

THE KNOX COUNTY HERALD

VOLUME 52

KNOX CITY, KNOX COUNTY, TEXAS, THURSDAY, JULY 11, 1957

NUMBER 32

If you should happen to find some other mistake in the Herald this week, blame it on the fact that our office has been a beehive of carpenters, electricians, cement workers and press movers this week.

Another newspaper press was moved in on Wednesday—of all days—after a hole had been cut in the wall and barn doors installed. The press isn't in use yet... it's just sitting in the middle of the floor like a monster, with various parts scattered here and yonder.

The press, which has been printing the Quannah Tribune-Chief, was probably built in the early nineteen hundreds, so it's somewhat newer than our present press, which was delivered from the factory in 1898.

So you see, we're beginning to live modern!

When we start using the press in two or three weeks we won't guarantee The Herald will look any better, or that there'll be any more news in it or any more pages... but we do hope we won't have to pay for a factory every time we buy a part!

Some area farmers are so disgusted with potatoes they won't even eat French fries any more... but some made money from the crop this year and are pleased with their experiment.

One of the best, or maybe the best, crops hereabouts was reported by Bill Lankford.

Bill made 184 sacks of No. 1 spuds per acre, as well as 22 sacks of No. 2's and 14 sacks of B's per acre, and six sacks of "pee-wees" per 15 acres.

And that doesn't include all the potatoes picked up by his friends and neighbors!

McAuley Resigns Nightwatchman Job

Frank McAuley, Sr., Knox City nightwatchman for the past seven years, resigned Monday night, effective July 15.

Mayor Otis Harbert said Wednesday that Ernest Coates has been employed as nightwatchman. The salary of the nightwatchman is paid by subscription by local merchants.

In tendering his resignation, McAuley said he had enjoyed his work the past seven years, and that his association with law enforcement officers, city officials and merchants had always been pleasant.

Hooker-Bateman Vows Exchanged

Miss Bettye Lee Hooker, daughter of Mr. and Mrs. Warren W. Hooker of Knox City, became the bride of Edwin Wight Bateman, Jr., of Benjamin, in a ceremony at Frederick, Okla., Friday afternoon, July 5.

The bride is a 1956 graduate of Knox City High School and attended McMurry College in Abilene the past year. She was a member of the McMurry Indian Band.

The bridegroom is a graduate of Benjamin High School and attended Allen Academy at Bryan. After a wedding trip to Ft. Worth the couple will be at home in Graham, where he is employed by Cross Drilling Co. They plan to attend school in Abilene this fall. Mrs. Bateman will return to McMurry College and her husband will enter engineering school at Hardin-Simmons University.

TO HEAD PEP SQUAD—These cheerleaders of the Greyhound Pep Club returned last week from Wichita Falls, where they attended a week's school at Midwestern University. They are left to right, Janice Anderson, Charlotte Cornett and Patricia Denton, and on top, Pat Westmoreland. Charlotte is head cheerleader. The girls learned new yells, tumbling, and how to conduct pep rallies. In the presentation of yells, a contest held daily, the girls won second place three days and third one day, placing third for the entire week. More than 200 cheerleaders attended the school, which was conducted by Lawrence M. Herkimer of Dallas.

Teen-Agers Plan Sales Campaign To Benefit Community Youth Center

Knox City teen-agers plan to knock on every door in town in about two weeks to sell housewives C-E-Z light bulbs. The campaign is to raise money for The Kennel, local youth center. The Kennel's operating fund was well in the black until a new air conditioner was bought and installed last month at a cost of \$134.

The patented light bulbs are frosted green inside. They give a soft-white light recommended for all visual tasks such as reading, sewing, etc. The C-E-Z bulb has a guaranteed life of 2,500 hours.

Popular size bulbs, 40, 60, 75 and 100 watt, sell for 30 cents each, \$1.20 per kit of four bulbs. This is the average price in retail stores for tinted light bulbs.

Paul Hoge, president of the adult board, urged housewives to buy from Kennel members when they call. "If you see your supply of extra bulbs is running low," Hoge said, "won't you wait until the young people begin selling to re-stock your supply? Advance orders will be taken if you will call us at the drug store."

The shipment of bulbs is expected to arrive in about ten days. Kennel members plan to conduct the campaign similar to the Lions Club's annual broom sale, with all members meeting at a central place and calling at every house during specified hours. The date of the campaign will be announced later, Hoge said.

Dodd-Pierce Vows Exchanged Sunday

Nelda Sue Dodd and Frank Edward Pierce exchanged double ring wedding vows Sunday July 7, in the home of the bride's parents, Mr. and Mrs. L. V. Dodd.

The bridegroom is the son of Mr. and Mrs. P. H. Pierce of Benjamin. The Rev. Billy Frazier, pastor of the First Baptist Church, officiated at the ceremony.

Given in marriage by her father, the bride wore a ballerina length dress of white nylon lace over white taffeta. She carried a bouquet of white carnations and lily of the valley atop a white Bible.

Maid of honor was Patsy Nell Robinson. She wore nylon lace over blue taffeta, and her coronation (Continued on Page 8)

Welfare Officer Opens Office Here

Perry C. Spenny, new welfare officer for Knox and King counties, opened his office in Knox City Monday, July 8, and announced his itinerary for the rest of his territory.

The first and third Mondays of each month will be "intake" days in Knox City. "Intake" days are the days when one may apply for old age assistance, aid to dependent children, aid to needy blind, and beginning July 15, aid to the permanently and totally disabled.

Aid to the disabled is a new law, Mr. Spenny said. Applications may begin July 15 but checks will not be received until October.

The welfare office is located in the old city hall next door to Egenbacher Implements. Quarters are being furnished by the city as a service to area residents.

The welfare officer will be at the courthouse in Benjamin the first Friday of each month, from 10 a. m. to 12. Every first Wednesday he will be at the city hall in Munday from 9 a. m. to 12, and every second Monday he will be at the courthouse in Guthrie from 10 a. m. to 12.

The telephone number of the welfare office is 2922.

Bobby Lou Dodd of Dallas spent the week end here with her family. Bobby, a May graduate of Knox City High School, is employed as a typist and file clerk at the Grindel Co., makers of pipe for irrigation and other purposes.

County Regulates Use of Herbicides

The Knox County Commissioners Court, following a public hearing Monday, placed the county under the state law governing the use of 2-4-D and related herbicides, County Judge L. A. Parker announced.

The law provides strict regulations concerning the use of herbicides, and requires the firm applying the chemicals to be under bond. Judge Parker urged everyone contemplating using herbicides to check the regulations and comply with all provisions.

The hearing was called after several Knox and Haskell county farmers had reported extensive damage to their cotton crops, from 2-4-D applied several miles away.

Local Woman's Sister Dies in Graham

Mrs. Frank Choate, 72, sister of Mrs. J. W. Howell of Knox City, died in a Graham hospital Wednesday morning, July 10. She suffered a stroke about two weeks ago and had been critically ill since that time.

Funeral services were to be held today in Graham. There to attend the services were Mrs. Howell and two daughters, Mrs. Phil Colehour and Mary Parsons.

Other survivors include two sons, Don Choate of Graham and Gene Choate of Amarillo; another sister, Mrs. Clara Miller of Weatherford, and two grandchildren.

School Calendar Set by Trustees

The school calendar and holiday schedule for 1957-58 were adopted at a regular meeting of the Knox City School Board Wednesday night, July 3.

Registration will be on Thursday, August 29, and classes will begin Friday, August 30. School will close May 16, 1958.

Holidays adopted by the trustees are Armistice Day, Nov. 11; Thanksgiving, two days, Nov. 28 and 29; Christmas, one week, dismiss Dec. 20, resume classes Dec. 30; Easter, two days, Friday and Monday. Students will also get one holiday, probably March 7, while teachers attend a teachers' meeting.

Mr. and Mrs. Herman Boover of Lubbock were employed as teachers in the McGee Ward School for the school year, to be paid the state-schedule salary. The couple, 32 and 30 years of age, have three children. Both hold bachelor's degrees and have 11 years teaching experience. They were highly recommended by school officials in Colorado City, where they formerly taught.

Board members voted to purchase eight new Royal typewriters for the commercial department. Eight old Remington machines will be traded in at \$70 each, and the school will pay \$100 difference on each typewriter.

The board voted to employ John B. Young of Graford as science and math teacher. However, Horace Finley, president of the board, said Graford had not accepted as of Wednesday.

A contract was awarded C. L. Burt for construction of a concrete flower bed on the street side of the old high school building. Three bids and proposals were considered before the contract went to Burt on a low bid of 78 cents per foot.

Thelma Cox and Jimmy Burt Wed

Thelma Cox, daughter of Mr. and Mrs. A. A. Cox of O'Brien, became the bride of Jimmy Ray Burt, son of Mr. and Mrs. C. L. Burt of Knox City, in a ceremony at the First Baptist Church in O'Brien Tuesday, July 9.

The pastor, Rev. Mart Hardin, read the single ring ceremony at 2 o'clock in the afternoon before relatives and close friends of the couple.

The nuptial setting was flanked by floor baskets of white gladioli and fern. Mrs. Alton Hester, pianist, played appropriate selections as the guests assembled.

Given in marriage by her father, the bride wore a white linen dress, fashioned on princess lines with a full skirt, and trimmed with sequins and seed pearls. She wore a white off-the-face hat and carried a white Bible topped with white carnations tied with satin ribbon and net.

Attendants were Mrs. Jimmy (Continued on Page 8)

Area Farmers Urged to Continue Use of Fertilizer

Cotton and grain sorghum farmers were advised this week by Roy McClung, Baylor County Agricultural Agent, to fertilize their crops according to the soil test recommendations.

McClung is in charge of the Baylor County Soil Testing Laboratory, which serves this area. He stated that during the past several weeks he had received many telephone calls and personal contacts from farmers who have formed the opinion that

since the crop is late, they should not fertilize their crops with the amounts recommended.

"I don't know where anyone got such information or what the opinions were based on," McClung said. "Actually since the crop is as late as it is, it is even more important than ever that it be fertilized according to the soil test recommendations. It is very important that the nitrogen side-dressing be applied about the time or just before the first square. This nitrogen need not be applied close to the cotton, but out in the middle, and it is not necessary to place it deep. Just place it in the soil anywhere out in the middle, then when it rains or you water your cotton, the nitrogen moves with the moisture.

"Cotton sets its fruit as it grows and it is very important that we apply plenty of nitrogen to make the cotton grow off fast. Remember nitrogen is the growth element, and phosphorous your fruiting and rooting element. Apply the fertilizer as recommended and control the flea hoppers and thrips so that the cotton can set its fruit early and start making cotton."

Little Theatre to Present Two Plays

All members, and those who wish to become members, of the Little Theatre Drama Club were asked to be at The Woman's Club Friday night at 8:30.

Officers for the ensuing year will be elected at the meeting, and plans will be discussed for staging two one-act plays, a tragedy and a comedy.

The plays will be presented in August, with proceeds going to The Kennel, Knox City youth center.

Jack Edwards Leaves For Overseas Service

Lt. Jack Edwards left Wednesday afternoon for New York. He will go from there to London, England, for a year's service in the United States Air Force.

Lt. Edwards, son of Dr. and Mrs. R. C. Edwards, received his degree in dental surgery last month from the University of Texas Dental School in Houston. He has visited his parents here the past month.

Cemetery Markers Expected Soon

Mrs. C. J. Reese, president of the Knox City Study Club which sponsors the endowment trust fund for the local cemetery, explained this week why markers on a number of endowed lots have not been set.

The endowment trust is temporarily out of markers, Mrs. Reese said, but a new shipment is expected any day.

In speaking of the progress of the trust fund since it was started in the early spring, Mrs. Reese said, "We are very pleased and encouraged by the progress being made by those who have insured perpetual care of their cemetery lots. We would like to encourage every person who has a loved one buried in the Knox City Cemetery to have his lots endowed."

The cost of endowment, which can be arranged in installments, is \$50 for one grave space; \$100 for two grave spaces; \$150 for four grave spaces; \$200 for eight grave spaces and \$250 for twelve grave spaces.

Those interested in providing perpetual care may contact E. R. Carpenter, president of Endowment Trust; Joe Averitt, secretary-treasurer; or any member of the board of trustees.

Lions Hear Sen. Moffett

State Senator George Moffett of Chillicothe was guest speaker at the Knox City Lions Club Wednesday, explaining to the Lions how the State government has grown into a "big business."

The long-time legislator said that 20 years ago, state aid to public schools amounted to about 20 million dollars annually, while the present annual aid amounts to more than 200 million. The cost of operating public schools, exclusive of building, is borne about 80 percent by the state and 20 percent by the district, the senator explained. When he went into office, the state paid about 35 percent of the cost.

Twenty years ago there was no state welfare program, Moffett said, while payments now are about 128 million annually. Most of this is for old age pensions, and the federal government bears the greater part of the cost.

The cost of operating the welfare program amounts to \$1.75 per month for each person on the rolls, which is among the lowest administrative cost of any state welfare program. The administrative costs are paid from the general fund rather than from the welfare fund.

Moffett said the welfare program, while pensions and other aid are not as high as in some other states, gives aid to more people than most other state programs.

The speaker pointed out the vast improvement in the highway system in the past 20 years. He said the state's highway system is a model for other states, and that the 5-cent state tax on gasoline is less than in states with highways that do not compare to ours.

While the cost of operating the state government was increasing, revenues also increased substantially, the legislator said. Receipts from the crude oil production tax, \$4,127,224 in 1932, was more than 145 million in 1956. The state natural gas tax, the highest levied by any state, brought in \$205,201 in 1932, 40 million in 1956. The gasoline tax increased from 25 million to 140 million in the same period.

While state revenues from all sources are six times as much as 20 years ago, Moffett pointed out, revenues from natural resources are more than 23 times as much.

Oil Notes—

Pipe was set for completion of the Katz Oil Co. No. 1 L. N. Bridges, Strawn test 2 1/2 miles northwest of town. Formation was topped at 4865 feet. Location is 660 feet north of the same company's No. 1 Wylie, recently completed in the Strawn.

One thousand feet south of the Wylie well, Pan American Oil Co. was drilling below 2000 feet Wednesday on the No. 1 A. P. Denton, two miles northwest of town. The test is scheduled for the Strawn.

Grace-Schlitter Operating Co. No. 2 Allie F. Benedict, Strawn test a mile north of town, was a failure and is being converted into a salt water disposal well for the company's No. 1 Benedict. The drilling rig was moved east on the same tract and the company will drill a Tannehill test to 2600 feet.

Omohondro Oil Co. No. 1 Allen Hester, Strawn wildcat 1 1/2 miles southeast of O'Brien, was drilling below 4300 feet Wednesday. Contract depth is 6000 feet.

Arnold H. Bruner & L. M. and C. E. Williams of Knox City have completed four Tannehill producers on the Hobert tract near Munday. The operators have two rigs running on the 286 acre lease, and two locations staked.

Truscott Couple's Granddaughter Weds

Miss Linda Carol Abbott, daughter of Mrs. Lamoine T. Abbott of San Angelo and granddaughter of Mr. and Mrs. A. S. Tarpley of Truscott, became the bride of John Guinn Cull Jr. in ceremonies Saturday, June 29.

The bridegroom is the son of Mr. and Mrs. J. G. Cull of San Angelo. The wedding was in the chapel of the First Christian Church in San Angelo with Rev. James L. Christensen officiating.

Music was provided by Miss Jessie Frances Neal and Mrs. T. P. Holmes. Guests were seated by Tom Connally and Lynn Simmons before the bride entered the church with her grandfather.

She wore a gown of Chantilly lace and tulle over taffeta, fashioned with a fitted lace bodice. The waltz-length tulle skirt was accented at the hemline with a band of scalloped lace. Elbow length lace gloves

complemented her dress, and she wore a headdress of seed pearls. She carried a white orchid on a lace-covered Bible.

Miss Barbara Starkey was maid of honor, Mrs. Bob Cason bridesmaid, Sheryl Morrison flower girl and Carl Morrow best man.

A reception was held in the church parlor before the couple left for a short wedding trip.

Until they move to College Station in the fall, Mr. and Mrs. Cull will live at 310 Koenigheim in San Angelo. The bridegroom, after attending San Angelo High School and San Angelo Junior College, served two years in the Navy. He will be a student at Texas A & M.

The bride attended San Angelo Business College after graduation from San Angelo High School.

Governor Proclaims Farm Safety Week

The death toll from farm-work accidents last year in the nation was higher than in any other major industry. "Farm accidents," said Governor Price Daniel on June 13 when he issued his Farm Safety Week proclamation, "have become a serious problem which not only causes untold suffering among our rural population, but which affects the economy of the entire nation."

In proclaiming the week of July 21-27 as Farm Safety Week Governor Daniel pointed out that the Texas Safety Association, the Texas Farm and Ranch Safety Council and the Texas Agricultural Extension Service would be cooperating with the

National Safety Council and the U. S. Department of Agriculture in carrying out a farm accident-prevention educational effort. This campaign is in keeping with a proclamation issued earlier by President Eisenhower on a national basis.

Governor Daniel said, "The effect of accident-prevention programs has indicated that our rural residents, through attention to safety education, can greatly reduce accidents and the resulting loss and suffering. Therefore, as Governor, I urge all farm families to join in a continuing campaign against needless accidents."

The Texas Farm and Ranch Safety Council strongly believes that farm accident prevention efforts should be made a part of every family's plan for improving their farm and home. "Until farm families become conscious of the multitude of accident hazards which surround them, little progress can be made in removing the hazards, says the Council. "We would like to see the farmer and every member of his family become as safety conscious as are the people who work in industries where the accident rates have been reduced almost to the zero point. We think it can be done, if as Governor Daniel says, everyone will participate in a continuing educational campaign to wipe out farm accidents."

Miss Dodd Honored With Pre-Nuptial Gift Shower

The home of Mrs. H. M. Compton was the scene Tuesday, July 2, for a pre-nuptial shower honoring Miss Nelda Sue Dodd, daughter of Mr. and Mrs. L. V. Dodd.

Miss Dodd will be married to Frank Pierce of Benjamin Sunday, July 7 at 4 p. m.

In the receiving line with the bride-elect and her mother was the prospective bridegroom's mother, Mrs. F. H. Pierce of Benjamin.

Guests were registered by Barbara Egenbacher, and Patricia Compton and Patricia Denton displayed gifts. Guests signed an apron made by Mrs. Horace Finley, a hostess.

June Cox of Graham and Glenna Voss served cake squares and lemonade. The cake squares were in Miss Dodd's chosen colors, white and blue. The table was laid with a white linen cutwork, and was centered with an arrangement of white and blue carnations.

Mrs. Melvin A. Lowrey played appropriate piano selections during the calling hour, 7 to 8.

The hostesses' gift to the honoree was a portable electric mixer, a Wear-Ever pan and a Better Homes & Garden cook book.

O'BRIEN W.M.S. MEETS

Mrs. D. T. Elmore was hostess to the Aletha Saunders circle of the O'Brien Baptist Woman's Missionary Society Monday afternoon in her home.

The meeting was opened with a prayer by Mrs. R. M. Johnston, after which the group sang "The Kingdom is Coming." Mrs. Junior Reeves gave the Bible study from "Great Prayers of the Bible."

Mr. and Mrs. Joe Murray Clonts and Diane were in Dallas the first of the week attending the Southwest Furniture Show.

DEPENDABLE

is the word for Humble Service

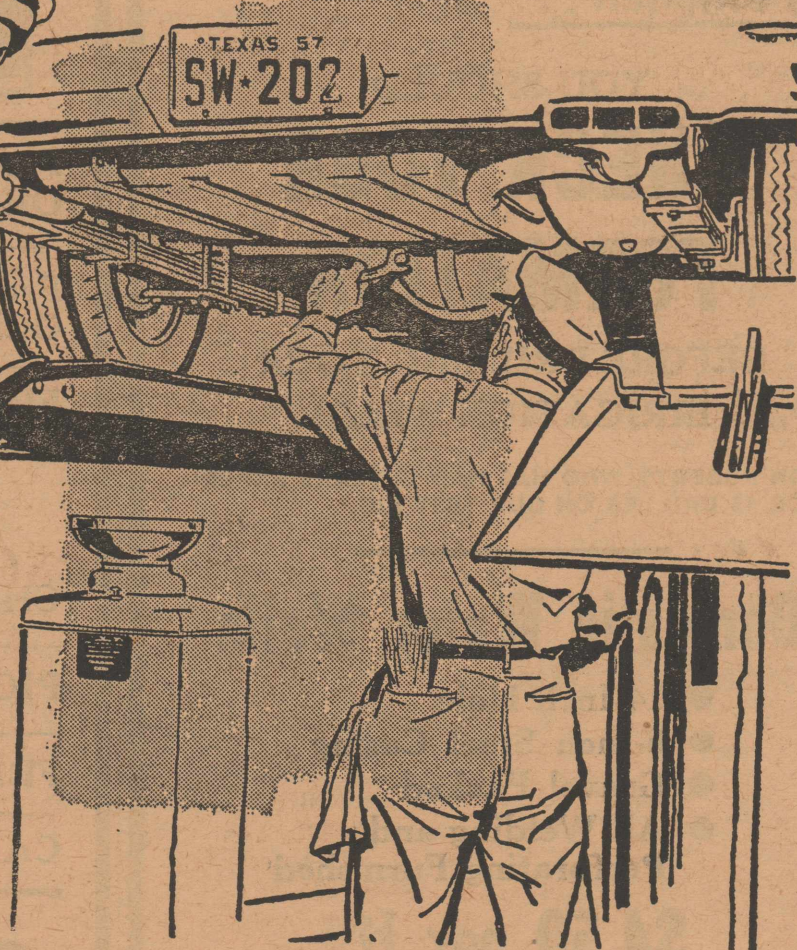

That's the word Texans use to describe Humble service.

You can depend on it that your neighbor in a Humble uniform knows his business. You can depend on him to give your car the care it needs to keep it running right and looking good. You can depend on him to keep his rest rooms clean and sanitary. You can depend on finding his salesmen prompt, well trained and courteous.

Stop for dependable service under your neighbor's Humble sign.

Streams In Desert Places

By Ozelle Stephens

We find in the multitude of counselors there is safety (Prov. 11:14). Also in the multitude of counselors they are established. (Prov. 15:22). In every life there is a time you need counsel. Also in every life there comes a time you need to give counsel. We love and appreciate a good counselor. It is important to seek understanding of the great truths and laws of God, that we will be able to give counsel.

Jethro was a seeker of God's wisdom. This made him able to help his son-in-law Moses to make a great decision. Counsel is a universal need. Let your daily life be filled with the spirit of God and His love that reaches out to help those around you. Seek the Lord for understanding and listen for His answer that will enable you to be a blessing every day.

Annual County 4-H Dress Revue Held at Gilliland

Thirty-seven Knox County 4-H Club girls entered projects in the annual dress revue Monday evening, July 1, in the Gilliland school auditorium. Forty-one garments made by the girls were shown.

Elise McGuire won first place in the senior dress division, which makes her eligible to enter the district dress revue to be held in Wichita Falls in September. Wanda Welch won first in the junior dress division, and will model her dress at Wichita Falls, but will not compete. Both girls are from Gilliland and attend Munday High School.

A program was presented by the 4-H girls between the divisions. Narrators were Sherry Cook, Dona Partridge, Wanda Navratil and Junelle Jackson. Stage decorations were done by the Gilliland Home Demonstration Club.

Those who entered skirts in the sub-junior division were Lynda Navratil, Vivian Scott, Beverly Hardin, Norma Jo Navratil, Janice Kuehler, Mary Nell Miller, Jan Browning, Sharyn Burgess, Judy Hardin, Marguerite Nichols, Beth Sokora and Elizabeth Inman. Janice Cook and Carol Jackson had the only two apron entries.

In the junior division party dresses, school dresses and skirts were entered by Wanda Welch, June Fuller, Diana Bruggeman, Paula Horn, Sylvia Kueh-

News From Congress

By Congressman Frank Ikard
The date of the adjournment of this session of Congress continues to be uncertain. It all hinges on what is finally done about the "civil rights" bill. This matter is now pending in the Senate, and it seems that debate there may postpone adjournment indefinitely. Senator Richard Russell of Georgia fired the opening round in the battle when he suggested a National referendum on the civil rights question. While this would be a unique procedure, it would be an excellent way to acquaint the people with the provisions of the bill. There can be little doubt that if the people knew what it

contained, it would not be adopted. The committee on agriculture has held more hearings on cotton prices. The cotton mills are becoming quite insistent that they be given some relief from the present high priced cotton at home and cheap cotton abroad. The committee continues to direct its study in the direction of achieving a competitive position for American cotton in the world market. Last week the committee favorably reported the humane slaughter bill and the bill which would allow farmers to use up to 30 acres of wheat for food and feed with-

out penalty. The president has directed that another study be made of the oil imports question. This matter has been under study for over three years, and it seems it is time to take some positive action to limit imports if the independent industry in this country is not to be driven out of business. Many people think that the oil imports concern only oil producers. Nothing could be further from the truth. Each day the oil wells in Texas are shut down the State of Texas loses millions of dollars in tax revenue. If imports continue to be uncurbed and increase at the rate that they have in the last few months, it will be necessary for our state to seek new sources of revenue. In this way the imports question affects every man, woman and child in Texas. The appropriations bills approved to date by Congress represent a cut of something over four billion dollars in the request originally made by the president. Yet to be considered are several large appropriations. Chances seem to be good that the total reductions will run around five billion dollars.
