Crowell, Hawley To Clash Here Tuesday

A "cat fight" is scheduled to take place in Greyhound Gym on Tuesday, February 27, at 7:30 p.m. when the Crowell Wildcat feds take on the Hawley Bearcats. The victor advances to the regional tourney in Lubbock the following weekend, March 2 and 3.

These teams are certainly not strangers in that this will mark the third straight year these two have clashed in bi-district competition. The Bearcats from Hawley won both previous contests but Crowell's Wildcats will be out to prove the third time is definitely not the 'charm'.

Crowell boasts a season record of 24 wins and only two losses. The Crowell girls went through District 7-A competition with a perfect 12-0 record and if that is not impressive enough, then add to this the fact that they have won 40 straight district ballgames. Crowell's starting five is led by Jody Graves, a 5'8" junior averaging 11 points per game. Right behind her, averaging 10.5 points per game, is 5'8" senior Shelia Coleman. Third leading scorer is Anetta Tucker, a 5'6" sophomore scoring 7 points per game. Heidi Vecera, a 5'2" senior, is next with 5.5 points per game and Wreatha Newman rounds out the starting five as the 5'4" senior averaging 5 points per game.

The Bearcats from District 8-A bring an outstanding 23-2 season record. They also posted an 11-1 mark in district play, losing only to Hamlin. The Hawley girls boast three straight district championships since joining the class A ranks. This year's loss to Hamlin marks the first loss in district competition for the last three seasons. Leading scorer for Hawley is 5'8" senior Debbie Smith, with an 18-point average.

Also averaging in double figures is senior Missy Baxter at 5'10", scoring 12 points per game. Three juniors round out the starting five. Darla Miller, 5'6", is averaging 6 points while 5'7" Leslie Howard and 5'4" Gloria Scott round out the squad.

Local fans are sure to be entertained by these two fine area teams. Admission is \$2.00 for adults and \$1.00 for students.

Race Develops For City Council Spot

With three persons filing for the two terms on the City Council, a race has developed which will create interest in the upcoming elections on Saturday, April 7.

Incumbent Vernon Bridges filed earlier this month and has been joined by Craig Williams and incumbent Corine Covey.

As previously reported, A.T. (Drew) Holcomb, incumbent Kenneth Crowover, and L.E. Groves have filed for mayor.

In a telephone conversation with the Knox City-O'Brien Schools Tuesday morning of this week, it was reported that Jimmy Tankersley was the only candidate thus far to file. The terms of Doug Meiner and Alex Godsey are expiring.

The Knox County Hospital District has had incumbent Gene Brown of Munday file for the one elective place on the hospital board.

Deadline for filing for the city and school election is March 7, while deadline for filing for the hospital trustee is 25 days prior to the April 7 election.

Brenda Turner Now At Styling Stall

Brenda Turner recently moved to Knox City from Fort Worth and has begun styling hair at The Styling Stall located in the Mini Mall. Brenda graduated from Abilene Beauty College and has eleven years' experience as a beautician.

As noted by her ad elsewhere in this week's News, Brenda specializes in men and women's precision haircutting and styling. She will offer perms, color, and frosts, and also added that walk-in customers are welcome.

Brenda is the daughter of Mrs. Margaret Warren and the late Curtis Alsop.

The new operator joins the other beauticians, Mary Elliston and Shirley Hudgens, who work parttime.

Mrs. Dan Sikes Home After Surgery

Mrs. Dan (Lou) Sikes is home 'doing nicely' following surgery last month in Midland.

Lou remained at the home of friends, Mr. and Mrs. Gerald Reeves in Midland for several days after leaving the hospital and before returning to Knox City.

EHE Club Sets Monday Meeting

The EHE Club will meet Monday, February 26, at 7:30 p.m. in the Community Center.

Sharon Book, Assistant County Extension Agent, will present the program on "Protect Your Heart Against Fat."

Locals Attend Convention

Mr. and Mrs. Clifford Cornett of Knox City were among district officials of the Wichita-Brazos Conservation committee who attended the National Association of Conservation District annual convention held February 11 through 14 in Washington, D.C.

Other officials attending the three-day event included Mr. and Mrs. L.D. Offutt of Munday, Mr. and Mrs. Charles Griffith of Benjamin, Mr. and Mrs. Billy Kiniburgh of Vera, Mr. and Mrs. Louis Baty of Gilliland, and Mrs. Hazel Smith of Weinert.

Major speakers at the convention were Bob Bergland, Secretary of Agriculture; and Rep. Thomas F. Foley, Chairman of the House Committee on Agriculture.

The group also visited with Congressman Charles W. Stenholm of the 17th District while there.

Names Listed For Helicopter Crew

In last week's story concerning the U.S. Army Helicopter flight from Knox City to Dallas transporting burn victim Mary Anna Haley, the names of the crew were not available.

Since then the News has learned that the men were from the Military Assistance to Safety and Traffic, 4th Flight Platoon, 507th Medical Company, Air Ambulance from Fort Sill, Oklahoma.

Making the mercy flight were pilot Capt. Treiber, copilot Capt. Gibson, medic SP4 Perrine, and crew chief Sgt. Lowe.

According to word received by Dr. W.F. Thompson, Mary is listed in good condition at Parkland Hospital and skin grafts were to have begun Monday of this week.

Carr Rites Held Here Wednesday

Services for Mrs. Marye Hope Carr were held here Wednesday at 2:00 p.m. in the First Christian Church with the Rev. Derrell Marion, pastor, and the Rev. James Patterson, pastor of the First United Methodist Church, officiating. Burial was in Knox City Cemetery under the direction of Smith Funeral Home.

Mrs. Carr, 63, died Monday at 10:55 a.m. in the Knox County Hospital after a lengthy illness.

Born June 18, 1915, in Munday, she married Edwin Carr on November 3, 1935, in Knox City. She was a member of the First Christian Church.

Survivors include her husband, Eddie; and a daughter, Candy, of Abilene.

Pallbearers were Henry J. Jones, Joe Reeder, Henry L. White, Cidy Williams, Neil Perdue, Chad Wilson, John Egenbacher, and Bill Baker.

HOW ABOUT THIS for announcing to everyone the important birth of twin girls to Sue and Butch Stephens! Sue's mother, Dessie Egenbacher, who owns and operates the Lady Bug Shoppe in the Mini Mall, called in the news of the event to the store and 'Aunt' Romain Stubbs immediately put up the sign. Other details appear elsewhere in this week's News.

Vaccinations For Children Required

Parents having children who will start to school in the fall of 1979 should know that certain vaccinations are required, according to Mrs. Wretha Fitzgerald, school nurse. Parents are advised to start now in order to have them completed in August.

There are two areas where vaccinations are given free. Parents might want to clip and save the following schedules:

In Haskell at the Community Action office at 706 NE Avenue D (north Haskell near gin) from 1:00 to 4:00 p.m. January 18, February 15, March 15, April 19, May 17, June 21, August 16, September 20, October 15, and December 20.

In Seymour at the County Courthouse from 10:00 a.m. to 12:00 noon, March 7, May 2, July 4, September 5, and November 7.

All of the above dates are for the year 1979.

Total Sun Eclipse To Be February 26

Texans should not look directly at the sun Monday, February 26, according to the Texas Society to Prevent Blindness. Although Texans will notice no visible difference in the day's brightness, a total solar eclipse will occur in a path from the Pacific Ocean crossing the northwestern United States. The eclipse will occur partially in virtually all the rest of the continental United States.

The solar eclipse will begin in Houston at 9:11 a.m. as the moon first touches the sun's upper right corner. The moon will hide 57.8 percent of the solar disk at 10:23 a.m. when the eclipse reaches its midpoint. The eastward moving moon will slowly pull away from the sun after mid-eclipse. At 11:41 a.m., the dark new moon will leave the sun's upper left corner.

Prevent Blindness recommends indirect watching as the only safe way to view the solar eclipse. The simplest indirect way is the "pinhole" method. Take two pieces of

white cardboard, make a small hole in one, and with the sun at the back, focus the eclipse through the pinhole onto the second board. The size of the image can be changed by altering the distance between the cardboards. One may use the binoculars or a telescope as the projector, replacing the pinhole cardboard. With the sunlight at his back, a person should position the instrument over his shoulder with the eyepiece down so that the light passing through it focuses on the white cardboard.

Using either method, the circle of light on the cardboard will show the sun being slowly obscured by the moon as it passes between the earth and the sun. NEVER LOOK AT THE ECLIPSE THROUGH THE PINHOLE OR THROUGH THE BINOCULARS OR TELESCOPE. Photographer should also remember not to look at the sun through their camera viewfinder.

Houston area sun watchers

can view the eclipse by means of closed circuit televisions at the Houston Museum of Natural Science. As part of the museum's free observing program, the Margaret Root Brown Solar Telescope will capture the sun's image and send it to monitors while staff members explain eclipse events.

Following the last total eclipse seen in the United States (March 7, 1970), 145 cases of eye injury were reported in a Prevent Blindness survey, 121 of them eclipse burns. Sixty percent of the casualties had looked at the sun directly with the naked eye. The remainder had tried to protect their eyes with various devices - sunglasses, totally exposed photographic negatives, smoked glass and welder's goggles.

Prevent Blindness is the only voluntary health agency solely concerned with preventing blindness through community service programs, public and professional education and research.

Fifteen County Youth Off To Houston

HOUSTON - Fifteen 4-H members from Knox County will be participating in the 1979 Houston Livestock Show and Rodeo, which began February 21 and will run through March 4. With more than 27,800 expected livestock entries, the Houston Show will once again be the largest in the world.

Exhibiting market steers will be Doug Brown, Shari Brown, Beverly Brown, Shannon Ryder, Dave Par-

tridge, Julie Partridge, Janet Zeissel, Melissa Zeissel, Neil Waggoner, and Paula Waggoner. Tammy Carver, Stacia Carver, Troy Oxford, Sylann Oxford, and Mark Oxford will exhibit market lambs.

For junior exhibitors throughout the state, the Houston show is the culmination of a year's hard work of preparing their animals for the toughest of show ring competition. It is hard work that often pays off: open show and junior exhibitors will vie for more than half a million dollars in prize monies and premium auction prices above market value.

Junior show exhibitors take over the 22.3 acre livestock exposition facility for the second week of the livestock

show, with judging beginning on March 2. Each exhibitor knows he is up against the best in livestock, with much riding on the decision of the most experienced livestock judges in the nation.

Junior shows include breeding beef heifers, dairy, breeding sheep, Angora goats, beef and dairy scramble heifers, commercial steers, breeding rabbits, market lambs, market poultry, market swine and market steers, including a carcass contest.

In addition to the premium awards and trophies, exhibitors of market animals know that a grand championship in their market division at Houston can translate into the stake for a future cattle herd or college diploma.

Who, Me?

By BILLYE ANGLE

With time drawing near for city, school, and hospital elections, we feel that it is vital to encourage candidates to file for those important positions.

Positions on all these boards are of the utmost importance and the responsibility is tremendous. Even so, most of the time the jobs are thankless ones. And many times when an important decision has to be made, the person in office stands to lose friends when someone gets his 'toes stepped on'. However, if all the facts were known, some of who disagree with a decision, might have to agree with those who have studied the situation.

Our town, our school, and the hospital need responsible persons to help assume the leadership. And certainly, we are not suggesting that those in office be unseated, but what we are attempting to do is to create interest in the elected offices.

Something else that needs pointing out is the fact that the elected positions on the board of trustees who serve the Knox County Hospital District are supposed to be county-wide. Currently, all three trustees are from the Munday area. Again we are not suggesting that any of these men should be defeated, as they have shown enough interest to want to serve and are capable of serving. However, we strongly feel that it would be more representative if we had an elected official from each area of the county, such as we elect our county commissioners.

If these words have instilled the urge in any person to file for election, the necessary forms are available at City Hall, the school superintendent's office, and the office of the Knox County Hospital. Candidates filing for hospital trustee are required to submit a petition with 25 names.

O'Brien Happenings

By CHARLENE BROTHERS

I have a request to ask of anyone that receives a telephone call from a Mr. So and So (I cannot remember his name) from somewhere in Colorado, get his name and phone number and let me know. He is trying to get you to invest in some property somewhere in the State of Colorado, where they are trying to get a resort area started. (You can tell I was half asleep and did not feel very good when he called the other night about 9:00. And on top of that I missed half of my best TV program). You might invest some money with him and make a killing, but if I did I would go broke and he would leave the United States completely.

Would you believe that with all the cotton that is on the gin yard I do not have enough work to keep me busy all day? I have even just about caught up with the back work in the tax office over here. There are some things to be done in there that I do not want to start until we are through ginning so I can keep my mind on that work all together.

We are going to have some changes to make in the tax office this year, enough to keep Oscar and me busy all summer. By the way, if you have not paid your taxes, City, school, or whatever, you are now delinquent, and will probably receive a letter from the lawyers stating that. If you are keeping up with the Legislature's going ons, you will have learned by now that they are having trouble deciding what to do about refunding and financing the schools for the next two years. What gets me is that they spent the first whole month down there doing nothing but having a good time, on our tax money.

I would like to say something else about the fire truck I was talking about the other week. After the fire we had at the gin this past week, you can see how badly we need one. This might be a good time to start taking up money for it, while this is fresh on everyone's minds. The fire did not amount to too much but could have been a disaster if things had worked out just right. As it was, only five trailers had fire in them. So we need to get started on

Dora Worley Buried In Rochester

Funeral services for Mrs. Dora A. Worley of Crane were held Monday morning, February 19, at ten o'clock in the Rochester Church of Christ with Owen Aiken, minister, officiating. Burial was in the Rochester Cemetery with Smith Funeral Home in charge of arrangements.

FROM SAUDI ARABIA

Mrs. Doil (Elva) Hammons of Saudi Arabia visited last week with her mother-in-law, Mrs. Lula Hammons.

Both Elva and Doil were in the States; however, Doil was unable to visit here.

this project and get it on the way.

By now everyone knows that O'Brien has two new residents. They are the baby twin girls of Sue and Butch Stephens. Scott will soon have someone to play with. As far as I can remember, this is the first twins born around O'Brien since Edmond Casillas's twin girls were born; I cannot remember what year, but they are juniors in high school. And the year before that the Humberto Gutierrez's welcomed twin boys, these are identical, I cannot tell them apart at all. I'm sure the Stephens girls will be a little spoiled, if I had had a girl she would have been so rotten no one would have had anything to do with her.

The only visiting I know about is Mr. and Mrs. Elmo Stephens of Plainview are here helping with and getting acquainted with their new granddaughters.

'77 Farm Act To Lead To Higher Income

WASHINGTON, D.C. - The president of the National Cotton Council testified recently that the 1977 farm act, properly administered, will lead to higher farm income than other approaches.

Testifying before the House Agriculture Committee, Council President Hoke Leggett said the industrywide organization's delegates recently reaffirmed their support of the law and recognized that it embodies the elements desired in a long-range government cotton program.

"Under the type of government cotton program we have had since 1970, the loan does not set the market price." The Hobgood, North Carolina, grower showed the committee a chart demonstrating that the market price has stayed well above the loan during the last eight seasons.

"It did so even during periods like last season when the cotton supply was temporarily excessive," he said, "and with a loan level almost two and one-half times higher than it was eight years ago."

Leggett said this was in keeping with most farmers' belief that their income should come from the marketplace rather than from the government.

By contrast, the Council president said that from 1938 through 1963 - when cotton price support loans by law were at a percentage of parity which farmers considered profitable - market

prices hovered at the loan level. He said this brought on strict acreage allotments in an attempt to keep growers from responding to those levels with too much production.

With U.S. price supports setting a floor for cotton prices around the world, foreign growers nearly doubled their cotton production. In addition, Leggett said man-made fiber producers increased their production almost as much since cotton prices were not competitive.

"The results were depressed markets for U.S. cotton and a build-up of surplus," the Council president stated. "The only way balance could be restored was through drastic government action - paying producers to cut production and installing export subsidies."

Leggett said government programs of the 1970's have "clearly demonstrated" that a loan below the market price but related to it provides price opportunities seldom realized in the preceding 40 years.

The Council president firmly opposed the establishment of a reserve program for excess cotton stocks, pointing out that the law provides tools for the Secretary of Agriculture to adjust cotton supplies through set-aside and diversion programs. He urged the committee to make it clear that a reserve program is neither intended nor desired as a feature of the

government cotton program. Leggett said the Council has already asked the Secretary to consider a ten percent voluntary paid diversion program for 1979 upland cotton based on 1979 plantings.

"We firmly believe it is better to head off excess supplies before the fact than to wait until they are produced and hang as a depressant over the

market price," he added. The Council president urged that the farm law's disaster provisions, which expire with the 1979 crop, be extended for one or two years until an adequate crop insurance program can be put in place.

IN REESE HOME

Visiting in the home of Mrs. Charles Reese last week were her aunt and uncle, Mr. and Mrs. T.J. Mitchell of Seymour.

Also visiting were former Knox City residents, Mr. and Mrs. Jesse Blankenship of Granbury.

R **WE'VE COME A LONG WAY SINCE GEORGE'S WOODEN TEETH**

It seems to be a well documented fact that the Father of the United States, George Washington, had to make do with an uncomfortable set of wooden teeth. But, in those bygone days, most all dentistry was a hit and miss proposition and a trip to the dentist was truly an unwelcome experience.

Modern dentistry is something else, and during the month of February the public spotlight is on the maintenance of good dental health. Schedule an appointment today and you might not have to worry about false teeth (of any material) in the future.

YOU OR YOUR DOCTOR CAN PHONE US when you need a delivery. We will deliver promptly without extra charge. A great many people rely on us for their health needs. We welcome requests for delivery service and charge accounts.

Disaster Loan Deadline March 6

WASHINGTON, D.C. - Congressman Charles W. Stenholm advises of the March 6 deadline for submitting applications for the Physical Disaster Loan Program through the Small Business Administration. This program is available to farmers and ranchers who suffered financial hardship due to drought losses on 1978 crops.

The disaster loans may be used to pay outstanding obligations and operating expenses and for production costs in the new crop year. However, they may not be used to refinance a Farmers Home Administration or other USDA loan.

Interest rates on SBA physical disaster loans are three percent on the first \$250,000, and 6.58 percent on remaining amounts. Further information may be obtained from the Abilene SBA office located in the U.S. Post Office Building, 300 Pine Street, Suite 2211, telephone 915-677-8537, or at the Lubbock SBA office, 720 Texas Avenue, telephone 806-762-7459.

Houndettes Finish Basketball Season

By Steve McIlhaney

The Houndettes finished the 1978-79 basketball season last week. The team will lose two players off this year's team. They are Rhonda Skiles and Brenda Albus. Rhonda was the leading scorer for this year's team. Brenda was the second leading rebounder. They will be missed when next season rolls around. The team will have four returning starters back next year. They are Kay Howell, Gerri Watson, Tammie Helton, and Mindy Hutchinson. Mary Albus who missed 16 games will also be back next year. She was a starter before she became sidelined with illness. Angelia Reid and Gaylynn Burkham will also be back next year. They both saw a good deal of

action this year.

Several members of the junior varsity will also be competing for a spot on the varsity team next year. They have done a good job this year and I believe they can help next season if they continue to improve.

I would like to say that this year's team worked real hard. They attended all the practices with few exceptions. They never gave up in a game and they represented themselves with good sportsmanship in all games. I hope that they will continue this tradition the rest of the year and for years to come.

I would also like to thank the parents and fans who supported us throughout the year.

Participants Must Register Now For Summer Food Program

Food service management companies wishing to participate in the Summer Food Service Program for Children must register with the Texas Department of Human Resources (TDHR) by March 15, 1979.

The summer food program provides nutritious meals for

children 18 years or younger while schools are not in session.

Participating sponsors may contract with a food service management company to operate its entire food service or for the preparation of meals to be served under the program.

under the summer program is intended to serve as a substitute for the National School Lunch and School Breakfast programs, for children who are on school vacation, except that it is primarily directed toward children from needy areas.

New Food Stamp Law Outlined

A new Food Stamp law goes into effect March 1, 1979, that changes the way lost food stamp benefits can be restored. Households which have been wrongfully denied food stamp benefits or which have lost benefits because of Department of Human Resources' error, are entitled to be repaid for these benefits.

Under the new law, households no longer must be currently eligible or participating in the Food Stamp Program in order to receive these back benefits. Households who have been unable to receive restored benefits under the old program because they are currently ineligible, from now through November 1, 1979, may request that these benefits be restored to them.

You do not have to be currently eligible for food stamps in order to get benefits you lost in the past. If you think this applies to you, contact your local food stamp office for more information.

A law enacted by Congress requires that all food service management companies involved in the summer food program must register with the responsible state agency (TDHR) to participate in the program in Texas.

Companies desiring information about the program or an application for registration should contact: Texas Department of Human Resources, Commodity Distribution Division, John H. Reagan Building, Austin, Texas 78701.

Information also may be obtained or registration application made by calling the Department at 512-475-3027.

FORMER RESIDENT BURIED AT KERRVILLE

Funeral services for Bonnie Hall, former Benjamin resident, were held last Monday, February 12, at the Kingdom Hall of Jehovah's Witnesses in Kerrville under the direction of Kerrville Memorial Funeral Home. Raymond York officiated. Burial was in Inghram Cemetery.

Mrs. Hall died Friday, February 9, at her home near Kerrville.

She was born February 22, 1937, at Loveland, Colorado, and was 41 years old. She married Eugene Hall September 11, 1954, in Loveland.

Survivors include her husband, a daughter, Alyse Harvey of Kerrville, two sons Mike and Eddie of the home, her mother, Dorothy Garrett of Loveland, Colorado; two sisters, Danieta Garrett of Loveland, and Marilyn Silver of Enid, Oklahoma; a brother, Jim Garrett of Loveland; and one granddaughter.

BASKETBALL

The 1978-79 basketball season is over. The finishing touches were put on at the district tournament in

Aspermont recently. The boys lost out in the first game, falling victims to a much more powerful Rule team. The score was Rule 68-Benjamin 40.

Craig Hertel scored highest with 22 points; Joey Pierce had 5, Lewis Baty 4, Pedro Estrada, Jimmy Redwine, John M. Kinnibrough and Mark Oxford, 2 each; and Billy Carl Benson, 1.

The girls beat Rule in their first game 42-23.

Rhonda Heard had 16, Tammy and Stacy Carver 8 each, Shannon Ryder 4, and Sheila Benson, Becky Welch and Lynda Brooke Hudson 2 each.

But in the finals on Saturday night, the Benjamin girls had bad luck. Goree won (thus winning district) by a score of 52-28.

You can tell by the low scoring of each girl that the locals just were not having one of their better nights. Shannon and Stacy had 8 each, Tammy 6, Lynda Brooke 4 and Rhonda 2.

But they did well as far as the season goes, and we congratulate both teams.

Now it's track, one-act play, etc., leading up to that senior trip and finally

graduation - believe me, seniors (and parents), it'll be here before you know it! HERE THERE

Edith West returned home Friday after a week's visit with her son and family, the Wayne Wests in Cisco.

Mr. and Mrs. Tommy Joe Bufkin and daughter of Graham visited his mother, Lillie Bufkin, last weekend.

Mr. and Mrs. Van Green attended the funeral of Bonnie Hall in Kerrville last Monday.

Mr. and Mrs. Ricky Stamps and family visited Jackie and Diane Daniel in Graham during the weekend.

Mr. and Mrs. Dutch Young spent the weekend with the Butch Youngs in Grand Prairie.

BENJAMIN FFA NEWS

By Billy Carl Benson

Last week the FFA sponsored a week of activities for FFA Week. The theme was "A Golden Past - A Brighter Future." Activities were: Monday - Most Irresistible Contest; Tuesday - Project Show; Wednesday -

Children's Barnyard and Valentine's Telegram Service; Thursday - Student-Teacher Day; and Friday - Marathon Games.

V.A. I and V.A. II classes are working on their wood projects. Projects range from trap boxes to stereo cabinets.

This week we are studying for six weeks and second quarter exams. We are also planting our seeds in our small greenhouse that we constructed in shop. Each person will have a tray of plants that we will have to raise and take care of. We are planting bedding plants and garden plants such as peppers and tomatoes.

We are starting work next week on the judging teams for the upcoming spring contests.

Study Club Members Hear Mrs. Waldrip

Members of the Knox City Study Club met Thursday afternoon, February 15, at two-thirty o'clock in the Community Center where they heard Mrs. Aleene Waldrip, guest speaker, discuss the subject of "Home Life".

Mrs. Waldrip discussed "Family Living" from the standpoint of adults primarily senior citizens. Aleene was introduced by Sammie Carpenter.

President Winifred White called the meeting to order while Mrs. Carpenter led the group in the reading of "The Club Collect".

Club members reportedly enjoyed the roll call which was answered to "A Family Heirloom". Many interesting heirlooms were shown and discussed.

Mesquite District president Lena McGee distributed program copies for the Mesquite District's nineteenth annual convention to be held March 2 and 3 at the Holiday Inn in Sweetwater. Lena gave the club a detailed review of her work as Mesquite District President during the past year.

The Club voted to send Yvonne Harrison as a club delegate to attend convention with Lena.

Club members brought the requested articles for the M.D. Anderson Medical Center "Kare Kits" to be sent for use by the center's patients and their families while they are in Houston. Members also

brought in several requested wigs to be sent with the kits. The "Kit" consists of four plates, cups, saucers, cereal soup bowls, glasses, knives, forks and teaspoons (melmac and stainless); two vegetable bowls, one platter, sugar bowl, salt and pepper shakers, plastic pitcher; three tablespoons; three saucers (various quart sizes), two skillets (one small/one large), one coffee pot (if possible), one can opener, spatula, egg turner, vegetable peeler, tea strainer, grater, butter knife, whisk or egg beater, sifter, colander, measuring spoons, cups (measuring), set of mixing bowls, bottle opener, cake pan, cookie sheet, square pan; and two pot holders. These items need only be in good condition. Wigs will continue to be collected as will books, barber scissors or thinning shears, blow dryers, and curling irons.

Charlotte Griffith introduced Connie Verhalen and son Bradley who brought the entertainment. Connie explained that in keeping with the Valentine theme, she selected songs on "love," including "This Is My Country," and "America the Beautiful." Also, "Love for God," including a medley of "I Love Thee" and "Like A Lamb." The "Love of Parents for Children," which was sung by Bradley, was "I'm Something Special."

Hostesses Yvonne Harrison and Lena McGee served refreshments of cookies and hot apple cider.

TEXAS 13 Organized

A few months ago a small group of Travis County citizens, fed up to their eyebrows with the crushing burden of taxes, needed to fuel the remorseless growth of government spending and government bureaucracy, got together and formed a non-profit, non-partisan organization which they called TEXAS 13.

The idea behind TEXAS 13 caught fire and today has spread across the state. An army of Texans from all areas and all walks of life is being recruited. Their battle cry is: ENOUGH!

With Waggoner Carr of Austin, former Texas Attorney General, as president, TEXAS 13 has a board of governors composed of 41 business and professional leaders from every geographical region and local units are now being organized.

The immediate goals are simple, direct and appealing:

1. No increase in taxes for the next two years.
2. Return the existing \$3 billion treasury surplus to the people through tax cuts.
3. Passage of a constitutional amendment requiring a two-thirds vote of the entire membership of both houses of the Legislature to pass a tax bill.
4. Passage of a constitutional amendment giving Texans the right of initiative and referendum so they can initiate tax relief for themselves, as was done in California.

To achieve these ends TEXAS 13 will support no candidates, but only issues.

Its objectives were embodied in the Tax Relief Amendment adopted resoundingly by Texas voters last Fall. Governor Bill Clements has endorsed them and they have been introduced as bills in the Legislature.

However, their passage is by no means assured; in fact, they face an uphill fight.

"The big spenders, the entrenched bureaucrats, the special interest, the 'something for everyone' boys have already mounted their attack against these measures," Carr said. "The people have spoken, but their voices are being ignored. Now it is up to the people to sound their message again, loud, clear and unmistakable. If enough of us Texans speak as one, with firm determination and righteous anger, even the deafest politician will listen, and TEXAS 13 intends to be the instrument through which that message is delivered."

TEXAS 13 founders have pointed out that federal, state and local governments are now taking 45 cents out of every dollar the average American makes to pay the cost of government. If the present trend is not stopped the tax collectors' take will be 80 cents out of every dollar earned in just 20 years.

Has the 66th Legislature received the message that their constituents want tax relief? "The answer is no," Carr said.

"Legislative leaders of both House and Senate have recommended an increase of about \$3 billion in spending for the coming biennium," he noted. "The organized groups pressuring for ever more spending have been at work in Austin for weeks. So there is no doubt we must do more than we have if we are to escape higher state taxes, much less get meaningful tax relief. Therefore, we must organize in order to be heard. We shall not rest until our government returns its spending and taxing to a level of sanity and reasonableness."

The TEXAS 13 drive for members is in full swing statewide. No membership fee is required. Voluntary contributions support the activities of the organization. Corporate contributions are legal and welcome.

TEXAS 13, INC., maintains its state office at 305 Stokes Building, 314 West 11th Street, Austin, Texas 78701. The telephone number is 512-477-9499.

WTCC To Host Washington Dinner

The West Texas Chamber of Commerce will host its thirteenth annual Washington Reception and Dinner honoring the Texas Congressional Delegation on Monday, March 5, in the nation's capitol, according to Joe A. Kloesel of Midland, chairman of the WTCC's National Affairs Committee.

WTCC President W.G. Marquardt of Fort Worth reports that the initial response from the Texas Congressional Delegation has been great, with a majority of the elected officials planning to be in attendance. Activities will begin with a Legislative Briefing Breakfast on issues of current interest to West Texans, featuring representation from Senator John Tower and Congressman Jim Wright's offices, as well as The White House. Following the breakfast, WTCC members and their guests will have the remainder of the day to visit on Capitol Hill with their congressmen and senators.

The dinner program will feature the traditional informal format which will include plenty of West Texas hospitality. In addition, selected West Texas products will be presented to the honored guests.

County Library To Show Films

The City-County Library in Munday has begun its own Film Program. Children's Film Festival, says Librarian Edith Hobert.

The free program will present 16 mm sound films, most of which are in color, booked from the Big Country Library System/Abilene Public Library collections.

Films will be shown at 10:00 a.m. on Tuesdays at the library.

"Residents and library patrons are invited to come in and look through the film catalog, and tell me what they'd like to see on future program dates," says Mrs. Hobert. "I want to show what people would like to see. This is a large collection of almost 700 titles so there are many to select from."

Taxpayers Get Benefits

Texas taxpayers had another \$45 million added to their "savings account" last week when State Land Commissioner Bob Armstrong and the School Land Board concluded the most productive sale of mineral leases to oil and gas companies in the state's history.

The \$45 million was the cash in bonuses paid by companies for the right to drill for oil and gas on state-owned land - much of it in coastal waters. The previous high was \$39.2 million in 1965.

The bidding also produced another record - for the largest single bid. Houston Oil & Minerals Corp. set that record by paying \$4,166,294 in premiums to obtain a lease on a Gulf of Mexico tract off Matagorda County. In all, about one-third of the 1.2 million acres offered for lease by the state attracted successful bidders.

"This record-high total of bonuses is more evidence that oil and gas exploration in Texas is hot and heavy," Armstrong said.

"The people who benefit most are our taxpayers, because they will have this \$45 million in a 'savings account' during the years to come. These funds will be added to the nearly \$2 billion we have in our Permanent School Fund, where they will immediately begin drawing interest and producing revenue to finance public schools in Texas. Every dollar in revenue produced by the Permanent School Fund is a dollar we don't have to raise from taxes."

STREAMS IN DESERT PLACES

By OZELLE STEPHENS

"Let us therefore fear, lest a promise being left us of entering into His rest, any of you should come short of it. For unto us was the Gospel preached, as well as unto them: but the word preached did not profit them (Israelites), not being mixed with faith in them that heard it." (Hebrews 4:1-2)

It is a fearful thing not to believe God's word of promises; really it is a curse.

To have what God has provided for us, we must claim His promises by faith. But they are like thousands of sacks of cement in a warehouse that are actually no good until they become concrete; to become concrete they must be mixed with water and sand in the right proportions. Before the promises of God can become concrete, they must be mixed with our faith. There is no substitute for claiming the promises of God.

When we get ahold of the promises of God and claim them by faith, we have what God has provided for us, both physically and spiritually. Our hearts rejoice with peace and happiness as we enter into His rest by faith, day after day.

News Notes from the Brazos Valley Care Home

By EDNA EUBANK

No church services were held at the Home Sunday, and no word has been received as to why that particular church group failed to come. A crowd of residents waited patiently for them and were disappointed when no service was held. It was very tastefully done and all the residents enjoyed it. Afterward they played bingo which was a fitting end to a delightful day. We have to thank Mrs. Annie Marshall and Mrs. Teague for their time and effort to have the party. They were the representatives of First Baptist Church in Rochester. Thanks, ladies, from all of us.
