For Judge

Deadlines are just around the corner for both political aspirants and voters, but things remained quiet on the election front in Lamb County this week.

Despite talk of the advent of "two-party politics" in the county this year, Democrats are dominating the scene.

As of Wednesday, the Democrats had a candidate in the running for each of six posts up for election this year.

County Republicans have had some get-togethers, but no announcements for office have been forthcoming.

Office-seekers have until Feb. 5 to file with their county party chairmen for a place on the May 5 primary ballots.

Voters have until Jan. 31 to pay their poll tax and become eligible to vote in either the GOP or Demo elections. In Olton, Mayor M.T. James proclaimed Jan. 24-31 "Qualify to Vote Week."

Only two new announcements were made early this week, and one of them was from an incumbent who said he would not seek re-election.

J.B. Davis, Rocky Ford farmer, filed for the post of county judge. It is his first venture in politics, although his brother, Clarence of Littlefield, once held a county office.

Rep. Jess Osborn of Muleshoe announced he would not be a candidate, saying he feels, "for personal reasons, that I should not ask for re-election."

The man slated to move out of the county judge post, Pat Boone Jr. of Littlefield, has announced for district judge. He would succeed Judge Andy Bills, who has held the post the past 12 years.

Boone served as county judge since 1957.

Announcing on the Democratic ticket for county school superintendent is C. Roy Stevens of Littlefield, a former teacher.

Three incumbents have announced for re-election. They are Mrs. Lucy Moreland, county treasurer; Charles Jones, county clerk; and Ernest Owens, district clerk.

County Republicans have said they will offer candidates for some county posts in their own primaries.

C-C Banquet Postponed

The annual Chamber of Commerce and Agriculture banquet has been postponed, according to Dick Whiteley, manager.

The banquet date had originally been set Jan. 26.

Due to the illness of the speaker, a new date will be selected.

"The date will be set again as soon as we can get another speaker and confirm the date with him. This will probably run us into the second week in February," Whiteley said.

Proclamation

WHEREAS, under the laws of the State of Texas, all citizens desiring to vote in elections held in the year 1962 must qualify by paying the poll tax or obtaining a certificate of exemption from the poll tax by January 31, 1962; and

WHEREAS, it is the patriotic duty of every citizen to participate in the processes of self-government by meeting his obligations to his government and preparing himself to vote; and

WHEREAS, our right to vote is the most basic of our constitutional freedoms, secured in battle by our forefathers and defended in every generation by brave men willing to shed their blood to protect this right, which is the cornerstone of our liberties and is now under attack by a ruthless communistic society which has never permitted free elections; and

WHEREAS, the widest possible participation in elections is a proud sign of civic health and of a citizenry dedicated to the defense and the exercise of our American way of life.

NOW, THEREFORE, I, as Mayor of the City of Olton do hereby proclaim the week January 24 to January 31, 1962 as

QUALIFY TO VOTE WEEK IN OLTON

and urge that all our citizens who are eligible to vote proceed promptly to pay their poll taxes or obtain their certificates of exemption in order that they may be qualified to vote. A people that does not exercise its rights stands in danger of losing them. I hope, therefore, that every eligible citizen of the City of Olton will be a qualified voter and will cast his vote in 1962.

The Leaky Bucket

FEDERAL AID to education is comparable to carrying water in a leaky bucket from your own reservoir to a big central well. What is left of the water is poured into the well, and then those in charge apportion you some water in that same leaky bucket and you bring it home. Besides losing what water is spilled on the two-way trip, you eventually find your-

self being told what to do with the water that remains--although it was your own water in the beginning. Education means learning. And the principal lesson one learns about federal aid to education is that you end up with considerably less than you started out with. Wouldn't it be wiser to keep the water at home in the first place?

C. Roy Stevens Announces For County Superintendent

The Olton Enterprise has been authorized to announce that C. Roy Stevens is a candidate for the office of county school superintendent.

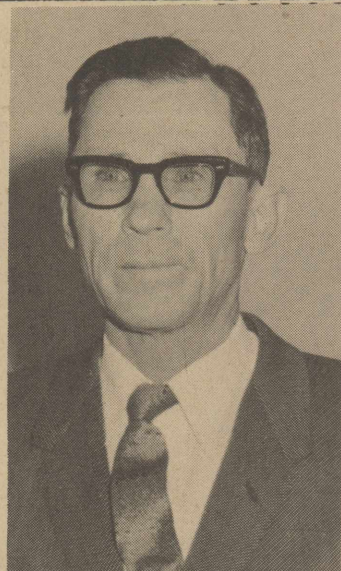

"I am placing my candidacy before the citizens of Lamb County for consideration for election to the office of County School Superintendent."

"I have a BA Degree, MA Degree, Permanent Teaching Certificate, and an Administrative Certificate. I have twenty-one years teaching experience of which twelve were spent in Lamb County. As I have served as classroom teacher, Coach

of Athletics, High School Principal, and Superintendent of Schools, I am well acquainted with the problems confronting the schools."

"If elected I pledge to put forth every effort to promote a better school program for the County. Your vote and influence will be greatly appreciated in the 1962 Democratic Primary Election.

J. B. Davis Announces For County Judge Office

This newspaper has been authorized to announce the candidacy of J. B. (Dobb) Davis for the office of County Judge of Lamb County. In making the announcement Davis issued this formal statement:

"I am placing my candidacy before the citizens of Lamb County for consideration for election to the office of County Judge.

"I moved to Lamb County in 1935, married a Lamb County girl in 1938 and have lived here continuously ever since. I have farmed in the Rocky Ford Community all of this time.

"I attended Arlington State College, have served as chairman of the Lamb County Water Board. I have two children and

a grandson. I am a member of the First Methodist Church and the Masonic Lodge.

"If elected I pledge my full time effort in upholding the duties of County Judge to the best of my ability. I will appreciate your vote and influence in the May 5, 1962 primary election."

Rev. John Lewis Is Chairman In Baptist Crusade

Rev. John Lewis of Olton has been named pastor chairman for Staked Plains Association in the churches phase of the Texas Baptist Crusade for Christian Education.

The leadership for each of the 17 Baptist districts in the state is the responsibility of a pastor, layman, and woman co-chairman. Each of the 122 associations have a set of similar officers. Together these district and associational chairmen are responsible for the carrying out of the crusade program.

The purpose of the crusade is to strengthen the denomination's schools by encouraging more Baptist students to attend Baptist colleges, to participate in the Baptist Student Union at whatever college they might attend, and to consider church related vocations as careers and by raising \$28 million for buildings and equipment on Baptist campuses.

Jack Moore, Junior Muller, Edwin Oliver, Dewey Parkey and Blanton Martin.

'61 Traffic Results Told

The 1961 traffic record in Lamb County, as reported this week, appears to have been an expensive one.

For the entire year of 1961 in this county there were 138 crashes resulting in 8 persons killed, 66 injured and an estimated property damage of \$87,391.00. In comparison of the year 1960 there were 53 crashes resulting in 7 persons killed, 63 injured and an estimated property damage of \$81,060.00.

For the month of December the Texas Highway Patrol investigated 20 rural traffic accidents in this county according to Sergeant D.S. Lawson Highway Patrol Supervisor for this area.

These wrecks accounted for five persons injured, and an estimated property damage of \$14,370.00.

The veteran patrol supervisor cautions all motorists not to be guilty of negligence in permitting their windshields and window glasses to be covered with any form of frozen precipitation while driving. This enhances your chances of an accident many times.

Farmers, Ranchers Must Pay Self-Employment Tax

A majority of farmers and ranchers in this area must pay a federal self-employment tax for 1961, John J. Sloan, administrative officer, Internal Revenue Service, Lubbock, revealed today.

He said the rate of self-employment tax for the taxable year of 1961 is 4 1/2 percent, and is in addition to any income tax payable.

Under the federal Social Security law, the IRS representative said, Social Security taxes are paid by employees and their employers, and the self-employment tax must be paid by persons who are self-employed. These taxes are used to pay old-age, survivors and disability benefits under the federal Social Security program.

He explained a self-employed person is one who operates his own business, and that a farmer or rancher who operates a farm or ranch, either on his own land or land rented from someone else, is therefore considered self-employed. This is true, he said, even though he may employ someone else to do the work and does not live

on the farm or ranch himself. He reminded farmers they must file federal income tax returns and pay any self-employment tax due, even though they owe no income tax.

Ordinarily, he added, no self-employment tax is due unless net earnings from self-employment amount to \$400 or more for the year.

However, he continued, farmers who have actual net earnings from the operation of their farms of less than \$400 may, under certain circumstances, elect to pay the self-employment tax and may qualify to receive benefits under the Social Security system.

Farmers with tax questions are advised to get a copy of the free official publication, "Farmers' Tax Guide." The book is available from agricultural agents or from the IRS office located at 1600 Nineteenth Street, Lubbock.

for them to work for you. When you can bring your lawyer "live" facts (e.g. unsigned contracts, vexing tax returns you haven't filed), he can do much more for you, and at a smaller cost than when you bring him "cold" facts (mistakes you have made which threaten trouble).

But above all, get both live and cold facts to him at once. For time may run out in many such situations. Your lawyer may be able to do something for you today, which he cannot do tomorrow.

Tell your lawyer what you want. Tell him all the facts, good or bad, and then keep him informed all along. He is sworn to keep what you tell in confidence, and he cannot serve you well without full knowledge.

Social Security Representative To Be In Olton

Self-employed business people have been covered by social security since 1951 but few except those who have retired or become eligible to retire have bothered to find out if their credits are in order. Some people failed to file social security reports because they thought that coverage was optional.

Credits to your social security account as a self-employed person depends on the social security section of the income tax report. For the butcher and the baker, it is the Schedule "C". For the farmer, it is the Schedule "F". Except for the farmer, the report is required if net earnings are \$400 or more net from the business. For the farmer, he can file the report and pay the social security tax if the gross income is \$600 or more even though the net income is less than \$400. He, too, must file the Schedule "F" and pay the tax if the net income is more than \$400.

Social security credits for the self-employed are by the year. If he gets any credits he gets "four quarters of coverage". Because of the changes in 1960 and 1961, he does not need as many credits as in the past. He now needs one quarter of coverage for each year from Jan. 1, 1951, up to the year he is 65. (For women, the time is up to the year they are 62).

A self-employed person can get a record of his social security credits by requesting a postal card from any social security office and sending a card to the central office in Baltimore. He will receive a record of the earnings credited to his account.

A representative of the Lubbock Social Security Office will be in Olton Wednesday, Jan. 24, in the City Hall at 9 a.m. to assist in all matters pertaining to social security.

Don't Let A Cold Drag On and On

This is the season of colds. Unfortunately, some of us tend to let a cold which doesn't respond to the usual home treatment, drag on and on. Our advice would be against this, for a cold can and often does herald a more serious ailment. Why not see your doctor when your cold won't go away. He knows far better than you or your druggist, what to do.

IS YOUR FREEDOM WORTH \$1.75?

That's What It Costs - In Dollars & Cents.

Oh, but it costs more than that, you say? Look at all the money we spend on defense on foreign aid, and on a whole lot of other things designed to give us security.

But, the truth of the matter is that our freedom costs us only \$1.75- the price of our right to vote in Texas. For that amount, we can have our "say" at the polls.

And, after all, isn't freedom merely the right of an individual to have a voice in his government?

Your Freedom Begins Right Here At Home! Have Your 'Say'!

Pay Your Poll Tax Before Jan. 31

Mayor's Proclamation

WHEREAS, under the laws of the State of Texas, all citizens desiring to vote in elections held in the year 1962 must qualify by paying the poll tax or obtaining a certificate of exemption from the poll tax by January 31, 1962;

WHEREAS, it is the patriotic duty of every citizen to participate in the processes of self-government by meeting his obligations to his government and preparing himself to vote; and

WHEREAS, our right to vote is the most basic of our constitutional freedoms, secured in battle by our forefathers and defended in every generation by brave men willing to shed their blood to protect this right, which is the cornerstone of our liberties and is now under attack by a ruthless communistic society which has never permitted free elections; and

WHEREAS, the widest possible participation in elections is a proud sign of civic health and of a citizenry dedicated to the defense and the exercise of our American way of life.

NOW, THEREFORE, I, as Mayor of the City of Olton do hereby proclaim the week January 24 to January 31, 1962 as

QUALIFY TO VOTE WEEK IN OLTON

and urge that all our citizens who are eligible to vote proceed promptly to pay their poll taxes or obtain their certificates of exemption in order that they may be qualified to vote. A people that does not exercise its rights stands in danger of losing them. I hope, therefore, that every eligible citizen of the City of Olton will be qualified voter and will cast his vote in 1962.

HERE ARE TEN ELEMENTS THAT CAN MAKE OR BREAK YOUR CLOSING OUT FARM AUCTION

1. SELECT A DATE EARLY

It's a good idea to plan for your sale a good two months in advance. Study the calendar. Choose a date that doesn't conflict with regular combination sales in your area. Avoid holidays. Sales held early in the week seem to draw largest crowds, other things being equal. Nobody has yet determined which month is best for farm sales.

2. HIRE YOUR AUCTIONEER

Get the auctioneer you think is best. Get him to pass the word about your sale--what you've got, etc. Get all the free publicity you can. If your sale will be big, you'll probably need another auctioneer; but let the one you hire first decide about that.

3. VISIT WITH YOUR BANKER

Or hire a professional clerk. Banks usually work most reasonable. Bankers consider it a service with little or no profit for them. Speak well in advance so they can reserve the date for the work. It doesn't hurt to ask what the charge will be. An understanding is always better.

4. PLAN YOUR ADVERTISING

An auctioneer can't cry to fence posts. He needs a crowd. . . buyers from all parts of the county. Farmers who drive any distance to a sale are, 9 times out of 10, buyers. Be sure you reach them. . . with the Olton Enterprise's complete coverage. An ad in this paper assures you of readership where it counts!

5. CLEAN UP YOUR MACHINERY

But don't re-paint it unless it's really rough. Be sure all the pieces are intact. . . canvas, belts, etc. If you have original instruction books, tie them on the machine. Repair bills should be given to the buyer, too, if possible.

6. SELL ITEMS ONE AT A TIME

Don't bunch up small items. Sell all tools of consequence one at a time. And be sure to list everything on your sale advertising. . . right down to the last crescent wrench and pitch fork. Those little items count up fast on a farm sale. Don't overlook 'em!

7. GET HEALTH AND VACCINATION PAPERS IN ORDER

If you have livestock on your sale, get all health papers in readiness. List them in your advertising, by all means.

8. HAVE SOMEONE HELP YOU LOAD

Get a neighbor or friend to help load out livestock or machinery after the sale. Be sure all items have been settled for before you let them leave the premises.

9. HOW MUCH SHOULD YOU SPEND

Clerk and auctioneering costs are pretty well established. . . usually about 2% of the sale's gross for each. Advertising should run about the same. In other words, a \$10,000 farm sale should carry \$200 in advertising, \$5,000 sale \$100. If you have an unusual sale, more space may be needed. Never crowd up items. Use enough space to tell the story right. It's the best money you can spend on a farm sale!

10. COME IN AND VISIT WITH US SOON

We'd like to visit with you personally about your individual needs. The Olton Enterprise can help make your sale bring more money by carrying your advertising to the farmer. We'll be glad to quote advertising prices and what it can do for you. Come in soon. Remember, we can do a better job for you if we have adequate time to make up your advertising. We'll be expecting you. Our very best wishes for a successful farm sale.

THE OLTON ENTERPRISE

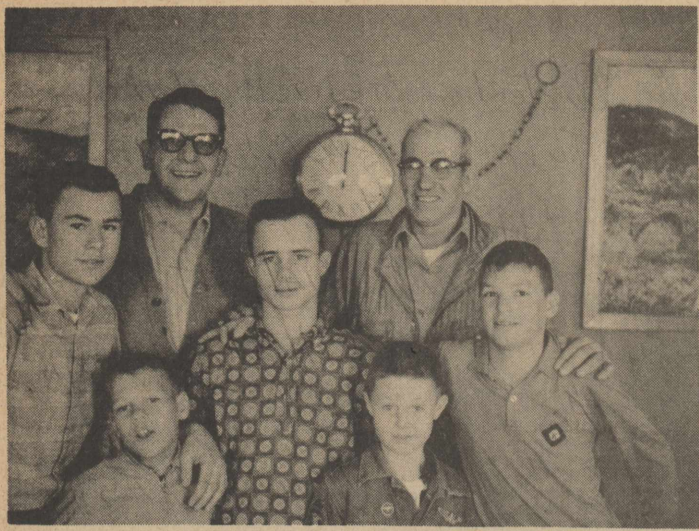

THIS IS OUR FIGHT!

The Texas livestock industry has undertaken a campaign to eradicate the costly screwworm from our state. . . Voluntary contributions from livestock owners and operators are needed to finance this costly but tremendously valuable program.

For your convenience, the Plainview Production Credit Association is furnishing facilities of its eight offices as headquarters for this worthwhile campaign. . . Drop your donation by an association office near you.

Mulshoe Wins Over 3 Olton Girls Teams

The Olton girls "B" team and the seventh and eighth grade girls were all defeated by Mulshoe Monday night.

The "B" team score read 24-9 at the end of the final quarter. At the end of the first quarter, neither team had scored. At the half, the scoreboard read 3-3.

Mulshoe warmed up in the third quarter and hit for 12 points, while holding Olton to only 3. In the last quarter, they hit for 8 while again Olton scored only 3.

Oketa Pollis was high pointer with 4, followed by Barbara Fancher with 3 and Deanna McKnight with 2.

The Eighth graders score ended 28-14. The girls led 6-4 at the end of the first quarter, but their lead didn't last long. Sherry Caddel had 11 points to led her team, followed by Brenda Hyatt with 7.

Mulshoe barely slipped by the seventh grade girls 20-15. They led 16-5 in the first half, but the Olton girls put on a scoring spree and scored 10 points to only 4 for Mulshoe in the other two quarters, but it wasn't enough, as the final buzzer rang to end their scoring streak.

Karen Hipp was high scorer for her team with 8 points, followed by Donna Smith with 5 and Brenda Kirkpatrick with 2.

1962 Sugar Beet Acreage Unrestricted

COLLEGE STATION, JAN. 18--The U.S. Department of Agriculture announced Dec. 28 that there will be no governmental acreage restrictions on the 1962 crop of sugar beets.

The decision was based on a number of considerations. Late estimates indicate that sugar production from the 1961 sugar beet crop will be about 2,525,000 tons, or approximately 200,000 tons less than anticipated at the beginning of the harvest.

Secondly, the inventory of beet sugar at the end of 1961 will be closed to 100,000 tons less than at the beginning of the year. Thirdly, there are major uncertainties regarding the beet sugar quota which may be effective for 1962, the year during which most of the 1962 crop of beet sugar will be marketed. In view of these uncertainties and other considerations, the USDA said the maintenance of sizable stocks of beet sugar appears prudent.

And, they point out that available processing capacities of beet sugar factories limit production within reasonable bounds.

Although the present Sugar Act expires June 30, 1962, it is understood that preferred consideration will be given to sugar legislation when the next Congress convenes.

Acreages of the 1961 crop of sugar beets--estimated at 1,120,000 planted acres--were also unrestricted. However, acreages of the preceding six crops were restricted.
