John Arnett Is Wreck Victim

An early Sunday morning Labor Day weekend accident 1.3 miles north of Rotan claimed the life of a former Knox City resident, John Arthur Arnett, 20-year-old son of Mr. and Mrs. Norman Arnett, and injured young Arnett's wife, Teresa, who suffered a broken leg and minor lacerations.

Also killed in the 1:50 a.m. two-car accident was Rotan resident Mike Fowler, 19. Injured was Terry Porter, also 19 and from Rotan.

Allen Arnwine, DPS investigating officer, said Fowler was driving over a hill when his car was in collision with an automobile driven by Arnett. The officer said Arnett was pulling onto the highway when he was struck by Fowler's vehicle throwing all the

passengers from their automobiles.

Mrs. Arnett was hospitalized in Fisher County Hospital while Porter was treated and released from the hospital.

Services were held for Arnett Monday afternoon, September 4, at two o'clock in Weathersbee Funeral Home Chapel in Rotan with the Rev. John Robertson, pastor of First United Methodist Church, officiating. Interment was in the Rotan Cemetery.

Born December 24, 1957 in Spur, he attended Knox City Schools as a grade school student when his father was employed as school band director. He then moved to Lubbock with his family in 1968 and they later moved to Rotan in 1972 where he attended Rotan High School. He married the former Teresa Moore in Arlington and the couple had been employed by Hinds Department Store since June.

Survivors include his wife; his parents; his paternal grandmother, Mrs. A.B. Arnett of Rule; his maternal grandmother, Mrs. Arthur Brown of Santa Fe, New Mexico; a sister, Elizabeth Oates of Virginia Beach, Virginia; and a brother, George Arnett of Stamford.

Jaycees Collect \$1208.00

The Knox City Jaycees phone center was working hard Labor Day as the Jaycees manned the center raising a total of \$1208.00 for Jerry and his kids in connection with the Muscular Dystrophy event.

Steve Pepper, center coordinator, thanked all the Knox City people that helped make this year's telethon the best ever.

A special thanks was expressed to the kids of Knox City as several groups of youngsters went out and collected \$340.00 as well as to KMA Well Service for donating the telephones and office space again this year for the telethon.

Downtown Parking Discussion Is Set

A meeting of downtown merchants and other interested persons has been set Thursday (today) at 3:00 p.m. in the offices of Counts Insurance and Real Estate.

According to Mrs. Doris Crowner, Chamber of Commerce secretary-manager, a discussion will be held regarding the landscaping of the downtown parking lot to be combined with a mini-park in the space created when the section of vacant buildings were torn down on Central Avenue just north of the Marion Mobil Station.

Hounds Improve Against Jayton

Hound teams improved during last Friday night's scrimmage contest against the Jayton Jaybirds at Greyhound Stadium.

The freshman phase of the contest produced a zip to zip tally while the junior varsity squads tallied a 1 to 0 score in favor of Knox City.

Varsity team members won over Jayton in a 2 to 0 contest.

Coach Jimmy Rogers stated that the Hounds showed much improvement and are looking forward to Friday night's game with Rule.

BVRA Set To Meet Tonight

A called meeting of the Brazos Valley Recreation Association has been set for Thursday (tonight), September 7, at 8:00 p.m. in City Hall, according to BVRA president Tommy Antilley.

Several important matters are to be discussed and voted on.

Sonia Carter Break Tradition To Vie For WT Title

Representing the Knox City FFA as this year's candidate for West Texas Fair Sweetheart is Sonia Carter, KCHS senior and daughter of Mr. and Mrs. Terry Carter.

The selection and crowning of the new queen will be Monday, September 11, at 8:00 p.m. at the fairgrounds. Twenty-three Big Country contestants are competing for the title and judging is based on beauty, personality, scholastic rating, citizenship and achievement.

One phase of contestant judging will be during a fashion show at the Modern Living Mall at 7:00 p.m. Monday preceding the 8:00 p.m. coronation.

Contestants will also be participating in the upcoming West Texas Fair parade to wind through downtown Abilene Saturday beginning at 10:00 a.m.

Sonia, who was FFA chapter sweetheart last year, was also chosen as Oilbelt District FFA Sweetheart and won the district talent contest. She advanced to the area sweetheart and talent contest last May in Stephenville and was named winner in the talent contest. In July, she competed for state FFA talent honors in San Antonio and was selected to the runner-up slot.

She is a member of the Scarlet Belles drill team, was a majorette, is in the choir, and plays golf.

Tradition has been broken this year as the Hounds travel to Rule for the season opener Friday night rather than meeting with Rochester for the annual opening clash. Kickoff time is set for 8:00 o'clock at Bobcat Stadium.

With two preseason scrimmages under their belt, the Hounds meet the Bobcats who are tied for fifth place with Newcastle in the District 5-B form chart published in the Sunday edition of the Abilene Reporter-News.

Coach Jimmy Rogers' Hounds have been selected to finish third behind Haskell and Crowell, selected as first and second respectively, according to the Reporter-News. Dubbed as the "Cinderella" team the first half of last year's season with a 5-0 mark, the Hounds were leading Crowell before injuries plagued totally bombing the Hounds for the remainder of the season.

As a result, KC lost its next five games as sophomores and freshmen played a lot; however, those players gained valuable experience which should help things considerably this year.

Of the nine returning Greyhound starters, four including Jimmy Rushing, David Walling, David Counts, and Neal Tackitt, played the end position. Rogers has moved Rushing and Tackitt to the back-

field where there is less experience.

Returning at guard are Johnny Carrasco and Skipper Jackson while Doug Ray is back at tackle. David Benson is playing flanker while Domingo Garcia returns at deep back.

No. 3 quarterback at the start of the 1977 season was Dwayne Johnson, who played 'quite a bit' as the QB slot was 'hard hit' last season with injuries. According to officials, if he stays healthy, the position should be in good hands.

Linebacker Kenny Cornwell and back Joe Gutierrez played enough to earn a letter last year and newcomers are tackles Greg Covey and Kyle White, guard Joe Alsides and backs Ricky Gonzales, a 10.1 sprinter, and Tim Robinson.

According to Rule coach Jasper Wilson, the Bobcat club will have about 16 hands; however, eight started last year and another lettered.

Quarterback Rick Kittle, center Russ Lewis and back Leonard Menchacha have earned three letters each, while guard James Cloud, ends Hector Puebla and Rock Petty and back Rodney Threet have two letters. Sophomores end David Lisle and tackle Wes Jones are also lettermen.

There's not much size at Rule but there is some speed, the coach said.

Longtime Resident Buried Sat.

Funeral services for longtime Knox City resident Mrs. J.C. (Grace) Reeder were held Saturday morning, September 2, at ten-thirty o'clock in the First Christian Church. Officiating was Dr. Walter Naff, professor in the Brite School of Divinity, Texas Christian University in Fort Worth. Burial was in the Knox City Cemetery with Smith Funeral Home in charge of arrangements.

Mrs. Reeder, 91, died at 6:10 p.m. Thursday, August 31, in the Brazos Valley Care Home following a lengthy illness.

Born August 12, 1887, in Lockhart, she was the daughter of the late Sam and Nannie Anderson. She moved with her family to Haskell in 1901. Because of school advantages, they stayed in Haskell that year. They moved to a farm four miles west of the present Knox City in 1902. Each year the family went back to Haskell for school until she graduated from high school. Later, she taught school in Knox City. She married J.C. Reeder in 1909 in Knox City. Mrs. Reeder was the oldest living charter member of the First Christian Church in Knox City.

Her husband preceded her in death on October 3, 1960.

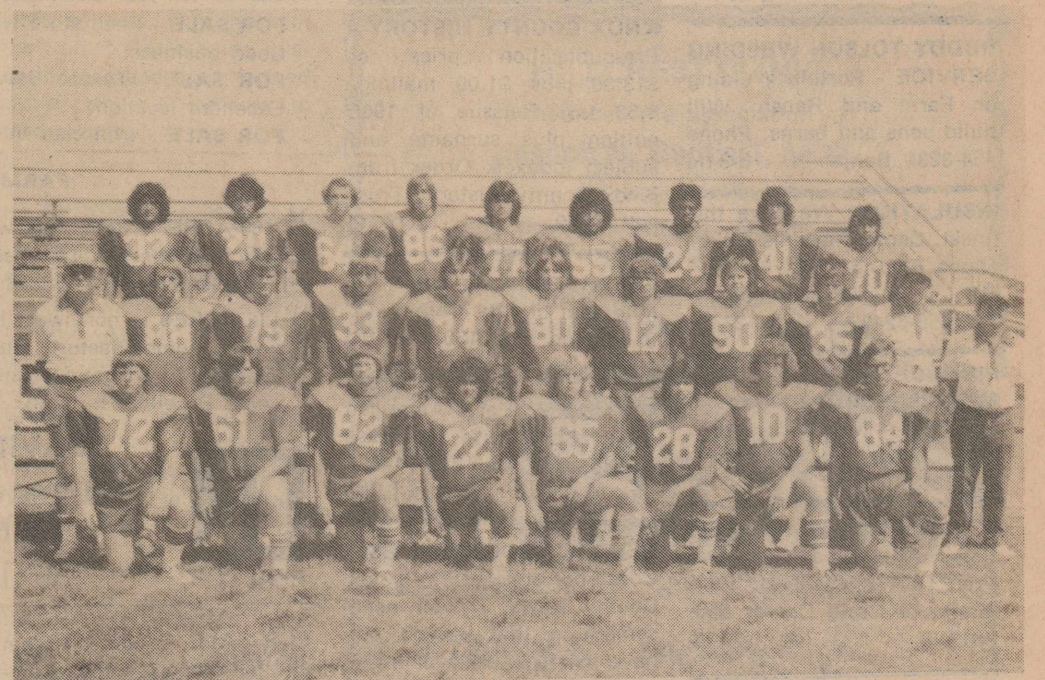

Survivors include a son, Joe Jr. of Knox City; a daughter, Mrs. Paul Sieck of Knox City; two grandchildren, Mrs. R.A. (Jinx) Shaver III of Rochester and Joe Reeder III of Fort Worth; and three great-grandchildren, Richard, Jennifer, and Ross Shaver, all of Rochester.

Pallbearers were Fuller Shannon, Ted Reeder, R.A. Shaver III, Joe Reeder III, John Smith, and Lee Smith.

Methodist Revival Set Sept. 10-13

The Knox City United Methodist Revival, slated September 10 - 13, will feature two former area residents, according to the Rev. James Patterson, pastor.

The Rev. William H. (Bill) Wright, pastor of Idalou United Methodist Church, who will be preaching for the revival, resided in Munday or a number of years where he was with an electronics business before joining the ministry. He holds the bachelor of arts degree from McMurry College in Abilene and the master of theology degree from Perkins School of Theology, Southern Methodist University, Dallas.

In Wright's early ministry, he pastored churches at O'Brien and Benjamin. Other pastorates include Tye, Vernon First Associate, and the Josephine-Copeville-Nevada Circuit in the North Texas Annual Conference while he pursued his education. Post seminary appointments have been Fair Park-St. James in Abilene, St. Matthew in Lubbock, and his present appointment at Idalou.

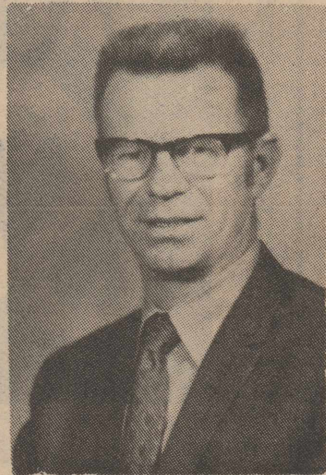

Football Page Begins This Week

With the beginning of the much-looked-forward-to football season for the Greyhounds, the annual football page begins this week.

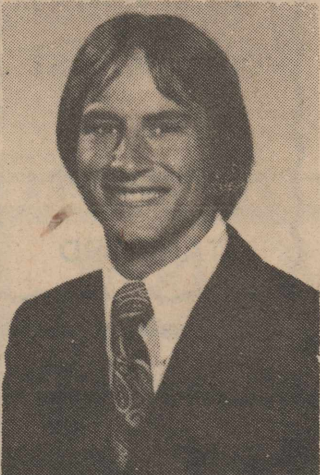

The faithful and loyal boosters make this page possible each year with pictures of the team, coaches, and individual pictures throughout the season along with schedules and rosters.

We at the News want to publicly thank these firms for their support and hope that on occasion our readers may express their gratitude to them personally.

If there are those who missed who would like to be added to the page of boosters, please call the News office at 658-3142 and we will be happy to include you for the remaining games.

BILL WRIGHT
...preaching

GARY MAULDIN
...singing

Wright served as project director of "Our House, Inc." a street clinic dealing with drug abusers in Abilene during 1972-73. He led in the establishment of a child development center in the city of Lubbock while pastor of the St. Matthew United Church. The center related to 100 children and their parents.

Wright and his wife Peggy are the parents of four children, Donna Cathey, Cindy Treat, Bill Jr. and Mike.

Gary Mauldin, who will be revival singer, is the son of Rex L. Mauldin, pastor of San Jacinto United Methodist Church in Amarillo. He graduated from high school in Dalhart in 1975. He worked as youth director in Snyder, Hamlin, Canadian, and Amarillo - and at Wellington this immediate past summer. He is a senior history major at McMurry College and deeply involved in campus ministry. He has served as chaplain of on-campus action of the Christian Life Fellowship. He

is involved in Christian Outreach and Chanters - sings, plays the guitar and greatly enjoys sharing faith in God with others. He helped in the fifth annual Missionary Conference at Knox City last winter and in Benjamin's "joint effort" in the conference.

The Mauldins are well-known in this area, since Rex was pastor at Munday for six years and his wife, Letha, taught in the public schools there.

Revival services will be held at 6:00 p.m. Sunday while Monday through Wednesday there will be breakfast services at 7:00 o'clock each morning and evening services at 8:00 each night.

The public is invited to attend and hear good preaching, good singing, and good fellowship.

No Gulf Shrimp To Be Delivered

Due to the small number of orders placed with the News office for fresh gulf shrimp to have been delivered to Knox City Friday of this week, O.L. Emerson will not be making the long trip from Houston. Those who paid in advance may pick up their checks at the News office.

STANDING BESIDE THE NEW DODGE VAN is Mrs. Lillian Logan, coordinator of the Knox County Aging Services Program who received the 12-passenger van last week. The van, provided through the West Texas Council of Governments and the County of Knox, will be shared with Goree, also participating in the pilot program for Knox County Senior Citizens.

Senior Citizens Have New Van

Knox County Senior Citizens can travel first class now with the acquisition of a new 12-passenger van, provided by the Area Agency on Aging of the West Texas Council of Governments.

Mrs. Lillian Logan, coordinator of the Knox County Aging Services Program, received the keys to the beautiful tan van last week. Mrs. Logan reported that the van would be used primarily for transportation of older persons in the nutrition program to and from the school lunchroom.

Also, the van will be used to provide transportation to older persons, who have no other means of transportation, to and from the clinic for medical services.

Mrs. Inez Herr, Outreach person, will be driving the van and those older persons who have need of transportation may call Mrs. Herr at 658-3415 and make arrangements.

The van is for county use, Mrs. Logan said, and will be shared with Goree, also participating in the pilot program.

The COG paid for ninety percent of the cost with the remaining ten percent paid by the County of Knox. County commissioners voted at a regular meeting to purchase the van.

Mrs. Logan explained that the van also will be available for field trips within the area.

Drive Line

Q. Every summer I pass dozens of cars spewing water and steam from their radiators. What can I do if my car ever overheats in traffic? — J. B., Brownville

A. Pull over to the side of the road. Try putting the car in neutral and accelerating the engine slightly. This speeds up the water pump, and the fan should pull more air through the radiator. Turn off the air conditioner, but turn on the heater for additional circulation. Open the hood to help cool the engine and wait. What if the temperature doesn't drop? Shut the engine off and keep the hood up. Don't check anything immediately; a hose could burst and scald you. After the engine has cooled, add more water or coolant, or proceed to the nearest service station for repairs.

Q. While travelling through an unfamiliar town last week, I found myself turning into a one-way street the wrong way. There were no signs at the intersection to indicate that the street was one-way. How else could I have known? — V. S. W., Helotes

A. By paying attention to the pavement markings. They direct traffic just like signs. A yellow line down the center of a road divides it for two-way traffic. Drive to the right of a broken yellow line except when passing or when the right half of the road is closed to traffic. Never cross a solid yellow line, which marks a No Passing Zone. On one-way streets, the lanes are marked by broken white lines, and you may drive in any lane.

O'BRIEN HAPPENINGS

BY CHARLENE BROTHERS

Labor Day is over and it is time for everyone to get back to work. I hope everyone had a good weekend and no sorrows to get over. The schools will be starting all over now, colleges and everything. Guess the next holiday will be Thanksgiving. Some of the college students have already gone; Craig and some of the others going to Snyder will leave Tuesday afternoon.

The city is going to try to start a "cleanup and beautify" program sometime next month. A person from A&M that works with this will come and meet with us October 17 and give us all the details and how to get started. We hope everyone is interested enough in getting O'Brien looking better and will come and meet with us and cooperate in every way they can. There will be more details on this later.

My family had another day of motorcycle riding or I should say days, during the weekend. The only thing different this time is that everyone that attended rode a cycle sometime during the day this time. First time I had been on one in two years, since I turned over and had to have my knee stitched up. Even our daddy rode for a while; first time he had ever ridden one by himself. You have a lot of fun riding on these and being together as a family. We would like to thank the person that lets the cyclists use the places across the river; he will know whom I mean. The dirt roads, pastures, ravines and hills over there are good for riding and generally if you turn over, unless you hit just right, you will not hurt yourself too badly.

Report Given On Year In Germany

[Editor's Note: The News office recently asked former resident Diane Clonts Balch to report on her and her husband Burton's year of study in Germany. After a visit here with her parents, Mr. and Mrs. Joe Clonts, and a visit in Odessa with his mother, Girdie Balch, and other relatives, the couple moved to Baton Rouge, Louisiana, and these details were received this week. Because of the interest in the couple's trip, we are publishing Diane's letter in its entirety.]

August 26, 1978

Dear Stacy,

You asked about the places we had been and some things we've seen, and I apologize for not getting this to you sooner. I don't think everything could be put in one article so I just want to outline some highlights.

Burton received a fellowship to study at the Rheinische Friedrich-Wilhelms Universitaet in Spring 1977 from Rotary Clubs International, and we left for Germany in August 1977.

After a week in Munich, we took the train to Schwaebisch Hall for two months of intensive language training at the Goethe Institut there. Through this school we took field trips to Rothenburg, Speyer, and Bad Wimpfen. Rothenburg is probably the most famous of the three since it is one of the few middle age cities with the fortifications around the city still intact.

In October, we moved to Bonn. During our first weeks here, we took a beautiful drive up the Rhein River, passing through Koblenz, stopping at the Lorelei where the mythological goddess would sing to sailors causing them to forget their ships and crash into the mountain, and ending in Ruedesheim for the yearly new wine festival.

It was about this time school started at the Bonn university, and we were unable to travel very much. One weekend we did drive to Frankfurt and stopped at a reconstruction of a Roman settlement dated around the first century A.D.

We started the new year by going to Paris. Among the

sights that we saw here were the Eiffel Tower, the Louvre art museum, Notre Dame, Army Museum with Napoleon's tomb, Arc de Triomphe, Versailles, and Sacre Coeur.

During spring break, we went as sponsors of a youth group at the American church to Kandersteg, Switzerland, for a four-day ski trip. When we got back from the trip, we drove through Switzerland, Austria, and the Bavarian Alps on our own. Highlights included Interlaken, Lucerne, Salzburg (where "The Sound of Music" was filmed), and Vienna.

In May we traveled to Brussels and Brugge, Belgium; and in Holland we visited Amsterdam and Delft (where the Delft blue China is handmade).

In July we packed and left for a month of travel by train with Eurail passes. First stop: Florence (birthplace of Michelangelo) then to Venice (gondolas and canals) and then to Rome and the Vatican City. The most impressive sight of Rome is St. Peter's Basilica - the largest church in Christendom. From Rome we spent an afternoon in Pompeii - a city excavated after the eruption of Mt. Vesuvius about 79 A.D.

We spent a day on the beaches of the French Riviera and one day at Barcelona, Spain, before taking the train and ferry to London. After four days there we were ready to go back to Bonn and catch the plane "home".

"Home" is now in Baton Rouge, Louisiana, where Burton is finishing his masters at Louisiana State University.

SENIOR CLASS NEWS

By Terry Curd
The seniors all made it back to school. As best as I can count there are 29 of us. We have already started making money for our senior trip. We have already finished selling names for the back of the football program. We are now in the process of selling magazines. Monday of next week is the last day. If you have not bought any and would like to, contact a senior or Mrs. Newton at the school. Also we are planning a workday for September 16. We will wash cars, mow lawns, wash windows, and almost any other odd job. Contact Mrs. Newton or a senior if you want something done. Last year before school was out we elected class officers. They are Doug Ray, president; Shane Johnston, vice-president; Jan Burt, secretary;

David Counts, treasurer; and Terry Curd, reporter. Last and certainly not least, the seniors would like to say thanks to those people who put their name on the backs of the football programs. So THANKS!!!!

JUNIOR CLASS NEWS

By Gerri Watson
The Junior class started their year a fun way - we had a party. We met at Gerri Watson's house where Mrs. Watson sent us on a scavenger hunt. We hunted everything from the front page of last Sunday's newspaper to a cancelled thirteen-cent stamp. We were divided into five teams and Cyle Clayton's team collected all thirty items in forty-five minutes so his team won! After the scavenger hunt, we went out to Mansfield Park and had a picnic. We discussed several money making projects. We will vote on which ones to do later. Helping sponsor the picnic were Mr. and Mrs. Leon Watson.

The Junior class officers are Cyle Clayton, president; Junior Figuerna, vice-president; Angelia Reid, secretary;

Robert Espinosa, treasurer; and Gerri Watson, reporter.

SOPHOMORE CLASS NEWS

By Kim Whitley
Well, our first week as sophomores is over. Most of us are taking geometry, biology, typing I, speech and health, english II, home economics II, agriculture, and athletics.

Friday morning, we had our first class meeting to elect officers. Kelley Boone was elected as president; Jay Rutherford as vice-president; Chuck Hutchinson, secretary; Adam White, treasurer; and Kim Whitley, reporter. Jim Dillon was elected as our class sponsor. Each year, every class elects a boy and a girl as class favorites for that year. This year, the sophomore class elected Angie Bateman and Ricky Gonzales for our class favorites.

FHA NEWS

By Tammie Helton
The FHA organization had a "come as you are" breakfast Friday, August 25. The main purpose for this was to welcome the new freshmen members to FHA. Eggs, sausage, biscuits, and fruit were

served. Sonia Carter and Rhonda Skiles, program chairmen, had a beauty contest. The officers were the judges. They judged for the holiest gown, best hair-do, prettiest legs, and best make-up. I won't say who received these awards. Ha!

A decorating meeting was held Thursday before the breakfast. The members of the meeting consisted of Angelia Reid, Kelly Watson, Gaylynn Burkham, and Tammie Helton. The menu was planned by Mrs. Vera Newton and Mrs. Veeta Reid. Mothers helping were Mrs. Estelle Skiles and Mrs. Leona Burkham. Our thanks to them.

BAND NEWS

By Gerri Watson
The new 1978-79 Knox City High School Marching Band, under the direction of Alan Steckler, has been practicing now for three weeks. Our first show will be Friday night at the football game with Rule. The band will be led by Drum Major Mindy Hutchinson and Twirlers Rhonda Skiles, Gerri Watson, and Kay Howell. Show time music will include the song, "Solid Rock." New music that we have been

working on is "Peg" and "The Love Boat."

The band has new uniforms and hats. The new uniforms are similar to the old ones, but the hats are prettier than the old ones, so be prepared for a new look Friday night. Saturday morning the band will leave for Abilene to march in the West Texas Fair Parade at 10:00. The band will probably stay at the fair for the rest of the day.

The band has elected a new president, who is Rhonda Skiles, and a new vice-president, who is Jeffrey Quintana. The other officers elected last year are Chuck Hutchinson, secretary, and Gerri Watson, reporter.

TOP FASHION MODEL SAYS THIRTY MINUTE ROUTINE KEY TO BETTER LOOKS

One of America's most sought after models and beauty experts, Shelley Smith earns more than President Carter and surpassed Cheryl Tiegs to become the top income model for 1977.

In the past five years, Shelley has appeared on more than 75 covers of top fashion magazines — including Vogue, Harper's Bazaar, Mademoiselle and Glamour. Most recently, Shelley shared her beauty expertise with millions of men and women while on a nationwide tour as "The Ultra Max Girl," spokeswoman for Gillette's new blow-dryer shampoo.

Daily Beauty Routine
Since her face and figure are her fortune, Shelley has to know how to look her best at all times. She has developed her beauty expertise through working with some of the best stylists and make-up artists in the world.

Any woman, Shelley advises, can improve her looks by investing just 30 minutes each day on a beauty routine and by using products that work for her specific needs. Shelley also feels that the most vital components to good looks are a well-

balanced diet and plenty of exercise. Her daily routine:

• I wash my face with make-up remover, never use soap because it dries out the skin. Occasionally I steam it to clean out the pores.

• I wash and blow dry my hair every morning. I use Ultra Max Shampoo because it was specifically developed for blow dryer users. It really adds body to my hair and helps make it easier to comb, style and manage.

• I drink fresh carrot juice, which I make myself to retain the vitamin A which is so good for your skin. I sometimes concoct a blend of brewer's yeast, milk, honey and banana for a healthy morning drink.

• I apply moisturizer, light eye make-up, blush-on and lipstick, which takes about 7 minutes.

• I have straight hair, so for a more sophisticated look I set my hair with pin curlers, soft rollers or perm curling rods.

• I blow dry my hair for about 8 minutes, and I am careful about keeping it extended at least 6 inches from my scalp.

• I do 20 minutes of yoga stretch and breathing exercises.

In addition, Shelley offers four tips for special situations:

1. Place cucumber slices or moist tea bags on your eyes to soothe them when they are puffy.

2. Mix egg yolk and yogurt into any hair conditioner for extra protein.

3. Sleep with olive oil in your hair overnight to help restore natural oils to dried out hair.

4. When skiing, place lip gloss all over your face to protect it from wind and cold.

ATTEND FUNERAL

"So get rid of all that is wrong in your life, both inside and outside, and humbly be glad for the wonderful message we have received, for it is able to save our souls as it takes hold in our hearts." (1 Peter 1:21), paraphrased.

Surely the Word has drawing power and light that penetrates into the inner being of the heart. It gives you divine knowledge, wisdom and understanding.

A Bible was given to a prisoner and he began to read it daily. Later he said, "The Bible is my intimate friend. I feel as though when I read the Bible I am talking with the Lord. I feel my body is empty on the inside. The more I read the Bible the more full I become."

The Bible is fulfilling, it is life, it is reality. It comforts you when you are hurting. It fills you full of awe and fear when you think of doing wrong. Remember what Solomon said, "For the Lord grants wisdom. His very word is a treasure of knowledge and understanding." (Proverbs 2:6)

FROM TEMPLE

Mrs. Dan Steakley of Temple accompanied by her daughter and her children, Mrs. Sue McClaren, Danny and Sue Ann, also of Temple, visited Friday and Saturday of last week with Mrs. Steakley's parents, Mr. and Mrs. C.C. Hoge.

Mandy Tankersley presided at the registry table which held an arrangement of yellow and white daisies.

Cheryl Graham served refreshments of white wedding cookies topped with yellow flowers, finger sandwiches, nuts and punch from a table covered with white lace. The bride's chosen color of yellow was used in the decor along with a centerpiece of silk flowers arranged in a gold bowl of apricot, yellow, gold and brown. A crystal punch bowl was also used on the table.

Lillian Logan Speaks On China

The United Methodist Women began their study of "Contemporary China" August 15, with Lillian Logan as the leader.

Members learned some interesting facts about China such as it has 800 million population, has the highest mountain which is Mount Everest, the largest desert, and that China is noted for the Great Wall.

The local group met at Seymour in a cluster meeting with Mrs. Logan bringing the study as well as at Quanah.

The women met again on August 29 and learned that China has 65,000 agriculture communes. With this, the people of China are being fed. Only 11% of China can be cultivated while the United States is 22%. Most of the cattle in China are raised for work animals with those in the United States being raised for food and grain to feed cattle, while China's is to feed people.

Bullock Reminds City of Tax Repeal

AUSTIN State Comptroller Bob Bullock reminded city governments September 1 that they have until September 10 to notify his office if they wish to repeal the one percent city tax on residential gas and electric bills October 1.

"It's absolutely essential that we be notified by that date if the tax break is to become effective on October 1, the earliest possible date under the new law," Bullock said.

Bullock said those cities that repeal the tax after that date will have to wait a full calendar quarter before the tax break goes into effect.

The Texas Legislature passed a law during its recent

special session repealing the four percent state tax on residential utility bills effective October 1.

That law also automatically repeals the one percent city tax on residential utilities October 1, 1979, unless the city government votes to continue the tax.

Cities that wish, however, can by majority vote of the council repeal the city tax effective October 1, 1978 - the same day the state tax exemption becomes effective.

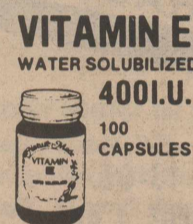

Bullock said that 39 cities have informed his office that they intend to repeal the city tax, while another 45 have said they will retain it.

Treats Can Be Tricky

Watch any wise, old witch at work. First she stirs her cauldron and cackles. Then she sips her concoction. Never, never, does she cackle and swallow at the same time.

That's the message the North Texas Lung Association is trying to tell every trick-or-treater: If you laugh or talk or run, don't eat at the same time. Otherwise you can choke or damage your lungs permanently.

The lung association is conducting a nationwide campaign this fall to prevent youngsters from swallowing the "wrong way" and inhaling tiny objects into their lungs. Almost 2,000 children in this country die every year from these totally preventable accidents. And Halloween has all the ingredients of a holiday hazard.

Spooks and swashbucklers, loaded down with goodies, can hardly resist the temptation to stuff their faces. But if they're talking a mile a minute, it's too each for a hard candy to slip down into the windpipe. Unless the object is coughed up immediately, it can block a breathing passage and cause serious trouble.

Even stashing away the holiday haul can pose a problem. Toddlers too young to travel the trick-or-treat route can get their hands on anything their older brothers and sisters leave on low tables and chairs. Whatever can fit into a toddler's mouth or up her or his nose usually gets there.

To make Halloween fun instead of a disaster, the North Texas Lung Association - the Christmas Seal people - urges parents and children to keep small objects out of the reach of toddlers. And not to talk and eat at the same time.

It's a matter of life and breath.
