

THE KNOX COUNTY HERALD

VOLUME 52

KNOX CITY, KNOX COUNTY, TEXAS, THURSDAY, MAY 9, 1957

NUMBER 23

Monday, traditional "wash day," really lived up to its name this week, after half a month of cloudy, damp or plumb wet weather!

As we drove over town during the noon hour we saw very few clothes lines that weren't loaded with the family wash.

Most of our readers no doubt read the story last week about the man who was rushed to the emergency room of the Midland Hospital for treatment of a snake bite.

When Mabel Edwards, who is director of nursing at the hospital, leaned over to examine the man's thumb to see if it was really a snake bite, he said "It's a snake bite all right," and pulled a four-rattler diamond-back out of his pocket and waved it in her face!

Mabel, who stomped the snake on the hospital floor, was here during the week end to visit her parents, Dr. and Mrs. R. C. Edwards, and she was still a little bit scared and a right smart mad!

The AP story said the man was admitted to the hospital for treatment of the snake bite and an expected hang-over, but it failed to mention that he was charged with endangering the lives of others.

Sponsors of the Knox City youth center have received definite word that a mention—and a picture—of the center will be on the Home Show (NBC) May 13. The program in this area is carried on Channel 3 at 9:00 a. m.

With gardens greening up all over town, this suggestion for "A Garden We All Might Plant" is mighty timely:

Four rows of peas: Patience, Preparation, Promptness, Perseverance.

Three rows of squash: Squash gossip, Squash indifference, Squash criticism.

Five rows of lettuce: 'Let us' obey rules; Let us be true to obligations; Let us be faithful to duty; Let us be loyal and unselfish; Let us love one another.

Three rows of turnips: 'Turn up' at work; Turn up with a smile; Turn up with determination to make everything worthwhile!

Local Scout Receives Eagle Badge in Impressive Ceremony

Doyle Gene Graham, member of Boy Scout Troop 161, advanced to the Eagle rank in impressive ceremonies at the Methodist Church Monday night.

James Johnson of Wichita Falls, executive of the Northwest Texas Scout Council, made the presentation of the badge as Doyle Gene stood with his parents, Mr. and Mrs. Doyle Graham, and his grandparents, Mr. and Mrs. L. W. Graham. The badge was pinned on the Scout by his mother.

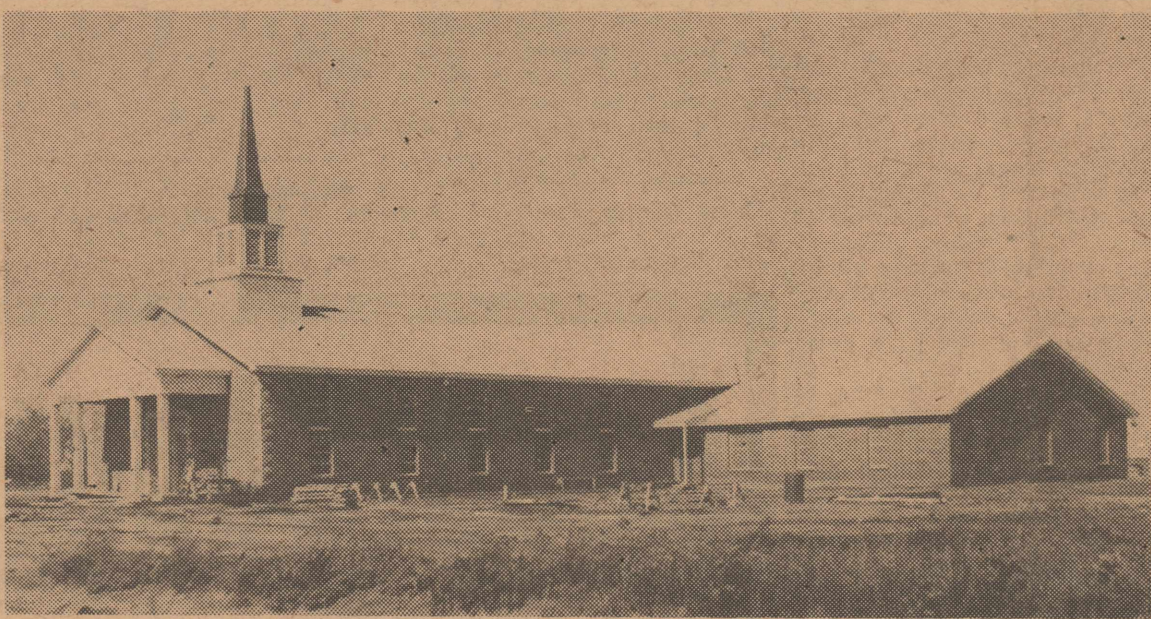

To attain Eagle rank Doyle Gene has been a leader in local Scouting activities, and has earned more than 21 merit badges as he worked his way through the Tenderfoot, 2nd class, 1st class, Star and Life ranks. He was on the staff of Camp Perkins, Northwest Texas Council camp, last summer.

Johnson also presented the troop's five-year charter to Mr. Scott, chairman of the local Scout committee. The troop is sponsored by the Knox City Lions Club.

Johnson was introduced by Hal Mabry of Seymour, district Scout executive. Mabry also introduced Joe M. Clonts who presented Tenderfoot badges to Ronald Voss, Donald Parker and Billy Joe Large.

Scoutmaster P. J. Burns presented members of the troop, Jimmy Lea, Eddie Williams, Bobby D. Burnett, Lanny Logan, Stanley Compton, Richard Averitt, David Denton, Tommy Scott, Ronnie White, Danny Fisher, Danny Colwell and Sammy Stubbs. The troop will attend Camp Perkins June 9-15, accompanied by Burns and assistant Scoutmaster Ulric Lea.

Graham, Eddie Williams, and Jimmy Lee of Munday, who attained Eagle rank Tuesday night, will attend the National Scout Jamboree in Valley Forge, Pa., this summer.

The new building of the O'Brien Baptist Church will be used for the first time tonight (Thursday) and a series of dedication services will begin Sunday. The \$80,000 edifice is located on a three-acre tract just south of the D. S. Gothard Service Station in O'Brien.

Dedication Services Slated In New O'Brien Church

Members of the O'Brien Baptist Church will begin using their new \$80,000 church building tonight (Thursday) and a series of dedication services will begin Sunday.

Completion of the new edifice was delayed by rains, but the yard was cleaned up Wednesday in preparation for the opening. The structure, with a floor space of 8,500 square feet, is located just south of the Dwight Gothard service station, and there is ample parking space on

FFA Dairy Team Competes in State Contests at A&M

The team was the only local FFA team to qualify in the area contests for the state contests. Members are J. Tom Graham, Doyle Gene Graham, Larry White and Ted Harper. They were accompanied by L. E. Groves, chapter adviser, and Doyle Graham.

More than 70 teams from over the state competed in the dairy judging contests.

The Knox City group stayed in a motel just outside the Texas A & M campus. They saw an inter-collegiate rodeo and a high school baseball game while there.

Several relatives and friends called at the home of Mr. and Mrs. C. W. Pullig Sunday when Mrs. Pullig quietly celebrated her 92nd birthday.

Her daughter, Mrs. Annie Hughes of Alamogordo, N. M., was here Saturday but was unable to stay for Sunday.

Among relatives who called were Mr. and Mrs. Ernest Hughes of Abilene and Louis Hughes of O'Brien. The two men are Mrs. Pullig's grandsons.

1946 Study Club to Make Survey for Walking Blood Bank

A house-to-house survey will be made Friday morning to obtain names of persons over 16 years of age who are willing to be listed as a blood donor in the "walking blood bank" for this area.

Members of the 1946 Study Club will make the survey. According to Dr. D. C. Eiland, county health officer, only those persons who are willing to give blood will be typed. He also said those who are already typed should not give their names. When the survey is finished doctors will announce dates for typing the blood. This will be done free at the Knox City Clinic.

This project is being undertaken on the recommendation of the Civil Defense organization, and will be carried on in other parts of the county by home demonstration clubs.

the three-acre church grounds. The building is of Roman brick and tile construction. The auditorium has a seating capacity of 375, and there are educational rooms, kitchen and study.

The dedication services will be launched Sunday by Rev. C. A. Powell, a former pastor of the church. Rev. Mickey Johnston will conduct the services May 13-15, and Rev. Leo Rudd will be in charge May 16-19.

Johnston, a native of O'Brien, is the son of Mr. and Mrs. O. S. Johnston. Rudd, from Tyler, is associational missionary for Smith County.

Services will begin each evening at 8:00 o'clock.

Teachers and officers will meet in the new building tonight (Thursday) to familiarize themselves with the new structure, Rev. Mart Hardin, pastor said.

Members of the church started a building fund more than 3 years ago, and construction was started in November of last year. S. N. Reed, who was chairman of the building fund committee, said many contributions were received from persons who are not members of the congregation, and those donors, as well as everyone else in the area, were extended special invitations to attend the dedication services.

The old church building will be used as a Mexican mission, Rev. Hardin said.

Contractor on the new structure was Charles Fletcher of Ft. Worth.

Council Employs New City Marshal

The city council, at a special meeting Monday night, employed J. T. Hamby of Henrietta as city marshal of Knox City, it was announced this week.

Hamby, who met with the council, is scheduled to assume his duties May 15.

The new marshal is very highly recommended, according to Mayor Otis Harbert. He was formerly an inspector with the Texas Cattle Raisers' Association, and has served on the police forces at Seymour and Graham. More recently he has been managing a ranch for J. H. Bridwell in the Scotland community, near Henrietta.

Lewis Floyd, who has served as city marshal the past several months, has not announced his future plans.

Wyndoll Stephens Injured in Fall From Television Tower

Wyndoll Stephens of O'Brien is recuperating from injuries received last Friday when he fell from a television antenna erection tower.

Stephens, son of Mr. and Mrs. C. W. Stephens of Knox City, miraculously escaped more serious injury in the 70-foot fall. His left foot hit the edge of a porch roof, breaking the roof and slightly slowing his fall. Spectators say he had fallen in any other spot he would have hit iron pipe or the trailer on which the erection tower was mounted.

The accident occurred while Wyndoll was working on an antenna on the Wes Hayes farm west of O'Brien.

Stephens suffered a broken finger and thumb, a sprained foot and bruised ribs. There also was some internal injury which was not believed to be serious, his mother said Tuesday.

C of C to Sponsor Clean-Up Drive

The board of directors of the Knox City Chamber of Commerce, at a breakfast meeting April 30 in a Terre Haute, Ind., hospital of burns received in the five-car smashup. Funeral services were held at Ft. Worth and Benjamin Friday while her parents and her sister, Patsy Sue, 10, remained in Union Hospital at Terre Haute. Patsy Sue was in critical condition from burns she received. Her father had third degree burns, mostly about the face and hands, and the mother suffered lacerations, bruises and severe shock.

Tentative plans call for the clean-up to be completed during the second week in June, but Goldston urged everyone within the city limits to begin at once.

The cooperation of other civic groups in sponsoring the campaign was welcomed by the chamber.

Further plans and suggestions will be announced in the Herald next week, Goldston said.

Speaker will be Dr. Joe Humphrey, dean of McMurry College, Abilene. The juniors are keeping the theme of the banquet secret from the seniors, Mrs. Chas. E. Silk, sponsor, said.

All band groups will participate in the annual band concert which will be held Friday night, May 17. W. J. Morris, director, will be in charge. Tickets are being sold this week by band members.

Details Received About Fatal Illinois Accident

More complete details of the tragic automobile accident near Martinsville, Ill., April 26 that took the life of Judy Ann West were received by the Herald this week from two Illinois newspapers, the Martinsville Planet and the Casey Daily Reporter.

Judy Ann, 9, daughter of Mr. and Mrs. Adrian West of Ft. Worth, formerly of Benjamin, died April 30 in a Terre Haute, Ind., hospital of burns received in the five-car smashup. Funeral services were held at Ft. Worth and Benjamin Friday while her parents and her sister, Patsy Sue, 10, remained in Union Hospital at Terre Haute. Patsy Sue was in critical condition from burns she received. Her father had third degree burns, mostly about the face and hands, and the mother suffered lacerations, bruises and severe shock.

According to the Illinois newspapers, Lawrence Spittler, 22, of Martinsville was traveling east on Route 40 at a high rate of speed when he crashed into the rear of another car, also going east driven by Mr. and Mrs. Walter King. The King car burst into flames and was vaulted into the path of the west-bound West car, which was also set afire. Another eastbound vehicle slammed into Spittler's car, driving it onto the west-bound lane, and another west-bound car, swerving to avoid hitting the Spittler car, side-swiped the flaming wreckage of the West and King cars.

Spittler, whose hot-rod Ford was equipped with an Oldsmobile engine, was saved from serious injury by a safety belt. He pleaded guilty to driving too fast for existing conditions.

Mrs. King and one of the couple's four children were in critical condition. Others were reported in fair condition.

West was burned as he fought the flame and heat to rescue his daughters from the back seat of his car.

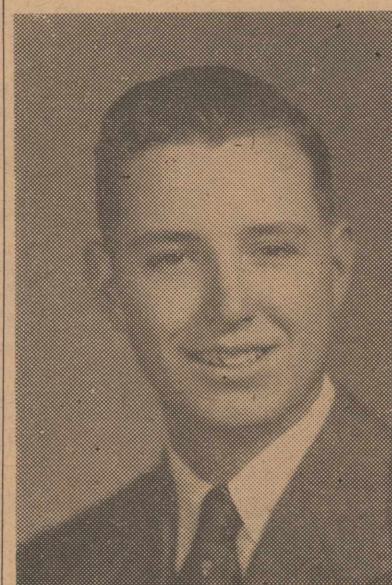

Mr. West is the son of Mr. and Mrs. Tom West of Benjamin, and Mrs. West is the former Geneva Jackson, daughter of Mr. and Mrs. G. C. Jackson of Knox City.

The West family was enroute home after he had worked temporarily in Illinois. He is employed by Consolidated Aircraft in Ft. Worth.

Soil Conservation Technicians Advise Pasture Deferment

Now is the time to start thinking about pasture deferment for a growing season so that the vigor of existing grasses might be improved, and so that seed production can be obtained to better range conditions, officials of the Wichita-Brazos Soil Conservation District said this week.

Resting pastures during the growing season will give the best results. Two or three months' rest in the spring will increase plant vigor and permit grasses to spread and make better cover.

A three-months fall deferment will allow for a seed crop as well as for storing food in the roots.

The first growth a grass plant makes in the spring comes from food that was stored in the roots the fall before, soil conservation technicians said. After the plant has used the food from its root reserve it depends upon its leaves for its food. Since the plant is dependent upon its leaves for food, enough leaves must remain to manufacture food all during the growing season.

By practicing range deferment it will help to give the necessary treatment that is so badly needed on many of our ranges in the district that have undergone periods of continued use and prolonged drought, the technicians said.

1946 Study Club Installs New Officers At Closing Tea

Mrs. Neil Perdue was installed as new president of the 1946 Study Club Tuesday afternoon at The Woman's Club during the closing tea of the club year.

Mrs. E. F. Branton was installing officer. Other new officers include Mrs. Paul Hoge, first vice-president; Mrs. Henry White, second vice-president; Mrs. Ben Knight, corresponding secretary; Mrs. Travis Thompson, recording secretary; Mrs. Edd Smart, custodian, and Mrs. Clyde Williams parliamentary.

Punch and cake were served from a lace laid table as guests arrived. A centerpiece of orchid and white iris highlighted the table. Orchid napkins with the club name printed in silver were used and the cake was decorated with orchid flowers.

Mrs. Bill Sams and Mrs. Herbert Bellinghausen were welcomed as new members. These and two others who have joined during the year were initiated into the club in a short but impressive service conducted by Mrs. Sam Clonts, retiring president, and Mrs. Geo. Wall. Mrs. Wall presented Mrs. Clonts with a gift of jewelry from the club.

The resignations of Mrs. H. M. Compton and Mrs. J. L. Rea were accepted with regret. The club expressed appreciation to Mrs. Compton and her husband for the time and effort they have given on behalf of The Kennel, community youth center sponsored by the club.

The club voted to sponsor the blood bank program being recommended by the Civil Defense. Club members will make a house to house survey of Knox City Friday morning in an effort to get names of blood donors. These donors will be typed free at the Knox City Clinic at a date yet to be set and their names added to the "walking blood bank" list which is now in use.

Club members will also take orders for garbage can lids during the survey. They will meet at the club house at 9:30 a. m. tomorrow (Friday) for instructions. Mrs. Hoge and Mrs. White are in charge of the survey.

Hostesses for the tea Tuesday were Mrs. Billy G. Johnston, Mrs. Milton Gene Bradberry, Mrs. Wall and Mrs. Les Cowan.

Mrs. Perdue spoke briefly on plans for the coming year and said committees will be named within a few weeks.

Mr. and Mrs. W. I. Willis of Arlington are visiting his brother, Ray Willis, and Mrs. Willis this week.

County H-D Council Votes to Sponsor Blood Typing Project

The Knox County Home Demonstration Council met Friday, May 3 at 2 p. m. at Benjamin with the chairman, Mrs. J. G. Adecock of Truscott, presiding.

Roll call was answered by all clubs in the county, and reports were given on work done in April.

The council voted for all clubs to work on the blood typing program, a forward step in the Civil Defense program of the nation. All names are to be turned in to Mrs. J. A. Fuller, Vera, by May 10. Each person over 16 years of age is asked to join in this movement by giving all information to those who call, and anyone who is missed was asked to call any member of a home demonstration club.

The blood typing program is a free program, and the only thing expected in return is that the person be willing to give blood if called on to do so. Dr. D. C. Eiland heads the program and will notify each community as to the date of the typing.

A training meeting on "Care of Furniture" will be held May 14 in the county agent's office for the leaders in each club.

Plans will be discussed for the annual band concert which will be held Friday night, May 17.

Mr. and Mrs. Ben Lillard of Lubbock are visiting Knox City relatives and friends this week. They are enroute to Imperial, Calif., where they plan to live.

Mrs. Lynn B. Hamner returned to her home in Houston Friday after a visit here with her sister, Mrs. H. E. Wall, and family.

Streams In Desert Places

By Ozelle Stephens
God loves His creation. The Word says, "God is love," therefore He cannot do anything but love.

God is full of mercy. His mercy is from everlasting to everlasting upon them that fear Him, and His truth reaches unto the clouds. It is your privilege and mine to have His love and mercy flowing in a continual Stream toward us. This Stream of love and mercy is a great magnetic force of divine protection.

It is the pilgrims' companion, a refuge from storm and your protection in unseen tragedies. It preserves the faithful and is sustaining providence to all who trust in Him. Dear reader, trust Him now.
