SIGNS OF THE TIMES are these new cotton modules now beginning to make appearances in this part of Texas. E.H. Tankersley and his son Jimmy have purchased this Bush-Hog Husky Module Builder which can pack approximately 19,000 pounds of burr cotton, ginning out about nine bales. The module is tractor powered and with three or four strippers, its capacity is reached in approximately one hour. The O'Brien Coop Gin owns a Reynolds module trailer which loads the modules right off the ground. With the demand for cotton trailers greater than the supply, the modules are becoming very popular.

Ice Prevents Local From Parade Ride

Knox City viewers of the CBS-TV telecast of the 1979 Cotton Bowl Parade on New Year's Day may have missed KC's own Marti Tackitt on her Arabian horse, as announced in last week's News. Marti and her husband, Merle, were in the Dallas area over the weekend with their horse and Arabian costume, but found the severe ice storm which struck the area had made the streets extremely slippery.

"It was just too dangerous," said Marti, "and almost all of the scheduled 150 equestrian participants canceled their appearances in the Parade because of the treacherous footing."

"The entire Shriners unit from Fort Wayne, Indiana, was in town for the Parade with their horses, clowns and float. The latter two added a lot to the Parade, but they sure didn't ride their horses, after bringing them all that way. Two other mounted groups had competed all year long in Texas and surrounding states for the honor of riding in the Cotton Bowl Parade, and then had to cancel because of the ice. We were all keenly disappointed."

Reynolds Assisting In Dallas Area

West Texas Utilities serviceman Bud Reynolds was called to Dallas Sunday to assist with electrical work to help relieve residents of the city from the power failure which hit the metroplex during the weekend ice storm.

According to his wife, Sequoyah, he is expected to be in Dallas the entire week.

Helen Patterson Surgery Reset

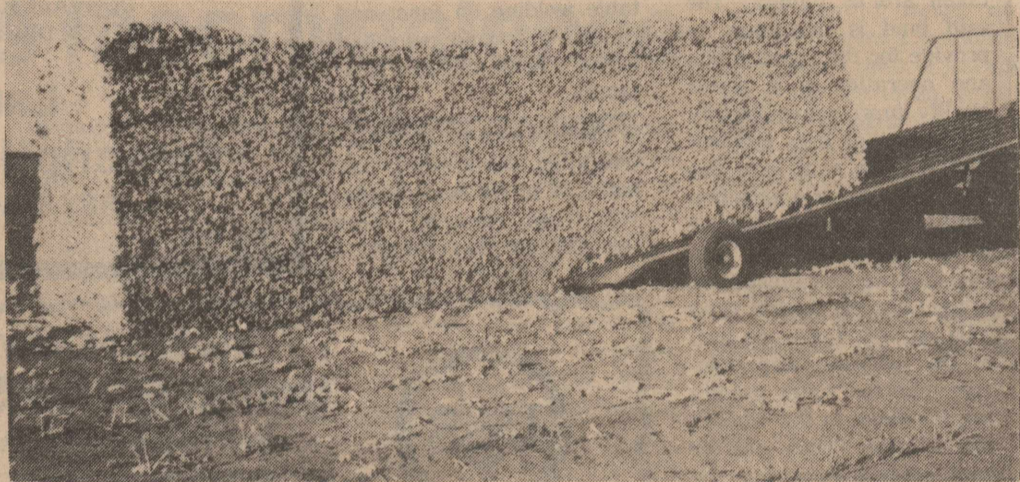

Mrs. James (Helen) Patterson, who was to have undergone open heart surgery Tuesday of this week at Methodist Hospital in Lubbock, has had the operation postponed due to a skin rash.

At last report by family friends, Mrs. Patterson is rescheduled for surgery Friday of this week.

Fire Chief Honored

Retiring Fire Chief A.T. (Drew) Holcomb was honored Thursday, December 28, on his completion of 25 years of service with the Knox City Volunteer Fire Department.

Mayor Ken Crowover proclaimed the day as "Drew Holcomb Day" and called upon citizens of Knox City to give appropriate recognition to the day in tribute to the longtime fireman.

On Thursday night, the Knox City Volunteer Fire Department members hosted a chili supper at the Community Center where Mayor Crowover presented Mr. Holcomb a copy of the proclamation. Fire Department president Randy Coale then presented him a plaque and pocket watch.

He joined the Knox City Volunteer Department in May 1953 and served three terms as chief, the last time serving 11 consecutive years. He served both as president and secretary-treasurer of the department and attended 14 firemen schools at Texas A&M, receiving 30 hours' credit during each school.

Holcomb, along with his family, moved to Knox City from Dallas in October 1945. He was employed as a mechanic by the late O.A. Green and later by Sipe Griffith. In September 1948, Holcomb bought out Griffith and began his own business. Mr. Holcomb retired in March 1975 when he sold his business to Roy Rushing.

A veteran of World War II, Holcomb served originally with the 36th Infantry Division. After Pearl Harbor, his regiment was detached and served on both the west and east coasts before going overseas where he was with the 90th Infantry Division in France.

Holcomb and his wife, Fern, are parents of two daughters, Jo Frances Howeth of Graham and Vicky Adkins of Abilene, and a son, Fred Malone of Lewisville. They have four grandchildren.

The retiring chief is a member of the American Legion and Masonic Lodge.

FLBA Increases Billing Rates Dec. 1

Joe Harper, manager of the Federal Land Bank Association of Haskell, has announced that the Federal Land Bank's billing rate on farm and ranch loans and rural residence loans increased from 8 percent to 8½ percent effective December 1. This increase in the billing rate has affected 20,000 loans in the total amount of \$1.2 billion.

In making this announcement, Harper stated "the rapid acceleration of the cost of money in the recent weeks, with the dramatic one percent increase in the discount rate to an all-time high of 9½ percent and an 11 percent prime rate being charged by commercial banks, are indications of the significant effect in the average cost of funds to finance the Bank's lending programs." Also, he mentioned that the 8½ percent

rate is a very competitive rate in today's economic climate.

The Federal Land Bank of Houston makes long-term real estate loans on farm and ranch land and rural residences throughout Texas, and now has more than \$1.4 billion in loans outstanding. The local association makes and services loans in Haskell, Jones and Knox counties. Officers and directors of the association are O.G. Lewis, president; J.E. Nix, vice-president; E.H. Burnett, Weldon Walker, Ralph Howe, Ernest Beck Jr.; Joe Harper, manager; and Rex Conner, assistant manager.

Other district 7-A team members picked to the squad were Vonnie Hise, Haskell, first team offense and Monnie Hise, Haskell, first team defense.

Second team members were Giles Kemp, Haskell, defense; and Larry Welch, Munday, also defense.

"Rehab '79" Needs Area Help Saturday

ABILENE - A number of new faces will join regulars for Saturday's "Rehab '79" telecast.

Jimmy Dean, recording star and sausage manufacturer, will lead the list of newcomers. He became nationally famous with his ABC variety show, "The Jimmy Dean Show" and had starring roles in the movies *Diamonds Are Forever* and *No Time For Sergeants*. He is also a regular at The Flamingo Club in Las Vegas and Harrah's Lake Tahoe.

Other newcomers include Larry Gatlin and the Gatlin Family, Wendy Holcombe ("Nashville on the Road"), Wesley Eure ("Days of Our Lives") and big band singer Connie Haines.

Rex Allen will again host the telecast which will feature most of the show's regular entertainers. Back for "Rehab '79" are Shari Lewis, Rex Allen Jr. and the Country Travelers, Slim Pickens, Bill and Susan Seaforth Hayes, Jerry Clower, Arthur Duncan, Anacani, Pedro Gonzalez

Gonzalez, Johnny Gimble, Sammi Smith and The Angle Sisters.

The "Rehab '79" auction board features more than \$50,000 in merchandise. Auditorium tickets will be priced at \$6 for reserved seats and \$3 for general admission, and will be available at the Civic Center box office and the Rehab Center.

The Rehab telecast annually launches the year-long funding program of the West Texas Rehabilitation Center and its campuses in Abilene, San Angelo and Snyder. The operational budget for '79 will approach the \$2 million mark.

The West Texas Rehabilitation Center is a private, non-profit corporation which is almost totally dependent upon contributions for its income. During 1978 the Rehab Center provided services to almost 7,000 handicapped men, women and children without charge.

The telecast will be carried by KRBC-TV

(Abilene), KACB-TV (San Angelo), KCTV-TV (San Angelo), KXTX-TV (Dallas), KWSO-TV (Lawton), KMOM-TV (Monahans), KLBK-TV (Lubbock), KTVV-TV (Austin), KAMR-TV (Amarillo), and KWAB-TV (Big Spring).

Hounds Aiming At District Win

Reporter-News sports writer Greg Jaklewicz in Sunday's Abilene paper says according to Coach Jerry Lowrey, his Greyhounds are now thinking 'district championship' after being picked in a pre-season coaches' poll for a third place tie with Haskell.

Coach Lowrey explained that after the Greyhounds had such a successful football season, tying with Haskell and Munday as tri-champions of District 7-a, he expected them to do the same thing in basketball. Lowrey said they showed the type of character and hard work needed and had a real good attitude. That can make up for a lot of deficiencies, he noted.

The Greyhounds have won 12 of their first 15 basketball games.

Although the 7-A hoop race was intended to be a two-team race between Crowell and Paducah, Lowrey believes that his team's continued improvement will definitely make it a three-team battle come mid-January.

"The Hounds are now trying to generate momentum for Crowell, Paducah, and Quanah," Lowrey said, "and if we do get a little better each game, I think we have a good chance at winning this thing."

The Hounds won the Roby Tournament and took consolation trophy at Anson after losing to District 8-A pick Hamlin by four points in the opening game. The other two losses have been by a point to Throckmorton in the third game of the season and to Class B power Goree.

The Hounds are not blessed with height although 6-4 sophomore Adam White was recently called up from the junior varsity. The tallest regular is 6-1 senior center David Walling, who is the defending Class A state high jump champion, setting a new record of 6-9½ last May in Austin.

Walling leads the team in rebounds with a dozen a game while 5-10 sophomore wingman Tim Roberson is the top scorer with 15 points a game.

"We work hard and play together. We're a real well-balanced team and don't have one particular kid to count on. There are usually two or three in double figures," Lowrey said.

Joining Roberson in double figures are senior forward Jimmy Rushing (13) See HOUNDS, pg. 7

INCOMING OFFICERS to serve the Knox City Volunteer Fire Department are, left to right first row, Willie Collins, vice-president; Ted Bolzle, assistant fire marshal; and Bud Reynolds, president. Back row from left, Craig Williams, secretary-treasurer; Leonard Phipps, assistant chief; Ken Lawson, chief; and Rob Harrison, reporter. James Redwine, who was not present, will again serve as fire marshal.

RETIRING OFFICERS in the Knox City Volunteer Fire Department, pictured from left at Thursday night's chili supper, are president Randy Coale, secretary-treasurer Craig Williams, assistant fire marshal Bud Reynolds, assistant chief Roland Marion, and chief Drew Holcomb. Bobby Vasquez, vice-president, and James Redwine, fire marshal, were not present.

O'Brien Happenings

By CHARLENE BROTHERS

How do you like this weather for starting off a new year? Kinda cold here in O'Brien and very slippery also. Sunday morning I think everyone had trouble getting to work, some of them never did make it, some were late, then they did not work. Could not get the bales to the yard. Me, I never went outside all day. I'm wondering just what this is going to do to the cotton still on the stalk, maybe it will not hurt it too much. If it does, some of us are in trouble, because some over here do not have any of their cotton, or a very little out. It is funny sometimes how things work out, for instance, Saturday night, J.O. and Sammy worked until five o'clock Sunday morning getting the number two gin ready to go, from a burned out motor, then they could not work Sunday. They did not gain much by working so long and hard.

It is time to make your new year's resolutions if you make any. I never do, because I know I would not keep them. I think of just one thing and try to do it, this time I'm going to try to be a nicer person all year. That might be easier to do if I did not work here in the gin office or did not assess taxes. Taxes can get you into more tempers than anything. If there are not some changes made, the tax relief that

some of the people thought they were going to get by voting for the tax amendment is going to be a tax raise. You know it takes just so much money to run a school or whatever, and if you start cutting something from one thing you are going to have to raise it somewhere else to raise the same amount of money, so what have you gained? Maybe the Legislature will make the changes so we will get a little relief.

HERE AND THERE

Visiting in the home of Mr. and Mrs. Sam Johnston during the holidays were all their children, Mr. and Mrs. Kenneth Roberts and Randy, Mr. and Mrs. Rodney Roberts, all of Plainview; Mr. and Mrs. James Duncan, Becky and Karla, Mr. and Mrs. Jim Johnston, Jamie and Wendi, Mr. and Mrs. Don Johnston, Kerrie, Kendi and Lance, all of Lubbock; and Mr. and Mrs. John Tom Johnston, Traci and Kelley of Houston. (This was all their children except Laura Proffitt of California.)

Visiting in the home of Bro. and Mrs. Bill Trice and Ruthie during the holidays were John Mark Trice of Paint Creek and Mr. and Mrs. Walter Carlton, Marti and Jodi of Arch, New Mexico.

Mr. and Mrs. Jerry Hodges and children of

Graham visited during the holidays with their parents, Mr. and Mrs. Buster Hodges and Mr. and Mrs. E.E. Underwood and Anne.

Mr. and Mrs. Alain Hines, Andy and Julie of Munday visited during Christmas with Mr. and Mrs. Ranzy Herring.

Mr. and Mrs. Orval Manning spent Christmas in Abilene with Mr. and Mrs. Royce Manning and Brad and Mr. and Mrs. Cash Powers, Ronald and Donald.

Someone has been picking up the Sunday morning papers at O'Brien again, and as usual they got ours. Do you realize that this is stealing federal property, even though it has someone else's name on it? If you will

leave your name when we get through with the paper we will let you have it, but it surely makes me mad when someone gets it first and does not bring it back. May have to start getting up about six o'clock and go down and wait on the papers to get it.

ATTEND OPRY

Phone Cable Damage Provides Inconvenience

"On seven occasions during 1978, buried telephone toll cable that provides the primary long distance and special circuits services for Knox City, Rochester, Rule, Haskell, Munday, Seymour, and numerous other north Texas cities has been cut or

damaged," Bill Drennan, General Telephone Company division manager, said.

Alternate facilities are available which provide service at approximately a 20% level. With the limited alternate facilities, lengthy delays can be encountered while making long distance calls. Local calling with the cities themselves is not affected. This cable is buried on state highway easement with the approval of the State of Texas.

The Texas Highway Department notes on a map the location of the utilities that are buried on highway easements. This is done so that when road construction is in progress, those people

doing the construction work will know that the facilities are in place. The cable is buried at a specified minimum of two feet and has signs indicating that the telephone company should be called before digging. On six of the seven occasions that this cable was cut, it was while construction crews were doing road improvements. On these six occasions one main contractor has been involved. This party has been contacted and requested to exercise more caution while digging. A bill for damages was also rendered. Since damages to these cables have continued, legal action is being contemplated.

Although these circumstances have been beyond our control, General Telephone Company apologizes for the inconvenience this has caused to their customers. "Efforts will continue to improve the situation," Drennan said.

High Ranking Farm Economist To Speak At TFU Convention

A senior economist in the Carter Administration who "had a firm grip on the purse strings" in the making of current farm policy will keynote the annual state convention of the Texas Farmers Union in Lubbock, January 12.

J.B. Penn, a former staff economist for food and agriculture with the Council of Economic Advisors during the layout of the 1977 Farm Bill and now Deputy Administrator of ESCS within the Department of

Agriculture, will address the gathering of family farmers whose cries for parity have been shot down repeatedly with new cost-of-production formulas and very unpopular farm legislation.

Penn, who holds a long list of credentials in agriculture policy and analysis, has worked closely with all of President Carter's "inflation fighters" throughout the Democratic administration beginning in January of 1977.

His main thrust is that of defending Carter's farm

policies and pointing to increased capital gains, particularly in land values, as an offsetting factor to limited farm income in the face of ever-growing debt. He is also an advocate of the Administration's grain reserve program which, he says, "prevents this boom and bust."

"Farmers may come in and say, 'We want 100 percent of parity.' And we think that's not good," says Penn. "Clearly, we think that's not

in the best long-term interest of farmers, nor of the rest of the economy."

That places the high ranking economist in very unfriendly territory when he addresses the Texas Farmers Union, whose chief objective for decades has been full parity and a government policy which protects the farm economy at that level.

"There are two or three top men who guide the government farm policy," observes TFU President Jay Naman. "When we say we're unhappy with the farm program, we're talking about the ideas of these men."

"We can't formulate our grassroots policy out here in a vacuum, asking for parity when a group of economists in Washington has the power to give thumbs up or down. We have invited Dr. Penn to our convention because we want to hear his views, and then give him a full load of ours. We think it affords our membership a good opportunity to express themselves. It should be highly interesting."

The members and delegates of the statewide farm organization will conduct their business at the Lubbock Civic Center from January 11 through 13 including the adoption of a 1979 policy and the election of top state officers. National Farmers Union President Tony Dechant addresses a final banquet session on Saturday evening.

Good Records Mean More Accurate Return

Taxpayers who keep good records during the entire year will be better prepared to file a complete and accurate tax return, the Internal Revenue Service said.

By keeping good financial records, the taxpayer can not only substantiate expenses, income, and itemized deductions listed on his or her tax return but also be aware of certain deductions that might otherwise be overlooked.

Taxpayers are not required to keep any particular types of records, but they must retain all receipts, canceled checks, bills, and other written documents to prove their expenses.

These records must be kept for at least three years

from the date that the return was due or filed or two years from the date that the tax was paid, whichever occurs later.

Some records should be kept even longer, the IRS advised, such as property records which should be retained as long as they are useful in determining the basis of the original or replacement property. In addition, copies of past tax returns can help the taxpayer prepare future returns.

For additional information on record keeping, tax-

payers can order the free IRS publication 552, "Record-keeping Requirements and a Guide to Tax Publications," by sending in the order blank found in the tax package.

'The Credit Crunch' Offered At Tech

LUBBOCK - "The Credit Crunch" is the title of a conference to be offered on January 19-20 by the Texas Tech University College of Agricultural sciences and School of Law.

The conference will deal with the effect on agribusiness of rising interest rates, credit shortages and the Texas usury law. Crop and livestock producers and agribusiness representatives from the West Texas-eastern New Mexico area are expected to attend.

Coordinator for the course is Dr. T. Richard Owens of the agricultural economics faculty.

"To plan for the future, producers and others in agribusiness have to recognize," Owens said, "the impact of high and rising interest rates and the shortage of loanable funds on various agribusiness sectors, the commercial banking industry and in-

stitutional and federal loan agencies.

"In the conference we expect to explore the magnitude of the problem and place the problem in the perspective of the various agribusiness sectors, commercial banks, institutional lenders and federal loan agencies."

He said the conference also will examine possible political and legal solutions, particularly with respect to the impact of the Texas usury law.

"This is to be a borrowers' conference," Owens said, "with a program planned to give them the maximum benefit for their 1979 credit planning."

The conference will take place at the Museum of Texas Tech University, 4th and Indiana, Lubbock. Pre-registration materials may be obtained by writing Dr. Owens, Department of Agricultural Economics, Texas Tech University, Lubbock, Texas 79409.

Topics for the conference include, for Friday: the magnitude of the credit problem, probable trends in interest rates and the supply of loanable funds in 1979; status of the usury law in Texas and proposed actions with respect to repeal or amendment, the prospects and problems from a legislative and executive point of view;

Credit agencies and the credit shortage with

prospects and problems for the farmer, rancher and agribusiness firms; the commercial banking industry and the credit shortage; real estate loans and the credit shortage from the viewpoint of an institutional lender; and the probable impact of current interest rates and the credit shortage on the livestock industry, grains and cotton production.

Saturday morning sessions will deal with incorporating the agricultural business, procedures and management problems encountered in incorporation as a suggested solution to the usury law in Texas, and tax implications of incorporation.

The conference will be offered to the public through the Texas Tech University Division of Continuing Education.

The Rev. John Gillispie, pastor of the First Baptist Church, was elected to a three-year term on the Executive Board of the Baptist General Convention of Texas.

Knox County continued to remain strong in the Democratic column in November's General Election although some voters crossed party lines to help elect Bill Clements the first Republican governor in Texas in more than 100 years and re-elect Republican John Tower as U.S. Senator.

Knox County voters went strong for Democratic congressional candidate Charles W. Stenholm, coming in first percentage-wise in the 33-county district, which is larger than the state of Ohio, with 85% of the vote.

Several Knox City merchants added the convenience of Visa and Mastercharge bank credit cards for their customers.

Knox City majorettes Rhonda Skiles, Gerri Watson, and Kay Howell received a Division I (superior) rating on their solos and ensemble competition at the UIL contest in Wichita Falls. The Greyhound band received a III rating for its marching performance.

The Knox County Hospital acquired an important piece of new equipment, a Monaghan Volume Ventilator, at a special inservice meeting of the nursing staff.

With a three-way tie for the District 7-A football crown, the Haskell Indians "drew" the lucky "x" out of the hat entitling them to advance into the playoffs, leaving Knox City and Munday as co-champs.

The O'Brien Bulldogs won the district championship with their win over the Paducah Lizzards.

ppg.), junior guard Dwayne Johnson (12 ppg.) and Walling (10 ppg.) Playmaker senior David Counts scored six points a game but is relied on more for his team quarterbacking abilities than point production.

"Any one of the four players is capable of scoring 20-25 points a game but I'd rather have the four all in double figures," says Lowrey.

Lowrey has a strong bench with 6-2 senior Neal Tackitt playing the role of sixth man. Senior guard David Benson, sophomore guard, Ricky Gonzales, and a pair of 6-2 juniors Terry Watson and Sam White are ready for playing time.
