

THE KNOX COUNTY HERALD

VOLUME 52

KNOX CITY, KNOX COUNTY, TEXAS, THURSDAY, JUNE 27, 1957

NUMBER 30

A Thursday holiday throws everything out of kilter, off schedule and into a mess... but we don't want to be the only one working in Knox City next Thursday, July 4th, so we will try to publish one day early.

We say try, because sometimes we can just barely publish on Thursday!

Anyway, we'll be around to see our advertisers on Monday instead of Tuesday, and if you have any news, please don't wait until Wednesday to call us.

A strange sight in Knox City is a hackberry tree in the back yard of Dr. and Mrs. T. P. Frizzell.

The tree is bedecked with cedar limbs, on which are growing tropical orchid plants, brought back by Tommy Frizzell from Venezuela, where they grow wild in the jungle.

The attempt to grow them in Knox City is strictly an experiment, and it will be interesting to see how it turns out.

And if the plants do grow, it will also be interesting to see how the fragile blossoms stand up to a West Texas sandstorm!

Another increase in the cost of paper (despite the president's gentlemanly request that everyone help keep prices down) has made us start our own campaign to collect all delinquent subscriptions.

So if your sub is either out or nearly out, and you dislike receiving a bill, our office is open six days a week.

The compliments we occasionally receive on The Herald brighten up our lives... but the dollars that come in are what keeps it—and us—going.

The danger of highway travel has been called home to Knox Citizens recently by people they know being killed or injured in accidents.

So if you're planning a trip during the Fourth of July holidays next week, remember the dangers of being on the road.

A good rule to go by is to let the other car get there first.

Elvin Mathis New O'Brien School Head

Elvin T. Mathis, who resigned in May as superintendent of schools in the Mattson Rural High School District, has been elected superintendent of Carney rural high school at O'Brien, it was announced this week.

O'Brien trustees elected the new superintendent at a meeting last week. Charles Yarbrough, football and basketball coach at O'Brien, was reelected and given a one-year contract, the school board announced.

Ray V. Stark, former superintendent at O'Brien, resigned recently to accept a similar position at the Monte Alto School at Edcouch, Texas. He and his family moved to Edcouch this week.

Stark came to O'Brien in 1953. During his tenure the homemaking department, which had been dropped, was reinstated in the fall of 1954. A 34x54 vocational ag shop was built and equipped in 1955. In 1956, the district bought new furniture for six classrooms and made extensive lunchroom improvements. A total of 707 acres of land, with 19 oil wells, was annexed to the district the same year. Tax valuation of the annexed land is

Welfare Office to Be Opened Here

A welfare office to serve aged and indigent citizens in this area will be opened in Knox City July 5, city officials have announced.

The office will be in the old city hall building, with the city furnishing the building rent free. The city also will furnish the minimum utilities for the state agency.

Mayor Otis Harbert said the city council believes the office being located here will be a convenience to many residents, and an asset to the town inasmuch as a great many citizens from over the county will have periodic business here.

Bill Clarke, center, talks with workmen hauling potatoes from Clarke's field to the processing shed. The 17-acre field was one of the best in the county, producing 140 sacks of No. 1 spuds per acre. The crop sold for \$2.25 per hundred pounds.

Potato Harvest Begins; Yield 'Disappointing'

Potato growing in the Knox City, Munday and O'Brien areas this year has been "about a break-even proposition—a little more or a little less," County Agent Roy England said this week.

Per-acre yield as well as quality of the crop was lowered by excessive rains, even though farmers had to water the spuds regularly between rains.

Average yield over the county is between 110 and 125 bushels, the lowest since potato growing started in the Munday area in 1953. Average last year was about 200 sacks per acre of No. 1 potatoes.

A drop in price has also helped take the profit out of the crop. The market started at \$2.25 per hundred on No. 1 whites but has weakened to \$2.00.

England said some farmers have \$90 per acre or more in their crops, not including harvesting. Harvesting and grading costs \$1.10 per sack.

A number of farmers in the Knox City-O'Brien area, raising the crop for their first time, contracted with Jack Renfro of Hereford to furnish seed and fertilizer for two-fifths of the crop. Renfro also pays 40 percent of the harvesting costs and the farmer 60 percent.

Renfro has processing and grading facilities set up in one of the Northern Star Seed Farms warehouses in O'Brien.

One of the better crops in Knox County was grown by Bill Clarke east of Knox City. Yield on his 17 acres was 140 sacks per acre, which he sold for \$2.25. Clarke said there was some profit in the crop, and he believes potatoes will be a very good crop in a normal year.

Clarke also experimented with three acres of cabbage, but even though some cabbages were sold, the crop was too late to make money. He believes cabbages might pay if planted about 30 days earlier.

Generally, farmers express themselves as optimistic about the future of potato-growing here, and feel they are fortunate to break even their first year, considering the weather. Most of them plan to try potatoes again next year.

Exams Slated for Mail Carrier Sub

The U. S. Civil Service Commission has announced that examinations will be held for employment of a substitute clerk-carrier in the Knox City post office.

Closing date for applications is July 22. Competitors will be rated on a written examination, which will be held at Seymour.

An applicant must be at least 18 years of age and a citizen of the United States. Rate of pay for a substitute clerk-carrier is \$1.82 per hour. Further information and application forms may be obtained at the Knox City post office or from the Regional Director, Eighth U. S. Civil Service Region, Room 103, 1114 Commerce St., Dallas.

R.A. Baseball Team Tied for First Place in League Standings

A 43 win over the Benjamin team last Thursday put the Knox City R.A. baseball team in a tie with Benjamin in League standings, Shelby Bishop said Tuesday. The tie will be broken today (Thursday) at 5 o'clock on the local field.

Teams in the league are from Knox City, Munday, Gillespie, Rule and Benjamin. The all-church league will have regional contests in July, and contests for the state championship later in the season.

All local games are held on the south end of the athletic field. They are five innings each. Intermediates are now in the league, Bishop said. All boys from 13 to 16 years of age who are interested in playing were asked to contact Bishop or Ben Knight at Wm. Cameron Co.

Sunset Homecoming Slated for July 7

Everyone in the area, whether or not they ever attended the Sunset School, is invited to attend Homecoming at the school Sunday, July 7, members of the Sunset Ex-Seniors Assn. said this week.

Registration will begin at 9 a. m. There will be a morning religious service and an afternoon program and business session.

Lunch will be served at 11:30 at \$1.15 per plate. The association has arranged for Roddy Griffith Catering Service of Munday to prepare and serve the lunch.

Anyone wishing to make dinner reservations may contact Harold Partridge, foods chairman. President of the Ex-Senior Assn. is Herbert Partridge. Howard Myers is program chairman, J. E. Hunter arrangements chairman and Mrs. J. E. Hunter publicity chairman.

Mrs. Hunter reported that several of the first graduates of the school have been contacted, and response indicates that attendance will be good.

Ft. Worth Family Have Accident After Visiting Here

Mr. and Mrs. Don Deaver and daughters, Donna Lynn and Janet, of Ft. Worth were slightly injured Sunday night while enroute home from a visit with Mrs. Deaver's parents, Mr. and Mrs. W. P. White, in Knox City.

Mrs. Deaver and the girls had spent the week with her parents, and Mr. Deaver came for them Saturday. Near Jermyn on the return trip their car hit a bull on the highway. The four suffered cuts and bruises and the car was badly damaged.

July 1st Deadline On Bids for New Post Office Quarters

Anyone planning to submit a bid on quarters for the Knox City post office was reminded this week that proposals must be in not later than July 1.

Bids may be submitted on an existing building or a proposed new building, with occupancy scheduled for September 30 of this year.

In its request for bids, the post office department said a building with floor space of about 2,000 feet is desired, preferably with ample parking area and a loading platform. Important considerations are a reasonably central location, good daylight, accessibility to rear or side entrance for mails, and adequate truck maneuvering area.

Bids may be submitted with or without fuel, light, power, water and sewer service.

Further details and proposal forms may be secured at the Knox City post office.

Meeting Scheduled Tonight to Organize Explorer Post

A meeting to organize an Explorer Post will be held tonight (Thursday) at 7:30 in the Scout Hut, it was reported Tuesday.

The meeting was originally scheduled for earlier in the month but was postponed due to conflicting activities.

All boys between the ages of 14-19 are urged to attend. Joe Murray Clonts will be post advisor.

SOCIAL SECURITY MAN TO BE HERE JULY 10TH

A representative of the Social Security Administration will be at the city hall in Knox City Wednesday, July 10 at 10 a. m., it was announced this week.

Persons who need information or assistance in Social Security matters are invited to meet with the representative.

Early Cotton Reported Damaged by Herbicide

A number of Knox and Haskell County farmers, who got early cotton up to good stands despite the rains, report that the cotton has been ruined or heavily damaged.

It is believed the damage was caused by the spraying of 2-4-D, a commercial weed-killer, several miles from the stricken fields.

Damage in some fields was extensive enough to cause replanting. Other farmers plan to use fertilizer and try to "bring the cotton out of it." During the recent fair weather the plants were beginning to grow well and form squares when the damage was noted. Leaves on the plants shrivel and deteriorate.

Farmers reported receiving damage include Jack Fisher, Hershel Tankersley, Jack Tankersley, Brownie Tackitt and Novell Wright.

It was reported to The Herald

Harvesting of Grain Almost Completed

Harvest of the 1957 wheat crop is approximately 90 percent complete, County Agent Roy England said Wednesday, and the crop proved a disappointment over most of the county.

Several weeks ago it appeared the county would make a bumper grain crop, but continued rain kept combines out of the fields and destroyed most oat crops and damaged wheat.

England said in the north part of the county the yield has vari-

ed from 4 to 25 bushels per acre, with an average of about 10 or 12. The grain is very light, testing 52 or 53 pounds per bushel and some as low as 45 pounds.

The grain was badly shriveled from stem rust, the county agent said.

In the irrigated area around Knox City and Munday some wheat produced as much as 45 bushels per acre, and the grain was full. The average yield was about 30 bushels per acre.

Most farmers over the county have managed to get their cotton acreage planted and up, England said.

Mrs. Lucy Day Dies Wednesday

Mrs. Lucy Day, 78, resident of the O'Brien and Knox City area for the past 50 years, died at 9 p. m. Wednesday in the Knox County Hospital after a long illness.

She was born Feb. 3, 1879 at Chico, and was married to W. H. Day there in December of 1895. They moved to Haskell County about 50 years ago, and farmed west of O'Brien. She moved to Knox City following his death some years ago.

Funeral services were to be held at 4 p. m. today (Thursday) at the Knox City Church of Christ with Harold Mobley, minister, officiating, assisted by Virgil Smith of Rotan.

Mansell & Smith Funeral Home of Rochester is in charge of arrangements. Interment will be in Knox City Cemetery.

Survivors include three sons, Roy and Jewell Day of Knox City and Gentry of O'Brien; three sisters, Mrs. L. V. Prince Snyder, Mrs. H. B. Newton of Anton and Mrs. E. L. Comer of Lubbock; one brother, Clint Sherrod of Chico; 12 grandchildren and seven great-grandchildren.

McGees' Grandson Dies of Injuries Received in Wreck

Funeral services were held Tuesday for Wayne Simpson, 5-year-old son of Mr. and Mrs. Bobby Simpson of 3749 Highgrove, Dallas.

Rites were held at the Oaklawn Church of Christ in Dallas. Officiating were two Dallas ministers, assisted by Rev. Walter Driver, pastor of the Knox City Methodist Church. Burial was in a Dallas cemetery.

The child died at 9 a. m. Sunday morning in Parkland hospital of brain injuries received in a three-car collision Friday afternoon three miles west of Field Circle on Highway 183. Irving police, who investigated the accident, said it occurred about 3:45 p. m.

Five persons were injured in the smash-up, including all four members of the Simpson family, who were enroute to Possum Kingdom lake on a week end fishing trip. Mrs. J. H. McGee, grandmother of Mrs. Simpson, said.

Mr. Simpson, 32, a teller at the Exchange Bank & Trust Co., is in critical condition in Parkland Hospital with broken legs, crushed chest, a broken jaw and internal injuries.

His wife Mildred Simpson, 28, youngest daughter of Mr. and Mrs. J. H. McGee of Knox City, received deep head and face cuts and shock. She attended funeral services for her son by ambulance and on a stretcher Tuesday and was to be re-admitted to the hospital.

The Simpsons' eight-year-old daughter, Judy, suffered deep head and face cuts. Also critically injured was Homer Turner, 59, of Dallas, owner of four small Dallas hotels.

According to investigating officers, Turner was driving east where the pavement narrows to two lanes. Turner's car apparently slipped off the pavement, throwing the vehicle out of control. The Turner car hit the west-bound Simpson car head-on, spun off and grazed the fender of another west-bound car occupied by three Irving women, none of whom were injured.

Two large trucks were pressed into service to free Simpson. Lines were attached to the front and sides of the demolished car and to the trucks, which pulled the wreckage apart.

Mrs. Simpson is a graduate of Knox City High School, and both she and Mr. Simpson are former students of Abilene Christian College. Simpson worked in banks in Haskell and Levelland before moving to Dallas about a year ago.

Mrs. J. H. McGee returned from Dallas Tuesday night with her daughter, Mrs. T. C. Stinson, and family of Lubbock.

Mr. and Mrs. Clyde Graham and children of Arlington, Va., are visiting his parents, Mr. and Mrs. L. W. Graham, and other relatives. Graham is with the national budget department of the Soil Conservation Service in Washington, D. C. They plan to leave for home tomorrow.

4-H GIRLS LEARN LEADERSHIP BY ATTENDING TRAINING MEETINGS

As a result of attending two out-of-county 4-H training meetings recently, five Knox County girls will be better equipped to assume leadership in their clubs and in county 4-H activities.

This training will also be helpful to them as they assume some of the responsibility for planning and conducting their County 4-H Camp in early August, Miss S. C. Kinsey, County H-D Agent, said.

Attending the Texas 4-H Roundup at A&M College were Janelle Jackson of Vera and Sherry Cook of Gilliland. They took part in the launching of

the "People to People Partnership" program in Texas 4-H clubs. This program is being taken to strengthen understanding among people throughout the world.

Girls who attended the district 3 4-H training camp at Buffalo Gap last week were Marilyn Albus, Rhineland, Elise McGuire, Gilliland and Marianne Coffman, Vera. Each of these girls attended three or more workshops in which they received training. They studied safety, entomology, family life, 4-H record keeping and recreation leadership.

Former Resident to Vacation in Europe

Mrs. Russell Boyd and Mrs. E. R. Carpenter returned last Thursday from Wichita, Kansas, where they were guests of Mrs. Boyd's sister, Mrs. Myrtle Browning, and Mrs. Browning's daughter, Mrs. Oliver Witterman.

Mr. and Mrs. Witterman are making plans to sail on the Queen Elizabeth July 11 for Europe to attend the International Bar Convention in London. They will visit Scotland's Trossachs, Loch Lomond, Edinburgh, and the Burns country, return to London via the Lake Country, Stratford and Oxford, and then after the convention will visit Kent, Sussex, Canterbury Cathedral, and spend a day

at Hampton Court, Windsor and Eton.

Later they will cross to Amsterdam and Brussels, then visit Paris before Mrs. Witterman sails on the Caronia and Mr. Witterman flies back to be waiting for the Caronia to dock.

The Wittermans will be in the gardens of Buckingham Palace July 29 when the queen will entertain with a party for attorneys and wives attending the convention.

While in Wichita the Knox City ladies assisted Mrs. Witterman, who is the former Constance Browning, in shopping for her forthcoming trip.

Mrs. C. E. Williams and Eddie and Phil returned Wednesday from Ft. Worth where they visited her parents, Mr. and Mrs. J. Rollie Pray.

GOOD GRASSES NEED HELP TO STAGE COMEBACK AFTER RAINS

COLLEGE STATION. — Most areas of the state have enjoyed good rains, but the resulting range vegetation may be undesirable weeds rather than good grasses, which are making a slow comeback on most range-land.

To help nature along and give the grasses a chance to re-establish themselves, make leaves, build a stronger root system and make a seed crop, A. H. Walker, extension range specialist, suggests a program of resting or deferred grazing.

A grazing and management study conducted by the Sonora Experiment Station over a period of nine years shows that pastures stocked 12 months and rested four months had more and better grass at the end of the nine years than those that were completely rested the entire period.

The Deferred Grazing Program Bill has been passed by Congress, but so far no funds have been approved to sustain the program. But regardless of

whether or not this bill is activated, the specialist recommends the practice to those ranchmen suffering from poor pasture for this is the cheapest means of range recovery.

So, Walker advises ranchmen to make close observation of pasture vegetation. Examine the topgrowth. Take an even closer look at the rootgrowth, for good topgrowth does not necessarily indicate vigorous growth in the future. Roots are the food and water suppliers.

Grass is your crop if you are in the livestock business, says the specialist, and the management you give it now will largely determine the kind of plants you have in the future.

Ask your local county agent for a publication on Deferred and rotation grazing.

Social Ends Year For Wesleyan Guild

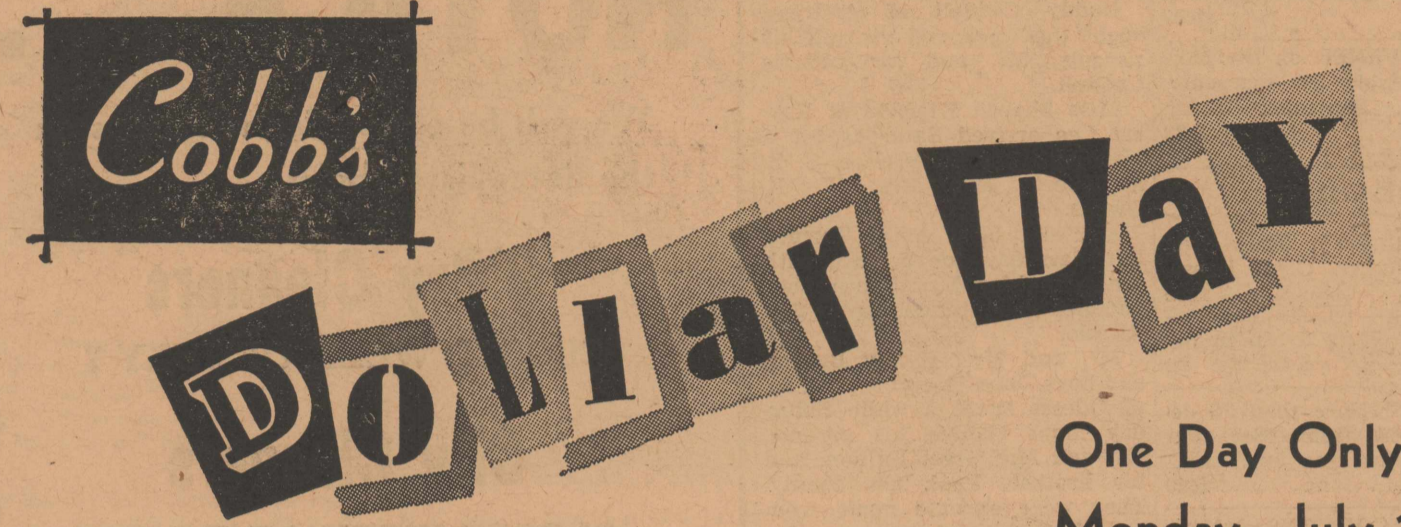

To conclude the year's work, members of the Wesleyan Service Guild met for a social in the home of Mrs. J. C. McGee Friday, June 21 at 9:30 a. m.

Highlight of the party was the revealing of "secret pals" and the exchange of gifts. Co-hostesses were Mrs. Guy Robinson and Mrs. E. Q. Warren.

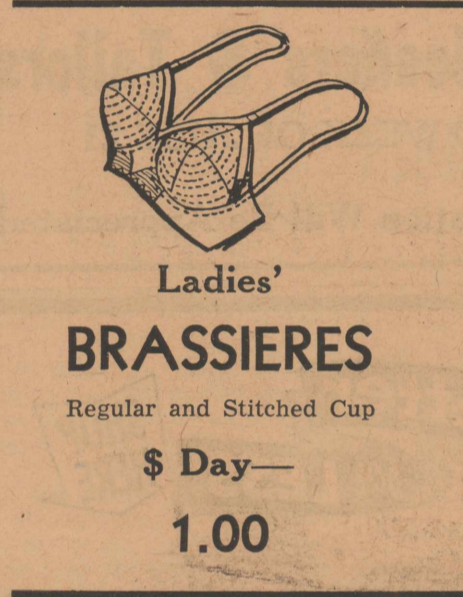

The hostesses served coffee and cookies to Mes. W. W. Hines, George Houston, Walter Driver, Paul Hoge, L. C. Teague, Alton Fitzgerald, Paul Fitzgerald, J. T. Gilpin, Doyle Graham, Carl Gage and W. P. White.

Mr. and Mrs. J. A. Maddox of Kermit spent the week end with her parents, Mr. and Mrs. A. C. Tackitt. Their daughter, Jackie, returned to Kermit with her parents after spending two weeks with her grandparents.

Streams In Desert Places

By Ozelle Stephens

Persecution is inevitable to those who are pilgrims and strangers in a land where satan is loose. But the Bible says, "But you are a chosen generation, a royal priesthood, a holy nation, a peculiar people; that ye should show forth the praises of him who hath called you out of darkness into his marvellous light: which in time past were not a people, but are now the people of God: which had not obtained mercy. Dearly beloved, I beseech you as strangers and pilgrims..." (1 Peter 2:9-11). Christ's followers are often treated as "peculiar people" and as strangers. But remember their citizenship is in heaven. (Philli. 3:20). Their interests primarily are not in this world. Jesus said, "Lay up for yourselves treasures in heaven . . . for where your treasure is, there will your heart be also."

Although the eyes of suspicion will be upon you because of men's evil hearts, remember the Streams of his grace and peace will flow your way as long as you cling close to Him.

Legion, Auxiliary to Hear Reports on Boys' and Girls' State

A report on Boys State and Bluebonnet Girls State, held recently in Austin, will be heard at a joint meeting of the American Legion, Teague-Carpenter Post, and the Legion Auxiliary Tuesday night.

The meeting will be at the Legion Hall, and the public is invited to attend.

Two Knox City girls and two boys attended the affairs this year, and the four will report at the meeting. Patsy Robinson and Beverly James attended Girls State, under sponsorship of the Legion Auxiliary. Attending Boys State were Jerry Johnston and Jimmy Finley. One boy was sent by the American Legion and one by the Lions Club.

The two affairs, designed to teach citizenship, government and the elements of politics to high school students, are sponsored in Texas by the Legion and its Auxiliary.

Knox Citizens Attend Funeral Services For Grandmother

Mr. and Mrs. Bob Gage, Mr. and Mrs. Sam Lusk and Mr. and Mrs. Dewey Darr were in Long Branch, Eastland County, Tuesday to attend funeral services for Mrs. Lena Dudley.

Mrs. Dudley, 82, died in a Brownwood hospital Sunday. Services were held at the Long Branch Baptist Church.

She was a grandmother of Mrs. Darr and Mr. Lusk and step-grandmother of Mrs. Gage.

Curves don't come too sharp or hills too steep for this nimble new Chevrolet. With its new velvety V8 power, new roadability and ride, you're the relaxed master of any road you travel.

Bring on the mountains! This new Chevy takes steep grades with such an easygoing stride you hardly even give them a thought. There's lean-muscle power tucked away under that hood, just rarin' to handle any hill you aim it at. And no matter how curvy the road may be, a light touch keeps Chevrolet right on course. You'll like the solid, even-keel way it stays put on sharp turns.

A car has to have a special kind of build to handle and ride like a Chevy. It has to have Chevrolet's low, wide stance, its outrigger rear springs and well-balanced weight! Drive this sweet, smooth and sassy performer at your Chevrolet dealer's.

Hills don't mean a thing to a Chevy!

FARM EXPORTS SHOW INCREASE FOR FOURTH STRAIGHT YEAR

United States farm exports
for the current fiscal year are
soaring to a record level. Four
straight years of export in-
creases find 1956-1957 values ap-
proaching 4 1/2 billion dollars—
a full billion ahead of last year.

Several factors help this favo-
rable situation. Competitive
pricing of CCC-owned cotton
and other products has done a
lot for our export market and a
generally strong financial posi-
tion is now enjoyed by most of
our best customers. Extension
Economist Alvin Wooten says
there is also a growing desire
abroad for the high quality pro-
ducts in U.S. stocks. He stresses
the fact that considerable pro-
gress has been made toward eas-
ing barriers against imports
from this country.

The "sold out" sign has gone
up on several commodities, says
Wooten, including cottonseed
oil, linseed oil and soybeans.
Stocks of grain sorghums, rice,
barley, butter and dried milk

have been reduced and CCC
wool stocks are being cut at a
fast clip.

Exports for dollars are now
being emphasized more and
more. Dollar sales now total
about two-thirds of all CCC dis-
posals. Wooten says 31 friendly
nations now buying from Ameri-
ca with foreign money will prob-
ably soon develop into dollar
markets. A billion dollars in
farm surpluses have been bar-
tered for strategic foreign ma-
terials and vital defense needs,
he says.

Wooten attributes much of the
recent export success to better
promotion tools. We now have
top-notch agricultural attaches,
marketing specialists, special
export programs and trade fairs
to facilitate movement.

W. M. S. CIRCLE MEETS

The Aletha Fuller Circle of
the Baptist Woman's Missionary
Society met in the home of Mrs.
J. W. King Monday night.

Mrs. E. J. Ward, program
leader, read scriptures and
named the missionaries to be
remembered in prayer. Mrs.
Rose Harper taught the Bible
lesson in the absence of Mrs.
Martin Smith, teacher. The
circle bought clothing for the
Truesdell girl during her illness.

Miss Carol Finley closed the
meeting with prayer and refresh-
ments were served 13 members
and five visitors.

Mr. and Mrs. Alvin Roberts
and children of Tullia, former
Knox City residents, are here
visiting their parents, Mr. and

Edward Kirk Named To 'Crusade' Staff

Edward L. Kirk of Abilene,
minister of the Benjamin Church
of Christ, has been named to a
steering committee of the Chris-
tian Chronicle Crusade, it has
been announced by James W.
Nichols, editor of the Christian
Chronicle, a world-wide news-
paper for Churches of Christ,
published in Abilene.

The crusade is a nation-wide
subscription campaign for the
Christian Chronicle, which re-
ports the work of Churches of
Christ not only in the United
States but in all parts of the
world. The publication is the
only one of its kind published for
Churches of Christ.

Nichols states: "We feel most
fortunate in having Kirk work
with us in this effort. Our cam-
paign for world-wide circulation
appears destined to be a tremen-
dous success."

While only 24 years of age,
Nichols was instrumental in 1951
in helping to raise more than
\$250,000 to enable the broadcast
of the coast-to-coast Herald of
Truth radio program produced
by the Highland Church of
Christ in Abilene. He was a reg-
ular speaker on the radio and
television series, carried on more
than 300 radio and television
stations, for four years but in
the latter part of 1954 resigned
his radio and television work to
become editor of the Christian
Chronicle.

The Big Job is under way

Santa Fe is now loading
thousands of cars of grain
and grain products on its lines

*Santa Fe has been serving agriculture since 1874,
when we sponsored the migration of the Mennonite
farmers who established the Kansas wheat belt, and
brought with them from Europe the ancestors of the
better varieties of wheat grown in America today.*

During harvest time, Santa Fe has a big job to do.

At the country stations and terminal elevators
along the line, as agriculture's "hired man," Santa
Fe loads over 121,000 boxcars of grain a year—the
total production of over 9,000,000 fertile acres. We
also load over 34,000 cars of grain products on our
line annually.

An important part of this job is done in advance
by our own agriculture department, by collecting
data on planted acreage, weather, crop damage and
other factors that affect yield.

These statistics provide useful information for
farmers, elevator operators and others interested in
grain movements, and assist us in spotting grain-
tight boxcars at strategic points at harvest time.

Our agriculture department works with the Fed-
eral and State agriculture departments, land grant
colleges, and county agents in fighting destructive
insects and plant diseases.

We are also privileged to award university scholar-
ships annually to many farm youths in our territory.

We of the Santa Fe are proud of the part we have
in serving the farmers of the West and Southwest in
their essential task of feeding the Nation.

Farm and Ranch Notes

By Roy England, County Agent

Due to the very favorable weather conditions, cotton insects could very easily take all the profits out of growing a cotton crop this year. Due to the lateness of the crop in our area, a weekly check for insect infestations should be made for thrips and fleahopper damage.

Thrips are very small and hard to see, but their damage is readily visible. They cause injury to terminal buds and leaves, leaving them ragged and often cup shaped. This damage results in a stunting of the plant and excessive branching.

To check for fleahopper infestations, examine 100 terminal buds at several representative places over the field. Start treatment when 15 to 25 fleahoppers per 100 terminals are found.

Cutworms, grasshoppers and webworms may also cause heavy damage to young cotton. DDT, Toxaphene or a combination of the two are effective in control of both groups of insects. Dosages will vary slightly depending on the type of insect involved.

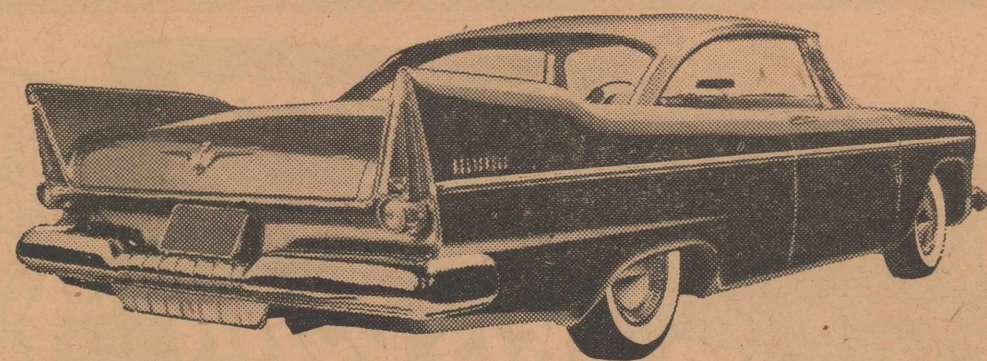

Mrs. Clara Ewing of Birmingham, Ala., left Sunday after a two-weeks visit with her sister, Mrs. J. W. Tankersley, and family. She returned by way of Tulsa, Okla., where she was to spend this week with relatives.

Horace Edwards is in Galveston this week to be with his wife, who is receiving treatment at John Sealy Hospital. His daughters are spending the week in Amarillo with an aunt.

Mrs. Leroy Melton and Mrs. J. W. Melton of Benjamin, and Mr. and Mrs. Leroy Melton Jr. and LuAnn of Lubbock have returned from Colorado where they were guests of Mr. and Mrs. W. T. Ward on their S-Heart Ranch near Colorado Springs. They were there to attend the wedding of Billy Ward and Donna Dennie, held at the First Christian Church in Pueblo June 16.

NEIGHBORLY

is the word for Humble Service

That's the way Humble customers describe Humble service.

It's the kind of service that takes a neighborly interest in your car... that has a neighborly understanding of the way you want things done... that's based on neighborly courtesy and neighborly friendliness. It's service that Texans like and appreciate... that makes you feel at home the minute you stop on a Humble dealer's driveway. Stop for service under your neighbor's Humble sign.
