KNOX CITY Volunteer Firemen worked hard to contain the blaze that destroyed the house occupied by Nora Lee Taylor and her seven children early Tuesday morning. Mrs. Taylor and two of her children died in the fire. Strong winds whipped the blaze, but firemen prevented its spread to adjoining areas.

Early Tuesday Morning

Fire Claims Three

An early morning fire completely destroyed a home and claimed three lives about 6:30 o'clock here Tuesday.

Nora Lee Taylor, 30, and two of her children, Kevin, 4, and Mekbra, 2, lost their lives in the blaze.

Another child, Gerald Taylor, 13 months old, was taken to the Knox County Hospital with second degree burns, and Tuesday afternoon was flown to the burn center in Dallas.

Four other children escaped without serious injury including Norma Fay, 14, Billy Ray, 12, Curtis Gene, 10, and Ricky Earl, 9.

Bobby Strickland, a customer at a nearby convenience store, helped Mrs. Taylor get the children out, except two, and when she returned to get them, she was unable to get out.

Edina Robinson, a neighbor, took the burned child to the hospital.

The alarm was sounded approximately at 6:45 a.m., according to Knox City Volunteer Fire Department chief Ken Lawson, and in 24 degree weather with winds gusting to more than 30 miles an hour, the four-room frame dwelling was 'practically gone' by the time firemen could arrive. Brief snow flurries also added to the extreme cold of the early morn.

Prices Continue To Decline

Cotton prices continued to decline, according to Sidney Ferrell in charge of the Munday Marketing Services Office. Prices being offered ranged from 800 to 875 points above CCC loan levels. Trading was light.

Grade 42 continued as the predominant quality classed this week with 41 percent. Grade 52 accounted for 20 percent and grade 41 was 18 percent. Eleven percent was grade 51. About 34 percent of the cotton classed was reduced in grade because of bark or grass. The predominant fiber length was staple 32 with 78 percent. Micronaire readings in the base range of 35 to 49 dropped from 69 percent last week to 66 percent this week. Twenty-five percent tested in the 30 to 34 range and 9 percent was below 30.

About 6100 samples were classed during the week ending January 19, bringing the season total to 54,100, at Munday.

TINY BURNS VICTIM Gerald Taylor was flown from Knox City Municipal Airport Tuesday afternoon to Parkland Hospital in Dallas. The helicopter pilot was accompanied by an M.D., left, with all the necessary equipment. Knox County Hospital Administrator Glen Rumley, center, and Cliff Ray, lab technician, are shown as they assisted in the air lift.

Benson of Benjamin, assisted by Knox County Sheriff H.C. Stone and City Marshal James Redwine of Knox City, held an inquest at the scene along with Fire Chief Lawson.

Services, as of press time Tuesday, were tentatively set for Wednesday with burial in the Knox City Cemetery.

Mrs. Taylor was born January 2, 1949, in De Kalb, Texas. She married Billy Taylor in 1964 in Benjamin.

She is survived by six children, Harold Wayne Collier, Texas School for the Blind in Austin, Norma Fay Taylor, Billy Ray Taylor, Curtis Gene Taylor, Ricky Earl Taylor, and Gerald Lavar Taylor, all of the home; seven brothers, Lonnie Collier Jr. of Knox City, Jerry Lynn Collier of Fort Hood, Lawrence Edward Collier, Johnny Wayne

Collier, Timothy Ray Collier, Perry Lavon Collier, and Terry Lavett Collier, all of Munday; five sisters, Lynda Flye of Knox City, Carolyn Collier, Patricia Collier, Nicky Collier, and Hope Marie Collier, all of Munday; and her parents, Lonnie and Norma Collier of Munday.

Kevin was born December 16, 1974, in Knox City. In addition to the survivors listed,

Stenholm Asks Legislation To Balance Budget

Congressman Charles W. Stenholm has announced that he will introduce legislation to provide for a Constitutional amendment to balance the federal budget, except in times of war and national emergency. The newly elected congressman is of the firm conviction that this provision is necessary in order to maintain the fiscal integrity of this country.

Stenholm believes we should move away from the old Keynesian philosophy of "tax and spend and spend some more." We have come to the point where we must pay our bills and not defer them to another generation who will pay the price of our folly.

Congressman Stenholm believes in a conservative spending policy and will vote against unnecessary federal programs.

he is survived by his father, Kenneth Ray Smith of Abilene.

Mekbra Nicole, born July 28, 1976, in Seymour, is survived by her father, Julian Smith of Oklahoma City.

Help Is Sought For Fire Victims

Knox City and area residents who have expressed a desire to help the children of Nora Lee Taylor with needed clothing may contact Alestine Flye at 658-3464.

Alestine has the ages of the children and possibly suggested items and sizes.

Rumley Receives EMT Certificate

Glen Rumley, administrator of the Knox County Hospital received notice this week that he has been fully certified as an Emergency Medical Technician by the Texas State Department of Health. Rumley was notified by mail along with receiving his official registration certificate and an official shoulder patch identifying him as an E.M.T. with a specialty in rescue and treatment of the sick and injured in ambulance work.

A 13-week course of instruction was completed in December to be eligible for certification. He is a volunteer with the Knox City Area Ambulance service.

Highway Crews Due Much Credit

City officials have brought it to the attention of the News office that much credit is due the Texas Highway Department for the manner in which the streets were kept during the prolonged sleet, snow, and ice situation.

The Highway Department maintenance crew bladed the ice and snow to the middle of the streets on Main and Central, leaving the traffic paths free of moisture for the most part. Then later, the ridge in the middle was bladed down and worked until the moisture was gone.

The snow began on Friday night, December 29, and last Friday, January 19, was the first day that all of the snow and ice melted in yards and out-of-the-way places in the three week period. Then, sure enough without warning, the snow began again Saturday morning; however this time temperatures were warm enough to melt the snow and sleet within a few hours.

The streets would have been impassable had the Highway crews not been on the job, and officials believe that residents should give the Texas Highway Department much credit and praise for a job well done.

Rep. Heatly To Serve On Committees

AUSTIN - State Rep. Bill Heatly (D) of Paducah has been named as vice-chairman for appropriate matters of the Judicial Affairs Committee and has also been appointed to a position on the Appropriations Committee by House Speaker Bill Clayton.

Clayton said Rep. Heatly would serve in these capacities during the next two years of the 66th Legislature.

Rep. Heatly, an attorney by profession, is serving his 13th term in the House. Last session, he served on the Appropriations Committee.

The eleven-member Judicial Affairs Committee has jurisdiction over all matters pertaining to civil law, civil procedure, uniform state laws, the State Bar of Texas, the Texas Judicial Council, and the State Commission on Judicial Conduct. This standing committee also has jurisdiction over matters pertaining to private corporations, the office of the Attorney General, requests to sue to the state, courts, and court procedures.

The twenty-one member Appropriations Committee has jurisdiction over all bills and resolutions appropriating, allocating, or diverting funds from the state treasury. The Committee also has jurisdiction over all matters pertaining to claims and accounts filed with the legislature against the state, unless jurisdiction is granted to another standing committee.

Prize Monies Awarded At Livestock Program

A program, held here last Thursday night in the elementary gym in lieu of the annual Knox County Livestock Awards banquet, recognized buyers and contributors to the premium sale which followed the annual County Livestock Show on January 6.

This year's sale, with a total of 34 animals, which was 13 less animals than in last year's sale, brought in \$9865.00, totaling \$1700 more than last year's \$8102.84, according to Leon Burkham, Knox City-O'Brien vocational ag teacher and FFA advisor.

Charles Lankford, general chairman for the program, presented certificates along with 8 x 10 pictures of the champion stock to the buyers. He also presented prize monies to the exhibitors with winning animals.

Burkham explained that officials were trying to get away from the banquet expense to families with participating students and this year's awards program with refreshments was held in hopes of having a larger turnout.

Buyers, along with the names of the Knox City students whose animals took honors, include Pumpers Supply, James Albus, Cliff Swain, and Oliver Flying Service, all of Knox City, Kelley Boone; Rochester Tractor, Rochester Fertilizer, and Bill Wilson Motor Co., Haskell, Jay Emerson; Lewis Paint and Body Shop, Knox City, and Munday Vegetable Growers, Munday, Todd Lewis; Knox Prairie Seeds, Munday, Kyle White; Citizens State Bank of Knox City, David Counts; Farmers Grain, Knox City, Russell Hacker; Dr. R.G. Howell and Associates of Knox City and Petty Flying Service of Munday, Rance Hacker; O'Brien Co-Op Gin, Kristi White; Lynn Electric and James Albus, both of

Knox City, and Petty Flying Service of Munday, Jeff Reece; B&C Chemical, Bob Burkham; Penman Oil Co. and Knox Feed Lot, Gaylynn Burkham; Knox County Fertilizer and Dr. W.F. Thompson and Associates, both of Knox City, David Flores; Doug and Shari Brown of Benjamin, Jay Rutherford; League Ranch, Benjamin, and Vernon Stockyards, Joe Godsey; Tri-State Chemical, O'Brien, Greg Oliver; M System Stores, Knox City and Munday, Karomy Sloan; and Knox Builders Supply, Knox City, and Knox City Grain, Steve Rutherford.

Buyers and contributors of Benjamin students' animals include Farmers Grain, Knox City, and Wallace Moorhouse of Munday,

Doug Brown Has Reserve Champion

Doug Brown, son of Mr. and Mrs. Stanton Brown, exhibited the Reserve Champion Angus steer at the recently completed Abilene Regional Livestock Show.

Dave Partridge showed the fourth place heavyweight Angus and the fourth place mediumweight Hereford. His sister, Julie, placed tenth with her heavyweight Cross steer. Dave and Julie are children of Mr. and Mrs. Wendell Partridge of Munday.

Shannon Ryder, daughter of Mr. and Mrs. Donnie Ryder of Benjamin, showed the eleventh place medium-weight Cross steer.

Melissa Zeissel placed third in the lightweight crossbred steers. She is the daughter of Mr. and Mrs. Vernal Zeissel of Munday.

Six of the eight steers shown by these exhibitors qualified for the premium sale against some very strong competition.

Seymour Aquifer Study Shows

Water Supply 'Enough'

Officials of the Texas Department of Water Resources told residents of Knox and Haskell Counties that the water supply from the Seymour Aquifer is plentiful and of good quality for irrigation.

Presenting a report on the water study was R.W. Harden of the contracting firm that prepared the two-volume examination. The study began in 1972 because of citizens' concern over nitrate levels in water supply wells.

"This study was the only one ever done in Texas that I know of that was planned under direct execution of both state and local levels," Harden said.

Two groups, an agency advisory committee of state departments and a citizens advisory committee of Knox, Haskell, and Baylor county residents.

The three-county citizens committee includes chairman M.L. Wiggins, Clint Norman, and secretary Callie M. Combs, all of Munday; Calvin Christian of Seymour; A.A. Cox of O'Brien; and Joe B. Cloud of Rule.

In addition to the water resources agency, other state agencies working on the project were Texas Department of Public Health and Texas Railroad Commission.

Harden said, "The area has a pretty darn good water quality for irrigation and the water situation looks good. There's no way we can dry up without pumping considerably more than we have in the past," Harden said. "There is a permanent long-range supply of water that pumpers can rely on up to the tune of about 50,000 acre feet a year," the hydrologist said.

Mexican Dinner Scheduled Sunday

The Santa Rosa Men and Women's Club is sponsoring a Mexican Dinner Sunday, January 28, in the St. Isabel Hall south of the Santa Rosa Catholic Church.

Serving will be from 11:30 a.m. until 1:30 p.m.

According to a spokesman for the group, the menu will consist of cheese or meat enchiladas, rice and beans, salad, chips, hot sauce, dessert, and coffee or tea.

An ad elsewhere in this week's News gives information concerning prices for adult and children's plates.

Harden explained that about 50,000 acre feet of rainfall water seeps into the formation each year. The aquifer serves both domestic and irrigation water users in the three counties.

Some rural residents still receive drinking water from the aquifer, while Millers Creek Reservoir provides water to Knox City, Haskell, Munday, and Goree.

Robert Bluntzer of the water resources agency said, "The study resulted in one of the best (water) products I've seen in a long time and I've been in the water business 16 years."

Officials explained that most of the pollution to the aquifer occurred in the first years of farming in the area that stirred up nitrates, and the pollution occurred within the aquifer more than from man-made pollutants such as fertilizer and septic tanks

FORMER KNOX CITY RESIDENT Thomas Emerson Robbins celebrated his 98th birthday, December 28, in the home of his daughter and her husband, Mr. and Mrs. Sumpter Reed in Gladewater. On hand to help Mr. Robbins celebrate were his twin grandchildren, Jocelyn Williams of Midland, left, and Tom Reed of Lewisville. Mr. Robbins has made his home in Gladewater for the past eight years moving there from Knox City where prior to retirement he was a banker and farmer. Though his eyesight is failing, Mr. Robbins is in good health. (Gladewater Mirror Photo)

Local's Kin Buried In Paducah

Funeral services for Mrs. L.O. Mayberry of Paducah, grandmother of Mrs. Larry (Beth) Staggs of Knox City, were held Saturday afternoon, January 13, at two o'clock in the First Baptist Church in Paducah with the Rev. Herman Lancaster of Seymour and Willie Rushing officiating. Special music was provided by Beth and Larry Staggs. Burial was in Garden of Memories Cemetery.

Mrs. Mayberry, 87, died Thursday, January 11, in Richards Memorial Hospital in Paducah.

Born January 25, 1891, in Sullivan County, Tennessee, to the late Mr. and Mrs. Tom Shipley, she married Lantson Owen Mayberry on January 24, 1907, in Seymour. Mrs. Mayberry died 13 days before their 72nd wedding anniversary. The couple were residents of the Seymour area for approximately 26 years where he carried mail from Seymour to Knox City. Mrs. Mayberry had resided in Paducah for more than 40 years.

Survivors include her husband of Paducah; eight sons, J.O. of Slaton, Pete, Vernon, and T.J., all of Wichita Falls, W.P. of Paducah, J.A. and Horace Lee, both of Gallup, New Mexico, and Bobby J. of Odessa; five daughters, Mrs. Thelma Trammell of Paducah, Mrs. Gladys Jordan of Seymour, Mrs. Maggie Harper of Post, Mrs. Helen Miller of Brunswick, Georgia, and Mrs. Maurice Truelock of Odessa; a sister, Mrs. Howard Bassitt of Hillsboro; 48 grandchildren, 85 great-grandchildren, and 19 great-great-grandchildren.

Pallbearers were grandsons including Billy Mayberry of Vernon, Thomas and Phillip Mayberry, both of Plainview, Craig Mayberry of Paducah, Acie Ray Mayberry of Gallup, New Mexico, and Jim Bob Truelock of Odessa.

IN WALL HOME

Visiting with Mrs. Elmer Wall Jr. and Mr. and Mrs. H.E. Wall Sr. during the weekend were Rebecca Anne Wall of Albuquerque, New Mexico, and her friend, Susan Hayes.

They were enroute to Austin where they will be enrolled in school.

Protein Supplement Needed For Cattle

While protein supplementation is one of the largest out-of-pocket expenses in a cow-calf operation, it is one of the most necessary supplemental feed ingredients when other feed sources are low in protein.

Animals with low protein diets lose their appetite, develop a rough appearance, become weak, and have lowered resistance to disease. The end result is reduced growth, reproduction and calf weights.

The need for protein supplementation results as nutrient composition in forage changes with the seasons. Therefore, nutrient intake varies. Once grass stops growing and loses its green, lush appearance, it becomes coarse and fibrous. Crude protein content may fall from 12 to 4 percent or less, and forage dry matter digestibility may drop from 65 to 35 percent. These nutrient compositions vary

greatly over time and supply cattle completely different diets due to seasonal changes.

Spring and summer diets are usually adequate for beef cattle needs while fall and winter diets are lacking in nutrient composition.

Cattle cannot eat enough poor quality forages to obtain needed nutrients. Winter grass is old and fibrous, low in nutrients, and more slowly digested. Thus, consumption is lowered and the animal receives even less nutrients as a result of lowered intake.

Added protein increases digestion of fibrous material. It not only helps balance an animal's protein needs but increases forage intake due to increased digestibility of the forage.

Since protein is required for growth and milk production, protein requirements for heifers and lactating cows are higher than for dry, pregnant cows. Lactating cows require twice as much crude protein per day as dry, pregnant cows and 26 percent more than heifers.

Ruminants such as cattle can synthesize much of their needed protein from low quality protein and NPN (non-protein nitrogen) sources such as urea and biuret when sufficient amounts of readily available carbohydrates are present in

the rumen. Other supplements include cottonseed meal, soybean meal and a wide variety of commercial dry and liquid supplements.

Protein supplements are available in many types and forms - cubes, cakes, liquids, self-limiting meal products and others, to allow different feeding methods. These will vary in nutrient composition, and a producer should calculate protein cost in each. This cost figure and feeding and labor costs will help him select the most efficient supplement.

When balancing forage rations with supplementation, dry matter (energy), vitamins, minerals and protein are all considered. Most often, available protein is deficient, but sometimes energy is also lacking.

When energy is low, some grain may be fed along with protein to make up the difference in what is supplied from forage. A good low fiber, high protein range cube will probably be sufficient.

Rocha Rites Held Friday

Requiem mass was said Friday afternoon, January 19, at three o'clock in the Santa Rosa Catholic Church for Mrs. Cecilia Rocha with the Rev. Brendan McGuire, celebrant, officiating. Burial was in the Knox City Cemetery under the direction of Smith Funeral Home.

Mrs. Rocha, 86, died Thursday, January 18, at 8:25 a.m. in the Knox County Hospital following a brief illness.

Born May 10, 1893, she married Antonio Rocha in 1934 in Big Spring. Mr. Rocha preceded his wife in death on December 31, 1978, in Knox City.

Survivors include two brothers, Filomeno Franco and Juan Franco, both of Big Spring, and two sisters, Mrs. Raquel Lopez of San Antonio and Mrs. Rosa Pera of Presidio.

IN GRAHAM HOME

Visiting in the home of Mr. and Mrs. Doyle Graham last week were her sisters and their husbands, Mr. and Mrs. Grady Simpson of Memphis, Texas, and Mr. and Mrs. Bill Holcomb of Rochester.

O'Brien Happenings

By CHARLENE BROTHERS

Have you ever seen so many different kinds of weather in the same day? We never know just what is going to happen next. Right now it is nearly clear in the east and is snowing here at O'Brien, looks like it will not last long, at least I hope not. I hope the farmers who have cotton in the field can get it out soon. You know this is getting to be old stuff, but seems that there is not much else happening.

I did find something new; I have been working on the W-2 forms for the hands here at the gin, and have they been changed. If you make a mistake you just check a box that has void by it and send that one in with the rest. I will have to watch myself very close or I may have as many voids to send in as good ones. They tell you what kind of type and ink to use. Everything is getting so complicated that it takes a college graduate to know how to do them, and then sometimes they have

trouble. So, as you know I'm not a college graduate, it makes it extra hard on me.

The college students all got started back last week. The only ones from O'Brien that I know who are in college now are Keith Rowan going to Tarleton at Stephenville and Craig Brothers to Western Texas at Snyder. It seems we have come to a certain age of people, of which we do not have too many, who are college age. Most of them have gone somewhere else or are working around here and not going to school.

The City Council appointed an Equalization Board at their last meeting to serve for this year. They were E.W. Hunt, Clifton Duncan, and Charlene Brothers, with F.D. Emerson as alternate. This is another of the thankless jobs that have to be done around here. No one wants to serve on this board, as so many will not serve on a school board.

Two of the residents of our community who were in the hospital are home now doing pretty well. John Grindstaff Sr. and Grady Ellis both got to come home. A.A. Cox is in the hospital at Knox City, and has been pretty sick. At the time of this writing I have not heard any news, but suppose he is doing better.

Mr. and Mrs. David Hunt of Midland visited during the weekend with their parents, Mr. and Mrs. L.A. Covey, Greg, Ava and John Morgan and Mr. and Mrs. E.W. Hunt. Mrs. Allen Moeller of Haskell visited in O'Brien Saturday with her parents, Mr. and Mrs. Coy Hewitt and also saw the junior high basketball game in which her sister, Toni, was playing.

I'm sure there have been more visiting than this, but I have not heard it or found out about it. Nothing has been happening over here, except sometimes a farmer will come into the office and say, "I would like to go to work," then when we offer them a job, they all of a sudden have something else to do.

Food Winners To Compete Saturday

Six Knox County youths will match their foods and nutrition "knowhow" against that of youths from surrounding counties at the District 4-H Food Show, January 27, in Wichita Falls.

Competing in four classes for a senior division top place will be Robert Sutton of Knox City, bread and desserts; and Cindy Maston of Munday, snacks and beverages.

In the junior division will be Michael Rauch of Knox City, breads and desserts; Lori Griffith of Benjamin, side dish.

Also, Pam Welch of Munday, main dish; and Lana Gideon of Benjamin, snacks and beverages.

All contestants earned the right to enter the district contest when they won top honors in county com-

petition.

This year's theme is "Cooking Good - Looking Great."

Recipe books of all the District Food Show contestants will be on sale at the District Food Show in Sikes Center. If readers would like one, they may contact Sharon Book, Box 22, Benjamin, Texas 79505 or call (817) 454-2651.

4-H food shows are sponsored by the Texas Agricultural Extension Service, the Texas A&M University System, and the Morrison Milling Company of Denton.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socio-economic levels, race, color, sex, religion, or national origin.

THE KENNEL

JUNIOR CLASS NEWS
By Gerri Watson

The Juniors that have been selected to the One-Act Play are Angelia Reid as Sadie Sheep; Tammie Helton as Horace T. Hare; Gerri Watson as Wilfred M. Wolf; and Kelly Watson is one of the crew members. The first practice was held at Mrs. Watson's house last Monday night. The contest which is held at Vernon will be on March 29. Good Luck!

The Juniors are still furiously working on their Junior themes. They turned in their rough draft last Monday and then turned in their bibliography on Thursday. Their outlines were turned in earlier and have been returned. The final theme is due on February 2.

BAND NEWS
By Gerri Watson

The band is still playing different music to determine the final songs for contest. One that they have been working on is "Spiritual". It is a symphony which can be used. Three songs will be used at contest. There is also a possibility that "Canto" will be used. The final contest date has been set for April 24. The contest will be held at Vernon.

During the time before contest we will attend the Cisco Senior Festival at Cisco. We will also have two Pre-UIL clinics with Dr. Fry. He will be working with us and telling us what we are doing wrong and then help us do it right.

Everyone is reminded that they have to play off their second group of scales which are due by January 26.

SOPHOMORE CLASS NEWS
By Kim Whitley

Well, the first six weeks are finally over! Many people were lucky enough not to get a single failing slip. But some were not so fortunate. Even if they did or didn't everyone is still trying to keep their head above water in some of our harder classes, which are Geometry and English.

STREAMS IN DESERT PLACES

By OZELLE STEPHENS

"Yes, ask anything, using my name, and I will do it." (John 14:14)

Jesus is saying to you and whosoever will believe in Him, "In solemn truth I tell you, anyone believing in me shall do the same miracles I have done, and even greater ones, because I am going to be with the Father, and you can ask him anything, using my name, and I will do it, for this will bring praise to my Father because of what I, the Son, will do for you." (John 14:12-13)

These are some of the last words Jesus said to His believers. He said, "I don't have much time to talk to you, for the evil prince of this world approaches. He has no power over me, but I freely do what the Father requires of me so that the world will know that I love the Father." V.30.

Every Christian is being approached in these last days, by the evil prince of this world, but if you are a true believer, you can say with Jesus, "He has no power over me." Because Jesus said, "I will not abandon you or leave you as orphans in the storm, I will come to you."

He also said, "I am leaving you with a gift - Peace of mind and heart. And the peace I give isn't fragile, like the peace of the world gives. So don't be troubled or afraid." V.27.

Mrs. Egenbacher was buying merchandise for The Lady Bug Shoppe.

CHILDREN TRAVELING ALONE CAN BE SAFE

More children are traveling alone than ever before. And most transportation companies have procedures to ensure their safe transit. With the holiday season upon us American Express offers tips about travel plans for an unaccompanied child.

Children under five, are not allowed to travel alone in planes, buses or on most railroads. Solo children traveling by Amtrak must be at least eight years old.

Children traveling alone must pay full airfare. In the U.S. they will only be accepted for direct flights. Internationally, they will be escorted to connecting flights

by airline personnel.

- The parent or guardian who brings the child to the airport must fill out a form giving the name, address and telephone number of the person the child will meet at his destination with the help of an airline representative.

- Amtrak insists that an unaccompanied child be interviewed by the stationmaster before special forms are completed.

- Bus lines have no formal procedures, but they advise that children be introduced to the driver and seated near him during the trip.

REDUCING THE COST OF HEALTH CARE

You have it in your power to hold down health care costs. Personal living habits have a profound effect on your health. If you ate properly, got adequate rest and exercised regularly, there would not be such a great need for health technology.

It is less expensive to modify your behavior and remain healthy than to return you to health after the damage has been done. It's not easy but in the long run you come out ahead. Start off the New Year by resolving to take better care of your body.

YOU OR YOUR DOCTOR CAN PHONE US when you need a delivery. We will deliver promptly without extra charge. A great many people rely on us for their health needs. We welcome requests for delivery service and charge accounts.

BASKETBALL NEWS

Since the Christmas and New Year's holidays, basketball has really been in full swing. Several games were played the past couple of weeks. The Weinert score was Benjamin 62 - Weinert 28. Boys' game scoring was Craig Hertel 22, Joey Pierce 12, Mark Oxford 10, Louis Baty 5, Jimmy Redwine and Billy Carl Benson 4 each, and John Mark Kinnibrough and Gregg Collins, 2 each.

Girls game - Benjamin 46 - Weinert 31. Tammy Carver 13, Rhonda Herd 12, Stasy Carver 11, Lynda Brooke Hudson 4, Becky Welch, Sheila Benson and Shannon Ryder, 2 each.

Paint Creed 36- Benjamin 36; Joey Pierce 14, Craig Hertel 12, Billy Carl Benson 10, Michael Golden, Gregg Collins 4 each, Jimmy Redwine 5 each, Louis Baty 8, Tracy Cartwright, John Mark Kinnibrough and Pedro Estrada 2 each.

Girls - Benjamin 52 - Paint Creek 32. Rhonda Herd 23, Tammy Carver 14, Becky Welch 6, Lynda B. Hudson 4, Shannon Ryder 2, Debbie Lindsey 2, and Stasy Carver 1.

Girls - Benjamin 46 - Goree 50; Rhonda 22, Tammy 7, Lynda B. 6, Shannon, Stasy, Michelle Bufkin and Becky Welch, 2 each; and Sheila Benson 1.

Girls - Benjamin 47 - Rochester 29. Rhonda 20, Stasy 15, Tammy 5, Michelle Bufkin 6, Sheila Benson 1.

Sorry, I don't have the boys scores in the Goree and Rochester games. Might all also in the Rochester game, Benjamin only had six girls to play as the rest of the girls were sick. So I think that is quite an accomplishment to win with such few girls. Girls sometimes get into foul trouble but with so few guess they knew they'd better do their best!!

HERE 'N THERE

Visiting Mrs. O.D. Propps and Julia recently were Mr. and Mrs. Lonny Morgan of Las Alamos, New Mexico, Buddy Stephens and Jim Hanna, Dallas, and Mr. and Mrs. Danny Allen, Amarillo.

Mr. and Mrs. Ricky Stamps, Becky and Cody were Wichita Falls visitors Friday.

Mr. and Mrs. Van Green spent the weekend with Jackie and Diane Daniel in Graham.

EHE Club Hears KC Teacher

The Extension Home Economic Club met Monday night in the Community Center with seven members and the HD agent, Sharon Book, present.

Officers for the coming year were elected and include president, Melonie Dillon; vice president, Susan Emerson; secretary-reporter, Sherry Hacker; and treasurer, Sandra Chambers.

The program on "Landscape Planning" was presented by Jim Dillon, horticulture teacher in Knox City High School. He brought with him a very interesting potted house plant, known as grape ivy, which was given as a prize and won by Sherry Hacker.

The door prize was won by Sharon Newton and furnished by Carolyn Sloan.

Refreshments, furnished by Pearl Eaton and Sherry Hacker, were served to Sandra Chambers, Carolyn Sloan, Kay Rogers, Susan Emerson, Melonie Dillon, Sharon Newton, Sherry Hacker, and the HD agent.

The next meeting will be held on February 26.

FROM LUBBOCK

Visiting in the home of the Allen McGaugheys over the weekend were their daughter, Sarah, and her dormmate, Becky Hendrick, both students at Texas Tech University in Lubbock.

TOURING THE KNOX CITY Horticulture Greenhouse Friday of last week with KC instructor Jim Dillon, left, were Benjamin vo-ag students Joey Pierce, middle, and Jim Redwine. Students are shown here viewing the horticulture pre-employment lab. (Benjamin School Photo)

Mr. and Mrs. Pete Lindsey and girls visited her parents in Aspermont Sunday.

Rachel Pittilo and Micky of Olton visited the Ricky Stamps over the weekend.

Alex Hale of Midland is spending this week with his father, Buddy Hale.

Visiting the Bobby Robertsons Friday and Saturday were Catherine Wharton and Jackie Hance of Lubbock, Willa Lois Timberlake of Levelland and Glen Feemster of Vera.

Mr. and Mrs. Dutch Young visited their daughter, Dee Ann Young and Brenda and David Gallagher in Wichita Falls Saturday.

Mr. and Mrs. Freddie McGregor and Kris of Wichita Falls visited her parents, the Kenneth Robertsons, during the weekend.

BENJAMIN FFA NEWS

By Billy Benson
The Benjamin Chapter went to Knox City Friday, January 19, to tour the Knox City Vo Ag Greenhouse. Jim Dillon led us through the greenhouse and told us a lot about it. The place was not just a building covered with fiberglass with plants in it. It was much more. It had three separate rooms each 20' x 40' with a 8' x 10' store room on the west side. The

Hudson Dies Monday In Phoenix

Funeral services for former Benjamin resident Robert M. Hudson Sr. of Tucson, Arizona, were pending as of Tuesday afternoon with Smith Funeral Home in Knox City. Rosary was said in the Whitney and Murphy Funeral Home Chapel in Phoenix Wednesday evening, January 24, at seven o'clock. Mr. Hudson, 69, died Monday, January 22, in a Phoenix hospital following a lengthy illness.

Born January 22, 1910, he was a retired salesman and a member of the Catholic Church.

Survivors include his wife, Lupita of Phoenix; two sons, Robert Jr. and Thomas, both of Phoenix; four daughters, LuWanna Phillips of Phoenix, Belle Johnson of Tucson, Amelia Firpo of Phoenix, and Dianna Maki of Walker, Arizona; a brother, G.H. Hudson of Benjamin; and a sister, Mrs. Luella Tolson, also of Benjamin.

Look Who's Here

Mr. and Mrs. Billy Bob Shaw of Abilene are the proud parents of a baby daughter born Tuesday, January 16, at Haskell Memorial Hospital.

The young miss has been named Shawna Marie and she weighed seven pounds, eight ounces. She measured 21 3/4 inches in length.

Helping welcome the baby home was big sister, Druann, who is two years old.

Maternal grandparents are Mr. and Mrs. L.G. Vassar Jr. of Knox City, and Mr. and Mrs. Bill Shaw of Haskell are paternal grandparents.

Look Who's Here

Mr. and Mrs. Mike Jordan of Canton are the parents of a daughter, Jami Kaylynn, born January 9, at 4:46 a.m. in Mother Frances Hospital in Tyler. She weighed six pounds, four and one-half ounces, and measured 20 1/2 inches long. The baby has one sister, Reesa.

Maternal grandparents are Mrs. Charles Reese of Knox City and the late Mr. Reese, and Mr. and Mrs. V.H. Jordan of Wills Point are paternal grandparents.

Great-grandparents include Mr. and Mrs. Robert Jordan and Mrs. Lemar Burns, all of Canton, and Mr. and Mrs. D.W. Mitchell of Mineral Wells.

Make-Up Game Set For Saturday

A make-up basketball game with Aspermont will be played in Knox City Saturday, January 27, in the high school gym.

Due to a forced cancellation from the recent ice storm, the rescheduled games will begin at 5:00 p.m. with the junior varsity girls followed by the varsity girls and boys teams.

Sherry Speck On Merit List

SNYDER - Sherry Speck of Knox City has been named to the Merit List for the 1978 fall semester at Western Texas College.

To qualify for the Merit List, students must have a grade point average of 3.5 or above while enrolled for at least eight but fewer than 12 hours of college credit work.

Council Presented Program

The Knox County Home Demonstration Council met Wednesday, January 17, in Benjamin with Sue Oxford, president, calling the meeting to order. Opening exercises were given by Pearl Ryder.

A very educational leader training program on aerobic and isometric exercises was presented by Sharon Book, assistant county agent, and Curly Hayes, aided by Tammy Carver.

The standing rules for the Knox County Council were discussed. Members voted to change the organization's name to Knox County Extension Homemakers Association. All other rules were readopted as stated. It was also discussed and voted on to help the 4-H club with the food club and dress review.

You can save money on electricity costs...if your home has an Energy Efficiency Award from WTU

Before you buy or build that all-electric dream house you've been planning all these years, make sure it incorporates energy-saving ideas to help you keep your electricity bills in line. In these days of rising power costs, whether or not a house will help you use energy wisely is a factor you should consider just as carefully as you do size, location and architectural style.

That's why you need to know about the Energy Efficiency Award program sponsored by West Texas Utilities Company. An all-electric home that merits this award has been designed and built to help you make the most of every dollar you spend for electricity: it is well insulated, weather-stripped and equipped with efficient electric heating and cooling systems. A qualified technician from WTU checks the house for these and other important features that boost its energy efficiency.

When you live in a home that has earned the Energy Efficiency Award - and follow WTU's suggestions for using energy wisely - you can be sure that you're getting the full value for every kilowatt-hour you buy.

Pick up your FREE booklet at any WTU local office. Trained WTU representatives are available to advise you on proper energy management. Call WTU and arrangements will be made for a representative to assist you, free of charge.

Lions Club News

By Z.I. SMITH

At Wednesday's meeting, President Bill Baker announced that he had to call off last week's Lions meeting on account of one of the cooks was sick. Today the president presented a 15 year chevron to Lion David Counts.

Zone Chairman James Patterson announced the Lions' mid-winter conference would be at Comanche on January 27, and all Lions officers were especially invited. Also, the chairmen's next zone meeting was called for January 29 at Haskell and all officers are encouraged to attend.

No program today. The president held a called meeting of officers after the Wednesday meal and had discussion on coming donut sale and then the broom sale in May. Other items of interest to the club were discussed and then dismissed.

DD YOU KNOW?
...that 25 percent of automobile owners, 98 percent of the world's airlines and millions of truck operators use retreaded tires?
...that retreaded tires can be sold at about half of the price of a new tire because 70 percent of the cost of a tire is in its casing, which is recycled through retreading?
...that it takes seven gallons of crude oil to produce the average new automobile tire but only two and a half gallons to retread one? At that rate the more than 30 million retreaded tires sold in one recent year saved 135 million gallons of crude oil.

STENHOLM ASSIGNED TO COMMITTEE
WASHINGTON, D.C. - Congressman Charles W. Stenholm was assigned to the House Agriculture Committee, January 17, his first choice for Committee assignment. While campaigning for Congress, Stenholm frequently mentioned his background in agriculture and the importance such an assignment would have for the 17th District of Texas. The Congressman intends to be active in the legislative process and will use his new post to work toward meaningful legislation to insure a good return on investment for the agricultural producers and an adequate supply for our consumers.

Congressman Stenholm would like to express his appreciation to the people of the 17th District who helped make this possible and would be pleased to hear their views on matters that concern them. The newly elected Congressman expressed gratitude that his request to the Leadership in the House was received so favorably.
